Mrs. J Spallin of Edmonton, was a Fort visitor Tuesday

* * *

Abrosman E. M. Voorhees, R.C.-A.F. (W.D.), now stationed at Chorley, was the guest of her sister Mrs. Bruce Morrison for a couple of days this week.

* * *

For agricultural purposes, such as ditching, land clearing drainage, irrigation, and stump blasting, about 1,000,000 pounds of dynamite are used in the United States every year

Eastern Wedding Of Interest Here

CLINE—BRYSON

A wedding of interest to many in the Fort Saskatchewan district took place recently in Hamilton, Ontario, when Marion Victoria, daughter of Mr. and Mrs. Roy Bryson, and Mr. Allan Ray Cline, son of Mrs. B. I. Cline, Edmonton, Alberta, were married by Rev E. Melville Abbott at four o'clock, September 4 in First United Church.

The bride who was given away by her father wore a white classtilly lace over satin, with slight train and veil. Her flower bouquet was of pink Juliet cap, Sweetheart roses, stephanotis and pink gladioli florets formed her bouquet. The maid of honor, Miss Ruth Scherer wore a floor length dress of Bermuda gold crepe with floral headdress and carried her bouquet of gladioli of matching tones. The best man was Mr. Elwood Webb and the ushers were, Mr. Kenneth Enright and Mr. Charlie Ryder.

Pews and candlesticks of variegated shades of gladioli decorated the church. Miss Lillian Ellis sang, "At Dawning" just before the bride entered and "O Promise Me" during the signing of the register. Mr. Harry J. Allen presided at the organ.

For the reception held later at the Scottish Rite Club, decorated for the occasion with gladioli and roses. The mother of the bride received in a floor length gown of platinum grey chiffon with fuchsia accessories and a corsage bouquet of "Better Time" roses. The mother of the groom was in an Alice blue floor length crepe costume with tan and brown accessories and a corsage bouquet of yellow "Better Times".

After the reception the bride and groom left for a wedding trip to Manitoba Lakes. The bride's traveling dress was of blue wool with navy accessories and a corsage bouquet of "Briarcliff" roses.

The bride and groom will make their home after Sept. 10th at 88 Bond Ave., Hamilton.

Out of town guests at the wedding included Mrs. R. I. Cline, Edmonton, parents of the groom; Mrs. Ethel Cline, Pilot Officer Milton W. Baker and Mrs. Baker of Three Rivers, Que., Miss Charlotte Simpson, London, Ontario, and Mr. and Mrs. Chas. A. Simpson, Detroit, Mich.

* * *

A SECRET

Simpson had been an alcoholic for twenty years, but full from the ways of grace. Feeling the need of recognition, he sent the boy for a bottle of whiskey.

"But," said the hotel proprietor, "who is it for?"

"For father," said the boy.

"Somebody's sick? Your father's been a bootlegger for longer years than you've lived."

"Well, at all events, he sent for it".

"What does he want it for?"

"I'll bet you into a nearer," said the boy; "he's going fishing, and he wants the early for a flood."

To Whom It May Concern

Contrary to prevailing rumours, I will continue to serve the general public with Coal and Cartage until further notice.

F. J. ETHERTON

EDMONTON

THE FORT RECORD

STRAIT IS THE GATE..
Rev Elliott H. Birdsell, M.A.

Thanksgiving Day is by act of parliament a holiday, - a day on which no man may legally demand work of another The word, of course, means more than that,— it means holiday, that is a day to abide in this case, for worship and praise and thanksgiving to Almighty God for all his gracious blessings and gifts to our people and to our nation

The act of parliament setting aside this date is not particularly concerned with Christians for it applies as well to Mohammedans, Buddhists, Taoists, and whoever else is in the country on that date Yet we, as Christians, are in the act itself a reason for rejoicing and thanksgiving in contrast to some nations who either ignore or persecute Christians this nation of ours at least provides cessation from work and publicly declares the purpose for which the rest-day is provided. It is to be hoped that our people will respond fittingly to the opportunity given.

To respond fittingly to the act of parliament is hardly enough. We ought, further, to use the occasion to respond to the infinite love of God with praise and acts of thanksgiving. Each of us could write a long list of blessings, but at the end one would probably include these all under two headings: first, the gift of life through the mystery of nature, and, second, the gift of salvation, significant life through Jesus.

In neither case is the gift God's response to any credit balance in our account; but rather a free gift of that which we have neither deserved nor earned. Even those who have kept fewer delights and more of pain than the average are still certain that to have lived is quite a gift beyond price, and if in their distresses they have touched the seamless robe and found the eternal Comforter of life they will join with us all in singing gratitude, praise and thanksgiving to our gracious God for his countless gifts and his infinite love.

Partridge Hill News

L.A.C. Ted Osbaldeston of McLeod, is home on a month's harvest leave.

* * *

George Allen, son of Mr. and Mrs. Cliff Allen has joined the R.C.A.F., and reported for duty today (Oct. 6).

* * *

Gnr. Ched Ryv granted harvest leave until Nov. 11th, received a telegram on Saturday to report to his camp at once.

* * *

Miss Kathleen Lawrence, of the General Hospital staff, spent last week-end at her home here.

* * *

Miss Marguerite Warring of Edmonton, also spent the week-end at her home in the district.

* * *

Rev. and Mrs. H. Wingfield paid a short visit in the community Tuesday evening, after a holiday at the coast.

* * *

Combining in the district is expected to be completed this week. Threshing is about one-third done.

Thanksgiving Day Monday, Oct. 11

Thanksgiving day, Monday, Oct 11, this year, is a statutory holiday and is expected to be widely observed

Dominion government civil servants and bank will take the holiday, one of the few holidays they observe in wartime Most war industries are expected to close

Two Ditty Bags Sent Each Month By Women's Institute

Two Ditty Bags a month have been packed and shipped to Edmonton by the Fort Saskatchewan Women's Institute during the past year

Under the convenorship of Mrs H. Ayre, these bags of comforts are made up here according specifications issued by the Navy League At the present time, scarcity of woolen articles, such as mitts, socks and scuffers is causing the committee some concern.

Citizens finding that they are unable to pack a complete ditty bag, are urged to get in touch with the Ditty Bag committee of the Women's Institute Their contributions towards a ditty bag will be gratefully received.

Possibly a group of people would like to make up a ditty bag, if so, you are advised to get in touch with the W.I., who will be pleased to give you instructions as to packing and shipping.

The appeal is important And it is up to everyone to see that the men who man the ships that carry essential war materials and foodstuffs to our boys "over there" are cared for.

Frank Kuhn Suffers Hand Injury

Frank Kuhn met with a painful accident last Monday morning, when his hand caught in a grain auger while loading grain onto the truck. His left hand was badly mangled, especially part of one finger which will have to be amputated.

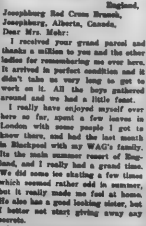
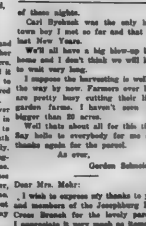
The United Kingdom has an area of 94,399 square miles, with a population of about 47,000,000 Canada has an area of 3,694,800 square miles with a population of 11,419,000.

Thanks Josephburg Red Cross For Parcels



Sgt. Gordon Schneider



AC. Elgin J. Lundy

England,
Josephburg Red Cross Branch,
Josephburg, Alberta, Canada.

Dear Mrs. Mohr:

I received your grand parcel and thanks a million to you and the other ladies for remembering me over here. It arrived in perfect condition and it didn't take so very long to get to work on it. All the boys gathered around and we had a little feast.

I really have enjoyed myself over here so far, spent a few leaves in London with some people I got to know there, and had the last month in Blackpool with my WAG's family. Its the main summer resort of England, and I really had a grand time. We did some ice skating a few times which seemed rather odd in summer, but it really made me feel at home. He also has a good looking sister, but I better not start giving away my secrets.

I'm only about 6 miles away from Elgin Lundy, but haven't had a chance to see him yet. I've been pretty busy and haven't been off the station since I got here and I suppose he's doing the same. It is quite difficult to travel around anyway.

He is expecting leave pretty soon so we'll have a glorious reunion one of these nights.

Carl Bjelland was the only home town boy I met so far and that was last New Years.

We'll all have a big blow-up back home and I don't think we will have to be very "wary" then.

I suppose the harvesting is well on the way by now. Farmers over here are pretty busy cutting their little garden farms. I haven't seen any bigger than 20 acre.

Well thats about all for this time. Say hello to everybody for me and thanks again for the parcel.

As ever,

Gordon Schneider.

Dear Mrs. Mohr:

I wish to express my thanks to you and members of the Josephburg Red Cross Branch for the lovely parcel. I appreciate it very much as items it contained are rather hard to get over here.

I'm enjoying my time over here and find the people very hospitable. I find it very interesting looking over old historic places on my leaves.

Once again I say thank you.

Yours truly,
A.C. Lundy E. J.

Ardrossan Threshing In Final Stage

As one drives along the highway from the city he sees farmers busy cutting grain, threshing, combining, stooking, making hay, while others are digging the vegetable garden. This is sure a mixed farming country

Threshing machines and combines are just humming this fine weather It's certainly a rare change from last year If present weather continues for about two more weeks, threshing will be about cleaned up for the year Good yields throughout the district is report on all grains

* * *

Mr and Mrs. A. Harvey of Brownville and daughter Joan, of the R.C.-A.F. (W.D.), who is home on leave for a few days were dinner guests at the home of Mr and Mrs R J S. Markay

* * *

The community extends a welcome to Mr and Mrs. Purdy and family who have come to reside in Ardrossan district.

* * *

Mr. and Mrs. Joe Walsh spent the week-end at Smeaton Valley.

* * *

Mr. Ivor Griffith of Saskatchewan, spent a day with his parents, Mr. and Mrs A Griffith, while enroute to his new elevator work in Southern Alberta.

* * *

Mrs C. Williams and Mrs. F. Reynolds spent a very busy day in Edmonton, looking after the packing of the Xmas parcels for our boys overseas.

* * *

Mr. and Mrs. R. J. S. Markay had as their guests over the week-end, Cpl. J Carnegie, Cpl. and Mrs. W. Carey, Miss M Kloek of Calgary and Miss Beryl Markay of Edmonton.

* * *

The sympathy of the community is extended to Mr. and Mrs. Albert Fosker in the loss of their little son Donald, and also to the Fosters at Ardrossan, whose Donald spent many happy days.

Gustav Winkelmann Passes Away

On Sunday, Oct. 3, Gustav Winkelmann, an oldtimer of South Edmonton district, passed away at Nisku, at the age of 79 years He is survived by two sons: Reinhold of Seattle, Wash, Gustav of Niskn. Three daughters: Mrs H Mads of Leduc, Mrs J E Mohr, of Warrend, Minn. Mrs Wilhem Lorbeht, of Wisk, one sister: Mrs. F Lade of Hay Lakes, Alberta; also 20 grandchildren and 11 great grandchildren. Funeral arrangements will be announced later.

Sonny: Ma says she could have sobed her shoes with this steak I brought back."

Butcher (incrastically): "Why didn't she?"

Sonny: "Cause she couldn't get the nails through it."

"The Words of Winston Churchill"

A new forceful and interesting radio presentation by Calgary Brewing & Malting Co Ltd., makers of Calgary Ginger Ale.

Featuring
Richard J Needham
Calgary Herald Columnist

Starting over

Sunday Oct. 10 CJCA 9:30 p.m.

LISTEN IN!

"Words of Winston Churchill" New Radio Feature

WHAT makes the words of Winston Churchill famous? Is it the man who utters them, or the times and circumstances in which they are uttered. The clue may be found in both. Churchill is a man of courage and principle, chosen to lead at a time when the world had been brought to the very brink of ruination by lack of courage and lack of principle

Every Sunday evening, commencing October 10th, a series of radio broadcasts will be made at 9 30 p.m., over CJCA, entitled: "THE WORDS OF WINSTON CHURCHILL". Broadcasts feature the well-known columnist and commentator, Richard J. Needham, member of "One Man's Opinion" which appears daily, Monday to Friday, in the Calgary Herald.

In this unique radio feature, sponsored by The Calgary Brewing & Malting Co. Ltd., makers of 'Calgary' Ginger Ale, the most famous utterances of the British Prime Minister will be presented and discussed. They will be discussed as milestones in current history, as symbols of leadership by one of the world's great leaders, as—most important of all, perhaps—as the outward expression of the faith and determination of English-speaking people all over the world.

The "Words Of Winston Churchill" will, therefore, be a series of fifteen broadcasts, starting October 10th, seven crowded years of defeat and victory, and will show the manner in which one man, because he symbolized the tolerances and dignity of his fellow-people, changed the course of history.

"The Major and The Miner" At Sheryl's Shows

"The Major and the Miner" brings Ginger Rogers, Ray Milland, Robert Benchley and Diana Lynn and a swell supporting cast as this week's entertainment at Sheryl's Shows. The plot goes like this: Tired of battling semi-bald wolves who seek other favors than her attention to their shiny pates a pretty country lass decides to give up her attempts to escape pursuing officials she enters the stateroom of an Army major returning to his duties at a military school after attempting transfer to active service Pretending childish confusion she stirs his sympathy, with the result that she is an occupant of the "lower" the next morning when his fiance and her Army General father arrive to take the major from the stalled train

Next Week: Pride of the Yankees. This picture was featured over Lux Theatre Monday night, with the same cast of characters.

CHAPTER No. 5

If the average civilian worked half as hard at learning his trade as the boys in the army do at learning to be soldiers, you would just bet your [illegible] when they [illegible] to civvy street.

The other week we left Nevasta Armouries in really hearty our Army training at No. 131 Canadian Army Basic Training Centre at Canmore.

[illegible] we arrived in the Rocky Mountains of southern Alta. A three months period while they learn the first details of being soldiers is sure a mighty pretty spot and the camp is just as clean and spotless as a new pin.

Quite a gang of us came up here from Calgary and our first sight of the camp was as we trudged up the hill from the gate to the centre.

It was now a sight and they've really done a swell job of building the camp around the fine-looking normal school building which is the headquarters.

The huts are all in neat rows and each has a name of a battle in which the boys from Canada fought in the [illegible] War. The [illegible] one known as Mons.

Right from the start they begin giving us plenty of army training and it is swell—except for the mosquitoes which certainly haunt this part of the country.

Some of the boys claim that a little fellow caught hell for being out on the parade the other morning when it really wasn't his fault at all. They claim he had taken the proper dosage dressing when two mosquitoes had bites and lifted him a foot out of line just as the sergeant was looking his way.

The lad tried to explain but the sergeant would have no part of it until a couple of big stingers caught a hold of him and lifted him about a foot too.

Then—the boys say—believe it or not, the sergeant apologized which is really something.

Tonight my first stretch of fatigue the other morning and got assigned to guard for doing what the corporal said was a right smart job.

They put me to whitewashing the stones which border the lawns and flowerbeds and I more right along on my row of rocks. Wasn't anything new to me because when things were quiet down on the ranch we did the same with the brush whitewashing the corrals and the insides of the [illegible].

IT MAKES YOU TOUGH

If anyone tells you this army life doesn't make you tough you can take it from me they don't know what they are talking about.

Take the "toughening" course they have here.

We took a spell on it the other morning and it's a pip. They have us jumping over high fences, taking a swing across a nice ditch of muddy water on a rope, running up logs and jumping over a pond, climbing up and over various obstacles and finally climbing up ropes stretched 20 feet in the air.

The last was a cinch. I climbed hand over hand up the rope in the same way I used to do after throwing a keep over a yearling we wanted to brand and in no time at all was at the top.

Just to make sure that we're in physical trim they also put us through a whole set of sports events.

This sports program may be a result for some young fellow just out of school where they've had plenty of athletics but for a change like me who would swing onto the saddle to go across the yard it's a little tough.

To start with you've got to run 100 yards in 12 seconds and a mile in 8½ minutes, make a 16 foot broad jump, a 4 foot 6 inch high jump and also a few other such antics if you want to be tops with the sergeant.

I can do it now so I suppose I shouldn't complain. Then too how is the devil are you going to be a fighting soldier if you're not in shape to climax a [illegible] course.

There is one thing up here, though, at which I really shine and it sort of makes me feel mighty proud of them despite what anyone may tell you, as first officers are mighty proud of their boys and will give you a pat on the back if you're doing a good job.

The thing which I do okay is shooting and I just look forward to those periods on the indoor rifle ranges which adjoins the big drill hall here.

Seeing I handled a rifle quite a bit on the ranch I one better than build my own at snap-shooting, rapid fire or anything else and the sarge opines that if I keep it up they'll make me a sniper and I'll get the pick of the platoon to go out and do [illegible] work.

When boy of yours has been gone a long time. He and his fighting comrades are now surging Victory. Help speed that Victory and his return to his place in your heart and home. Every dollar counts. Buy Victory Bonds. Buy them for your absent boy; buy them for your future. *Lend . . .* so ensure the family castle.

A. B. KING, Manager
Fort Saskatchewan Branch

get plenty of training just come up here and take a turn at the course where we learn the 'ins' and 'outs' of bayonet fighting

It isn't a very long stretch—maybe a 100 yards—and when you first take a look at it you figure it'll be plain sailing. But Mister don't be fooled.

After you're come a-crawling under the course in and out of ditches, parrying and thrusting at those dummies, you're quite willing to take a rest while another gang goes to work

There's one thing you can be sure of though, after watching fellows training here—and its just basic training—the average civilian would not have a chance of defending himself in close fighting with even a partially trained soldier.

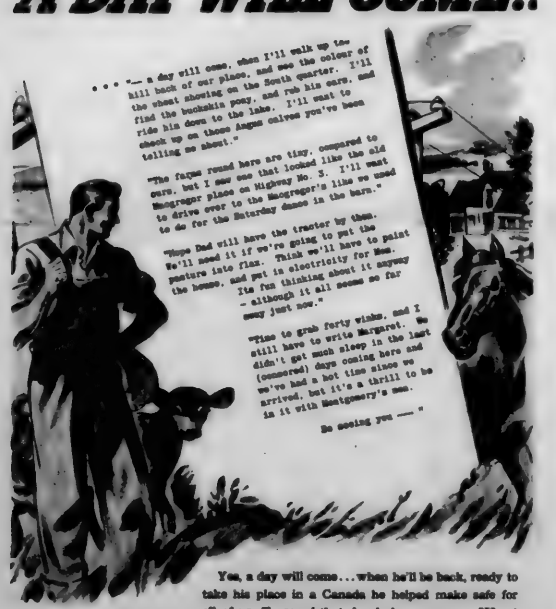
It might be an idea, sometime, if they got out these fellows who don't figure it worthwhile joining the Reserve Army and let them see the difference there is between an untrained fellow just in uniform and another fellow who has completed his two months in basic. I'm telling you it would sure give those civvies about saving their own hides.

about saving their own hides.

(To be continued)

"Two mosquitoes grabbed him and lifted him a foot out of line."

A DAY WILL COME..



". . . a day will come, when I'll walk up the hill back of our place, and see the colour of the wheat showing on the South quarter. I'll fire the buckskin pony, and rub his ears, and ride him down to the lake. I'll cast to catch up on those Angus calves you've been telling me about."

"The fences round here are tiny, compared to ours, but I see now that looked like the old Mangregor place on Highway No. 5. I'll wait to drive over to the Mangregor's like we used to do for the Saturday dance in the barn."

"Hope Dad will have the tractor by then. He'll need it if we're going to put the pasture into flax. Think we'll have to paint the house, and put in electricity for Mom. It's fun thinking about it anyway—although it all seems so far away just now."

"Time to grab forty winks, and I still have to write Margaret. We didn't get much sleep in the last (censored) days coming here and we've had a hot time since we arrived, but it's a thrill to be in it with Montgomery's men.

So seeing you — "

WHAT IS A VICTORY BOND?

A VICTORY BOND is the promise of the Dominion of Canada to repay in cash the face value of the Bond on the date of maturity with half-yearly interest until that time. A Victory Bond is the safest investment in Canada backed by the entire resources of the Dominion. Canada has been issuing bonds for 75 years, and has never failed to pay every dollar of principal and interest when due. A Victory Bond is an asset readily marketable at any time.

Yes, a day will come . . . when he'll be back, ready to take his place in a Canada he helped make safe for all of us. To speed that day is in our power. We at home . . . in factories, in offices, on farms . . . work long hours to hurry it along. We go without, and lend our savings to provide what he needs to win quickly. This is the least that anyone can do. And when that day comes—you'll want to welcome him—and to help him make his hopes come true.

To speed Victory, plan to buy as many Victory Bonds as you can.

A Short Nap May Mean A Long Sleep

Fighters are careful about their sleeping habits. They do not dose while they are facing their opponents, for example. At least most fighters do not. Both box-fighting and wrestling champions are supposed to stay champions because they know it is not safe to relax before the opposition quits or is knocked out.

Supposing the War, propaganda master, Goebbels, handed out a new dish. his theme that Canadian troops were losing interest in the war. Let's say his fancy story ran like this: Canadians in the Navy, the Army and the Air Force are becoming weary, they are [illegible] in getting back home than pressing an attack; their aggressiveness has [illegible]

What would happen to Goebbels, propaganda in this country? Why, in every big and little town people would laugh it down! We would know the story was a pack of lies. Nothing that the German lie-masters invented could destroy our faith in the determination of our men to win, to finish the job well.

But suppose that Goebbels tried his hand at such tactics, in reverse. Let us imagine that he planted the following story among the Canadian troops overseas. the folks back home are becoming weary of the war; production is dropping noticeably in plants throughout the country; absenteeism is growing into a major problem; young and old are spending more money for selfish purposes and are becoming less interested in Victory Loan drives.

Would our men overseas in such a situation have the same confidence in us and the same score of such a rumor-story as we would show against reverse propaganda? We think the answer would be "Yes". We believe that our troops have confidence in the home front. We have given them every reason for such faith in the past years. But if we are to be go to her funeral."

A WEEKLY EDITOR LOOKS AT Ottawa

Written exclusively for the weekly newspapers of Canada

REGINA, Sept. 28.— Taking a week's holiday from the news letter turned out to be a burnham a holiday and I wound up in Regina, Sask., Queen City of the Plains taking in the national convention of the Saskatchewan Division of the Canadian Weekly Newspapers Association

After two days and two nights on the train, Ottawa and the [illegible] of war seemed a remote place that here on the long stretches of flat prairie, with the many-wet acreages, the farmers are garnering a crop which, while it isn't as much [illegible] pared to last year's record bumper, will contribute greatly to feeding the United Nations.

For miles and miles on end one sees threshing rigs going full blast and numerous straw stacks golden reminders that tell a story of nature's gift in fruition On the train which rumbles ceaselessly on, is found part of the public opinion of Canada, and for anyone interested in the dissemination of information here is a foundation of interesting hours to be spent It is on a train too, I think, that some of the mechanics of public opinion is moulded and considerable inter-sectional goodwill is cemented But rumors are also spread, and misinformation is spilled around promiscuously. And it is also where political hash is potted.

More people are travelling than ever before, and more people are learning more about [illegible] than they ever did before I was talking to a western agriculturist who had been down in Quebec taking a holiday. He had probably talked to personable self., but he admitted frankly that the Quebec farmer "was doing a good job" . . . that he was in most cases, and in his own way, really farming better than the westerner had given him credit for. I only mentioned this because it shows what travel and inter-mingling can do for a people.

You run into interesting things on a train alright. I talked with a diplomat's wife who was three weeks away from Stockholm with her two small children and a Norwegian nurse. A high priority got her out of Sweden by plane. Some of her observations I think will record here something that I haven't seen suggested anywhere in the press of Canada or the United States. She had spoken to newspaper people in Stockholm, to people from Germany, who had been in London, in Sweden, to refugees established by the Wartime Press and Information Board and will apply when applies at wholesale and retail

[illegible] crates of apples have been sold by growers on the mass production basis, a discussion, to refugees from occupied Norway, and discussed the [illegible] of Germany that Germans will stop [illegible] out "Norway and the other [illegible] territory are to be a second [illegible] the same [illegible] have been [illegible] military and otherwise This is the "something that I haven't seen even suggested before"

She said conditions in Norway are terrible worse that what you read about There are an average of about forty Norwegians getting out every day to sweden and she has had the opportunity of getting first hand information She confirms of the report that no German troops have moved through sweden for some time, even since the [illegible] government protest [illegible]

People recently from Germany had told her that the city of Hamburg, for instance, was really totally obliterated There is terrific regard there after the big raids that they didn't even try to [illegible] them, and cement flowed down the street like lava Berlin has taken a terrible pasting and [illegible] but her information was that the morale of the German people is not shaken enough for an early collapse

Things back to [illegible] are very serious, there is enough [illegible] enough to subscribe 200% to the National President J. W. Rome of Manitou Manitoba, and the Manager Director Mr. C. Charters of Brampton [illegible], a high note of the convention's weekly papers can make to the winning of victory. Why? Because this is because they merely reflect the opinions of the physical and moral effort of those who read weekly newspapers—the people who live in the areas not classed as urban

The Regnal Leader Post in an editorial today voiced this sentiment aptly and in the following paragraphs of that editorial shamed what the daily newspapers —which means the daily readers too—think of the weekly lies, which—as are mentioned before means you and you, too

"The weekly newspapers constitute the veritable backbone of public information They punch a reading germ that the dailies hardly touch. They enjoy an intimacy of relationship that metropolitan newspapers regard with envy but can scarcely hope to equal because of their much greater and thereby more impersonal circulation."

"When this had been said, let it be quickly added that in this war up to now the weekly newspapers have done a remarkably effective and magnificently unselfish job in supporting the war effort. They have given generously of their time, space and energy and will keep on so doing until this war is won. They are not holding out for more of anything except a greater opportunity of contributing to victory."

Along a similarly serious vein of thought was Premier W. J. Patterson's address to the convention. He asked the newspapermen in their various communities to preach the doctrine of hope and optimism, which must, however, be checked by the prospect of the serious problems which are still facing us. He thought it was up to people to retain their true sense of proportion, not to regard the general outlook from any standpoint of our own personal problems; we should take the broader and national view. He meant we should not miss the forest because of the trees.

SERVICE

QUANTITY OF MONEY

and volume of credit are matters of high national monetary policy.

Canada's Chartered Banks exist to perform two main services:

1. They receive the savings and other funds of the public, who thus build up bank balances in the form of savings and current accounts.

2. They advance money to communities, enterprises and persons to serve their legitimate needs.

Along with these main functions the banks, through more than 5,000 branches and sub-agencies, render a large number of other important services related to local and national needs —services which have greatly increased as a result of the war.

But the quantity of money in existence in the country at any given time, and the volume of credit, are matters of high national monetary policy. The nation's own central bank, the Bank of Canada, determines them. The Bank of Canada makes extensive use of the Chartered Banks' facilities in giving effect to these policies.

The Chartered Banks' responsibility, closely established and regulated by the Bank Act, is in the realm of commercial banking—that is, to receive deposits and to serve the needs of trade and industry.

World of Wheat

By H. G. L. Strange

Trading in the Winnipeg Grain Exchange is suspended, and producers are to be given an initial payment on their wheat of $1.25 a bushel, basis No. 1 Northern in store at Fort William. Participation Certificates will be issued. ($1.25 is almost exactly the 1918-14 basic or "parity" price.)

"This action has been taken" states the Government "because of the abnormal war circumstance surrounding the marketing of Canadian wheat and because of transportational difficulties have interfered with the normal functioning of the Winnipeg market."

If our farmers today are receiving more than the Initial Wheat Board price of $1 a bushel, it is only owing to the fact that the Winnipeg "future" market has been functioning, and has registered a gradually rising price from 90 cents up to $1.23½.

As Mr. Broomhall, one of the world's greatest authorities on wheat marketing, recently said "Canadian farmers will recognize that they are receiving a better wartime price for their wheat mainly because the "futures" market is functioning."

I for one, am certain that as soon as the war is over the suspension of wheat trading will be lifted, so that the "futures" market can continue in the future as it has done in the past to register wheat prices, and to assist in the sale of Canadian wheat on the many markets of the world.

Vol. 11 No. 27 FORT SASKATCHEWAN, ALBERTA, CANADA, WEDNESDAY, OCTOBER 8, 1941 CIRCULATION THIS WEEK 1500

"PILLARS of PEACE"

The first of a series of seven articles by Rev. E. H. Birdsall, discussing the "Pillars of Peace" formulated by a Commission of the Federal Council of Churches of Christ in America. It is suggested that these be preserved and studied

The time has now come for us to think out much more clearly just what kind of peace we want after the victory, and what steps we should take immediately to see that we get what we want. There was efficiency, if not wisdom in justice, in crises of unemployment when we were trying to win the war first and think of other matters later. Now, however, it is neither just nor wise to postpone consideration of what we wish to achieve in addition to what we must defeat. It is as true in the world of affairs as in making sausages that the quality of the product depends upon the [illegible] skill. Good long [illegible] the final product appears. After the sausage is in the casing it is too late to [illegible] how to make sausages or what to put in them. After Bismarck has been accepted as leader of re-belligerent Italy it is too late to decide what shall be our policy with regard to conquered and re-conquered peoples. It is not at all comforting to know that we are now military bed-fellows with people and leaders who dumped peasants graves on helpless Ethiops, even though Badoglio has declared that Italy's future government shall be democratic. If our plans for the peace had been more clearly outlined this confusion would not have arisen to retard the victory.

There are voices, becoming more noisy of late, which declare that Christians, especially organized Christians, should not consider, much less talk about or write about, the bases of peace. We Christians ought (so we are told by these people whose noisiness suggests they are trying to convince themselves) to limit our selves to being inoffensive nobodies in the world so that we may be sure to get to heaven. May we be permitted the impertinence of asking Whose interests would be served in the west by the Church keeping mostly quiet about the moral and spiritual foundations of community, nation and world?

The North American Christian Churches are convinced that group life in this world has laws and Principles as inescapable as laws and principles of gravity and electricity in the realm of matter, and that these laws of society are spiritual laws rooted in the very nature of the universe, indeed, in the heart of God. It is not, therefore, a matter of choice. We MUST, if we are Christians, speak forth the nature of those principles as clearly as we can there, revealing alike the social destruction that must follow if they be broken and the abundant life that accrues to civilization where they are obeyed.

The next six articles will, therefore, set forth "Six Pillars of Peace" as formulated by the commission now [illegible]

SICILY FRONT: ITALIANS SURRENDER IN TENS OF THOUSANDS
Picture from the Sicily front when the mounting total of prisoners of war taken by the Allied forces is well over 75,000 class. A Long column of Italian prisoners waiting to the rear of the Allied line

Airman is Married, Fort Saskatchewan

On Tuesday morning, October 5th, at our Lady of Angels' church, Fort Saskatchewan, the bride was married to Cecile Rocque, daughter of Mrs .Charles Rocque, and the late Mr. Charles Rocque, and Sgt. Allan G. Larose, R.C.A.F., only son of Mr. and Mrs. Joseph C. Larose. Rev. Father Abel Marmuzet, of Edmonton officiated.

Given away by her uncle, Mr. J. Tremblay of Edmonton, the bride wore a coral satin and net floor-length dress, and chapel veil held in place by a circlet of orange flowers. She carried a bouquet of pink and white carnations.

The bridesmaid, Miss Helen Larose, sister of the groom, wore powder-blue with black accessories and a corsage of pink roses. Best man was Mr. Aimer Lapointe.

A wedding reception to immediate relatives was held at the home of the bride. In the evening, friends and young couple from near and far, attended a dance in the Fort Community hall, where a large gathering wished the happy couple well. They were the recipients of many beautiful gifts.

The couple left for Lethbridge, where they will make their home. Sgt. Larose is stationed at Pearce, Alberta.

Mother: "Do you know where bad little girls go?"
Betty: "To Mun, everywhere!"

Overseas Gifts Must Be Mailed Before Nov. 1

A parcel on Christmas Day is worth a couple of parcels the day after. To keep Christmas from being a day of disappointment for Canada's men and women in uniform overseas, the Post Office Department has sent out a few reminders to those at home who will be posting Christmas parcels.

First of all, parcels must be mailed early—before November 1st. Some of the parcels have a long way to go to the seas and shipment of war supplies limits cargo space. If parcels are mailed late, reaching the Post Office on November 1st or after, there may not be any shipping space available and the parcels will be delayed. Post Office authorities say that it is wise to mail early in October to keep away from the deadline rush.

Parcels must not contain jams or syrups unless they are in sealed containers (not glass bottles) with the container surrounded by absorbent material and the whole securely tied in strong corrugated cardboard. Articles that may spoil in transit should never be included and any inflammable substances are strictly prohibited by law. Parcels must be packed compactly in a sturdy box, wrapped in heavy wrapping paper and securely tied with strong cord. Remember—in travelling there may be a ton of weight on the parcels.

The address on parcels must be as complete as possible and written clearly in ink. A return address should be on the cover and a slip enclosed in the parcel bearing the return address as well as the address on the cover. Mailing charges must be prepaid correctly.

The maximum allowed weight is eleven pounds for a parcel going to a man or woman in the armed services but the postal authorities are asking that parcels be lighter and as compact as possible this year, so that the greatest number can be shipped in the space available.

"You're In The Army NOW!"

2nd Batt. Loyal Edmonton Regt. (R).

Monday, October 13, 1941

All ranks will fall in at 6:40 p.m. sharp to attend victory parade in Edmonton. This is a compulsory parade.

Dress: Battle with anklets, skeleton web, small haversack, steel helmet. Rifles and side-arms.

All ranks must attend this parade.

—V—

A father surprised his eleven-year-old with a bike for his birthday. Mother and father watched proudly as the boy rode around and round the block. On his first circuit he called, "Hey, mom, no hands." Going past the second time, he shouted, "Hey, mom, no feet." The third time around, "Hey, mom, no teeth!"

$95,000 Fort Saskatchewan and District Quota; Fifth Victory Bond Campaign Opens Oct. 18

Fort Saskatchewan and District's quota in Canada's Fifth Victory Loan which opens Monday, October 18th, is set at $95,000 The largest amount local canvassers have been asked to raise.

The National quota is the largest ever set, namely one billion, two hundred million. Alberta's quota is thirty-seven million dollars, an increase of four million over the last drive.

Opening of North Alberta's campaign will be marked by a mammoth parade to be held in Edmonton next Monday evening, October 13. The parade will be the largest ever held in Edmonton, according to parade officials. Every Armed Services Unit stationed in Edmonton and vicinity will participate with bands from parts of North Alberta will participate. Large participation is expected from the United States Army Units posted in North Alberta.

Members of the Fort Saskatchewan Red Edmonton Loyal Reserve Batt. will take part in the parade.

One of the most colorful features of the parade will be the floats and color personnel representing Edmonton's various war industries' plants. Numerous other organizations, such as the Boy Scouts, Girl Guides, C.G.I.T., Legion of Frontiersmen, and so on, will also be in full color.

An outstanding feature of the parade will be the United Nations parade of Jeeps. One Jeep will represent each of the 41 United Nations, displaying the nation's colors. Various organizations representing national groups will participate in full measure.

The parade is scheduled to commence at 8:30 p.m. Monday evening, October 13th, and will be broadcast from CJCA.

Dated at the Bank of Commerce Chambers, Edmonton South, Alberta, this 9th day of September, 1941.

D. ROBERTS,
Secretary-Treasurer.

(HAPTER 8

You know, no funny sometimes how you can be around for quite a spell and once something that's going on all the time.

I've been here quite a spell and have won the bugle band and a squad going out to the "Retreat" ceremony but tonight that I got around to taking a look at this nightly performance.

The sun was a-casting long shadows across the lawn in front of the administration building as the band and squad marched up the driveway and halted around the flag pole that is situated at the top of the drive-way.

It was quite a sight seeing that Hindu squad, neatly turned out, on the driveway while in the distance was the town with brilliant sunlight reflected from the rooftops.

Soon the notes of bugle drifted out across the lawn while the squad presented arms and the flag was lowered.

I'm telling you, I'm not sentimental, but there's something in that sort of solemn ceremony that gets your eyes. Now we're back in Calgary again, purely trained soldiers, up at Currie Barracks where they're going to give us the final part of our training before they send us over to where we can get some action.

I thought Cameron was tops as an army camp but brother you've just got to see Currie if you want to really see something . . . flats, white, red roofed buildings surrounding the evvil training square, rows and rows of neat huts, a mighty fine bottle source, and nation all the time.

By the time you hit here they can tell pretty well whether of not you are going to make a real fighting man and I can tell you there isn't a man who wants to let his squad down.

We go over the same kind of an obstacle course here as at home but there's a difference. We used to go over in fatigue outfit before and now we rip over the course with pouch, rifles and other equipment.

We got on a new business the other morning and it's really commencing where team work counts—it's attacking through barbed wire.

"The first man takes a run at the wire and throws himself onto it."

Fun.

I'm right glad I took that little walk to watch the ceremony and because when we have been in platoon should schemes through it. It works something like this. When you get the go ahead sign the first man makes a run at the wire and throws himself onto it bearing down with his body. The next fellow leaps on the first man's back and bears down the rest of the wire and then the rest of the platoon streams across using the first two as a sort of human bridge. I'm telling you its a fine system and when the boys are working together they can go over the wire and be on their way in no time at all.

They put up a stretch of wire in a little combo near the centre and gave us the low-down on how a platoon should advance through it.

They put up a stretch of wire in a little combo near the centre and gave us the low-down on how a platoon should advance through it.

LEARNING SIVER CROSSINGS

Another thing that we are learning is river crossings and I'm just mighty glad that it is summer and the river is a little warmer than it might have been a couple of months back.

This is another of those things where you learn to sort of look after yourself.

We advanced through the bush to the river and then our officer in full kit dived in with a rope around him and—so help me—swam across the river. That was the idea that the enemy might have snipers on the opposite bank.

As soon as he got across—the spot isn't very deep—we rained rifle fire around our necks and followed. While this was going on the boys with the mortars and Bren gun a bunch of trees and made themselves comfy looked with rope lines. Then they put brush over the poles, put the weapons on top with the rafts in front of them headed across the river.

Some of the boys had to come through where it was quite a bit deeper so they wrapped packs and stuff in ground sheets and used the bundle as a sort of raft to make the crossing.

It's really something—this river crossing—even if a fellow does get mighty wet swimming in the billows.

There's one thing about being at Currie and that is that I'm in a prime spot to get home and see the boys and also Miss Edith, the school ma'm whose been writing to me right regular.

I got down on what they call a "duty night" last week end and were the fellow over overdi to me. There just happened to be a dance in the school house and I was never off the dance floor the whole evening and most of the time I was dancing with Miss Edith.

When his getting time to leave the Bren comes over and tells me i don't have to be hurrying as he's going home with the boys in the truck and is leaving the car for me.

I begin to tell him that he doesn't need to do that when he ups and says, "I don't know I have her and just then the sun seems shining over the hill and flicks the softest kind of a glow down and lights up the valley where the deep shadows are still hiding.

We go there for quite a spell more and talk about our getting married and then I take her home.

When I get back to the ranch the boys are all at a late Sunday breakfast and they start right in to kid me about taking so long to come home.

"Fellas," I tell them "I've got kid on all you want but I'm the luckiest guy in the whole darned army, on account of Miss Edith is going to marry me right sudden.

Well, you should see that bunch. They come a whooping in my direction—because we usually back and washing me back.

The boss says that I've got to make arrangements to be married right out at home and he tells me I don't need to worry on account of he will look after everything for me.

After all that I go back to camp feeling right swell and I figure there isn't a luckier soldier in the whole army.

(To be continued)

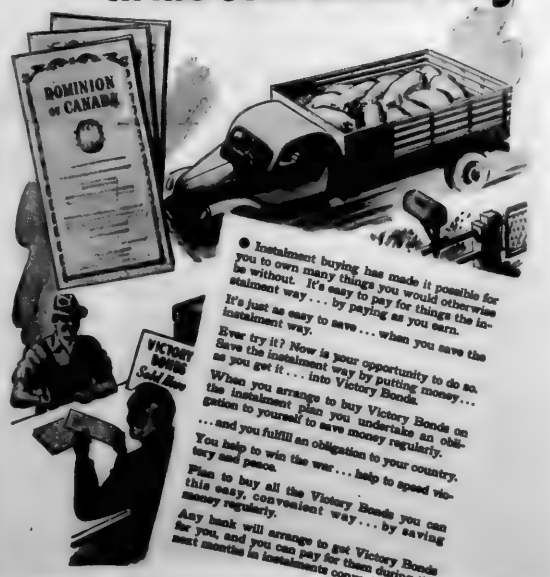
BUY VICTORY BONDS TODAY—NOT NEXT WEEK

An opportunity to *SAVE* money ... the convenient way



● Instalment buying has made it possible for you to own many things you would otherwise be without. It's easy to pay for things the instalment way . . . by paying as you earn.

It's just as easy to save . . . when you save the instalment way.

Ever try it? Now is your opportunity to do so. Save the instalment way by putting money . . . as you get it . . . into Victory Bonds.

When you arrange to buy Victory Bonds on the instalment plan you undertake an obligation to yourself to save money regularly. . . . and you fulfill an obligation to your country.

You help to win the war . . . help to speed victory and peace.

Plan to buy all the Victory Bonds you can this easy, convenient way . . . by saving money regularly.

Any bank will arrange to get Victory Bonds for you, and you can pay for them during the next months in instalments convenient to you.

WHAT IS A VICTORY BOND?

A VICTORY BOND is the promise of the Dominion of Canada to repay in cash the face value of the Bond on the date of maturity with half-yearly interest until that time. A Victory Bond is the safest investment in Canada backed by the entire resources of the Dominion. Canada has been backing bonds for 75 years, and has never failed to pay every dollar of principal and interest when due. A Victory Bond is an asset readily marketable at any time.

Bond Buyers Are Builders

Regular readers of the Press in Canada will have noted by now that the National War Finance Committee is placing a new emphasis on self-interest in the Fifth Victory Loan campaign. This being done of course without discounting the importance of public war bond subscriptions as the quest of Victory.

Honest judgment reveals that most of the bonds since the start of the war have been bought by citizens who figured they could afford them. There may have been many who were not particularly anxious to secure the \$1, interest, but in the main fair to say that these bought in knowledge that they were protecting themselves from the depredations of predatory nations on the loose in Europe and the far east. But at this point in the war when victory seems to be so much nearer and peace time conditions are fixed in many men's and more of us in Canada are realizing the tightly bound relationship between our savings in war years and our well-being in the months and years which follow the day of peace.

Of course, from the very beginning of Canada's program of public borrowing, the Minister of Finance and his colleagues who have been directing the sale of government securities have pointed to war savings as one of the salvations of post-war prosperity. Our manufacturers and other producers of consumer goods will not be able to build up staffs of employees and big payrolls unless the great mass of consumers shall have ready cash to buy what they need and want.

Happily a very large portion of Canadian people have a backlog of these savings, enough to create a tremendous market for post-war goods of all descriptions. But we should not overlook on obvious truism, that the greater the average war savings in Canada the greater will be the post-war market with all its attendant increase in jobs and wages.

Wise Canadians will put every available dollar into Fifth Victory Loan Bonds, not only for their own immediate post-war benefit, but as a good, country-wide co-operative move to ensure a long term period of maximum employment and maximum prosperity.

—V—

Ask Farmers To Take Off-Season Work

Arthur MacNamara, Director of National Selective Service, today announced a campaign to secure the services of farm workers for transfer to essential industries, during the slack season on the farm. The campaign will be carried out by the Department of Labour, in co-operation with the Provincial Departments of Agriculture.

"To a considerable extent", Mr. MacNamara said, "Tool wood cutting and other woods operations have always depended upon the assistance of workers from agriculture during [illegible] months. It is time to secure their production. Similarly, in some parts of the country, coal mining, base metal mining and fish packing establishments have also in the past loaned heavily upon the farmer during his slack season. Due to the war, the large numbers of workers available for these seasonal industries—a feature of the pre-Canadian employment situation—have virtually disappeared. Many have gone into the Forces, while others are now steadily engaged in essential industries. In view of this fact, we must depend to an even larger extent upon securing men from the land while they are not needed at home Reverting due to labour shortages, additional industries now look for men off the land: railway track maintenance and packing plants are among the industries now asking the services of farmers for the Fall and Winter."

Mr. MacNamara said that it was impossible to form a close estimate of the number of farmers sought by industry, but probably it would exceed 150,000 across Canada.

The Department of Labour points out that workers in agriculture who have secured postponement of military training for reasons of their occupation, will be allowed to continue on postponement if they accept approved essential employment during the slack season.

"There is no thought of interfering with farm production", Mr. MacNamara explained. "We do not want men while they are still required on the land for Autumn work, nor do we want to take away from the farm any man who is needed there for year round work. Nevertheless, there is a substantial margin of men who may be spared during the next few months, and these are the men whose services we wish."

The agreements between the Dominion and the Provinces for farm labour recruiting provide that Provincial Field Organizations will assist the Dominion in locating farmers for other essential industries in the off-season, and all the Provincial Organizations have been approached and are co-operating with Selective Service in the present campaign. Also, several hundred local Farm Production Committees, organized by the Provinces have undertaken to participate in the campaign.

—V—

"Dese yo' take this woman for yo, lawfully wedded wife?" asked the colored parson, glancing at the diminutive, watery eyed, bowlegged bridegroom, who stood beside 210 pounds of feminine assurance.

Ah takes nobbie'," responded the bridegroom. "Ah's hain' toohed."

A WEEKLY EDITOR LOOKS AT Ottawa

Written weekly for the weekly newspapers of Canada

Plans are being pushed along for the establishment of five projected [illegible] recreational centres for discharged personnel of the armed forces. According to the Department of Pensions and National Health these centres will prepare those, who are not fully fit, for employment. Centres may be at or near Ottawa, Toronto, Montreal, London, Ontario, and Vancouver. It is hoped to have one ready by next spring. That is planning in the right direction for a problem which must be faced.

• • •

In release, Munitions Minister Howe makes it clear that there was no arbitrary date set before which essential workers could be lighted. He points out that, there should be no misunderstanding, early regional weather conditions can determine the length of hunting season. Besides the preservation of fund, which everyone knows is tied up with our war effort, the authorities are cognizant of the necessity of preserving the peoples' [illegible]

• • •

Don't be discouraged if your Victory Garden didn't turn out so bad," is effort says James Gallagher, head gardener of the Dominion Experimental farm in Ottawa. Which means try again.He points out that fall is the best time to dig the land and by the middle of October all later vegetables should be harvested. Another point he makes is that at this time the land should be covered of refuse and burned.He warns against digging leaves and roots into the ground because they are disease [illegible]

Odds and ends: Field dodders, a [illegible] weed's germination into stuff [illegible] resembling rubber hair, is considered a menace to Canadian farms. Like a vine it coils itself around the nearest stems available. The Dominion Experimental authorities want farmers, where it is practicable, to get advice about it from their nearest experimental farm or agricultural representative, and don't sow clover, alfalfa or flax where dodder is found . . . the Fifth Victory Loan to "Speed the Victory" will have two maturities, one of 5% maturing January 1, 1950, the other at 1½% maturing May 1, 1947, both being dated November 1, 1943; the minimum objective for individuals is $5.25 mill-on dollars, that puts you and you and me in the picture . . . the most complement control order is stabilize A and B labor priorities the "freezing" thing you read about, will not apply to most building and [illegible] projects, only those in high priority work there. Dr. Elsie Gregory [illegible]

• • •

This, I think, needs further publicity: Western Canada farmers wanting to ship feed grain for use on their own farms or for sale to relatives on farms can get their cars through the Canadian Wheat Board Freight assistance and other related subsidy plans may be claimed against such shipments by the purchasing farmer who buys feed grain direct from the western growers' Purchaser gets in touch with Feed Administrator, Dominion Bldg. Offices, Winnipeg.

Is Your Child Undernourished?

You child may not be sick, but unless he or a young, rollicking, romping, growing one—full of activity, energy and life—he is probably undernourished.

Undernourishment does not mean lack of sufficient food. It means lack of certain elements in the food elements that promote energy and growth.

Wampole's Extract of Cod Liver contains those needed elements in the right proportion and it is rich in vitamins "D" the finest known. Vitamin which is so essential for strong bones and sound fine teeth.

Losses With Malting Barley

There is a nice premium to be obtained by farmers that is eligible for the malting grades. Samples of barleys submitted by farmers to Elevator Companies who pay the premium.

Some lots are accepted, but many other lots unfortunately are turned down because of admixtures of varieties of barleys which are not suitable for malting.

Oftentimes, too, it is found that otherwise good malting barleys have to be turned down because of too close threshing which again unfits the barley for good malt.

For a number of years I endeavoured to grow barley for the malsters. I had some success and many disappointments. Some things I found out had to be done. One is to be particular save with each operation, starting with the use of good registered seed, sown on clean summerfallow if possible; then to watch each step of the management of the crop so that no other variation of barley would be present in the grain, to watch too that the kernel is not damaged in threshing. Finally, I found, should be cupped to avoid discoloration of the barley; and the cup removed, threshed separately for that grain. The purchase of some good Registered seed of a malting variety is, however, the first step of all.

"The Pride of the Yankees" At Sherry's Shows

Whether you like baseball or not—you'll certainly enjoy "Pride of the Yankees"—this week's presentation at Sherry's Shows. Starring Gary Cooper, Teresa Wright, Babe Ruth, Walter Brennan, and a host of other movie stars, "Pride of the Yankees" is one of the best pictures to be shown here. The story goes like this: A schoolboy pleads his way into participation in a back lot ball game and smacks the ball through the neighborhood grocer's window. Admonished by his mother to expend his every effort in becoming an engineer, he gives up his dream of baseball fame. While working his way through college, where his mother is employed as a cook, he spends his spare time on the ball field where his uncanny ability to smack the "apple" and dozens of baseball hurlers over the fence attracts the attention of big league scouts. Sticking to his promise to his mother he refuses all offers until her usual of medical attention demands money; accepts the family means and he joins with the New York Yankees. Baseball is demeaner, lasting in poise and sparing with conversation, he conceals his pride in his association with the diamond greats who have been his idols and his advent with the team is successful. At a hospital in [illegible], where the famous Babe Ruth is campaigning a benefit for a crippled kiddie, the gangling Gehrig spends some time, after the others have left, attempting to cheer the crippled lad and winds up a victim of his own enthusiasm when the youngster commands a promise for two home runs in a World Series game by citing Lou's own words that "anything is possible if you try hard enough." The two honors bring national fame and the girl of his dreams who, together with the pecans he relishes and his beloved baseball, fill his life completely. Years later, incensed with the pain of an incurable disease, he is forced to retire from baseball and the end finds him despondently passing off the field to the arms of his understanding wife after having received the highest tribute possible from players and fans.

Next Week: "The Amazing Mr. [illegible]"

Local News

Following a funeral service at the home of Mr. and Mrs. Earl Henderson at 2.30 p.m. on Tuesday, October 12, their infant daughter, Myrtle, 7 months old, was buried in the Fort Saskatchewan cemetery.

LAC. Leland Willeton of Cheshaw, New Brunswick, was a recent visitor at the home of Mr. and Mrs. A. A. Willeton.

L.S.A. Bud Willeton of Edmonton, visited at the home of his parents, Mr. and Mrs. A. A. Willeton last week.

Miss Marguerite Warring, Miss Francis Reeves and Miss Rose Bowes of Edmonton, spent the long week-end at the home of Mr. and Mrs. R. M. Warring.

Miss Joan Foster left on Friday for Red Deer, after Mrs. Foster returned from a visit with Lolita there.

Mr. Chas. Galloway has returned home after the hospital, where he underwent an operation.

George McGhie is operating a new Massey-Harris tractor this week.

Mrs. Penny Gallaway is convalescing at her home here, after being a patient in an Edmonton hospital.

Threshing in the district is pretty well cleaned up, with only the odd farm still with grain in the fields. Farmers are now turning their attention to needed repairs before winter sets in.

A. B. King and Miss Jennifer King spent the week-end in Okotoks and Calgary visiting old friends.

Mrs. I. Hatton and son left Tuesday for Edmonton, where they will make their future home.

Mrs. Jack Hatton and children have taken up residence in the Hatton house.

A. B. King attended a Conference of Royal Bank Managers in Edmonton, Wednesday. The meeting was presided over by Mr. J. Muir, of Montreal, Assistant General Manager of the Bank.

Get the habit of reading in the news from your district.

ARDROSSAN NEWS

Harvest fields are being cleared away rapidly, an splendid harvesting weather continues. The potato crop is also pretty well cleaned up.

Best wishes are extended to Mrs. H. Hanlon Sr., (Granny Hanlon), who celebrated her 80th birthday, on Thursday, Oct. 7th.

An Ardrossan pig which fancies milk, was the cause of much excitement in Clover Bar district recently It all started as local farmers were bringing their cows home from summer pasture. Mr. Pig, thought he would meet the herd on the road home, and got a good drink of milk However, after being chased by a score or more people for a couple of hours, he was finally caught and taken back home in his owner's car, very much the worse for wear, and minus the drink.

Numerous game hunters are seen around the district these days. "Wonder where they get their shells?"

Mr. & Mrs. Fred Williams Fultonvale Residents Celebrate Anniversary

School opening found Mrs. E. Kray, on the job in the Sutour room, with Miss Geary taking charge of the Juniors. Our genial friend, Mr. Jack Porter, driving the school van, and just as popular as ever with all the passengers - the young people from Mundith and district A good combination as reported

Recently twenty parcels were sent overseas to boys and girls from Fultonvale and Colchester. Mr Mc-Whister and committee wish to thank all those who attended the barn dance and dance, who donated to the fund Also Mr Jack Portas and Mr. Jack Lang for live stock put up for auction. Altogether the committee gathered one hundred and eleven dollars. Those in charge of the dance: Mr. and Mrs. G. McWhirter, Mr. and Mrs. Barney Murphy; Mrs. L. Holland; Mrs. J. Portas; Mrs. R. Fennell; Mrs. Henry Scutter; Ben fire made by Charlie Ott and Dick Gehr. The paved committee: Mrs. L. Holland; Mrs. E. Taylor and Mr. McWhirter.

The ladies' Goodwill Club are sponsoring a bazaar towards the end of November. Will all members try to attend the next meeting, on Nov. 10th, at the home of Mrs. Spitzer, to help arrange for the event. Members are also urged to turn in all sewing and donations for the bazaar.

Pte. Clarence Traeder has been home on leave and we had the pleasure of meeting his bride. We wish Mr. and Mrs. Traeder much happiness and hope to have them in Fultonvale permanently when the war is over.

Frank Bayes is working in the city.

Miss Carol Williams is attending school in Edmonton.

On Sunday afternoon Mr. and Mrs. Fred Williams celebrated their twentieth wedding anniversary with a dinner party of friends and relatives. Mr. Williams is one of Fultonvale's earliest settlers and the community extends to the honored couple congratulations and their happy occasion.

No Holiday November 11

Provincial government offices will be closed Nov. 11, Remembrance day, but it is up to other individuals to whether they observe the day as a holiday, it was announced in Edmonton this week.

According to the Interpretation act in the Alberta statutes, Armistice day is listed as a statutory holiday and as such must be observed by provincial government offices.

Since the dominion government has abandoned certain holidays, the Alberta government is not enforcing its statute. It will be left to employers to either observe the holiday or continue business that day.

Local Boys Leave for B.C.

LAC. Bill Walton and LAC. Jack McLean, of Fort Saskatchewan, left Saturday morning for Abbotsford, B.C., after spending a short leave at their respective homes here. Both boys passed the military training basis in Edmonton, and are now on the second leg of their pilot training course.

Jack and Bill went through Fort High, and were keenly interested in sports, and other school activities. During the last year, both were members of the 2nd Edmonton Bell. (Reserves) band unit of Fort Saskatchewan.

ONE IN EVERY GANG

The sergeant strode into the squadroom. "All right you next! hazy apes, fall out!" he exclaimed.

The soldiers grabbed their hats and swarmed out—all but one who continued to lie on his bunk blowing smoke rings.

"Well!" roared the sarge.

"Well," answered the private. "There were a lot of them, weren't there?"

Mansfield School Wins Softball Encounter

Mansfield school whose teacher this year is Bert Frey an ex-pupil of Josephburg, challenged a junior team to a game of softball and, (we blush to admit it) trimmed us to the tune of 22-16. We hope to have our revenge in the near future.

Partridge Hill News

L.S.C. Vernon Osbaldeston of Melville, is home on harvest leave.

Private Emil Allen returned to Dundurn, Sask., last Tuesday after a 4-day leave spent here.

Miss Rene Gordon spent last week-end at her home here. She had as her guest, Miss Carol Shannon of Edmonton.

Cpl. Hazel Colbourne, of Clarebolt, is home on a 5-weeks sick leave.

The community was saddened by the news received by Mrs. Mary Ryz that her son Sig. Earl Ryz, was killed in action in Italy on Oct. 6th. We extend to Mrs. Ryz and family our deepest sympathy.

When In Town Purchase Your Victory Bond

Because of the unfortunate break in the weather, it is difficult to get the Victory Loan canvass under way in the rural districts it is now plain that it will be a very difficult matter to cover the canvassing districts thoroughly. A good start has been made in the canvass of the town and district centre along the line, and of and adjacent to main highways, but the dirt roads, as everybody knows, are in very bad condition now. We would like, therefore, to suggest to everyone in the country districts that they assist the Salesmen and the Victory Loan Committee as far as possible by bringing in their own subscriptions. Go to your local salesman or, if you are shopping in your local centre of Bruderheim, Fort Saskatchewan or Gibbons as the case may be, leave your subscriptions with the Canvasser's Committee before you go home. You will save him possibly many hard miles of driving, as well as saving gasoline and time.

"You're In The Army NOW!"

Sixteen members of the 2nd Edmonton Batt. (Reserve) local unit turned up for parade Monday night, despite a light shower of rain. Trucks from the city came down to convey the Unit to Edmonton, where they were scheduled to take part in the huge Victory Loan parade. However, officials cancelled the parade in the meantime, as the trucks went back to the city, and these members who turned up, were dismissed after answering roll call.

Announcements over the radio to the effect that the parade was called off, no doubt accounted for the small attendance at local unit headquarters.

Josephburg Farmers Await Good Threshing Weather

Once more we seize the rusty pen in order to keep the name of Josephburg on the map. Much water has flowed under the bridge since last we scooped to fill our vanished columns, but here goes for re-launching our frail bark.

The weather—fruitful topic for unfertile minds—has not favored their sorrow of Alberta of late. We had grown so used to perfect Indian Summer conditions that we felt quite hurt when a whole day's rain affliction ably checked our Fall activities.

This was on Monday of last week. The next seven days were required to repair the damage and by the following Monday the sun had set to go once more. The weather prophet decided otherwise and once more we must be content to nool our hands for a space.

Threshing and combining are both well ahead of schedule but much remains yet to be done. The ground is in perfect condition for Fall work but even here, due to labor shortage, not much can be attempted. Feed prospects are also badly affected by the fact they were thin time last year.

School has re-opened with short the same population as usual. Lee Piercy continues in charge of the Senior Room and Miss Wilmer Reid at Lodge assumes the room formerly held by Miss Jones who is attending University.

Immense improvements have been made by lowering the floor and generally re-modelling the interior of our basement. This basement now has real ceremonial value.

Considering the difficulties under which all such improvements and labor, our Divisional Board is to be congratulated on the success attended by their efforts.

As the fortunate possessor of a new fuit but remarked:

"It was a fait long wanted and I want long fait'.

All-at Thomas is to be congratulated upon his commodious new general store in our burg. The old building, which had given many years of faithful service, was loosened from its moorings, the more modern Pool Room and Barber shop occupied its site and a full basement below it was dedicated to Pool while the upstairs became the store.

Our old friend, George Wabb, who has occupied the position of Section Foreman for many years, has accepted war work. His family has removed to the Fort and Mr. Shrubsole, formerly Foreman at Two Hills, has taken his place. He brings with him three gifted children, one of whom is taking Grade XII at the Fort and the other two are pupils of the local school. We welcome them to our midst.

We have been validly milking the air in the hopes of detecting the aroma of Chicken suppers. But so far the ladies of the Reformed Church have given us no encouragement. With chicken prices sky-high, it would be necessary to heavily increase the price of admission. Beaver Hills United Church is inclined to follow the same lead.

Pleasant View School has been closed down temporarily due to lack of school population. The few pupils who would have attended are being transported to the Fort. Rudolph Rippel has undertaken the task of school van-man in this connection.

Josephburg Red Cross Packed Xmas Parcels For Boys Overseas

Josephburg Reformed Church Red Cross Unit met at the home of Mrs. Ed Gehr for the purpose of packing Christmas parcels to be sent to our boys over yonder. A very substantial donation was made upon this important task.

Equalization Payments on Oats and Barley

Oats and barley must still be sold from country elevators basis regular market values, which do not include the advance equalization payment being paid to producers of these grains. These instructions from the Canadian Wheat Board are issued to elevator companies in order to permit the sale of these grains for export at the previous price levels.

A producer with a delivery permit book and who has delivered oats or barely since July 31st may purchase similar grade from the elevator but will be required to pay for it at the regular market values and refund, on request, equalization payment received from the sale of similar grain to the elevator. If a producer purchases more oats or barley than he delivers then the amount purchased in excess of the amount delivered can be obtained without refunding the equalization payment. This statement from the Board applies only when oats or barley are purchased from an elevator.

To date no instructions have been issued that made payable the sale of grain from farm to farm. It is expected that grain, in dealings of this nature, will sell at the market price plus an amount equal to the equalization payment. Those higher valued feeds will have commodities bearing on live stock production programs of farmers with delivery permit books for oats and barley. The equalization payment is not likely to distort live stock production plans of feeders, who normally purchase their barley and oat requirements from licensed dealers.

Reserve Parade Friday

2nd Batt., Loyal Edmonton Regt. (Reserve), will parade Friday, Oct. 22, 1943.

All rank will fall in at 6:40 p.m. sharp to attend the victory parade in Edmonton. This is a compulsory parade.

Dress: Battle with anklets, shelton web, steel helmets. Rifles and side-arms.

All ranks are expected to attend this parade.

C.G.I.T. Announce New Books Arrive

The new C.G.I.T. library has arrived and it contains the best selection of good reading we've had yet. It includes "Gone With the Wind", by Margret Mitchel; "White Banners", by Lloyd C. Douglas and "Gap in the Curtain" by John Barlow. These are only a few of the excellent fiction. Good books in the line of travel, non-fiction and current affairs are also obtainable

Remember twenty-five cents makes you a member for a year with all these books at your disposal. The library is open from 7.30 to 8.30 p.m. Monday, Wednesday and Friday, of each week in the Community Hall.

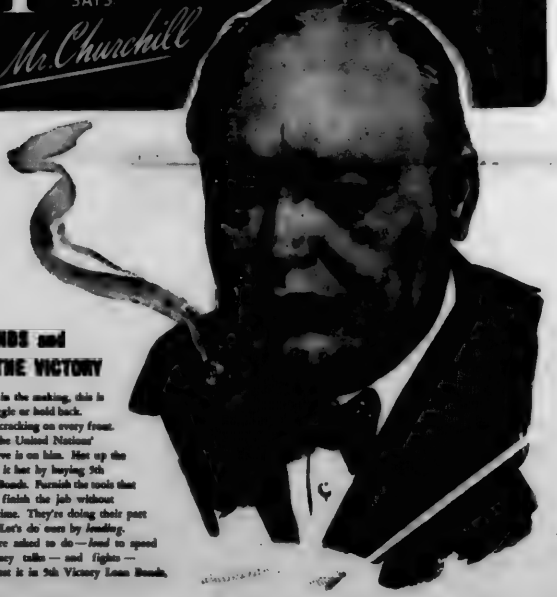
They're Giving Their All — You Are Asked Only To Lend!

"Hot up the Fire!"

SAYS

Mr. Churchill



BUY BONDS and SPEED THE VICTORY

With Victory in the making, this is no time to haggle or hold back. The enemy is cracking on every front. The best of the United Nations' all-out offensive is on him. Hot up the fire and keep it hot by buying 5th Victory Loan Bonds. Furnish the tools that our men may finish the job without working overtime. They're doing their part by fighting. Let's do ours by *lending*. That's all we're asked to do—*lend* to speed Victory. Money talks — and fights — when you invest it in 5th Victory Loan Bonds.

A WEEKLY EDITOR LOOKS AT Ottawa

Written specially for the weekly newspapers of Canada

Capital chit-chat. There are 13,125 bicycles licensed in Ottawa and among the handle-bar riders are Air Marshal "Billy" Bishop, V.C., and members of the Russian Legation . . . Adding to the Hall of Fame in the main central corridor of the Parliament buildings are new busts busts of Sir Wilfrid Laurier and Sir Robert Borden—Some of the refunds to persons who have overpaid income tax are already going out, but some will take time, palpably because each one one of the 1,500,000 tax forms has to be scanned and that's some job.

• • •

Among the famous stars who will be heard via the airwaves during the V-Victory Loan campaign, according to Ottawa headquarters, will be Canadian-born Walter Pigeon, James Cagney and Norma Shearer; also Barbara Stanwyck, Jeanne Dragonette, Oscar Levant and others. The St. Croix destroyer disaster brings forcibly to mind that all Canada has got to take a realistic view of this war; that the end is a long way off; and that while the boys over there are "giving" we are only asked to "lend". Gosh, our kids over there are giving plenty and not calling it [illegible]

• • •

As wages paid to hired farm help goes up, an interesting recap of the Canadian situation comes to us. When the employer provided for the hired man the average wage for help by the days was $2.31 in 1942 and $2.50 the year before. "No board" in 1942 brought $4.74 as against $3.15 the year before. Wages for day help were highest in Ontario, but all provinces showed an "up". By the month average with board was $61.36 at August 15, 1942 as against $46.82 same date last year Current rate of wages for farm help more than double that paid in 1940.

• • •

When the federal minister of agriculture [illegible] to refuse [illegible] marketing unfinished cattle during the fall months this year, it was because the exported hog output for the next few months would probably overtax slaughtering facilities. Besides they claim it an uneconomic practice when there is feed available in the country. Hog marketing will see new records this fall, while it is [illegible] the Nine. 8 months of 1942, beef carcasses dressed an average of 20 pounds heavier than in [illegible] The [illegible] 317

• • •

A few agricultural notes. Feeding tests at Brandon, Manitoba, show that millet mixed with other grain rations is ideal for market hogs feeding. It almost equals barley pound for pound in a mixture . . . research brings out some uncommon stuff; for instance it is reported there were 68,400 fibres per square inch on the skin of a highly bred Merino sheep, even tho' only 1¼ per cent of the skin area is occupied by wool fibres . . . better breeding, proper care and feeding of the animals, mean more fibres.

• • •

Designed to iron out some of the [illegible] and [illegible] [illegible] [illegible]

United Church W.A. Show & Variety Concert Friday, Oct. 29

United Church W.A. are making preparations for a movie picture show and variety concert on Friday, Oct. 29 Mr and Mrs. H Brown, of the Extension Dept of the University of Alberta, and three supporting artists from Edmonton, heads the program.

Last June a large crowd attended ideally under the doctor's care.

a similar affair in the community hall, which proved very successful.

Arrangements under way by the W.A. point to another pleasant evening in store for people of the town and district.

—V—

East Edmonton Notes

Mrs. Stainbrook has returned to her home here from an Edmonton hospital, after having an operation. She is reported to be coming along well.

The British Ministry of Health is building 2,000 farm cottages, two of which are now ready for occupancy. The £2.50 per week rent which workers will pay for these cottages includes water and light.

Monday's Rain Delays Harvesting Operations

Rain early Monday morning, forestalled any hopes of continuing threshing this week. Coming after a "drying" week-end, Monday's showers, has more than dampened the prospects of all farms being cleared of grain this year. Some farmers threshed Sunday, but in most cases, operations were resumed for an early start Monday morning.

Snow was reported in several parts of the province.

Green and Standhill Cranes are seen winging their way South, an outdoor weather bits the North.

—V—

Friends Shower Bride-of-Month Miss Doreen Mooz

Last Thursday evening, Oct. 14, Mrs. Harry Goef and Mrs. Art Hansen were hostesses at a shower at the home of the latter, in honor of Miss Doree Mooz, who is a bride bevts, will have their shower later on of the month. About 19 ladies were in the month when the young bride are present.

During the evening many lovely gifts were presented to a dainty little maid baby carriage to the guest of of honor. Miss Mooz in a few words thanked those for the many fine presents.

A delicious lunch brought a most pleasant evening to a close.

—V—

Junior Stock and Crop Clubs Have Successful Season

The boys' and girls' live stock and crop clubs that operate under the direction of The Department of Agriculture, are now approaching the end of an unusually successful season's activities in spite of handicaps imposed by wartime conditions.

Good feeding clubs in particular have enjoyed a splendid season, their years of work counting to a large extent some of the best exhibits at finished calves ever shown at the club fairs, while prizes realized at the sales on the whole were very satisfactory indeed. Most of the dairy clubs have now had their fairs and the larger attendance at these shows is evidence of a growing local interest in good dairy stock. Achievement Days for the various clubs are in progress and will continue through October. Because of the shortage of farm labor during the busy fall months, stock dances at these swine shows has been much reduced in the past couple of years. The poultry clubs, which are a comparatively new venture in Alberta, will have their shows later on in the month when the young birds are more fully developed. Fears of the junior crop clubs are not for the completion of November after plots are harvested and crops threshed. A complete schedule of these crop clubs will be published later. The winter months are a planning and a reorganizing period for much of the junior club work.

—V—

News budgets from district correspondents, have fallen down badly this week, due no doubt to lack of activities on account of inclement weather. Local news has also hit a new low, due to the same cause.

Page from a Primer

Q.—What is the Fifth Victory Loan?

A.—It is another opportunity for Canadians to put their money into the fight for Victory.

Q.—How will my money help win Victory?

A.—It will supply the vital weapons of war needed by our troops overseas.

Q.—How will I benefit personally?

A.—You will be saving your money (with interest) for the post-war period when you may need it more.

Q.—How much should I spend on bonds this time?

A.—At least as much as last time. Every cent you can possibly spare—and a little more.

This advertisement contributed to the Fifth Victory Loan Campaign by Dominion Textile Co. Ltd., Montreal.

Recommending A High Grade Of Insurance

The following editorial appearing in "One Small Voice" by John Asman in the New York Sun, is timely and may clear the haze from many prospective buyers of Canada's Fifth Victory Loan.

It may seem strange that we have to keep reminding ourselves to buy War Bonds, but that's the way we are built. We know it is a necessity. On that point Oliver Wendell Holmes, about a century ago, quoted in "The Autocrat of the Breakfast Table" the "epicurean paradox" uttered by his friend the Rector Ann John Lothrop Motley, to wit:

"Give us the luxuries of life and we will dispense with its necessaries."

That was all in fun. But this is no time for fooling. We—not some of us, but all of us—must keep buying War Bonds and we must do it now. We can't put off until tomorrow what we should do today. There certainly will be no tomorrow for us—no tomorrow in which we could live—unless we win this war and win it decisively. And the only way in which we can win it is to pour our money, through War Bonds, into guns, planes, ships, ammunition and food and equipment for the men in our fighting forces.

It is doubtful that there is a family or a single citizen of this country without a relative, a close friend of a former next neighbor in the Army, the Navy, the Marines or the Coast Guard. These men—and women, too—are giving everything. Many of them face great hardships—not tomorrow, but now, this very minute. Some have been killed, wounded or captured. More will be killed, wounded or captured. The faster we buy War Bonds, the sooner we shall achieve victory and halt the horrible wastage of war. We can't afford to send out these fighting forces and then abandon them. If they lose, we are lost.

The Selfish View

Let's take a selfish view of the whole matter. Do you own a house? Have you some books you cherish? Do you smoke a pipe and lean to a favorite brand of tobacco?. Until the gas ran short, were you accustomed to driving a car? Do you like good food? Do you own a few cows or some chickens? Do you have a garden? Do you care about your own life?

Well, there are millions of men and women who had these things and have them no longer. Their houses were destroyed. Their cows and chickens were stolen. Their cars were taken away. Their books were scattered and their luxuries were looted. Untold thousands of them lost their lives after they were robbed of all their possessions. Old men, old women and small children perished miserably of exposure and starvation. Devastated regions—and prison camps—are filled with desolate survivors.

You don't want that—or any part of that—to happen here. You want to keep your home, your books, your cows, your chickens, your car or whatever possessions you may have. You want to save your life and the lives of every one in your family. So do we all. Even if we ignore Right and Wrong and Duty and Honor and stick to the selfish view, the solution is just the same: Buy War Bonds. It is not only the easiest way but the only way in which to protect our selfish interests.

The Best Investment

It's a mistake to speak or write of "making sacrifices" to buy War Bonds. It's no sacrifice. At the moment, it's the best investment in the world. It's nice to have a few shares of stock in corporations with long records for the paying of dividends. It's good to have a savings bank account, too. Real estate has its value.

But the worth of all these things in any country rests upon the safety of that country. The earlier War Bonds that you bought and those that you buy now are what underlie all other material values in this country. If these bonds are no good then your money is no good—and your life won't be worth much, either.

We know all these things, but occasionally we forget them and it's necessary to keep reminding ourselves. If it sometimes seems that the shouting about it is a little annoying, a little loud, remember that not the loudest about can wake the dead who went out with our fighting forces. When we buy bonds we are saving lives. When we buy bonds we are getting insurance against slaughter or slavery. When we buy bonds we are registering our determination that the United States of America shall remain free and "government of the people, by the people and for the people shall not perish from the earth."

—Reprinted from The Budget.

It Never Fails To Happen

The pastor of they fort was heard from the head of the stairs. The proud mother raised her head, warning the members of the bridge club to be silent.

"Hush," she said softly, "the children are going to deliver their prenight message. It always gives me a feeling of reverence to hear them. Listen!"

"Mama," came the message in a shrill whisper, "Willie found a bedbug."

"PILLARS of PEACE"

The second in a series of seven addresses by Rev E. H. Birdsall, discussing the "Pillars of Peace" formulated by a Commission of The Federal Council of Churches of Christ in America. It is suggested that these be preserved and studied together

FIRST PILLAR

"The peace must provide the political framework for a continuing collaboration of the United Nations, on the source, of control and enemy nations."

Facts have great difficulty establishing themselves in the world. When first they appear no one is aware of them For years, very often, they continue to exist and to have their influence on the course of history with out people recognising that those facts exist. Then a few of the more sensitive minds detect the facts and introduce them to the world. As soon as that has happened there is every warfare between man and the facts. Man will kill off those who first detected the facts, will set up pressures for anyone mentioning the facts; will even divide into two camps and of World history began, for it became then possible (though the full details had yet to be worked out) for any resources anywhere in the world to be made into consumers goods and delivered to every home in the world The fact born in that year could be briefly stated that the world as one

Ever since its birth man has been at war with that fact. Hatred of the fact of the concepts in the attempt to destroy Jesus was mild in comparison to the contagious murder of men and women and children in the attempt to destroy that fact destroy man and his property in untold quantities rather than admit the existence of the facts.

Meanwhile, however, at an increasing pace, the facts are at work determining the course of history and entrenching themselves in the minds of men on both sides of every dispute. Very often it takes a war to reduce man's arrogance and haughtiness to the place where he will shake hands with important facts.

One important fact has been in existence ever since steam power was first put to work (i.e. about 175 years ago). At that moment a new era of history,—indeed the beginning the world is one. But the fact has been gaining recognition at increasing speed. Indeed man's most violent attacks seem only to establish it more firmly in more places and in more minds.

Now, in 1945, at long last, man is willing to admit to himself and to his neighbors the world is one. But still, in 1945, we are not willing to accept the consequences of that fact In other words while we admit the fact, we emotionally prefer to arrange our private and national life as if the fact had not been born yet is still more practical terms, we are only beginning to see the necessity of a political framework through which we can deal with the fact that the world is one.

Actually, under the storms of necessity, we have the beginnings of such a framework Certain utopians once dreamed we could learn with all the world included. So heartily did they believe in their dream that when all could not be included at the beginning these dreamers refused to take part and opened the doors to World War II. We do not need to make that mistake again. We can begin with what we have—the political collaboration of the united Nations We must see this, not as a power block with which to frighten the rest of the world, but as the beginning of the world framework in which the kind of thing we are now doing together in the United Nations will expand as soon as possible to include many more functions and all nations

Finally, it is urgent that we, the public, keep on tirelessly letting it be known in every possible way that that is what we expect from the peace If we fail to do it, the noisy people who are still at war with the fact that the world is one will cheat us out of what is being won at such great cost, and then we would all be on the way to World War III.

Hog Producers Must Net $20 Per Carcass

Hog producers must net $20 per hundred pounds for their hog carcasses on Alberta markets if they are to continue helping in the important job of supplying Britain with bacon.

Increases in prices of beef cattle and sheep and lambs must be in relation to recent rises in current higher feeding and other costs.

High labor costs and scarcity of labor contribute to this, but the deciding factor has been the increase in prices of both wheat and coarse grains, and the prospective high price and keen demand for seed oats and barley.

These opinions were recorded at a meeting held at Red Deer last week-end, called by the Alberta Federation of Agriculture, and attended by officials of five trash shipping association and members of the Alberta Livestock Co-operative, representing producers of between 30 and 40 per cent of the total provincial hog kill.

After studying the situation created by a serious shortage of packing house labor, the meeting took the position that any losses to producers through this should be borne by the Canadian Meat Board, and a temporary entry into the United States for lambs and hogs, backed-up from slaughter by the packing house situation, was urged.

Resolutions adopted at the meeting have been forwarded by the Federation to the Prime Minister and the Minister of Agriculture at Ottawa.

A resolution from the Alberta Livestock Co-operative Limited, endorsing the situation very closely was also sent last week.

CHAPTER No. 7

I'm right too because the day after I got back the captain calls me in and tells me that he has recommended me for promotion to lance-corporal.

That one stripe just adds to everything else to make me the happiest guy in Currie—even if there are hundreds of fellows up there.

I guess I show it too, because the boys are always kidding me about looking like the cat that has eaten the canary.

I'd never have believed that I'd kind of like the army. And believe me, and I'm not mad at doing considerable travelling but here we are headed for a spot the boys call 'tormented pass' and in the first time since I was a nipper pulling weeds.

Of course there is a reason for it this time. I think about the last couple of weeks and what is standing up to the future I can't help but make plans for the wedding.

The boys are going to do my share to bustle the day when we can get those Nazis and Fascists and those little yellow tramps outpaced.

Well, the next day is the wedding day and I can't sleep all night for sort of worrying about it all.

I get up before the sun is up and put on an old pair of boots and trousers that I'd left in the bunkhouse figuring I'll go down to the corral and borrow somebody's pony and ride a spell.

You can figure I'm pleased when I find my old paint pony at the gate and my own saddle and bridle hanging on the top bar of the fence.

The little ole pony hasn't forgotten me at all and he seems plumb pleased to see me home again.

I saddle up and we start meandering up the valley.

We come to a hillside just as the sun comes over the brush on a nearby knoll and right off I remember that it was on this very same hill that I fight and the mighty big need for was sitting astride bob's when I made up my mind to join the army. I can't help but think about all that has happened in that time—what I've learned, the swell fellows I've met in the army, and how things are sort of looking up for us all the way round.

I jerked my foot over the saddle horn and roll me a smoke and just sit and look out over the country. It seems a mighty fine spread and just the kind of a place that is worth looking for.

Finally I turn old Paint for home.

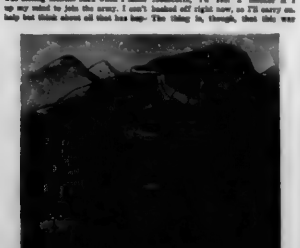
Well, when I get back all the boys are just getting around, but there is some of them that must have been up for quite a spell. They've got my uniform all laid out on my bunk and you a hammer never saw the buttons with such a shine to all your born days.

We all go in to breakfast but I'm not much on eating because my stomach is just a little nervous. You can just bet the way I got hitched about it.

We Start For Church

After a spell we start out for the little church in the town near where the ranch is located. The Boss and I are the last to leave but before we go he tells me that he wants to talk for a spell.

"Johnny," he says. "You know that I've no boy of my own and for quite a spell I've been hoping to sort of sit back and take life easy. What with the war and young men needed in it was on this very same hill that I foodstuffs, I'd feel a slacker if I hunked off right now, so I'll carry on. The thing is, though, that this war



"THE BOSS DRIVES US TO THE STATION"

isn't going to last long now and soon I'll be out and real. I've thought it all over and figure I need a partner—you. So, my boy, from now on you're half owner of the spread—just a temporary present from me to you and Miss Edith. When you get through with the job you've doing now, you can bundle bess and take over here. Kind good luck, boy."

Well, I'm telling you, I can't believe my ears, and all I can do is shake the boss' hand. He, worrying about saving all my nickels to start off on a layout of my own, and suddenly I'm feeling into a spot like this.

"Miss Edith knows," the boss says.

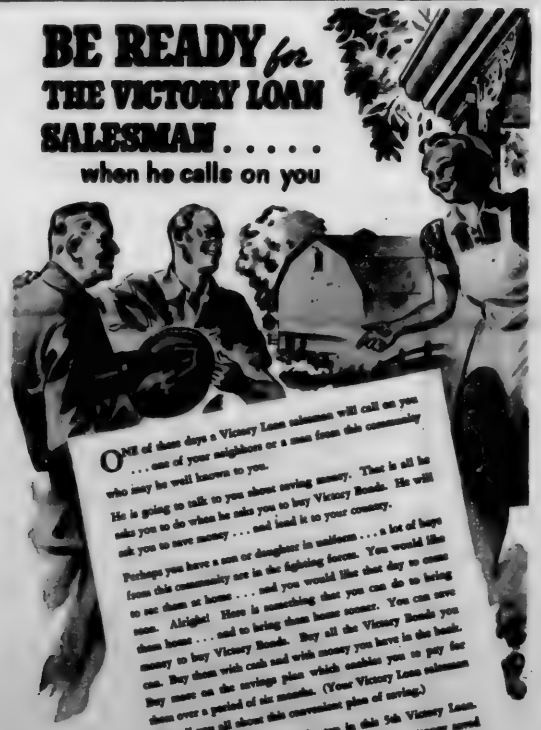
5 VICTORY LOAN

BE READY for THE VICTORY LOAN SALESMAN . . . . . when he calls on you



ONE of these days a Victory Loan salesman will call on you . . . one of your neighbors or a man from this community who may be well known to you.

He is going to talk to you about saving money. That is all he asks you to do when he asks you to buy Victory Bonds. He will ask you to save money . . . and lend it to your country.

Perhaps you have a son or daughter in uniform . . . a lot of boys from this community are in the fighting forces. You would like to see them at home . . . and you would like that day to come soon. Alright! Here is something that you can do to bring them home . . . and to bring them home sooner. You can save money to buy Victory Bonds. Buy all the Victory Bonds you can. Buy them with cash and with money you have in the bank. Buy more on the savings plan which enables you to pay for them over a period of six months. (Your Victory Loan salesman will tell you all about this convenient plan of saving.)

Help your community over the top in this 5th Victory Loan. Help Canada to spread the victory . . . and have money saved for things you will need when the war ends.

Spread the Victory

Authorized War Finance Committee

(Continued from page two)

"Cowboy Soldier"

"We were hooping it so surprise 'till today. She's coming out here to live and to wait for you to come back. Right now we better hustle or you'll be late for the wedding and they sure can't start the show 'til you get there."

So we high-tail it for the church. The boss hostles me along so fast that I don't have time to worry until they've got me right up at the front of the church. The organ is playing and right soon Miss Edith is standing beside me, as pretty as a picture.

Don't Remember Much

Well I don't remember much about the next few minutes except that I say "I do" at the proper time and soon it is all over and we start out of the church.

The boys from the unit have got a right smart guard of honor drawn up outside and it sure makes me feel proud to realize that my friends went to all this trouble for me.

We go back to the ranch for the wedding banquet and right off I start to thank the boys who formed the guard of honor and to tell them how sorry I am they've missed part of their leave just to come to the wedding.

"They've missed nothing," the captain grins. There are boys who had no special place to spend their leave and your friends here invited them all out to stay at the ranch. "'till the army wants them back."

You can see by now the smiles on the boys' faces that they sure appreciate it too.

Well, we don't stay around long because soon the boss drives Miss Edith (I mean the wife) and I to the station and we head for Banff for our honeymoon.

That sure goes quickly and in no time at all I have to be back in barracks getting ready for this morning when we're due to leave.

The wife and the boss are both at the station to see me away and it isn't 'til then that I feel sad at all. When it's finally time to leave though, I wish I could stay behind—at least for a little spell.

SHE'S A REGULAR SOLDIER

The wife knows me goodbye and she's a regular soldier because she doesn't cry at all.

"Take care of yourself, Johnny," she says. "And do come back soon."

The boss shakes my hand "Son," he says, "this war can't go on forever because there isn't a combination in the world that can beat the Allies and the cause they're fighting for. It may be a tough grind and it may be quite a spell but someday not far away I'll have your wife here at the station platform to welcome you back."

They yell "All Aboard" and we climb onto the train.

The last thing I see is the wife waving her handkerchief and the boss waving his battered old Stetson as the train pulls out.

That's why I'm a little sad it was hard saying goodbye to folks like them but they're the kind of folks a young fellows have to make sure aren't going to be pushed around by some dirty Nazi or Jap.

That's why we've got a job to do. Mighty by job—and that's why we've got to hustle up and get it over with quick.

Then it'll sure be nice to head back home.

World of Wheat

by
H. G. L. Stevens

PARITY AT LAST

Thirteen years ago the Searle Grain Company designed the Searle Index in order to keep account of many things that prairie farmers have to buy for living production (1913-14 is used as a base).

It was felt that at the very least the products of our prairie farmers would have to have a purchasing power at least equal to 1913-14 if farmers were to operate with even a small profit. At long last this 1913-14 parity price has arrived not only for wheat but for oats, barley lambs and steers. Hogs are still somewhat under parity price.

It is not pretended that these present prices give our farmers any considerable profit. It means merely that our prairie farmers are about as well off today as they were in 1913-14 parity. It is to be hoped, therefore, that the government, now that they have set somewhat of a ceiling on agricultural prices, will be courageous enough likewise to maintain ceilings on the hourly wages of industrial workers, so that the cost of the things the farmers have to buy will not increase further. The Searle Index, however, will continue to show such increases if they occur.

The Minister of Finance of the Dominion of Canada offers for public subscription

$1,200,000,000

Fifth

VICTORY LOAN

Bond and Accrue Interest from 1st November 1943, and offered in two maturities, the choice of which is optional with the subscriber, as follows:

18 years and 2 months	3 years and 6 months
3% Bonds	**1½% Bonds**
Due 1st January 1959	**Due 1st May 1947**
Callable in or after 1956	Non-callable to maturity
Interest payable 1st January and July	Interest payable 1st May and November
Denominations: $50, $100, $500, $1,000, $5,000, $10,000	Denominations: $50, $100, $500, $1,000, $5,000, $10,000
Issue Price: 100%	**Issue Price: 100%**

Principal and interest payable in lawful money of Canada, the principal at any agency of the Bank of Canada and the interest semi-annually, without charge, at any branch in Canada of any Chartered Bank, excepting that the first interest payment on the 3% Bonds will be for an eight months' period and payable 1st July 1944.

Bonds may be registered as to principal and interest, as detailed in the Official Prospectus, through any agency of the Bank of Canada.

Fully-Paid Subscriptions—Subscriptions for either or both maturities of the loan may be paid in full while the loan is open at the issue price in cash sums withheld accrued interest. Bearer bonds with coupons will be available for prompt delivery.

Instalment Subscriptions—Subscriptions may also be made payable by instalments, plus accrued interest, as follows—10% on application; 10% on 1st December 1943; 10% on 2nd January 1944; 15% on 1st February 1944; 15% on 1st March 1944; 15.64% on the 3% bonds or 16.37% on the 1½% bonds, on 1st April 1944.

The last payment on 1st April 1944, covers the final payment of principal, plus .64 of 1% in the case of the 3% bonds and .37 of 1% in the case of the 1½% bonds representing accrued interest to the due dates of the respective instalments.

Conversion Offer—Holders of Dominion of Canada 5% Bonds due 15th October 1946 and Dominion of Canada 4% Bonds due 15th October 1946 (the latter issue called for payment at 100% on 15th October 1943), who have not presented their bonds for payment, may, while the subscription lists are open, tender their bonds in lieu of cash on subscription for a like or greater par value of bonds of one or both maturities of this loan at the issue price in cash sum. The surrender value of the 5% and/or the 4% bonds will be 109.125% of their par value, the resulting adjustment to be paid in cash.

The Minister of Finance reserves the right to accept or to allot the whole or any part of the amount of this loan subscribed for cash for either or both maturities. If fixed, the amount will be in excess of $1,200,000,000.

The cash proceeds of this loan will be used by the Government to finance expenditures for war purposes.

Subscriptions may be made through any Victory Loan Salesman, the National War Finance Committee or any representative thereof, any branch in Canada of any Chartered Bank, or any authorized Savings Bank, Trust or Loan Company, from whom may be obtained application forms and copies of the Official Prospectus containing complete details of the loan.

The lists will open on 15th October 1943, and will close on or about 6th November 1943, with or without notice, at the discretion of the Minister of Finance.

Department of Finance,
Ottawa, 15th October 1943.

BREWING INDUSTRY OF ALBERTA

Shortage of Proteins

In a recent statement by the Agricultural Supplies Board attention is directed to the very definite shortage of supply in relation to demand, both in Canada and in the United States, of the protein rich ingredients, vitamin carriers and minerals required to balance the rations for poultry and for hogs, particularly in their early growing period. Basic supplies of these ingredients were short enough last year and have not increased while numbers of live stock and poultry on Canadian farms have gone up.

So far as Canada is concerned, both animal proteins (tankage, meat scrap, fish meal, etc.) and the vegetable proteins (the various oilseed meals, alfalfa meal, etc.) that are produced in Canada for the use of Canadian feeders; special measures have been taken to encourage, where possible, the increased production of these protein foods; and efforts are constantly under way to bring into the country extra supplies from wherever they can be purchased and transportation arranged for—work on this side being done through The Combined Food Board at Washington. Despite these measures, however, the supply of these special ingredients can by no means equal the potential demand, and the utmost ingenuity is called for in making the best possible use of such supplies as must be available and in improving special feeding practices where supplies of these protein sources must be used.

Through orders issued by The Feeds Administrator, protein levels recommended for mixed feeds have been standardized at minima agreed upon by animal nutritionists, with a view to making what we have to go as far as possible. Farmers themselves can do much to offset shortages of the special ingredients ordinarily used to add to the protein value of rations. Hog producers have been advised, by Dominion and Provincial officials and members of Feed Boards, to reserve available protein feeds for pregnant and nursing sows and for the young growing pigs, if necessary omitting additional protein feeds during the finishing period. Poultrymen similarly have been urged to supplement use of any surplus milk they have.

Mrs. Wm. Addison, of Prinsville, Ontario, north-plane of J. D. McLean, visited at the home of Mr. and Mrs. J. D. McLean over the week-end. Mrs. Addison has five sons in the services, four in the R.C.A.F., and one in the Army. She came west to Calgary to attend the 50th wedding anniversary of her brother, Langdale McKinnon, a pioneer rancher and businessman of Calgary.

Farmers! Look up Carondalen's Hardware advertisement in this issue.

Miss Fern Butler of Edmonton, was the week-end visitor at her home.

Miss Edith Taylor spent the week-end at her home in Edmonton.

Mahon LeBlanc left last Thursday by plane for Norman Wells, N.W.T., where he has been transferred.

Victory Bond sales across Canada Wednesday not a new high, when over $75,000,000 was subscribed.

Municipal District of Strathcona, 517

NOTICE

BY-LAW No. 56

A By-law of the Municipal District of Strathcona, No. 517, for the purpose of providing for the running at large of domestic animals within the municipality.

Under the authority and subject to the provisions of the Domestic Animals (Municipalities), the Council of the said municipality enacts as follows:

(1) All domestic animals are hereby prohibited from running at large at all times within the Municipal District of Strathcona, No. 517.

That on the passing of this By-law all by-laws of the former Municipality of Strathcona, of Clover Bar, No. 517 and Strathcona, No. 518, passed under the provisions of the Domestic Animals Act (Municipalities) are hereby repealed.

Read a first time this thirteenth day of September, A.D. 1943.

Read a second time this thirteenth day of September, A.D. 1943.

Read a third and finally passed this eighteenth day of October, A.D. 1943.

(Signed) F. R. Haythorne, Reeve.

Canada Service Clubs Dedicate Pledge

More than four hundred Service Clubs throughout Canada will participate in special memorial ceremonies as Fifth Victory Loan opening now being arranged. The ceremonies will combine a memorial for the fallen with a re-dedication pledge.

In each club the Union Jack will be brought into the room by a hooded bearer who will march up to the head table and face the audience. The flag will be "broken out" with the first bars of the national anthem. An officiating clergyman will call for a minute silence following the hooded bearer's call "Retreat". In clubs where members have fallen in battle, the names of these members will be read.

Then will follow the dedication.

"Here, surrounded by our memories of these brave men and women who have given their lives for the cause of freedom and liberty, dedicate ourselves to the conscious of the challenge to carry on the task they laid down. Let us, then, re-dedicate ourselves to the service of Canada, of the Empire, of the United Nations who, shoulder to shoulder, are fighting back at home and abroad against a common foe. Let us, once again, resolve to bend our every effort in our country's head; to play our part like men, unfaltering and undismayed, to "carry on" through the days that are to come, until the proud, bold day of Victory dawns again. Let us join together in that common knowledge—of all men who love the truth and the right."

'The Amazing Mrs. Holliday' At Sharp's Shows

"The Amazing Mrs. Holliday" starring Deanna Durbin, Edmond O'Brien, Barry Fitzgerald and Arthur Treacher comes to Sharp's Shows Thursday and Saturday of this week.

The story goes like this: With the death of her missionary uncle in war-torn China, a young girl is charged with the care of nine orphaned children and, with the aid of a kindly doctor, manages to smuggle herself and her charges on an American-bound steamer. The ship is torpedoed but all the children and their foster mother manage to reach a lifeboat. In addition to personally operating the entry of the kiddies into the United States. With one of the babies and the ship owner missing, the girl, sailor and remaining eight children are interned on Ellis Island.

When the family of the ship owner manifest disinterest in the presence of the baby, Deanna Durbin, the old salt tells a white lie to the effect that the tycoon had married the girl, and that her foster father had pledged his honor on the matter. Then follows the enormous mansion. Complications set in when the sailor grandson of the supposedly dead owner arrives and falls in love with the kiddies and their attractive guardian. The lusty and ship owner-sailor, finally reunited accompanied by the lost child and straightens things out so that a happy ending is provided for all.

Next Week: "George Washington Slept Here".

D. ROBERTS,
Secretary-Treasurer.

Yes, We'll Do It!

If thoughts of our peaceful Alberta countryside and the contrast of devastation in war-torn, faraway lands does not inspire you:

If the freedom available to us arouses no emotion in your breast;

If you do not thrill to the mighty war effort of Commonwealth Britain, inspiring Russia, dynamic United States, Heroic Australia, gallant New Zealand, South Africa, India and our own great Canada;

Well, then, buy a war bond for the sake of our own Alberta boys who are on the battle line!

They have gone from the far Peace River lands, from the mountains and rolling foothills, the park lands and sheltered valleys.

They've gone from Peace Coupe and Ben Accord, Three Hills and Seven Persons, Veteran and Loyalist, Blackfoot and Pelgan, Fort Saskatchewan and Athabasca, Grande Prairie and Grouard, Mile River and Battle River, Silver Heights and Golden Meadow, Rocky Mountain House and Whiskey Gap, Hanna and Hilda, High River and High Prairie, Drumheller and Bassano, Red Deer and Elk Point, Cardston and Carmangay, Stettler and Strathmore, Ehrena and Rossland, Clairmont and Camrose, Acme and Paradise Valley.

They've gone from Orion and Hespero, Vermilion and Purple Springs, Claresholm and Hazeldine, Innisfail and Innisfree, Empress and Thorne, Smoky Lake and Lac La Biche, Bonnyville and Cold Lake, Vilna and Valhalla, Banff and Brooks, Spirit River and Dixon River, Pincher Creek and Manyberries, Peacock and Mahogany, Wembley and Beaverlodge, Bluesky and Valley, from Edmonton, Calgary, Lethbridge and Medicine Hat, we cannot name them all.

Thousands of farms, every hamlet, town and city have sent their young men. In the air, on the sea and on the land fronts these boys from our own Alberta are fighting bravely with the bravest. They are our boys —our farm boys, town boys, city boys.

GUESS WE'D BETTER BUY PLENTY OF WAR BONDS FOR THE SAKE OF OUR BOYS!

Alberta Pool Elevators

Young Pigs Need Iron

A common cause of death among suckling pigs, and particularly those that are raised under many or less artificial conditions, is nutritional anaemia. Pigs farrowed in winter and early spring, closely confined to comparatively small pens with a board or concrete floor, and receiving no minerals apart from those contained in the mother's milk, become anaemic and the mortality among them is high. This condition is not seen to any extent in pigs which are born during the late spring and summer months when they are out in the sunshine and have free access to available soil and vegetation.

Anaemia in pigs is due to a lack of red corpuscles in the blood which is traceable to a deficiency of iron in the milk supplied by the nursing sow. An excellent way to supply iron to pigs raised in pens or runs in the fall runs commencement and feed supply one quarter foot of soda in the fall from uncontaminated during the winter in order to ensure a sufficiency of iron in the feed which is provided lightly with a solution of one teaspoonful of ferrous sulphate to one gallon of water. In cases in which the young pigs secure in this way helps in make good the iron deficiency in the sow's milk and thus tends to prevent anaemia.

Septicaemia prevalent in Manitoba and Alberta under somewhat drier conditions appear to have a tendency for slightly higher protein and lower oil content than soybeans produced in other provinces where moisture supply is normally more abundant.

Calf Clubs Visit Wilkinson Farm

Mr. Miller, District Agriculturist, brought a number of members of his Calf Clubs to the farm of C. E. Wilkinson on Tuesday, October 19th, for the elimination of contestants to attend the Edmonton Regional Competitions. There were three classes of pure bred Shorthorns judged, consisting of bulls, mature cows and calves.

Because of bad roads, a number of members were unable to attend.

We are all sorry to hear that the Bremner chicken supper has been postponed but there is always next year to look forward to.

School is in full swing again with Miss Joys in charge of Chester Bar Centre.

Mr. Gould has taken over the school van, formerly driven by Mr. Olson.

Harvesting is generally completed in this district with the exception of a number of acres of flax still to be combined.

Opening Night Badminton Club Tuesday, Nov. 2

Members and townspeople who would like to join badminton are invited to the opening night of the Fort Badminton Club, Tuesday, Nov. 2nd, at 8 p.m. in the Fort Community Hall. After a round or so of badminton, the gathering will be guests at the home of the president, J. D. McLean and Mrs. McLean.

Badminton nights will remain the same as last year, viz., Tuesday, Friday and Sunday afternoon, It's a date Badminton players, Tuesday, Nov. 2nd.

C.G.I.T. Notes

The senior C.G.I.T. group held a meeting last Monday at the home of Mrs. S. Hooper, who is taking over the leadership of the group this year. Election of officers was the main feature of the evening. They are as follows:

President, Fay Johnson,
Vice-President, Dorothy Lyons,
Sec.-Treas., Rhoda Lawrence,
Social Convener, Esther Johnson,
Press Reporter, Cari Chisholt.

Meetings are to be held every other Thursday at the girl's homes. Each meeting is to be planned by a group of members.

Business completed, the meeting was brought to a close with a short sing-song and the singing of "Taps".

Harvesting May Resume Strathcona Municipal District to Gravel Weather Continues

Threshing operations have been at a complete standstill for the past week and on Saturday last, ranchers have behold their first fall of snow. This snow at first was too wet to be wet, with slightly lower temperatures, was useless on Sunday morning to find on both or as covering the ground. The lowest temperature recorded here this Fall was early last week when the thermometer registered 24 degrees of frost.

Only the hardiest flowers survived this last bitta and we must reagn ourselves to henceforth to have no plants. The most grouchy of us admit we did have a good run for our money.

Jaw: prior to the advent of the ubiquitous motor taxi, a passenger in an aged Hansom cab had an unpleasant experience. The driver thought he had whipped his horse into a runaway and the unhappy passenger found himself standing on the street and forced to use his legs or else be drawn beneath the hoof. Soon after his experience, he was relating the adventure to a friend of his, whose sympathy he craved. The friend, between bursts of laughter, could only splutter: "Well, you had a good run for your money, anyway."

Beaver Hills United Church cancelled its regular Sunday Service this week owing to the state of the roads. Rines their regular pastor, Rev. H. Wingfield, left to take up duties at Thorhild, the three rural points—Beaver Hills, Ypres Valley and Fairridge Hill have been served from Fort by Rev. E. H. Birdsall. This makes a strenuous day for the pastor, but Mr. Birdsall pavaltings, he is managing to attend to all four charges.

We sincerely wish that Mr. Birdsall were residing in our midst at our own Manse.

THANKSGIVING SERVICES

Sunday, Oct. 31st.
Morning Service 11 a.m.
Guest speakers: Rev. C. Bogert, Stony Plain, Rev. Henry Roemer, of Hebden, and Rev. Armand Roemer, of Saskatchewan.
Afternoon Service 2:30 p.m.
Rev. Rettenberger, of Bruderheim.

Local Scouts To Re-organize

A meeting of the Executive of the Boy Scouts Association was held in the Royal Bank Building, Wednesday evening. It was decided to proceed in a small way under the leadership of the former Municipal District of Strathcona, 517.

A check-up of prospective Scouts will be made and as Patrol Leaders are chosen the new boys will be allocated to their Patrols.

GREY WOOL BLANKETS

Here's warmth and cosy comfort—and these blankets should give plenty of excellent service. Wool yarns that are closely woven and napped to give a cosy surface. They're about 64 x84 inches in size.

O'Brien Watt Ltd.
FORT SASKATCHEWAN

Local School Division To Hold One-Day Convention

The two Divisions of Sturgeon and Clover Bar are combining to hold a one-day Fall Convention on November 12. This will be held at the Masonic Temple in Edmonton and all teachers in both Divisions are urged to attend. It is the one opportunity the profession has of clearing up difficulties in connection with the work and its working conditions. The original set-up, which included all the Divisions surrounding around Edmonton, had to be disbanded owing to the impossibility of finding accommodation for such an influx of people under war conditions. Mrs. Bishop Low has consented to give an inspirational address. Inspector Sullivan will explain the new Grade X course and Dr. H. C. Adamson, on behalf of the Health Unit, will address the gathering.

Both Divisions share the same Superintendent and the same Health Unit and have most of their problems in common. Programmes will be unified to each lender, negotiating him, or her with the details of the meeting. At the present time it is not definitely known whether Remembrance Day, Nov. 11, will be considered a school holiday or not. It is believed that it will be so considered.

For the benefit of any teachers who are not acquainted with the rules governing Convention days, it may be stated that each teacher is entitled to attend, and receives salary for the day as a teaching day, providing he attends the Session and does not absent himself from any session prescribed. Otherwise it is considered an ordinary school day and a day's salary is deducted unless school is kept open.

Army and Institute Sponsor Dance

"C" Company, 2nd Edmonton Regiment (181), Fort Saskatchewan Unit, and the Women's Institute will sponsor a dance on Friday, November 12th, in the Fort Community Hall.

Patrons are assured of good music for dancing, as Frank Smith's orchestra, augmented by former members of the band will supply music for the dance.

Lunch will be served at a nominal charge in the buffet room by members of the Fort Rebekah Lodge.

Fultonvale News

The pupils of the senior school room are sponsoring a colored movie of Alaska Highway, and a lecture by Floyd Baker, M.L.A., on November 8th at eight o'clock, proceeds go to the Greek Relief Fund. Let's all turn out on November the 8th and give the young ones some encouragement.

Mrs. Wallace Ball visited her sister Mrs. R. Southern recently.

Miss Margaret Lynn visited in the district over the week-end. Miss Lynn is employed in Edmonton by the Alberta Government Telephones.

Mr. and Mrs. Stan Hewell's new home is getting near completion, we should really have a house warming soon!

Mr. Andy Adamson and Mr. John Long paid a visit to South Cooking recently, regarding the Victory Loan Campaign.

The folks around Fultonvale are pretty well cleared up for threshing, one or two farmers are caught but we hope to see them threshed before winter comes to stay.

Harvesting May Resume Strathcona Municipal District to Gravel East and West Road at Ellerslie

What Happened At Town Council Meeting

Much business was done at a Town Council meeting held Tuesday night.

A letter received from the School Principal, Mr. S. W. Hooper and Rev. E. H. Birdsall, requesting a donation from the town council for a party for school children on Hallowe'en night was read. While the council appreciated the work of these public-spirited gentlemen, in an attempt to direct the energies of the children on that night into useful channels. They felt that the children who attended such an affair, would probably not be the destructive force that celebrates Hallowe'en.

However, the Council considered that a fair trial should be given this project, so voted $10.00 towards the affair, and urged the townspeople to give it their whole-hearted support.

The former Brinen house on the highway was sold in a cash deal, which stipulates that the new owner must not sell building to be moved or moved out of town for a period of years.

The Council felt that too many buildings were being moved out of town.

Several lots were sold for the usual price of $5.00 each.

A "beer" will be organized shortly to erect a snow-plow for the Town Plant.

The coal situation in town was discussed at some length. Although the Town buildings, cash no school, Town Hall and Community Hall are well supplied for the winter, others are not supplied for the citizens. Discussion brought out the information, barring strikes and other tie-ups beyond the control of local dealers. Fort citizens will be looked after this winter, despite the acute coal shortage. However, this assurance didn't altogether satisfy the council. Therefore, the situation is going to be looked into, and acted upon accordingly.

Town Council board last night that persons were dumping ashes and refuse in cab barrels that wasn't classed as ashes or rubbish. Therefore, the town scavenger will be obliged to take same to the nuisance grounds. Persons having such refuse, may make arrangements with the scavenger to take same away at the usual price.

According to a letter received by the Council, someone must get a light, so consequently ten persons were cut after somebody's hide. Funny thing, but the cause is going after that light catcher too. So, in the event, no doubt that familiar glow one sees from a distance (and I mean distance) will again light up the blacked-out area.

United Church W.A. Show & Variety Concert Friday, Oct. 29

United Church W.A. are making preparations for a moving picture show and variety concert on Friday, Oct. 29. Mr. and Mrs. H. Brown, of the Edmonton Dept. of the University of Alberta, and three supporting artists from Edmonton, will head the program.

Last June a large crowd attended

Explorer: "The jungle was all around us. Ammunition, food and drinking fluid ran out, and we were paralyed with thirst!"
Listener: "But wasn't there any water?"
Explorer: "Sure. But it was no time to be thinking of cleanliness."

Children to Canvass Hallowe'en Night For Ditty Bag Fund

This Hallowe'en citizens are asked to give the witches, ghosts, trampsetc., that pay from door to door money instead of the usual apples, peanuts and candy. Shortage of Hallowe'en treats and an effort to revival destruction to minimum, prompt the idea by Mr. H. W. Hooper and Rev. E. H. Birdsall.

All money collected will be turned over to the Women's Institute Ditty Bag Fund.

Each year householders figure on spending a few hundred of bits, to $1.00, to treat the youngsters, who go from door to door "Shooting Hallowe'en Apples"! Why not give the equivalent of this amount in money for a worth-while cause.

It was suggested that householders break-down the amount they intend to give into small amounts and give each youngster that canvasses the home a portion. If you think that it's getting too late for any more children to appear, give the last group the remainder of your donation.

Special cans for collection have been provided for.

The efforts of a good donative works wonders with the children especially if one wishes them to sing, or do something. Try them.

After a thorough canvass of the town, possibly many Cents over, the children will all congregate at the school where a party will get under way, supervised by the staff.

East Edmonton Notes

Sgt. W. S. Gibson, R.C.A.F. has returned home from Trenton, Ontario, after completing his course and is visiting with his parents, Mr. and Mrs. Gibson, Sgt. Gibson will be stationed in Edmonton for the present.

BUY WAR BONDS AND STAMPS!

A WEEKLY EDITOR LOOKS AT
Ottawa

Only a couple of local color items from the nation's capital this week: One concerns the fact that at a local Kinsen officers' meeting (for the Canadese Branch, Wartime Prices and Trade Board, the yes have in your own town) the ladies sent in a resolution to the Prices Board asking that boys' pants be manufactured with double seats; and that certainly sounds like an economy idea, because boys don't wear them out on the seats. . . After two months' absence from an internment camp a young Luftwaffe Nazi was caught by an alert detective in the Ottawa Union station. Asked what he thought of Hitler now, he replied: "What do you think of Churchill now? That's what I still think of Hitler".

• • •

The R.C.A.F. is quite disturbed about some farmers, hunters and gun-toters shooting at aircraft that are at routine pigeons in flight. Please think twice before doing it again. They are either on the fly carrying messages, photographs, etc., for the armed services or being trained by civilian pilots to fly for a war job. Right now the R.C.A.F. Signals (Pigeon Division) is out to recruit 1,500 new birds—incidentally, since April, it is against the law to keep or fly pigeons without authority.

• • •

But many employers wonder where all that Unemployment Insurance money paid in has gone to us. Well, a recent report by the commission shows they have a deficit in the settlers of $143,867,885. Benefits paid out since January, 1942, when they first became payable, total $1,160,724.

• • •

A knotty problem has come up for the National Research Council perhaps, or any person with an enquiring mind. It was smoothed by some other mind. The case of Commons barber who wonders where red-headed males have gone. Twenty years ago there was as low as ten was red-headed; today they've dwindled. Only real red head among the full members of the House of Commons is said to be Sam. McCuish, Liberal of West Middlesex. Now you take a guess.

• • •

In these days of rationing when we speak of the "privileged" class, nine times out of ten we're referring to the infant population. When sweetened drinks were rationed, we were permitted to exchange the baby's coupons for those of some grown-up; when tobacco went into "D" coupons, baby can have Y lbs. of corn syrup a month. Now comes "C" coupons for the use of baby food and milk, through their own Local Ration Board. We've got to protect our future citizens.

• • •

Here's co-operation. The Canadian Medical Association War Services Committee has informed the Department of Munitions and Supply of the volunteering of 1,182 physicians across Canada to effect a 50% reduction in the use of coal this winter. They suggest that the Board of Grain Commissioners be asked to help in the conservation and distribution of our fuel supply.

• • •

Nearly every Canadian Family has some one near to and dear to it in the armed forces overseas. Then the end of the Post Office Department should be heeded about the deadline for mailing Christmas parcels by November 1st. Last year they handled 8½ million pounds of Christmas parcels and expect a lot more this year. You are asked to pack well, wrap well, address properly and keep out inflammable stuff.

• • •

Cash income for to sale of farm products in Canada for the first six months of 1948 reckoned up to over seven billion as against 5½ billion during the same period of 1947, and $986 billion in the same period of 1946, and $866 millions of 1941. This increase was Wood should be dried well because all provinces except Ontario, Quebec, with the Prairie Provinces tops because of the sale of 1948 grains. Saskatchewan's percentage was 35% of the marketings of oats and barley. Ber. Hogs is $146 millions, dairy products $114 millions. In the same period, however the domestic consumer of fluid milk, butter, cheese, ice cream, etc., showed quite a decrease, owing of it resulting from butter rationing.

• • •

Here's another interesting item for folks in agricultural spots. Stocks of creamery butter in store at the end of October, 1948 were 4,000,000 lbs., as compared with 2,000,000 on October 1st totalled 56,800,412 lbs., an increase of 17½ millions lbs. over the previous date last year. However it must be remembered that October 1st is taken as a peak date. There was a decline in cheese in cases and eggs, but that is due to large shipments to the United kingdom.

• • •

A little here talk: How to figure number of tons of hay in a mow just multiply the length by depth and width by 400 . . . A study of the apple output has shown that cultivation tends to increase the number of adults which emerge from the soil, but frequent rains during the summer period get about the same results. . . . Best time to cut hard grains and prepare feed for use in the following year is the winter months. Wood should be dried well because all grass it contains 25% water. Much of the feed is used in evaporating this and is lost. . . . A ton of timothy has 16 lbs. nitrogen, 6½ lbs. phosphoric acid, about 20 lbs. potash. That is more than is returned to the land by a ton of ordinary straw farmyard manure. If no fertilizer is applied, continuous timothy depletes the soil. About the same applies to wild rather grasses.

• • •

Quicklies: Britain has ordered for another 150,000 barrels of Nova Scotia apples, raising to 250,000 barrels the number to be exported from the province . . . The United States Department has started a campaign to get the services of 100,000 farm workers for employment in essential industries during the dark season in agriculture. . . . Canada's favorite manufacturer is moved, as the Prices Board has revoked its former order which prohibited the manufacture of hat dog rolls. . . . Coal miners at R.C.A.F. ground crews can get leave without pay to work in the coal mines until March 31.

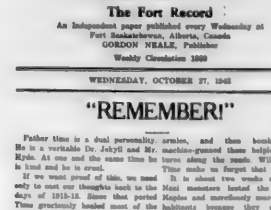
"Fool years may come rather quickly, or it may come slowly," recently reported in news correspondent. It is this sort of rash and unguarded statement that endangers the



FARMERS AND FARM WORKERS

If Your Farm Work has Slackened for the Winter, You Are Needed Elsewhere in Essential Employment

Highly essential work—very important in Canada's war effort and for the welfare of the Nation—is threatened with shortages of workers. One of the few sources of men available for other high priority jobs is those men on the farm who will not be needed at home during the Fall and Winter. Heavy needs must be met in many lines—producing vitally essential forest products; in base metal and coal mining, in food processing, in railway track maintenance. If you live on a farm and are not needed at home during the Fall and Winter, you are urged to answer this national appeal.

Farmers engaged in essential work during the off season will be allowed to return home when needed. *Also, these an postponement under Mobilization Regulations will continue on postponement while to approved essential work during the slack season on the farm.*

Please answer this vital call NOW.

INFORMATION

For Western Farmers Selling Food Grains to Eastern Farmers

WHEAT • OATS • BARLEY

1. Wheat, up to 14 lbs. per authorized acre and one car of oats and/or barley over the quota may be shipped.

2. Every seller must apply to the Canadian Wheat Board, Winnipeg, for a permit to ship each carload before loading for shipment.

3. Cars shipped will be inspected at Winnipeg for grade and dockage. On the basis of sample inspection, certificates will be issued by the Board of Grain Commissioners, for cars held "too full" for regular inspection. The Inspection Certificate establishes the grade and dockage.

4. Dockage up to 5% is allowed. Dockage above 1% cannot be charged for, and payment will not be made for the difference in weight between 1% and the actual dockage.

5. Elevator scale tickets or railway weights must accompany the bill of lading. Freight charges are to be paid by the farmer in Eastern Canada.

PRICE INFORMATION

On oats and barley the price per bushel to be charged the eastern farmer is the ceiling price (or the cash price if it is lower), basis in store at Fort William or Port Arthur.

GOVERNMENT SUBSIDIES AVAILABLE

As announced by the Dominion Government, the subsidy of 12c per bushel on oats and 13c per bushel on barley applies on oats and barley sold by any western farmer to a farmer or feed dealer east of Fort William-Port Arthur. Special applications must be made to the Canadian Wheat Board, Winnipeg, in order to secure payment. Special forms for this purpose will be provided by the Canadian Wheat Board on request. These subsidies will also be paid on reasonable sales between farmer and farmer in western Canada, provided the farmer delivers the grain over an elevator scale and meets other requirements of the Wheat Board.

WEDNESDAY, OCTOBER 27, 1948

"REMEMBER!"

Father time is a dual personality. He is a veritable Dr. Jekyll and Mr. Hyde. At one and the same time he is kind and he is cruel.

If we want proof of this, we need only to cast our thoughts back to the days of 1918-18. Since that period Time graciously healed most of the wounded Canadian hearts which then ached in loneliness and begged piteously for one more touch of the missing hand and lips of those stilled forever in the mud of Europe. But Time also dulled our memories of the horrible pain and grief which swirled in the wake of predatory German Hunnish.

Only fourteen years after 1918, when German viciousness began to rise again as a threat against world peace, Time had blurred our minds. We do not readily recall the inhuman heart-breaking experiences of the first World War. There was no sweet-powering urge in our breasts to stamp out the smouldering fire of conquest before it became an unmanageable holocaust. Time had so softened our recollections of the tragedy in that short space, the re-awakening of the German militaristic spirit did not warn us to meet and overpower it immediately.

Have we yet learned how wicked Time can be?

It is only four years ago since the stiff-necked goose-steppers run hayseats through the frail bodies of old men and women in Poland, but little children into fields to shoot them down with machine gun bullets. But three years have passed since the Germans bombed old and young civilians out of the towns and cities of Belgium, to choke the highways against the approach of the opposing armies, and then bombed and machine-gunned those helpless survivors along the roads. Will we be so kind and he is cruel.

It is about two weeks since the Nazi monsters looted the city of Naples and mercilessly murdered its inhabitants because they espoused their daddies of the German cause. Can we forget that also?

For four years, thousands of the flower of our Canadian youth, destined to live happy lives among us, have fallen victims to German guns. Is our sorrow from their loss already cooling?

Or are we keeping fresh those bitter memories of the past since 1939, arousing in our hearts a grim determination to end this senseless parade of wars for a long, long time?

There is a message being spread throughout the land in these days of the Fifth Victory Loan campaign. Its purport is, "Let's not become complacent".

But here is a more potent slogan for us at this moment. It is contained in one word:

Remember!

If we will keep green the indescribable horrors of this war, if we will remember that these wars perpetrated by the Germans and will be repeated again and again unless we completely crush the German militaristic spirit, we won't need any warning against complacency.

We will pour our dollars into Victory Bonds as never before, spend our work in war factories and take increasing pride in the actual job of exterminating which our men are carrying out at the battle front.

"PILLARS of PEACE"

The second in a series of seven articles by Rev. E. H. Birdsall, discussing the "Pillars of Peace" formulated by a Commission of The Federal Council of Churches of Christ in America. It is suggested that these be preserved and studied together.

SECOND PILLAR

"The Peace must make provision for bringing within the scope of international agreement those economic and financial acts of national governments which have widespread international repercussions."

Once private trading provided the people of the world with the food, clothing, shelter and cultural advantages which they managed to get, and did it without nations becoming seriously involved politically. But two factors have changed that. First, the interlocking demands for raw materials and for markets are so keen that nations cannot ignore the struggle. Second, the nations themselves, both in peace and in war, take part in the contest for both goods and markets. That is why we have tariffs, and spheres of influence, and monopolies, and international combines. The financial and economic disorders, therefore, of any nation always have results in terms of wages, employment, unemployment, standard of living and cultural values, in the homes of other nations. When, for instance, a great western nation recently made a drastic change in its silver monetary policy thousands of Orientals died of starvation. That is not called murder simply because there is no international court to put the proper name on it.

With the rising tide of control control in most of the nations of the world these problems of international conflict for goods and markets will become more severe. But they will also be lifted from that unconscious level from which they have influenced and directed us without us knowing either the why or the how to the conscious level in which we can see the facts, and act consciously and (we hope) with wisdom and a sense of responsibility.

In order to act consciously and wisely in such matters it is necessary to have some international clearing house of ideas and plans in order that repercussions in all nations may be estimated before action is taken.

Such a step would not be completely in the dark. There are at least two factors in the experience of recent past and present which throw light on the path we must follow. First there are the beneficial experiments of the United Nations in the present war. These have provided a great deal of experience, developed a vast technique, and trained men to do the job. There is no valid reason why the whole matter could not be expanded to world dimensions in the near future. Second there is the experience of Geneva. After all the criticisms of the league have been made it is still an indisputable fact that the international service at Geneva did (and now still doing!) a great deal to raise the levels of health, education and living conditions throughout the world. A scheme with as much to its credit must have a great deal to contribute toward an international framework in which nations can act responsibly and wisely in the realm of providing for the needs of men, women and children in the whole world.

It is, therefore, both possible and necessary for the peace to "make provision for bringing within the scope of international agreement those economic and financial acts of national governments which have widespread international repercussions."

NATIONAL SELECTIVE SERVICE

A WORD OF CAUTION

TO MEN OF MILITARY AGE AND TO THEIR EMPLOYERS

National Selective Service Civilian Regulations authorize the Minister of Labour to require that male employees furnish their employers with evidence that they have not failed to comply with National Selective Service Mobilization Regulations (i.e., the Military Call-Up).

It is intended that an order will be issued shortly, requiring employers to carry out the necessary check on their male employees, and to request any man who do not produce the required evidence of compliance.

The check up will cover every male employee who has reached the age of 18 years and six months and has not reached his 35th birthday. The man will have to show evidence in one of the following forms:—

(a) A man discharged from the Armed Forces following service during the present war should have his discharge certificate. A discharged man who has not a certificate should apply for one in the following manner:—

Army—District Officer Commanding, Military District in which discharge took place.

Air—Records Office, R.C.A.F. Headquarters, No. 5 Temporary Building, Ottawa, Ont.

Navy—Secretary of Naval Board, Ottawa, Ont.

(b) A man who has responded to a direction from a Registrar of a Divisional Mobilization Board, to report for medical examination under Mobilization Regulations, should have either a certificate of medical fitness or an order for postponement of military training from the National Registrar. (If a man has received neither document who has lost his copies should immediately apply to the Registrar who issued the original, for a duplicate.)

(c) A man who has been rejected on application for voluntary enlistment in the Army since the beginning of the war, should have a certificate showing that he was rejected through medical unfitness. (If a man entitled to such a certificate does not possess it, he should apply to the District Military Headquarters of the District in which he applied for enlistment, in order to procure the necessary form.)

(d) A man in the designated classes who has not reached his 35th birthday, who was granted as at July 15th, 1940, or who, having been married before that date, is a widower with children, must be prepared to furnish evidence, such as a marriage certificate or birth certificate of a child, to show that he was married before July 15th, 1940, and that he is now either married or is a widower with children.

(e) A man who has requested for enrolment in the Army under an Order—Military Training issued under the Mobilization Regulations and who has been rejected should have a certificate showing he was rejected through medical unfitness. If a man entitled to such certificate does not possess it, he should apply to the District Officer Commanding the Military District in which he was posted.

(f) (1) A man who is not subject to the Mobilization Regulations because he is an essential worker who has not made application for naturalization may obtain a certificate from a registrar of the Divisional Mobilization Board indicating that the Mobilization Regulations do not apply to him and such certificates must be obtained by all such essential workers.

(2) A man who is an alien and neither a national of Belgium, Czechoslovakia, The Netherlands, Norway, Poland, the United States nor Yugoslavia and has not applied for naturalization may be relieved of his duty under Mobilization Regulations, but he gives up his right to further Canadian citizenship after the war; where such man have applied for such relief and been granted such status, certificates will be issued by registrars in appropriate cases.

This caution is issued to facilitate compliance with the order which is proposed. A reasonable interval will be allowed to permit men to provide themselves with whatever document, or as referred to above, they may be entitled to hold.

Employers are requested to give notice of this proposal to their male employees, to facilitate the operation of the order when issued.

DR. R. D. SINCLAIR, Dean of The Faculty of Agriculture, University of Alberta

Friend of Alberta Farmers *Recommends* Victory Bonds *to you . . .*

DR. R. D. SINCLAIR has combined practical and academic knowledge of agriculture in a unique degree. Born on a farm near Innisfail, Alberta, he was one of the early students of the School of Agriculture at Olds, and was a member of the first class to graduate from the College of Agriculture at the University of Alberta in 1918.

After spending some time in editorial work with a well known farm magazine, Dr. Sinclair joined the staff of the Department of Animal Husbandry of the University in 1922. He obtained his Master of Science degree at Iowa State College and later went to Aberdeen, Scotland to secure his Ph.D.

Dr. Sinclair was appointed Dean of the University's Faculty of Agriculture in 1942. He is recognized as Canada's outstanding authority on swine production and is known personally to thousands of Alberta Farmers.

Dr. Sinclair urges farmers to buy Victory Bonds. His says:

"During the past four years of war the products of Alberta farms have made a substantial contribution to the food supply of the United Nations. But the need for weapons of war as well as food is still supremely urgent; one without the other will not finish the job.

"The Fifth Canadian Victory Loan provides further opportunity to make a financial investment in the war effort. The Bonds bought now will help to hold the farm lands of Alberta for Alberta farmers and, at the same time, provide the reserve capital which can be used for improvements when victory comes.

"As one born and raised on an Alberta farm, I appeal to the farmers of the Province to buy Bonds of the new Victory Loan to the limit of their financial resources."

Spread the Victory BUY VICTORY BONDS

National War Finance Committee

Letter to the Editor

Alberta Farmers' Union,
426-7 Agency Building,
Edmonton, Alberta.

The Editor,
The Fort Record,
Fort Saskatchewan, Alberta.

Dear Sir,

The recent announcement by the Minister of Agriculture that the new Bacon Agreement with Britain has been made for a possible 30% decrease from the amount supplied in the past two years makes farmers wonder what policies the government has in view.

Mr. Gardiner's statement that "The cut in deliveries is being made because of food shortages in Canada and expected lower production of hogs in 1944", leaves a wrong impression.

The fact of the matter is that the price has been too low for a considerable time. Many farmers find that owing to high labour and material costs they cannot raise hogs for these prices. Many requests have been made to increase these prices but no action has been taken and many famers have been compelled to curtail operations and some have even quite the hog business in disgust at the government attitude.

Mr. Gardiner is also using the shortage of labour at the packing plants as an excuse for the possible lower contract amount to Britain. This has been caused by the mismanagement of the man-power situation. There is nothing to stand in the way of producing all the bacon Britain needs provided the farmers get a just deal.

With the boom on coarse grains which has been granted there may be a margin of profit for those who sell grain to pay debts. But for those who feed their grain on the farm to livestock, the bonus is not payable and as livestock prices are not at a level to provide a right relationship with grain prices, the producer of the needed livestock is then working at an increased disadvantage to the seller of grain.

Farmers need a price sufficient to cover the cost and production and something over to pay on the debts. It is not shortage of feed that has been driving farmers out of hog production; but lack of sufficient price.

If Mr. Gardiner and the Dominion Government are sure that the number of pounds in the proposed contract for the next two year period is sufficient, that is probably the explanation for the apathy they have displayed towards the all-out effort of the farmers to fill the larger bacon contract in spite of the handicap of shortage of labour and insufficient price. If however, a serious shortage happens because of the condition which has been allowed to develop, it will not release Mr. Gardiner and the Dominion Government of their responsibility to supply Britain with an adequate supply of bacon.

The Alberta Farmers' Union has been urging upon the Dominion Government the policy of a Parity Price for hogs for two years now and had this policy been adopted it would have secured a steady, continuous and adequate supply coming forward at all times. The reason for a possible shortage of supply is not lack of feed this coming year; but is the result of the government's own policy.

Yours truly,
H. E. Nichols,
Secretary, Alberta Farmers' Union.

World of Wheat

by
B. G. L. Strange

WRONG VARIETIES OF WHEAT

The "Crop Testing Plan" is now analyzing the results of this last summer's tests of thousands of wheat samples, each sample representing a farmer's growing field of wheat. Owing to the shortage of labour, tests this year were made in only of samples from those areas which in the past have shown a high percentage of bad wintering.

The first thing that strikes one looking over the tests is to note the large numbers of farmers who actually were growing a variety of wheat which was entirely different from the variety they thought they were producing. Many farmers, for instance, who thought they were growing Red Bobs—an early variety—were found to be actually producing Marquis—which is a much later variety. Because of this information many of such crops no doubt this year were caught by frost.

The tests show, too, that many farmers who though they were growing a rust-resistant wheat, either Thatcher, Apex, Renown or Regent, actually were growing a variety susceptible to rust, such as Red Bobs, Mercia or Canus. Here, of course, the farmer would lose much money in a rust year. It does seem important, therefore, if farmers wish to make the full amount of money that their hard work deserves, that they should be absolutely certain that the seed they sow is really of the variety they wish to grow.

Salisbury News

Yep, Salisbury is still on the map. The town apparently has been very busy helping with the construction of a new barn, home the hold-up of same.

Gone Better of the R.C.A.F. was built in the district for a few days more.

Congratulations to Mr. and Mrs. Harold Wermenoff Jr. with the addition of a baby daughter to the family.

A group of young people met at the home of Mr. and Mrs. J. W. Hosford. All spent a very enjoyable evening.

The regular meeting of the Ladies' Aid was held at the home of Mrs. J. W. Hosford. Several items of importance were discussed which will be materialize in due course.

"You're In The Army Now!"

In an appeal for more recruits to join the local reserve unit of the 2nd Edmonton Legal Regiment, Lieut. H. McKee, officer commanding, in a talk to the boys at parade Monday night said that the Reserve Army is now more essential than at any time since the war began. Said because there are no Japs on Kiska, and that we are going ahead on all fronts, that the people have to believe that the Reserve Army isn't as necessary as a few months back. We have still to meet the enemy's best soldiers and to defeat them, he said. This will take many trained men. There is a place for the Reserve army in the defence of Canada and the United Nations, and it may mean only a matter of time until we are asked to take up those positions. I hope you never have to, but lets be trained if we are called upon, he said.

Sam Syzag in a routine of 6 miles of Fort Saskatchewan, are urged to join the Fort Unit. Parades are Mondays and Wednesdays at 8 p.m.

Lieut. McKie brake the good news that henceforth the Unit would be known as "C" Company. Headquarters would be set up in the Community Hall, and that Lamont, Bruderheim, Chipman and Bon Accord would be brought into the fold.

The unit boasts of 51 members, ten having joined the active forces.

A change in "issue" was announced by headquarters. Army members contemplating taking a holiday would do well to see proper officials first.

ORDERS

14th and 15th Platoon, 2nd Edmonton Regiment (R) will parade Monday and Wednesday night at 8 p.m. sharp.

Dress: Battle, anklets, skeleton web, small haversack with cornrolls. All "issues" are cancelled.

Fifth Victory Loan Over Half-way Mark

The returns of the Fifth Victory Bond canvass in Fort Saskatchewan have not been received to date, but it is said that the town is doing very well. County canvassers are being asked to report after their quota is held up on account of bad roads.

Mr. Allan Murray holds undisputed claim to the first subscription of this year. He now holds the record of three times in a row.

Bond sales across Canada have reached the half-way mark. All branches of the service are showing the way to over-subscribing their quotas.

Keep 'Em Going

One step won't take you very far,
You've got to keep on walking.
One word won't tell 'em who you are,
You've got to keep on talking.
An inch won't make you very tall,
You've got to keep on growing.
One little ad won't do it all,
You've got to keep them going.

A constant drop of water
Wears away the hardest stone;
By constant gnawin', Trevor
Mastiffens the toughest bone.
The constant cooing lover
Carries off the blushing maid;
And the constant advertiser
Is the one who gets the trade.

Minister Urged To Change Plan

CALGARY, Oct. 27th.—The Executive, Alberta Federation of Agriculture, advised Hon. J. G. Gardiner, Minister of Agriculture, by telegram Tuesday that falling a supplemental announcement by himself indicating a further increase in hog returns under the 1944-45 British Bacon contract, Alberta producers are on the way out of large scale hog production.

The Federation officials placed on record the fact that the magnificent hog production study in this province may threaten even the production of Alberta's share of the new 2,500,000 pound basket of 980 million pounds of bacon and ham for Britain. Hope was expressed by the Federation's spokesmen that since the price announcement of October 22 covering Mr. Gardiner's declaration concerning the new British Bacon contract stated "the agreement was about to subvert and found it heavier than it should be. So kneeling down, one at a time, they poured through, to see two lovely big black pussies with a white stripe right down their backs.

We never did hear the rest of the story.

Young Son: "Father, what's the difference between a gun and a cannon?"

Dad: "There's big difference. It is just as if I spoke, and then your mother spoke."

ARDROSSAN NEWS

The C.G.I.T met at the home of Miss Jean Hanlan, when arrangements were made for their annual Hallowe'en party.

Mr. and Mrs. George Bass and family have moved to the city. We wish them the best in their new home.

The meeting of the War Service Guild will be held at the home of Mrs. C. H. Williams, on Thursday, Nov. 4th.

Congratulations go to Mr. and Mrs. Ray Warnock on the birth of a little daughter.

Hunters by the score are seen and heard throughout the countryside. Some folks say they are afraid they will have to put up "No Shooting" signs in their farm yards.

Two men working on the No. 16 Highway recently, were putting in a culvert and found it heavier than it

The grown-ups can set the children an example by not riding their bikes on the sidewalks, says the town policeman Persons caught riding on the sidewalks, have their wheels taken away for awhile. Nobody wants to do that, but riding on sidewalks walks must stop.

Army and Institute Sponsor Dance

"C" Company, 2nd Edmonton Regiment (R), Fort Saskatchewan Unit, and the Women's Institute will sponsor a dance on Friday, November 12th, in the Fort Community Hall.

Patrons are assured of good music for dancing, as Frank Smith's orchestra, augmented by former members of the band will supply music for the dance.

Lunch will be served at a nominal charge in the buffet room by members of the Fort Rebekah Lodge.

Memorial Service Partridge Hill Sunday, Nov. 7th

A memorial service in honor of Sgt. Earl Rye who was killed in action in the Mediterranean war theatre on October 6th, will be held at Partridge Hill United church on Sunday afternoon, November 7th, at 2:30 p.m. Rev. E. H. Birdsall will conduct the service.

Sgt. Earl Rye, son of Mrs. Mary Rye of Partridge Hill, joined the 49th Battalion in Edmonton in March 1939. Previous to his enlistment he worked on farms in the district. After the usual course in army training, he was sent over to England, where he was stationed until the Canadians went into the fight in the Mediterranean war zone.

He has two brothers, Pte. Norman Rye and Gnr. Chad Rye, both in the Canadian Army overseas.

In a year in Britain, a correspondent has come upon but one case of gasoline war nerves! A Londoner tottering into a pub and calling for bib and jitters.

Red MacCrimmon Appointed to Board

Red H. MacCrimmon, prominent farmer and prize winning hog producer of Sentford district, is reported to be appointed to the Canadian Meat Products Board.

He is to be named to the vacancy by the recent death of John Harrold, of Nanaimo.

Mr. MacCrimmon has been a prominent figure in this area for many years. He has been a leading hog producer, and takes an active part in the welfare of Alberta hog producers. "Red" as he is known in this part of the country, is very capable and his appointment to the Meat Products Board, will give him an opportunity to look after the interests of Western Producers.

East Edmonton Use Community Hall For Third Room

The postponed monthly meeting of the Wye Road Willing Workers took place at the home of Mrs. J.S. Anderson, Wednesday, October 27. Items of community interest were discussed. Mrs. Gordon Bolton kindly invited the club to her home on Wednesday, November 10th, for the next meeting.

SGL. EARL RYE

Mrs. J. Bisbey has returned to South Edmonton for the winter after spending the summer months at her home in the country.

The fall term of the East Edmonton School opened with a record attendance of 96 pupils. Mrs. Neal, Miss Kennard and Miss Gloss being in charge. The community hall is being used for the third room.

Mrs. Arthur Cass and baby daughter arrived in Kingston, Ontario, to join her husband Gnr. Arthur Cass.

Mrs. W. B. Chamberlain, oldfield Victory Loan sales lady for East Edmonton has had her car—but not the thief—returned to her. Mrs. Chamberlain reports very good success in her campaign of the district.

Enroute from Calgary to her home in Strome, Mrs. R. E. Sward visited at the home of Mr. and Mrs. S. W. Hawkins.

Reformed Church Celebrates Anniversary

Last Sunday the Reformed Church at Josephburg celebrated its anniversary with a rally of four congregations at the church here. Bonny Plain, Bruderheim and Vegreville were well represented. The church, both all morning and afternoon sessions was filled to capacity. Many of those attending brought lunch with them and shared it community fashion. Coffee-tea, which were unusually bountiful, were all donated to Missions. In the evening Rev. and Mrs. J. Kruger entertained the visiting clergy.

Beaver Hills Ladies' Aid met at the home of Mrs. Cantrell on Wed. with Rev. and Mrs. E. H. Birdsall in attendance. It was decided that parcels be despatched to the local boys. A congregational supper is to be held in the near future at the church.

News of our boys above that Bonnie Fisher is still in Canada for W.O. Verne Willie has been assigned to Edmonton, as an instructor. Norman Fisher is still somewhere in England. Brian Fleury of the Meteorological Department is posted to A.O.S. in Edmonton.

Philip Rippel has sold the house in which he resided while in charge of Fairway Service Station. The present tenant Mr. Dompster has decided to build a new home immediately adjoining the office and construction is advancing rapidly.

On Friday afternoon the Junior Room held a most successful Hallowe'en party at which some of the members were hidden into the art of playing round games. A contesting contest resulted in a win for Lena Mae Bisbey, followed by Shirley Thomas. Lunch followed and one and all voted it a day to remember.

In the evening the Senior Room staged a rip-roarin programme for the local people. Some story of these turned up. We are gradually evolving a definition of the term "young folks" which apparently refers to anyone—married or single—above Grade VI standing who is sport enough to enter all contests, no matter how amazing. The programme consisted of team games of such variety that everyone present had an opportunity to shine somewhere. The games came to a conclusion at 11 p.m. with wild hilarity occasioned by the distribution of noise-makers. To round the evening off, an impromptu dance with Miss Muir officiating as pianist, took place. One and all voted the evening a success.

National Film Board is bringing a programme to Josephburg School on Friday, November 5th. No charge is made and all are welcome.

More than 1,000,000 tons of British and Allied ships, torpedoed, bombed, and left burning at sea, have been brought safely to port, repaired and shown. have returned to service in convoys, shipping authorities state.

Buy War Bonds—Today!

Town of Fort Saskatchewan

Armistice Day

THURSDAY, NOVEMBER 11

being a public holiday, (Armistice Day), all places of business within the Town will be closed all day. Accordingly, places of business within the Town will remain open all day the preceding Wednesday, November 10th.

(Signed): C. R. W. MAGER, Mayor.

Fort Saskatchewan and District 55% of Fifth Victory Loan Quota

Fort Saskatchewan and District up until Wednesday evening, only reached 55% of their Fifth Victory Loan quota. This is a little better than the half-way mark. With only one week to go until the end of the Campaign, this isn't good enough.

Men and women in the armed forces are fighting, as in other parts of the world, have hit a mark that every citizen in the dominion should try to meet.

"Buy an Extra Bond" is General Simmonds appeal from Italy.

"Timed for release to the people of Canada Wednesday the following message has been received from Maj. Gen. G. R. Simonds, commanding Canadian forces in Italy, in support of the Fifth Victory Loan campaign: 'In Italy Canada's soldiers need every month increasing pressure will bring final enemy collapse. Are we sparing themselves to achieve that end. Urge all Canadians back this effort by purchasing an extra Victory Bond during the next three days to help Speed the Victory."

GOOD HOPE NEWS

A.C. Cliff Magee spent a short leave at his home, closely hunting for distant northern points.

Pte. Elmer Magee returned to military training camp last week, following a two-months harvest leave.

Hard luck struck two of our school children last week when Evelyn Miller had the misfortune of falling from her pony, breaking her arm, near the elbow.

Joyce Burnett was taken an Edmonton hospital, where she underwent an operation for appendicitis. To both these children we wish a very speedy recovery.

Gerald Magee, second son of Mr. Bill Magee of Good Hope, has joined the forces of the R.C.A.F. transport. He is now training at the R.C.A.F. station in Toronto.

Gerald received most of his schooling in Good Hope. Following his school days he was employed on the Municipal Road building outfit, until his enlistment last September. His friends of the community wish him "God speed".

At a Survey Training Centre personnel of the A.T.S.—United Kingdom equivalent to the C.W.A.C.—learn how to review maps from photographs taken by reconnaissance pilots. By studying the revised maps the pilot knows exactly what remains to be destroyed at the targets he is to visit.

Hallowe'en Passes Quietly in the Fort

Fort Saskatchewan, like other towns reporting, enjoyed one of the quietest Hallowe'ens in years. Instead of the usual cry for Hallowe'en spoilers, pumpkin, etc., school children went from door to door seeking "pennies". Contented in most cases, with their faces painted in all colors, and in gangs of 4 to 12 members, they collected $44.81 in aid to the Womens' Institute ditty bag fund.

After making the rounds of the town, the children congregated back in the school, where the following committee served them hot-dogs, cocoa, and biscuits: Mrs. McLellan, Miss Caldwell, Miss Anderson, Miss Ward.

This was a fitting climax for a busy evening for the children.

Some of the older boys took exception to a few outbuildings, wishing-well and windows here and there. But on the whole it was the quietest Hallowe'en a years.

The following groups had the 25 gangs that canvassed the town:Lt.-Allan Black, Les Dewigans, Philip Davignon, Kenzie O'Brien.

Sgt Keith Neale, Michael O'Brien, Maurice Bradshaw, John Martin, Tom Mitchell, Donald Chamberlain.

Tied for third place, Dorothy Cousins, Anita LeFaga, Jean Simmons, Marvial Carr, and George Mair, Renate Engleson, Sidney Webb, Jack Neale.

Chaperones: R. J. Richardson, L. B. Adams, E. H. Birdsall, S. W. Hooper.

Salisbury News

The annual Salisbury W.M.S. thank offering was held in the Church Wednesday, Oct. 27th.

Mrs. Beller as the guest speaker and also sang "The Glory Song" in Cree.

Mrs. H. Craig also sang a solo.

Afternoon tea was served and all spent a very enjoyable afternoon.

Congratulations to Mr. and Mrs. F. Yohnson on the birth of a son.

The pupils of Salisbury School held a Hallowe'en party. Quite a number of parents were present and all had a jolly time together.

VICTORY HOUSE, Mr. Bob Hebert and Mr. Wm. Hosford are very busy this week visiting their neighborhood where we are sure they will receive a warm welcome and sell an limited number of bonds.

Don't Walt—Buy a Bond!

Public Holiday Armistice Day

Armistice Day, November 11th, has been declared a school holiday by the Alberta Minister of Education, Hon. Hanni Ens. This announcement was broadcast over the air Wednesday.

A public holiday was declared by Mayor C. R. W. Mager, after the co-operation of the merchants was readily forthcoming. Therefore, all places of business will remain closed Thursday, November 11th.

Wye news

Stores to Close Saturday Nights

Stores in Fort Saskatchewan will close at 1 p.m. Saturday evenings, until further notice. Also customers are reminded that Thursday, Nov. 11 being a public holiday, all stores will close. Accordingly, when a holiday occurs during the week, Wednesday afternoon holiday will be cancelled.

Badminton Players Enjoy First Night

About 25 persons gathered at the Community Hall Thursday night and enjoyed their first badminton game of the season. Several new players were noticed on the floor, and all indications point to a strong club this year.

Later in the evening, the gathering were the guests of Mr. and Mrs. J. D. McLean, at their home, where a beautiful lunch was enjoyed. A short sing-song concluded a most pleasant evening.

Badminton courts may be used any night that the hall is vacant.

"You're In The Army Now!"

WE'RE SLOWING UP IN

Fort Saskatchewan and District

What are we going to do about Victory Bonds?

After four years of war the Germans still occupy all the countries they have invaded. The Japs still hold most of the territory they took. The Russians are fighting to regain their own country. The Chinese are fighting to regain Chiina. On the battle front we're just getting going. On the home front we must keep on going. We must buy more VICTORY BONDS.

It should not be necessary to call attention to the fact that the Victory Loan in Fort Saskatchewan is not getting the support it should get.

Every citizen in Fort Saskatchewan must be a bond buyer. If you have not bought yet do not wait for a bond salesman to call on you. Look up your salesman—or call at the local National War Finance Committee Headquarters. Do your part to help to end the war quickly. Help to bring our boys and girls home from the fighting front.

If you have bought bonds with cash you had on hand—buy more bonds on the convenient savings plan, which spreads your payments over a six months period.

You will help to speed the victory—

And you will be saving money which you will have for the things you will need and things you will want when the war ends.

This is Our Opportunity to Speed the Victory

BUY MORE VICTORY BONDS

Local War Finance Committee

L. D. Jones, Chairman — Vice-Chairman, J. S. Wright
W. A. Graham, Publicity — A. H. Gibson, Unit Organizer

YOUNG BILL is doing his own post-war planning. Every week he calls at the Royal Bank, buys another War Savings Stamp and sticks it in his book. He has his own ideas of what he wants to do when the war is over—so he's saving for it now.

YOUNG BILL typifies the spirit of all Canadian youth . . . a quality of self-reliance and personal initiative that has made our country great. No one is going to plan his future for him. He's taking a hand himself!

What is PRIVATE ENTERPRISE?

It is the natural desire to make your own way, as far as your ability will take you; an instinct that has brought to this continent the highest standard of life enjoyed by any people on earth. It is the spirit of democracy on the march.

THE ROYAL BANK OF CANADA
Fort Saskatchewan Branch
A. B. KING, Manager

A WEEKLY EDITOR LOOKS AT

Ottawa

Written exclusively for the weekly newspapers of Canada

Capital gossip: Like President Roosevelt's dog "Fala", the Governor General's pet bull terrier "Byng" is an Ottawa prominent. Recently when the Earl of Athlone was leaving the west, "Byng" left home and was listed among the missing. . . . "Masked car" test September is causing some of the Board of Control to ask the Department of Public works to relight all the white way lamps in Ottawa's business section, also along the Federal District driveways. . . . Ottawa jewellers report better times than could be measured in a piano. Some girls outnumber men five to one; because of a revival of the old custom of ladies ringing the third fingers of bridegrooms. . . . Total registration at public schools in Ottawa for month of September was 5,725, which does not mean much in relation to total population. . . .

The trend of economic conditions in Canada averages higher in the first eight months of 1943 than in the same period in the preceding year. In the index of the physical volume of business, the five main components each showed a gain of 17.5 per cent; manufacturing increased by 22.5 per cent; construction showed a gain of 9.6 per cent; communication showed a gain of 5.6 per cent; and electric power showed a gain of 7.5 per cent. Our national trade, reflecting heavy production and a flow of materials, showed a gain of 27 per cent. Due to scarcity of additional labour, the numbers of persons employed in manufacturing showed only a moderate gain, the general index of employment a gain of 7.5 per cent. . . .

Another landmark of the war for Canada is expansion of our steel industry. In refinery oil drilling operations in Saskatchewan they had used as a drilling mud, "bentonite", now hard to obtain from the States. A University of Saskatchewan professor, W. G. Worcester, developed the use of a substitute clay found in large quantities around Estevan, nearby to the Bienfait lignite coal fields, and they're using about 30 tons a week in drilling operations now. . . .

"Our servants know their position is upon us all through the "byways and byways" of Canada. Church groups have been busy planning their booths, with an eye on conservation and the other on the returns. Aprons, ostensible as ever will be made from housedresses that have shrunk or split at the shoulders. Some enterprising women will make them from sheets and bind them with gay prints. With infinite shades of wool not so easy to get, the garments in the baby booth will be made from re-worked material and you'll never know it from the brand new, so expertly can it be revealed and laundered. Now with preserves rationed, they will no longer appear among the delectable array of home-cooked goods. No preserves may be sold without surrendering a ration coupon; and so rules of any national consistency between canners are forbidden. (This is our weekly woman's item from Thelma Craig of the Consumers Branch, W.P.T.C. Ottawa.) . . .

Central vegetable farms in Saskatchewan and Manitoba last July will be showing themselves on your shelves soon with the movement of potato cultets through your system of "marketing for Canada" recently announced by the Prime Board. It does not appear that foodstuffs will be rationed, but there is in prospect, judging by the statement issued, Withholding of the current crop from the market in order to induce farmers to have worked out cheap. . . .

Most stocks of food held in Canada as of October 1, 1943, were considerably lower as compared with the same date a year ago, with the exception of meat—both Canadian and imported. For instance, cold storage stocks of creamery butter on hand were 20 million pounds as compared with 45.9 million pounds last year; cheese held by producers and factories, 56,234,434 pounds, less by eighteen millions; eggs in cold storage, 4,000,000 dozen, most concentrated to 97,680,597 pounds, over 20 million more than on the same date last year. But the figures were mostly up from the month preceding by considerable, as take poultry, for instance, 2.5 million the month before.

—V—

BUY WAR BONDS AND STAMPS!

School Flashes

The boys who have been interested in football in the past have started their own teams. As soon as a new football has been purchased they hope to have some good games. Whether will be on skateboard for the boys as there's on the island this week. Why? Students much for playing in the snow as on of the Fort High School Library

Everyone hopes that the weather will remain favourable so that the students can play their favorite game of football at recesses and at noon.

There is no such confusion in the halls of the school this week. Why? Students much for playing in the snow as on of the Fort High School Library

Society are planning a social evening on Friday, November 5th. Every one will enjoy a game of cards, dance or just a social chat. . . . A still more enjoyable evening followed for the Red Cross Paper. The question being put forth by all the students is where they got a good time to do it over for all.

Surprise! The editor wasn't pelted to please on Remembrance night. Every one was in perfect order. Hallowe'en was the usual time. The witches and ghosts were out. Everybody is being busy in the war effort.

"Friend Tomato" probably finds quite satisfied with his own present-day school in the Fort. Probably his idea is quite satisfied with the food set before him. All the shopping and preparation looks just spoken of take imagination to do a good. The

Farmers and Industrial Labour

Some people believe that the interest of farmers and of industrial labour are identical, and that if only the two groups could get together amicably and agree on prices and wages, all would be well.

It hardly seems as though such agreement would ever be possible. Farmers would be better off by having high prices for the foodstuffs they sell and low prices for the goods they buy, but industrial labour wants just the opposite High hourly wages (which means high prices for the goods farmers have to buy) and low prices for the foodstuffs they buy, and so there would be an eternal tussle as to which group, farmers or labour, would win out.

To give an illustration. Since 1935-14 the prices of the farmers' products, i.e. foodstuffs, have risen by approximately 69%, but the hourly wages of industrial labour have increased more than 138%, and these increased wages have in turn greatly increased the cost of the things farmers have to buy for living and production.

In order to do justice to farmers, would labour agree to have the prices of the foods they buy considerably increased, or would they rather have their own hourly wages considerably decreased so as to lower the cost of the things the farmer have to buy? This is a question industrial labour itself might answer.

Clover Bar Area Loses Pioneer

Funeral service was held on Monday for Daniel Snider Fulton, 70 homesteader and resident of Clover Bar for 59 years. Mr. Fulton died in a city hospital Thursday.

Born in Truro N.S., he first came to Clover Bar in 1884. In 1890 he was married to the former Elizah Gosnel, who came to Edmonton from the Orkney islands in 1886. They were the first couple married by the late Rev. Dr. G. McGregor.

At one time Mr. Fulton was engaged in hauling freight by team between Calgary and Edmonton. He was a life member of the Northern Alberta Pioneers and Old Timers' association.

Surviving are: Mrs. Fulton, four daughters, Mrs. C. M. Gilbert, Mrs. W. H. Noble, Mrs. M. H. Meredith, all of Edmonton, Mrs. W. T. Holland, of Clover Bar; two brothers, Harry and Hardy both of Cloverdale, B.C.

The funeral was held at 2:00 p.m. Monday at Seward and McBride's chapel, with Rev. J. MacIntosh Miller officiating. Burial was in the Mount Pleasant cemetry.

STOP COAL WASTE

BUDGET YOUR COAL PILE

Coal is the backbone of our entire war effort. Every ton is precious and is needed to help speed victory.

You can do your part to meet the emergency by budgeting your coal pile . . . by practising the conservation methods outlined in the free booklet illustrated at the right.

Save coal the 'in' fuel

Watch for Damp Grain

Recent snow and rain may have soaked surface layers of grain stored in the many types of buildings now in use for this purpose Damp or wet grain heats readily in bins and will seriously affect the germination of the seed. With a shortage of seed vinces and every precaution should be taken to insure safe storage of seed. Only recently it was reported that a granary full of good seed oats going out of condition through common moisture.

When the grain is known to have been damp or tough when threshed it may have become damp through rain or snow, shovelling over and spreading out is the most satisfactory method of preventing heating.

FARMERS AND FARM WORKERS

If Your Farm Work has Slackened for the Winter, You Are Needed Elsewhere in Essential Employment

Highly essential work—very important in Canada's war effort and for the welfare of the Nation—is threatened with shortages of workers. One of the few sources of men available for other high priority jobs is those men on the farm who will not be needed at home during the Fall and Winter. Heavy needs must be met in many lines—producing vitally essential forest products; in base metal and coal mining, in food processing, in railway track maintenance. If you live on a farm and are not needed at home during the Fall and Winter, you are urged to answer this national appeal.

Farmers engaged in essential work during the off season will be allowed to return home when needed. *Also, those on postponement under Mobilization Regulations will continue on postponement while in approved essential work during the slack season on the farm.*

Please answer this vital call NOW.

EVELYN PASEN

It has been announced that Evelyn Pasen, eighteen-year-old Toronto concert soprano, has been granted a fellowship to study with the Juilliard Graduate School, of New York. Hence, another young Canadian leaves for New York to begin the road to concert stardom, and perhaps operatic fame. She expects to spend the Christmas vacation with her family in Toronto and on that occasion hopes to make a network appearance from the CBC studios, where she gained sustained prominence a few months ago.

Send the news of your district in regularly to the Fort Record.

Local News

Lt. Tom Wall, R.C.A.F., and Mrs. Wall of Calgary, are visiting at the home of Mr. and Mrs. Tom Wall of Fairmont View on a ten-day leave. Tommy expects to thresh during his visit here.

The November meeting of the Fort W.I. will be held in the Union Hall, Wednesday, November 10. Yorkville U.F.W.A. and Fort W.I. are jointly sponsoring the concert and dance of the season. Mrs. McDonald, (formerly Vera Sinclair), Dictorian of the Robertson Board of the Provincial Dept. of Agriculture

Herschell, Partridge Hill and Bremner U.F.W.A. are invited to attend.

Everybody Welcome!

Trooper Lloyd Malone of London, Ontario is home on leave prior to being transferred to Camp Borden.

Miss Ruby Smith and Miss Betty Fennell of Hamilton, Ontario were week-end visitors at the home of Mr. and Mrs. E. W. Chadwick and family.

Mrs. Fred Sherman left Tuesday for Halifax where she will visit with her daughter, Sgt. Edna Sherman, (W.D.) R.C.A.F.

Mrs. Art Hopgood and son of, Vancouver B. C., spent the week-end at the home of Mr. and Mrs. R. W. Chadwick.

Val Berg, of the Hudson's Bay Staff, Edmonton, spent the summer vacation on the farm of Mr. and Mrs. Albert Mohr at Josephburg. Although he is a confirmed town boy blisters on his hands, Val is still enthusiastic about threshing and farming. He has served 13 years with the "Bay" and in recognition of this service he was the recipient of a service pin and bonus, besides the extra week's holiday.

A wedding of interest to Fort Saskatchewan residents will take place at St. Stephens College, Edmonton, Friday evening, when Bob. Lieut. Reporter Wm. and Miss Ruth Phillips of Jasper, Alberta, will be married. Sub. Lieut. King is home on embarkation leave and will be returning to Halifax next week. Bar. R. H. Birdsall will officiate at the wedding.

Mens Wanted—Fort Record.

Girls Club will meet at the home of Mrs. Lee. Camps Tuesday, Nov. ninth.

Physical Training enthusiasts organized All women over 16 interested in reviving the Town's Dominion-Provincial Youth Training Group, are invited to call at the home of the former leader, Sandie Sandilands, (one block north of Fire Hall) at 8.15 p.m. Friday, November 5th.

The attendance at this meeting will determine whether or not it would be worthwhile to re-organize So come on guys—we still need some exercise to straighten those round shoulders, a song and dance to lighten our mood and let's personally clean up our condition. Here's a chance to keep happy and healthy for "That Man" until he comes home again.

Josephburg Ladies Send Xmas Parcels

A group of ladies in Josephburg, organized some time ago, to arrange for the sending of parcels to boys in action on the farm of Mr. and Mrs. Albert Mohr at Josephburg. Although by the middle of October letters on his hands, Val is still enthusiastic about threshing and farming. He has served 13 years with the "Bay" and in recognition of this service he was the recipient of a service pin and bonus, besides the extra week's holiday.

Sept. 3, 1943

Mrs. Albert Mohr, President,
Dear Mrs. Mohr,

I have just received your most welcome parcel sent by the clerk. I wish therefore you all for your kind gift. I hope this finds you all well and happy. As for myself, I am quite well and am back in camp resting after we came over here to do. At present we are just about to be moved, so I will have to cut this short, as I want to write Mother and Dad and my wife, who by the way is quite well and happy in London, at her Mothers' with the baby. A nice little girl 16 months old. It pretty near broke my heart to have them, but I look at the rate things are going I will be going back before very long.

I suppose you will be all about Stewart McEachern. If you see any of his people please tell them we were together the night he died, and he was a real hero. I wish to express my deepest regrets.

I must go now, so thank you once more.

Yours sincerely,
Bonnie Webb.

PART of the Canadian Pacific Railway's campaign for right conservation of coal during this heating season is a special booklet of instructions, the front cover of which is illustrated above and which all those immediately responsible for handling company coal must follow. Supplementing the booklet a general appeal on home savers per Coke, goes to the almost 70,000 employees of the company and the subject will be kept alive by a continuing intra-company educational series. All phases of the campaign, announced by W. M. Neal, the vice-president, are expected to save 500,000 tons of coal throughout the system, itself, with the home savings by Canadian Pacific people expected to add considerably even to that impressive figure. The company saving will be 10 per cent on the approximate 5,000,000 tons of coal procured annually—a remarkable saving, when considered in the light of the Canadian Pacific's own conservation campaign to increase operating efficiency which has been consistently practised for 50 years.

"PILLARS of PEACE"

The fourth in a series of seven articles by Rev E H Birdsall, discussing the "Pillars of Peace" formulated by a Commission of The Federal Council of Churches of Christ in America. It is suggested that these be preserved and studied together.

"The Peace must make provision for an organization to adapt the treaty structure of the world to changing underlying conditions."

THIRD PILLAR

Everyone will admit that this pillar is necessary to the structure of peace. Why, then, bother stating it? For two reasons: first, because few makes no act one way while our minds try to convince us we are acting in a totally different way and a second, because a principle, if it is not brought into the light, may simmer away in the unconscious and bring forth demonic conduct.

Why mention fear? Are we afraid of something? We are afraid of change. Even those of us who are not content with things as they are would often rather have the present frozen than let it flow freely into tomorrow It is not "dread of something after death" but also fear of what change "that makes us rather bear the ills we have than fly to others that we know not of."

We are afraid to trust change, but most of all we are afraid of the changes other people may wish to make. That is especially true between nations. There must be, therefore, some method by which, when conditions change, the conditions referring to them may be changed with the full knowledge of every nation involved. This will prevent one-sided breaking of treaties, and, what is worse, secret abandonment of declared intentions.

Some of course, would have treaties prohibited altogether. That is the political view for two reasons. First, it could not be enforced and it would only multiply the secret treaties. Second, some instrument of understanding between nations is necessary and the written agreement is best even though time will make it obsolete.

The wise thing to do, then, is to make provision for an organization that will be constantly pointing out where treaties no longer fit the facts and inviting representatives of nations to keep their treaties up to date. The same organization should have the further duty of studying the early symptoms of war, and reporting them to light of public criticism on international action.

"Bambi" At Shorty's Shows

"Bambi" the Walt Disney animated technicolor fantasy comes to Shorty's Shows Thursday and Saturday nights, with a special matinee Saturday afternoon at 2 o'clock. Children and adults should make every effort to see this show at shorty's. The pictures has the tenderness of "Snow White" and also its whimsy, and the music fits the mood of the story to perfection The story goes something like this: "When a new born deer, son of the Prince of the Deer comes into all the other animals run to greet him. They speak to him in human voices; the story revolves around him and the owl gruff and aged, Named Bambi, he starts his existence like that of any growing child, first learning to walk; then learning words; four, two and then grief at the death of his mother. Entering young manhood he finds his love and is forced to defend her from others."

Don't forget we suggested that you will miss the best show of the season if you miss "Bambi". Let the children go Saturday afternoon.

Next Week: "Gentleman Jim."

A missionary in Africa was trying to impress upon a native convert that it was not right to have more than one wife.

"When you get back home," he said, "tell all your wives except one that they can no longer look upon you as their husband."

The negro scratched his head thoughtfully and said, "You tell them, massa."

Many Attend Funeral Mrs. Margaret Fluker

Mrs. Margaret Fluker, one of Beaver Hill's pioneer mothers, passed away Saturday, November 6th. Mrs. Fluker came west with her husband, Joseph Fluker, in 1892, from Perry Sound, Ontario. The couple with their family, purchased a farm in the Beaver Hills district, where they have resided ever since.

Mrs. Fluker took an interest in community and church life, but was known throughout the community as a good housekeeper and culinary expert.

The funeral service held Tuesday afternoon in Beaver Hills United Church was attended by a large gathering of old timers of the district who came to pay their last respects to Mrs. Fluker. Rev. E. H. Birdsall officiated.

Pallbearers were: Ed. Kelly, Jack Pinnell, Rudolph Berg, Jim Kelly, Henry Marshmeyer, Jim Magee.

She is survived by three sons: John, William and Rudge, all of Fort Saskatchewan; two daughters Mrs. J. Pomfret of Fort Saskatchewan; Mrs. R. Lilly Plimoff of Westlock, Alberta, and one brother, Albert Campbell of Lamont, Alberta; two sisters: Mrs. Elizabeth Carlton of Hamilton, B.C., and Mrs. Rachel Durrah of Dalhousie, Alberta; also 19 grandchildren and four great grandchildren.

Interment took place in Rocket cemetery.

Good Hope School Raise Money For "Milk For Britain"

On Monday evening a Hallowe'en party was held at the Good Hope school. At 8 o'clock, dressed for the occasion the children gathered at the school from which they dispersed in all directions. They visited several of the nearby neighbors singing for apples and candy for the milk for British Fund. $1.30 was collected and also many apples. At 10 o'clock, the pupils came back to the school where games were played until lunch was served. They all went home at 11.30.

Joyce Bennett is home from the hospital after undergoing an operation for appendicitis.

Mr. Alex. Henderson who has been employed in the metal foundry for several months is home with his wife and family.

Things we hear about and very seldom see—our genial mail-man escorting a young lady home Monday night.

South Edmonton News

Victory Loan Committee Praises "Record" Help

National War Finance Committee Province of Alberta

The Editor,
The Fort Record,
Fort Saskatchewan, Alberta,
Dear Sir:

May we take this opportunity of extending our sincere thanks for the very splendid co-operation you have given the Northern Alberta War Finance Committee during the Fifth Victory Loan.

As you know by now, Northern Alberta went over the top on a big way, and this was due in no small measure to the very splendid support of the rural press, and with the type of co-operation shown by you

again, our sincere thanks, and I know we can depend upon you again when the Sixth Loan arrives in approximately six months.

Yours very sincerely,
G. S. Henry, Vice-Chairman,
Public Relations Section,
November 3rd, 1943

Fort Saskatchewan,
Nov. 10th, 1943.

Editor, Fort Record;
Dear Sir:

May I, through your columns, express my sincere appreciation to the residents of Fort Saskatchewan for their generous response to the 5th Victory Loan Drive

You will all be interested to know that here with the Town has done. Our quota was set at $36,000, bonds purchased totalled $37,600 or 104% of our objective.

Well done Fort Saskatchewan, and thanks at last.

Yours sincerely,
Henry Lesher.

World of Wheat

by
S. G. L. Strange

Our farmers and all of us owe a great debt to our talented Canadian scientists in agriculture. It is, I think, safe to say that if our Canadian farmers were using today those varieties of grains and breeds of livestock that were common forty years ago, they would have hardly anything to export.

The agricultural scientist has produced better breeds of livestock, higher yielding and higher quality varieties of grains, that have helped our farmers to survive, and now to the long list of these varieties which have been boons to our farmers, comes the promise in a year or so of a new wheat that will be resistant to new-flies, and which, therefore, will save our farmers millions of dollars in any year in which the new-flies are present. In fact, when fully developed the new-fly damage is estimated to amount to 20 million bushels of wheat.)

How valuable is the work of these scientists! And yet they are among the lowest paid men belonging to any occupation that requires the high talents and the expensive education that these men must have, I for one suggest that it is high time their employers—the Dominion and Provincial Governments — remedied appropriately this condition These so valuable friends of the farmers are receiving, for we must depend upon them to introduce still better varieties and breeds to compete with the advances being made by our competitors for world markets.

SPEAK AT RURAL CHURCHES

Rev. H. G. T. Burleault of the British and Foreign Bible Society will be associated with Rev. E. H. Birdsall on the evening Sunday, visiting all four congregations. All of every denomination are welcome.

Threshing Resumes At Josephburg

The big event for this burg for the coming week will be the marriage of Charlie Fluker to Adaline Krebs. The actual ceremony will take place in the Beaver Hills Church with Rev Birdsall officiating Following this a reception for immediate relatives will be held at the home of the bride's parents, Mr. and Mrs. Adolph Krebs. In the evening a dance which all friends, near and far, will attend, will be held in Josephburg school.

The young couple is a virtually home-raised product and both were educated in this school. We are pleased to say they will settle their home in our midst.

A shower for the bride was held last week at the Reinhold Mann home. Judging by the outcome, the young people will not be lack for home accessories.

Congratulations to the Staff of the Fort School upon their decision to form a teachers' group which will meet from time to time to discuss mutual problems and become better acquainted. Such a group has been formed in the past, but was lost due to the inability of the small school teacher to provide herself with transportation; through wider areas, adverse weather conditions and busy farm seasons, the club Lossi has fallen through. We trust this Revival has indeed risen from its own ashes and will flower as a green bay tree.

National Film Board goes on exceptionally good programme of pictures at the Empress Theatre Friday last. We regret to say attendance was far from good.

Resident Mutual Telephone Directors held a protracted meeting in the school-house on Wednesday evening. We hear that business is in a flourishing condition in spite of obtaining new supplies and that The Board has been very fortunate in its choice of able and interested directors, who are always willing to put their time and capability at its disposal.

Grandma Fluker passed away on Saturday. The funeral service will be held on Tuesday at Beaver Hills Church.

The Senior Room Club despatched gifts to two of its past pupils who have been on the job for many months. The Club also voted gifts of cigarettes to six of our local boys who are absent in the Services. The cigarettes were dispatched at the week-end

Rudolph Ripple, the driver of the new school van to the Fort, is owning a conundrum of sorts. His farm as one means of securing that his son will always fulfil to contract. What with threshing, stacking, silo and the hundred and one jobs incidental to the upsweep of winter, building does not go forward as rapidly as he would wish.

Threshing has been going of for the best half of the week and, though the grain has a tendency to be tough, one must needs go through with it, these local outfits have pulled into wider quarters but a considerable amount remains to be done yet.

November 11th is to be observed by schools as a holiday in spite of the fact that Armistice Day is the day for the Teachers' Convention in Edmonton. Most of the teachers in Sturgeon and Clover Bar should be able to attend providing the weather remains fair.

All are delighted to hear that the Misses' Burke is at an end. Quite apart from private concerns, there was such a danger that necessary public institutions would have to shut down.

Beaver Hills Church Scene of Pretty Wedding

Beaver Hills United church at Fort Saskatchewan was the setting of a pretty wedding on Wednesday, Nov. 10th, at 3.30 o'clock when Adaline Isobel Krebs, eldest daughter of Mr. and Mrs. Adolph Krebs, became the bride of Charles Raymond Fluker, son of Mr. and Mrs. Wesley Fluker. The altar was prettily decorated with silver baskets of pink and red carnations. The ceremony was performed by Rev. E. H. Birdsall of Fort Saskatchewan.

To the strains of the wedding march played by Mrs. L. Kolsh, of Edmonton, the bride entered the church on the arm of her father, who gave her in marriage.

The bride wore a lovely gown of white satin and net with a finger tip veil held in place with a sweetheart headpiece. She carried a cascade bouquet of cream roses. She was attended by sisters of the groom, Miss Doris Fluker in mauve net over taffeta and Miss Ida carried yellow chrysanthemums, and Miss Vida Fluker in pastel yellow net over taffeta, and carried yellow chrysanthemums. Each wore a headdress fashioned of white roses and drapes veils to match their gowns.

Donna Krebs, sister of the bride, was flower girl. She was dressed in a two length gown of green net over taffeta and carried a colonial bouquet of yellow roses and baby chrysanthemums.

Mr. Allison Fluker, cousin of the bridegroom was best man. Mr. Allan Krebs, brother of the bride, ushered the guests. The groom marked with white satin bows.

During the signing of the register, the organist played "O Promise Me."

A reception was held at the home of the bride's parents to about 25 guests. The bride's table was centred by a tiered wedding cake and white tapering candles.

To receive, the bride's mother wore a two-piece dress of autumn gold and a corsage of golden chrysanthemums.

Mrs. Fluker, mother of the groom chose a navy blue sheer and a corsage of American beauty roses.

During a short honeymoon the bride and groom will make their home at Fort Saskatchewan.

Fellowvale Residents Celebrate Anniversaries

Congratulations are in order—and anniversaries quite numerous. Mr. and Mrs. Chas. Mitchell celebrated their 35th wedding anniversary with a quiet family gathering recently. Mr. and Mrs. L. Holland will hold their 25th wedding anniversary on the 30th.

The canker worm held a memorial evening on the ninth when twenty eight dollars was raised for the Canada Relief Fund. Mrs. Evay is to be commended on the effort made by her boys and girls.

Mr. and Mrs. Earl Drader have their two sons at home for a visit. Clarence and Sam are both looking very fit.

Mr. George McWirter has moved back to Edmonton. Mr. McWirter will be missed, as he was a great help in the community both socially and in the store.

Miss Hilton Simmons spent the week-end at the home of Mr. and Mrs. J. Williams.

Schools in Great Britain for delinquent children have produced workmen skilled in many trades. They also contribute to the war effort immediately by such measures as putting schools grounds under cultivation.

THE COURSE TO FOLLOW

Grain congestion is very severe at the present time. The small initial wheat delivery quota amply demonstrates the truth of this statement.

In face of such conditions it is difficult for farmers to direct their limited quotas to the elevators of their choice, which in most cases is the Pool Elevators. The Pool Elevator system acknowledges that the problem is a complicated one. To tell the farmers to deliver all their grain to Pool elevators when space is so limited is simply not common sense.

But the Wheat Pool does suggest that where farmers have any selection in the matter the Pool elevators should get the preference. Furthermore, if you are compelled by unavoidable circumstances to deliver your grain elsewhere, do not forget that you should return to Pool elevators whenever the situation clears up and the congestion is relieved.

ALBERTA WHEAT POOL

Appeal For Men Who Can Be Spared From Farms

Under the Dominion-Provincial Farm Labour Program an appeal is being made for men, who can be spared from the farms during the winter months, for work in essential industries. The need is urgent in such as logging, lumbering, mining, flaxmill, packing plants and truck transportation is acute, and in order to meet this requirement in these industries, farmers and farm workers, who can be spared from the farms during the slack season, are being asked to take employment outside of agriculture.

Only men who can be spared from the farm will be accepted for employment in other industries, and to guard against unemployment among the farm, the approval of the District Agriculturist or Local Labor Representative is required before the worker is directed to other work. As further assurance that the farm worker will be available for the 1944 production campaign, his permit to cede of agriculture will automatically expire on March 31st, 1944.

When a farm worker on military age secures temporary employment in an essential industry outside of agriculture, pursuant to a permit from National Selective Service, such temporary employment will not interfere with his postponement as a farm worker. However, the worker must notify the War Mobilization Board of his change of address and employment.

The recruiting campaign is being organized by the District Agriculturists, who are being assisted by the Local Labor Representatives and members of the Farm for Victory Committees. Men who can be spared from the farms during the winter months should inquire of the District Agriculturist or Local Labor Representative of employment available, and they may secure full information from these officials.

MARRIED AT ST. STEPHEN'S CHAPEL

Sub.-Lieut. Egerton W. King, R.C.N.V.R., and his bride, the former Miss Olive Mary Phillips, daughter of Mr. and Mrs. C. V. Phillips, of Jasper, who were married Friday in the chapel of St. Stephen's College, Sub.-Lieut. King is a son of Mr. A. S. King and the late Mrs. King, of Fort Saskatchewan. Both he and his bride are graduates of the University of Alberta. They are on a short honeymoon at Jasper.

In a quiet ceremony in the chapel of St. Stephen's college Friday, the marriage took place of Miss Olive Mary Phillips, daughter of Mr. and Mrs. C. V. Phillips, of Jasper, and Sub. Lt. Egerton Warren King, R.C.N.V.R., son of Mr. A. S. King and the late Mrs. King, of Fort Saskatchewan. Rev. E. H. Blenkhorn, of Fort Saskatchewan, officiated.

The bride, who was given in marriage by Mr. T. A. Rimmer, wore a two-piece ensemble of delph blue crepe, with matching veiled hat. An orchid corsage was pinned at her shoulder.

Miss Jacqueline King, sister of the groom, attended the bride, wearing turquoise blue, with brown accessories in contrast and a shoulder corsage of Talisman roses.

Best man was Sub.-Lt. R. E. Phillips, R.C.N.V.R., brother of the bride. Mrs. R. E. Blenkhorn was organist.

Wedding reception for a small group of friends was held after the ceremony at the Purple Lantern.

Sub. Lieut. King and his bride left Saturday for a short honeymoon at Jasper.

The groom, now an embarkation leave from the electrical branch of the R.C.N.V.R., was graduated in 1942 from the University of Alberta with B.Sc. in electrical engineering. At the university he was president of the sophomore junior and senior classes and a former president of the Alberta chapter of Delta Upsilon fraternity. He was a member also of the Engineering Student's society and applied science representative on the student's council.

Mrs. King graduated last spring from the University of Alberta with B.Sc. in nursing. She was an active member of the Philharmonic society there.

UNFINISHED BUSINESS:

KITCHEN FATS MUST STILL BE SAVED TO PRODUCE EXPLOSIVES-

● The explosives in every bomb dropped on enemy military objectives . . . in every devastating artillery barrage, utilizes fats. Right now — EVERY OUNCE IS PRECIOUS! Your kitchen fats are urgently needed to maintain the shattering air raids on Nazi Germany . . . to clear a path to Berlin and Tokyo for our ground forces. Speed victory by saving every ounce of fat—NOW!

Men Sailing the Seven Seas Get Help From Navy League

Upwards of Sixty Thousand Canadian Sailors, and other thousands of the Merchant Marine, through food and fair weather, through the terrible dangers of the sea and lurking U-boat, keep the life lines of the United Nations open, and carry the munitions and food to the armies that will bring Victory for democracy.

These men give unselfishly of their services to the Nation so that the way of life that we have enjoyed—that way of life which our forefathers have bequeathed to us—is maintained. They suffer tremendous hardship, face perils that would daunt the hardiest spirit, and yet at the call of duty they go down to the sea in ships, many of them never to return.

November 21 to 27th is Navy Week" when we are reminding the deeds accomplished by the Canadian Navy. We are paying tribute to the maritime which they have made and continue daily to make so that freedom may reign throughout the earth.

And you are asked to help the men of Canada's Navy. The men who go daily on the great waters in the little, unconfortable ships, during ships that have been hastily built, still have met desperate ends and have done their job with a courage and devotion of which even Nelson would be proud.

Week by week little ships, destroyers, mercantes and mine sweepers, are slipping down the ways that lead to battle on great waters. Always have been made by the men who to man these ships. In place of the 2,500 men of the Canadian Navy at the outbreak of the war there are now upwards of 60,000 men in the Navy.

These men of the sea man the ships that are the greatest weapon against U-boats. The thrilling stories of the many victories of Canadian Corvettes over German under-sea craft has thrilled us all. Let us all thrill the men of our Navy by subscribing as liberally as possible to the Navy League of Canada's Christmas Fund.

The Navy League of Canada, charged with the responsibility of supplying comforts to the men of the Navy and the Merchant Marine, is taking a leading part in a campaign being carried out in connection with it Navy Week to appeal to the people of Canada to donate as liberally as possible so that comforts can be sent to every man in the Merchant Marine and the Navy this Christmas.

An objective of 150,000 ditty bags has been set by the Navy League. These bags will contain woolen articles, toilet articles, candies, razor blades and many other articles that are indispensable to the comfort of these heroes of the sea.

You can help by sending a donation to the secretary of the League at Edmonton, or by making your donation through the chartered bank in your district.

Vitamin A and D in Hog Production

Vitamins "A" and "D" are of the greatest importance in efficient hog production, and when during the winter it is difficult for the animals to obtain these requirements naturally, provisions should be made for inclusion of necessary vitamin supplements in the ration.

Vitamin "A" is sometimes called the growth vitamin or anti-infection vitamin. One of its chief functions is to keep the surface tissues of the body in a healthy condition so that they may resist bacterial infection. Animals suffering from a lack of this vitamin are readily subject to diseases of the respiratory tract. In addition, lack of this vitamin in the diet of either the herd sire or the sow will have a "crippling" effect on the production of large and healthy litters. Vitamin "D" is essential for proper mineral assimilation and should be provided in the ration during the winter months.

Breed sows on good pasture in the summer will obtain plenty of vitamins "A" and "D". From now until next spring green pastures are not available and these vitamin requirements must be provided from other sources. F. Wyllie, Acting Hog and Swine Promoter, for the Province of Alberta recommends the addition of fish oil to the grain ration, or the feeding of well cured green alfalfa hay, to help in overcoming any Vitamin "A" or "D" deficiency. Any legume hay—and particularly alfalfa if properly cured—not only helps in meeting vitamin requirements of brood sows, but also supplies some of that much needed calcium and some protein.

A WEEKLY EDITOR LOOKS at Ottawa

Written specially for the weekly newspapers of Canada

A through air service from Ottawa to Nassau, Bahama Islands, via New York and Miami is heralded to commence very soon by Colonial Airlines, Inc., with trip total flying time of 16 hours. . . Bureaucracy—the women who wrote to the Regional Offices of Prices and Trade Board asking what articles were going to be rationed next "so I can lay in a supply"!. . . and the employee who phoned Selective Service asking if he could be "frozen" so the boss could not fire him. . . According to the W.P.T.B., Santa's reindeers will float light as a feather this Christmas because wood and plastic toys will be available in fair supply. . . Metal and rubber toys will be non-compos mentis—or is that the word? . . the content will be, owing to shortage of labour by toymakers, on planes of time and that, no ingenious Johnny can do the assembling.

• • •

Under direction of the Consumers Branch, W.P.T.B., I am told, wardrobes of children's made over clothing are being sent to a total of 160 centres in Canada. They offer a variety of new ideas, even to makers-over experts like Canadian mothers, particularly in re-designing apparently useless material and turning it into amazing wearables. Emphasis is placed on combinations of pretty colours, tailored seamlessness and all manner of ways of turning the bold leaves in the wardrobe into active garments. Included in the kits are several styles of children's underwear cut down from daddy's underpants. It's the first time in our country's dressmaking history that patterns have been available for children's underwear.

• • •

Again Agricultural Minister J. G. Gardiner makes a special appeal that all farmers, especially those in the three prairie provinces (including other livestock shippers), co-operate in withholding from market, now, unfinished cattle and calves, and by spreading deliveries of losses hogs and other classes of livestock to evenly as possible. Reason: there is delivering in next two months, congestion in stock yards and packing plants. Down, 15% of all western hog marketings, take more than one daughter and process them regular hogs.

• • •

The machinery rationing officials meeting in Regina, Sask., recently were concerned about many farmers selling still usable tractors in the hope of getting new ones. While quotas have been increasing there is just enough to meet needs of essentiality. The nearest rationing officer should be written to for a permit before any sale or deal or new purchase is made. The sale of second-hand machines at enhanced prices to secure permits for new equipment is considered "an unfair practice", the Board holds.

• • •

Our Post Office has become big business—and how. A big increase is shown since the war started with gross revenues for 1942-43 being $9,178,127 Take aggregate overseas, more than 76,000 of these are flown weekly from Canada. An ordinary mail bag holds 2,400 ordinary letters but 608,000 airgraphs which ordinarily would require 213 mail bags and occupy 630 cubic feet of cargo space. Just imagine our P.O. department in 1943 sent 20,116,500 letters overseas as against 5,533,640 in 1940.

• • •

The 1943 honey crop—one of the best on record—gets a preliminary estimate of 32,550,000 lbs., exceeding the previous year by 25 per cent. One-third of the total was produced in Ontario. The prairie produced 14 million lbs., five million was extracted in Quebec; 1,360,000 in British Columbia and the Maritimes were somewhat less than in 1942.

• • •

Aircraft workers in Victoria Sand saved the nation over $200,000 cash in direct production costs by suggestions made since the first of the year and perhaps millions indirectly, according to the Aircraft Industry Relations Committee. One Canadian worker made a simple locksmith suggestion which saves 5,625 man hours on every one hundred aircraft.

• • •

Due to food shortages in Canada and expected lower production in hogs for 1944, our new ham and bacon agreement with the U.K. provides for delivery of not less than 900 million lbs. over a two-year period, as compared to current shipment of 675 million lbs. in one year. The new price will be $22.50 a hundredweight, up 75 cents.

Parliament Building Edmonton

THE CHARTERED BANKS of Canada keep abreast of the Dominion's expanding needs.

Six times since 1870 the Bank Act under which the Chartered Banks operate has been revised by parliament—six times in that period the activities of the banks have been carefully scrutinized by the people's representatives.

Every ten years the Bank Act has been thus revised. Each one of the six decennial revisions has contributed much to the evolution of the banking system to meet the expanding needs of a developing Dominion.

In 1954 the sixth revision of the Bank Act was made. Fifty members of the House of Commons made up the committee, which examined witnesses—among them bank officers, government officials and reformers—and studied exhibits filed by various individuals and organizations. Findings were submitted to the House, and later that year the Bank Act was revised in many important particulars.

Through democratic enquiry and decision, the Canadian banking system has grown and been adjusted to meet the needs of the people, providing a depository for savings and a sound basis for Canada's free economic development.

White Hall News

Miss Dorothy Sarnecki had the following visitors on Sunday night: Lillie Schiewe, Elizabeth and Marie Krupa, Lee Starko, Louis Gaillert, Willie and Hilda Schiewe, Olga, Donna, It's your turn to pay us a visit.

Pupils of Whitemud School are planning to hold a dance shortly.

Not being experienced at hatching Marion and Elizabeth Krupa didn't know what it was like until this week-end. Sadly the "Boom and Bags for Britain" was certainly upended up.

Norman Bleuett is spending a few days at his brother's farm at Cooking Lake.

Leon Krupa is spending a few days in the city with his cousin Harry.

Wild life in the whitemud district is pretty tame. Recently Mr. P. R. Ashby shot a coyote who was helping himself to "Pete's" meat. That's not all. Lillie Schiewe caught a pesky chicken right in their own back yard. Just like that.

School Flashes

The Literary Society met in the basement of the Fort Community Hall on Friday, Nov. 5 at 9 p.m. Donn Roberts acted as Master of Ceremonies. The meeting opened with "O Canada". The minutes were read by Lois Wilson—acting secretary. The program began with a "Fashion Parade" by grade nine boys. They were dressed as young ladies of today. A vocal duet, "Tis the Last Danube" by Lorraine Laumeyer and Grace Smith charmed everyone. Two humorous readings were then given by the Misses Ruth Jeffery, Bonnie Fairhurst and Selby Thorne provided news and entertainment in the school paper. It added fashions in the paper were short poems composed by our budding poet, Arnold Porterfield. Miss Mary Ann Hardman concluded the night of October 29th. Appearing before the juvenile judge, the boys were given a suspended sentence for one year, and must report weekly to the local police, and be at home in bed each night every night at 9.00 p.m., unless accompanied by an adult.

Both boys have previous records. They were convicted in the Juvenile Court on September 194[illegible].

Local News

Messrs. G. Evans and Bill Dixon, our genial hotel proprietors returned Saturday from a hunting trip at Saunders, Alberta. Two deer and two elk fell to these hunter's guns, and they report a fine trip.

Threshing in the district resumed again, only to come to a sudden stop, when a heavy shower of rain fell Wednesday afternoon.

Mr. Abel McMahon, of Waskatenau, stopped off in the Fort last Friday afternoon for a brief visit, while enroute to Lamont where he would join Mr. Wm. Seymour, who underwent an operation in Lamont hospital recently.

Will. James Willett Ritchie, Edmonton, and a former resident of Fort Saskatchewan was awarded the D.F.C. on his 21st birthday, Nov. 4, according to word from overseas, reaching his mother, Mrs. J. Ritchie, of Edmonton. Season for the award is not known. His Father was the late Maj. James Ritchie, town secretary for many years.

Percy Galloway is attending the U.F.A. Convention in Winnipeg this week.

Mr. and Mrs. Hiner Stetson are visiting the latter's relatives at Vulcan for a few days.

Jim Bangen, employed on the farm of Elmer Armstrong, returned from an Edmonton hospital.

Mrs. G. A. Miller has returned home from an enjoyable holiday at Kamloops, B.C.

John Brunton and John Gow planned guilty to trucking and entering Carswadden's Hardware on the night of October 29th. Appearing before the juvenile judge, the boys were given a suspended sentence for one year, and must report weekly to the local police, and be at home in bed each every night at 9.00 p.m., unless accompanied by an adult.

Both boys have previous records. They were convicted in the Juvenile Court on September 194[illegible].

THE FORT RECORD

VOL. [illegible] No. 32 FORT SASKATCHEWAN, ALBERTA, CANADA, WEDNESDAY, NOV. 17th, 1943 CIRCULATION THIS WEEK 1600

"PILLARS of PEACE"

The fifth in a series of seven articles by Rev. E. H. Hobbet, illustrating the "Pillars of Peace" formulated by a Commission of The Federal Council of Churches of America. It is suggested that these be preserved and studied together.

"The peace must proclaim the goal of autonomy for subject peoples, and it must establish international organization to secure and to supervise the realization of that end."

This means that the government which derives its just powers from the consent of the governed is the truest expression of the rights and dignity of man." So declared 200 delegates after studying the matter at a recent meeting of the Federal Council. And the more they thought about it the more they felt that they could not limit their statement in any way. It must be made, as soon as possible, to apply to every group in the world.

It is not merely that we should leave every group alone; it is too late to say that now, for the power of some large nation is already felt in every corner of the world. It means that the peace should set up an international organization which would press forward at every possible point to raise the cultural and economic level of subject peoples and to put their government into their own hands as fast as they are able to accept it.

That may sound simple, but it is in practice very difficult. There are those matters of military strategy Each large nation wishes to hold points which it considers necessary to the protection of its land and commerce. It happens that people of other races inhabit those points Will it be easy to persuade powerful nations to surrender political government of those areas? In addition we have industrial empires which have taken possession of territories whose resources they consider essential to their existence Will they gracefully surrender political control of the people involved? And one political control be separated from control of economic resources?

It will certainly be difficult to set up this 'pillar' and to keep it standing; but if we do not take the matter seriously is hard then we are sowing the seeds of the next war

The peace structure must provide a scheme for subject peoples to become self-governing and then to provide the help and supervision necessary for the fulfilment of the goal.

Municipal District to Provide Penalties For By-Law Infractions

The Council of the Municipal District of Strathcona No. 417 held a regular meeting on the 8th instant with all members in attendance After the adoption of the minutes of the previous meeting the financial statement for the month of October was submitted and adopted.

The Council issued instructions to the Secretary to enforce collections of the amounts owing on the Foley Lake Drainage scheme

By-law No. 19, a by-law to provide for penalties for infraction of any municipal by-law was given its first and second reading

The Secretary reported that the Tax Recovery Officer of the Department of Municipal Affairs had advised that no objection would be offered to a by-law providing for the cancellation of the accrued interest on the purchase of the N.W. 10-51-21-4. In accordance with this information No. 20 was accordingly given two readings

The Committee appointed to deal with the purchase of a road machine reported that Messrs. [illegible] decided against acquiring [illegible] time.

The Committee charged with the duty of interviewing the City Commissioners regarding a revision of the Agreement covering the construction of a diversion on the 142nd Street reported. It advised that the Commissioners agreed that the standard of the grade to be built under the terms of the Agreement was considerably higher than what the traffic warranted but that they had no alternative but to insist on such a standard of construction. As a means of overcoming this objection it was suggested that an application be made by the Council for a re-vision of the boundaries of the Municipal District to include this street within the limits of the District. The Council concurred in this suggestion and the Secretary was instructed to make application to have that section of 142 street included within the boundaries of the Municipality.

The Secretary reported that some sixteen farms, involving twenty-two quarter sections and several hundred lots, had been sold at the Tax Sale, but if whatever had been bought in the Municipal District.

Instructions were given to proceed with the consolidation of the sub-divisions of Blyndon Fields, Kenilworth, College Park, Gerard Place and Spoodvale.

Statements were submitted which showed that the Government Road Grant of five thousand dollars had been acted on three of the four projects mentioned in the agreement. As work was still proceeding it was decided to approach the Government for an additional grant.

Authority was given to allow discounts given under the provisions of the Tax Consolidation Act.

Two applications for old age pensions were approved and recommended.

It was left to Councillor Bailey to interview the Gas Co. regarding arrangements for the mow plowing of the North Cooking Lake Road.

The following payments were made: Twenty-one lots in Alexander Park to Mrs. Vannieghem for $150.00 cash. S.E. 9-51-22-4 to Peter Meyer for $600.00 and the S.W. 9-51-22-4 to A. L. Hinch for $700.00.

The matter of establishing a private road to the Fraction of the S.W. 10-53-25-4 was left in abeyance until the next meeting so that the Secretary could obtain more detailed information.

With the reading of correspondence and the passing of the payments and accounts the meeting adjourned at 5.30 o'clock.

Sewing Circle Entertain Archie Burnett Family

The Goodwill Sewing Circle entertained at a farewell party in the school, last Friday evening, in honor of Mr. Archie Burnett and his two sons, Cecil and Archie Jr. The evening was spent dancing to the music of the local orchestra.

Mr. Charlie Saunders spoke briefly to the honored friends, and [illegible] them every success when they returned to Ontario this week. Mr. Burnett Sr. very suitably thanked everyone for their well time and good wishes Everyone joined [illegible] and sang "For They are Jolly Good Fellows."

At midnight a very [illegible] lunch was served by the Sewing [illegible].

Miss Esther Thomas is an employee on the staff of the Metropolitan store in Edmonton.

Mr. and Mrs. Gordon Meyer attended the Alberta School Trustees' convention in Calgary last week. Over the week-end they visited with Warden and Mrs. Holt and sons of Lethbridge. Mr. Meyer returned to Calgary this week to attend the Municipal convention

Mr. Alex. Brant spent a couple of days this week in Edmonton.

Mr. Tony Kuhn has secured a position in the Canada Packers plant in Edmonton. He will commence work next week.

The A.F.U. held the first meeting of the season on Tuesday evening in the school. The president, Mr Earle Cranston was in the chair Much correspondence was read, an interesting discussion followed.

The next meeting will be held on Tuesday evening, November 30, in the schoolhouse. Everyone is urgently requested to attend, as there will be some important business to be disposed of.

The Goodwill Sewing Circle held their regular meeting at the home of Mrs. Albert Becker. Many members were unable to attend due to influenza. Plans were made for the party last Friday evening. The next meeting will be held at the home of Mrs. A. Burgoyne's on Thursday, Nov. 25th.

At the close of the meeting, the hostess served a very dainty lunch.

Mrs. A. Burgoyne is a patient in an Edmonton hospital.

PUBLIC MEETING
has been called by the Reeve to be held in
Fahlenvale School
on
Wednesday, Nov. 24
at 8 p.m.
to discuss important matters for Division No. 3. All residents of Division 3 are urged to be present.

Show Well Attended

The McColl-Frontenac show, sponsored by the local dealer, Baron Motors, drew a good crowd Monday night despite the chert notice of the event. Children in attendance especially enjoyed the show, as the matter of convention embarked on a quiz contest that noticed the fortunate ones money. Several moving pictures on the care of farm machinery was shown.

Leaves for Abbottsford Brenner C.G.I.T. Elect Officers

LAC. Orvile Robinson of Fort Saskatchewan left recently for Abbottsford, B.C., after spending a short leave at his home here.

Orvile having taken his schooling at Fort Saskatchewan, enlisted in the R.C.A.F., Dec. 19th, 1940, as an Aero Engine Mechanic, taking his training at Toronto, Picton and Montreal, completing his course successfully in July he remained to Air Crew as a pilot and now having passed his Initial Training test in Edmonton, he goes to Abbotsford to continue in the second lap of his course.

Brenner C.G.I.T. held their meeting at the home of Mrs. Frank Beeres on Saturday. The main features of the afternoon were the initiation of a X-mas concert which is to be held on Dec. 22, and the election of officers which were as follows:

Hon. Pres. Mdlle Fleming.
Vice-President, Ruth Jackson,
Secretary, Marna Marler,
Treasurer, Shirley Uren,
Press Reporter, Evelyn Jones,
Games Leader, Frances Schreier,
Pianist, Betty Fleming.

Miss Beatrice Reynolds is attending the Clover Bar Secondary at Ledue, where she is attending school.

The McCauley Concert Group staged a concert and dance in the Brenner Hall under the auspices of the Brenner Red Cross. A profit of $92.00 was made.

Mr. and Mrs. Henry Beeres were guests of honor at a social evening held at the home of Mr. and Mrs. Frank Beeres. Many friends gathered to wish Henry and his bride the best of luck during their married life. Henry has been home on harvest leave and reports back to duty on Saturday, Nov. 20th.

Please Note: Stores in Fort Saskatchewan are closed on Wednesday afternoon all-year round.

Curling Club to Hold Meeting and Banquet

The annual meeting of the Fort Saskatchewan Curling Club will be held in the Fort Hotel dining room Tuesday evening next, Nov 23rd at 7 p.m. Full reports of last season's operations will be given, and election of officers will take place.

While this meeting is called by the Curling Club it is an open meeting and anyone interested in curling or the operation of the skating rink is invited Ways and means must be found to operate the skating rink for the benefit of the young people, otherwise it will be closed and then will not be fair to them. So turn out and attend this meeting and see just what the Curling Club is up against at the present time.

Supper will be served at 7 p.m., by the Hotel management at 75 cents a plate.

Fred Sherman, President,
A. B. King, Secretary.

Fort Victory Loan Unit Goes Over Top in Drive

Edmonton War Finance Committee
Province of Alberta
Fort Saskatchewan, Alberta,
November 16, 1943.

Editor Fort Record,
Fort Saskatchewan,

On behalf of the Victory Loan Committee I wish to congratulate the citizens resident in this Unit on the successful completion of another Victory Loan in which we have reached the objective assigned to us—The objective of $85,000.00 was very much higher than any previously assigned—so indeed it had to be because the Loan was the largest yet—and it is all the more gratifying that we have reached and passed it. Below I give a summary of the subscriptions obtained by the canvassers in the different divisions.

One thing I should mention in particular. All of the canvassers have emphasized the fact that they have everywhere been accorded a most friendly welcome. It seemed to make no difference whether the citizen could subscribe much, or little, or not at all; in every case he gave the salesman a hearty welcome which showed that his heart was in the right place, and forecasts a good attitude towards the next loan—ours to come in about six months.

Yours truly,
A. H. Gibson,
Unit Organizer.

FORT SASKATCHEWAN UNIT 7

Mr. S. S. Fleming,	19	5000.00	1	50.00	5050.00
TOTALS	324	$64000.00	185	$13800.00	$72100.00

NOTE: (1) The above gives the results of applications actually received by Salesmen on their Canvass. It does not include the following:
(a) Applications made direct to Banks within the Unit.
(b) Applications made direct to Banks outside the Unit by residents of the Unit.
(c) Applications made by residents through their Employers, for instance, the Elevator Companies, the Railway Companies, etc.

In this Unit the above items amounted to about $60,000.00 and accordingly our total subscription to the Fifth Victory Loan reached about $132,000.00, so far as reported to date.

Salisbury News

Mr. and Mrs. Percy J. Hipkin, of Salisbury has just received the news of their son, Richard's promotion as Pilot Officer, and instructor in the R.C.A.F. P.O. Hipkin attended both Salisbury and Colchester schools, later attending the Lodge High School at Wetaskiwin. He was a member of the Wetaskiwin Trumpet Band, in addition to each member receiving a silver cup by the officers of the winning clubs. (79A Navigator's class A.O.S. Winnipeg). The class won the championship inter-flight league game.

Cupid's arrow hit another mark! This time Miss Ethel Hallock of Nisku. The bride is Ella Lechat of Hay Lake. The young couple were married on Nov. 11th. Good luck to both of them.

Mr. and Mrs. H. Steckman of South Edmonton celebrated their 34th wedding anniversary Sunday, Nov. 14th. Many wishes from friends and relatives.

Miss Agnes Steckman received slight knee fractures when the horse she was riding stumbled throwing her to the frozen ground.

A WEEKLY EDITOR LOOKS AT

Ottawa

Editor weekly
for the weekly newspapers of Canada

Ottawaweek: The City of Ottawa is studying a post-war program involving $500,000 worth of new sewers and 21½ miles of new pavement and sidewalk costing another $650,000. . . Construction is starting on a new 50,000 square foot annex to house Ottawa's largest asbestos which will employ 7,000 civil servants. There is such a demand for conversational Russian that a class is being started by the High School of Commerce. . . A staff of 400 at national registration headquarters keeps busy, making some 125,000 changes a month in the records of about nine million Canadians. . .

The Consumer Branch of the W.P.T.B. in Ottawa under the direction of Byron Hope Saunders, better known as Chatelaine's editor, are asking Canadian women to familiarize themselves with the working of retail ceiling prices, these will be made available to Canadians and other countries through the head order of Allied prisoners and internees still in the W.P.T.B., the job of shopping for Jap bonds. . . .

Odds and Ends: Good for output for the Eskimos have made them fork of lamb. Any woman who doesn't ever income tax; Mounted Police fill know her coin, can learn to distinguish between lois rib roast, leg of breast of lamb by studying the cutting chart, accompanying all prize charts. Featuring slightly lower prices than those which have prevailed, the lamb scores a break for the nation's biggest eaters, the housewife. . . .

The order by the department of labour declaring the meat packing industry essential to the war and national interest has a background. It has been estimated that meat packing plants in Canada will produce the astounding volume of 1,577,- 000,000 pounds of meat products during 1947. Of this an estimate is that nearly 60% will go directly into distribution for war purposes. Allocations to Great Britain will take care of between ten and fifteen million pounds of bacon alone, while the Canadian Armed forces will be fed with 352,000,000 pounds of meat products. . . .

The Swedish liner GRIPSHOLM which is expected to arrive in New York early in December, will bring a good-sized Canadian party, repatriated in an exchange with Japanese. The majority of the Canadians are missionaries, members of religious orders, business men and their wives and children. More than half come from occupied China and Hong Kong; some from Japan, Manchoukuo and Korea, and some from the Philippines and French Indo-China. The voyage across will carried medical supplies and vitamins from Canada sufficient to serve people six months. With other relief stores, these will be made available to Canadians and other of Allied prisoners and internees still in Jap hands. . . .

Josephburg Ladies Arrested Diplomats

Mrs. Alfred Frey, who nobly undertook to conduct first-aid and home nursing classes during the summer vacation, is to be congratulated on the success attending her efforts. Diplomas have been awarded to forty-three of her students who completed the course. Classes were held weekly in the Reformed Church and attendance throughout was exemplary The students were roughly half of them married and half single. Mrs. Frey has accomplished a great work, unaided except for a committee whose business it was to see that necessary supplies were forthcoming.

N E S

Quite a sharp observer of rain visited us on Wednesday last and once more delayed threshing, though the sky roughly cleared and a frosty night succeeded. Most of the local outfits have pulled in for the winter but Rudolph Ramsig still has some 30 acres of wheat untouched. His coarse grains have yielded well and it is unfortunate that he has been unable to clear his wheat field.

N E S

The wedding dance in honor of Charlie Fluker and his bride drew a great crowd. The whole wedding party and a splendid figure as the dance floor. Music was supplied by the orchestra of Chipman.

N E S

All of the local teachers attended the Convention in Edmonton on the 12th. Both Clover Bar and Sturgeon were there almost 100% strong. Business meetings occupied the morning, and in the afternoon, besides sectional meetings dealing with teaching problems and techniques, we were favored with an address by Dr. Lenarts representing the professional faculty; Mr. Rudolph Hennig, the Divisional Board; Dr. Adamson, the Health Unit and Hon. Solon Low, the Department of Education.

It was unfortunate that time did not permit us hearing a message brought to us by Mrs. Braaten of the National Railway Hiters. For the benefit of those who might be interested, the following outline may suffice.

Railways is wanted. "The new set-up will undertake to collect in its own trucks railway freight and goods within a radius of forty miles from Edmonton. Shields and awards will be presented to schools and individual pupils on a new kind of point-system. For complete information contact Mrs. T. Braaten, 10314, 105 Ave. Phone 3548.

Josephburg school put forth great efforts to secure salvage last year and though the teacher has undertaken the delivery of such salvage on week visiting with their brother Bill. Sale and textiles, a goodly supply of scrap metal, tires and bottles still remain to be collected. We shall be very glad to see them in the right hands. Teachers who have not as yet undertaken salvage collection might well assume this duty as their contribution to the war effort.

N E S

Rev. Buchanan of the British Bible Society outlined the scope of that organization's efforts and the amazing demand for them in efforts in far-away China. A good turn-out was recorded his Reverence at Baster Lake Church.

N E S

A. C. I Wilfred Mann has returned to St. Johns, Quebec after spending his furlough with his parents.

N E S

We are sorry that Mr. Joseph Thomas is still a patient in the Leamed Hospital.

N E S

Mr. Alois and Mr. Rudolphi Mann spent a few days at Manville this week visiting with their brother Bill.

N E S

Mrs. Foster Pullen welcomed nine- Thursday, November 41th for Cornteen members and friends of the walls, Nova Scotia.

The Fort Record

An Independent paper published every Wednesday at Fort Saskatchewan, Alberta, Canada
GORDON WEALE, Publisher

Weekly Circulation 1500

WEDNESDAY, NOVEMBER 17th, 1943

Cities, towns and municipalities across Canada, are preparing now for post-war reconstruction. The following item was reprinted by The Record in hope that other residing what other small towns are doing. Fort Saskatchewan residents will wake up and get busy.

Instance of a Town's Awakening

A quarter of a century of quiet, orderly, uneventful, most of the time unappreciated local government, has been the lot of many small town councils. So long as the taxes were kept down to a minimum was all the citizens seem to care about, so why bother at all about the progress of civilization? That means higher taxation.

The council of the small town of Didsbury received a rude awakening on the 7th of September, 1943. Thirty-eight citizens marched into the Council Chamber. The spokesman of the crowd said. "We have sons in the armed forces, who, we hope, are coming back one of these days, crowned with victory. We want good roads. We want a water and sewage utility, because we know that this will help the drainage of our streets and stop the heaving, also it will protect our public health, give us adequate fire protection and, in the interests of health and recreation, make possible a swimming pool. Also we want a new hospital as the present one is of a vintage of the dark ages, and we want a recreation centre for our young people?"

"You dont want enough," said the Mayor. "Don't you gentlemen realize that all these things mean a substantial increase in taxation?"

"Yes," said a citizen. "We know that we shall have to pay for our projects, but we are not exactly counting the cost in dollars and cents, although there should be careful planning, and we must take advantage of so-called cheap money which, no doubt, will be made available by the Federal Government for public works in its reconstruction program. The big point is not so much what our proposals will cost. It is what they will save and what they will produce in health, happiness and contentment for our people, not only of Didsbury, but elsewhere. We paid huge sums for relief in the thirties, and got nothing for it but discontentment. Unemployment, discontent and disgruntlement paved the way for the gangster, Hitler. We don't want to give the chance to other gangsters, as we will do if we simply do as we have done in the past. Furthermore, it is crystal clear to us that, by proceeding in the old way, we are not winning the peace. We are only just raising our sons to be soldiers. Under these circumstances, an increase in taxation is a very small item. Don't let us count the cost in dollars."

"Fine," said the Mayor. "Are you all agreed?" "Agreed" shouted the crowd.

"O.K." said the Mayor, "but will you stay agreed and stand behind your Council?"

"Yes," said the President of the Association. "You have not seen the last of us. We shall be with you to the end, and we shall do our part in enthusing the ratepayers to vote 'Yes' for the By-laws."

W. A. Austin, in the Western Municipal News.

It has been suggested that members of the School Board, Town Council and Fort Building Hall Committee, form the nucleus of a committee to study and prepare a brief outlining the contemplated post-war reconstruction projects we wish to embark upon. Now, is the time! Not after the war, when every city, town and municipality have started on their proposed projects. Let us in Fort Saskatchewan be among the first to get consideration on our much needed works.

East Edmonton Notes

Much praise is due Mr. A. Adamson, District Organizer for Edmonton Rural, and his staff in the Fifth Victory Loan Campaign for their untiring efforts, through adverse conditions, to pass their quota of $180,000.

Mr. W. J. Gibson and son Bill are enjoying two week big game hunting.

N E S

Willing Workers Club to her home on Wednesday, November 10th for the monthly meeting. Christmas gifts and good wishes are being sent by the club to twenty one girls and boys of the district who are members of the armed forces. A series of monthly whist parties was arranged for the winter, the proceeds to be used for war services. The first party to be held at the home of Mrs. Russell Bishop, Saturday evening, November 20th. The Club will meet again on Wednesday, December 1 at the home of Mrs. Bishop.

THE FARMER'S INCOME

We hear a good deal of discussion these days about the fact that the sale of Canadian farm products has increased by 89% over the preceding year Many are jumping to the conclusion that because of this our farmers are 89% better off than they were.

This is a complete fallacy It is true that with agricultural prices now up to the 1913-14 "parity" level our farming families are somewhat better off than they were in 1939, but additional gross income is not a proper yardstick to use in measuring the farmer's welfare, for the simple reason that to produce this additional gross income many more animals have had to be kept and fed. These additional animals require greatly increased expenditures, so that the only benefit that comes to the farmer from the increased gross income is not the net profit that is left after paying all the heavy extra production expenses This additional net profit will be found only a comparatively small sum

It must never be forgotten, too, that the costs which farmers have to pay for production are steadily increased from the start of this war, and that farmers, unlike industrial labour, receive no Dominion bonus to make up for their additional costs of living and production

—Saskatoon Star-Phoenix

School Flashes

Students of the Fort School enjoyed the two days holiday so much last week that they are still feeling the after effects, but when the Geometry 1 class finished their test on Tuesday morning it is certain that they will be doing more studying and less out of school activities.

N E S

The Literary Committee held an executive meeting and it was decided to have a skating party or a social evening three weeks from now. Plans will be made later for a definite date and a definite party.

Research Laboratory Needed in the West

With both the war and the development of chemurgy well advanced, apparently nothing has yet been done by the federal authorities to set up a research laboratory in Western Canada to discover new uses for western farm crops It was indicated several years ago that the matter was being studied at Ottawa, but it is one of those projects shelved by the war indefinitely.

Chemurgy has made great headway in the United States and many of the discoveries of American laboratories are available for Canadian study. The North-West Line Elevator association has been advocating for some time that the federal government should set up a western division of the National Research Council outfitted with an up-to-date laboratory and skilled technicians. The first move to attain that objective was the recent appointment of a special chemurgy committee to work with the National Research Council This should be followed up by real action.

N E S

Dealing with this subject, the Weekly Market News of Winnipeg said the other day: "What is needed is not general recommendations but specific findings on problems now confronting the West—not a committee for Western crops and the finding new sources of wealth in the West will become more urgent. Something more than a gesture is needed now.

"The appointment of the committee is an acknowledgment by the government that something must be done. On a matter so vital to the West any action should take the form of a real attack. Appointment of a committee, if it is left at that, is not likely to be considered by Westerners as a 'real attack'".

Vancouver, Nov. 17—Ernest H. Hindess, drifter in a local shipyard, came off the night shift recently to find his room burglarized and all his savings—$6,700—stolen. "If I'd had the sense to put that cash in a bank, I wouldn't have lost the $6,700 to a burglar," he said.

"I'd been saving that money to buy a house and all I've got left after months of work is a battered envelope. I made the mistake, you see, of keeping that money by me instead of putting it in the bank every pay day. Now I've got to start at the beginning again, but I'm going to stay on my job as a drifter until I've got the money to buy that home. No more foolish risks for me. From now on I'm letting the bank keep my cash safe. It's tough luck, when you're getting on in years, to lose the very thing you've been scrimping on, but when I want to do is to let other people profit by my loss. Don't take my chances—let the bank take care of your money and then you'll have it safe and save for the things you want to buy when the war's over."

Obituary Notice

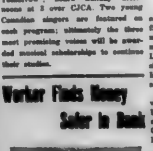
Mrs. Margaret Fisher past away on November 5 at the age of eighty-five. She was born in Ireland in the month of June and one year later moved to Ontario with her parents. Later she moved to Saugeen where she married the late Joseph Fisher. In 1905, the couple came west and settled in Beaver Hills.

Many beautiful floral tributes were received from her children, Thomas, Michael and family, Kathleen and Archie McNair, Gladys and Gordon Bassin and Bert, Mr. and Mrs. James Kelly and Family.

CARD OF THANKS

The Family of the late Mrs. Margaret Fisher wish to express their thanks to their friends and neighbors for their kind expressions of sympathy during their recent bereavement.

Winter Finds Money Safer in Bank



Local News

Mrs. Margaret Krahn of the Deep Creek district is holidaying at Vancouver, visiting friends and relatives.

Prince Rebekah Lodge will hold a meeting on Wednesday evening, Nov. 24 at 8 p.m.

Come on you ladies! Join in the fun. Health and recreation are good for the taking, every Wednesday night in the gymnasium at the Fort Community Hall. That's Wednesday night, at 8 o'clock. We'll be glad to see you.

The Girls A.A.A. club held their regular monthly meeting at the home of Mrs. Len. Campo on Tuesday, Nov. 9th. A good number of members were present and the sum of $10 was donated to the Women's Institute for the purpose of filling duty bags.

The next meeting will be held at the home of Mrs. Floyd Yorex on Dec. 14th.

Spr. Archie Fluherty was home on a five day embarkation leave last week.

Members of the Fort Badminton Club will hold a social evening Friday, Nov. 19, in the Community Hall.

Mrs. E. W. King, and brother, Bob Clark, of Edmonton were week-end guests at the home of Mr. A. B. King.

Mrs. Val. Berg, of Edmonton, is reported to be progressing slowly after a major operation in the University Hospital.

Pilot-Officer Fred Thorne, R.C.A.F., has arrived safely overseas on the 11th, according to a cable received here, by his parents, Mr. and Mrs. S. Thorne.

Remember a year ago at this time! Snow several feet deep kept Fort citizens busy. Our extended Indian Summer may continue for some time, but the snow is coming from the North, bulk of seasonal weather there. Fine weather for hunting has certainly graced the first supply, despite cool spells.

Messrs. Leonard, Eric and Ervin Thorne and Glen Horton are enjoying a big game hunting trip.

Mr. J. B. Wahl of Ardrossan, will hold an auction sale of farm effects on Monday, Nov. 29th. Anyone in the market for some fine livestock or farm machinery is urged to attend this sale.

CASH

"Gentleman Jim" At Sharp's Shows

"Gentleman Jim" starring Errol Flynn, Alexis Smith, Jack Carson and a good supporting cast comes to Sharp's Shores Thursday and Saturday nights of this week. The story goes something like this. "The life of James J. Corbett, famous heavyweight ring champion is traced a la Horatio Alger with his "shanty" Irish family life, his social ambitions, his love affairs and the lusty knocks and buffets he's given him, all pictured against a background of his rise from obscurity to fame in the arena. The film picks up Corbett as an obscure bank clerk, bemoaned of all the traits and tricks of today's social-climbers, whose business throws him in contact with a wealthy girl who accidentally provides the opportunity for meeting people in the upper strata. His facile manners get him a sponsored membership in the exclusive Olympic Club of San Francisco's post gold in days but his obsessions manners force him into professional ranks in which family ills, his social ambitions, his love affairs and the lusty knocks and buffets he's given him, all pictured against a championship from John L. Sullivan

"Pillars of Peace"

The ninth in a series of seven articles by Rev. R. H. Birdsall, discussing "Pillars of Peace" formulated by a Commission of The Federal Council of Churches of Christ in America. It is suggested that these be preserved and studied together.

FIFTH PILLAR

"The Peace must establish procedures for controlling military establishments everywhere."

Every nation has and uses the power to investigate all manufacture, stores and use of weapons. The purpose of this is to prevent any gangster crew making itself powerful enough to menace society or to overthrow the state. The state must have that power even though the number of citizens who wish to prey upon the community or to overthrow government is very small.

A national police force that waited until it was attacked before it investigated stores of arms would be considered foolish. Yet some think of international disarmament without any international power to watch the production and storage of arms by groups that might wish to commit aggression.

The two must go together. We cannot have international agreements to limit military establishments unless we also have an international power great enough to prevent aggression and to disarm those who have armed themselves illegally. It is no answer to insist the notion: we cannot have inter-power disarmament unless there is a state power great enough to prevent or stop gangsters and gangs.

Truly this is a difficult task; though there is no reason why the United Nations should not set up such a force and invite other nations to join them at the peace table. It is well when people emphasize the difficulties, to remember that failure would mean another war.

East Edmonton Notes

Mr. and Mrs. Russel Hodges spend their home Saturday evening to members and friends of the Willing Workers' Club for their first monthly social party. The evening was thoroughly enjoyed and prizes went to Mrs. W. B. Chamberlain, Mr. Mac. Cameron, Mr. R. Bishop and Mr. D. Cameron.

Mrs. James Hamilton, who has been the guest of Mr. and Mrs. Foster Pullen, has returned to her home at Hanna, Alta.

Sign o na t[illegible] This trick stops for all HOT [illegible] Just a spoonful of turpentine—and will heat up one-half gallon for a blonde."

Reserve Unit Hear Inspiring Address

"What is Peace", was the topic chosen by Rev. R. H. Birdsall, when he addressed members of "C" Coy., Edmonton Loyal Regiment (R), local unit and congregation at the morning service at First United Church last Sunday.

It was unfortunate that more people didn't take in this service, especially those in town who are quite contented to let things ride along as they are. They would have heard a fine and thought-provoking address, straight from the shoulder, with no "pussies pulled".

Coming after the editorial published by the Record last week, our Chaplain may have provided the extra spark needed to wake Fort Saskatchewan citizens up to the fact that we are doing nothing towards a better place for our boys to live in, when they come back home.

New Trade Training Courses Approved

Hon. Humphrey Mitchell announces that two new trade training courses have recently been approved by the Department of Labour.

At the Teachers' Training College at Hamilton, courses are being given to about 30 men who will be trained as instructors and will be available for trade training of members of the Armed Forces after discharge. Nearly all of the 30 are themselves veterans, and are qualified mechanics in one or other of the trades.

While the Dominion Government meets the entire cost of the courses, it is being carried out in co-operation with the province of Ontario.

Through arrangements between the Department of Labour and provincial authorities, a series of courses will be given during the present winter [illegible]

Courses will be given in Ontario, Alberta, Saskatchewan, Manitoba and Quebec, and those selected for the training will be from the farm.

Ross—"I've just had an argument with my wife. Women think they know everything."

Jon—"Well, there is one thing my wife admits she doesn't know."

Ross—"Really, and what can that be?"

Jon—"Why she married me."

H. Therriault Elected President Curling Club

Harvey Therriault, grain buyer for National Elevator, was elected president of the Fort Curling Club at the annual meeting and banquet held in the Fort Hotel Tuesday evening. Thirty-five members and prospect members enjoyed a very sumptuous meal, that deserves much credit on the part of the Fort Hotel manage ment and staff.

After reading of the minutes, and financial report which showed $139.63 bank balance, the meeting discussed many important items of business.

The skating rush, the "pow-wow" of the Curling Club, took up much time it was shown by the financial report that the rink operated at a loss each year. Raising of skating fees and a suggestion that the Town should be asked to make up any deficit, was proposed as a means of breaking even on the rink operation.

It was intimated, that skating privileges last season were not what they might have been, and that the skating rink after all was a necessary thought of all curlers. It was then suggested in the meeting that the Town operate the skating rink saying as it was a community entertainment, that any deficit would then be made up by the ratepayers as a whole, not by a few members.

However, it was moved that further discussion on the matter be held over until after the executive meets the Town Council at their next meeting.

Skating fees will be the same to children of curling members or non-members. Schedule of fees will be published as soon as the rink has been revised.

Curling fees remain same as last year, namely: Town $5.00, farmers [illegible] $3.50.

The meeting extended a vote of thanks to Warden J. D. McLean for his co-operation, and to the retiring officers for their work during the past year on behalf of the Club.

The annual challenge cup, donated by Messrs. G. Evans and Wm. Dixon, genial proprietors of the Fort Hotel, was won by the Art Simmons' rink. Mr. Evans made the presentation to Skip Simmons, who in turn presented individual cups to his rink third, George Vitzychuck; second, Frank Smith; lead, Lawrence Hill.

[illegible] committees were as follows:

Hon. President, J. D. McLean.
President, Harvey Therriault.
1st Vice.-Pres., Pete Mowat.
2nd Vice.-Pres., Selby Thorne.
Secretary, A. E. King.
Executive: Fred Sherman, A. M. Carscadden, Guy Armstrong, Art Simmons.

Ice Committee, Jock Wright.
Dance Committee, C. Evans.
Chaplain, Rev. R. H. Birdsall.
Entertainment Committee, Andy Mack, Fred Sherman, Jack Wright, Lawrence Hill.

Business of the meeting having been concluded ,a sing-song, and a few words from members present rounded out a very enjoyable evening.

It was the consus of opinion that more affairs of this kind should be held. Well! The start has been made! What are we waiting for?

GERMAN RETREAT PORT SMASHED BY ALLIED AIR ATTACKS

Picture shows: The ferry service between the Sicilian city Messina, Sicily, used to withdraw Axis troops and equipment during the evacuation of Sicily, received a pounding from the Allied Air Forces, and artillery gunners. Here is the sunken and burnt-out ferry-boat at San Giovanni ferry service is now in working order again, bringing supplies to the British 8th Army fighting its way north through Italy.

Red Cross Look After Prisoner-of-War Needs

Reporting on the release of prisoners from Italian camps, Mrs. H. P. Plumptre, honorary director of the Red Cross Enquiry Bureau, Ottawa, advised that the names of Canadian prisoners who have been transferred from Italian prisons to German camps are coming in slowly, rather by official cables from Canada or by cards sent by the prisoners themselves to their next-of-kin, but that it is impossible at present to give information as to the number who have escaped to join the Allies or to find refuge in neutral territory. To add to the confusion, names of Canadian prisoners newly captured in the fighting in Italy, are coming through, some of whom are being imprisoned in Italy while others are being taken to Germany where new camps are being opened and extensive transfers of prisoners are taking place. This general re-distribution of prisoners in Europe entails constant revision of our records and corresponding work of our case cards, and consequent correspondence with next-of-kin, Mrs. Plumptre declared.

Funeral Service Mrs. Val. Berg

Funeral services for Mrs. Margaret Rosh Berg, beloved wife of Val Berg, of Edmonton, and daughter-in-law of Mrs. Wm. McAdie, of Fort Saskatchewan, who passed away on Friday, November 12th, were held on Sunday afternoon at 2:00 o'clock at Howard & McBride's chapel. Rev. T. Thomson Rankin officiated and interment took place in the Oaeway cemetery. The pallbearers were: Messrs. Ray Armstead, Reg. Holden, William Butchart, William Wagner, H. Howard and A. Shiach. Many beautiful floral tributes were received. She is survived by her husband; two sons, David and Donald, of Edmonton; her mother, Mrs. Fred Mills, of Oneway; three brothers, Earl Mills and John Mills, both of Oneway, and PO. Sidney Mills, of the R.C.A.F. (overseas).

The children, George, aged four, and Ernest, aged five, were being put to bed.

"We do love you mummy," said George, hugging her.

"Why do you love me, darling?"

"Cos we like your face."

"But it isn't much of a face", said mother.

That was a bit of a poser. The boy thought a moment.

"But we've got used to it," he said.

Fultonvale News

The event of the season! The Goodwill Club Bazaar will be held in the evening, Tuesday, November the 30th at the hall. Sewing, knitting and numerous articles for sale, a social evening, lots of fun for all. Everybody welcome, come early. Proceeds are to go towards "building up the fund."

Mrs. and Mrs. Alf Bezanik have returned from a short honeymoon and will make their home in Fultonvale.

Mrs. Wm. Clarke is progressing very well after a serious illness.

Miss Edith Miller's wedding to [illegible] on the evening of November 6th at the residence of the bride's parents, Mr. and Mrs. H. P. Miller.

We hear that diamonds are flashing quite frequently hereabout, but as yet the writer has no official news, we would like the young couples concerned to "send in the news".

Mr. and Mrs. Jim McMillan held a sale at their farm recently Their many friends wish them all the best of luck and health in the future.

Victim—"What did you say this meat was?"

Waiter: "Spring lamb."

Victim: "I believe you. I've been chewing on one of the springs for an hour."

'China' By Rev. Burkwall Josephburg Treat

The Community welcomes back to its bosom the Frank Mennig family who left late has been sojourning in the city. The farm during the past crop year was leased to William Thomas, who made a very creditable showing on it.

Rev. Burkwall of the British and Foreign Bible Society has undertaken to speak to the pupils of this school on Thursday, Dec 2, his topic being "China". On the evening of the same day he will give an illustrated lecture in our school-house to all who care to be present, on the work which is being carried on by the Society. No admission charge will be made, but a silver collection will be taken up to help spread the work.

Both Rev. Burkwall and his wife are well known to residents in this neighborhood.

Bernie Fluhrer, once our trouble shooter on the Sanford Mutual Telephone lines, has returned to the bosom of his family after a prolonged sojourn in Athabasca Labrador in connection with his service in the Forces. We take it that rubbering on the phone will be one vice in which the Athabascan natives can not collected. We have not seen Bernie as yet but we are not expecting to find his health deprecated by a surfeit of special pleasures while resident in the North.

The weather still continues to smile upon the denizens of Josephburg and surrounding districts. So fresh threshing or green-feed hauling, cannot expect any more leniency from the prophet.

Christmas will soon be upon us. Josephburg School will not put on the usual exhibition evening programme, but instead the parents of pupils attending will be invited to be present for a bonning-up party on the afternoon of the 23rd. That may prove exclusive news to Santa Claus, who in the past has found it difficult to be in so many places at once. Excessive speeding means an excessive use of gasoline and once Santa probably finds gas rations book uncomfortably slim.

Looma News

Mr. and Mrs. A. R. Kilford, of Looma, celebrated their 25th wedding anniversary on Sunday, Nov 21st. Congratulations and good wishes were received from near and far.

Mr. and Mrs. Kilford have a son serving in the forces overseas.

THE PARLOW STRING QUARTET

Kathleen Parlow, famous violinist, whose return to public appearances in Canada caused a Dominion wide stir a year ago, is seen in the centre of the above picture, surrounded by the other members of the quartet—left to right. Samuel Hegnasberon, second violin; Isaac Mamedi, 'cello; and John Dembeck, viola. Isaac Mamedi is a westerner, formerly of Winnipeg, from which city he was heard for several years over CBC networks as 'cellist and leader of the Tudor String Quartet. The Parlow String Quartet is heard over CBC networks on Sundays, at 12.30 p.m. CDT.

A WEEKLY EDITOR LOOKS AT

Ottawa

Written weekly for the weekly newspapers of Canada

Many week will be observed throughout Canada November 21-27 when the fighting sailors of the Navy and the Merchant Navy ga-lants will be honored. The Navy League of Canada which operates 22 hostels, clubs and entertainment centres for Canadian and Allied sailors, cared for over two million of them last year. They distributed in 1943 a total of 108,400 ditty bags and this year it is estimated 180,000 are wanted. Everywhere earnest appeals to towns, cities and hamlets, are being made in this line.

* * *

The navy has done it again. For years a discovery for prevention of seasickness has been sought quietly but with our science speeding up it, Navy medical researchers went at the problem from steam to sails, finally came up with the answer. Then, in Toronto one day, susceptibles fed a certain pink capsule failed to get seasick. A contract has been let for mass production. It is said to be Tly-adiborine, also in cases of convalescence They are taken by mouth one or two hours before sailing or in rough weather, will be effective for eight hours and can be repeated. Now the overall efficiency of ships will be kept at a maximum, some claim, some calls

* * *

A committee from government food production branches is now elected and busy drafting Canada's farm program for 1944, to be placed before a joint meeting of Dominion and Provincial agricultural authorities which will meet in the capital early in December. While there will be changes in the quantities of some types of food, little change is contemplated in the overall picture. Maximum production on the essential will be needed, of course. The Meat Board points out Canada's total supply of meats is enough to fill requirements under our rationing system.

* * *

The Bureau of Statistics gives us some figures on farm living costs, the index number rising from 121.2 for April to 123.3 for August. Food prices increased 1.6 points, fuel 1.3, household equipment 0.2 and miscellaneous 0.7 Clothing prices are down 0.3, health maintenance remained unchanged. While the eastern regional farm living cost index rose 2.3 per cent, out west it went down 0.6.

* * *

Previously not at a maximum of 45 years, a new National Defence order for those who volunteer for active service with the Canadian army "will be restricted to those who have attained their 18th birthday," prevailing measure up to physical standards (considered fit for fighting services). There are some surprised conscientious, only when a shortage exists in the type of men having special trade or technical qualifications.

* * *

The Postmaster General has issued an explanation in connection with mail service to Canadians fighting in Sicily and Italy. There were delays on mail going by surface, due to three reasons: scarcity caused in England, waiting for convoy, length of journey. One steamer carrying 200 bags of mail for Canadians was damaged by enemy action, delayed three weeks. The average elapsed time, surface mails, posted in England for delivery in the U.K. is 30 days, and between there and the Mediterranean theatre, 21 days. The present situation is better. All surface letters are sent down from New York to North Africa by U.S. ships. It is suggested either the United States Christmas rush has subsided parcels will also go that way instead of being transferred from England to convoy. "Blue" air letters, however, since the middle of July have been promptly delivered to Italian hands.

* * *

This and that: a little sign on both sides of a trunk can save a driver lots of trouble . . . what is needed, as you know, is his name and place where he lives . . . Odaka ranching in 1943 have been about 34 per cent above 1942; this normally would bring an increase of egg production in 1944 of 15 per cent over 1943, but food difficulties are expected to reduce this figure to about 10 per cent . . . estimated at late frost over 1943 with exception of grapes somewhat improved since September, with apples now estimated at 4,355,000 barrels, up 4.8%, due to heavier pack in Nova Scotia and Ontario . . . 15,204 establishments reported to Bureau of Statistics at Sept. 1, were employing 1,970,230 men and women . . . estimated consumption of field cattle for all of Canada in 1943 is more than 9 per cent higher than previous year . . . paperbound farm note—Where climatic conditions are favorable alfalfa thrives on fairly varying kinds of soils . . . manure and gravel to heavy compact clays although the best soil is deep, porous loam. It will not do well on poorly drained land or on soils seriously acid.

* * *

Patriotic Hamilton everywhere are visiting blood clinics regularly. In this connection it is now claimed that Canadian blood is being used to finality, helping to save the lives of wounded American soldiers.

* * *

A minister said, one Sunday at the family dinner table, "My sermon this morning advocating frugality and thrift, was very convincing."

"How do you know dear?" asked his wife.

"I counted the collection," he said.

Ardrossan War Guild Talks Skates Rink At Recent Meeting

Mrs. E. Jacques gave her home for the monthly meeting of the War Service Guild. It was decided to ask for tenders to make ready the skating rink. It was also decided to pack Xmas boxes for our soldier boys on this side of the water. These to be packed at the next meeting. A donation of $25.00 was made for the soldier's fund.

One member thought that it would be a swell idea, if all members would contribute what they can, in the way of raisins, currents, peel, shortening, and what not, towards a large cake. After being made, the cake would be divided and a piece sent to each boy overseas. It was suggested that this be sent in January, along with other cake.

Mrs. Mosley kindly asked the ladies to her home for the cake baking "bee". It was also decided that a sheet on quilting a quilt will be made the same afternoon, Friday, Wednesday, is set for the big day and all members are looking forward to the event.

The next meeting will be held at the home of Mrs. C. H. Williams on Wednesday, Dec. 1st.

* * *

Mrs. Parker kindly gave her home recently for a meeting of Ardrossan C.G.I.T. people. It was decided to organize a Young People's group, with Miss Jane Hanlon as president, and Miss Alexander, sec.-treas. Meetings will be held every second Wednesday evening at different homes. The first will be held at Miss J. E. Jacques.

* * *

The fowl supper was a successful affair. The proceeds had a good crowd—lots of children, and a fine program. Those taking part in the program were as follows: Rev. Dr. S. Scott, Mrs. Scott, Mr. Floyd M. Baker, M.L.A., and Mrs. Baker, Rev. Mr. Irving, R.C.A.F., Miss Una Williams and the C.G.I.T. girls.

* * *

A number of people motored to the home of Mr. and Mrs. M. Olsen, of Brookville, Saturday night, where a party in honor of Gordon Olsen's 21st birthday was enjoyed.

* * *

Miss Beryl Mosley of Edmonton, was a visitor at her home on the 11th of last week holiday.

* * *

Miss Margaret Alexander is taking a business course in the city at present.

* * *

Mr. and Mrs. E. Jacques entertained a few of their friends recently in honor of Mr. and Mrs. Walter Keenan of Edmonton.

* * *

Miss Marion Alexander has gone to the coast to resume her studies. The best of luck to you Marion.

* * *

His many friends are pleased to hear that Mr. C. H. Williams is much improved in health.

* * *

Notice is advertised on the back page of this issue to the effect that the Ardrossan General Store operated by Archie S. Williams, will be open the following hours: 9:30 a.m. to 6 p.m. until further notice.

Josephburg Sr. Room Plan Skating Rink

The Senior Room is busily planning for a skating rink this year It would seem that water is more convenient for the purpose than it has been for some years past. Mansfield sched under the leadership of Wilbert Frey. Its teacher, purposes to build a rink this year and may form a handy competitor on the ice to our boys. Our big trouble always is the leaking of the water, of which some seventy tanks is needed. We have no water on the school grounds and most needs haul each drop if we would use skating too.

World of Wheat

By
H. G. L. Strange

NO SOIL MINING

A few years ago, when certain areas of the Southern Prairies suffered from successive years of drought, many said our wheat lands were "washed up", that never again would they produce normal crops. This soil condition, they said, was caused by the farmers improvident methods of "soil mining" the land, by the continual growing of wheat, and so the fertility of the soil, it was claimed, had been lost.

During these years, I, for one, was told enough to point out that this was all great nonsense—that the fertility of the soil had not been lost, and that when the rains came again normal crops certainly would be produced. These normal crops did later occur, as we know

Additional confirmation of the fact that land will continue to produce beautiful crops is shown by the recent statement of Sir John Russell, of the Rothhamsted Experimental Station, England, in speaking of the famous Broadbalk Wheat field, that beat since 1839 for 100 straight years is wheat without manure or fertiliser. Last year, 1942, the 104th wheat crop on this field yielded 34½ bushels per acre.

This indicates that if we use reasonable care with our land, to prevent soil-blowing and water erosion as much as possible, we can continue perhaps indefinitely to produce good wheat crops on our prairie lands.

Beaver Hills Church Congregational Supper

On Thursday evening the Congregation of Beaver Hills Church met therein for a supper and social evening together. Though some stormish adherents were unavoidably absent, we were glad to see some there that we had hardly expected. The whole evening was voted a success and in the Wartime substitute for the usual 'Chicken Supper'. We heard of one party whose olfactory organs were so keenly tuned, that he turned up the evening previous to the not date. 'But when he got there

The supper was here;

The Ladies had not been there first

We ourselves have always waged a Crusade in favor of punctuality, but a twenty-four hours does seem to us rather more than is strictly necessary. They say that

"He who fights and runs away
Lives to fight another day.'

and we believe this shining example of virtue was on deck when the Thursday bugles sounded.

Uncas Committee Raise Money For Xmas Parcels Overseas

Mrs. N. Sherburne and Mr. Todd, a committee chosen to raise funds to purchase Christmas parcels for our boys in the Armed Forces, are pleased at the successful dance held recently. The sum of $20.00 was cleared after all expenses were paid. Congratulations go to this energetic committee for their good work.

* * *

Mr. Albert Burson, of McLellan is visiting at the home of his mother, Mrs. Burson and her daughter, Mrs. Scott, who is also visiting at the parental home.

* * *

Mr. C. Davis is now able to thresh his abundant oat crop, after being delayed time and again, by bad weather.

* * *

"Mac" MacNeil is home on furlough from Esquimalt, B.C., where he is training in the navy.

* * *

Miss G. Hopper is home from Clover Bar for a few days, where she has been attending high school.

* * *

Pte. P. Todd has returned to Camrose after being home on leave.

* * *

Miss Rose Sherwood is visiting her grandmother at Vilna.

* * *

Mrs. J. Holler and children have spent the week-end in town visiting Mrs. Bacon.

* * *

Pte. N. Marsh is expected home this week from Wainwright.

* * *

Mrs. Mottle had the misfortune to scald her neck, part of her foot and hand. Her friends wish her a speedy recovery.

* * *

Mr. Ten Cate, of Edmonton, was home for a few days.

* * *

We wish to congratulate Mr. and Mrs. August Sedlin, on the Redmen's, on prank played by the stork—who left a baby girl instead of an apple.

* * *

Mr. K. Reeves is home again after a short vacation.

* * *

The Uncas children played a great joke on their teacher, Mrs. Hall, last week. They told her that the famous "Orpingalis" had been caught in Edmonton and that it was 53 feet long. Mrs. Hall went home on Friday night, and her friends in town had some time convincing her that it wasn't true.

Out of the Past
Wednesday, Nov. 26, 1919

The annual meeting of the Fort Curling Club was held on Nov. 26. A good crowd was in attendance and all enthusiastic for the beginning of a new season.

The W.I. held a very enjoyable dance in the Memorial Hall last Friday evening, November 21.

Messrs. Arthur Krebs and Bob Gordon arrived back from a recent hunting trip in the Athabasca district

The heavy windstorm Saturday afternoon toppled over one of the kennels on the Byers fur farm allowing a very fine fox to escape.

We are sorry to hear that Mrs. Johnston Carmadelon is suffering with an attack of flu.

Mr. D. Roberts attended the Municipal convention in Calgary last week.

When you need printing—The Fort Record, ph. 68.

School Flashes

At 7.30 on Friday night, students of Fort High, carrying skates and sticks, left the school grounds en-route to the "island", where they were to spend the evening skating. Skating back and forth over such a long stretch of ice they acquired an enormous appetite. Setting on logs around two bonfires, the gathering listened to a very enjoyable school paper read by Norma Hustoff Lunch consisting of hot dogs and coffee was then served by Sue Bratten and Georgie Watson. With the exception of two unfortunate accidents, and a shortage of marshmallows, an enjoyable evening was had by all

* * *

With such a nice weather the boys are very enthusiastic about football. A meeting was held on Tuesday, Nov. 23rd, to choose teams which are to play Tuesday and Thursday nights and Wednesday and Friday noons.

"Pittsburgh" At Sharp's Shows

Marlene Dietrich, Randolph Scott, John Wayne, and a good supporting cast brings "Pittsburgh" to Sharp's Shows, Thursday and Saturday evenings of this week. The story goes something like this: "By a clever scheme a coal miner finds himself and his best friend in business together. Very busy making money in the coming years, he neglects the girl they both love and marries a big-shot's daughter. He forgets his promises to furnish security to his employees and ends up by losing his wife, his friends and his partner. When Pearl Harbor comes, all differences are put aside in the war effort."

Notice to Creditors and Claimants

In the Estate of Judith Hunt, late of Sturgeonville near Fort Saskatchewan, Alberta, Widow, deceased.

Notice is hereby given that all persons having claims upon the estate of the above named Judith Hunt, who died on the 1st day of November A.D. 1948, are required to file with the undersigned by the 15th day of January, 1949, a full statement duly verified of their claims and of any securities held by them, and that after that date the executrix will distribute the assets of the deceased among the parties entitled thereto having regard only to the claims of which notice has been so filed or which have been brought to her notice.

Dated this 19th day of November, A.D. 1948.

A. H. GIBSON,
Fort Saskatchewan, Alberta,
Solicitor for the executrix,
Mrs. Aurora Lamoureux,
R.R. 1 Coronado, Alta.

C.G.I.T. Notes

Both groups C.G.I.T. met together at the church for the first joint meeting of the season, on Thursday (Nov. 18th) at 6 o'clock. A supper was efficiently carried out by the committee in charge, after which a hearty sing song was enjoyed.

The business meeting, conducted by the Superintendent, resulted in the election of the following Department Officers:

President: Willa Bunt,
Secretary: Dolores Bunt,

The study book, "Into All the Villages" was introduced by Mrs. L. O'Brien, and plans made for its use. After games, this enjoyable meeting closed with "Taps".

Local News

On a recent trip to Winnipeg Harris Byers, of Fort Saskatchewan purchased two pair of Phimos blue Mink One Platinum blue fox will also be added to the well equipped fur farm on the Saskatchewan river flat, west of town. It is said that a coat of Platinum blue mink sold for $37,000 in the States.

N E S

Clover Bar Social Credit Constituency convention will be held on Tuesday, November 30th at 9974 Jasper Ave., Edmonton. Speakers will be Hon. W. W. Cross, Minister of Health, and Floyd M. Baker, M.L.A. Everybody is cordially welcome. See advertisement.

THE FORT RECORD

Vol. 42 No. 34 FORT SASKATCHEWAN, ALBERTA, CANADA, WEDNESDAY, DEC. 1st, 1948 CIRCULATION THIS WEEK 1800

"Pillars of Peace"

The seventh and last in a series of articles by Rev. H. H. Birdsall, discussing the "Pillars of Peace" formulated by a Commission of the Federal Council of Churches of Christ in America.

SIXTH PILLAR

The pattern must establish in principle, and seek to achieve in practice, the right of individuals everywhere to religious and intellectual liberty.

The only true basis of the universe is man and women capable of and eager to achieve fellowship with God. If that first does not exist then the universe is a meaningless failure, and God has failed in His purpose to create souls with whom He may have communion.

Here a necessary part of man's fellowship with Him is that man should of his own desires and free choice seek that fellowship, or, in other words, that man should willingly and gladly respond to God's yearning for man.

Against Communist power human institution must manoeuvre itself. Every friendship, home, business, nation, custom, law and system of thought stands or falls as it helps or hinders men and women to join in that kind of fellowship with each other which is the supreme action for and also part of their ultimate fellowship with God.

This means that every human relationship, while they exist to satisfy our needs for food, clothing, shelter, friendship and cultural values, are also and essentially for the awakening and building of sense of God. In other words, our buying and selling our borrowing and lending, our talking and writing and reading and learning, our governing and legislating and administering, all this that is so often called merely secular is the very material of fellowship with God. In as much as we have room and respected and given high worth to the baby in each other, just so much shall we be able to see God who longs that we should see Him as He sees us. Now there is nothing in the whole universe, whether in nature or of man's own making, that is more important than man's entering into that relation of oneness with God. All else (even such things as the State and an International Police Force) must see themselves and be seen as tools

(Continued on page 4)

Good Hope Club Hold First Meeting

The Happy Gang Club held their first meeting of the season last Thursday evening. A small but very interesting program was rendered. Many interesting activities were discussed for the coming months. Wednesday evening of each week was set for skating, on the lake on Earl Cranston's place, one mile south of the school.

N E S

Plans were also made for a whist drive to be held soon, no dates had for more definite announcements in the paper. The next meeting will be held in the school on Tuesday, Dec. 7.

N E S

Miss Ruby Cripps is employed at the Arcturist Repair, Edmonton.

N E S

Mrs. Sam Terrens is visiting for a couple of days in Edmonton.

N E S

Mr. George Bezaur of Sprucefield and Miss Cameron were married in Edmonton last week.

N E S

Pt. Wesley Johnson is spending an extended leave with his brother Ernest of Good Hope.

N E S

The Goodwill Sewing Circle met at the home of Malinda Israel last Thursday afternoon. Plans were made for a Christmas party to be held at the home of Mrs. A. Becker. The next meeting will be held on Thursday, December 16, at Mrs. A. Henderson's. At the close of the meeting lunch was served.

Mrs. Chas. Lowe, Pres. United Church W.A.

At the Annual Meeting of the W.A. of the First United Church, held at the home of Mrs. T. Hall, on Wednesday, December 1, excellent reports were received from all committees. A hearty vote of thanks was extended to all members of the retiring executive. The following officers for 1944 were elected:

Pres., Mrs. Chas. Lowe.
Vice-Pres., Mrs. F. Sherman.
Sec., Mrs. L. J. Devereux.
Treas., Mrs. R. B. Smith.

Boys Rally Held Clover Bar Church

A Boys' Rally was held at the Clover Bar Church with the boys of the Clover Bar district Rev. Gray Rivers, Boy Work Secretary was present with Dr. [illegible] in charge. The attendance was said that an interesting time was had by all. Sports were organized and the Boys journey Dominion. It is hoped that some boy from this circuit will be able to attend this year.

N E S

A meeting of the U.F.A. and U.F.W.A. will be held at the home of T. A. Marler on Monday evening, December 6. This is the night of the Christmas gift exchange among the women so don't forget your presents, ladies.

N E S

A number of the youngster not at the U.F.A. Christmas attended the Credit Union dance last Friday night in the Parker Hall in Edmonton. Norris Pacey and his orchestra were in attendance and a good time was enjoyed by all.

N E S

Our congratulations go to Mr. and Mrs. Lorne Andrews on the birth of a daughter, Elaine Flossie.

N E S

Mr. and Mrs. C. N. McGhan and Mr. and Mrs. Wm. Mills recently returned from a moose hunt with a bag of two bears, two moose and two deer.

Tax Collections

The five (5) per cent discount on Current Taxes will be discontinued after the 15th December. On the 16th December a five per cent penalty will be added to all arrears of taxes.

In cases where arrears of taxes have been consolidated, payment of the current taxes as well as the instalment, if they have not already been paid, must be made before the year if the agreement is to remain in good standing. Remember you get a discount on current taxes if you pay before the 16th December.

Secretary-Treasurer

Co-op Officials Urge Farmers to Continue Hog Production

The Alberta Livestock Co-operative Limited have presented a number of broadcasts over Station CJCA dealing with the recent British Bacon contract as it has affected the hog raisers in Alberta. Many have grown out of production, others it would appear, are still dissatisfied, and will not consider temporary appeasement. The president of the Alberta Livestock Co-operative, Hugh Allen, appealed to all member organizations on November 18, to "KEEP ON PRODUCING HOGS — THE FEED GRAIN PRICES MAY SLIP LATER. Hog production has been the most profitable branch of agricultural farming in Alberta, and we have an equality through years of effort that would be unwise to give up now."

Fred McDonald, vice-president of the Alberta Livestock Co-operative Limited in Edmonton at present interviewed the ABOVE APPEAL, and to Co-operative organizations and co-operative farmers he says:

NOT GO OUT OF PRODUCTION. The recent price advance on the part of our government to co-operate in advancing the price of 75c per hundredweight on the remaining unfilled quota, of 150,000,000 pounds yet to fulfill in the 1942-43 agreement to Britain, should indicate that the future is not so dark in the hog industry as we have been led to believe Our representations to the Government have been FAIR and JUST, and further announcements of interest with favorable results may be forthcoming.

R. H. MacCrimmon, Director of Alberta Livestock Co-operative Ltd., and who has recently been appointed to the Advisory Committee of the MEAT BOARD, Ottawa, stresses this most emphatically: "The 450 million pounds of the new bacon contract is the MINIMUM, not the MAXIMUM that Britain will Accept. Our Bacon and Pork Products are needed urgently so-don't DO NOT STAMPEDE OUT OF THE BUSINESS THAT YOU HAVE BUILT TO BE ONE OF CANADA'S FINEST."

Listen to these broadcasts for Intelligent Guidance, and hesitate not seriously before being persuaded to go out of production.

COMMENCING THIS WEEK, THE ALBERTA LIVESTOCK CO-OPERATIVE LIMITED ADVOCATE THE USUAL MARKETING OF THE HOGS

● BECOME CO-OPERATORS. WAY.

J. Webb's Auction Sale Well Attended

The Bruderheim-Tyrrell Valley Horse Competitive Fund held a whist drive recently in the Tyrrell Valley school. The ladies' first prize went to Mrs. F. Marler, and the Gents' to Mr. A. Harvey. Consolation prizes went to Mrs. W. Pearce and Mr. B. Davis. These draws are put on alternately a month at Brucker and Tyrrell.

N E S

Mr. N. Brandflower spent a few days recently visiting with friends at Wainwright.

N E S

Mr. and Mrs. Murray and Mr. and Mrs. K. Formh of Edmonton and Mr. Ted Malnden accompanied by his mother were week-end visitors at the home of Mr. and Mrs. F. Davis.

N E S

Mr. and Mrs. W. Gordon, and daughter of Lamont, and Mr. Jack Holmes, of Edmonton, were week-end visitors at the home Mrs. C. Davis.

N E S

Mrs. D. Gane and Mrs. F. Davis spent a few days visiting friends in the city.

N E S

Mrs. Maurice Osbaldeston and daughter Hazel, left Tuesday for Rose Creek to spend the winter with the former's sister. Mr. Osbaldeston plans to work in the bush again this winter.

N E S

Pte. H. White was home over the week-end. He is stationed at Calgary.

N E S

ACI Jimmie Davis is home on furlough. He has been transferred from St. Thomas to Calgary. He is the son of Mr. and Mrs F. Davis.

N E S

We are sorry to hear that Mrs. J. Shmyr Jr. was rushed to the Lamont hospital and hope she is now on the road to recovery.

N E S

We hear that Mrs. J. Curry has been on the sick list, but in the spring will soon be hear or what she you say.

N E S

Mr. Kenneth Horton is busy these days helping to round up the buffalo at Elk Island Park.

N E S

We were sorry to hear of Mr. E. [illegible] the fall while working around the combine, he had a small bone broken in his leg, just above the ankle. He was taken to the hospital but is now convalescing at home.

N E S

Miss Kathleen Gunn spent a brief visit this week-end with her mother. Kathleen is attending Strathcona High.

N E S

With an ideal day and a good crowd, Mr. J. Webb reports having a good sale, so it pays to advertise".

N E S

Mr. Johnny Fisher has purchased Mr. J. Webb's farm and a little bird whispers that Johnny is not moving alone.

N E S

First Class Stoker Eric Miller payed a brief visit with his sister Mrs. Clement Davis for a part of this week.

N E S

Mr. an Mrs. S. J. Williams and sons, of Bruce, and Mr. and Mrs. R. S. Gray, of South Edmonton, were week-end visitors at the home of Mr. and Mrs. S. Davis.

N E S

All right folks, try and give your local correspondent some news, or send it in direct to your local paper. Those in the services are writing home. "What's wrong with the locality news ?"

N E S

Mrs. Stan Walker and son, returned from Whitford after spending a few days with relatives there.

N E S

At last there has been a new bridge constructed just west of the David Gunn's. This has been a long felt need.

IMPOUNDED ANIMAL

Impounded in the pound kept by H. P. Miller, R.R. 2, South Edmonton, pound located on the S.W. 36-53-23-4, one dark brown mare, white blaze on face, weight about 1300 lbs, age about 13 years. For further information apply to the pound-keeper or to the office of the Municipal District of Strathcona, No. 517, Bank of Commerce Chambers, South Edmonton.

RALPH STAPLES

As newly appointed national secretary of the CBC's Farm Radio Forum, Ralph Staples is in charge of organizing listening groups across Canada, and providing them with material for discussion Each Monday evening these forums together about their radios to hear agricultural experts discuss matters of vital concern to the farmer Broadcast over a chain of CBC networks the National Farm Radio Forum is heard on Mondays, at 9.30 p.m. CDT.

The keeper of the local inn, which had a reputation for its very strong brew, was awakened at midnight by a loud knocking on the front door. Putting his head out the window, he inquired:

"Go away! You can't have anything to drink at this hour."

"Who wants anything to drink?" was the response. "I left here at closing time without my overshoes."

DAWSON'S DRUG STORE

A WEEKLY EDITOR LOOKS AT
Ottawa
Written specially for the weekly newspapers of Canada

It may not be generally known yet, but farmers and other primary producers can purchase lumber for new buildings essential for storing grain or housing livestock at 10 per cent below current retail price through payment of a subsidy by the Wartime Prices and Trade Board. The subsidy is also payable to farmers, co-operatives, unincorporated associations and incorporated farms. It also may be granted in assisting the restoration of essential business buildings when the proprietor is insolvent.

Here and there: One Norwegian tanker, of 10 tankers sailing for the United Nations, just crossed the Atlantic for the 45th time since the outbreak of war, carrying 300,000 gallons (1,000,000 gallons) of oil across the ocean, enough for 100 raids over Germany of a thousand bombers each; and had never been a U-boat . . . the 1945 production of children's knitted underwear is expected to double all previous records, with support of more than two million garments and a corresponding fall in rotation; the board says diapers for babies up to more than 30 per cent over 1941, and flannelette garments are for in excess of pre-war years . . . Canada's birthrate last year was 1.3 per thousand higher than the year before, showing increases in all provinces except Saskatchewan . . . Canada is today receiving nearly two-thirds of the imports of Newfoundland with the United States second, supplying about 32 per cent . . .

The federal government will pay a drawback of 35 cents per bushel on wheat bought for feeding purposes on grade known as Manitoba No.4 Northern, equal or lower, to replace eight cents a bushel which has been paid for the past year or so if purchased for feeding.

Delivery of logs reached such tremendous proportions a short while ago that the Mast Board asked all packing plants in Quebec, Ontario and the prairie provinces to slaughter no more nors until all regular classes of finished hogs at yards and plants were slaughtered. A recent week saw an all-time slaughtering of about 192,000 hogs, greater by 18,000 than any previous week. The control situation was not confined to Canada, but prevailed in the United States, too. The Board pointed out that as two regular hogs can be produced from about the same amount of labor as one sow, and as additional weight does not lower the eventual value of sows temporarily held back, this was the best practical solution to the problem.

The Canadian Army, after a good set of 100,000 more personnel for the 1943-44 fiscal year, had reached at the end of September, a net intake of 62,359 and net discharges of 22,120. Total intake was 86,126 volunteers, 39,626 call-ups.

More 50 per cent of the leaf used for tobacco in Canada in 1942 was Canadian-grown, but as a result of improvement in quality, gained through research and practical work of the Tobacco division of the Dominion Experimental Farms service, 66 per cent of Canadian leaf was used in 1943. It is stated that 100 per cent of the tobacco manufactured in this country was home grown. This means a fine increase in revenue for the 7,000 farmers engaged in this industry.

School Flashes

Many students of the Fort School are suffering from a mild attack of the 'flu—hence the poor attendance. Miss Galloway and Freda Lawrence are at present in the hospital, but we hope not for long. Speed the recovery, kids.

Our dreams of a "White Christmas" are more likely to be fulfilled since the light fall on Tuesday. If the snow lasts there should certainly be a sleigh-riding event before the Christmas holidays.

Students, if you want to sponsor a public dance during the Christmas holidays, make a success of our next school dance.

SEND IN THE NEWS.

Out of the Past

Wednesday, Dec. 3rd, 1930

Mr. and Mrs. I. Hoskins celebrated their Silver wedding anniversary on Saturday, Nov. 29th when a large number of friends extended congratulations to the happy couple.

The annual banner and sale of home cooking held by the Ladies Aid of the United Church on Saturday was quite a success.

Skating and Curling rinks are coming along nicely and it is thought that they will soon be ready for use.

'Flu Hits Attendance Josephburg School

The honour Room at our school has taken it in turn to write a newsletter, each week in one of our past pupils who has been in hospital for months past. We now learn that the patient, Norman Knapp, is to leave for home, for which honour one will be more delighted than Norman himself. We sincerely hope that he may never need to return again.

Hammers at recess time have been working overtime, for the Senior Room boys have decided to shorten the expanse of their skating rink, which, in its old proportions, took altogether too much water to flood.

It is still of real size and will provide any amount of splendid exercise when ice-coated. We are not longing for snow, but enough to make sleighing possible would be quite acceptable. This water hauling is a chore of the first magnitude.

Some vacancies have been caused in the classroom by that arch-enemy 'flu. Miss Muir who teaches the Junior Room is one of the victims. Even the potent Health Unit capsule seems unable to prevent some enemies. In which connection we remember a few—but only a few lines of a well known drag advocated in our youthful days. The advertisement ran somewhat after this fashion:

"If you want a really fine
Unsophisticated family pill,
Try Dr. Rumbleth's Hour cosmopolitan
Bile producing, silent perambulator
'It don't go fooling about
'But attends strictly to business.'
This is all we can remember but the original ran to considerable length. Possibly our genial friend Dr. Adamson will be inspired to produce a rival to this sprightly literature.

The attention of all ratepayers is directed to the notices advising public buildings in our locality, proclaiming to all and sundry that the annual school meeting will be held at 2 p.m. Election December 6th, at Pleasant View School House. The Divisional Board welcomes the attendance of anyone interested as well as suggestions and criticisms of policy, past and present. All those who have a vote—ratepayers or matters of expenditure or administration will receive straightforward answers to their questions. This is the chance that Democracy affords to each one of us to pull his weight.

Remember also that Rev. Burkwell will be showing pictures illustrating the work of his field and Foreign Bible Society at Josephburg School on Thursday, Dec. 2nd.

Thanks to the continued fine weather, Mr. Dompster of Parkway Service Station will soon have his residence completed. We understand that the house in which he is living at present, which is the property of Philip Rippel, has been sold and will shortly be moved to a new location.

Are You Receiving The Paper Regularly?

It has been reported that a number of subscribers to The Record are not receiving their paper regularly. This is happening, more so in the former district of Strathcona. A paper goes out from this office weekly, to every ratepayer in the Municipal District of Strathcona. If you are a ratepayer, and do not receive the paper—you should inform the Secretary, D. Roberts, at once. If you are getting the paper regular, also notify the secretary who will immediately look into the matter.

When your name appears on the list, and the paper leaves The Record office each Thursday, as far as we know you receive the paper. If you don't, then let us know.

The Record office has been very careful in making the necessary change of address immediately we were notified, so this shouldn't account for the large number of persons in the district not receiving their paper by this time.

It will be appreciate by The Record if you will bring these matters to our attention, so that we may set at ease.

IT PAYS TO ADVERTISE!

EXTENDS GARAGE SPACE
An extension to the Parby Service Station is well underway. This will provide sufficient room to house the two trucks operated by Ray Wilson in connection with the business.

HAND LOOM WEAVING

Eighteen months ago the Boards Grain Company started sponsoring weaving classes throughout the prairies. To date a total of 46 classes have been either completed or will shortly be completed. About 600 rural women and girls have been taught to weave at these classes. As each class finishes the weavers form themselves into a weaving circle. These weaving circles then carry on the good work, and have also in view the object of teaching their neighbors and other women and girls in their district. Many of the circles are now engaged in this worthy work.

150 looms have already been purchased by the weavers and more are in active use turning out the most useful and beautiful hand-woven materials.

An estimate has been recently made that these prairie weavers have already woven the equivalent of 1,000 yards of material 45 inches wide, which fabrics have been made into bedspreads, blankets, curtains, tablecloths, towels, hangings, rugs, scarves, handbags and clothes for men, women and children.

The prairie women who have learned to weave, it seems, have become greatly interested in creating their own particular combinations of designs and colours, indicating that with all women there seems to be an instinctive desire to surround themselves in their homes with beautiful things.

Local News

Re-marking the Badminton court in the Fort Community Hall was done Monday, by Mr. R. M. Leaker and staff. Consequently, no badminton was played in the evening.

Baron Motors unloaded a car of Fordson Tractors equipped with rubber wheels.

Notice to Creditors and Claimants

In the Estate of Aaltje Hunt, late of Sturgeonville near Fort Saskatchewan, Alberta. Widow, deceased.

Notice is hereby given that all persons having claims upon the estate of the above named Aaltje Hunt, who died on the 1st day of November A.D. 1943, are required to file with the undersigned by the 10th day of January, 1944, a full statement duly verified of their claims and of any securities held by them, and that after that date the executrix will distribute the assets of the deceased among the parties entitled thereto having regard only to the claims of which notice has been so filed or which have been brought to her knowledge.

Dated this 10th day of November, A.D. 1943.

White Mud News

A dance was held on the 13th at White Mud School in aid of Christmas Funds for children.

Miss L. McEachern and Miss Helen Mitchell last week-end visited at the home of Mr. and Mrs. Arthur McEachern of White Mud.

Mr. and Mrs. H. Schieve spent a few days at Beverland last week-end visiting their son, Raymond and their brother Rudolph. They enjoyed the trip very much.

Mr. and Mrs. Fred Bisnett of White Mud spent a few days in Edmonton, attending a wedding and visiting relatives and friends.

Found by Mrs. H. Schieve, a double shelled egg. Outside shell was hard, and the egg had a soft inner shell. This is the first time that ever happened on this farm.

DON'T PILE ON THE COAL
CLIMB INTO WARMER CLOTHES
COAL IS SCARCE!! — Warmer fuel by overheating your home is unpatriotic. It has long been recognized that moderate temperatures are better for the health. To ensure comfort, get into warmer clothes rather than pile on more heat.
Tests show that for every degree over 65° coal consumption is increased 3%. Keeping your home at 68° instead of 70° may even almost a quarter of your fuel bill.
Ask your local fuel dealer for your free copy of the booklet "33 WAYS TO SAVE COAL YOU IN HYE" today.
Save coal due to fire

Last week John Hofer, Sr., of Fort Saskatchewan visited the Edmonton General Hospital to the Lamont Hospital.

Despite war shortages in many articles Fort Saskatchewan has a commendable showing of Christmas merchandise. Merchants and advertisements appear in this issue and preceding issues of the Fort Record for the past few weeks, have a good stock of all articles advertised. They report that the majority of suitable Christmas gifts are arriving daily, and although you may not get just the article you desire, you should have a very good substitute will arrive hereon.

The slogan this year is —shop early.

The United Church W. A. are very grateful to all those who contributed towards making their annual bazaar a splendid success. Lucky ticket on the quilt was drawn by A.C. S Doug. Walker, R.C.A.F., No. 19 which went to Mr. H. Fraser, Elkwater.

Miss Fern Barber and Miss Jean MacLellan, of Edmonton, were week-end visitors at the home of Mr. and Mrs. Hector Barber.

Born to Mr. and Mrs. Ed. Robson, Thursday, November 25, at the Royal Alex. Hospital, a daughter.

L.-Cpl. R. M. (Bob) Graham is home last with Corrie Graham, Calgary, on two weeks furlough.

Mrs. Fred Sherwin returned home Tuesday morning after spending 4 weeks visiting her daughter, Sgt. E. Sherman at Halifax.

By H. F. Bailey
Assistant Live Stock Commissioner

Wheat Variety Survey

The official recommendations as to what varieties of wheat should be grown and where they should be grown are published each winter in each of the three prairie provinces. Copies are placed in the hands of all Line Elevator agents. 1944 recommendations should be available early in February.

We decided that it would be interesting to find out if farmers followed the advice — usually good, and always worth considering — of the annual variety recommendation committees. The recommendations are based on soil-climatic zones and any farmer can consult the zone map in his Line Elevator to find out in which zone he lives and what varieties are considered suitable. Thanks to country elevator agents, we have been able to determine the percentages of the total wheat acreage occupied by different varieties and to compare these with the official report advice. This is what we find.

Alberta (in 1943)

The percentage of varieties not recommended varies from 8.1 in Zone 3 to 39.4 in Zone 5A. The latter zone contained 13.5% Garnet, 9.2% Marquis and 6.3% others. Only Thatcher and Red Bobs had official approval. In Zone 1, about 16.9% of the acreage was occupied by varieties not recommended, largely because Red Bobs is becoming popular even though it holds official approval in this zone.

Saskatchewan (in 1943)

The farmers and the officials should get together! In Zone 1, 10.2 per cent of the acreage is occupied by varieties lacking official approval, and in Zone 2, the percentage is 16.5. This is largely because Marquis has been removed from the recommended list, but many farmers grow it.

Also, no room for Manitoba. Ask your Line Elevator agent for a brightly coloured "Varieties and Harvest" with more information!

'The Road To Morocco' At Sharp's Shows

"The Road to Morocco" starring Bing Crosby, Bob Hope, Dorothy Lamour, and a host of other screen favourites that prove to make up the most good comedy of Crosby-Hope pictures. The story runs something like this: "Let's make it clear right at the start that this is all in fun — but what fun. Two survivors of a sun disaster land on a desert coast where a boy-ing camel affectionately takes over the job of providing a hungry and bumpy conveyance to Morocco. Hungry, camel and passengers finally grasp themselves in an Arabian restaurant where the cheating owner has one of the duo sells his companion into sumptuous slavery in order to pay the check and take revived of his own needs. Visited in his dreams by the ghost of his dead aunt who insists on his righting the wrong, he sets out on a mission of rescue and finds his chum betrothed to a native Princess and having his every need scheduled, served by a bevy of beautiful slave girls. It develops that a native bandit chief also loves the Princess and the impending wedding is due to advice of a stargazing soothsayer who predicts death for her first husband and lasting happiness for her second. Complications enter when the Princess falls in love with the stargazing shieker and the search for beautiful slave girls takes over the disordered groom-to-be. The quarters encounter no end of side-splitting adventure in outwitting the bandit and his gang and making their way to freedom.

"Pillars of Peace"

(Continued from page 1)
MORE ABOUT

to that end They cannot force men to respond to God, but, by distortion of human relations, by misuse of entrusted power, by excess of powers not rightfully belonging to secular by control of the truth, they can prevent men from responding to the divine in each other and also to the Ultimate Divine. By keeping the field clear for man's free response to God they can help and become part of the fulfilment of the Divine Plan. But by trusting the social dimensions they can deform or destroy the individual's response to God.

The Peace must "establish in principle and seek to achieve in practice" a form of world security in which men, both privately and in groups, can develop freedom of the mind and freedom to worship. That does not mean merely the freedom of clergymen to preach and of teachers to teach and of students to study, but that the way will be open for whole communities of men, women and children to live together in peace. That may be into larger and larger areas of truth, and into fuller understanding of that kind of fellowship in which we discover and rejoice in the diversity in each other and help each other to move into fuller fellowship with God

What we also the Peace achieves it will be empty unless it achieves an expansion, both in principle and in fact, of religious and intellectual liberty

Municipal District of Clover Bar, 917

Forage Crop Seed for 1943

The quantity of forage crop seed this year is going to be very limited and anyone planning to seed some next year would be well advised to place their order at once. Orders placed through the Municipal Office will be filled in the order in which they are received. PLACE YOUR ORDER AT ONCE SO THAT WE CAN ORDER THE PROPER QUANTITIES.

THE FORT RECORD

"Wa[illegible] of Winston Churchill" to Appear In Booklet Form

The many followers of the radio feature entitled "The Words of Winston Churchill", will be pleased to learn that the complete text of the entire series of fifteen broadcasts will be printed in booklet form and made available to the public free of charge at the conclusion of the series. The series, heard each Sunday evening, over CFAC, Calgary, at 7:00 p.m., and over CJCA, Edmonton, at 9:30 p.m., is running into its second month and ends January 9th.

It is expected that the booklet will contain approximately fifty pages of a thirty-three-thousand-word progressive summary of the famous words and phrases uttered by the most amazing man of our time, Winston Churchill. Richard Needham, well-known columnist and author of the radio text, has written the series in very interesting and educational form, and the booklet will no doubt prove the valuable source of reference and information.

Our readers may secure their copy of this free booklet by sending in their name and address together with a three-cent stamp to Calgary Brewing and Malting Co. Ltd., Calgary.

To assist in placing the printing order for approximately the required number of booklets, and to avoid a deluge of last-minute requests, it is desirable for orders to be sent in as soon as possible. Your co-operation in this respect will be appreciated.

The contemplated Christmas concert and tree scheduled for the Fort Community Hall on the 21st, was passed up as Fort citizens and children are in the grip of the 'flu.

However something is being arranged at the church. Further information will be given in next week's paper.

Mr. and Mrs. Geo. Ball Bethany Young People Feted By Friends Present 3-Act Play

Many neighbours and friends held a "surprise" at the home of Mr. and Mrs. Ball are moving to a new home they have built in South Edmonton.

Through the years they have been good friends and neighbors, and we are sorry to have them leave, but feel that as they are only moving to Edmonton, we shall see them often.

A presentation of a lamp and small table brought to an end a very pleasant evening.

Coupled with the above event, was a "shower and welcome" for Mr. and Mrs. Eugene Ball who are carrying on the "home" farm.

Congratulations are in order to Mr. and Mrs. Fred Loudens (nee Vera Mewtinck), who were married recently in Salisbury church. They are residing with Mr. and Mrs. Theo. Loudens, R.R. 1 Ardrossan, so will be in touch with our district.

Born on Dec. 8th, to Tom and Lydia Haythorne (nee Lydia Farrell), a son.

P. R. Haythorne reports a pair of early lambs here Dec. 2nd, from a Hampshire ewe.

Mr. and Mrs. Dick Hulbert, Mr. and Mrs. F. Smeltzer, are away on a big game hunt west of Edmonton.

MUNICIPAL DISTRICT OF STRATHCONA, No. 617

5% Discount

Due to the volume of work of the enlarged Municipal District no entertain will be given on the 5 per cent discount date for current taxes. If you wish to obtain the discount of 5 per cent, make sure your payment is made before 10th December, as [illegible] will absolutely

The Walther League, the young people's society of Bethany Lutheran Church, will present the play "Aunt Tillie Goes to Town". This is a three-act farce written by Wilmer Bruns, and has been acclaimed as one of the best published by Samuel French. All requirements of the publishers have been met. The play is to be presented at Mansfield Hall, just west of the new Mansfield School on December 14 and 15th, at 8 p.m.; at Partridge Hill on December 16th, and at Brandenhan on December 17th.

"Aunt Tillie Goes To Town" has something to tickle the funny-bone of even the longest-faced individual if you are ill, "Aunt Tillie Goes to Town" will antedepose you to a chiropractor, who can work wonders with only one instrument. If you are contemplating matrimony, you will find many angles of this estate considered, expounded, and demonstrated if you intend to be a bachelor or an old maid, better come and see what might happen. If you intend to devote your life to writing, you might even get an idea for your next novel—And above all, if you are interested in two acts of hilarious entertainment, buy your tickets in advance for "Aunt Tillie Goes to Town" Adults only.

Cast of Characters—Norma Gisther "Miss Tillie Trask"; Hilma Fischer as "Lucinda Talbot"; Maria Gabert as "Miss Pamela Marsh"; Margaret Gabert as "Miss Linda Parsons"; Dorothy Fischer as "Miss Ellen Nesland"; Herbert Gabert as "Ronald Howland"; Theodora Gabert as "Luther Lovrimer"; Arno Gisther as "Mervin Tucker"; Edwin Gisther as "Cheddie Coon Long"; Margaret Dodal as "Mrs. Tillie Tucker"; Hector Gabert as "Dr. Hattie Bing".

Directed by Rev. C. R. Baron.

Proceeds from this presentation are to flow into the Church-building fund of the Bethany Lutheran Church, at Beaver Hills Alberta.

Clover Bar Societies Elect Officers

Mr Sid Findlay left recently for Calgary where he is stationed with the R.C.A.F. It is understood his school, for the first time, last week. Nice going Sid

The annual meetings of the W.A., Red Cross and W.M.S were held recently at the home of Mrs. Jack Stephenson, and Wednesday, Dec. 1 Annual reports were read in all three circles by secretaries and treasurers. Officers were elected for the ensuing year W.A. officers were all re-elected

President, Mrs. A. McKinnon, Secretary, Mrs. H. Harrycut, Treasurer, Mrs. H. Byers,

Visiting Secretary, Mrs. J. Ryan

Flower Committee, Mrs. S. Smith, Mrs. C. McEvoy and Mrs. H. Byers

W.M.S. officers were elected

President, Mrs. H. Van Camp,

Secretary, Mrs. Lees,

Treasurer, Mrs. S. Smith,

Temperance Secretary, Mrs. W. Phillips

Red Cross Officers are:

President, Mrs. D. Hutton,

Secretary-Treasurer, Mrs. J. Ryan,

Work Convener, Mrs. Jack Stephenson

In the W.M.S. meeting Mrs. W. Ostervoll resigned as President after serving in that capacity for over 20 years

Mr. Ivan Lindsay is spending a month at the Banff hospital.

The district nurse immunized several little children on Saturday at the village school. The next visit will be in January.

Master Tommy Byers was host to a number of boys and girls on Saturday on the occasion of his 6th birthday.

New Radio Program Starts Over CFRN

A farewell party was held on the home of Mr. and Mrs. Elias Bowing, who are leaving the district, to make their future home in the city. A good crowd attended and a very pleasant evening was had by all.

The housing shortage is being felt in Unona as well as in other parts of Canada. When Mr. H. Shinnon offered his house for sale, several prospective buyers were on the job at once. W. Faulkner was the lucky purchaser. Push up girls cant your in Loop Yew.

Mrs. Burt Coles and son, of Calmar, Alberta, are visiting at the home of her mother, Mrs. George Faulkner.

Pte. Frances Gagne returned to the coast after visiting a few days with his brother, H. Gagne.

Mrs. Otto Mortorrun is back in the district again after being away all summer working on the Alaska highway.

Visitors from Unona and surrounding districts turned out en masse at the picture show promoted by Floyd H. Baker, M.L.A., recently. The Alaska Highway and other beautiful landscape pictures of Alberta were shown. The show was sponsored by Messrs. H. Gagne and Tony Lisoski (treasurer), who reported that $15.00 had been collected towards the children's Christmas tree. A further sum of $22.00 was also on hand for this purpose.

It looks like Santa will visit Unona district shortly, hardly knowing with all the good things obtainable.

Mr. Tony Lisoski was out moose hunting, but ended up with one of those "nice smelling little kitties".

Miss Dorene Hopper spent a very pleasant week-end at the Cooper home recently.

Mr. A. L. Barron is home from the North where he was acting foreman on the Canol project.

Good Hope News

The A.F.U. local of Good Hope held their regular meeting Tuesday evening, Nov. 30th. An interesting discussion was held regarding low prices. A resolution was passed protesting to land security and taxes. The A.F.U. annual meeting will be held Tuesday evening, Dec. 14, at the Good Hope School.

A million men disciplined to work in unison can exert a tremendous force, but a million minds disciplined to think the same thoughts are equal to only one mind; which to some extent explains German stupidity.

East Edmonton Club Arrange Whist Drive

Mr. and Mrs. Jos Bateman and Mr. and Mrs. E. T. Pelman of Alberni were week-end guests at the home of Mr. and Mrs. George Briggs.

The Willing Workers Club gathered at the home of Mrs. Russel Bishop on Wednesday, December 1, for their monthly meeting. Mrs. Cline was welcomed as a new member. Arrangements were made for the December whist party to be held at the home of Mr. and Mrs. J. S. Anderson on Friday, the 10th, and Mr. A. Adamson will speak to the Club on the coming War Savings Stamp Drive. Mrs. G. Briggs kindly invited the members to her home on Wednesday, January 12, for their monthly meeting.

Mr. and Mrs. A. M. Conn and baby daughter have arrived home from Kingston, Ontario.

Mr. Hans Tschoen had a pleasant surprise recently when a number of friends gathered at his home to wish him the best of luck on his birthday. At the close of an enjoyable evening, Mrs. D. Nagy, served a lovely lunch.

A WEEKLY EDITOR LOOKS AT Ottawa

(Editor recently for the weekly newspapers of Canada)

AT THE CAPITAL: Princess Juliana recently got back from a trip to the Netherlands West Indies . . . to keep the 800 odd government buildings trim and clean there is a staff of 1043 women and 262 men who do the job between working hours. . . . bulldozers have been at work taking the top soil off five of the nine sites for the new Pensions and Health Rehabilitation centres for service men in Ottawa. . . . five buildings expected ready for occupation by spring . . . Madame X bought $15-00 worth of tickets for concert at the auditorium for distribution to service men. . . . there will be no single Christmas in Ottawa this pre-Xmas because of shortage of help and to economize power. . . . long lineups still prevail at the beer warehouses here. . . . one man got fed up after waiting an hour in line, heaved a rock through the window, caused injuries to two women. . . . got fined.

* * *

To answer a query. Charitable or religious organizations may sell gifts of jams and jellies providing these organizations first get permission from their local ration board. Permission may only be granted with the understanding that anyone buying them will have to surrender coupons. This concession, the Consumers Branch W.P.T.R., informs us, only applies to gifts of these rationed foods. . . . Retailers or others who are not consumers will not be allowed to make gifts of any rationed commodities to these organizations.

* * *

The Dominion Bureau of Statistics says that the supplies of winter grain in Canada, in hands of supply and grain-consuming animal unit, are more than enough to keep the existing livestock population during the year June 1943-44. However, all the surplus is in the three prairie provinces, the distribution of which is not as satisfactory as the volume. Hay consuming animals are well supplied with hay and feeds of all sorts, except for high-protein supplements the supply is not so good and may affect adversely output of certain important products. The government is looking ahead by establishing a "feed bank" in eastern Canada in case of emergency and if terrible weather conditions like last winter should become imminent. Besides, several schemes including freight assistance and revised drawbacks on western wheat for livestock feeding, have been put forward.

* * *

Ice [illegible] from the 1941 census of Canada is that 97 per cent of Canadian occupied dwellings had radios, 49 per cent had bathrooms, 14 per cent owned vacuum cleaners and 37 per cent had automobiles. About eleven per cent had all these modern things while in 17 per cent of the occupied dwellings they had none of these. These figures will probably vastly jump in the post-war second term, our savings go on a spree.

* * *

Interesting bits from here and there: established under Dominion-Provincial agreements 26 May municipalities are now treated in Ontario and Quebec . . . they provide day care for children 2 to 6 years, but in addition agreements provide meals, milk and other school, as well as noon day meals; agreements are pending for similar projects in Alberta. . . . many supplies of steel for civilian use coming, says the W.P.T.R. . . . production is likely to be stepped up for baby carriages, kitchen utensils, nails, fences, farm and building supplies.

* * *

Locally, our correspondent wrote for the local paper while at Josephburg a few years back.

BREWING INDUSTRY OF ALBERTA

Franklin District Has Shoots Large Eagle

One day last week Mr. Reuben Stewart, working his corn, thought he saw his turkeys crowding in some trees at the corner of his farm, but when one of these "turkeys" flew he was surprised to see then it was an eagle. By good chance, Reuben had his rifle and a couple of shells with him. Reuben shell connected for an eagle, but as there were no further shells, two of the great birds were able to get away to join the first one in another crown, however, this was fortunate for our leader, for the two brought down grew heavier and Franklin School on Friday, Nov. 26, heavier as he proudly but puntingly when Dan and Reuben Zimmer said carried them home. He might well good-bye to their school and school-pant, for the larger of them two mates, honorables to robin, meadow-Hamilton Hold-Hooked and captured in lark and Franklin. Mrs. Hamilton presented 7 feet from wing tip to the schoolchildren before the party wing tip.

* * *

There are diamonds sparkling in the district, diamonds sparkling like the stars above them, clear nights; and there were two by Violet Atkinson in especially bright. Before this appears in print there will be a gold ring Walter Grimsdale, and his two beside it, placed there by Gordon brothers; Wallace and Jim.

* * *

Record readers will welcome the new "Franklin" correspondent to our columns, and hope that this is the forerunner of many interesting items to come from that district. Reuben

* * *

Mr. Herbert Grimsdale, of Edmonton, was visiting for a few days last week with his father, Mr. Lorne Grimsdale, and his two

* * *

Lorne: "Why do you go to dances with a dope like that? He can't dance."

Flora: "Maybe he can't dance, but boy! how he can intermission!"

Josephburg Hamlet Hear Rev. Burkwall

Roland Mohr of the R.C.A.F., is at present home on leave. Roland, like most other citizens, is indulging in a bout of 'Flu. There's always something to take the joy out of life.

* * *

Bessie Fisher's leave expires on Wednesday of this week and he will then return East to Halifax. We hope, and we believe too, that this time he will not be absent quite so long.

* * *

On Thursday afternoon Rev. Burkwall of the British and Foreign Bible Society addressed both rooms in our school, his topic being "Our Debt to China". In a convincing manner he discussed the various inventions such as the compass, paper and chinaware, which them indebtedness people gave to the world and testified to the fact that such inventions aimed to foster friendly rather than hostile attitudes to others.

In the evening a well-filled schoolhouse heard his illustrated lecture on China. Rev. Burkwall has spent forty years in that land and is well qualified to explain actions, customs and customs there. A silver collection of $16.26 was donated for the propagation of the good work of the Society.

* * *

On Tuesday evening a business meeting in connection with all the four points served by Rev. Burkwall is to be held in the Church at the Fort. The Ladies of the village have very kindly offered their hospitality to all the visiting delegates. With weather such as we are enjoying and no pressing farm work to hinder, a large turn out is expected.

* * *

Upwards of fifty members of the Reformed Church W.A. of Josephburg gathered at the home of Mrs. Rudolph Ripple for their annual Business Meeting.

The following slate of officers was elected:

President, Mrs. Berg,
Vice-President Mrs. Geisinger,
Secretary, Mrs. Frank Bender,
Treasurer, Mrs. Albert Thomas,
Rev. Krieger, the pastor, addressed the members and Mrs. Krieger also.

A successful year's activity of this thriving organization was reviewed and plans for the future laid down. Arrangements for the Christmas entertainment on Christmas Eve at the Church, were completed, as well as for the donation of gifts to certain residents of the neighborhood. A vocal duet by Mrs. Ed Mohr and Mrs. Frank Bender gave great pleasure. The meeting concluded with a dainty lunch.

* * *

Some weather prophet of (let us hope) international repute foretells that this meteorological mistake is to continue until December 30th. Such prophets should be crowned with wreaths of immortal laurel—if their prophecy proves correct. We ourselves, if we were in their shoes, would have our heads girded and our feet well shod in case we found ourselves in the predicament of "Rainmaker Hatfield". We bygone gaily assert that we "hope so in case not" but woe to the luckless wight who raises false expectations in our hearts!

Last year our Assistant Editor, who had migrated to Alberta, found their worst fears faithfully fulfilled and if their fears, on this score, fail to materialize this year we will try to bear it with dignity.

A citizen of the prairies now resident on Vancouver Island was asked by someone from this side the Rockies what the usual climate of that Eden was like. He replied that he had lived there for thirty years now and had yet to learn what the usual climate was like. Furthermore he held out no hopes that a further thirty years would enlighten him.

In any of our readers prepared to give a definition of the mean winter of our Edmonton District.

World of Wheat

by
H. G. L. Strange

BAD MIXTURES IN CROPS

The analyses of many thousands of farmers' wheat crops conducted this last summer by the "Crop Testing Plan" shows some interesting results. 41% of the fields are pure enough to make good true-to-variety seed. 24% are classed as fair only, which means they are beginning to slip a little, but 35% of the fields tested were shown to contain bad mixtures. Many of these mixtures are of poor milling and baking value, and do not yield as well as the newer varieties.

While mixtures consist of a rust susceptible variety, such as Marquis, Red Bobs and so forth, it means that in the rust area and in a rust year part of the crop would be rusted. Some of the mixtures were of late varieties on an early crop such as Red Bobs. This means that such crops do not ripen evenly and when the Red Bobs are ripe there would be immature kernels of the late variety that would reduce the grade.

Farmers receive the best returns for their effort by growing one variety in as pure a state as possible. The only way to achieve this is for a farmer to sow now and again a few bushels of good Registered seed sown on clean summerfallow and of the variety he desires to use.

THE FORT RECORD

STRAIT IS THE GATE.
Rev. Hilbert H. Birdsall, M.A.

POWER has always fascinated man. The snow-slide that carries boulders and uprooted trees in its path holds man spellbound. The water in a swollen river will entrance a man even while it carries away valued property. Ball-dozers and "cats" and air-borne bull-dozers hold the mind of modern man enthralled.

Social power is even more irresistible. Some are content to stand in awe of the power wielded by dominoes and treats and governments, others see it as a force which can be captured and put to work as servant.

The common delusion about power is that what it does is right. This illusion controls the minds both of those who use it and of those who merely observe it. Strangely, also, it exists even in the minds of those who suffer from power's use. Intoxicated by its thrill the users of power feel a divine sanction for their deeds; and those who are used by power find its purposes, how down in awe before this god who arrogantly boasts and ruthlessly fulfils his words.

Whether our worship of this god arises from fear of what power will do to us or from admiration of the rewards it hands out to its loyal worshippers, it would be well to use power in its proper setting.

First and second century Christians lived through a similar age. What was their conclusion? They embodied it skilfully in a story about the Babes of Bethlehem. The arrogant Roman Empire that was boasted that no power on earth could prevent it from doing as it pleased, is given a place in the little drama surrounding the birth of the Child. The part it is given, is very small and only incidental. Higher Power with all its power to rule and tax, and with all its illusions about controlling its own destiny, is in this story merely used as the means by which Joseph and Mary are brought to the ancestral home of David for the birth of Jesus.

Then the writers and readers of that story declared that the avowed purposes and goals of power are usually self-defeating while some accidental, or unintentional, or even unconscious deed may be used by God to do it.

Margaret Faulkner Wins Bronze Medal

Miss Margaret Faulkner, of Vancouver, has received word from Hon. Solon E. Low, Minister of Education, that His Excellency, the Earl of Athlone, has donated bronze medals for competition in connection with Grade IX Departmental Examinations of Alberta for the year 1943. A medal is being awarded to one student prepared in the Clover Bar School Division. Margaret having achieved the highest standing on the Grade IX Examinations of 1942 in this Division was awarded the medal.

Although, Margaret was a resident of Clover Bar School Division, she attended Fort Public School.

The teaching staff of the local school are to be congratulated on the success of their pupils, who are co-operating with their teachers in keeping the standard of "the Fort" school above par.

Good Hope School Children Honor Miss E. Meyer

Mrs. E. Berry and school children of Good Hope held a surprise miscellaneous shower in honor of Miss Eva Meyer. The school was prettily decorated for the occasion. Marion Parker in a few well chosen words expressed regret at losing an active worker from the community, but wished her well and a happy future and then presented her with a decorated float of useful gifts. Miss Meyer very suitably thanked everyone for the lovely gifts and the pleasant evening. Mrs. Berry and the lunch committee served a delicious lunch, which was followed by a rousing sing-song.

The party was served at the close of the evening by school children.

—V—

For His purpose.

The British Empire has been gone for a thousand years but the bought in that little story is still dynamic. Power is not a god, for it cannot control its own destiny. Arrogant power with all its strutting and boasting will achieve few of its intended goals, but, by the grace of God, it may "accidentally" bring forth some value upon which man will feed long after that form of power has reduced itself to dust.

East Edmonton Notes

Pte. Arthur Cone has returned to Kingston, Ont., after two weeks furlough at home with his family and friends.

* * *

An epidemic of push-ups is going through East Edmonton Wpy Road school just at examination time! Rather a hard way of getting out of it, isn't it?

* * *

Pte Clifford Prill is home on leave from his station at Wetaskiwin. Being close to home Clifford manages to get home every two weeks on forty-eight hour leaves

* * *

Mrs. L. M Castleton returned from Toronto last week to take up residences with her parents Mr and Mrs A Nelsacher until Christmas

* * *

Some young people of the district gathered at Hawkin's for an evening of games and dancing, Saturday, December 4th.

Josephburg News

Bernie Fisher duly returned to Halifax on Wednesday last. He had been stationed previously on the Labrador Coast and made his passage out and an exciting passage, on a Government ice breaker Let us hope environment for the future a little more hospitable

* * *

A meeting of the Church Board of the four points served by Rev Birdsall was held in the parish room of the Fort Church Rev Birdsall was in the chair A very fair representation from each point was present

The ratepayers' meeting with a complete supper provided by the ladies of the Fort, which proved an ideal opportunity to break the ice and to enable the fellow workers to become acquainted

Immediately following the repast the Chairman called the meeting to order The schedule of Services which has been on trial since the amalgamation took place, came in for some discussion, but as no better time-table could be suggested it was unanimously retained

A name for the new circuit was discussed, but the matter was tabled for the next meeting

Decision as to the Minister's salary was also held over A question by Mr Simes as to what steps were being taken to implement the giving of sacrificial envelopes in the schools of this circuit was dealt with by the Chairman. Grandpa Oshaldercare, the veteran church member of the country-side, was invited to address a few words to the delegates and duly responded in hearty vein of thanks to the hostesses was recorded and the date of the next Board Meeting was set for the early part of January.

* * *

One can barely realize that Christmas is so near with the weather so mild and the fields so free of snow. The school rink still remains unfinished but the youngsters have found a convenient stretch of ice within easy range of the school to spend their noon hours.

* * *

The Minister of Education has announced that a full Christmas vacation as per usual is to be taken. This was quite unexpected and hailed by the youngsters here. Our plans for a curtailed Christmas programme have fortunately given us some idea as to the programme we will consist of Christmas carols interspersed by a few numbers from the school and will be held in the afternoon.

School Flashes

Due to the addition of nineteen pupils to the P.H.S. this year, the election of the executive for the students union was postponed until December 16. A temporary committee had taken up responsibility of government previous to that date. This delay gave the new pupils a chance to become acquainted with the other students.

The following officers were elected:

President, Dona Roberts.
Vice President, Arnold Porterfield.
Secretary-Treasurer, Fay Johnson.
Editor, Bonnie Mann.
Assistant Editor, Annie Sloane.
Social Convener, Ada Williams.
Girls' Sport Representative, Grace Wines.
Boys' Sport Representative, Irvin Thomas.
Grade nine representative, Graham O'Brien.
Grade ten representative, Ruth Grundhal.
Grade eleven representative, Willa Dwiver.
Grade twelve representative, Dorothy McKay.

Mrs. J. Higbet.

Among the new students to be added to the roster of P.H.S. this year, are Jack and Gordon Dorman, who prove to be valuable assets, especially on the football field.

We never knew Sam and George were ladies' men but when we see them bringing their own in the grade eleven "All Girls" class it makes us wonder.

The election brought a very capable and enthusiastic sports representative into the student body, Irvin Thomas. Irvin has spent a considerable length of time doubling upon improvements in the P.H.S. field of sports.

—V—

Ardrossan War Guild Elect Mrs. E. Hanlon

The War Service Guild had a very busy afternoon at the home of Mrs. C. R. Williams at their monthly meeting on Wednesday, December 8, officers took place with the following elected to office:

President, Mrs. E. Hanlon,
1st Vice-President, Mrs. Wynne Lutzen,
Sec.-Treas. Mrs. A. Gillies,
Work Convener, Mrs. T. Jackman,
Correspondence, Mrs. E. Dowling.

A hearty vote of thanks was extended to the secretary-treasurer, Mrs. A. Gillies, who has served the society so faithfully and well in the past. The members felt that they needed Mrs. Gillies help, so were very pleased when she signified her willingness to carry.

The Guild decided to send the sum of $25.00 to the Red Cross prisoner's of war fund. Then, the passing of a goodly number of boxes for our soldier boys at the end of the work was done. The boxes are loaded bursting with their assortment of candies, candy, popcorn and Christmas cakes.

It was decided to hold a dance at the Ardrossan hall Dec. 23rd, with Flemming's orchestra in attendance.

The afternoon came to a close with a very lovely lunch served by the hostess and assisted by her daughter, a week-end visitor at the homes of Mr. and Mrs. Mitchell Hanlon and Mr. and Mrs. E. Hanlon.

Mrs. Dorothy Parker is reported to be recovering from a very bad attack of the 'flu.

The C.G.I.T. held a meeting at the home of their president, Ruth Rice. A busy afternoon was spent printing for their Christmas concert.

The next meeting will be held at the home of Miss Jean Hanlon.

Messrs. George Tinkham, Harold McConnel and Kenneth Hanlon returned home from a big game hunt with a deer.

—V—

Tyrrell Valley Ladies Elect Officers

The annual meeting of the Ladies' Aid was held at the home of Mrs. N. Brandeflower. Officers elected were;

President, Mrs. Dave Gene, re-elected.
Vice-President, Mrs. Fred Davis, re-elected.
Secretary-Treasurer, Mrs. N. Brandeflower.
Flower Committee, Mrs. Bert Davis, re-elected.

On Wednesday evening a whist drive was held at Brookville school, in aid of the Home Comforts Fund.

Ladies first went to Mrs. Bert Davis ,with the consolation going to Mrs. J. Shore Jr. Gents' was won by Mr. W. Pearce, and consolation by Mr. W. Gene.

Miss Allie O'Gorman is visiting with her sister, Mrs. Wilson Gordon, of Lamont.

Pvt. Fred O'Gorman who has just recently returned from England, visited with friends of the district while reporting to Calgary over the week-end.

Missionary: "Do your people have any thing about religion, Chief?"

Cannibal Chief: "Well, we got a little taste of it when the last missionary was here."

'TWAS THE NIGHT BEFORE CHRISTMAS

'Twas the night before Christmas, when all through the house,
Not a creature was stirring, not even a mouse;
The stockings were hung by the chimney with care,
In hopes that Saint Nicholas soon would be there;
The children were nestled all snug in their beds,
While visions of sugar plums danced in their heads;
And mamma in her kerchief, and I in my cap,
Had just settled our brains for a long winter's nap;
When out on the lawn there arose such a clatter,
I sprang from the bed to see what was the matter.
Away to the window I flew like a flash,
Tore open the shutters and threw up the sash.
The moon on the breast of the new fallen snow,
Gave the lustre of mid-day to objects below,
When what to my wondering eyes should appear,
But a miniature sleigh and eight tiny reindeer,
With a little old driver, so lively and quick,
I knew in a moment it must be St. Nick.
More rapid than eagles his coursers they came,
And he whistled, and shouted, and called them by name;
"Now, Dasher! now, Dancer! now, Prancer and Vixen!
On, Comet! on, Cupid! on, Donder and Blitzen!
To the top of the porch! to the top of the wall!
Now dash away! dash away! dash away all!"
As dry leaves that before the wild hurricane fly,
When they meet with an obstacle, mount to the sky;
So up to the house-top the coursers they flew,
With the sleigh full of toys, and St. Nicholas too.
And then, in a twinkling, I heard on the roof
The prancing and pawing of each little hoof.
As I drew in my head, and was turning around,
Down the chimney St. Nicholas came with a bound.
He was dressed all in fur, from his head to his foot,
And his clothes were all tarnished with ashes and soot;
A bundle of toys he had flung on his back,
And he looked like a peddler just opening his pack.
His eyes how they twinkled! his dimples how merry!
His cheeks were like roses, his nose like a cherry!
His droll little mouth was drawn up like a bow,
And the beard of his chin was as white as the snow;
The stump of a pipe he held tight in his teeth,
And the smoke it encircled his head like a wreath;
He had a broad face and a little round belly,
That shook when he laughed, like a bowl full of jelly.
He was chubby and plump, a right jolly old elf,
And I laughed when I saw him, in spite of myself;
A wink of his eye and a twist of his head,
Soon gave me to know I had nothing to dread;
He spoke not a word, but went straight to his work,
And filled all the stockings; then turned with a jerk,
And laying his finger aside of his nose,
And giving a nod, up the chimney he rose;
He sprang to his sleigh, to his team gave a whistle,
And away they all flew like the down of a thistle,
But I heard him exclaim, ere he drove out of sight,
"Happy Christmas to all, and to all a good night!"

—Clement C. Moore.

Copy for Christmas Issue

The Christmas issue of The Record is underway, and with the co-operation of merchants, correspondents and special contributors, it is our intention to have the paper in the mail Wednesday. If this is accomplished, every reader should have his paper by Christmas Day. Therefore, we urge advertisers and correspondents to have their copy in early, so that we may give this special issue the attention it deserves.

It has become a custom among a number of weekly papers to suspend publication between Christmas and New Years. Editors felt that after expending all their energies on the annual Christmas number, there was little left to publish during the festive season. The Record on a number of occasions has taken advantage of the custom to suspend publication during Christmas and the New Year. So this year unless something special must be brought before our readers, The Record will not publish a paper between Christmas and the New Year.

The will conserve considerable newsprint, which will be needed to publish the special Christmas number.

Out of the Past

Wednesday, December 17, 1930

Pete Weber and his local packsters hold Branderstein team to a 6-4 draw, on local ice, Tuesday.

Mr. and Mrs. C. N. Flintoff were hosts to the Partridge Hill U.F.A and U.F.W.A. on the occasion of their annual meeting.

Institute Cook Books, designed and printed by The Record, for the Fort Saskatchewan Women's Institute, are now on sale.

Mr. and Mrs. Tom Johnstone of Agricola, were hosts at a shower in honor of Miss Ethel Walker.

Mrs. J. W. Ainsworth, was re-elected president and Mrs. C. H. Flintoff Secretary-Treasurer of Partridge Hill W.M.S. and Ladies Aid at their annual meeting.

Soloists in the district are busy preparing for their annual Christmas Concerts.

A WEEKLY EDITOR LOOKS AT Ottawa

Written specially for the weekly newspapers of Canada

The Board of Control has recommended to the city council of Ottawa that they "adopt" the city of Kiev, Russia. . . . It is reported here that Prime Minister Smuts of South Africa cannot visit Canada this year as expected, but may be able to do so next year. . . . 417,865 blood donations have been given at Red Cross Clinics across Canada from January 1 to October 31 this year . . . the staff of the Department of Pensions and National Health in Ottawa, which swelled its ranks numbered about 1,200, has been increased to more than 4,000. . . . the Department of Labour says 13,610 men had been transferred to more essential employment under compulsory transfer order, up to November 16.

If you really want maple syrup in gallon quantity you'll be able to get it next spring. According to information reaching the Consumers' branch of W.P.T.B., any persons who save all their "D" coupons from now till March 2, will have enough to buy a gallon, this because the Prices Board are increasing the value of "D" coupons for maple syrup from 12 to 20 ounces next March 2, also that coupons becoming valid on March 16 will be good instead on March 2.

Horse racing isn't a pinayune business in Canada by any means. Those figure may surprise you. During 1942 a total of $27,145,813 was wagered at 32 horse race meetings in Canada over 322 days of racing. It was nearly eight million dollars more than the previous year at the same number of meetings, but 14 less days race. Prize money paid this year was $1,179,600.

Answer to query:- This column is fulfilling this function of being a source of information of national interest, broken down for quick reading and digest.

We're getting caught up on the war in Canada. Recently certain restrictions on steel were lifted. New scrap aluminum will, subject to certain provisions, become available for civilian manufacture. The salvage division, National War Services, has announced they have enough old tins and tubes to meet the needs of the Crown company handling them. Improved tungsten supply is also reported.

The Department of Munitions and supply is studying post-war possibilities for war plants, many of which can be converted without much trouble. Such new war industries as synthetic rubber production, optical glass, radar equipment (which may revolutionize radio communications and the basis of television) will continue in peacetime. Expansion will be needed to end, as Canada imports about 60% of its total needs now; steel will be needed to rebuild Europe; ships taken from our inland waters will have to be replaced. Besides, automobiles, radio sets, washing machines, electric refrigerators and a tremendous number of household items and accessories have not been produced since 1940. The field will be a wide open one.

The Canadian Red Cross Society is really a people's organization because it is now getting the voluntary assistance of 2,056,000 persons across Canada. Imagine, just under seven million prisoners of war parcels had been packed from January, 1941 to October 31, 1943. The estimate for 1943 parcels a week in 1942 would cost thirteen million dollars but it is surely worth it.

—V—

World of Wheat

by
S. G. L. Strange

Are Futures Benefitted?

People in Eastern Canada, and indeed, certain organizations in Western Canada, have been telling us how fortunate the prairie farmer is because the Winnipeg "futures" market was suspended, and that the Government set the price of wheat at $1.25.

The truth is the farmer has not benefitted by this action anything like as much as some people seem to suppose. However necessary the closing of the "Futures" market may have been from the point of view of the Government, and which decision I do not here criticize, it is well for everyone to know that it is our farmers who are bearing a good deal of the burden.

The last day the "Futures" market functioned, wheat registered $1.33 at Fort William. Since then the Chicago free and open "Futures" market has risen by 20 cents. It is definitely certain that had our "Futures" market still been operating the price of wheat would have risen in proportion, and no would be not $1.25, but actually $1.43 a bushel for No. 1 Nothern at Fort William.

While, therefore, the people of Canada and the buyers of wheat may be benefitting, certainly no one can say that any advantage is accruing to our prairie farmers.

'They Got Me Covered' At Sharp's Shows

Bob Hope, Dorothy Lamour and Lenore Aubert bring head patrons are at Bob's best comedies in "They Got Me Covered", for Thursday and Saturday showing. The story goes something like this: A bungling correspondent is fired by his syndicate when he fails at several important European war assignments. He visits his girl, who is head of the Washington office of the syndicate, and encounters a foreign agent he knew in Europe. The agent promises to give him inside dope on planned Nazi sabotage and he agrees to dictate the facts to a stenographer. The reporter arranges for his girl to keep the appointment. Again he bungles and one of his girl's roommates falls into Nazi hands. The reporter enlists several silly subterfuges to recover the story that will again set him in good grace with the news syndicate but he is repeatedly put behind the eight ball. The girl finally takes things in to her own hands and manages to lead some Marines to the hideout where the sabotage is saved, the saboteurs captured.

Next Week: Double feature, "The Great Gildersleeve" and the "Mexican Spitfire's Blessed Event".

A Merry Christmas to Everyone

Christmas 1943

REV. J. M. BRIGHALL

Here is the question of many perhaps: I can write the thing which I find it very hard to say either in print, conversation or in the pulpit.

Frankly, we do not want to be told that time will heal our deepest wounds. Neither do we need to be told by poet or priest, by politician or philosopher, we do not want to listen to much talk. There is neither help nor comfort in it. It is based on a false understanding of the pain that they did not know before, and their prayer is that awareness of this new kind of life shall grow and its numbness tingle on every nerve and tissue. Suffering does not make them long for death but for more abundant life!

Only God can do anything of importance about our wounds. And what He does to us to make us as if we had not suffered, but in its place us into His fellowship, for He has not suffered and is still suffering. The wounds inflicted upon Him by the past are still fresh, and daily He suffers new pain. He does not wish to forget what He has suffered for His children, and He knows His children do not really want Him to make them forget. Rather He knows that the only thing that can answer their hearts prayer is to join with Him in that sacred friendship, that almost sweet ecstasy, by which the world is saved from the curse of meaningless pain. This ecstasy is not a spiritual communion that has no relation to the world as it is. Rather it is a practical fellowship of people who can see truly because their eyes have been washed with tears, and who can say and do things that matter because pain has broken open the abysmals and let them out into a life of understanding, insight and truly deep love for their people. It is through them that He is with people in every valley of shadows, even in the last one. And they know that that last shadow is, when He goes through it with us, only the vestibule of Eternity!

Of flippant happiness at Christmas there is little, perhaps, for those people; but there is deep, quiet pain which they would never think of unclenching for anything else, for for their loss like the rest, rest upon which a certain house can built. The floods came and the winds blew, but the house did not budge, for it was founded upon a rock.

They join with the others at the manger and cross and perhaps the others wonder at the resonance of their voices. But they know that He knows and are content.

—V—

An inebriated man was trying to unlock the door of his house without success when a passing policeman asked if he could handle the key for him.

"Nope," the drunken man said "I can hold the key. You hold the house."

Xmas Greetings

We are very proud to bring Christmas Greetings to a steadily growing list of patrons. To our friends from the Country and Town we extend most Sincere Greetings and Best Wishes

RADIOGRAMS
Jon Allaire

CHRISTMAS BROADCAST FOR MEN OVERSEAS

The Canadian Broadcasting Corporation announced Sunday night a special program prepared in Canada for Canadian forces in the central Mediterranean will be broadcast by the B.B.C. on its general overseas service Christmas day.

The program, to consist of Hon. Prime Minister King, Rt. Minister Power, Navy Minister Macdonald and Defence Minister Ralston, was arranged by the C.B.C. and B.B.C. It will not be broadcast in Canada.

x x x

WITH CBC OVERSEAS

F. H. Wadsworth, of the CBC engineering division, has returned to Radio following a furlough in Ottawa. He is attached to the CBC's Overseas Unit in London. Mr. Wadsworth is the CBC technician who flew in a recent Halifax express bombing trip over enemy territory.

x x x

The enchantment of a waltz by Lehar, the melodies of Strauss and other waltz kings past and present, set the musical atmosphere for the distinctive Friday night program, "Waltz Time". Tenor, Frank Munn; contralto, Evelyn McGregor and Abe Lyman's orchestra are featured in this half-hour of three-quarter time, heard from CJCA every Friday night at 7.

x x x

Big cash prizes, fun and information spells entertainment plus, on "Treasure Trail" heard every Tuesday evening at 8.15 from CJCA. It's grand to listen to, but even better to take part in. So get your Wrigley wrappers, name and address in the mail and join the fun on "The Quiz Secretion of the Nation."

x x x

Another half-hour of glorious music and song comes to you Sunday evening at 7.30 on the "American Album of Familiar Music". Be on hand to hear the inspiring voice of Frank Munn with Jane Dickenson, Evelyn McGregor and the Ames-dom chorus bringing you songs and music, familiar and loved by all.

—V—

World of Wheat

by

R. G. L. Strange

MORE ABOUT MIXTURES

Thirteen years' work of testing some 150,000 farmers' fields of wheat have shown us that wherever anything like a crop failure, or a bad frost occurs in a district, the next year there is a serious increase in bad mixtures found in the wheat crops.

This, of course, is because in the emergency the farmer has to use any kind of seed he can obtain. Then we find that after a few years, during which farmers have been buying better seed, the mixtures decrease. This all shows how important it is that all those who have the responsibility of making good seed available to farmers in such times of trouble, whether private individuals, Grain Companies or Government, [illegible] to it that only the best seed obtainable is distributed, for whenever bad mixtures are present in a crop, the quality of the wheat tends to decline.

The "Crop Testing Plan" makes each year, from its analyses of crop the names of thousands of farmers who have really good true-to variety wheat, free from mixtures and so quite suitable for seed, on their farms to sell. This "Crop Testing Plan"—"A" stock is the material we suggest that should be distributed to farmers in times of drought or frost.

—V—

A little Scots boy, surrounded in Canada was found one morning struggling to fasten his sporran. When the lady with whom he is staying suggested that he leave the sporran off, he replied, "If I dinna pit it on, they'll be takin' me for a lassie."

A Merry Christmas
To One and All

Our Sincerest and most friendly wish is that Your Christmas may be a Merry One and that the Coming Year may bring an abundance of all that makes life worth living. STRAIT IS THE GATE··

Rev. Elliott H. Birdsall, M.A.

One of the complaints against Jesus and against the early Christian Church was that they were trouble makers. They were not content to leave things as they were. They were always, it is said, starting up ideas and practices that interfered with the routines and harmonies of life. That, of course, annoyed the people for whom the routines were fruitful and the harmonies full of satisfaction.

As time went on some of the Christian group, getting an invested joy out of being persecuted, thought Christianity was wholly a matter of nagging and carping and ranting against whatever happened to be the prevailing way of life. Some people are still keeping up that pagan cult and blasphemously calling it Christian.

The true Christian way is not one which deliberately sets out to turn the world upside down (as Paul was accused of doing) but it is a way which when truly practiced does create surface by-products. These by products sometimes grow into vigorous movements that do in the course of time upset established customs and institutions. (Read the story about the silversmith, Acts 19:24)

So it came about that early Christians perpetuated rather than suppressed the story about Simeon's forecast (Lk. 2:35) that the Child Jesus was destined for the downfall and the rise of many a one. They had found it true that when Christianity was introduced into a community the situation there did not "stay put" very long. The new, joyful group, introduced new, contagious, dynamic elements into static, settled life. Then whose satisfactions were dependent upon the old ways could not understand this new way. What they could not understand they feared. What they feared they hated. What they hated they attacked. It came to them, to be actually true that Christianity (as the founder had foreseen) came to bring not peace but a sword.

Now that an eternally dynamic principle of life has gotten into this process of events we call history, there is an inescapable struggle between it and the static way. The animal way of living by sacramentals, established patterns will not tolerate the fresh, buoyant, disciplined way of making the physical life serve those higher values that we can have only by sharing them. The way of greed and fear will not tolerate the way of love and faith.

This struggle goes on in a million places: in the heart and mind of the individual, in the community and in the world. It has a thousand phases: personal, social, political, economic and military. And the end is not yet. There can be no end (at least no honorable end) until all the animal forces in persons and nations are mastered and given their true place, —servants of the spirit.

In the course of the struggle, some grow weary, others fall. What can we say about those who engage in the struggle but do not live to see any reward? Just this (and it is very important): that those who have seen the nature of life's struggle and have deliberately and honorably chosen to live as completely as possible for the higher values (those that we cannot have unless we share them) and have as a result found themselves locked into conflict they did not choose, and have responsibility perpetrated in their choice and accepted by consequences—those have already accepted that eternal quality of life that nothing can destroy. They have begun to enter into the Very Presence of the Eternal, and nothing can stop them, certainly not death.

Bethlehem's manger, Gethsemane's garden, Calvary's hill, and the Emmaus road are all part of the same story. Though the garden and the hill are still with us, yet we gather at the manger and sing "Joy to the world" for we know also about Emmaus road. It is our assurance both that the way of the spirit will finally prevail over the animal forces, and also that the person who has consciously entered into the life of the spirit has entered into a level of life which cannot destroy.

And it came to pass

in those days, that there went out a decree from Caesar Augustus, that all the world should be taxed.

2. (And this taxing was first made when Cyrenius was governor of Syria.)

3. And all went to be taxed, every one into his own city.

4. And Joseph also went up from Galilee, out of the city of Nazareth, into Judaea, unto the City of David, which is called Bethlehem: (because he was of the house and lineage of David.)

5. To be taxed with Mary his espoused wife, being great with child.

6. And so it was, that, while they were there, the days were accomplished that she should be delivered.

7. And she brought forth her firstborn son, and wrapped him in swaddling clothes, and laid him in a manger; because there was no room for them in the inn.

8. And there were in the same country shepherds abiding in the field, keeping watch over their flock by night.

9. And, lo, the angel of the Lord came upon them, and the glory of the Lord shone round about them; and they were sore afraid.

10. And the angel said unto them, Fear not; for, behold, I bring you good tidings of great joy, which shall be to all people.

11. For unto you is born in the city of David a Saviour, which is Christ the Lord.

12. And this shall be a sign unto you; Ye shall find the babe wrapped in swaddling clothes, lying in a manger.

13. And suddenly there was with the angel a multitude of the heavenly host praising God, and saying:

14. Glory to God in the highest, and on earth peace, good will toward men.

Luke 2:1-14

A farmer took the pig to town and sold it. With the proceeds he bought a suit, shot a pair of shoes, and then he tucked the bundle under the seat and said: "Giddap, Oriole, let's get home and surprise my wife." On the way home he stopped at the river, took off all his clothes and threw them in and they sank. Then he looked under the seat for his new outfit. It was gone. So he got in the buggy and said, "Giddap, Oriole, we'll surprise her anyway."

Christmas Birth of Prince of Peace

Moderator, Vice-President of Head of Ware

Most Rev. J. C. McGuigan, Archbishop of Toronto

There have been reports during this war, as during the last World war, of unofficial truces that sprang up between the front line troops on Christmas Day. Men who were locked in war with their childhood the story of the birthday of the Babe in Bethlehem cannot help but feel the incongruity of human slaughter on this sacred day.

There is no story in all literature that has so stirred man's imagination as that which the Gospel tells of the shepherds on the night watch over their flocks suddenly seeing an angel standing before them, and the brightness of God shine around them, and hearing the words "I bring you tiding of great joy. This day is born to you a Saviour." And then that there was with the angel a multitude of heavenly army singing "Glory to God in the highest and on earth peace to men of good will."

The birth of the Prince of Peace was awaited by mankind, more or less consciously, during the ages. The famous passage of Virgil indicates that even the Gentiles had some dim foreshadowing that a Divine Child would be born to inaugurate a Golden Age of Peace. Among the Jew the prophecies were confident. The words of Isaiah were handed down for seven hundred years before their fulfillment: "A child is born to us, and a son is given to us, and his name shall be called —— the Prince of Peace."

Another prophet, Michaea, of about the same time, named Bethlehem as the principle birthplace of the Christ child, and uttered the equally famous prophecy that the Lord shall judge many people and rebuke far nations, and they shall beat their swords and plowshares, nation shall not take sword against nation and they shall not make war any more.

Prophecies take time for fulfillment. They are given to us to light our way and to encourage our steps, not to mark the end of our journey. But the work of peace began with the Birth at Bethlehem and has gone on without cease. Christ has given men who accept His religion a love of peace; He has made peace the ideal and the goal of all our striving; He has given, here and now, to those who trust in Him, peace of soul which no physical conflict can destroy, and faith in the Prince of Peace, when it is practical faith that shows itself in love of others, gives the firmest hope we can possess that the day of a new world order will dawn, that international peace will be effectively organized, that men will beat their swords into plowshares and nations shall not learn war any more.

Double Feature At Sharp's Stores

Double feature comedy bill is the treats presentation at Sharp's Stores. A matinee will be held on Christmas Day and on New Year's Day at 2 p.m. "Hamilton Spitfire's Blessed Event" and "The Great Gildersleeve" is the comedy presentation the Christmas week-end. The story of the "Hamilton Spitfire's Blessed Event" goes something like this: Walter Hamilton of Logs Valley, takes Mary to get Leon Ilandt's signature to an advertising contract. When Logs advises Walter of a blessed event, coming her pet casket, Hamilt is to

[illegible] the messages to mean that Logs is a mother. Errol refuses to sign until he sees "the little fellow." From then on there are many complications, but the matter is finally straightened out.

"The Great Gildersleeve" goes something like this: As guardian of Leila, orphaned niece and nephew, with complete charge of their inheritance, Gildersleeve finds his former days of "Throttle Spitfire's Blessed Event" and "The Great Gildersleeve" is the comedy presentation the Christmas week-end. The story of the "Hamilton Spitfire's Blessed Event" goes something like this: Walter Hamilton of Logs Valley, takes Mary to get Leon Ilandt's signature to an advertising contract. When Logs advises Walter of a blessed event, coming her pet casket, Hamilt is to

Next Week: "Lady of Burlesque".

The Record Film Out of the Past

Wednesday, Dec. 24th, 1930

Robert Hunter, former mayor and banker resident of Fort Saskatchewan died Saturday at his home.

Neighbors in Partridge Hill district welcomed Mr. Frank Kelch, and his bride to the community.

Dr. F. W. R. Henry was elected president of the newly formed Fort Saskatchewan Club. Shannon's Hall has been secured for headquarters where a court will be held out.

Flying-Officer J. Hart, nephew of Mr. Fred Sherman, and his pilot Mrs. R. Ellis of Calgary, were recent visitors at the home of Mr. and Mrs. F. Sherman. P.O. Hart has just returned from overseas and is now stationed at P.E.I. While 'over there', he met Sgt. Henry Lemoyeux at Dundee, Sept. last.

Goodwill Club Hold Christmas Party

The Goodwill Sewing Circle held a Christmas party at the home of Mrs. A. Bunker, last Saturday evening. An enjoyable evening was spent playing games and dancing. A large collection of Christmas gifts, had a gift for each member, which proved very enjoyable.

A very bounteous lunch was served at midnight to the members and friends.

The old flock of ducks are still flying about, but we notice "our lead gander" is sporting most of the rides winter in the south.

"Though Christ a thousand times in Bethlehem be born,
If He's not born in Thee, thy soul is all forlorn."

Not generally known but farmers can get the advice of the Architect's Office, Dominion Experimental Farms service, Ottawa when all enquiries from farmers and others relating to farm buildings are handled. In 1942, for instance, over 2,000 off-set sheets of building plans and 2,686 blue prints were sent out to 800 applicants, in addition to enquiries by farmers as to their building problems.

From Central Europe comes the custom of decorating fir trees with candles and gifts. Gift-giving to the poor at Christmas was started by a legend which said that beggars at the door on Christmas Eve were really the Christ Child in disguise.

United Church Sunday school is holding a Christmas tree and concert in the church tonight (Wednesday). Despite shortage of "goodies", the children will fare very well, due to the co-operation of the local merchants.

Notice to All . . . . . Truck Drivers And Customers

Due to the unprecedented run of Hogs at present, Sows and Stags are not being accepted at the Yards and Plants.

Yearling Steers and Heifers—also heavy Calves ARE NOT WANTED.

It is ADVISABLE to Phone before loading up for Edmonton either A.L.C. at 71544 or Canada Packers 71136, Livestock Office.

We would appreciate your Co-operation greatly at this time.

We extend best wishes for CHRISTMAS and the NEW YEAR to our members and many friends

Christmas Comes Again

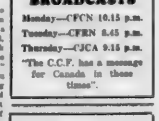
REV. JOHN F. KRIEGER

In the history of all the world no one has ever celebrated Christmas in December 25, 1943! It's going to be a brand new Christmas Day! "Well, what about it?" Some men will ask and possibly say, "It's going to be the same old thing all over again." Of course, it all depends on how you look at Christmas. If you see nothing more than tinsel, trees, toys and gifts, if you merely imitate what everybody else is doing, then, of course, it is no wonder you soon tire of it all. The thrill of that kind of a Christmas soon vanishes. The one is apt to speak of the sacred holiday with a wish-it-was-all-over-with attitude.

This year again there will be the multitudes of men carefully extend their feelings and imitate Christmas smiles when they really have frowns in their hearts. They belong to those who have never really gotten the drift of the whole thing. As old as they are, they still do not know what it's all about.

An old legend has come down through the centuries which relates the story of the Three Kings on their journey through a desert when they were in quest for the new born babe. In the midst of the desert they came to a lovely oasis in an oasis, in which lived an old woman alone. They stopped and asked for water and received a drink of water which she kindly gave them. She inquired of them where they were going. They said: "They said—they believed that Star that you see in the distance which is leading us to the place of the Christ Child. Will you not go with us?" She said: I cannot go now—but I will cause a little letter." The wise men went on after a few hours the old woman decided to go. But when she looked for the star, it was gone. In that sad other true of us? The time to follow our star, whatever it may be, is NOW. "Not always" do such guiding stars appear themselves.

"Though Christ a thousand times in Bethlehem be born,
If He's not born in Thee, thy soul is all forlorn."



WE WISH ONE AND ALL
A MERRY CHRISTMAS AND A HAPPY NEW YEAR

"THE YOUNG PEOPLES' HOUR"
OF THE
BRIDGECREST BIBLE INSTITUTE
9 a.m. SUNDAYS

Women's Institute Elect Officers

At a recent meeting of the Fort Saskatchewan Women's Institute held in the Union Hall, the following officers were elected for 1944.

President, Mrs. F. Sherman.
1st Vice-President, Mrs. S. Truby.
2nd Vice-President, Mrs. H. Walton.
Secretary, Mrs. S. E. Thorne.
Treasurer, Mrs. L. Hill.
Directors: Mrs. H. Looker, Mrs. H. Byers, Mrs. A. Dawson, Mrs. Bl. Ketterborn.
Convenor of Home Comforts, Mrs. A. Black.
Convenor of Navy League, Mrs. H. Thorne.

With the exception of local concentry care, the whole effort of the Institute has been war work this year. To the Navy League we have sent 26 ditty bags in 1943, at a cost of $111.68. The Home Comfort committee supervised packing and mailing 66 parcels overseas in May and sent 288 cigarettes each to 65 boys in Sept. In October 98 Christmas parcels were sent overseas. Total expenditure for this work or the year amounted to $207.32.

The Institute collected 300 lbs of wool from members and friends in the town and district to have ready into blankets for the Red Cross.

All women interested, are cordially invited to attend Institute meetings, and join the group, and help with this work until it becomes unnecessary.

Money for this work is raised by donations, from various local organizations, raffles, private donations and dances sponsored jointly with the local Reserve Unit. For all this help we say "Thank you" and a Merry Christmas.

We get the custom of hanging up our stockings from the Dutch. The early Dutch settlers in America always left their wooden shoes before the hearth for San Nicholas to fill. But the little folk of to-day favor a stocking—maybe because a shoe will not stretch.

To Residents & Friends of Strathcona M.D. 517

F. R. Matthews, Reeve

The Editor of our paper has asked me to send a greeting this Christmas tide. This is our first Christmas together as members of one enlarged Municipal area. We have had a some what trying year and have not accomplished all we set out to do, during the past season. We are not discouraged and look for [illegible] where as better things in 1944.

The Christmas season! The 5th successful festival of peace and goodwill. It seems contradictory that war and Christmas should be mentioned to gether and yet our lives are somewhat like that We have a continuous war on ourselves to keep control of our desires, ambitions and actions, and yet our souls being part of the infinite years for peace and long to be filled with a deep love for all our fellow men

Our hearts are thankful for a brighter outlook for our Allied forces on the battle fronts, but we must all realize the strength of our foes and many sorrowing hearts will yet need all our love and sympathy. Let us be preparing ourselves for the peace, by laying aside all thoughts of hate and revenge, by seeing to it that our returned men and their families are properly cared for and helped back to their rightful place in life and by uniting with the forces of the world to work out some plan to insure a permanent peace for our old world.

In addition, this page "Beacon" is a weekly reminder of your Council's business, their meetings and your municipal news It has been sent as an effort to keep you informed about and interested in your Municipal affairs.

On behalf of the Members of the Council of Strathcona, 517, I would like to extend to you a Very Happy Christmas and a glad and Prosperous New Year.

Local News

A "social evening" is to be held in the Fort Community Hall, Monday, the 27th, at 9 p.m. Come yourself! Bring your friends. This is a splendid opportunity to meet your friends who will be visiting at home during the Christmas season.

Lieut. H. (Red) Butler, of the Merchant Marines, left last Thursday for Vancouver, after spending a few days leave at his home here.

Lce. Bdr Walton and Lce. Jack McLaur, who have been training at Abbotsford, B.C., are expected home to Christmas eve to spend part of the festive season at their respective homes.

Mrs. Leslie Gordon is visiting at Vancouver, over the Christmas holidays, with her brother, A.C. 1 Orville Robinson.

Mr. D. Roberts will hold an auction sale of his residence and contents on Saturday, Dec. 25th, commencing at 2 p.m. J. H. Reed of Edmonton, in charge of the sale. For further particulars see advertisement on back page of this issue.

Mrs. H. Byers is spending home for Christmas, after spending the past two weeks seriously ill in an Edmonton hospital.

Mr. Chas. Hagar will spend Christmas in the hospital, where he was taken a week ago. His many friends wish "Charlie" the best of everything despite his sojourn to the hospital.

Fort United Church choirs are preparing Christmas music for the coming Sunday. In addition to the usual morning worship at 10:30 a.m., the congregation will meet again at 7:30 p.m.

A Candle-Light Service will be held at Partridge Hill United Church on Sunday, January 2nd, at 8 p.m.

Mrs. R. M. M. Bamsey and son, Dick are home from Calgary for the Christmas holidays.

There will be no issue of the Record next week. Newsprint suppliers have advised us that we have used 30 more lbs. than our quota for 1943.

A.C. 2 Dan Galloway, R.C.A.F., Brandon, Manitoba, is home on Christmas leave and reports back for duty on December 27.

Mrs. Herbert and father were in Edmonton last week.

Miss Inga Jonson left last week for Vancouver, where she will take up residence.

Killed In Action

Flight Sergeant Conrad Raymond Schneider, R.C.A.F. was killed in action overseas Dec 20th, according to word received by his parents, Mr and Mrs Alex Schneider, of Bruderheim. The funeral service was held Dec. 30th, at the regional cemetery, Cambridge, Cambridgeshire England.

Flight Sgt Schneider arrived in England on Dec 22, 1942, after having received his training in R.C.A.F schools at Saskatoon, Edmonton, Lethbridge and Rivers.

He was born in Edmonton in August 1921. A year later he moved with his family to the Bruderheim district, where he received his education.

The sympathy of the community is extended to Mr. and Mrs. Alex Schneider on the loss of their son in defence of his country.

Christmas

CHARLES DICKENS

And numerous indeed are the hearts to which Christmas brings a brief season of happiness and enjoyment. How many families whom members have been dispersed and scattered far and wide, in the restless struggle of life, are there reunited, and meet once again in that happy state of companionship and social good-will, which is a source of such pure and unalloyed delight, and one so incompatible with the cares and sorrows of the world, that the religious belief of the most civilized nations, and the rude traditions of the roughest savages, alike number it among the first days of a festival state of existence, provided for the blest and happy. How many old recollections, and how many forgotten sympathies, Christmas time awakens.

We write these words now, many miles distant from the spot on which, in all human probability, on that day, a merry and joyous circle. Many of the hearts that throbbed so gaily there, have ceased to beat; many of the looks that shone so brightly there, have ceased to glow; the hands we pressed, the forms that clung to us, we sought have hid their beauty in the grave; and yet the old house, the room, the merry voices and smiling faces, the jest, the laugh, the most minute and trivial circumstances connected with those happy meetings, crowd upon our minds at each recurrence of the season, as if the last assembling had been but yesterday. Happy, happy Christmas, that can win us back to the youth, and transport the traveller back to his own fireside and quiet home

Mrs. R. E. Anderson, of Edmonton, and a former resident of Fort Saskatchewan has just received news of the safe arrival in England, of her eldest son in the Services, Pte. Thomas J. Adamson, M106827 No. 1 Canadian Infantry Reserve Unit, Canadian Army Overseas. It is hoped that he will meet there, his eldest brother, Spr. Robt. F. Adamson, R77518 7th Field Co., Royal C. Engineers. His brother "Frank" serves on a mine-sweeper, his address is V12288 A/B Adamson (J. F.) R.M.S. S. Miramichi, Mail Fleet Office, Esquimalt, B.C.

Christmas Cake Suggestions

With the scarcity of Christmas foods and the rationing of butter and sugar, housemakers are finding the old tried and proven recipes unsatisfactory this year Suggestions are required for many of the ingredients, and the following suggestions form Vera Richards MacDonald will prove helpful.

Most Christmas cakes call for butter, but lard or another shortening may be used just as well, shortening if it is to be a dark cake with spices. Use two tablespoons less lard per cup than butter called for, and if unsalted increase the salt in the recipe by ½ teaspoonful for each cup of shortening. A favorite substitute for sugar in fruit cakes is honey—using ¾ cup of honey for each cup of sugar. Honey helps to keep cakes fresh and moist. Some may use an extra ½ cup of grape, currant or apple jelly, or strawberry preserves for flavour and sweetening. For medium light cakes, prunk or pour juice may be used.

If you want a dark cake and have not any molasses, try adding some bakers chocolate, chopping it with a knife. Many Christmas cake recipes call for dates, and this year we are using packaged dry bananas in their place. The bananas should be chopped as you would dates and about ½ to ¾ of a cup used for a cup of dates. Some of the raisins and currants called for may be replaced with candied fruits, citron and cherries.

Of all ingredients for cake making, nuts are probably missed most. There are still pecans and cashews available in some stores, but they are expensive. Here you tried the beautiful spiced kernels that are being sold now? They are quite good in cakes, but be sure to remove the outer skin, otherwise you will find them bitter. The kernels have quite a distinctive flavour and a smaller quantity should be used. Apricot kernels can also be used for flavouring the tops of cookies and cakes.

CUSTOM

We would never be aware of Santa Claus coming to through the door—his entrance is made down the chimney. But why? An early English custom was to scrape the chimneys on New Year's so that luck might enter; and Santa Claus comes in the night time with his bag of "luck" for boys and girls.

WEDNESDAY, DECEMBER 22nd, 1943

Greetings to All

The Christmas Season is with us again and with it the dawn of another year. In this year of war many will be unable to experience merriment in the face of individual sorrows, for there is a large proportion of our younger Canadians, upon whom the faith and future of our country are built, that are scattered in places where merriment does not exist.

We should be truly thankful for the success attained by the United Nations and we trust that this war will be over next Christmas, at which time our boys will be home to enjoy the Festive Season with us.

The goodwill with which you have favoured us in the past is evidence of your trust in us, and we in turn want to express our most sincere appreciation.

We also take this opportunity to wish our readers, correspondents and advertisers a Merry Christmas, and a Happy and Prosperous New Year.

Partridge Hill W.I. Elect Officers

The W.M.S. held their annual meeting at the home of Mrs. Violet Lawrence. The following officers were elected for 1944:

President, Mrs. Frank Kobzik.
Secretary Treasurer, Mrs. W. Allen.
Messenger Secretary, Mrs. A. Pray.
Flower Secretary, Mrs. V. Lawrence.
Envelope Secretary, Mrs. Ralph Lawrence.

* * *

The U.F.A. and U.F.W.A. met on Tuesday, December 14, at the home of Mr and Mrs. R. M Warring After considerable discussion it was decided to wait till after the convention before electing officers.

* * *

Pte. Earl Allen of Dunbow, Saskatchewan, is home on a 10 day leave.

* * *

L.A.C. Vernon Gadsleston has been transferred from Bellville, Ont., to the Pacific coast.

* * *

George Alton, R.C.A.F., has been stationed at the West Coast.

* * *

Mr. and Mrs. Wm. Gillison left Tuesday, December 21st, to spend the holidays in Vancouver with Cpl. and Mrs. Ralph Pocock.

* * *

The play, "Aunt Tillie Goes to Town," presented here last Thursday by the young people of Mansfield Lutheran Church, was well played and enjoyed by those present.

* * *

Pte. Gen. Manson, of Calgary, is visiting his sister Mrs. Ralph Lawrence, this week.

* * *

Contradicting reports that Pte. Howard Hellbacker had been killed in action, his sister received a card last week, stating he was a prisoner of war in Italy.

* * *

School closes Thursday, and there will be no concert as in the past. But the children are looking forward to treats on Thursday afternoon.

May the Joy of Christmas Enter Every Heart

REV. DR. STANLEY SCOTT

Glory to God in the highest! So sang the angels. The Christmas season was ushered in with a song. The spirit of Christmas still is well expressed through singing. Many beautiful hymns are written on the Christmas theme. In so many of the Christmas gatherings hearty singing of these messages has a special place. This singing is an outburst of the happiness within. "Joy to the World, the Lord is come." The song has a guide, the world has a goal, the world has a purpose since the coming of Him who taught how to seek first the kingdom of God and His righteousness.

"Joy to the world". Joy and happiness! That is what everybody seeks, what perhaps only a few find, but what all Christians should possess. This is the theme of the Beatitudes, happiness that comes from the humble, teachable spirit. (Blessed are the poor in spirit; that is, the ones who are willing to open their hearts to God's truths.) Christian happiness is not the pleasure of the senses, it is a spiritual joy.

We are told that there is joy in the presence of the angels of God over one sinner that repenteth. There is joy also in the heart of the father as he runs forth to meet the returning prodigal, and again, within the confidence, they begin to be "merry". There is joy as we share the purpose of Christ and the spirit of Christ. "These things have I spoken unto you" said Jesus, "That my joy may be in you, and that your joy may be made full." To the gladness in the heart at the Christmas season is a symbol of the joy that should dwell constantly in the hearts of all Christian people. "Rejoice in the Lord always", wrote Paul, "Again I say rejoice." This experience of joy comes to us in the presence of what is good, and in the seeking of what is good. There have been primitive religions which have stressed fear, but not so the Christian religion. Its joy draws us together, for they we wish to share our joy with others. Fear would keep us apart.

So let us in our Christmas gatherings and festivities keep within the true Christmas spirit. "The kingdom of God is not eating and drinking, but righteousness and peace and joy in the Holy Spirit." the joy of fellowship with God, and of sharing in his work. May this joy be in the hearts of all, even those who have their cups thousands of miles away.

Josephburg District Prepare for Xmas

"If you have tears, prepare to shed them now," said the teacher to the class on announcing that Christmas vacation would be of full length instead of a mere day or two as we had been led to expect. Strange to relate, the class shed no tears. The class is well disciplined and seems bound to do the bidding of the teacher. The inference therefore, according to the quotation must be that the members had no tears. Had it been from motives of war economy, the action of the class was highly commendable. Or is it perhaps that young folks of today have dispensed with tears as an unnecessary luxury? We confess that we are non-plussed.

* * *

Tis, we are glad to say, is not rampant in our midst but none the less the hospitals are claiming victims from among us.

Ira Fisher has been released, but is convalescing only as yet from the effect of a poisoned hand.

Mrs. Sears is still in the General in Edmonton and now Mrs. Wm. Fisher has been obliged to enter Lamont hospital as an enrolling guest. We wish all three a speedy recovery.

* * *

At Beaver Hills Church the usual quota of "white gifts" was in evidence on Sunday last. These gifts are presents from those who are able to attend church, to those who are not able. The white gifts are forwarded to Rev. Ringhem of the People's Mission, who will distribute them to needy ones. 'Let not thy right hand know what thy left hand doeth', saith the Scriptures, Mr. Stephens is doing splendid work in our city, work which many of us are quite unable to fulfil.

The Home Mission on 101 st. is another organization which will be glad to receive any materials to sew over for re-distribution. Nothing is too worn or too faded, for, if for nothing else, they can be sold as rags and their equivalent in cash can be distributed. Undoubtedly the need is not as great as of yore but there will be many, many children who will not taste of the joys of Christmas unless such organizations are supported.

* * *

The December meeting of Beaver Hills W.A. was held at the home of Mrs. Percy. The following officers were elected for the coming year.

President, Mrs. Ira Fisher,
Vice President, Mrs. Percy,
Secretary, Mrs. Hortell,
Treasurer, Mrs. Wm. Fisher.

The Pastor, Rev. Hordell, was present but Mrs. Hordell was unavoidably absent due to illness. Owing to the absence of the past secretary and treasurer no definite report of finances could be presented but we understand that the financial obligations of the past year have been fully met.

* * *

The usual weeping and wailing (not gnashing of teeth) is going on, we understand, among the turkey world here Though the weather is so mild and the ground so bare, these birds are unable to rustle their food to any extent and are and inhibition from a grain point of view. Fowls on the other hand are carving over their less fortunate rivals and are exerting every effort to keep up the egg quota. Between you and me, any fowl who refuses to assist in filling the quota should share the same fate as the turkeys. "An empty house is better than a bad tenant", is an old adage which applies here.

Even the undergraduates of our Universities are forced to produce the goods or leave the life. Are not undergraduates more worthy of consideration than are such fowls? Food is plentiful certainly but prices must be considered. "If a man (or a fowl) work not neither shall he eat.'

—V—

A streetcar passenger was pulling away on a cigar and the conductor ceremoniously drew his attention to the "No Smoking" sign.

"Oh, I see it," said the passenger, "but I can't follow all your rules. For example, the card beside it says 'Wear Excelsior Corsets.'"

A WEEKLY EDITOR LOOKS AT

Ottawa

Editor recently for the weekly newspapers of Canada

Capital squibs: A loud-speaking system installed at the Ottawa Union Station will announce train times, tracks, etc; badly needed where busy throngs always gather for trains. . . Opened last July, the Women's Active Service canteen has served 50,320 service girls already, the committee reports . . . . The guy is psychic. T. G. Lewis, a carbon and ribbon co. president here found a book of raffle tickets in his desk sent by a friend in Woodstock, decided to send along $5, and won himself a model home valued at $4,000 . . . Famous swing band leader "Cab" Calloway played Ottawa but wanted to see it from a taxi-cab . . . Thieves who stole Public Works Minister Fournier's automobile used it to carry stolen goods in two break ins, got caught . . . Army hero reports Victor Lemaire subscription at Kiska in the Aleutians went over the $250,000 mark and that a French-Canadian regiment there broke all Army records, signing 100% of personnel for more than 200% of quota.

* * *

Prices Board ruling: you should know Christmas and New Years cakes and all kinds canned fruits be increased in price for the same type of meat as on an ordinary day . . . . Increases for farm machinery are not rationed . . . There is no ceiling on grower sales to the trade on clover and alfalfa seed the grower being free to get best prices according to quality of product . . . . Amendment to meatless Tuesday now goes farther than applying only to "quota users," it is extended to "anyone who supplies meals or refreshments for other than his own personal consumption" . . . . Imitation spices, replacing pure varieties in short supply owing to the war, have been brought under price ceiling . . . Plans between the Board and manufacturers will probably increase production of shoes for children by at least a million pairs for 1944.

* * *

Of interest is a summary of the agricultural production objectives for 1944, as drafted by the Dominion-provincial conference held at Ottawa recently. They contemplate no change in wheat over the 17½ million acres of 1943. Coarse grains will be up 6% in oats, 7½ in barley. Rye remains the same, but hulking corn figures show an increase of 82%. No change in hay and clover, nearly 10 million acres. Rape down half a million, or 12½. In the oil seed group: flaxseed down 20%; sunflower seed 50,000 acres up by 72%. All [illegible] have an increased objective, [illegible] being lacking, 58%. In dairy products they figure no change in total milk; creamery butter down 8%, also cheese 7 %. Eggs and poultry meats will have an upward trend. Fruits are all up, apples showing 54% with 16 million bushels and leafy green vegetables increased 29%. Maple syrup, over 2 million gallons, is equal 21%; and honey will be asked to give more volume. With 14 million pounds, sheep meat is asked to increase 9%.

* * *

Canada's overseas are certainly thinking of their return to civilian life. The study courses offered by the Canadian Legion Educational Services have had an enrolment of 58,000 men, with more than a thousand a month constantly signing up. They take everything from automotive engineering, debut engineering, to bookkeeping, welding, physics and social studies. The courses were first offered in 1940 and have been extremely popular with our boys.

* * *

Any woman who has looked with despair at her dowdy old-fashioned wardrobe and wished she knew what to do with it, needs the inspection of the "make Wrinkles" Re-model. Anyone can get the book by writing to the Consumer Branch, Wartime Prices and Trade Board, Ottawa. Printed on yellow paper, this pamphlet contains all kinds of suggestions for re-making different types of garments. Principally concerned with cutting grown-ups clothes down for children, the book also features ideas for the adult wardrobe.

* * *

The R.C.A.F. after training fifteen complete crews for the work is about ready to start its new air-mail service covering 2,000 miles bringing mail or quick order to your soldiers ashore and aaroun as far away as Cairo The new service will be based at Ottawa, span the Atlantic and swing it from Britain Mail to men in Italy and the Middle East had been running as much as two months behind.

* * *

A little highlight on mutual aid for 1943-44 fiscal year for when Canada has agreements [illegible] U.S., New Zealand, India, Russia and China and soon with the French Committee of National Liberation and the British West Indies. Canada will deal direct with all her Allies, sending without charge Canadian food and munitions for which they have made commitments beyond their ability to pay. However in the case of the United Kingdom, cost of servicing Canadian troops in Britain and Italy is credited to Britain's mutual aid account to Canada. Shipplanes, automotive vehicles and munitions, under mutual aid which will have any salvage value, may be returned to use after the war.

Of interest to farmers: E. F. Archibald, director of the Export Capital Farm Services, says that poor dozers of Canada's foodstuffs are paying income tax in small numbers, not of their own choice but for the simple reason that the earning power in labour income on the average farm, even with the free labour of wife and children thrown in, is little more than that which in dustry and commerce pay to a Grade 1 stenographer . . . . During the fiscal year 1942 43, there were 1,197 cheese factories in Canada which received a premium on account of having manufactured cheese scoring 93 points or higher . . . . Grasses and legumes are relatively high in protein and low in sugar, a factor which adds to the difficulties of making them into good silage . . . .

The supply of potash available for with 183.8 a month earlier.

fertilizer purposes in Canada in 1944 will not exceed 35,000 tons, which is about 40% of that used in 1943, and throughout Canada are contributing demand will be up, as rationing in the the national war effort in many is effect as that were farmers will ways, besides carrying on their regwet their fair share. this will not ular peacetime activities . . . . It is affect the total tonnage of fertilizers estimated that members and friends available . . . . Wholesale prices for of the Navy League use about 60,000 Canadian farm products moved up pounds of wool a year in making the gradually in November to reach a things which go, with loving care, peak level (index) of 104.5, compared into ditty bags.

More than 64,000 Girl Guides

Season's Greetings
We extend the Season's Greetings and wish you and those whose happiness is yours, a full measure of Christmas Joy and Success for the New Year.
We look forward to 1944 as presenting another opportunity of strengthening Good Will and Esteem by the Character of the Service we offer.
Fort Hardware Co.
AND STAFF

WE MUST HOLD THE LINE!

On the home front the battle against inflation is now the most critical of all.

The winning of this battle will contribute much to winning the war.

It will contribute more than all else towards the solution of post-war problems.

* * *

The purpose of Price Control is to prevent inflation. Its purpose is to protect and maintain a basic standard of living.

A higher money income will not be of any advantage if, because prices are going up, our money buys less and less.

To win the battle against unemployment in the post-war period, we must first of all win the battle against inflation.

* * *

Salaries and wages are a large element, often the largest element, in the cost of everything we buy.

If the Price Ceiling breaks down, in the long run all stand to lose.

We *must* hold the line against inflation to assure victory in war.

We *must* hold the line to provide a solid foundation on which, after the war, to build a greater and a better Canada.

"LADY OF BURLESQUE"

HIS DREAMS COME TRUE

This letter was received by the Winnipeg office of Coal Sellers Co. just before Christmas and is published as injecting a new slant in the annual appeal for coal. As it happened, the day the letter was received advice had been received that a car of Midland coal had been shipped to this dealer on the previous day.

So it would seem that a direct appeal to Santa Claus brought quick results. Here is the letter:

Mr. Fraser Cameron,
Coal Sellers Company Ltd.,
Winnipeg.

Dear Fraser:

When I was a little boy, I used to write letters to Santa Claus, asking him for the things that I desired "Christmas Season," or Christ's Mass, most, and by some slant of good luck a religious ceremony celebrating I usually received them—and was I Christ's birth.

a pleased lad. Boy, oh boy, those were the happy days.

Well, here is that same little boy, only grown up. BUT he is still asking Santa Clause for something that he desires most of all. Only I happen to know you are the Santa Clause today and all I am asking for this Christmas is a car of Midland lump and another of Midland egg. If only Santa will send me these two priceless presents I will be the happiest boy in . . . So please Santa, do not disappoint a nice little chap like this writer.

Signature.

School Flashes

On Friday, throughout the school could be heard various exclamations some were whoops of joyous cries while others were groans and howls sighs. It was the day when the Christmas reports were distributed among the P.H.S. scholars

x x x

Christmas exams have come to a close and P.H.S. is going to end up the first stretch of school with a and skating party consisting of skating, programme and dance combined. As this will be held on Wednesday night, nine o'clock Thursday morning will come very soon for every pupil, each of whom will walk to school in a daze, and likely remain that way for the rest of the day or less he is rudely awakened by harsh words, or the sudden impact of a 700 page book against his head

x x x

The sports representative is organizing the school hockey "league" This year it will consist of two teams instead of the usual three

The girls are also commencing to organize a girls' hockey team, which we are positive will be a success if the girls will unite and to make it so by all playing and supporting it loyally heartedly

x x x

Leaving the ranks of P.H.S. in the Christmas holidays or at the beginning of next year, is our president, Dana Roberts. Dana was president of the former committee and was elected president of the students' union in the last election. He has fulfilled his duties very well, and we, the student body, are thankful to him for his efforts. Dana will be attending Varsity High in Edmonton, and we wish him success in his attendance there.

x x x

We have as a new member in High School Jen Heulle, who hails from Lamont.

—V—

Christmas Greetings

Mrs. G. M. FLINTOFF

"There's a song in the air,
There's a star in the sky."
"Let us now go, even unto Bethlehem."

We come once more to the busy season of shopping, to the lovely manger of the Nativity we bow in wonder and worship before God's gift of love to us. The saviour of the world.

The light of the Star that heralded his birth, still guides our hearts to Bethlehem, and only that Star and it's spiritual significance can prepare our hearts to become a Bethlehem, where is found a glad welcome for the Christ child. In his Anthology, Ernest Raymond says of this theme:

"The spiritual genius of the age has set a little child in the midst for its contemplation and its worship, whether the story of the child of Bethlehem is a God originated parable or a man originated parable matters not. All that matters is that this Divine Story can be considered, if not in its genuine, why then in its acceptance, and its treatment, as a fair creation, into which has been distilled all the noblest thoughts of the world, and it is incomparably the noblest word that has ever been uttered, or ever will be uttered, about God, and about man. We shall never express Him nor ourselves better than in the parable which has a child for its heart, it is ultimate

Thus abide
The signal to a maid, the human birth,
The human, and a young Man crucified.

In the Bethlehem cradle, in the Mother and Child, in their rest on the things of the earth, in their crowding out from the guest-house, in the break-through of Heaven, which Ben no close, until season sang and a star, in the [illegible] assembling of the unlettered shepherds, and in the bowed amount of the ages' wisdom, brought like incense by the Wise Men, and lastly, and very subtly, in the instant threat and fear without, in all this lovely picture we see as much as Earthly eyes shall ever see of the truth of God.

All that human Man have power to say about Love and Pity and Pain, about Birth and Growth and Service and Death, about the spiritual sensing that is common to kings on their thrones and the shepherds on the hills, about the Divinity in Humanity and the closeness of Eternity to Time, all has been said here more completely than it will ever be said again.

Even the animals are here, the ox and the ass with their clouded eyes, yes, all who have a burden to bear or a death to die for the brethren. It is the essential truth of God so far as it is capable of being received by our life would has been made flesh and dwells among us in the story of the [illegible] Babe."

—V—

Looma District Has Mystery Animal

Wide-eyed excitement filled the school-room one morning when a senior boy entered breathless with the story, "There's a great big creature half horse, half cow, running through the bush next to the east fence of the playgrounds! I saw it! I saw it!"

It was low near 10 o'clock for "hunters" to set out but at noon a company, regardless of the crying needs of the inner boy, struck the trail from the creature was tracked down, and, after careful examination it was decided that the creature was a horse of some kind. True, the legs and feet and body reminded one of a cow, but the head certainly suggested the horse, although the eyes were strange indeed, one quite white, the other saturately black, black as night. Fortunately one could not see them both at once

Inquiries brought out the information that the creature's home is Looma, and that it walks like, and like the ghost of Christopher Benjamin Binns, at certain times. Its age and ancestry are a mystery. For the time being it is honoring the home of Ross Gibb with a short visit. Perhaps he was the only hunter who dared take charge of it

x x x

Gunner C. A. Norman is wearing the stripe of Lance Bombadier, and expects to put up shortly a second stripe.

x x x

Pte George Portas is home on leave from Edmonton Rifles, and Mrs. "Pat" Portas are visiting their parents and friends.

x x x

Lorraine Neumann and Alfred Kublick have received their call-up notices and are reporting to Calgary.

x x x

Sympathy is felt everywhere here for Mr. Aubrey, in the loss by fire, of his fine Lake Cottage and practically all of its choice furniture. Mr. Aubrey, about to return to the city after the week-end here, climbed into his attic to evict some kittens in order that they might not suffer up there from any sudden drop in temperature. Coming down he happened to kick a hole in the stove pipe. Believing that the few dying coals left in the stove would give no trouble, Mr. Aubrey went to the store, just a quarter of a mile away, to get a new pipe. When he returned shortly afterwards he found his fine cottage beyond help and only a few articles of furniture saved. These had been dragged out by Mr. Cundall a resident, who, seeing the smoke from his home, was first to arrive at the scene.

x x x

Keen interest and some anxiety have followed the party of surveyors to South Cooking Lake, especially where the men have left behind in their trail a crop of stakes cutting up and ruining off fields and yards and gardens. However the interest aroused is keener than the anxiety, particularly among the boys and girls of Franklin School.

—V—

Christmas, to us, would not be complete without the holly wreath. An English belief connected with holly is that it represents the thorns which Christ were upon the cross, while the berries represent the drops of His blood.

THE FORT RECORD

VOL. 1 No. 39 — POST SASKATCHEWAN, ALBERTA, CANADA. WEDNESDAY, JAN. 5th, 1944 — CIRCULATION THIS WEEK 1000

Provincial Library
JAN 1
ALBERTA

STRAIT IS THE GATE..

Rev. Hilbert H. Birdsall, M.A.

As we enter 1944 the general attitude of us all might be summed up in the words: "At long last we are getting somewhere" It has been a long, long climb and the going is still rough and heavy; but we think we see the top of the hill in the mist just above us.

For some that means the abandonment of all action and concern for the things for which the war is being fought. Those will get themselves dug into position for ranging a fine personal harvest. Surely after all we have been through in this country they should know that that kind of conduct is the beginning of the next war. We ought to inform such persons (and their bodies corporate authorized by law to act as persons) that Judas is their patron saint.

For others the glimpsing of the great end hill through the misty mist means hope for a brief rest, a short time to re-arrange resources, and then the renewal of the struggle not in war, but in peace-time conflict for those same things for which so many, both armed and civilian, have given so much.

Over the crest there is no long, pleasant slope down which we may coast into Christian joys. There is still a short plateau, and then summit hill. It is to be climbed by sufficient methods and with different tools, but a hill just the same,—perhaps a mountain.

The New Year setback, while the most hopeful for years, is not full of ease and comfort but of blood and toil and tears and sweat. While we may rightly work and pray for the removing or lessening of the first mentioned in the prescription, we may not honorably expect the others to be reduced in the slightest. There is no making of a better world without work to the point of exhaustion in every aspect of our common life.

Community Bids Farewell To "Roberts" Family

A stranger after witnessing the happy event in the Fort Community Hall, Monday night, said, "Where Town and Country Meet" it was just here.

About 400 persons braved below zero weather to attend a farewell party in honor of Mr. and Mrs. Dave Roberts and family, who after twenty-three years residence at Fort Saskatchewan left to make their future home in Edmonton. The crowded hall showed the esteem held by the community for the "Roberts".

A first class variety concert was provided a varied program that drew round after round applause from the much appreciative audience

At eleven o'clock the feature event of the evening took place, when Mayor C. R. W. Magor, of Fort Saskatchewan, read the following illuminated address to the "Roberts" family, who were assembled on the stage.

"Mr. and Mrs. Roberts, Glynn, Donn and Jack:—

"We are gathered here this evening because you are moving from Fort Saskatchewan to make your home in Edmonton, and we wish to express to you our regrets at your departure and to wish you all happiness in your new surroundings.

"You will be missed in every aspect of community life. Everything taken part in the Women's Institutes, U.F.W.A., Boy Scouts Association, School organizations and sports, Town Council, School Board, Canadian Legion, U.F.A., Building Committee of the Community (High School) Fair, and various other community activities.

"Everyone in Fort Saskatchewan and in the surrounding Rural Municipality has benefitted, directly or indirectly, from your services. Mr. Roberts, for, in addition to your many duties and offices you have given generously of your time and talents wherever help was needed.

"Your many friends of Fort Saskatchewan community wish you and Mrs. Roberts to accept these gifts as tokens of the esteem and affection in which you are held.

Mayor Magor then presented Mr. Roberts with a purse of silver. Mr. Magor presented Mrs. Roberts with a lovely bouquet of chrysanthemums.

Mr. Roberts on behalf of the family thanked all those who contributed in the various ways to make the evening a very pleasant one, and expressed regret that they had to leave the Fort where the family have grown-up and made many friends. The Fort, he said, would always be a "home town" to them. He concluded by thanking the people again for their kindness and good wishes. Their generosity he insisted was unnecessary, as the family had done only what should be expected of every citizen.

After rounds of cheers, lunch was served in the ladies room.

Refreshments having been partaken, all adjourned to the dance hall where a presentation to Donn Roberts took place. Irvin Thomas, on behalf of the graduate's Dance and members of Fort High School, presented their former president with a delightful gift in remembrance of their many happy times together at F.H.S.

The following artists from districts around Fort Saskatchewan contributed to the evening's program: Miss Helen Schreter, solo; Viola Wilson, solo; Misses Beulah, Viola McGhan and Mrs. Margaret Schreter, trio; Mrs. Frank Bleackley, accompanist; Gil Brenner, Mrs. Frank Becker, solo; Mrs. Ed. Mohr, accompanist; Mr. Lee Mercy, pianist comp; accompanist, Miss Muir; all of Josephburg. Good Hope orchestra, Stanley Urea's Brenner orchestra, Mr. and Mrs. F. Smith and Mr. Wm. Thomas, Josephburg.

The evening will long be remembered by all those who attended as being one of the most enjoyable events in many years.

Killed In Action

Sgt Wilbert H. Marr, R.C.A.F., age 29, son of Mr. M. E. Marr, of Edmonton, and the late Miss Mare of Beaver Hills, was accidentally killed on active service on Dec. 23, 1943. Interment took place Dec. 28th at Coney Hill, Gloucchestershire, England. Previous to joining the Air Force in 1941, Sgt. Marr operated a truck in the district. He took his I.T.S at Saskatoon, and on August 19, graduated as a bombardier at Rivers, Man. During the school years, he attended "Fort High"

CURLING RINKS DRAWN

The following is a list of skips with their rinks, as raged on Tuesday night. An immediate draw is the annual event between the President and Vice President which started Wednesday night. Full report of the latter will be given in next week's issue.

A. M. Carondelet, skip, J. B. Gaul, H. Byers, E. W. Chesbrough.
H. Dennis, skip, O. Bosjoli, P. A. Meret, Lake Weisgerber.
G. Evans, skip, D. E. Lyons, Dave Buchanan, J. F. Etherton.
A. H. Gibson, skip, H. Thorne, Floyd Yeres, E. H. Birdsall.
A. B. Keg, skip, Guy Armstrong, Geo. Cranston, Chas. F. Lowe.
A. Simmons, skip, Geo. Vetterhahn, Frank Smith, Lawrence Hill.
R. Thorne, skip, Fred Sherman, Wm. Calvert, Ernest Thorne.
H. Therriault, skip, Wm. Dixon, L. J. Meret, Bay Wilson.
J. Wright, skip, A. Black, Fred Collins, R. Sherman.
Spares, C. P. Bradshaw, James Kelly, R. Lisle, A. Osbaldeston.

Brockville Honors Boys In Service

A party was held at Brockville for AC Jim Davies, LAC Jim Harvey, ACI Billie Irwin and Pte George Walker Mr Arthur Harvey spokebriefly, after which Mrs C O'Gorman presented each boy with a billfold. The evening was spent in dancing.

R E M

ACI Jim Davies, who is stationed at Calgary, spent Christmas leave at his home here

R E M

ACI Billie Irwin, who is stationed at Brandon, Man., was home on Christmas leave

R E M

Sgt. Dave Olson returned to the coast after being home for Xmas

R E M

AWI Mary Hughes now stationed at Vulcan, Alberta, spent Christmas with her parents

R E M

Pte. Leonard Thomasson, having spent New Years' leave with his wife and son, returned to the coast

R E M

LAC. Jim Hotey is visiting with his parents He leaves for Regina shortly prior to being stationed at Saskatoon.

R E M

Miss Jean Colland, of Tofield, is visiting with her aunt, Mrs. Bert Davies.

R E M

Pte. Harry White, who spent the holiday leave at his home, returned to Nova Scotia, the first part of the week.

R E M

Mr. Clyde Young, of Viking, was a recent guest at the home of Mr. and Mrs. J. Jay.

R E M

Word was received in the district last week that, ACI Billie Gunn, who is at the coast, underwent an emergency appendicuay operation. We hope Billie will make rapid recovery.

R E M

Miss C. Brunchflower, is taking over duties at our school, as Mrs. J. Nelson, our former teacher has left to join her husband at Pearce, Alta.

R E M

On behalf of the district, we wish all those in the services who were unable to be with their loved ones at the festive season a Happy New Year and hope that 1944 will see us all together again.

Local News

P.O. Therriault, R.C.A.F., stationed at Lachine, Que., is visiting at the home of Mr. and Mrs. Cecil Shaw, and Mr. Harvey Therriault, on a 30-day leave.

R E M

Fort Carter's New Year's Eve dance was a successful affair.

MONASTERY WAS OPERATING THEATRE ON FRONT LINK

The chapel of a 17th Century Monastery was used by the Allies as an Operating Theatre on the Sicilian front. Casualties were brought there by ambulance from a battle area less than a mile distant to be treated before being taken to nearby airfields and evacuated to base hospitals by transport aircraft In the 36 hours following the setting up of the casualty centre, 17 abdominal operations were performed. The Monastery, La Cabolla, is near Catania, and was built in 1624. Photo shows, After treatment a wounded soldier is carried from the chapel to the ambulance which will take him to the airfield for evacuation by R.A.F. transport. A large Red Cross on bunting is draped over the roof of the chapel. In the foreground are piles of stretchers.

M.D. Council Deals With Heavy Agenda

The last council meeting of the year was convened on the 13th December, with all members in attendance, and on account of a large agenda it was adjourned until the 20. Mr J. H. Baker, M.L.A., was in attendance to discuss with the Council the question of obtaining a supplementary. Government road grant, it being felt that the unearned grant of $1700 on due from 1942 should still be obtainable Mr Baker advised that he would take the matter up with the Minister of Public Works at the first opportunity

Mr C. Fedorenuk, Widwood, was in attendance to submit a verbal offer for the thirteen acres contained in the cancelled sub-division of Heigleland. The Council intimated to him that it had been previously decided not to offer this property for sale on account of the fact that it was considered "land locked" by being partially surrounded by a deep ravine It was opined that the proper person, if anyone, to obtain the property was the one with the adjoining bush land. The matter was left in abeyance to enable the Secretary to contact the owner of the adjoining land, and ascertain if they were interested in the purchase.

The Secretary advised that satisfactory arrangements had been made with the City Commissioners as to the boundaries of the new Dairyne and could have incorporated within its boundaries a part of 142nd Street.

Mr Fedorenuk, in connection with the S. E. 1-51-19-4, the Secretary reported he had interviewed Mr R. J. S. MacKay the owner of the land in question, who was in sympathy with the route of the road could be built on the original road allowance. It was felt that it would be too costly to follow this route for the limited amount of traffic it would feed. It was left with the Secretary to negotiate with Mr. MacKay for the same required for the diversion.

Councillor Mayer and the Secretary, by unanimous consent, appointed to negotiate with the Minister of Health for the settlement of disputed mental deficient patients' accounts, reported they had seen the Minister and submitted to him the District's viewpoint in each case. It was agreed that an offer should be made by the Council as to basis of settlement for consideration by the Government.

The Secretary was instructed to submit an offer on the basis of fifty per cent reduction.

In view of the increased volume of traffic over a private road diversion on the N.E. 23-51-20-4, the Secretary was instructed to negotiate for the purchase of the land required for a permanent diversion.

Mr W. Ball, West Salsbury, appeared before the Council to air a complaint he had made regarding the assessment put by the office of his Statement of Claim for the 1943 wheat acreage bonus. It was pointed out to Mr. Ball that the only way in which he could get his claim recognized under the circumstances was to make a Statutory Declaration to the effect that the claim had more made. This he agreed to do.

A delegation of some twenty residents from the mills district were in attendance to urge the Council to adopt a policy or some programme providing for the gravelling of mill road section. It was pointed out that these roads were maintained road 365 days in the year, but regardless of this they did not receive special consideration at the expense of other roads in the District In reply to a question a number of the delegation averred they had no objection to an increased assessment if their land was located on a gravelled section. The delegation retired when it was suggested that the matter be left with Council for further thought and consideration.

A renewal of the contract for the snowplowing of the North Cooking Lake Trail was made with the Edmonton Gas Company. The contract provides that the District pay the Company two dollars a mile for the mileage covered by its gas mains in the District and the Company in return agrees to keep this mileage open for vehicular traffic during the winter months.

Approval was given to an arrangement whereby Roy Biddlecomb disposed of his equity in the S.E. 29-51-22-4, a quarter purchased from the District to Fred Kadatz.

The report of Inspector Boyce covering his semi-annual inspection

The New Year 1944

May It Be A Happy One To All!

REFLEXIONS AND THOUGHTS!

(Rev.) Father Silvester Beaudet
Catholic Church, Fort Saskatchewan

We are not pure spirits as we well know. But we are not just material beings either, like the dumb brute without reason, as the Epicurians of all ages pretend. These men, something to St. Paul, make their belly their God, and their end is death.

We are composed of matter and spirit synthesis of material and spiritual, created to the like to glorify Him here on this earth, by living a perfect life, in the practice of all the virtues, that some day we may share God's happiness in heaven, for all eternity. That is God's plan, and it will not change. This is the immutable design of the infinite love of God, who wishes to render His creature, Godlike, in Jesus Christ and through Jesus Christ, the only and eternal son, who is our Emmanuel, God with us, God-Man, to make men, the sons of God with Him.

Unfortunately, many forget this sublime vocation. Preferring a purely natural life to a supernatural life, and forgetting that they were made to glorify God and then to share His happiness, they concentrate all their efforts on the acquisition of material possessions, which they must soon lose, either by death of by reverses of fortune. They become slaves of their avarice, and fall under this curse of Christ: "Woe unto you that are rich; for you have your consolation." Luke, 24. They also forget this sentence of our Saviour: "What doth it profit a man, if he gain the whole world and suffer the loss of his soul?"

This little true story certainly calls a great number. I asked an old man why he did not come to church on Sunday. "I can't go," said he, "for I have to do the same work on Sunday as any other day. I have 2,000 hens, and 40 hogs to look after, and it keeps me very busy from morning to night." This man then had set up a business that prevented him from fulfilling his duty to God; he is slave of his livestock, instead of enjoying the liberty of the children of God. What can be expected at the hour of death, from God, for whom he has done nothing?

Jesus God, in His goodness, offers us another year, let us understand that we must employ every minute to glorify Him. Let us begin to do so from the very outset.

Should also that Jesus Christ condemn us during this month? What we do to our neighbours, who like ourselves is a child of God. In industry and trade, let us avoid exorbitant profits, for these are but a contemptible theft. Business must not be built on the ruins of our brother. Let us not do unto others what we would not that others do unto us. These good dispositions will be the advance signs of that international peace we hope to enjoy in the course of the year 1944.

Wye District Enjoys Community Concert

(Unfortunately the following news arrived too late for our Christmas issue, so we hold it over thinking that some of the material may be timely.)

Cpl. R. G. Moore, of Prince Rupert, B.C., was home over the holidays visiting his folks, Mr. and Mrs. W. T. Moore of Andrew.

Ladies of Wye Red Cross old held their regular meeting at the home of Mrs. J. Armstrong. Two large boxes of clothing were packed and sent in Red Cross Headquarters in Edmonton. Boxes were sent to the boys in Canada in the services.

It is reported that Dick Bailey has joined the Navy and is now in training to be a navy boy until now in the Canadian Merchant Service.

We are looking for lots of parcels and letters this Christmas, and to be a navy boy mail man in the winter is a hard undertaking.

Sunday is quite popular in the district now, the pumpkin Rolls are holding advantage of the good weather.

The next meeting of the Red Cross Aid will be held at the home of Mrs. Alex. Graham in January.

Everyone enjoyed themselves at a concert held at the Wye Community Hall on December 22. The school children, Red Cross girls and the friendly quartet from Edmonton all gave a performance. Refreshments were served and a good time was had by all.

We hope that the boys from the armed forces had many happy days on Christmas leave enjoyed themselves to the utmost, and wish them the best in the coming year.

We understand that Miss Margaret Webb has returned from M. MD Hospital of Fort Malcom, where she has been working for the past three months.

A WEEKLY EDITOR LOOKS AT Ottawa

Income tax interests everyone. The new T-1 Special Form for those whose income in 1943 didn't top $5,000, is simpler; above that bracket it is little more complicated. The T-1 Special is 4-pages as before but the last two are taken up with showing you tables on various income rates. There are 17 main questions to be answered instead of 14, and you won't be confused this time by that 50% remission of tax due because of the "pay-as-you-go plan."

Capital notes: Prime Minister W. L. MacKenzie King went into his 70th year on December 17th . . . . . attending a brief Cabinet meeting, his colleagues presented him with an illuminated address, their names inscribed on the rim . . . . the Diplomatic colony is having its housing problems in Ottawa, too; there are 18 ministers in residence, two with emergency quarters at the Chateau Laurier and four more soon to be "furnished" in valuable blue Colorado spruce on Sir Robert Borden's grave in Beechwood cemetery was found big pine in a hollow about four miles away; it had been hacked down.

The Canonsburg Branch, Warriner Prince and Trail Branch suggests the following New Year's resolutions for Canadians in Canada: 1. Pay no higher than ceiling prices. 2. Buy only when in necessity. 3. Buy only for immediate use. 4. Observe all rationing regulations strictly. 5. Be cheerful and make do in saving buying now. 6. Waste nothing. 7 Don't be a conscientious—check harmful rumours. 8. Buy more Victory Bonds and War Savings Certificates.

In the armed forces; CWAC's may now serve overseas or elsewhere when traveling individually . . . . to get wounded Canadian soldiers to hospital quickly, supply trucks can be pressed into emergency service as ambulances, parts of harness now are being manufactured in Canada to provide carriage for stretchers . . . . soldiers from front line duties now get a chance to go on Auxiliary provided hours, one battalion's beer Italian operas, see a variety of symphony, concerts and plays . . . . are going to see films of the 1943 World's baseball series.

R.C.M.P. made a nation wide check up of men exempted Canada's security in connection with mobilization regulations, in poolrooms, beer parlors and similar places . . . . Labour Department now reveals that 29,973 workers from the 1,761 defense plants temporarily. Of this number 344 were charged in court with attempting to evade military call—164 with failure to notify change of address, etc., while 180 deserters were nabbed; 502 found without gainful employment were referred to Selective Service officials.

In future a few cannot apply for new machinery to replace one worn out, the machine falls on hubby a statement describing the used machinery, and reasons why he has to get a new one. Then a notice from the WPTB Boards representative that this application will be approved—if the desired equipment is available.

Many of us think of India as a vague place, related to Canada, but do you know that experts of Canadian products to British India this year aggregated about $130,500,000 as compared with $8,186,000 in 1939, and that we stand fifth among all sources of her imports! We sold them quantity motor vehicles and parts, metals, tea sheet materials, newsprint, asbestos carbide, etc. From India we are getting tea and quantity cloth mainly, also some exotic ore, peanut oil, castor oil, shellac and

Partridge Hill District Honors George Alton At Surprise Party

On Tuesday, December 28th, friends of the community invaded the home of Mr and Mrs Cliff Alton for a surprise social evening in honor of their son, George, of the R.C.A.F. who left Thursday morning for Lac Boot, B.C where he will be stationed for eight months, before again getting home. After an evening spent in playing games, Mr. Vird Lawrence called the gathering to order and told the purpose of the gathering, and Mrs. Attewell, in a brief presentation speech, expressed our regret of having to say goodbye to George for a time but wished him the best of luck in his new sphere Bob Warring, on behalf of the community, presented a pen and pencil set to the honored guest. George, in a few words, expressed his thanks to his friends. Then all joined hands and sang "For he's a jolly good fellow", and a social hour was spent over tea cups.

Cpl. and Mrs. Ellis Coulbourn are visiting with the latters mother, Mrs. Violet Lawrence, this week. Cpl Coulbourn is home from Sydney, Nova Scotia, on embarkation leave.

Miss Marguerite Warring spent the Christmas holidays at her home here.

Mr. Tom Whitson received two snapshots of a group of prisoners of war in Germany, amongst which is his son, Sgt. Pilot Bruce Whitson. Bruce has been ill and he looked somewhat thinner than when he left new him, but it was good to see his face, if only in a picture.

Miss Kathleen Lawrence, of the General Hospital staff, spent part of the holidays at her home here.

We are sorry to report Mrs. Carl Krebs on the sick list. We wish her a speedy recovery.

Lce. Charles Osbaldeston, of McLeod, spent the Christmas and New Year's holidays with his parents here.

Mrs. Maurice Osbaldeston, who is spending the winter at Ross Creek, is visiting with relatives here over the New Year's holiday.

Mrs. C. H. Flintoft, of Westlock is a visitor in the district this week.

LAC. Ted Osbaldeston spent Christmas leave in Vancouver and en-route back to his station at McLeod, dropped off to spend New Years with relatives.

East Edmonton Notes

Mr. Albert Owens, a resident of the East Edmonton district for five years, passed away Friday, Dec 10. Mr Owens was born in Renfrew, Ontario. He came west twenty-five years ago and took up farming in the Peace River country before coming to Edmonton.

He was a good friend and neighbor and was well liked by all who knew him. He will be greatly missed in our community.

The funeral services held Tuesday afternoon, December 14th, in Halonstock's chapel was attended by a large gathering of friends who came to pay their last respects Rev. Thompson officiated.

Pallbearers were: Mr. W. Olbeon, Mr W. Smith, Mr. S. Hawkins, Mr. W. Hawkins, Mr. G. Young, Mr. M. Watson.

He is survived by his loving wife; one son, four daughters and eleven grand-children.

Interment took place in the Mount Pleasant cemetery.

Our deepest sympathy is extended to his wife and family.

YOUNG BILL is doing his own post-war planning. Every week he calls at the Royal Bank, buys another War Savings Stamp and sticks it in his book. He has his own ideas of what he wants to do when the war is over—but he's saving for it now.

YOUNG BILL typifies the spirit of all Canadian youth . . . a quality of self-reliance and personal initiative that has made our country great. No one is going to plan his future for him. He's taking it hand himself!

What is PRIVATE ENTERPRISE?
It is the natural desire to make your own way, so far as your ability will take you; an instinct that has brought to this continent the highest standard of life enjoyed by any people on earth. It is the spirit of democracy on the march.

WEDNESDAY, JAN. 5th, 1944

LET'S GET-TOGETHER AGAIN!

A get-together between country and town should occur more often in the general opinion of local citizens who attended Monday night's affair. However, we wouldn't want to suggest that it would necessarily mean a party for someone.

The ball is here. We know there is plenty of available music in the district. So why not organize a committee composed of representatives from the town and country and sponsor entertainment of this kind during the year.

Out of the Past.

The Record Files

Wednesday, January 7, 1931

Mrs. L. D. Von Iffland was elected president of the Fort Ladies' Curling Club at their annual meeting held this week.

Friends and neighbors of Mr. and Mrs. Jacob Thomas, of Josephburg, held a surprise party in honor of their silver wedding anniversary.

A large crowd attended the Canadian Legion's New Year's Eve dance in the Strand Hall.

Fort hockey team, under Pete Weber, defeated Prince Dayton, when Merle Lane drove a neat one unassisted to give Fort a one-goal lead.

Brenner Organizes Calf Club

Here's wishing everyone a Happy and Prosperous New Year and may it bring peace to all.

After strenuous Christmas and New Years' celebrations the citizens of Brenner district are adjusting themselves to the normal routine of life again.

A farewell party was held at the home of Mr. Wm. Schroter on New Year's night in honor of Gordon Uren who has joined the army. While dancing was enjoyed by the younger set, games and contests were indulged in by the "grown-ups". A purse of money was presented to Gordon at the close of the evening and with it the best wishes of his many friends. A lovely lunch was enjoyed by all.

We are sorry to report that Mr. Bill Adams is in the hospital. We all wish him a speedy recovery.

Mr. Miller, district agriculturist, showed slides on Livestock Club organizations, at the home of Mr. Merlin Williams on Tuesday evening, where a number of the young people of the club was first organized with a membership of nine. A number of boys and girls from Fort Saskatchewan were in attendance.

The Brenner rink has acquired a new coat of paint and is now open. Skating at Brenner every Tuesday and Saturday night!

Miss Viola McGhan, picture schoolma'am has taken over Clover Bar Centre for one week as practice teacher. Viola will be teaching in a school in Fort Saskatchewan by February 1st. Good luck, Viola.

The Young People's of Brenner held a skating party at the Brenner rink last Tuesday evening. After skating, lunch was served at the home of Mr. and Mrs. E. Reynolds. A good time was reported by all.

In a recent election of the election of officers of Brenner U.F.A. it was unanimously decided that Mr. H. Marler was elected president. This should have read Mr. Mervey Wilkinson.

A white Gift Service was held at Brenner Church recently, when children of the church gave gifts which will be sent to less fortunate children in northern Alberta.

Mr. and Mrs. Cyrus Wilkinson celebrated their 50th wedding anniversary on the 18th. A surprise supper was given at the home of their daughter, Mrs. Frank Beeson where members of the immediate family gathered. Later a number of the neighbors met at the home of Mr. W. F. Wilkinson to wish the "bride and groom" the best of luck in the coming years. They were then presented with a dozen red roses in a silver rose bowl.

Mrs. Gordon Kemp is one of the few lucky people who had her purse returned after it was pinched and had no fun, and she has her husband to thank for this. It was taken from her in the Edmonton Post Office, but Mr. Kropp pounced upon the thief, holding him until the police arrived. It was discovered that the thief had already squired three hundred dollars from other unlucky persons.

Good Hope Boy Wounded In Action

Good Hope really hit the map Friday, December 31st, when the Happy Gang held a most successful New Year's Eve novelty dance. The first of this kind ever to be held in this district made history, like history was never made before.

To start the evening, everyone danced their gayly colored paper hats, and began dancing to the music of the Good Hope orchestra During the evening more novelties were distributed and again the fun went wild.

After the old year died out and the New Year got away to a howling start, a very bountiful lunch was enjoyed.

Lucky tickets were drawn for prizes which went to: Mrs. Leon Hall, Mrs. Ernest Hooper, Mrs. Rudolph Rippel, Mrs. Frank Kuhn, and Mrs. Charlie Thomas.

Dancing was resumed until 3:30 when the Home Sweet Home Waltz came all too soon for the hilarious crowd.

Ticket receipts amounted to $50.06, for which the local club says, "Thanks again."

Misses Verna and Ruby Cripps of Edmonton, spent Christmas with their parents, Mr. and Mrs. J. C. Cripps.

Mr. John Kuhn, who has been employed at Lamont, spent the holiday season with Mr. and Mrs. Frank Kuhn of Good Hope.

Mr. I. Pomeroy, of Fort St. John, B.C., is visiting in the district. "It couldn't be wedding bells, could it?"

Mr. and Mrs. Dan Pomeroy, of Fort St. John, B.C., are visiting friends and relatives in the Fort district.

Pte. Chas. Israel, Prince of Wales Rangers, who has been stationed at Fort Alberni, B.C., spent the New Years' holiday with Mr. and Mrs. E. Gottschalk.

Pte. Duncan Cranston, training in Vancouver, spent part of the holiday week with Mr. and Mrs. Earle Cranston and family.

Mr. Paul Hewko, of Prince Rupert, B.C., spent the week at the home of Mr. and Mrs. Gordon Meyer.

Mr. and Mrs. J. Wood and family, spent the New Years' week-end with Mr. and Mrs. Wm. Scrimgeour of Namao, Alta.

Pte. Wm Johnston, who has spent an extended leave in the district returned to Calgary last week, where he will resume his training.

Mrs. T. Magee is visiting with her brother George, of Burnt Lake, B.C.

Mr. Gordon Miller met with an accident while sawing wood last Tuesday, when his foot touched the saw, cutting deeply just behind the toes. He was rushed to the Lamont hospital for medical attention. Gordon returned home Tuesday, and we all hope he has a very speedy recovery.

Many friends and relatives gathered at the home of Mr. and Mrs. Emil Miller last Thursday, in honor of the former's birthday. Cards and dancing were enjoyed by everyone. A very tasty lunch was served at midnight, Everyone then joined in singing "For he's a jolly good fellow", and wished Emil many more happy birthdays.

Mr. Emil Miller left Monday for Chailey, Alberta, where he will take up employment in a lumber camp.

Municipal District of Strathcona, No. 517
IMPORTANT NOTICE
SEED GRAIN

In response to a number of requests and in order that the Council may be in a position to determine whether or not it is advisable to bring into the District a supply of seed oats and barley for 1944 requirements it will be appreciated if anyone wishing to secure seed in this manner will make immediate application, in writing, to the municipal office. It is expected that good commercial seed oats, delivered, will cost approximately 70 cents, certified seed oats 85 to 91, and barley $1.00. It is reported by competent officials that coarse grain seed is going to be scarce this year. We have been advised that Ontario and Quebec have already placed orders in Alberta for 75% carlends.

* * *

If the circumstances of those in receipt of mothers allowance was received and approved

By-law No. 34 providing for the sale of lots 1 to 4, Block 30, Hillcrest to Mrs Geo. Wallis for $50 00 cash was given its 1st and 2nd reading, as also was By-law No 29 authorizing the sale of 10 and 11, Block 9, King George Park to E. Fearce for $50.00.

The offer of Fred Lackner to purchase Lots 10 and 11, 14 to 18, Block 9, Axander Park was refused on the ground that the property was required for exchange purposes in cancellation proceedings that were now under way as well as offered price being too low. The name decision was made regarding the offer of H. Thurlwell to purchase lots 23-34, Block 33, King Edward Addition.

The meeting then adjourned until the 12th December, when it reconvened and business was resumed.

The Secretary reported that he had consulted with Mr. V. H. Underschults, owner of the N.E. 33-51-25-4, through which it was proposed to survey a road diversion and who had expressed the opinion that it was possible to construct a reasonable grade on the original surveyed road. In view of this it was considered advisable to have a committee inspect the site and with full power to take whatever action is deemed necessary to establish the diversion.

A committee consisting of Messrs Meyer and Bailey was appointed to inspect certain gravel deposits and to report back to the trimmer in which they could be acquired.

Authority was given to a tumbler under the provisions of the Tax Consolidation Act.

Approval was given to two applications for old age pensions.

With the passing of paymbents and accounts the reading of correspondence the meeting adjourned at 5.30 p.m.

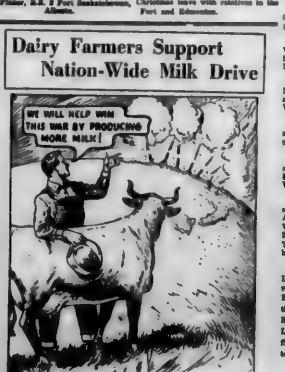
Dairy Farmers Support Nation-Wide Milk Drive



Canada needs more milk from every farm to help win the war. Milk is important in safeguarding the health of our armed forces, our civilian workers and the people of Britain. The 7-point milk production program sponsored jointly by the Alberta Department of Agriculture and the Farm for Victory Committee is planned to assist dairy farmers to produce more milk for Victory. The 7 points are: Provide abundant pastures; plenty of good hay; feed balanced rations, using protein concentrates wisely; large quantities of fresh water; condition cows for freshing; raise calves with less milk and cost; save more milk to market; prevent waste and deterioration by producing a high quality product.

Married At The Church

A wedding of much interest took place on Saturday evening, Dec. 25th, 1943, in Chrcon Memorial Church, Vancouver, B.C., when Miss Charolotte Herbert, of the R.C.A.F., (W.D.), eldest daughter of Mr. and Mrs. C. W Herbert of Vancouver, B.C., became the bride of LAC John Orville Howard Robinson, of the R.C. F.A., of Abbotsford, B.C., eldest son of Mr. and Mrs. F. H. Robinson, of Fort Saskatchewan. Rev Edward Flood officiated.

To the strains of Lohengrian's wedding march played by Miss Patricia Francis, the bride entered the church on the arm of her father who gave her in marriage. She was very becoming in a brown tailored suit with brown accessories and wore a corsage of pale pink Mums. Mrs. Errol Knowles, sister of the bride was matron of honor. She wore a two-piece woolen dress of coral pink with black accessories and a corsage of yellow Mums.

LAC. Ted Dobbiesteen, R.C.A.F., of McLeod, Alberta, was best man.

Following the wedding ceremony, the reception was held at the home of the bride, were many relatives and friends gathered to wish the happy couple many years of happiness.

Mrs. Wm. Burkett Passes Away

Mrs. Bessie Hannah Burkett, beloved wife of Mr. William Burkett, a former business man of Fort Saskatchewan, now an employee of the Provincial Coal Asso. passed away on Jan. 11th. Funeral service will be held on Thursday, Jan. 13th, at 3 o'clock from All Saints cathedral. Rev. Canon A. M. Trendell will officiate and interment will be made in the Beechmount cemetery.

Good Hope Residents Leave For Ft. St. John

Mr. and Mrs. Irwin Pomeroy, newlyweds of last week and Mr. Maimer Miller and family were honored Monday evening in the Good Hope school house with a farewell party for Mr. and Mrs. Miller and family, before they left for Fort St. John.

A full evening of entertainment was enjoyed by all Mr. G. Meyer, in a few well chosen words presented Mr and Mrs Pomeroy with several cut glass bowls and presented to Mrs. Miller a prayer [illegible]. The honored guests spoke briefly thanking everyone for the lovely evening They also [illegible] Following lunch everyone enjoyed dancing to the music of the local orchestra.

* * *

The [illegible] last Thursday at the home of Mr. A Haugland. There was also [illegible] a dance to be held shortly in the vicinity, a fish pond so [illegible] hand in which everyone is [illegible] luck.

The next meeting will be held at the home of Mrs R Todd on Thursday Feb 3rd. The usual [illegible] will be held the month following the meeting.

* * *

Word has been received that Mrs W. A. Cook, formerly of Good Hope passed away at Lacombe hospital on Dec 27th at the age of 65 years. After the death of her husband, about three years ago, Mrs Cook took up residence with her sister, Mrs. Bell, of Hanley, B.C. It is thought that the death of her sister, Mrs Bell, one week earlier, more or less brought on the sudden death of Mrs Cook.

The late Mr and Mrs. Cook took up land in the Good Hope district in 1906, and were well known among the old timers of that district.

* * *

Good Hope A.F.U. held held its annual meeting Tuesday, December 14th. The following officers were elected to office for the ensuing year:

President, E. Cranston,
Vice-President, A. Becker,
Sec.-Treas., Wm. Ustenschults.
Directors: E. Jerke, F. Kulish, C. Ditrich, F. Kuhn and C. Hennig

The next meeting will be held Tuesday, January 18th.

Missionary: "Do your people know anything about religion, Chief?"

Cannibal Chief: "Well, we got a little taste of it when the last missionary was here."

Willie-Henry Wedding Of Interest Here

The marriage of Alberta (Bertie) Henry, eldest daughter of Mrs. E. Henry, of Stony Plain, to Lieut. L. W Willis of Fort Saskatchewan, took place at the Lutheran church, Stony Plain, on Monday last, Rev A. Buschke officiating.

Given in marriage by Dr. R. E Jesperson, the bride wore white satin styled with a shirred bodice and a short train The full-length veil of bridal illusion met full from a cluster of orange blossoms and she carried a white satin prayer book marked with white satin ribbons.

Maid of honor, Miss Patricia Henry wore a tea-length gown of white sheer, a coronet of white blossoms and bouquet of deep pink carnations.

Bridesmaids, Miss Doris Henry and Miss Irene Forster, were white point-d'esprit and carried pale pink carnations.

Mr Vernon Willis, R.C.A.F brother of the groom, was best man and Dr. Jesperson was soloist

After the ceremony a small reception was held at the home of the bride, Mrs. Henry receiving in pale green, with corsage of Talisman roses. The bridegroom's mother, Mrs. Willis was in soldier-blue, with corsage of pink roses.

Going away the bride wore dull green, a two-piece ensemble, a black hat and black accessories.

A Motor . . . Overhaul Job

Now is a good time to bring in your car or truck, or maybe your tractor, for that very necessary motor overhaul job. New pistons and rings and a general snugging up of bearings will often pay back the cost in oil saved and increased power generated in ratio to fuel consumption within a very short space of time. Our mechanics are experts in this line.

■

A POOR SPARK PLUG OR A DIRTY PLUG shows up quickly in cold weather. A safe combination for comfortable winter motoring is a properly adjusted set of Spark Plugs and a Real Live Battery.

School Flashes

The P.H.S. Christmas party, held on December 22, was a great success, Everyone gathered at the school at ten o'clock, following a very enjoyable hour and a half of skating. The programme commenced with a sing song, which was followed by lunch, school paper, and a spring set of the presents by Santa Clause (Betty Thorne). An hour and three quarters of dancing ended the party at 12:45 a.m. This is a party which will be remembered by all who attended.

x x x

Preparations are being made for a sleigh ride, to be held on January fourteenth.

x x x

In the school house league, three games have been played; Richardson vs. Thorne. The first game was won by Thorne with a score of 5-3. The second was won by Richardson with a score of 10-7.

In the third game Mr. Richardson's team came out on top with a score of 9-2. The school league is a great success with everyone playing whole heartedly. Don Graef is the chief scorer in the league with approximately 16 goals to his credit.

x x x

The girls have also shown great interest in hockey. On Thursday night a very enjoyable game was had by all the girls.

x x x

Junior boys are playing Thursday evening and Saturday mornings. Teams are captained by Jack Gaw and Ronnie Engleson.

x x x

The school will be holding a public dance in the community hall, on Friday, Jan. 28. The proceeds will go to the Students Union for sports equipment and other necessities. We will appreciate your patronage.

x x x

The Student's Union will hold an election for the position of vice president, very soon. Upon the departure of our present president, Don Roberts, vice president Arnold Porterfield has taken over the presidency.

Buy War Savings Stamps—NOW!

BACON FOR BRITAIN 1944

Canada's Guarantee

450 MILLION POUNDS

Canada will try to deliver

600 MILLION POUNDS

to help Britain maintain the present weekly ration of 4 oz. per person.

To meet this need every pig possible will be needed and more sows should be bred now.

In hog production the largest item of expense is feed cost.

Practical trials on a wide scale show that under farm conditions and with good management a pig can be raised to 200 lbs. (150 lb. carcass) on an equivalent of 1000 lbs. of barley or wheat. This includes the sow's feed.

After making a liberal allowance for other costs, such as interest, depreciation and labour, the cost returns on grain fed to hogs under good management, should not be less than the amount shown below.

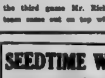
B-1 Hog Prices at Farms	Barley per Bushel	per 100 lbs.	Red Wheat per bushel	per 100 lbs.
15c.	74c.	$1.34	$0.91	$1.31
16c.	80c.	$1.49	$1.00	$1.44
17c.	86c.	$1.63	$1.09	$1.61

Quality premium or bonus on hogs not included in above.

BREED SOWS FOR BRITAIN

For further information consult your Provincial Department of Agriculture, Agricultural College, nearest Dominion Experimental Farm or Live Stock Office of the Dominion Department of Agriculture.

SEEDTIME Will Soon Be Here!



Are You Sure of Your SEED?

Although the War Effort has greatly depleted our personnel we are still able to offer the service of free Germination Tests.

Newsprint Quota Cuts Record to Present Size

The newsprint quota received by the Fort Record for 1944, from the Printing and Publishing Administrator, will only allow sufficient newsprint to supply a 4 page 5 column paper, same size as this issue. This will mean considerable loss in advertising revenue, and possibly at times will mean curtailing a certain amount of news. However, we will endeavor to take care of the news problem by using smaller type with the lines closer together. Representations have already gone forward to the Administrator in an effort to be permitted to publish the same size paper as last year.

If The Record were publishing 4 or 8 pages weekly it would be an easy matter to cut out the odd page, thereby keeping within the scope of the quota. But, where only the minimum number of pages and copies are being run, it is pretty hard to cut down more than we have already done.

Therefore, if the present quota stands. The Record management hopes that our readers, and advertisers will bear with us the hardship, with the knowledge that a brighter future is not far distant

World of Wheat

by
H. G. L. Strange

WHO GETS THE BENEFIT

Sharing the success of hundreds of years remarkable improvements have taken place in agricultural implements and methods

Today one man can plough ten acres a day. In ancient times he could plough one acre a day. Today one man can harvest and thresh one hundred times more per day than he could in days of old. In olden times the farmer's working day was from sunrise to sunset, but he still has to work from sunrise to sunset, and while he enjoys easier work and a few more conveniences in his home, his standard of living is not many times better than it was.

The benefits of these improvements in agriculture, therefore, have in the main been enjoyed by others; first by industrial labor who make the implements, clothing, equipment and goods farmers have to buy for their living and production (because industrial labour ever insists on exceedingly high wages, which means high prices for the goods they make) and secondly, by the Government which each year takes a tremendous toll from the farmer's income through the medium of the unnecessingly high tariffs and customs duties on those goods our farmers need which are imported into this country, and which high tariffs also permit very high prices to be charged for Canadian-made goods.

A WEEKLY EDITOR LOOKS AT

Ottawa

Written specially
For The Associated Newspapers of Canada

Because of the importance of farm machinery equipment and repairs as related to the production picture in Canada for 1944 and 1945, we are devoting this week's news letter exclusively to certain phases of the situation. The information herein is officially on the up and up from machinery administration sources and should be of interest to those engaged in agriculture.

Several facts are have to the overall picture. One is that some there has been an increase in the demand for new machines in 1944, there will be sufficient number of them to meet the needs Replacements will be greater than ever before because of the extensive use of machinery from 1941 to 1943, and the changes in production that have taken place since 1939 1939

Wide publicity has been given to the fact that 80 per cent of the 1940 tonnage will improve the situation in 1944, but that does not give the correct impression, and may lead to over-optimism and eventually hard feelings

Those who control distribution of available farm machinery and equipment are concerned with the needs of the Eastern and Western Canada. But in the west the purchasing power has so increased in the past three years that the 1944 allotments will not nearly meet the need or the demand. It will, however, enable agriculture to carry on if repairs are distributed to them in time and if further conservation practices are followed, custom work with machines is adopted and co-operative use of new machines carried out. That is a former period.

Let us deal first with Western Canada, and here may we say—as advised by those who know—that the situation applies pretty much the same in Eastern Canada. Comparing 1940 with 1944, here is the lineup of farm machinery and equipment for the west. Haying machinery is about the same, but there is a serious shortage of power movers. In tillage implements the number of units are all less in 1944 except blade weeders, but these do not amount to very many. Take tractors, for instance, of which there were 12,713 sold in 1940, but only 8010 available for sale in 1944. While it is true that livestock equipment is increased, it will not meet the demand in view of changes in production.

Regarding repairs, the percentage available is good and some lines are plentiful, yet it is known that repair parts such as motors, rollers and ball bearings, malleable castings, steel discs and sharpes will be critical as regards supply for some time. It might be, we are told, a year and a half before this particular situation is eased.

There has been quite a change-over to livestock production and naturally this has resulted in a serious shortage of pumps, stationery engines, grinders, etc., despite the fact that there has been an increase in these items for 1944. It is important to know that 82 per cent of the aluminum we buy are from the United States. Farmers may better evaluate their prospects when they are also told and with unbalanced certainty, that tractor type and diesel equipment presents quite a different picture, with repair parts hard to get and little prospect of more than ordinary improvement.

In short, official data on available supply of farm machinery indicates that despite the increases set for 1944, and 1945 too, those years are considered as critical and should be so regarded by those on the production front, although every effort is being made to provide equipment to enable them to carry on in their maximum effort of producing an adequate food supply for the United Nations in the great struggle.

Local News

The meeting for January of the United Church W.M.S. will be at the home of Mrs. A. Whitelaw on Tuesday afternoon, Jan. 18, at 3 o'clock. The theme for discussion will be, "The Bible for all children."

Mr. Householder: The 1944 Jumbo' Motors' calendar is yours for the asking.

LAC. Bill Walker, R.C.A.F., of Abbotsford, B.C., after spending 21 days leave here, left Monday for Chemainus, Alta.

Mr. George E. Church, of Calgary, addressed a meeting of the U.F.A. at Partridge Hill Hall on Monday evening, January 10th. Following his address there was considerable discussion on relation to the A.F.U., on quota's, and other farm problems. Mr. Thorvaldson, of Edmonton spoke on Co-operative stores, and Mr. R. Hennig, who introduced Mr. Church, also spoke briefly. Another meeting of a different nature is being planned for early in February.

The annual meeting of the local branch of the Red Cross will be held in the Council Chambers on Tuesday, January 18th, at 8 p.m. A full attendance is requested.

Born to Mr. and Mrs. W. "Jimmie" Payne (nee Kathleen Weber) at the Calgary General Hospital on Friday, December 31, 1943—a son William David.

Under the supervision of their Sunday School superintendent, Mr. Chas. Lowe, children of the Community, are enjoying the thrill of bobsledding tonight (Wednesday). Packed like "sardines in a tin", the children are being conveyed over country roads on two ordinary farm sleighs, towed behind a tractor. This is what is called "Bob-sledding the modern way" or making way for the pioneer days.

It begins to look as if officers on the part of the Edmonton and District Co-operative Livestock Limited, and other interested organizations in regard to hog prices, are commencing to bear fruit. Mr Red MacCrimmon advised The Record today (Wednesday) that the Government was subsidizing the hog industry to the extent of paying a bonus of $2.00 for grade A bags, and $2.00 for B1 bags.

Mrs. Leslie Gordon returned over the week-end from a trip to the coast. While there, Mrs. Gordon attended the wedding of her brother, LAC. Orvis Robinson and Miss Mildred Herbert, of the R.C.A.F., (W.D.).

LAC. Jack McLean, R.C.A.F., of Abbotsford, B.C., after spending the holiday leave here, left Monday for Yukon, Alta.

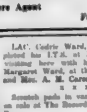
Scottish beds in various sizes, now on sale at The Record Office. 10c per

It was reported last week that Pte. Francis Etherton spent the holiday leave at his home. This should have read A.C.S. Francis Etherton.

Cpl. Alma Stanley, R.C.A.F. (W.D.), of No. 2 I.T.S. Regina, Saskatchewan, daughter of Mrs. M. Foster, of Brotherton, spent a recent "leave" at her home.



Cpl. Stanley joined the R.C.A.F. in Oct 1942, as a Clerk Accountant. She was among the first four girls to be sent to No. 2 I.T.S. at Regina. She received her promotion at Belton school, and Fort High in Sept.-Oct. Spring her school years she won diplomas in the district musical competitions.

L/Cpl. Arthur Hawkins, of Andrewsen is reported missing in action in Italy, recently. He is survived by his parents, Mr. and Mrs. R. Hansen, of Andrewsen. His wife resides in Edmonton, England.

Mr. Neil McEachern Passes Away

Partridge Hill district this week mourns the loss of another old-timer, Mr. Neil McEachern, aged 66 years, who passed away Monday, Jan. 10th, after a lengthy illness.

Mr. McEachern came west with a Perry Sound Colony about 50 years ago. In 1906, he took up a homestead in the Partridge Hill district where he has resided ever since. About the year 1909, he married Miss Anne Jane Gordon, daughter of Mr. and Mrs. Richard Gordon of Partridge Hill. Mrs. McEachern predeceased him in August 1935.

He is survived by six sons; Angus of Fort Saskatchewan, Pte. Howard, of the 49th Loyal Edmonton Regiment, taken prisoner of war in Sicily, now in camp in Germany, Gordon of Kelowna, B.C., Elmer of Fort Saskatchewan, John at Naseiana, B.C., Glen of Kelowna, B.C.; six daughters: Mrs. H. Brush of Newbrook, Alberta; Annie, Mrs. Herb. Whitson, Vidal, Janet and Lily, all of Kelowna, B.C.; two brothers, Gilbert of Fort Saskatchewan; Ernie of Edmonton; also 11 grandchildren.

Funeral services will be held on Friday afternoon at 2:30 o'clock at the First United Church. Rev. E. H. Pirdmall will officiate and interment will take place in the family plot in the Fort Saskatchewan cemetery.

Town Meeting Friday, Jan. 28

The annual meeting of the Town of Fort Saskatchewan will be held Friday, January 28, in the Council Chambers of the Town Hall, at 8 p.m.

Financial and other reports of interest to ratepayers will be given. The financial report of the Town is in the hands of the auditor and will appear in next week's issue.

Monday, Feb. 7th, is nomination day to fill the vacancies of Mayor and three Councillors. Two vacancies on the School Board must be filled at that time. Mrs. F. H. Walton and Mr. E. Boeque are the retiring members of the Board.

If an election is necessary, it will be held on Feb. 14th.

—V—

Whitemud News

Despite the fact that the Whitemud team was missing several players, a good hockey game was played against the Nuka team at Nuka on Sunday. Nuka led the game 3-1 till the last few minutes when the Whitemud boys made several brilliant plays and putting in 2 scores, tied the game 3-3.

Miss Thelma Ashby, a high-school student at Leduc was home for the week-end. She had with her as her guest, Miss Beryl Burroughs, who also attends Leduc Hi.

The skating rink at Bismarte is growing bigger every day, and by next Sunday, the kids are hoping to make good use of it. Now the hockey will get plenty of practice, so beware any team who dares to play Whitemud.

Whitemud's first dance of '44 was held on January 14, with Norman Brown's orchestra. A large crowd attended, convinced that Brown's music gets "hotter" each time.

Dennie Sorrell and Helen Hamelun were both home for the Week-end. Right now they are both employed in the city.

Gladys and Ronnie Bisnett had the following visitors on Sunday: Eigenor Hanulka, Maryon and Stanley Sarnecki and Ernest Sarnski.

Does anyone know what Leap Year means? Well—here's our definition for it—If you don't leap, you'll get hushed.

Mr. August Gelbert, of Alaska, spent the Sunitre moment at the home of Mr. Helmut Schleve, of Whitemud District.

East Edmonton District To Boost Sale War Savings Stamps

A lovely afternoon brought out many members and friends of the Willing Workers Club, when they met at the home of Mrs. George Briggs, on Wednesday, January 12, for their meeting.

A number of splendid and grateful letters have arrived from those in the forces from our district and from former members who are now far from home. All the Fort Record Pictures remembrances.

The coming entertainment for the sale of War Saving Stamps will take place in the East Edmonton Community Hall, Saturday evening, Jan. 22 has aroused much enthusiasm. Mr. A M Adamson is in charge of the evening's entertainment and members of the club will serve hot coffee and lunch under the supervision of Mrs. H. Barnes.

The Club was kindly invited to hold their February meeting on Wednesday 9th, at the home of Mrs. Ralph Briggs.

LAC. Wilbert Henkleman is spending leave with his parents Mr. and Mrs. Jake Henkleman. Wilbert was formerly stationed at High River and is leaving for Calgary next week.

Mrs. Stuart Hawkins left for her sister's home at Aspen Grove, B.C. She will spend two weeks visiting

Mrs. Owen's daughter, Mrs. H. Davies and husband and little daughter arrived Sunday night to spend a few days. Mrs. Davies and Doreene live in Vancouver and P.O. Davies is stationed at Boundary Bay.

LAC. Robert Gibson spent a forty hour leave at his parent's home

PO. Art Hoskins, R.C.A.F., was home on a ten-day furlough recently. He is stationed at Debert, N.S. Arthur used to go to school here and joined the airforce as soon as he was

FLASH—Lament School District was accepted Tuesday by the Lament School Division Board, to be incorporated into the division. This means, that if the Minister O.K.'s the plan, Lament Public School will be operated by the division in future.

Dog licenses are now due and payable at the office of the Sec.-Treas.

BRITISH TROOPS CROSS THE VOLTURNO RIVER: 15th TO HOME

The 15th Army crossed the Volturno on Oct. 19th, 1943. At a point six kilometres up the river from Castello Volturno a Field Company of the Royal Engineers made a "shore landing dock-craft". Reinforcements and carriers were then ferried across the Volturno at great speed. Ammunition, food and water followed

"You're In The Army NOW!"

Sgt.-Major I. B. Hopkins, of the new "S M" who is putting the boys through their paces. Incidentally since the local unit became a Company, as S.M. was assigned to the unit. Mr. Hopkins has taken up residence in the Williamson Block

Lieut. McKim, S.M. Hopkins and Sgt. S. Thorne spend Tuesday nights in the Hamlet of Bon Creek, where 23 enthusiastic men of the district are getting the rudiments of army training.

Capt. Dan. E. Campbell, of the 2nd Loyal Edmonton Regiment (R.), showed members of the local unit, how to read maps through the aid of motion pictures, at the Hall Monday night. Picture, with sound commentary, illustrated what the country looked like on the map. It also pointed out what to look for, when suddenly dumped down in unknown territory.

Members of the Unit thanked Capt. Campbell for his interesting pictures on a most valuable part of any army training.

—V—

Wye District News

Mr. and Mrs. Walter Kraemer are receiving congratulations on the birth of a daughter.

Mrs. Harry Stimpson has her father Mr. A. Morley, of Kendiing, visiting her.

We extend our sincere sympathy to Mrs. G. O'Neil, whose husband has been reported killed in action.

We have to take our hats off to Mrs. A. McKinnon, a former resident of Ardrossan, who has been knitting for the Red Cross. In the past year she has knit 39 pair of sox, 50 helmets as well as numerous other articles.

We are sorry to hear that Mrs. F. Davidson is a patient in the Royal Alex hospital and wish her a speedy recovery.

A pleasant afternoon was spent at the home of Mrs. T. Louders, when a number of friends gathered to honor Mr. and Mrs. Fred Louders. A gift of silverware was presented by little Angus Matheson.

The annual meeting of the Town of Fort Saskatchewan will be held in the Council Chamber, Town Hall, on January 28, at 8 p.m. Financial and other reports will be given.

Congregational Supper At Partridge Hill Enjoyed By Members

The W.A. and W.M.S. met on Thursday, January 6th, at the home of Mrs. W. Attawell. Reports for 1943 were presented, and showed a year of less activity than usual, but the membership had been maintained and finances were in a favorable condition.

On Tuesday evening, Jan. 11th, at 7 o'clock, around thirty members of the congregation of the United Church gathered at the church for a congregational supper which was greatly enjoyed, after which the annual meeting was held with Rev. E. Birdsall presiding. Reports showed work in a favorable position.

Mrs. Amos Osbaldeston and Messrs W. Alten and Vird Lawrence were elected to the Board of Stewards. Mr. W. Alten was re-elected Supt. of Sunday School.

Mr. and Mrs. Wm. Gillison returned Thursday from Vancouver, where they had visited Cpl. and Mrs. Ralph Pocock and family for the past

Good Hope Happy Gang Elect Officers

The Happy Gang held their annual meeting on Tuesday, January 18th. Mush bushmen was finished up to start the new year.

The following officers were elected: President, Gordon Miller,

Vic.-Pres., Hilda Meyer,

Secretary, Robert Todd,

Treasurer, Milton Meyer,

Flower Committee, Lorraine Frey.

Eight members paid their membership fees and four new members.

The next meeting will be held at the home of Mrs. E. Meyer on Thursday evening, Jan. 27th.

Wayne Gobert, son of Mr. and Mrs. Adolf Gobert is suffering with pneumonia in the Lamont hospital

Home Comfort Fund Get Cheque for $125 From R. Lonker

At a recent meeting of the Fort Women's Institute, a cheque for $125.00 was received from Mr Harry Lonker. This sum represents the commissions earned from the sale of bonds in the 6th Victory Loan Drive This makes the third time that Mr Lonker has contributed his total commission towards the Home Comfort Fund, sponsored by the Women's Institute. The above sums will be ear-marked as follows: $100.00 for Home Comforts, and $25.00 for Dirty Bags.

It takes considerable money to keep the ever-growing list of parcels going out to our young men and ladies in the services. Mr Lonker's contribution towards these projects, is an immense help, and is greatly appreciated by the committee in charge of the Home Comforts Fund. He is doing a double share of speeding the Victory, and with the co-operation of all Fort residents, the Women's Institute shall be in a good position to continue to send parcels to our young men and women overseas.

Use has only to read letters like the one received from Sgt. Grant Ford in this week's issue, to get a pretty fair picture of what parcels from the Home Comforts committee means to these boys over there.

—V—

Salisbury District Plan Cradle Roll

Salisbury ladies' aid held a very enjoyable meeting on Jan. 13th, at the home of Mrs. Ed Chiswell. Mrs. Stanley Scott and Mrs. Scott were present at the meeting.

A pleasure of the meeting was a treat of almonds from Italy.

Salisbury district has planned a "cradle roll" for all children of the district. Children from time of birth until school age will be included. At present 21 names are on the roll.

Salisbury hockey team won their game against Lennox by a score of 10 to 4. Keep it up boys.

Mr. and Mrs. Dick Egbert have their twin granddaughters staying with them for a visit.

Mr Ordne suffering from heart trouble. Mr. Oxley is also on the sick list. Their many friends hope for a speedy recovery of these two gentlemen.

Don Moorehouse, Wireless Airgunner, nephew of Mr. and Mrs. Hoeford, is on his way overseas.

Tpr. Cyril and Jessie Chambers, children of Mrs. Amy C. Bamard, have arrived safely in Italy.

Mr. and Mrs. Wm. Hosford, had their daughter and son-in-law visiting them over the festive season.

Bob Hulbert and his mother are visiting a few days at Barrhead.

P.O. Dick Kipkin has been moved to Ancienne-Lorette, Quebec.

January 19th was George Stannard's birthday. Salisbury district friends wish him many happy returns.

West Salisbury hockey team defeated Lennox, at Mitchell rink Jan. 16th, by a score of 12 to 2.

4 Steps to Future Security

Provide for the future with War Savings Certificates.

Pay all debts and avoid making new ones.

Buy only what you need. Make what you have last longer.

Pay willingly any taxes that your country needs.

THE cost of waging a modern war is tremendous . . . but the cost to us here at home, in dollars and cents, is insignificant and cheap when compared with the sacrifices our fighting men are making on the Battlefronts. DON'T LET OUR BOYS DOWN! Study and follow the above suggestions and do your part to speed victory and build security for yourself in later years.

ONE OF A SERIES INSERTED BY THE MAKERS OF

CALGARY Ginger Ale

Scarce now, but yours in abundance when we have finished the business now in hand . . . . . .

Mobilization Regulations Require Employers to Check Male Employees

Hon Humphrey Mitchell Minister of Labour announces that recently an order of Council was passed, authorizing the Minister of Labour to make an order which will require all employers of male workers to examine the standing of employees of military call-up age, or under age that they have complied with National Selective Service Mobilization Regulations.

The terms employer" will include Dominion, Provincial and Municipal Governments as well as all private businesses, and also include farmers, even where the employer is a son or other relative of the farmer.

The order of the Minister provided for under the Order in Council will, it is anticipated, be issued in the course of a few weeks when the necessary arrangements have been completed to assist employers in making the necessary inquiries. The order will set forth the duties between which employers are to check with their employees.

It is the hope that through this survey any man who may be delinquent in regard to the military call-up, will be located, and any such cases may be dealt with.

The Labour Minister points out that through the survey any man whom no action on the part of employers is necessary until the formal order is issued although male employees should in the meantime provide themselves with copies of any documents they need to provide that they have not failed to comply with Mobilization Regulations. A warning in this regard was issued by the Department of Labour some time ago to male persons in employment

It's been moving time for the Ottawa headquarters staff of the Commonwealth Branch, with the entire staff moving into the Pedmore Building and the Greater, Byron Hope Boulders, into an office in the new temporary building erected for the Wartime Prices and Trade Board just across from the Chateau Laurier hotel on Sussex street. It's how years since the Branch came into existence. During that time 13,000 Canadian women have enlisted as active efforts, while other hundreds of thousands have waged relentless war against higher prices. Housing regulations spawned under this Branch's supervision found homes for over 60,000 Canadians, and cheer to a thousand women sit on Local Rentals Boards.

* * *

Some 4,527 members of the armed forces discharged from service were placed in employment by Selective Service in November, the total since April 1942 being 70,898, the Pensions' department reports. In the same period 62,000 veterans of the First Great War got the same service. There were not all permanent jobs, of course, but hundreds considered and placed jobs. Another interesting angle about the same subject is that unemployment assistance to ex-service men totalled 70 cents per head of the armed forces discharged from service, while other hundreds of thousands have waged relentless war against higher prices. Housing regulations spawned under this Branch's supervision found homes for over 60,000 Canadians, and cheer to a thousand women sit on Local Rentals Boards.

The war over 1 to 1944? That would mean fighting through and quite Germany adjacent some . . . . Average Ottawan did go short of books. The Dominion Bureau of Statistics says we would have 1,000,000,000 pages less of all in Canada in 1943 available for shipment. The agricultural conference in Ottawa in December recommended to wheat acreage cuts for Canada in 1944, regarding coarse grains, all bearing seeds, peas, beans and corn are more urgent, also suggested a higher proportion of land in Western Canada to be summer fallowed which would be on count of circumstances warranted increase in wheat acreage was in 1940 with 26,- 736,000 acres, but in 1941 it dropped to 17,445,000 acres the objective set for this year.

* * *

Do you know that the war explains you to you and me only known to the RNC, (Research Department Explosive) was developed by five Canadian scientists, and that it may increase greatly the striking power of the United Nations?

Minister Reserves Are Lacking

No one can foresee the future. Confident forecasts often turn out to be wrong. In spite of this, however, farmers have to base their farming operations in the most intelligent forecasts they can make.

This coming crop will start out with less reserves of moisture than our prairies have had for many years past for the reason that, with the exception of a few favoured areas, the fall rainfall which will be available for the coming crop was considerably lower than average. This means that if an average yield is to be obtained in 1944 crops must have better than average rains will have to come during this coming summer.

Then there is another point. We have already had two good crops running, and only conscientiously in the last 30 years have this position produced three average crops in succession. This all means that the odds are against two average crops being produced from need acres on stubble land this coming year. It looks, therefore, as if this would be a good year to accumulate additional moisture and to kill weeds on such fields. However, each farmer must use his own discretion after the rain that fall last fall in his area.

Josephburg Rink Now in Use

Out of the Past

Wednesday, January 21, 1931
The Record Files

The rink is in spite of warm weather, and cold this year, persistence has won out. That stanuch ally, Rudolph Rippel, left his farm to take care of Rosiff, who he hauled the tanks of water with his tractor from a near-by slough. A few good weigh bees gave their time, but for the most part the senior boys carried it through. Congratulations to them and may their efforts be rewarded with smooth travelling.

N E S

The Josephburg Red Cross turned out in force on Wednesday when Mrs. Kreiger made the parsonage available for the meeting. Considerable business was transacted, among of which the planning of a night's entertainment and bazaar was perhaps the major item. Details of the above will appear in this paper later. The evening was rounded out by various performances and a dainty lunch

N E S

Mary had a little lamb
It's fleece was white as snow
It lashed so like a rabbit that
It didn't stand a show.

Poor Mary's eyes, they filled with tears
Her heart it broke from woe.
Next time she had a little lamb
It won't be white as snow.

N E S

Hockey is the talk of the day. Three local teams have been formed, Leonard Hehr explains a group drawn from Josephburg area: Adolph Gobert one from the Mansfield district and Arnold Frey whose boys come from round his home. Brudenheim will be a worthy opponent of all three. The idea at present is that the local leaguers all play against one another each Sunday afternoon. All three teams were on the Mansfield ice yesterday and the Josephburg and Mansfield teams proved victors. It looks as though the contest would be exhilarating.

Fort hockey team defeated Bruderheim 3 1 to win the McQueen cup.

St George's Church held their annual meeting Mrs Chas. Magee was the recipient of a life membership in the Women's Auxiliary. Rev. Reed made the presentation.

United Church Ladies' Aid held a successful skating carnival About 80 persons were in attendance.

[illegible] Lodge for 1931.

At the Partridge Hill U F A and U F W A meeting, Dyr. R H Mason of the Fort, spoke on "The Fat of the Foodstuff."

AMONG THE AUCTIONEERS

Pioneer Auctioneer

SMITH OF EDMONTON

One of the unsung's of the Auctioneers' Association of Alberta, Clyde S. Smith of Edmonton has rolled up a total of two thousand auction sales in thirty-three years of the business—not counting the ones he has assisted at, which he figures should be around seventy-five at least

An ardent sportsman, baseball, curling and shooting hold his interest but he is always ready to help out or take part in anything that furthers sport in the Northern metropolis

As well as auctioneering he has duties used machinery in a big way, recently moving to more spacious quarters to accomodate his growing business. Auctioneering, however, has become so much a part of his life that when asked "What is the most unusual sale you ever held?", Clyde merely replied, "They all look the same to me."

He was one of the main reasons why over Thirteen Thousand Dollars was rolled up for the Kinsmen Club Relay at Edmonton and over Four Thousand at Calgary. He has also raised $450.00 for charitable purposes at sales which he has conducted himself.

Prisoner of War

Pte. Sgt. Robert Omer Williston, son of Mr and Mrs. A. A Williston, of Fort Saskatchewan, reported missing after air operations over-seas last July, now reported a prisoner of war He was on his 25th sortie over enemy territory when his plane went missing and he was taken prisoner Enlisting with the R.C.A.F. in July, 1941, he was graduated as an observer at Belleville, Ont. Two brothers also are in war service. Bud, with the R.C.N. V.R., and Leroy, with the R.C.A. overseas

YPRES VALLEY NEWS

Last Wednesday Evening a monthly whist drive of the Home Comforts Fund was held at Ypres Valley School. Ladies' first was won by Mrs. W. Powell, consolation by Mrs. M. Olsen, Men's first went to Mrs. Fred Davis and consolation to Jim Woods. Mrs. Hately, secretary of the Home Comfort Fund, read several interesting letters from boys and girls who are in the services, each acknowledging parcels sent to them.

N E S

We are glad to hear that Mrs. Bill Gunn came home from an Edmonton hospital over the week-end.

N E S

Mr. and Mrs. Everett Reynolds are receiving congratulations on the birth of a daughter.

N E S

We hope that Mr. Jack Shears Jr. is on the road to recovery after suffering from an attack of quinsy.

Mr. and Mrs. Kenneth Horton are receiving congratulations on the birth of a daughter.

N E S

A number of residents from Ardrossan and Brookville district got a thrill on the night of Jan. 6, while listening to a news roundup over the radio, when Mathew Halton, speaking from Ortona, Italy, mentioned seeing Sgt. Sam Halsby who had left his Avon gun carrier to become a sniper. He told of seeing Sam break his rifle over the head of a German, then, picking up the German gun, continued his fight, and now carries a German rifle. Sam's home is in the Brookville district. He enlisted in Sept. 1939. His brother Tom is a tank driver with the Lord Strathcona 4th Armored Regiment. Jim, the younger brother, is in the R.C.A.F. training for a pilot.

N E S

Walter Nazarek left, on Tuesday, for Calgary to enlist.

A party was held at the home of Mr. and Mrs. Nazarek, in Brookville to honor their son, Edward, who was home on leave from Camp Borden. He was presented with a wrist watch and a purse of money.

Fultonvale Club Elect Mrs. L. Holland, Pres.

The Ladies' Aid of Goodwill Club held their annual meeting at the home of Mrs. James Lynn The newly elected officers for 1944 are as follows, President, Mrs. L. Holland. Secretary, Mrs. John Lang. Treasurer, Mrs. Chas. White. Social Convener, Mrs. Geo. Gentry. Food Convener, Mrs. F. Williams.

N E S

Mr and Mrs. Dan Nelson are now at home on their farm in Leduc district. Mrs Bolton is the former Edith Miller youngest daughter of Mr. and Mrs. H. P Miller

N E S

Sgt. Bert Regan is reported ill with 'flu in an eastern hospital. Speedy recovery, Bert!

N E S

1944 will see a great change around Fultonvale. Mr. and Mrs. James McMillan have sold their place and will shortly move to Edmonton. Mr. H. F Miller has sold his Fultonvale place to Mr. Frederic, of Vimy. Mr. and Mrs. Miller will leave to reside in Edmonton, around the first of March, and Mr. Dan. Miller will be farming at Ardrossan.

N E S

The Fultonvale district will miss the oldtimers and join in wishing good luck to them in their new home.

N E S

Pete Harold Southern spent a short leave in the district visiting his family and friends. Harold is looking A1, and we wish him good luck to come.

N E S

Mr. and Mrs. Percy Lynn, of New Westminster, B.C., wish to announce the engagement of their only daughter, Margaret, to Mr. Chester Geary, son of Mrs. John Geary and the late Mr. Geary, of Fultonvale.

N E S

The Young People's Group of Fultonvale Church gave a fine Christmas fire-side program on December 26. Duets, solos and quartettes were rendered by members. "Silent Night" was sung by the group with Miss Delia Drader taking the solo. The juniors gave many fine recitations. This program was greatly enjoyed by those who attended.

The Goodwill Club are sponsoring a community party on January 27, in the evening, at the community hall. This get together is for our Fultonvale friends to enjoy a real old fashioned get together and good time so be sure to turn out in force.

Local News

Trapping caption on the farm of his brother, eight miles north-east of Fort Saskatchewan, Leonard Thorne, caught a large gray wolf last Thursday morning. Caught by the toes of the right front foot this animal had dragged the trap, which was attached to a log, about a mile. A 22-bullet soon put an end to Mr. Wolf, and Leonard will collect on the hide and a bounty paid by the Provincial Government.

A shower of interest to the Bolton district was held at the home of Miss Gladys Wilkinson, in honor of Mrs. Leonard Knope, (nee Lydia Bakoff), who was married New Year's Eve. After spending a pleasant time at cards, bingo and contests, the newlyweds opened the many lovely presents from their friends. Delightful refreshments served by the hostess brought a most pleasant evening to a close.

All types of salvage are required, however special effort is being placed on paper salvage.

R. Cushing, engineer at the Provincial Gaol, displayed a brown butterfly crossed here Tuesday, which had been found around the power house.

Another evidence of Spring Alberta weather in the middle of January.

Messrs. Fred Stelter and Ed. Mesnitzky, of Lamont, were visitors at The Record office, Wednesday. Mr. Stelter is returning officer for the new enlarged M.D. of Lamont, and Mr. Mesnitzky of Councillor will take place February 22nd.

Word has been received here of the safe arrival overseas of Spr. H. A. Flintoff. He reports that he is really enjoying what he has seen of the country.

The Red Cross group of Clover Bar wish to thank our retiring convenor, Mrs. S. Finlay for the splendid effort towards the Red Cross work here. No doubt our new convenor, Mrs. W. Davis will likewise make a wonderful success.

Lutzer to the W.I. From Men in the Forces

The Women's Institute,
Fort Saskatchewan, Alberta.

My Dear Ladies:

To-day, I received your most welcome parcel. It was very much appreciated, and I thank you one and all for your kindness. I haven't had the pleasure of meeting you in person but I hope that when this war is over, I'll be able to do so. I'm looking forward to the time when I can have my first glimpse of "Fort Sask." Mother has told me a lot about it and the people and she seems more than pleased with both. So I am sure I will enjoy being with you and being one of the members of the town. I've been wondering how the selections of rations were handled, you must have known that I used to take frequent trips to the pantry when I was a boy, and came out with two hands full of raisins.

It was a constant game between mother and I. She could hide them in a different place each time but I guess my sixth sense found them, so I never had much trouble in locating the prize.

At the present moment my close and I are preparing ourselves for a hare and coursing going. Toast and cheese with hot chocolate as the beverage. (Your parcel taking it to-night.)

I have gotten rather accustomed to England, I have seen many things during the 4½ I've been over here. The hope of seeing

Whitemud Pioneer Celebrates 80th Birthday

On New Years' Day, Mr. and Mrs. Ludwig Miller of Whitemud District celebrated their 50th wedding anniversary at the home of their daughter, Mr. and Mrs. Ted Hutter. The family and their many friends, who came to extend good wishes to the bride and groom of fifty years, enjoyed a reunion supper.

Their neighbors and friends in the Whitemud district joined to Mr. and Mrs. Miller heartiest congratulations and wish them many years of wedded bliss.

* * *

Mr. James Grove, a pioneer of the Whitemud District, celebrated his 80th birthday recently. For over 20 years he is taken a keen interest in community life., having served on the seal school board for many years. A surprise party in his honor was held on Thursday, January 20th, at which members of the family and friends attended.

After a delightful lunch served by the ladies, Mr. Grove was the recipient of many useful gifts, which showed the esteem in which this old timer of Whitemud was held by his friends. Mr. Grove thanked all for their kindness and thoughtfulness.

His many friends and relatives wish Mr. Grove many more "happy birthdays" to come.

Josephburg Couple Celebrate "Crystal" Wedding Anniversary

Many well-wishers gathered at the home of Mr. and Mrs. George Gosselin to congratulate them upon their fifteenth wedding anniversary. A very pleasant evening followed by a dainty lunch was enjoyed by the guests.

* * *

On Saturday evening at a simple ceremony at Holy Trinity Church in Edmonton, Rev Winston Mainby solemnized the marriage of Beverley Florence, daughter of Mr. and Mrs. Percy of Josephburg to Flying-Officer Ronald Jack Lamb, son of Mr. and Mrs. B. Lamb of Birmingham, England.

Given away by her father, the bride wore ivory satin with floor length veil and carried a bouquet of red roses.

She was attended by her sister, Miss Aileen Percy, who in at present recruiting her evening vacation at Vancouver Island. She wore a pale pink gown and carried a bouquet of pink carnations.

The bridegroom's best man, a brother-officer at Penhold, had left for Overseas, and in his absence, Mr. Percy accompanied the bride.

Miss Cross Hoppe from the University Hospital sang Grenod's "Ave Maria" during the signing of the register.

An informal reception for some twenty guests was held at the Old Log Tea Room, where Mrs. R. Percy and Miss Peggy Lorimer assisted in the serving of a buffet lunch.

P.O. and Mrs. Lamb left for a honeymoon at Banff, after which they will make a temporary home at Red Deer.

The bride was a member of the 1941 graduating class at the University Hospital.

* * *

The girls of Josephburg school in conjunction with Miss Muir, the teacher of the Junior Room tendered Beverley Percy a surprise visit at her home and presented her with a lovely gift from fellow students.

A WEEKLY EDITOR LOOKS AT Ottawa

Editor weekly for the weekly newspapers of Canada

Around the Capital: Canada's per capita contribution to the United Nations war requirements has been estimated by the government statistician at $474. This compares with a per capita load-lease contribution in the United States of $141 . . . Experiments carried on by the National Research Council on a new hotsetting plastic glue process for use in making laminated wood and fastening all types of wooden joints are meeting with success . . . The R.C.A.F. has asked people to report crashing and low flying pilots.

* * *

You've all heard, of course, that the Canadian government will be paying Canadian hog producers a premium on quality hogs, $2 for Grade A selects and $2 on hogs $1 Reasons are to maintain hog production, adjusting negotiation of a 4-year contract with Great Britain and to show she can depend on Canada for quality hogs year in year. We know our farmers last year marketed through inspected packing plants 2,000,000 more hogs for every five they sold before the war, a total of 7,167,844, and that's 120 per cent over 1926 marketings. The new provisions accounted for most of the increased production—marketings last year being three and a half times that of 1939.

* * *

This country's coal shortage has fallen worried about last May but the outlook has improved. Canadian coal production and farmers in 3,136 workers from June to the end of November. The program to increase production returned in the mines practically every physically fit coalminer. Total employment at all mines at the end of November was 37,000. Mines in the Maritimes got 1,100 of the added miners, the prairies 1,600 and British Columbia 100.

* * *

A study was made of meat used by 1,000 families in Saint John, N.B., Montreal and Vancouver. It was found that the cost of meat consumed in 1943 was 10 per cent of the total food bill in Saint John, 27 per cent in Montreal, and 15 per cent in Vancouver. On the average meat was used more frequently in the 37 to 47 per cent of these families in the three cities. About 60 per cent of those interviewed in Saint John, for instance, thought meat could be used three times per day without injury. In Montreal 38 per cent of those interviewed were of the opinion that pork was injurious to health and in Saint John only 12 per cent held this opinion. Ninety-two per cent of the housewives in Vancouver thought meat was as beneficial as other foods.

* * *

Here and there: Because there will be heavier emphasis with a second front, Red Cross Blood Donor Service across Canada must tap again step-up its 1943 total of 1,000 donations of blood weekly; let's all do our part . . . . Leftover it or not but the overcoat season of the last winter was 25 per cent greater in 1943 than in 1942 . . . . Between August 1 and December 31, 1943 a total of 1,863,547, 321 bushels of Canadian grain was moved by water from the Head of the Lakes.

* * *

There is not likely to be any wholesale hog slaughter this year because of the decision that no basis for carcasses and freighter are not allotted and it is thought the yards have enough work to keep them going through 1944. Linking of the submarine menace is now being felt. Our wartime ship building programme goes week to nearly 20,000 tons and means to fit major yards and 40 smaller ones. In four years of war more than 800 naval vessels have been launched. A grand record.

* * *

Hay crops will be hard to get, the Department of Agriculture says, more being required this year than again soon. ever so the egg objective is 367,000,000 dozen, 23 million more than in 1943. Return the cases undamaged to the urgent advice.

Squibs

Great Fortunes

B. J. Deschenes, special correspondent in Ottawa for a large number of papers across the dominion, submitted the following items for our readers: The idea, was to have reply sent to The Record These items could be very interesting and should provide excellent reading in future issues of the paper.

Here is an opportunity to let off that steam you have bottled up inside of you on this question.

"Edward S. Harkness, New York financier and philanthropist, left a net estate of $95,514,387, taxes will take $87,400,000. Harkness, during his lifetime distributed $117,741,101 in 384 gifts to approximately 700 institutions."

I don't know Harkness, never heard of him before but, on this item, I want to raise a question. Let's assume first that he made his money in honest legitimate business, that it grew out of industry, as the fortune of Henry Ford has done, and that it hasn't he contributed much to the welfare of humanity, isn't the world very richer because of his life and effort?

"But why, in him, so much, to me, so little?" That has nothing to do with it. The real question is: "Would you have had more if this man had never lived or if he had died in poverty?" Answer that.

No, I don't want to live in a land of millionaires and paupers—if the millionaires are responsible for the paupers, but I have no objection to them if they contribute to the wealth of the nation. Personally I would rather win the Victoria Cross than accumulate a Harkness fortune. Still more would I prefer to develop some thing such as the jet engine and the new plane or a farm implement which would lift the burdens of the farmer. But I return to my question: Is the world poorer or richer because of this man's accumulation of wealth?

So I put it up to the weekly editors: Is the world richer or poorer since there is a world of wisdom. Who can state the case most clearly and in the most convincing fashion? Send your answer to The Record.

Good News

Somehow ye editor read the newsprint quota allotted to The Record wrong. Instead of being cut down as what we thought would mean 48 issues this year, The Record will be able to publish the same size paper an last year—or more size on the issue.

This will enable us to provide a paper that is worthy of the district we serve.

Therefore, correspondents need not fear having their news held over due to lack of space—providing always that the copy arrives in time for the current weeks' publication.

Therefore, correspondents need not fear having their news held over due to lack of space—providing always that the copy arrives in time for the current weeks' publication.

Freedom of Speech

In one of the Provinces which we are fighting for. We have this freedom in Canada. Are you, as citizens of Fort Saskatchewan going to exercise it? Tonight is the anniversary of the Fraser night. That is the day of the annual meeting of the Town—your town!

The Town Council, a group of men like yourself, spend many nights per year, looking after the business of your town. They do this to the best of their ability at no remuneration. It is therefore only right that you a citizen of the town, should spend at least one night a year to hear the reports from this body of men.

No doubt many things the Councillors do during the course of a year, does not meet with your approval. That is why an annual meeting is held each year. It gives the ratepayer an opportunity to get little things off their chests. Criticize if you may, but let it be constructive criticism.

As it Should Be

G.W.G. this week used Alberta weeklies to bring before rural readers their new radio feature. Men in the bush and on the farms know G.W.G. as a maker of good quality work clothes. Therefore, when this great Canadian Company embarks on an institutional campaign, they have solicited the service of a medium that reaches the buyers of their product —Alberta Weeklies.

The Record Files

Out of the Past

Wednesday, January 26, 1921

An over heated stove destroyed 10 acts of barnum valued at almost $600 in the barnum shop of Mr. Percival Goal. The building was completely destroyed.

The United Church reports a good year at the Annual meeting. Messrs. S. O. Jones, W. J. Lane, George Bester, and Dr. R. H. Hesson were elected to the Board of Stewards. R. A. S. O'Brien was elected to fill a vacancy on the Trustees Board.

Josephburg citizens honor Mr. and Mrs. Phillip Hipple, on the eve of their departure from the district.

Fort and Lamont coolers, in a friendly game, drew a 30-30 break on games.

Ypres Valley Community Society was organized recently. Hon. Pres., Rev. E. J. Hedgins, President, Carl Dietrich, Vice-Pres., L. Adams, Sec-Treas., Miss Bessie Cross.

A Global War—A Global Peace

We have all been told this is a Global War We have only to glance at a globe of the world and to note the many areas in the world where fighting is taking place to realize that this term Global War is correct.

This Global War, however, I for one suggest will certainly require a Global Peace if we are to have any assurance that another depression will not occur as those praises, and that World War number three will not break out in a few years A Global Peace means simply that the fruits of the earth, the foodstuffs, minerals and other products of Nature deposited in different parts of the World will have to be made available on reasonable terms to all mankind.

This decidedly will require something approaching International Free Trade, a tearing down of existing high Canadian tariffs; all on the Atlantic Charter requires. Yet obviously we hear of a campaign to maintain existing Canadian trade-strangling evil tariffs and quotas which for years have prohibited foreign goods coming into our country There is but one way to offset this "nationalistic" campaign, which is for everyone who believes in the freedom of trade to make his views heard, for groups to pass resolutions and to forward them to Ottawa, and for individuals to write their respective Members of Parliament

ST. GEORGE'S CHURCH
Sunday, January 30th.
Evening Service 7.30 p.m.

The Ven. S. F. Tredgold, B.A., D.D., will be in charge of the service.

The congregation of St. George's will be given an opportunity Sunday evening to co-operate with the united appeal by Canadian churches for service and material relief in China and India, by giving generously to the open collection.

Annual meeting will be held in the church after the service.

Local News

Public meeting will be held in the Partridge Hill Hall Saturday, Jan. 29th, at 8 o'clock. Guest speaker from the A.F.U. convention. Everybody welcome.

The Town Clerk's report which was to have been published in this issue, has been delayed by the auditor. Therefore, the report will appear in next week's issue.

A full report will be on hand for the annual Friday night.

The W.A. of United Church will meet at the home of Mrs. Guy Arrowsmith, Wednesday, Feb. 2nd, at 3 o'clock.

St. George's W.A. will meet at the home of Mrs. H. Hooton, Tuesday afternoon, Feb. 1st, at 3 o'clock.

Word has been received by Mrs. L. Chouinard, of Fort Saskatchewan of the safe arrival overseas of her son, Gunner Wenman Paul Chouinard.

Pte. Bill Hurlbut spent a 6-day leave with his mother, Mrs. Hurlbut, of Drumheller. Calgary, where he will take another step in army training.

Owing to there being only two members, it has been decided not to make up a new club. A new shop will be appointed and a new draw made to make 10 rinks for the two hamper prizes which comes after the present draw is completed.

All members are requested to attend a special meeting at the curling rink Thursday evening next, Feb. 1st at 7 o'clock. The reason for the early time is that a draw will be made and two games played after the meeting.

W. W. Gist, H.M.C.S., has been transferred from Esquimalt to Winnipeg, where he continues his course on wireless telegraphy. He received an attendance at North Clover Bar and Fort High School.

A letter from Signalman King the week previous of a visit to London for New Year's where he met by chance Alex of Utah, Corey Pierson's cousin, and former father at the Royal Bank here four years ago.

Correspondents are urged to include their names on the bottom of all letters left in to the Record.

Cpl. J. J. Moore, of MacDonald, Manitoba, spent a 7-days day leave at his home here.

Local Boy Scouts Re-organize Troop

The Local Boy Scouts Association which has been organizing since last fall got away to a good start this week when Field Commissioner Francis J. Jones of Edmonton made his official visit to the Troop under Scoutmaster R. Hendrie. Moving pictures of Boy Scouts at Calgary and High River were shown to the boys and were followed with a Scout talk to the boys. The local Troop now has 30 boys on the roll and they are taking their work seriously.

The local committee consists of J. D. Graf, Chairman, F. H. Walton, W. A. Graham, S. W. Hooper and A. R. Ring, Secretary.

Weddings

WEST—BARLEY

At the home of her parents, Friday, January 14, Lois Hester, daughter of Mr. C. A. Barley of Fort Saskatchewan, was married to L.AC Thomas Emmett West, R.C.A.F., son of Mr. and Mrs. E. M. West of Coldbrook, N.S. Rev. E. H. Hobbs of Fort Saskatchewan officiated.

Given away by her father, the bride wore a street length dress of beige wool, matching hat with shoulder length veil and corsage of red roses.

Miss Edith Bradley, sister of the bride, was bridesmaid. She wore a two-piece street-length dress of tan-blue wool crepe with brown accessories and a corsage of red roses.

Attending the groom was Sgt. Gilmore F. O. Jones, of Calgary.

After the wedding ceremony a buffet lunch was served to 50 guests, many of whom came from Fort Saskatchewan, Edmonton, Clover Bar, Victoria and Meadow Lake, Sask., to attend the wedding.

The bride's mother poured tea. Assisting were Mrs. H. C. Harper, Mrs. R. L. Cooney, Mrs. Margaret Brown and Miss Ida Fawcett.

The bride cut the wedding cake at a table laid in bed, tall tapers and pink and white carnations. Mrs. Harper call proposed the toast to the bride. The young couple will leave shortly for Coldbrook, N.S.

JOHNSON—FORBES

Marriage of Madeline Fergus of Clover Bar, daughter of Mrs. Julia Fergus and the late Mr. F. Fergus, of Chipman, N.B., to Mr. Ralph Johnson, son of Mrs. Johnson of Mr. Frederick W. Johnson and the late Mrs. Johnson, of Clover Bar, took place in Bethany Hall on Wednesday afternoon.

The bride wore a navy-blue suit with white accessories with a corsage of Talisman roses.

Miss Doris Barry played the wedding music.

The ceremony was held after the ceremony at the Royal George hotel.

The couple left Wednesday for Calgary and Banff. They will be guests of Sgt.-Major and Mrs. John Hudson.

They will make their home in Clover Bar.

TUNNELL—McLEAN

Mr. Wilfred Tunnell, R. M. 22 Reid, Alberta, announces the marriage of his youngest daughter Vivia Jean Maclean to Sgt. C. R. Tunnell, R.C.A.F., only son of Mr. and Mrs. H. C. Tunnell, of Canada Salina, Texas. The wedding took place in January 3rd, in Fort Worth, Texas.

School Flashes

The outcome of the game between the Fort High School and Lamont turned out in Lamont's favor. The score was 4-2. The game was put on a very good show, and gave Lamont a game to remember. Indeed it was a game to remember for the Fort boys as they were defeated by Lamont and will meet Lamont and Chipman in the very near future, and with a little more practice we are confident in winning.

Scout League Games Wednesday night was in favor of Lamont 4-2. Monday was by St. Sakowitch's team 5-2.

An election was held Friday, Jan. 21, for the offices of Vice-President and Assistant Editor. Richard Lamont was elected Vice-President and Ed. Lawrence, assistant editor.

In the School Spelling Competition a total of $22.50 has been collected to date. The amount saved per grade is as follows:

Grades 1 and 2, $2.60, Grades 3 Grades 7 and 8, $7.80, Grade 9, $12. 10, Grade 10, $6.75, Grade 11, $6.75, and 4, $22.70, Grades 5 and 6, $12.97, Grade 12, $2.50. Total, $90.65.

Navy Officer: "You can follow your regular trade in the navy."

Recruit: "But I used to be a navvy."

Navy Officer: "So what? You can be a cook and ride the range in the galley!"

Salvage Pick-up Saturday, Jan. 29

Salvage pick-up will be made Saturday morning, January 29th. All types of salvage with a special effort for scrap paper.

CHIEF ENGINEER

L. J. Marshall, chief engineer at station CBK, Watrous (540 kc.) looks over some of the materials in CBK's storehouse of spare parts. The CBC's prairie regional transmitter, broadcasting on a clear channel with 50,000 watts, is western Canada's most powerful station.

Commencing February 1st, C.W.C. will present a new daily feature that promises to be a real treat to wee-tiny music fans. At 12:15 noon, Monday thru' Friday, this fifteen minute show will offer a variety of popular and "old-favorites" tunes in the vocal form. Make a note of that starting date, February 1st, at 12.15 noon, for the new C.W.C. show.

"Listenatime"—the name to lend supreme musical entertainment as heard over the air—and try some of our other features scheduled to start over C.J.C.J. January 31st. Listenatime will replace the popular Lombardo Letters, Lipton Tea Musicale; and will certainly prove equally as popular if increased letters of letter praise are any indication. This new presentation will come to you Monday thru' Friday at 3:30 p.m.

Mrs. V. S. Lawrence Heads War Service Guild

At a recent meeting of Partridge Hill War Services Guild, held on January 19th, the annual report was submitted.

Receipts	$126.55
Expenses	15.50
Balance	$ 69.75

During the past year the Guild completed 13 pairs boys' socks, 2 balaclava helmets, 1 scarf, 6 baby quilts, 2 shoulder protectors, 1 boys' sweater, 14 pairs socks, 1 quilt.

Election of officers for 1944 were as follows:

President, Mrs. V. S. Lawrence.
Vice-Pres., Mrs. G. Oshoklotter.
Sec.-Treas., Mrs. Arrowsmith.
Sec., Mrs. Henry Smith.
Supply Sec. Mrs. J. Gordon.
The Guild during the year, kept in contact with the boys in the armed forces here and overseas with the result that most sent out, 17 boys from the district are being looked after.

"Seems says Private Brown does lunch line in Farmer Smith's last week."

"Line-in her! Did Brown does feel pleased?"

"Pleased. Do private me do one to feel pleased. He hadn't taken how he does hotch Brown do."

Josephburg Red Cross Receives Letter

Canadian Army Overseas
Dear Mrs. Hohr,

I would like to say that I am fine and hope you are all in the best of health. I have received your lovely parcel to-day, and am thanking you for your kindness, it sure meant a lot to me. We don't get very many parcels here, in fact this is my first parcel in six months. So you don't know how much it meant to me.

Well we are still in England and sure think it is a swell country, but I guess it would be a lot nicer in Canada. You all state, How far you can't buy anything here, if you want anything you have to send home for it. In Mr. Krieger still in your district, if he is tell him I said "hello" and send him all my best regards.

Here's wishing you all a merry Christmas and a happy New Year and may we spend our next Christmas in Canada.

I remain as ever,
Pte. Leo. Schmidt.
No. ——
Kingston, Jamaica,
Nov. 29th, 1943

Mrs. Hohr and Josephburg Community:

I received your lovely parcel just now and was glad to hear from you all. This is the second lovely parcel I have received, and I really don't know how to express myself enough for the small parcels you are sending me. Thanking you very much and hoping for my early appearance completing from home.

As ever,
Edwin Boris.

A newly created image received the glad tidings in a telegram. "Glad you have had a girl this morning; don't darken my wall." On the message was a sticker reading, "When you want a boy, call Canadian National."

Salisbury Welfare Society Hold Annual Meeting

An annual meeting of the Fort Salisbury Welfare Society was held in the Community Hall on January 18th. Reports of 1943 were presented and showed a small balance on the right side of the ledger. Also the work that has been done on the Hall in 1943. Such as siding put on and the painting finished. Also cement work in the basement.

The Board of Directors elected are as follows: Mr. J. Fowler, Mr. H. R. Webb, Mr. T. Williams, Mr. C. Benford and Mr. N. Whitelaw.

Mr. J. A. Sanford was re-elected Secretary-Treasurer.

After the meeting, lunch was served and the balance of the evening was filled up with dancing, which some played bingo. An enjoyable evening was had by all.

Send in the news of your district.

Franklin District Enjoys Card Party

The first of a series of Card Parties for this winter brought together last Saturday at the home of Mr. and Mrs. Griffin, South Cooking Lake a large and happy company. Under the capable direction of Mrs. Curtis the tables were well arranged and furnished with friendly players, glad to meet together again in this manner for the first time since last winter. At the end of the "tournament" it was found that the firsts were Mrs. Clark and Mr. Coles, while the "rear guards" were Sylvia Norman and "Art" Huddleston. A lunch, made doubly desirable by the fragrance of coffee, was provided by the ladies and consumed with neighborly chat. A collection, amounting to $5.60, goes to the Canadian Red Cross Society.

An esteemed and worthy lady-veteran of the district, Mrs. Emily Annie Gibson has passed away from us at the age of 85 years. We sympathize with the family circle, broken by her passing from it.

The news that Mr. Moneypenny is slowly, if slowly, recovering from his illness, brings relief and thankfulness to us al.

On Thursday, Jan 27, Mrs. Emily Annie Gibson of South Cooking Lake, passed away in the city at the age of 85 years. She is survived by three sons: Sydney Brown of High Prairie, John Gibson, of South Edmonton, Frank Gibson of South Cooking Lake, one daughter, Mrs. L. R. Grunsmit in Trinidad, British West Indies; four brothers, Frank Monroe and Joe Monroe of High Prairie, Alberta; William Monroe of Fort Saskatchewan; Sid Monroe of Fort Albernie, one sister Mrs. K. Weld of Victoria, B.C.; also 18 grandchildren and 6 great grandchildren. Funeral services were held last Monday afternoon. Rev. C. E. A. Pocock, officiated.

Scotford Mutual Telephone Hold Meeting

The directors of the Scotford Mutual Telephone Co., held their regular meeting at the home of the Secretary Rudolph Sipal, since the last annual meeting, a purchasing system was completed for the owning. A full quorum was present and much business was transacted.

Wounded Overseas

Pte. Alfred W. T. Whale, son of Mr. and Mrs. J. Whale of Parkside, was reported dangerously wounded in a recent official casualty list released Saturday.

Alfred and his brother Gordon joined the army last February. Previous to joining up he worked at Grande Prairie and on his father's farm.

Whitemud-Niska Team Defeat Beaumont 7-2

On Sunday Whitemud and Niska hockey teams ganged-up to play against Beaumont on their home ice. At the end of the last period the score stood at 7-2 for the Whitemud-Niska team. The top scorer for the W & N team was Norman Bloomer, who shot in four goals.

Dennis Barnacli and Helen Hamula were home over the week-end.

Lawrence Krupa has returned from a trip hospital where he underwent an opperation operation, last Tuesday. His many school pals hope to see Lawrence back in school soon.

Sunday afternoon visitors at the home of Mr. and Mrs. F. Bloomer, were, Mr. and Mrs. H. Bellows and Mr. Bloomer's sister-in-law, Mrs. D. Bloomer, of Ladner.

On Saturday Mr. and Mrs. M. Krupa and family attended their cousins wedding which took place at Calmar.

Leaves for The Coast

Mr. Edward Schultz and family, of Bruderheim district, expects to leave over the week-end for Chilliwack, B.C., after having sold their farm and effects at public auction last week.

Mr. Clyde S. Smith of Edmonton in charge of the sale. It was estimated that over 1000 people, 50 trucks, 100 hundred cars, and 25 saddle horses were present. Bidding was enthusiastic and prices good.

Mr. Schultz will go into the dairy-ing at Chilliwack.

Josephburg Honors Miss Doris Fluker Bride-Elect

Two games were played on the Josephburg Rink last Thursday The Alleys found a humble leader and lost both games, the first to the Hilton 5-0; the second to the Centre 6-1.

During the game the girls sold hot-dogs and coffee to raise funds for the rink.

There is great competition in the individual scoring with three tied for first with 16 points. 3 tied for fourth with 9 points.

The League standing to date is as follows:

Game, 9 points out of 10,
Barrels, 6 points out of 10,
Pillies, 5 points out of 12.

On Jan. 20 the Mansfield team lost to Bruderheim on the latter's ice by 4-2.

Sunday the 30th reunited in a second win for Bruderheim by 9-4.

The next series of games will be on the Josephburg Rink on Feb. 3, while Sunday 6th will see the contest on Mansfield ice.

One district is to lose another eligible bachelor girl on Saturday 5, in the person of Miss Doris Fluker who will be wedded to W.O. Vernon Wilson by the Rev. E. H. Hrebeck, at Beaver Hills Church.

A shower in honor of the bride-elect was tendered to her at the church on Sunday evening and a goodly number of well wishers assembled with tokens of their regard.

An amusing contest opened the proceedings, followed by a mock wedding at which Elaine Rippel filled the role of bride, her fiance Raymond that of groom, Bobbie Krebs that of best man, Donna Krebs bridesmaid and little Katherine Mohr as flower girl. These five made a pretty little group around the bride-elect.

Stacks of gifts, useful and ornamental, were presented and the bride-elect was fairly concealed from her friends. After opening them, the fortunate recipient acknowledged them in well chosen words. A sumptuous lunch brought matters to a close.

Preparations are under way for a Carnival on the 15th of this month. Full details will be given out later on.

EACH WEEK!

Table Tennis Club Active at Partridge Hill

The Partridge Hill Table Tennis Club is in full swing again. Play in the Community Hall each Saturday evening. Everyone from adjoining districts interested in playing is welcome.

Mr. and Mrs. Wilfred Alton and and Mrs. George Oshoklotter were Lamont visitors on Saturday.

Mr. and Mrs. J. H. Macpherson of Lamont, were visitors at the home of Mr. and Mrs. A.E. Perry last Sunday.

The picture show and dance which was postponed by the Women's Service Guild on Feb. 1, was well attended. A series of very interesting pictures was shown by Mr Thornton, of Edmonton; followed by a dance, music supplied by the Good Hope orchestra.

Mrs. Jack Miles, a former resident of the district, is renewing acquaintances this week.

Mrs. Miles, now living at Grande Prairie, was a delegate to the A.F.U. convention in Edmonton last week, and is visiting with friends and relatives here and at Lamont, before returning north.

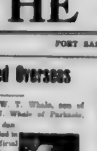
Of interest this week is the coming marriage of John Fischer Jr. and Miss Mary Pugget, to be held Saturday, Feb. 5th. Although formal invitations are being sent to all old friends Mr. and Mrs. John Fisher wish to extend a cordial invitation to all the residents of Partridge Hills and Ypres Valley districts, who will soon be the friends and neighbors of the young couple, to attend a dance in their honor at the Partridge Hill Hall on February 5th.

The Rev. and Mrs. Carl Baron of Beaver Hills Lutheran Church have just returned from Wilke, Saskatchewan, where they were visiting the barmons' parents and friends.

SOME SHOOTING

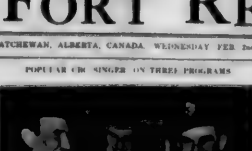
With a grinding of brakes the officer pulled up his motor cycle and shouted to a little boy playing in the field, "I say, sonny, did you see an airplane come down anywhere near here?"

"No sir!" replied the boy, trying to ide his thy catapult. "I've only been shooting at a bottle."



Roland Mercier, CBC Producer, he ish over Patricia Berry, youthful CBC singer, to the care of the U.S Army in the person of Wilfred J. P. Frank, Commanding Officer U.S Army Forces, Central Canada. Miss Berry is now starting a journey from Winnipeg to numerous base camps of the U.S Army, to entertain the troops. "Take good care of her, Colonel", says Roland. "I'll need her back for our Rhythm Fantasy there". Patricia has now returned to Winnipeg and sent months returns to the air to grams from Winnipeg—Souvenirs of Stamps, Blankets, Uniform, and Red River Barn Dance.

POPULAR CBC SINGER ON THREE PROGRAMS



Nomination Day Monday, Feb. 7

Rumors have it that a surplus of candidates for the offices of mayor and councillors will result in Fort Saskatchewan holding an election this year. Will someone tell us why all the townspeople are running office this year, when last year nomination day went by without a single candidate being put up for the office of mayor and councillors. The Minister declared another nomination day, and the council finally operated the entire year short one member.

Nomination day is Monday, Feb. 7th. Candidates papers must be filed before noon. Election day, if necessary will be held next Monday, Feb. 14th.

South Edmonton News

Miss May Stannard had a card from her brother Tpr. Bill Stannard, who has been a prisoner of war in Germany for over two years. He had his 21st birthday in the prison camp.

Mr. Wm. Hosford left on January 27 for the annual Rebekah meeting which is being held down east.

Mrs. Tom Hawthorne and baby boy, with son of Rev. Tom Hawthorne from Macrorie is visiting Mr. and Mrs. Frank Hawthorne.

between Salisbury and Sherwood, at Lindrums Lake, on Sunday. The score was 4-4.

Municipal District of Strathcona, No. 517

The Council would appreciate receiving information regarding the location of gravel deposits, suitable for road providing purposes, within the municipal district. Anyone having such information please confer with your councillor or communicate with the office.

Anyone desiring to obtain forage crops seed or custom grade seed through the municipal office should place their orders immediately.

Fort Citizens' Meeting Friday, Feb. 4

Meeting to Hear Financial Report Friday Night in Community Hall

The annual meeting of the Town held last Friday night in the Town Hall was a complete flop. Ratepayers present adjourned the meeting in order that the financial report may appear in The Record. Mayor C. E. W. Hooper, elected as chairman of the meeting, explained that the council finally operated the entire year short one member.

Nomination day is Monday, Feb. 7th. Candidates papers must be filed before noon. Election day, if necessary will be held next Monday, Feb. 14th.

Secretary W. A. Graham, read the report from the Auditor's copy, but the guttering was not in favor of passing the report at that time. After much discussion, the meeting was finally adjourned until Friday, Feb. 4th, at 8 p.m. in the Community Hall.

AUDITOR'S REPORT

I, John A. Mawhiney, hereby certify that I have examined all the books, vouchers, documents and accounts relating to the Fort Saskatchewan School District No. 52, of the Province of Alberta, for the fiscal year ending December 31st, 1943, and I further certify that I have compared the said vouchers with the said books, and that, in my opinion, the foregoing statement is a true and correct view of the financial affairs of the said School District, showing that there is a balance on hand as at December 31st, 1943.

Dated at Edmonton, this 6th day of January, 1944.

(Signed) J. A. Mawhiney, C.A., Edmonton, Alberta.

The Farmer's Responsibility

All kinds of discussions are taking place these days concerning the after-war responsibilities of the United Nations, of Canada and of different sections of the Canadian people, and about what particular duty each of us should perform.

The farmer's duty and responsibility, however, is pressing, clear and beyond dispute. It is based on both each area of land produces food to fit very nearest; both for the sake of humanity at large and for his own food, and for the sake of the farmer and his own family.

Spring is rapidly approaching, and the thoughts of farmers are now turning to seeding time. Again there is one clear and undivided duty all farmers can take that will aid each acre to produce the most food, which is simply to see that the best practicable for we know from bitter experience that a crop of high yield and high quality cannot be produced from poor seed.

No better investment, therefore, can be made by any farmer than to purchase a few bushels of high quality Registered or Certified seed raised by the each pedigreed grain on a few acres of good summer-fallow. The product from these few bushels in one year or two would soon provide enough seedlings seed to sow the whole farm.

Hasten Their Victory

February 1st commences the greatest campaign ever instituted in Northern Alberta for the sale of War Saving Stamps. All food salesmen, distributors and merchants throughout the country are volunteering their services for the month in a patriotic effort to assist those who are fighting on the battle-fronts of the World.

The objective for North Alberta is only $40,000 If each of the 55,000 families who live here would contribute $1 00 per week, 555,000 would be obtained during the month, so $40,000 is small indeed

When buying groceries, don't forget to purchase a Certificate bearing interest at ¼ - - - This means that every $4 00 invested in War Savings Stamps will return us $5.00 in 1½ years when redeemed for Certificates.

The real value of your Stamp purchases to the contribution to the war effort—each Stamp sold will buy eight rounds Commando ammunition; six round rifle or machine gun. Two Stamps will provide a soldier's rifle or bottle or medical kit. Eight Stamps provide a hand grenade; nine a steel helmet. 55 Of Stamps pro-vide and anti-tank mine and so on down the line. It takes $5,5000 to Stamps so that assiduousness will not Stamps so that assiduousness will not be required "Hasten Their Victorious Homecoming"—BUY STAMPS.

Bronner W.A. Concert Successful Event

A very successful event was held in the Bronner Hall, Friday evening The affair, sponsored by the Bronner W.A. took the form of a concert and lunch supper. The concert provided by local talent, was very much enjoyed. This was followed by a Game dance for which Mr Stanley Uren was master of ceremonies Three young couples provided amusement when they took part in a stunt. The evening closed with a buffet styled supper $25.25 was realized, which went toward the fund to provide pews for the Bronner Church.

Ottawa

Written specially for the weekly newspapers of Canada

Parliament Hill is somewhat looking no more as the House is in session again, there is a fresh lit to the walk of most folks coming up Wellington Street and entering in at the big ornate gates leading to the Peace Tower entrance; the members, from town, city, farm, mine and fishing village are back on the job—democracy starts clicking again!

Ottawa storemen were given a jolt the other day when a brisk salesman was around offering flags and bunting for sale, to be used for Armistice Day. No, he wasn't a bit early, he explained, this was the armistice when this was ends. The next jolt may be coming to the salesmen and others who are handling the war ... That well known Ottawa landmark, the 140,000 gallon water tower which reared above the Experimental Farm auditorium, crashed to the ground when fire destroyed the building recently.

* * *

We think of salvage as a civilian job, but it might interest you to know that the Army goes in for it in a big way, saving millions of dollars annually. A recent National Defence report showed that 555,555 pairs of boots and shoes were repaired and restored to service. The Army operates a boot repair plant which can produce 1,555 pairs each week, using power stapled from discarded boots. Articles salvaged and resold realized $414,551; reconditioned by contract, we noted, were damaged motorcars and galvanized utensils, including more than a thousand boilers and twenty thousand oil barrels, soups and plates. Clothing repair and tailor shops made over three million repairs to garments of all kinds.

* * *

National income is supposed to give a pretty good indication of the national welfare. The Dominion Bureau of Statistics points out that the number of months of 1942 it showed an increase of 15.4 per cent—a total of $5,072,555,555—over the 1941 figure. It is a good indication, perhaps, of the transport of munitions and war supplies over the main passenger lines. It also keeps economic experts at the highest level in Canadian history. Obtaining figures are issued from the Bureau of Statistics, and Ottawa economists spend a little but gold receipts and cost production—Ottawa Citizen.

Agricultural production index showed an increase of 21.5 per cent. There were advances in operations of flour and hog, meat packing, and in the tobacco industry, with a retention in newprint output and of steel and iron. And Canada's domestic and foreign export let the astounding figure of $3,041 million, three times that of the pre-war year 1938.

* * *

The dental health of Canadians ranks among the best in the world but it will be given a fillip after this war by the way our dental Corps is looking after the men and women of the Armed Services Over 1500 Canadian dentists are now serving with the Army, Navy and Air Force. Every Soldier, soldier and airman is made dentally fit before going overseas or on active operations. And then a dental officer with his portable equipment and mobile dental clinic goes with them wherever they go Since the outbreak of the war over ten and a half million dental operations have been completed.

Fultonvale Residents Fete Departing Folk

A splendid social evening was held in the hall on Friday evening, January 28, in honor of Mr. and Mrs. J. McMillan, Mr. and Mrs Bob Howell and Mr and Mrs R. P. Miller, all of whom are leaving us in the near future. During the evening many "tall tales" of pioneer days were told, songs sung and a comic song by Mr. Bob Howell was greatly enjoyed. The lady guests of honor were each presented with a gift remembrance by the ladies of the Goodwill Club. The evening ended after a very fine lunch was served.

* * *

Mr. Nancy Sommers lost his flock of nearly 500 laying hens when a fire broke out, during the night, in his chicken house. The building was burned, for which we are thankful.

* * *

Mrs. Lockhart is visiting a friend in Calgary during spring.

* * *

Mr. and Mrs. Jim McMillan entertained about twenty neighbors on their wedding anniversary. All enjoyed a wedding supper and card game.

* * *

The Goodwill Club will meet at 2 o'clock, January 5th, at the home of Mrs. C. White.

* * *

Mrs. White has just completed her second afghan this year. She has also made four beaded rugs, presents for friends and relatives, has gone to some work and the afghans are for bombed out victims. Mrs. Sam Holden and Mrs. Lockhart have taken the lead in our neighborhood in knitting and sewing for our victims.

* * *

Mr. and Mrs. Leo Lindner are visiting friends and relatives for a week or two.

Mr. H. Haney Elected Uncas School Board

The annual meeting of the Uncas School Board was held on Jan. 29. One new member was elected when Mr Howard Haney took the place of Wm. McNeil who resigned after faithfully serving the district for 24 years The Board members are; Tony Lesniski, C. Gagne and H. Haney.

* * *

We are sorry to hear that Mrs. Bert Bowron is in an Edmonton hospital and we all wish her a speedy recovery

* * *

One of the biggest events in the history of Uncas was the wedding dance held in the Uncas school for Rose Skrewbuk who was married to Joe Meluk of Daysland. So many people turned out to wish them happiness that dancing was almost impossible. The newlyweds will take up residence at Daysland in the near future

* * *

Mrs. E. Mettler has returned from a visit to Saskatoon.

* * *

Mrs. Geo Faulkner has returned home from Vancouver where she was visiting for some time.

* * *

We are all sorry to hear that Jos. Tanninagh has been wounded in action overseas.

* * *

Mr W. Todd has returned home after working in the coal mine for some time.

* * *

We are sorry to hear Miss Ina Melly is sick in an Edmonton hospital and wish her a speedy recovery.

* * *

Miss Connie Gosling is the guest of her sister while attending school in Edmonton.

* * *

The district is again basking in peace and sunshine.—The spirit, we hope continues.

School Flashes

The high school team will play Namao on Wednesday night at 8.30 We play Lamont on Friday, at Lamont, and Chipman in the near future.

* * *

It was difficult to get back to the grind Monday, after our very successful dance. We wish to thank everyone whole heartedly for their cooperation.

* * *

Three of our players from the school teams are now playing for the R.A.C's. Don Geoff, Bob Thomas and Ephraim Coolbeat.

—V—

A Recipe for a Day
Take a dash of cold water,
A little bowl of prayer,
A little bit of sunshine gold
Dissolved in the morning air.
Add to your meal some merriment,
And a thought of Kith and Kin.
And then as prime ingredient
A plenty of work thrown in.
But spice it all with the essence of love,
And a little whiff of play,
Let a wine old book and a glorious above,
Complete a well spent day.

Local News

Stan Bevins, former employee of Chas. Nelson, has arrived back in Quebec to resume his duties as a supply assistant with the R.C.N.V.R. After spending a most enjoyable 28 days leave.

The local branch of the Red Cross Society are running on a Valentine's Dance Friday, Feb. 11 in the Community Hall. Frank Smith's Orchestra has been engaged and good music is assured.

Members of the C.G.I.T. will have tobacco to sell and full support is asked when the girls call on you. Even if you are not a dancer, why not buy a ticket to help the cause. Tickets are 25c. each.

Mrs. Geo. Johnson, and baby, are visiting at the home of Major and Mrs. G. Dawson.

Mrs. Hugh Gallacher attended the wedding of Miss Hilda Turner and Mr. Bill Oliver, at Big Valley, over the week end.

Watch for the date of the Big September Variety Show sponsored by the Local Branch Canadian Legion.

Fort Saskatchewan U.F.A. will meet Tuesday, Feb. 8th, at 8 p.m. in Yorkville School. Delegates Reports.

Mr. Adam Mark has returned from the Royal Alex Hospital, after having undergone a minor operation.

Mrs. Floyd Yates, has her mother, Mrs. R. Kennedy, of Edmonton, visiting with her.

The Good Hope A.F.U. local will hold their regular meeting on Mon., Feb. 7. Everybody welcome! Your delegate will give his report of the annual A.F.U. convention.

Mrs. Guy Armstrong was hostess to the February meeting of the Ladies United Church W. A. on Wednesday, Feb. 2. Mrs. R. B. Smith was appointed to the vacancy in the Circle and Mrs. J. J. Moore and Mrs. Guy Armstrong were appointed convenors for the tea and sale of Home Cookings to be held in the classroom of the Church on Saturday, Feb. 26th.

After much discussion concerning use of church dishes and linen it was decided that in future these Church properties would be for the use of Church organizations only.

Josephburg School Sponsor Amateur Show

Tremendous activity is in evidence on all sides of us in preparation for the Amateur Night programmes to be presented in our school in aid of the Red Cross. A programme of great diversity in production but naturally details are being withheld. We await the curtain with baited breath. Anyone desirous of seeing what home talent can produce would be well advised to book his seat without delay. We do not desire to turn anyone away but our hall capacity is limited.

The Superintendent told the Rotary Club a visit on Monday, and the Health Unit honors us on Wednesday. We never raise but it passes into the old proverb.

Girl Guides Pass Tenderfoot Exams

The evening of Monday, Feb. 1st, saw the enrollment of fourteen Girl Guides.

These girls, having attended meetings every Monday since November, have passed their tenderfoot exams. Mrs. Van Vleet, with assistants, totalling sixteen, are work toward their Second Class exams and somewhat our proficient leaders.

Mothers and other guests were present at the enrollment and later partook in the games and sing song, and pop, over a full dance.

Lunch was served prior to the singing of Taps which, with a prayer, closes a Girl Guide meeting.

The girls, Captain Bertie Bentley and Lieutenant Ada Williams were exceedingly pleased to have so many mothers attend, as such an enjoyable evening results in better understanding and closer comradeship between Mother and Daughter, truly an admirable accomplishment.

When buying or selling—use The Fort Record columns.

CARD OF THANKS

We wish to express our sincere thanks and appreciation to our many friends and neighbors who were so kind to us during our recent bereavement, also for the beautiful floral offerings.

Mrs. C. A. Horton and Sons.

Order Certified Seed Potatoes Now

Certified seed potatoes are being withheld from export to meet the requirements of Canadian growers, but the demands from outside Canada are very strong and supplies not needed for planting in Canada should be released for export in March before the season in the U.S.A. is too far advanced for planting.

The planting of certified seed potatoes for table stock will give a heavier yield from small acre planted to such seed. Seed potatoes growers are reminded that fields entered for certification in 1944 must be planted with either "Foundation" or "Foundation A" potatoes.

The Local District Inspector Seed Potatoes Certification, Plant Production Division, Dominion Department of Agriculture, Lands Office, Edmonton, has notified us that all growers having "Certified", "Foundation" or "Foundation A" seed potatoes for sale

G. Evans, President Local Branch Canadian Legion

The following officers were elected at an annual meeting of the Local Branch of the Canadian Legion recently.

President, G. Evans,
1st Vice-President, J. Wright,
2nd Vice-President, A. Mirck,
Treasurer, D. C. Lyons,
Recording Secretary, T. Wall,
Executive Committee—R. Stewart, A. Lamoureux, T. Charlton.

It was decided to sponsor a variety concert here in March, in aid of the Red Cross.

Provincial Officers To Take Part In C.G.I.T. Week

Miss Pat Kent of Wetaskiwin, President, and Miss Valarie Wheeler of Calgary, Vice President, representing Canadian Girls in Training in Alberta will take part in this year's C.G.I.T. program. These officers, elected at Camp Connells from Mewa Beatin to British Columbia for the first time this past summer, represent forty thousand girls and are an added link in the national unity of Canadian Girls in Training, the programme of Christian Education for teen age girls within the Protestant church of Canada.

These provincial officers will assist in the special program arranged for the week of February 6 to 12. They

(Continued on page 3)

Guides to Operate "Child Nursery"

The Girl Guides held a meeting Monday, Feb. 7, at which it was suggested that they start a "child nursery". This nursery is to be held every Saturday from 2 p.m. to 5 p.m. at certain Guide's homes. Ladies wishing to have a free afternoon would bring their children to the homes and the girls would take care of them. The opening date is Saturday, Feb. 19, at the home of Mrs. Chouinard. The nursery offers its services free of charge and all mothers are invited to bring their offspring.

The girls were given the address of Guide Headquarters at Toronto to which they were to write if they wanted pen pals. Most of them did this and gained correspondence with other guides from U.S.A., England and Australia.

The meeting was closed with the "Guide Salute" and everyone went home after an enjoyable evening.

"George said that if I refused him he would never propose to another girl."

"That's right. I believe you were hot on his list."

"I ordered a dozen oranges, but ten only sent me ten."

"Part of our service, madam. You were bad, so we saved you the trouble of throwing them away."

Apprenticeship Training Plan Established By Dominion Government

Honourable Humphrey Mitchell, Minister of Labour, announces that an Order in Council approved recently gives authority to the Department of Labour to extend financial assistance to Provincial Governments, in order to stimulate trade apprenticeship training. Dominion-Provincial agreements on the subject are provided for.

For the fiscal year 1-14-45 the Dominion fund available for distribution amongst the provinces is not to exceed $250,000. This sum will be raised to an annual $1,000,000 for later fiscal years.

The planned Dominion assistance is designed to supplement regular industrial trades, will be subject to working conditions and wage rates determined by the provinces under the agreement, and will be paid by the employment by the usual way.

Each province must administer its share of the fund under an apprenticeship plan approved, and will be required to appoint one or more apprenticeship committees, composed of an equal number of representatives of Provincial Departments of Labour and education.

Both ex-service men and civilians will benefit by the scheme. Where training of returned men is approved by the Minister of Pensions and National Health, the Dominion will pay full costs. In civilian cases, costs will be divided fifty-fifty between the Dominion and Provincial Governments.

Commenting on the Order, Honourable Humphrey Mitchell, Minister of Labour, stated: "It is important for the welfare of our nation as a whole, that a sufficient number of our young people in the post-war world should be given trade training in various arts, so that they may be among the most highly skilled workers in the world."

The Order defines an apprentice as "any person at least 16 years of age who enters into a written agreement with an employer to learn a skilled trade requiring a minimum of 4,000 hours of reasonably continuous employment. . . ."

Assistance from the Government will relate largely to the vocational or other advice courses incidental to apprenticeship.

Goodwill Circle Elect Officers

The Goodwill Circle held their annual business meeting at the home of Mrs. R. Todd

The election of officers resulted as follows:

President, Mrs. E. Johnston,
Vice-President, Mrs. A. Booker,
Treasurer, Mrs. A. Henderson,
Secretary, Mrs. A. Sorgenson,
Service Committee, Mrs. E. Johnston and Mrs. G. Pavia.
Reporter, Mrs. R. Todd,
Plans were made for a shower for Mr. and Mrs Elmer Magee at Mrs. A. Booker's on Saturday evening, Feb. 12.

The next meeting will be held Feb. 24 at the home of Mrs. R. Pawlak

Following the meeting Mrs. R. Todd served a very tasty lunch.

ACE Nimet Cranston was feted recently in the Partridge Hill community hall, when a host of friends gathered to "do" her honor.

The evening was spent very enjoyably, dancing to the music of the Good Hope orchestra.

During the lunch hour Mr. Carl Underschultz called Stuart to the spotlight and presented him with an engraved Sheaffer pen and pencil set, on behalf of the lodge crowd present.

Stuart, in his jovial manner, thanked everyone for the gift and the pleasant evening.

After, everyone joined a friendship circle and sang "For They Are Jolly Good Fellows".

Sunday afternoon five broke out in the employers home at the home of Mrs. Dave Cranston. Neighbors soon rushed to the scene and extinguished the blaze before any serious damage was done. One end of the house and roof was badly burnt and will take considerable work to repair these parts.

Mr. and Mrs. Irwin Pomeroy left for Vancouver last week where they will spend their honeymoon.

Mrs. Woods of Sandy visited for a few days last week with her son, Jim and Mrs. Woods. On her return home she was accompanied by her little granddaughter, Marjorie.

Mr. Sam Parker returned home last week, and is progressing favorably, after an appendix operation.

Mrs. George Hillsby, of Edmonton, visited at the home of Mr. and Mrs. A. Brant, last week.

Regular meeting of the A.F.U. Local was held Monday evening in the school. After the usual business was disposed of, Mr. Wm. Underschultz gave a very interesting report on the annual A.F.U. convention held in Edmonton last month.

Next meeting will be held in the school Feb. 28th.

Election Day Monday, Feb. 14

School Board Members Elected By Acclamation

Fort Saskatchewan citizens will go to the polls Monday, Feb. 14th, to elect a mayor and four councillors. Two vacancies on the School Board having been filled by acclamation, when Mrs. A. A. Williston and J. A. L. O'Brien were the only two candidates nominated. Mr. O'Brien was re-elected having served on the board two previous terms.

The last election held in town was in 1938 Since that time it has been a job each year to fill the vacancies on the council Last year's council operated throughout the year one member short.

Two candidates will seek the mayor's chair Monday. C. R. W Magor, acting mayor last year, will be opposed by J. B. Gauf, a former councillor

Six candidates were nominated to fill the four vacancies on the Council.

Here is the line-up

For Mayor—
J. B. GAUF,
C. R. W. (DOCK) MAGER.

For Councillor—
A. DAWSON,
G. EVANS,
(Dr.) W. A. JOHNSTONE,
GRAS. LOWE,
G. MEALE,
E. B. STETSON

The 1944 School Board comprises the following members:
J. A DAWSON,
J. A. L. O'BRIEN,
F. A. BOQUIE,
S. THORNE,
(Mrs.) A. A. WILLISTON

Voting will take place this coming Monday, Feb. 14th, between the hours of 10 a.m. and 7 p.m. W. A. Graham is returning officer.

C.G.I.T. News

A C.G.I.T. department meeting was held at the home of Mrs. J. A. L. O'Brien on Feb. 7th.

Plans were made for the worship service to be held Sunday, Feb. 20th at First United Church.

The mission study was discussed, topic "Are there more illiterate or illiterate people in the world today?" Surprisingly enough the answer is, there are more illiterate in the world.

The meeting closed with taps.

Josephburg Attend Amateur Night

A well pushed school-house witnessed Amateur Night at Josephburg the complaint could be made as to the quality or quantity of fare provided and a surprising variety of talent was forthcoming Adolph Hecker was its able Chairman. The pianists who must have been embarrassed to go to the Local Branch of the R.C.A.F.

The large assembly for the evening was as follows:

"Ma Look at Charlie". Mrs. Adolph Becker, Mrs. Leon Frey, Mrs. Alois Maas.

Stunt, "Here's your bottle baby!" by six volunteers.

Old Organ Grinder on strouds of Josephburg.

Solo, "Song of No Man's Land". Mrs F. E. Becker.

Draw for rooster and box of Hinzmann.

Auction Sale of Cow Mohr as auctioneer

Hennig's just found the owner for it!

The Alleys lost another double-header in night games played at Josephburg on Thursday, Feb. 3

The Alleys lost the first game by a score of 7-1 to the Hinzmann. The second game was a much closer game. The score being 4-3 in favor of Mr. Hinzmann

The Mansfield hockey fans saw 2 very closely contested games last Sunday. The Game edged out the Pillies by a score of 1-0

In the second game the Alleys tied the Pillies with one overtime period, the score being 2-2

The next games will be played at Josephburg on Sunday, Feb. 13, with all four teams playing

The Carnival and Dance that is to be held at Josephburg on Feb. 18, is the big event of the year for Josephburg and the surrounding districts. At the Carnival a Queen is to be chosen by popular vote. Buy your tickets now from any of the candidates and vote for your Queen.

MORE ABOUT

Provincial Officers To Take Part in C.G.I.T. Week

(Continued from page 1)

have sent special messages to all C.G.I.T. groups in Alberta.

"Followers of the Way" is the theme chosen for C.G.I.T. week this year. It will be used in Church Services, parents' and family nights, mother and daughter banquets and further joint activities of boys and girls, C.G.I.T. week following immediately National Boys' Week.

A special girls' number of "The Torch" will be issued to make the introduction of the Provincial officers. This will carry photographs of all Provincial officers as well as an illustrated story of C.G.I.T. and other features of particular interest to teen age girls.

The ideal C.G.I.T. group in the Sunday School class meeting in the outbreak. The programme to develop ment of Christian character through vital connection with the whole life of the church. Mid-week programmes include worship, business, project, activity, games, singing, with fun and fellowship as important factors. The success of a group is judged in terms of growth-knowledge, skills, attitudes. Christian citizenship relationships in daily living.

Provincial Girls' Work Boards, their secretaries and denominational secretaries direct the planning of programmes and other work. National direction is given through the National Girls' Work Board of the Religious Education Council of Canada by means of publications and the work of the National Girls' Work Secretary, Miss Muriel W. Jacobson, M.A. Provincial camps are promoted during the summer.

The Local groups will conduct a "Candle Lighting" worship service Sunday, February 20th, at 7:30 p.m., in the First United Church on which "Followers of the Way" will be the theme this year.

The girls want you to worship with them, will you?

Intermediate C.G.I.T. News

The Intermediate Groups met at the home of Kathleen Evans on Feb. 4. Highlights of the business meeting were plans for C.G.I.T. week and "money matters" for camp this year.

It was decided to sell "Star Shares" again, you will remember buying them last year. It means buying a share in the youth of your community.

FIND WEATHER BALLOON

Another U.S. army weather observation balloon has been found in the district. It came down Friday on the farm of R. Lowery, in the Alexander Park district adjacent to South Edmonton. It was seen by his daughter, Mrs. Thelma Corpas.

The balloon carried a weather recording box. A parachute lowered the box gently, with the two balloon trailing behind. The box divulged that it is returned to Dayton, Ohio.

"Sure there will be changes after the war . . . some are overdue. But I'm no robot. Whatever our post-war plans, I still want to see hard work rewarded and dividends paid on brawn and on initiative. I want the privilege of going into business for myself if I choose. That's why I am building a nest egg now at The Royal Bank of Canada."

Canada has grown to rich nationhood through the courage, resourcefulness and enterprise of individual citizens. These qualities must be preserved in the challenging days ahead.

PRIVATE ENTERPRISE!
It is the natural desire to make your own way, or for us as your elected representatives, that has brought to this continent the highest standard of life enjoyed by any people on earth. It is the spur of democracy on the march.

PO. Brabbins Pledges Vows

BRABBINS-KELLY

A quiet wedding was held last Saturday evening in the rectory of St. Bernard Heart church, when Miss Anna Marie Kelly, daughter of J. J. Kelly of Olds, Alta., became the bride of Plot Officer Earl Stewart Brabbins, R.C.A.F., son of Mr. and Mrs. C. P. Brabbins of Fort Saskatchewan. The Rev. Father J. J. Ketchen officiated.

The bride wore a shell pink ensemble complimented by brown accessories. A corsage of sweetheart roses and gardenias was pinned to the shoulder.

Miss Jean Dobbins of Edmonton was the bride's only attendant. She wore a smartly attired in a beige afternoon dress offset by dark brown accessories and a shoulder bouquet of red roses.

Sgt. D. Metzner of the United States Army Air Force, was groomsman.

The couple left immediately following the service to take a short honeymoon before the bridegroom leaves for eastern Canada.

St. Joachim's Church Scene of Wedding

St. Joachim's church was the scene of a quiet wedding recently, when Rev. A. Boucher solemnized the marriage of Albertine, eldest daughter of Mr. and Mrs. Albert Lamoureux of Fort Saskatchewan, and Mr James Simons, son of Mr and Mrs A. Simons, of Buenos River, Man.

Given away by her father, the bride wore a powder-blue dress-maker suit, with topcoat to match. Her accessories were in wheat beige, and a corsage of orchids was pinned to the lapel of her suit.

A wedding supper was held for a few friends at the Rhenia Cafe. Mr. Lamoureux were a gold wool ensemble with forest-green accessories.

The newlyweds will make their home in Sydney, N.S.

Josephburg Ladies Receive Thanks

England, 21-12-43

Dear Mrs. Albert Mohr,

Thanks very much for the lovely parcel which I received to-day and I sure was very glad to receive a Christmas parcel from the Josephburg community.

Well I'm doing very good work here in England, well I hope this war will be over soon as I am getting home-sick already, but I think it'll be over by next spring. The weather isn't bad over here, we never yet Mary wrote that the weather in Canada is very nice.

Well I will close now, and once again thank you all so much for all you have done for me.

May God bless you all.

Your very sincerely,
Gnr. Akhurst.

World of Wheat

by
E. C. L. Sharpe

Financed Prices or the Open Market?

Suggestions are being made that after the war Britain should buy her needs of Canadian wheat at a set contract price. The trouble is that after the war Britain should be more than one third of the wheat Canadian farmers will have to sell if they are not to stay in business.

What would happen to the other two thirds that normally is sold to not one hundred different countries? All the evidence of the past seems to indicate that it would be quite impossible to make similar contracts that would be kept with all these many countries, so that it seems quite certain the bulk of our wheat would still have to be sold in the world's open markets. If the British contract price were lower than the open market our farmers would be dissatisfied, and if the British contract prices were higher than such open market prices then British buyers would be discontent.

It does seem, then, as though the sale of our wheat on world open markets is the only way to secure the sale of all we can produce. There is not the slightest reason to believe, however, that the prices returned by this method would not be satisfactory, for if we have reasonably free international trade, there certainly would be no purpose to depress prices, and it is only burdensome purposes that have ever depressed prices.

The Record Tells

Out of the Past

Wednesday, Feb. 11, 1931

The election for School Trustees was held on Monday, Feb. 9, when P. J. Atkinson, R. Todd and W. A. Dubue were elected.

The local Red Cross held its annual meeting last Saturday. Reports showed that, in spite of a lack of funds, the year had been a success.

The Fort Saskatchewan A.F.A. local met on Monday, 2nd at Pleasant View. Mr. W. E. Griffin of the Josephburg school spoke to the meeting on "The Manual Festival".

There is still time for you to send along those books for the Imperial Order Daughters of the Empire "Share Books for the Services" campaign. Your post office has a bag for your contribution.

A WEEKLY EDITOR LOOKS AT
Ottawa
Written weekly
for the weekly newspapers of Canada

Wartime cut the pomp and circumstance in the opening of Parliament. There was no mounted escort and no guard of honor to meet the party when the Vice-Regal party drove to Parliament Hill; only motorcycle police outriders were with the car, arriving and leaving. Many familiar faces of Members of Parliament and Senators were noticed standing in line like ordinary mortals waiting for rooms at the Chateau Laurier and Lord Elgin hotels . . . . The opening of the session probably didn't have anything to do with it but a slight earth tremor lasting six minutes was registered at the Dominion seismograph the preceding Saturday . . . Recent arrivals in Ottawa, Michel Dumont and his wife and child from Aigues, to become Hons' of the British mission. Hermes for the French Committee of National Liberation.

. . .

Canadian hens are sure cackling for quick victory. The Special Products Board tells us they've brought for export to Britain twice as many as obtained this date last year. This season's buying by the Board was 294 carloads to January 25. Last year, same period, 139 cars and only 121 in 1942. Most of this increase now is from the Canadian West which once lagged behind Eastern Canada in surplus eggs. Western provinces supplied 92 carloads more than at this time a year ago. Ontario and Quebec are 68 carloads ahead. Early in the war the henfruit went in the shell, but starting in 1943 everything goes to the British Ministry of Food in the form of dried egg powder.

. . .

Sugar for home canning in 1944 will be available through 10 of the "D" coupons in the present ration book, also through sugar alternative of the "D" preserves coupons. They don't will be exchangeable, the Ration Administration points out, and this means that housewives who put down their own preserves can use both, while those who depend on store preserves will be able to exchange their "canning sugar" coupons for preserves coupons, a much happier arrangement all round. The special coupon gives 10 lbs. of sugar per person for home canning, and for the present the alternative value of "D", a half pound, is to be continued. It won't be necessary for you to apply to local ration boards for canning sugar this year, but the coupons become valid about June 1

. . .

Guess you thrilled to the story of the grand scrap put up against Nazi bombers by H.M.C.S. Prince Robert recently in protecting a convoy. Only six of the original group of men drafted to the former Canadian National steamships passenger ship, when she was converted as an auxiliary cruiser in July, 1940, remain. Her story read like a travelogue. She has sailed nearly 200,000 miles, roughly ten times around the world —from Esquimalt to South America, to the Fiji Islands, Hong Kong, Aleutians and the United Kingdom among other places—to operating with the Royal Navy, a record to Canada and her growing navy.

A Chartered Bank is
ONE WHICH COMPETES
WITH NINE OTHERS
for your business

These ten competing banks are:

Bank of Montreal
The Bank of Toronto
The Canadian Bank of Commerce
The Dominion Bank
Imperial Bank of Canada
The Bank of Nova Scotia
The Provincial Bank of Canada
The Royal Bank of Canada
Banque Canadienne Nationale
Barclays Bank (Canada)

A chartered bank is the custodian not only of your money on deposit but also of your records concerning that money.

A CHARTERED bank is an institution where the details of your bank account are kept secret.

It is called "chartered" because its permission to do business and the conditions and restrictions under which it may do business, are contained in a charter granted and kept up-to-date by parliament, the finest democratic free institution of government that man has yet devised. This charter is an Act of Parliament laying down all of the conditions which safeguard your money.

Ten competing chartered banks are the very opposite of a State Monopoly such as would come about if all the banks were rolled into one by nationalization. Under State Monopoly, if you failed to get accommodation at the one bank, you could not go to any one of nine others to seek it. You can today.

THE CHARTERED BANKS OF CANADA

Annual Meeting will be held on Saturday, February 19 at 1 p.m. in the Masonic Temple, Edmonton

Local News

Ladies are invited to attend M.D. annual meeting in Masonic Hall, on Saturday, Feb. 12th.

Pte. Frederick G. Evans advised The Record Wednesday, that the Legion Show will be in Fort Saskatchewan on March 3rd. Watch for further announcements next week.

When Good Hope A.F.U. heard that the Legionnaires were coming to town, they immediately cancelled their annual dance for March 3rd, and will hold same on March 10th.

Some person or persons broke into the A. F. Elevator in town over the week-end, by jimmying the door. A thorough search of the office reveals nothing missing, reports D. C. Lyons, agent.

Town policeman, Ken Thomas is investigating.

Miss I. Anderson, grade 5 and 6 teacher at Fort Public School, is a patient in an Edmonton hospital, suffering from an appendicitis operation Sunday. Mrs. A. M. Carmichael has taken over the duties of housekeeper during Miss Anderson's absence.

No less than 27 candidates were nominated for 5 divisions in the new enlarged Lamont Municipal District.

Squibs

Monday is election day in the Fort. More enthusiasm has been shown in town affairs lately than in many a year.

Oddments remember election days when candidates used cars to Edmonton to bring electors here to vote. Those were the days!

Whatever the issues were in those days, no movements stand to-day for all their worry and effort.

The future for small towns is bright, and those citizens will take advantage of the opportunity offered. But everyone must be prepared to co-operate for the town's benefit as a whole, not how it will affect the individual.

It is the duty of every citizen in the Fort to get out and vote on Monday. Vote as you wish—but vote.

Be ready for the election.

Ramble News

A skating party and supper event was held at the Rimrolls rink on Jan. 28. The boys' band played a few selections for them who enjoyed skating to music.

A play was presented at the Sherwin school on the night of Feb. 4, by 10 girls of the district, and with help from the choir, attendance by people surrounding districts, filling the church to the last seat. The sum of $60.30 was collected.

The Alberta Leather League will hold their yearly convention at Tilleville on February 15 and 16.

An American soldier in England was showing pictures illustrations of the size of his country.

"You can travel a train in Texas at dawn and twenty-four hours later you'll still be in Texas."

"Huh—no land! Old Ranter down there had "wheels."

"Hmmph. Do palaces an ch ca to load 'theeled. He hain't "ridein here 'ad dem bath Ranter dan."

"Casablanca" At Sharp's Shows

Humphrey Bogart, Ingrid Bergman and Paul Henreid and Claude Rains, an all star cast, comes to you at Sharp's Shows this week in "Casablanca". The picture goes romancing into this fabled city of Casablanca (prior to its recent occupation by the Allies) and makes the leader of the hidden and banned patriots who flaunt and defy Vichy and the Nazi throughout the conquered nations of Europe. He is accompanied by his pretty wife who, during a period when he had been reported killed while escaping a Nazi concentration camp, had fallen in love with an American adventurer in Paris and had, in turn, left the American when she heard of her husband's death in Casablanca, they accidentally visit the saloon an gambling casino owned and run by the notorious Rick and are plunged right with a price on his head and managed to inject himself into a position of complete prominence and popularity by the refugee-filled Vichy French city. Next pressure to maneuver her husband's death by the wife to seek the help of her old sweetheart who smothers his own desire for her and helps effect her escape, tricks the authorities, and arranges their passage in a plane headed for distant Lisbon.

Next week "The Forest Rangers"

Order Chicks Early, But Don't Over Order

H. E. McDaniel, Poultry Branch of Alberta Department of Agriculture, cautions against delay in ordering, if reasonably early chicks are desired. Nearly all hatcheries report heavy bookings of orders, some into the month of May.

Do not order more chicks than you can raise comfortably, and do not overcrowd the brooder house. Many people, last year, ordered far more chicks than they could handle, and do not raise properly This meant that they suffered financial loss and consequently, did not get the benefit of the chicks they had raised. Many people, last year, ordered far more chicks than they could handle, and do not raise properly This meant that they suffered financial loss and consequently, did not get the benefit of the chicks they had raised. It is far more profitable and satisfactory to raise a smaller number with the brooder house have better birds at maturity, than to attempt to raise them under crowded conditions. Crowding always results in severe losses and inferior quality birds at maturity. Check over your brooding facilities. If you have over-ordered, your order can usually be reduced. Give someone else a chance to get the chicks you may have.

The principal value for the purchaser of baby chicks to start to make good quality pullets and cockerels is when he receives the chicks and takes them from the box. Any set back the chicks may receive is reflected throughout his life. If it occurs.

This is a good time to overhaul the poultry house and range. Use plenty of disinfectant in the brooder house. Have everything ready and clean down in operation three to four days before the chicks are expected. If you have not already received a copy of Circular No. 58 on "Brooding and Rearing of Chicks and Pullets", same may be obtained on request from the Extension Service, Department of Agriculture, Edmonton.

NOTICE TO CREDITORS AND CLAIMANTS

In the estate of JAMES WALTER EDMUND MAGEE, late of Fort Saskatchewan, Alta., deceased.

NOTICE is hereby given that all persons having claims upon the estate of the said James Walter Edmund Magee who died on the 28th day of September, A.D. 1943 are required to file with the under signed by the 21st day of March, A.D. 1944 a full statement duly verified of their claims and of any securities held by them, and that after that date the executors will distribute the assets of the deceased among the parties entitled thereto having regard only to the claims of which notice has been so filed or which have been brought to their knowledge.

DATED this 26th day of January, A.D. 1944.

CORNETT & HARPER,
Solicitors for the Executors,
609 Tegler Building,
Edmonton, Alberta.

School Flashes

HOCKEY—In the game last Wednesday, Fort vs Namao—score Fort 2, Namao 0. Superior weight and experience accounted for the Namao victory.

In the game played at Lamont last Friday—Lamont 4, Fort High 2. The above score shows the Fort High school's team's steady improvement. We are at present endeavoring to arrange games with Bruce and Westgate.

The School year savings campaign has reached a new total of $1035.10.

A news report says we had lost Friday. It was decided that the executive should arrange for the purchase of school rings. These are to be paid for by the students.

The following report is so accepted dance report.

Cash—Change	20.00
Ticket Sales	264.00
Cash	169.47
Cash Proceeds	153.57
Expenses	89.94
Net proceeds	66.43

We are acting accordance to the president at last year that of making a donation of $20.00 to the Women's Institute.

Curlers Re-draw Rinks

At a meeting held in the Curling Rink, Tuesday evening, the following rinks were drawn.

A. M. Carscadden, Skip. Wm. Dixon, D. R. Lyons, C. P. Stubbins.

Henry Dennis, Skip, L. J. Mercer, Geo. Cranston, Lake Waugerbur.

A. B. King, Skip, Guy Armstrong, D. Buchanan, J. F. Elliott.

A. D. Simmons, Skip, Geo. Vetychuk, Frank Smith, Amos Osbaldeston.

H. Tierriault, Skip, P. A. Hurst, Roy Wilson, James Kelly.

S. Thorne, Skip, Orld Boisjoli, D. H. Byers, R. Thorne.

H. Thorne, Skip, J. B. Gaul, Floyd Turner, Bob Sherman.

J. S. Wright, Skip, R. J. Collins, Wm. Calvert, Rev. E. H. Birdsall.

Ardrossan War Guild Has Fine Record

During 1943 the Ardrossan War Services Guild made the following contribution -

Red Cross	$120.00
Navy League	20.00
Merchant Marine	10.00
Russian Relief	10.00
Greek Relief	10.00
Chinese Relief	10.00
Hills of Britain	
Queen's Canadian Fund	
Through McCall's Dancing group	

The [illegible] carried and exported to 30 boxes [illegible] assembled to aim at [illegible]

The [illegible] for the above contributions was raised by what [illegible] means dues, [illegible] and [illegible] proceeds of each evening, [illegible] for quilts etc., from the months who give generously throughout the year.

The Guild is greatly indebted to many non members for donations of money and services. The work and women's rest [illegible] to work done by the Guild.

Following is the work done by the Guild:

RED CROSS 10 quilt, 10 sheets 5 pairs rompers, 3 pairs mitts, 15 Seamen's socks.

RUSSIAN RELIEF 2 quilts 1 knitted vest.

SALVATION ARMY—1 dress

The regular meeting of the Guild was held at the home of Mrs Stanley Keeth, with a goodly attendance of members and one new member.

John Alexander Jr., has joined the R.C.A.F recently and also his sister Margaret, both of the "WD." of the army. Good luck to you both

Auther sleigh riding party was held recently, sponsored by the C.G.I.T. The usual large crowd enjoyed a lot of fun and lunch was served later at the home of Mr. and Mrs E. Haslan. The young folks are in hopes of more snow so that all may get a chance to go down to the "pond" earth.

Nursing Classes are being held every Wednesday afternoon at 2:30 p.m. at Baker School.

The sympathy of the community is extended to Mr. Ross Horton in the recent loss of his brother Charles Horton of Brookville.

STRAIT IS THE GATE..
Rev. Elliott R. Birdsall, M.A.

One hundred millions! Get your mind around that! But it isn't just a figure. It is a hundred million empty stomachs, stomachs that have been empty so long that death is occurring at an appalling rate. One hundred million of them Ten times the population of Canada. And they have no food!

Where are they? In China, where war war was being fought for us for us three years before the invasion of Poland. Military destruction of farm lands, pillaging by enemy troops, and grasshopper plagues that have got out of control because of war conditions;—these are some of the reasons. Also in India who, in place of her usual annual imports of millions of bushels of wheat from Burma and Indo-China, received Flight from the rice areas because of the war, dislocation of all foodproducing industries, crop failure in other areas,—these are other reasons for starvation in India. Under General Wavell's direction the army is now doing a great deal but there is still endless suffering and need.

What needs to be done? Food and medical supplies must be obtained and distributed. Through the Churches, North American and Foreign to help local agencies and governments to meet the overwhelming problem. Where all these things are lacking under the strain the administrative have to carry on alone until some form of self-management arises.

Our missionaries are not unaware with distributing food and medicine. They are also busy getting things back to normal life and arms mean a to production. For example, in one area previously evacuated because of war 48 families came given Bibles and enough money to start up. Within a year these were producing enough to admit 25 more families to the group. Many similar cases are reported showing the beginnings of reconstruction.

Thousands are still dying every day. They need food and medicine. But in the present way of doing way of doing things ships do not go where there is need, however great. They go where there is buying power. Perhaps you consider that in itself to be a great area but it should be dealt with first. But people are starving, and dieing. They need food, and they need it Now. We must let them have some of our buying.

Have you ever chided the Churches for silly competition? Whatever the facts of the past, look at those present facts. Missionaries in India and China work together regardless of their sending boards, and they give their help and aid regardless of race or creed. These are facts. Our own volunteer challenge us, they dare us, to match their Christianity unity with Christian unity here, and to match their sacrificial spirit and to bemean need with an equivalent response on our part.

The Church boards have responded by a unified appeal to the people of Canada and the United States. The next step lies with us. Count up all your friends and acquaintances. How many? More than that are dieing every hour in India and China from hunger.

Right now before you forget, get out an envelope, mark it "China-India Relief", put in it an amount that expresses your response to human need [illegible] as soon as possible [illegible] into the hands of the Treasurer.

Elgin Hosford Wins Master Breeder's Shield

Mr. B. Elgin Hosford has re Samuel Sirus Thomson and Donaldson He brought back his cup and Master Breeders Shield He also visited at the home of Electrican R. C. Richards and Mrs. Richards who now resids at Hamilton Mrs. Richards is the former Irene Hosford

Members and friends of the Willing Workers Club gathered around a cosy fire at the home of Mrs. Ralph Briggs on Wednesday afternoon, Feb. 9 for their monthly meeting Mrs. H. Deshaney, Mrs. R. Isbester and Mrs. E. Ritchie were welcomed as new members.

Arrangements were made for a series of three whist parties to be held in February and March, the first to take place at the home of Mr. and Mrs. Walter Fallon on Friday evening, February 18. The second party will be at the home of Mrs. G. Briggs on Saturday evening March 4.

Mrs. Ralph Briggs, convenor for the sale of War Savings Stamps, announced that stamps sold by the club since March 1943 totalled 1394 stamps or $631.90

A lovely pink woolen blanket will be raffled off by the club, the proceeds to go to War Services, and tickets may be obtained from any club member.

Mrs. Russel Bishop kindly invited the club to hold their monthly meeting at her home on Wednesday, March 8th.

Friends and neighbors of the district extend to Mrs. T Kanoff and Donald sincere sympathy in their great sorrow.

Pte. Evangelist of Prince Clifford Prill to Miss Margaret Cummings, of Whiterburn took place at the Manse, Edmonton, Mr. and Mrs. George Cummings. A wedding reception was held at the groom's home. Pte. Prill will make her home in Wetaskiwin where her husband is now stationed.

On Friday evening, February 4 the Willing Workers Club held a whist drive at the home of Mr. and Mrs. J. S. Anderson. Lucky winners of prizes were Mrs. H. Deshaney, Bill Byers, Mrs. G. Briggs and Don Bishop. At the close of the jolly evening hot coffee and a delicious lunch was served by the members.

O.S. Harold Fletcher spent leave at the home of Mr. and Mrs. G. Gibb. He has returned to Halifax to take up training as a Petty Officer.

Mrs. C. Bell, of Vermilion has been spending a few days with her son, Mr. and Mrs. E. Cornett.

Mr. George Gibb combined business and pleasure when he travelled to Calgary, Winnipeg and Toronto. He returned from his week-long holiday on Friday 6.

With a grinding of brakes the officer pulled up his motor cycle and shouted to a little boy playing in the field, "I say sonny, did you see an airplane come down anywhere near here?"

"No sir!" replied the boy, trying to hide his tiny catapult. "I've only been shooting at a bottle."

of your own Church.

Action Now!!! That is the thing that counts.

FIFTH ARMY IN VESUVIAS AREA

A special communique issued on the afternoon of October 1st, 1943 announced the capture of Naples as well over the Volturno and pressing northward—Somerward. Pictures from a Movietone News at the Rex Theatre [illegible]

Mill Creek Dance Very Successful

The Mill Creek Dance held on Feb 8th, was a success even though the weather was bad Quite a crowd gathered to dance to the music of R. Mussel A lunch of sandwiches, cake and coffee was served at midnight and the whole affair was enjoyed by all.

The Whitewood hockey team played against the Elberta team on Sunday, Feb. 13, at the rink at E. Hammermeisters. Whitewood defeated Elkrahn with a score of 7-1, both sides putting up a gallant play.

An average crowd witnessed the game.

We are sorry to hear that Mrs H. Trutchel is in the University hospital and has undergone a recent operation.

Legion Variety Show Fine Program

The program of the local branch of the Canadian Legion Variety Show, scheduled for Friday, March 3rd, is shaping up well. The following artists, many who are well known to Fort audiences, will be among the large number of entertainers coming from the city for this occasion;

Bill Nese—Scotch comedian. Original member of Legionnaires Concert Party, recently returned from overseas where he was a member of the "Eit Bags" concert party who played before Their Majesties, The King and Queen.

Frank Williams—Well known and popular baritone.

Bill Lynch—Irish tenor recently discharged from the 1st Battalion Edmonton Regiment.

Betty Calvsey and Joy Dobbie—Scotch dancers.

Ivonne Germaine—Acrobatic dancer.

Lady vocalist.

Pianist Lady.

Jimmie Dent, comic singer and Josh Jones, member of ventriloquists need no introduction to local fans.

Proceeds of the show will be donated to the local branch of the Canadian Red Cross.

SEND IN THE NEWS—

Friday Carnival Night At Josephburg

Preparations for Carnival night at Josephburg Rink go merrily forward. Votes for the respective queens continue to pour in and it is anyone's guess who the successful candidate for the honor will be. The dance which follows bids fair to be the climax of an evening packed full of amusement.

On Tuesday night the Alberta Wheat Pool presented a programme of pictures at the schoolhouse. G. H. Harold the delegate for this district had charge of the affair and the Pool gave a lucid account of the activities of the organization during the past year. The picture was filmed in a keen brain to his responsibilities and in the vernacular, bids fair "to go places".

Two pictures 'Primitive Power in Quebec' in color and 'Hungary' have real educational value and a comic reel entitled 'Flip-Flop' was decidedly clever.

Sergeant Tillman was interred at the Josephburg Reformed Church cemetery in the family plot. The sympathies of the entire neighborhood go out to the bereaved family.

Thursday proved a very cold hockey night but in spite of it one regularly-scheduled game was played. This was between Butch's Barrels and Frey's Fillies, the Barrels coming out on top 12-2. The other game was not played due to the absence of Sheriff Ennis.

However, on Sunday afternoon, hockey was in full swing at Josephburg. In the first fixtured game, Frey's Fillies handed Albert's Allies another defeat, the score being 5-0. In the second game, which was the feature of the day, a Josephburg-Mansfield team played a Radom-Bruderheim combination, in which the latter handed out a 4-3 defeat to the Josephburg-Mansfield team.

The individual scoring has proven to be an exciting race. The big three scorers are Don Frey with 26 points, Bert Frey with 23 points and Leonard Mohr with 20 points.

It's scandalous charging us fifteen dollars or towing us only three or four miles," protested the wife.

"Never mind, dear," replied her husband, "he earned it; I had my brakes on."

C. R. W. Magee Elected Mayor

The people have spoken Fort Saskatchewan citizens turned out Monday, to elect C.R.W Magee as mayor, Chas F Lowe, G Evans, W A Johnstone and Jos. A Dawson, councillors. All will serve a three-year term.

The following will guide the destiny of the Town during 1944;—

Mayor, C. R. W Magee,

Councillors, A. Jacobs, Chas. Clover, Chas Lowe, G. Evans, W. A. Johnstone, Jas. A Dawson.

M.D. Annual Meeting Saturday Afternoon

A special invitation is extended to the ladies of the District to attend the annual meeting of the ratepayers of the District to be held in the Masonic Temple, 10315-102th Ave., Edmonton (one block south of Jasper Ave) on Saturday, the 19th of February, commencing at one o'clock in the afternoon.

Reminder, matters pertaining to Local Self Government are as important to the ladies as they are to men. Make a point to be present.

WO1 EARL D. SHERMAN

At a ceremony in No 2. A.O.S. drill hall Monday, Air Vice Marshal Newman, presented gold operational wings to WO1 Earl D. Sherman, of Fort Saskatchewan, staff pilot at No. 2 A.O.S.

WO1 Sherman served in the R.-C.A.F. for three years and completed 30 operational flights with 166 Squadron of Wellington bombers in the Middle East. He has been on the staff at No. 2 A.O.S. since last May.

Bremner Hall Meeting

The annual meeting of the Bremner Community Hall Association will be held in the Hall on Monday evening, the 21st of February. It is hoped that everyone interested in the Association will make an effort to be in attendance.

Secretary, J. Johnston, on Sunday.

Good Hope Boost Mr. and Mrs. E. Magee

The Goodwill Sewing Circle entertained at a miscellaneous shower at the home of Mr and Mrs. A. Beaber to honor of Mr and Mrs. Elmer Magee.

Games and contests provoked much enjoyment during the evening. A short wedding was performed. Those taking part were very appropriately dressed. Linda Isreal, the shy sweet bride, Mrs. F. Johnson, the handsome groom. They were attended by Mrs. G Petrie and Mrs. R. Todd as bridesmaids, Mrs. A. L. Beaber and Mrs. A Bergeseon were [illegible] Wm. A Henderson in bouncing attire, read the marriage vows.

Following the ceremony, Mr. and Mrs. Magee were presented with a large basket of lovely and useful presents. In a few well chosen words the bride and groom thanked their many friends.

At the close of a very entertaining evening, a dainty lunch was served.

Mr. and Mrs. Basie Cranston entertained the members of the Happy Gang last Thursday evening. Many interesting and educational games were played, which proved enjoyable to everyone

The next regular meeting of the club will be held at the home of Mr. and Mrs. E. Ritter on Thursday, Feb. 24th.

Mrs. Cranston served a very dainty lunch, following the social activities.

Mr. and Mrs. Claire Millenbacher, of Edmonton, visited with Mrs. Millenbacher's parents, Mr. and Mrs.

Letter to the V. I.

From Men in the Forces

Mrs. Black and Ladies of the Womens' Institute,
Dear Ladies,

I received your parcel today and must hasten to offer my thanks. I have sent quite a few of your parcels being packed and sent overseas at Christmas time However, now for the first time I realize, how pleasant they are to receive. The box arrived in excellent condition with nothing out of place. The bag of raisins was an especial treat.

I had several letters from home today with a lot of the Fort news. It was wonderful to hear about Omer Williston.

Our weather too has been very nice never too cold and not too much rain either. I haven't done much work yet but that's not my fault, it's because they don't need us just now I guess.

The Canadians have all been treated very well by the post office in the last few weeks. A lot of the parcels are sent by organizations like yours throughout Canada. They make Christmas a good deal more like old times. For that I am most appreciative. Again thank you all.

Your sincerely,
Bob Thorne.

Clover Bar Boy Receives Parcel

Dec. 20th, 1943.

Dear Mrs. Ryan:

I received a parcel today from your branch of the Red Cross and would like to take this opportunity to thank you and the other ladies for your kindness. Even if taste of the delicacies didn't linger in my mouth, the thought that I was so favorably remembered would be in itself a great comfort to me. It is a great work you ladies are doing for Canadians overseas, boys from all over Canada received parcels from the Red Cross this year. I have been overseas nearly a year now and I am getting used to the blackout, and occasional air raids, but probably the hardest thing to get accustomed to is the rationing, and it is quite a change from our Canadian standards, but I guess this is to be expected in England at war. Well space is limited, so thanking your branch of the Red Cross for its generosity,

I remain gratefully,
David Hee.

A Parcel From Home

Pte. Morris Pratt, Base Ordnance Workshops, England, has contributed the following poem, which was reproduced in last week's issue of the "Hants Journal" of Winsor N.S. It is a timely theme and one which will be read with interest by the ladies who have undertaken the task of packing the Christmas Boxes for Canadian boys overseas. "This," write Morris, "is supposed to have been written by one of our chaps." Whoever the author, he has made up in appeal any lack of his verse making.

A PARCEL FROM HOME

Oh, it isn't so much the chocolate bar,
Or the package of chewing gum;
It isn't the smokes or the book of jokes
That cheer when you're feeling glum;
It isn't the can of pork and beans
Though the taste is certainly grand,
Or the milk or jam, though they seem to a man
Like a bit of Canada Canned.
No, these are and the
things
In that parcel that comes from home,
That isn't the part that cheers the heart
Of a man when he's all alone;
When you come to camp and a parcel's there
From the folks far over the sea,
The feeling that stays through the endless days
Is, someone remembers me.
Oh, a parcel from home just hits the spot
In a way you never will know,
Till you've stood in a queue and it came to you
And the Corporal answers, "NO".
There's nothing today, I'm sorry Bud;"
If you saw us you'd be surprised
As we turn from our place with a saddened face
And—the wind is hurting our eyes.
There's a lot of the boy left in every man,
So it isn't the gift you send,
It isn't the value of razor blades,
Or lighter or fountain pen,
It's just the thought that you've not forgot
In the time we've been away;
Now I'll have to close and say."Do you s'pose
There's a parcel for me today?"

Grain Mites Causing Losses in Stored Grain

Heavy damage to farm grain this winter is feared. J. L. Engleman, Supervisor of Pest Control, believes that many farmers may be disappointed when preparing to make delivery of grain which has been stored for a considerable time. All bins of grain, and particularly wheat, should be examined at once in order to see that mites are not active in them. Cases have recently come to light where heavy losses of grain which were thought to be safe as a result have been reduced to unsalable refuse because of mite infestation.

The presence of mites can be detected readily. A rod, or better a rod with a thermometer attached, can be used to probe the bin in several places especially towards the centre and directly beneath any roof leak. In this way crusting, heating and damp conditions which are indicative of mite damage can be located. If just a rod is used it should be left in the grain for about ten minutes, then felt with the hand when it is withdrawn. Destruction of this pest is surprisingly rapid and complete, and unless detected and counteracted promptly, serious losses will occur. Grain which was stored in a damp condition, and grain stored with considerable green weed seeds are especially vulnerable.

Mite damage can be arrested by shovelling or sifting the grain from one bin to another in cold weather. A fanning mill or a power driven grain elevator, from the floor of which a section has been removed and replaced by a section of screen, is very effective. The more the grain is aerated, screened and moved the more effective is the treatment and the more lasting the results. All screening should be destroyed. They are a source of reinfestation. It is dangerous to feed "mitey" or mouldy grain to livestock.

C.G.I.T To Hold Vesper Service

C.G.I.T. senior group met at the home of Mrs. Hooper on Monday evening Fall-owing the usual prayer circle our meeting was opened with the "Purpose"

New officers were elected to fill three vacancies in the executive.

Vice President, Mary Smith
Librarian, Norma Flintoff.
Press Correspondent, Wylla Davies.

Further plans were made for the C.G.I.T. Vesper service to be held on February 20 at 7.30 p.m

It was moved the group send $5.00 to the Canadian Fund

Plans were made for a supper meeting to be held at Jackie King's on Feb 23.

It was decided that we send back our present stock of library books and have them reserved by a new collection. All library members are requested to return the books they have out by Feb. 23. This will enable us to get the new supply as soon as possible.

An interesting and instructive movie was given by three of the members, Jean Pappe, Phyllis Johnson and Rhoda Lawrence, on "Seek Truth". The meeting closed with "Taps" and a "Camp Clap" for Mrs. Hooper

PLAN TO MAINTAIN HOG PRODUCTION During 1944 and 1945

Every good quality hog that can be produced during the next two years will be needed.

The current bacon contract is for two years. It guarantees bacon prices and the delivery of 900 million pounds of bacon over the contract period. To help Britain maintain her present weekly ration of 4 oz. for each person Canada will try to deliver 600 million pounds of bacon this year.

IMPROVE QUALITY

Quality premiums of $5.00 for each Grade A carcass and $2.00 for each Grade B1 carcass have been authorized. They increase the net profit in hog production and emphasize the urgency of improving quality to protect the store-the-war position on the British market.

Hog Production is Profitable

After allowing reasonable feed allowances and liberal overhead charges to cover all possible costs the following net returns can now be expected from feed grains fed to hogs

Wt. of Hog Live Lbs.	Selling Price per 100 lbs. dressed	Value of Hog	Quality Bonus B1 Grade	Returns per Hog	Returns for grain	Value of grain per 100 lbs.
200	$15.00	22.50	2.00	24.50	17.50	1.75
225	15.50	25.13	2.00	27.13	18.13	1.63
250	16.00	24.00	2.00	26.00	19.00	1.90
225	16.50	24.75	2.00	26.75	19.75	1.90
300	17.00	25.50	2.00	27.50	20.50	2.05

Grade A hogs on which $5.00 Quality Bonus is paid will return an additional 10c. per hundred for the grain used.

For further information consult your Provincial Department of Agriculture, Agricultural College, nearest Dominion Experimental Farm or Live Stock Office of the Dominion Department of Agriculture.

War Stamp Drive

Results of the Food Industry's War Savings Stamp drive for North Alberta show another $10,180.00 added to $16,208.00 for the first week, making a total of stamps sold to date $26,466.00

With two weeks still to go, it would appear that the objective of $40,000 is assured, and with continued enthusiasm, this figure should be greatly exceeded

Most country posts are responding admirably but there are still about a number of committees still to be heard from

The North Alberta Food Industry Chairman, W. S. Foster, is hopeful that the quota will be exceeded by from $10,000 to $15,000

World of Wheat

by
B. G. L. Strange

THE LACK OF AN INCH MEANT MILLION TO PRAIRIE FARMERS

This is a tribute to an outstanding Canadian farmer-Dr. Seager Wheeler of Rosthern, Saskatchewan

As a boy, young Wheeler was refused by the British Navy because he was one inch too short. He emigrated to Canada, homesteaded, and became a seed grower.

Dr. Seager won the world's championship for Wheat five times. He is the producer of the best strain of registered Marquis, the famous 10B. He is also the original discoverer of Red Bobs Wheat, which today occupies 30% of the entire wheat acreage of Alberta, and when harvested, becomes of untold millions of extra dollars to prairie farmers. It is no doubt correct to say that for his years of hard work in selecting and re-selecting Red Bobs, Dr. Wheeler has not made one penny profit, but he has received something far more precious that money—an honorary Doctor's degree from Saskatchewan University, the high respect, esteem and acclaim of his fellow farmers, and a membership in the Order of the British Empire, a high honour recently conferred on him by the King.

Had Dr. Wheeler as a boy been an inch taller, he might today be an Admiral, but the lack of that inch turned him into a farmer, much to Canada's profit.

Fultonvale News

On February 11 many friends and neighbors dropped in to surprise Mr. and Mrs. H. P. Miller who are leaving the district in the near future. Mr. Miller came to Fultonvale in 1903 with his parents and married Miss Maud Sandford in 1915. Since then they have lived here and raised their family of four girls and one boy. As a token of esteem and with many good wishes on behalf of all, Miss Carol Williams presented Mr. and Mrs. Miller with a walnut and Mr. H. Boyce and others gave short addresses. All those present enjoyed a program of fine music by Mr. and Mrs. Carl Klarner and Mr. John Miller. Mr. and Mrs. Lang and Mr. Boyce wish to thank all those who helped make this evening such a fine success.

x x x

Mr. Gus Fiffkie is becoming quite a fine violinist, keep on practicing Gus.

x x x

We notice the Spitzer boys have acquired a dandy little Ford and they are often seen steaming along the high-way.

x x x

News received from overseas: Jack Lynn and Joe Portas are with the Canadians in Italy and Africa. The Cosdwill Club has received many nice letters from our boys and in one from Joe Holland he wishes to be remembered to all his friends.

x x x

The district has lost another old-timer in the death of George Portas.

Letter to the Editor

Ardrossan, Alberta,
Feb. 9, 1944

To Editor,
Fort Record,
Dear Sir

In accordance with your request for expressions of opinion as to whether the millionaire is a benefit or menace to mankind, I wish to express my views as follows—

One who creates millions out of industry must either charge the public too much for the article he manufactures, or underpay his employees, or maybe both. At any rate anyone who takes millions out of circulation causes depression. If this money were left in circulation it would pass from one to the other and keep business moving, but these millions pile up in the hands of one person, which is more than he can spend, is usually put out at interest, and is finally invested by someone who never even started an industry, but will live in luxury and idleness, without ever doing anything useful on earth. Some all goods, food, clothing, etc., must be produced by labor, for everyone who consumes labor and produces nothing, someone else must produce double. Therefore, if there are many of these labor's do not see how the farmers can ever hope to get an eight hour day, at $1.00 per hour, and vacation with pay instead of the usual sixteen hour day at 5c per hour.

As for the gifts to charitable institutions. I do not think institutions necessary to the welfare of the public. They should not have to depend on charity, but be amply supplied by the government to whom all excessive profits should belong since the government has to take care of the unemployed, just as they had to take over the railroads when they became a liability because of the car, the manufacture of which caused many millionaires.

However, genius is to invent, and leadership to create industry should be rewarded, but not beyond what one needs to use in a lifetime, since the holding of such wealth by one or any group of persons gives them dictatorial powers over his fellow-men, whether he be angel or otherwise.

Sapiyan.

x x x

Charley Wood, signalman in the Navy, stationed at Halifax, was called back before his leave was up.

x x x

West Salisbury hockey team beat Looma at Mitchell's lake. The score was 6-2. It was quite a tough game and there were about five boys hurt on the ice.

x x x

Lorne Ostrevell is confined to his bed with Scarlet Fever. Hurry and get well so you can go back to school.

x x x

Wm. Hosford is back from the East and the annual Hotchels-Frohaus meeting.

x x x

Congratulations to Miss Una Hunter and Mr. Dan Boothe on their recent engagement.

A WEEKLY EDITOR LOOKS AT Ottawa

Written exclusively for the weekly newspapers of Canada

Welcomed by the Bench and Bar when he presided over the Supreme Court for the first time on February 1st, Chief Justice Rinfret said the near future "might bring new relationships between the individual and the state which would call for development of new concepts for Jurisprudence by the Bench and Bar."

. . . The Swedish Minister to Canada still has no headquarters in Ottawa other than rooms at the Chateau Laurier . . . . . Still in the "iden stage", consideration for which was recommended by the reconstruction committee, is a national zoological garden for Ottawa. . . . . Because they were fed up last session on the difficult eating problem in the capital, Chas. Johnson and Robert Fair, Social Credit members from Alberta, brought their wives along this time. . . . . The Munitions Department plans buying 200 bones in the United States for resale to essential transportation services, with deliveries likely for 1944 or early in 1945. . . . The faintest star yet known, a mere 114,685,840,6000,000 miles away, though reported by some much larger "scopes, can't be seen by the Dominion observatory in Ottawa with its telescope less only 15-inch.

* * *

The low death rate of less than 25 per 1,000 Canadian soldiers during the official malaria season in the Mediterranean area can be traced, Canadian Army officials say, to Mepacrine tablets. Over two million of the little yellow tablets were issued. These are among the little things you don't hear much about in the big flurry of war.

* * *

Recently movie big-wigs were in Ottawa to preview "Madame Curie" for Dean C. J. Mackenzie, Acting President, National Research Council, and staff at the National Research building. Films are about ready for the gala premiere of the great film in Ottawa and the Rideau Stars are, of course, Greer Garson and the Canadian-born Walter Pidgeon. Canada is now the world's largest producer of Radium, so we are especially grateful to the Curies for the government is lending its name to the premiere. Walter Pidgeon will be remembered for his help in putting over Canadian Victory Loans.

* * *

You help me and I'll help you, was Munitions & Supply reveals that the temporary restrictions on the delivery of coal have been suspended in the four western provinces. It has become possible to ship greater amounts of western domestic coal to shortage areas in nearby western States to relieve pressure on their mines. But in view of our still heavy requirements in Eastern Canada for coal from the United States, this reverse movement in western Canada is quite a pleasing development.

Whitemud News

On Sunday Whitemud and Namao hockey teams really ganged-up to play Ellerslie on their home ice. The game was fast and clean, and Whitemud-Namao aggregation won 6 to 1.

At the end of the second period the game was tie 1-1. In the third period the visitors put on the pressure which netted them 5 more goals, ending with a victory of 6-1.

Whitemud and Namao will play Beaumont, Sunday, Feb. 20th.

Whitemud School Club held a very successful dance on February 11th, in aid of the Red Cross. The sum of $10 has been forwarded to the Red Cross.

Local News

Attention all C.G.I.T. library members. Please return all library books by Feb. 29. The present supply of books are to exchanged for a new stock, in the near future.

Mrs. E. Stuart Taylor has just received word that her brother, Captain I. B. Handley, who was made a prisoner of war by the Japs in the Gilbert Islands in 1942 is dead. His death occurred sometime during 1942. Captain Handley, who retired from the Merchant Service was visiting for a ship to take him home to Sydney, N.S.W., when he was made prisoner.

Mr. and Mrs. Donald E. Mellott, of Bremner, are receiving congratulations on the birth of twin boys, Alfred Ernest, Allan Roy.

Messrs. Harvey Thorimbi, Ovid Bolajoli, Art Simmons and Guy Armstrong carried six games in the British Consol's playdown, winning 2 and losing 4.

The Girl Guides have made final arrangements for the 'Child Nursery' which will be held on Saturday, Feb. 19th, at the home of Mrs. Chesmore at 2 p.m.

The children here will be given best of care by the Girl Guides, and also other people will be present. We'd like to help you to our utmost so we'll greatly appreciate your coming.

Mr. Stanley Hambly, of Open, is a visitor to the Fort, at the home of Mr. and Mrs. J. D. McLean.

"You're In The Army NOW!"

The Local reserve unit will hold church parade at the First United Church, this Sunday at 11 a.m. "Muster" parade at 1 p.m. Uniform: anklets, greatcoat, cushion cap, no web equipment.

Partridge Hill NEWS

At the annual meeting of the Partridge Hill Mutual Telephone Co., Mr. C. W. Meyer was re-elected President. The following were elected directors; Messrs. Art Whitton, Emil Hiller, E. E. Lawrence, Frank Kulak, F. M. Whitton, A. Kulak, and R. H. Mohr.

Mr. Willard Allen attended Prohibitory in Edmonton this month.

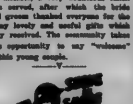
Mrs. R. Warring was February hostess to the monthly meetings of the Ukrainian Relief Guild and the W.A.

During the afternoon Mrs. Warring was presented with a Life Membership and gift to the Womens' Missionary Society. In replying, the recipient stated that next month would mark the twenty-fifth year for her, as a member of the W.M.S.

At the close of the meetings, a tasty lunch was served by the hostess.

Mrs. Hohl, our school-teacher, had her brother, Mr. Stark, from Prince Rupert, B.C., visiting her, recently.

Mr. and Mrs. John Fisher, were hosts to a large number of friends and neighbors at the Partridge Hill hall on the evening of Feb. 8th, for the wedding dance of Mr. Johnny Fischer and his bride, the former Miss Mary Pentol. The evening was enjoyably spent, everyone entering into the merriment of the occasion. At midnite, a very bounteous lunch was served, after which the bride and groom thanked everyone for the many lovely and useful gifts which they received. The community takes this opportunity to say "welcome" to this young couple.



We wish to thank—

the citizens of Fort Saskatchewan who supported us in the recent election. We will endeavor to carry out a program for the betterment of the Town and Community.

C. R. W. MAGER

Weddings

WILLIE-FLUKER

Beaver Hills United church was the setting for the marriage Saturday, Feb. 5, at 4 p.m. of Miss Doris Irene Fluker, daughter of Mr. and Mrs. Wesley Fluker, and Warrant Officer Vernon John Willie, son of Mrs. Albert Bucher. The Rev. E. H. Birdsall officiated.

Given in marriage by her father, wore a floor length gown of white, velvet tufted satin, embossed with a sweetheart neckline, long, close fitting sleeves, and a full skirt. Her full length veil was arranged in her head with a wreath of lily of the valley and she carried a bouquet of deep red roses and carnations.

Miss Vida Fisher, sister of the bride, and Miss Evelyn Ralberg, an bridesmaids, were floor length frocks of ice-blue sheer. They carried bouquets of pink and white carnations. Elaine Bignal, niece of the bridegroom was flower girl, wearing a pale pink sheer frock. She carried a colonial bouquet.

WO. H. Gow was best man and LAC. Roland Mohr was usher.

Mrs. E. Hicks played the wedding music.

During the signing of the register Mrs. C. Thomas sang "Because."

A reception was held at the home of the bride's parents after the ceremony. Receiving with the wedding party, Mrs. Fisher wore a dress of chocolate brown crepe with gold accessories and a corsage of white carnations. Mrs. Bucher wore a turquoise dress of blue crepe and a corsage of Red Roses.

The bride's table was set with a frosty-white damask cloth, centered with a tiered wedding cake and white tapers. The Rev. E. H. Birdsall proposed the toast to the bride.

The bride was served with the R.C.A.F. overseas for two years as a fighter pilot and is at present stationed at West A.O.S. The couple will make their home in Edmonton.

FISHER-PETZOT

A quiet wedding took place at 1 o'clock, Saturday, Feb. 5th at Genes Lutheran church in Edmonton, when Miss Mary Pentot, one of the youngest daughters of Mr. and Mrs. Gerhard of Tomahawk, Alberta became the bride of John Ivan, eldest son of Mr. and Mrs. Peter Fisher of Fort Saskatchewan, Alberta.

Rev. C. Baron of Beaver Hills Lutheran church officiated.

The bride looked charming in a floor length gown of white sheer. The full gathered skirt was attended to an embroidered waist by means of a headband set in ball. She wore a chapel veil held in place with a coronet of gardenias and carried a bouquet of pink roses.

The bridesmaid were Miss Irene Pentot, twin sister of the bride, and Miss Marjorie Fisher, sister of the groom. They were becomingly dressed in street length versions of the bride's dress in baby blue plaid and Queen's blue, respectively, and wore pearl, flowers of the same shade.

The groomsmen were Mr. Samuel Fisher, brother of the groom, and Mr. Wilfred Nomsdorf.

After the ceremony the bridal party motored to the Tomahawk home of the bride for the wedding supper. To receive her guests Mrs. J. Pentot wore a gown of sage Mrs. John Fisher, mother of the groom, wore a blue triple sheer dress. About forty guests sat down to supper at a table equipped with a three tiered wedding cake.

A dance was held that evening in the Tomahawk hall where many friends gathered to bid farewell to the bride and to congratulate the groom. They drove to their new home on Sunday, accompanied by their party. Another dance was held at Partridge Hill hall Tuesday, Feb. 8, to entertain old friends and new of Fort Saskatchewan district. At both affairs they were recipients of many beautiful and useful gifts for which they extend their appreciation.

After a tiring week of showers and dances and driving, they settled down to life on the groom's farm recently purchased from J. R. Webb of Partridge Hill. Our sincere wishes go with them.

Wye District News

Mrs. Lester McGhan and children have been confined to the house with sickness.

Mrs. J. Armstrong had her brother, Robert Armstrong, his wife and baby daughter, from Jarvis, visiting her for a few days last week.

Mr. R. H. Bailey has returned from a business trip to the East and reports a good trip.

Excuse he had the pleasure of visiting with his nephew, Dr. Allen Bailey, in Quebec, and also had a short visit with his son Dick, in Saskatoon, who is in the Air Force.

Charlie Whitson of the Mundare made a short visit to his home this past week.

Johnnie Wonderly who is working in Edmonton, is a frequent visitor at his home in Ardrossan over the week-ends.

Clover Bar News

A few of Mr. and Mrs. Howard Harrigan's old friends from Ardrossan and Bremner made a surprise visit to them and spent a pleasant evening in games and dancing.

Among those present were: Mr. and Mrs. Norman Matheson and Angus, Mrs. Tom Hankes and Marjorie, Mr. and Mrs. Bill Purdy and children, Mr. and Mrs. Douglas Fisher and Dorothy Gardiner, Mr. and Mrs. Arthur William Gordon and Donald, Marion Collins, Gretta Gardiner, Harold and Gladys Gardiner, Arthur Horton and Walter Horton.

School Flashes

HOCKEY—The game which was to be played with Chipman last Wednesday postponed because of the cold weather.

The High School team will play a game with Leduc on this Friday, Feb. 18, at 8:30.

The war savings drive has reached a new total of $288.17.

The savings per grade are as follows:

Grades 1 and 2,	$12.50
Grades 3 and 4,	28.00
Grades 5 and 6,	16.50
Grades 7 and 8,	11.00
Grade 9,	17.50
Grade 10,	6.75
Grade 11,	8.50
Grade 12,	7.50

There are no school activities left to organize, and the overwhelming will to do more homework. Can it keep up to the end of February.

Canadian Red Cross supplies being carried aboard one of Canada's fighting ships. Among the Red Cross gifts carried by all Canadian navy ships are survivors' bundles with which to completely outfit from head to feet rescued sailors picked up on the high seas.

Canadian Red Cross Must Have $10,000,000 to "Carry On"

The Canadian Red Cross National appeal for $10,000,000 opens on February 29th, when the people of Canada will be asked to contribute just as much as they possibly can to make this objective a certainty.

Coming into the fifth year of a wide-spread war, with more Allied countries desperately in need of supplies and comforts of all kinds, the Canadian Red Cross is stepping up production in every department to meet requisitions as they come in.

This year there are more prisoners of war $5,500,000 must be spent on food parcels alone, with an additional $1,000,000 for parcels for Allied Red Cross Societies.

Dried blood serum is growing in importance with the advance of our armed forces, and $750,000 will be required to keep this vital service functioning at top speed, as it must.

Hospital supplies and comforts for the Forces require $1,000,000.

With a growing feeling that the war may be coming to a close, there is an ever-increasing need for concentration on Red Cross supplies. The peoples of the occupied countries have been robbed of their possessions. They have literally nothing. With the ending of hostilities, Canadian Red Cross relief will be faced with an extension of her war services.

Peacetime commitments have been kept up, with regard to nursing and first aid outpost hospitals and public health. To meet any eventuality, Canadian Red Cross must stand prepared.

There has never been a time in the history of Canadian Red Cross when there was a greater need for the all-out support from loyal Canadians. Last year the objective was reached . . . and passed

This year the need is greater. Canadian Red Cross is the living link between Canadians at home and the overseas. Keep mercy on the march!

Whitemud Local A.F.U. Present Play

STRAIT IS THE GATE . .
Rev. Elliott H. Birdsall, M.A.

Under the impact of Jesus' presence, especially during his last week, men and women made important decisions. They made choices between things as different as treason and triumph, anguish and joy, hell and heaven. They did not always make the better choice, but they did choose, and they entered into the kind of life their decisions involved. One criminal, seeing Jesus on the cross, saw the living truth and died a man; the other, aware of nothing but his own discomfort, cursed Jesus and died without ever becoming a person. Pilate, conscious only of his job, his purse and the annoyance to him by centering in Jesus, tried to brush the matter aside without a decision and in doing so made a decision that condemned himself. The centurion, doing his brutal duty, but without anything to gain or lose from the death of Jesus, looked at him as man to man and came to a conclusion echoed by thousands in every country since. Truly this man was the Son of God!

During the Lenten season let us read that story of Jesus' last week again and again, watching closely to see what people did and thought and decided and chose in his presence. In doing so we shall not only profit from their experiences, but also find that we too have important decisions to make in the presence of "that strange man upon his cross".

"Are you engaged to Harold?"

"Yes, I have promised to marry him as soon as he has made his fortune."

"That isn't an engagement, that's an option!"

"You look sweet enough to eat," he whispered soft and low.

"I am," she said hungrily. "Where do you want to go?"

When buying or selling—see The Fort Record columns.

The concert and dance at Whitemud Friday, Feb. 18th, was the most successful ever held at the school Some 400 adults and children witnessed the Premiers performances of an original play, written, arranged and produced by the younger members of the Whitemud Local of the Alberta Farmers' Union. It was a scream from start to finish. At times the players had to wait till the audience got over bursts of laughter before proceeding. A very lively pip on the stage stealing "the Widow's" efforts to catch him was extremely hilarious. Every player was an individual character and the "Judge" himself brought forth gales of laughter. If anyone want a good laugh, by all means see this play if it ever comes you way. The players have signified their willingness to present this play under the auspices of the Alberta Farmers' Union within a reasonable distance from home. Lunch was served immediately after the show, the floor cleared and with the help of Norman Brown's orchestra, a very enjoyable time followed.

Curling Notes

Bobby Thorne rink won the Evans' cup last Thursday night by defeating the old maestro Arnold Carscadden quartet. This is the second occasion that the Carscadden has been nosed out of the coveted trophy.

Thorne rink: Ovid Bolajoli, H. Syren, E. Thorne; Carscadden rink: Wm. Dizon, D. C. Lyons, C. P. Brabant.

Two rinks from the Fort are participating in the Westlock spiel this week. Up until press time, it was not reported how the boys were making out. Those making the trip were: S. Thorne, H. Thorrisnit, Guy Armstrong, Roy Wilson, G. Evans, Art Simmons, Ovid Bolajoli, J. Geaf.

SEND IN THE NEWS—

Local Red Cross Organizes for Drive

The following is the local committee who will be assisting in the drive for funds for the Red Cross. The campaign commences Feb. 29th to March 15th and everyone is expected to give to the limit as no larger amount than previous donations are going to be required.

Chairman, J. D. McLean; Committee: F. H. Walton, A. M. Carscaddon, A. B. King, J. S. Wright, P. A. Morel, W. A. Graham, M. L. Stetson, Wm. Sime, Wm. Gillison, J. B. Webb, T. A. Wall, A. Underschultz, Father Gautelier, Lord Rodney and Percy Williams.

An organization meeting is being held March 1st so that the districts can be thoroughly organized.

The local branch of the Canadian Red Cross wish to announce to those interested, that another shipment of wool and sewing material has been received.

The last parcel of knitted goods sent to headquarters from this branch, included a large quilt donated by the Yorkville U.F.A., and 12 new blankets from the Fort W.I. The Edmonton Depot send their special thanks for these articles.

Many thanks are also extended to the C.G.I.T. who so kindly donated their services in the check room at the Red Cross dance; and to the Girl's of A.A. for their contribution of $5.00. six years old.

Receive Promotions

W.O2. FRED S. DENNIS

Word has been received by his parents, Mr. and Mrs. Henry Bassin, of Fort Saskatchewan, that their son, Flt.-Sgt. Fred Dennis has been promoted to rank of W/O2

P.O. WALTER SHERMAN

who has completed more than 30 operational trips, recently promoted to the rank of Flying-Office, according to word received here from England.

Clover Bar Curlers Win Spiel Prizes

Curling has been the sport of the day around the district. S. Smith and W. Ven Camp won prizes at the recent Northern Alberta Bonspiel.

Mr. Sam Findlay has returned to work again after recovering from a broken shoulder.

The recent "Bean Social" held under the auspices of the W.A. was a very successful event. The evening was spent with games and finished off with beans, pie and coffee.

The committee in charge of the arrangements was, Mrs. Hutton, Mrs. Clark, Mrs. Harrpert, Mrs. McKinnon and Mrs. Smith.

Mr. Hal. Findlay left recently for Swift Current where he has been posted with the R.C.A.F

At the last Red Cross meeting it was decided to have a macmeals dance on Feb. 26.

The new Work Convenor, Mrs. Davis, distributed a good supply of work.

Mrs. Lees is expected home again soon after spending a month or so at the home of Mr. and Mrs. Jeffrey of Sunnyside.

Mrs. F. Daly entertained in honor of her daughter Florine, who was

N.D. of Strathcona Annual Meeting

Minutes of the Annual Meeting of Ratepayers of the Municipal District of Strathcona, No. 217, was held in the Masonic Temple, Edmonton, on Saturday, the 19th day of February, 1944.

The annual meeting of the ratepayers of the Municipal District of Strathcona, No. 217, was held in the above date

The meeting was called to order at the statutory time one o'clock p.m. with only six ratepayers in attendance It was decided to defer the business of the meeting for thirty minutes so as to afford an opportunity for more ratepayers to be present.

At one thirty o'clock with some sixty persons present the Reeve called for nominations for the office of chairman of the meeting.

D. J. Christie and J. B. Ritchie were nominated Mr. Ritchie withdrew his name leaving the position to Mr. Christie

The receipts and disbursement resumes of the auditors' financial statement were read item by item and explanations given.

In order to speed up the business of the meeting it was duly moved by J. B. Ritchie and seconded—That the remainder of the Auditor's Report be taken section by section and explanations given somewhat any item only when requested. Carried.

Gopher Poison Free to Residents

In the matter of the distribution of gopher poison, the following resolution was moved and seconded.—That a supply of gopher poison be obtained by the Council and made available for distribution free of charge to residents of the District.

Speaking in support of this resolution it was pointed out that gophers recognized no property boundary lines and that it was unfair for one farmer to spend his own money to get rid of the pest when his neighbour across the fence did nothing. It was covered that the most effective way of exterminating them, or even keeping them under control, was to make the poison free to all ratepayers so as encouragement to those who took the trouble to not out the poison. It was also felt that this was the most equitable way of taking care of the cost.

On a vote being taken it was defeated carried.

A suggestion that the Council assume responsibility for the poisoning of gophers on the road allowances did not appear to receive favorable consideration.

Bank to Control Warble Fly

Control of the Warble Fly was the subject of a prolonged discussion, and the same arguments for distributing derris powder free were much the same as those that prevailed during the gopher poison debate. It was opined that the most satisfactory method of control was to destroy the fly when in the grub stage after it had reached the back of the animal. As in the case of the gopher to make the treatment effective it should be done by every stock owner. Moved by J. Williams and duly seconded,—That Warble Fly powder be acquired by the Council and distributed free to stock owners in the Municipal District.

Warble Fly Free Area

It was further moved by E. M. Ritchie, seconded by J. W. Hosford,—That this meeting request the Provincial Government to declare the Province to be a Warble Fly free area. Carried.

Coyote Menace

Another farm pest, the coyote, was also the subject of a keen discussion when Geo. Fuck, seconded by H. Boyce moved the following resolution,—That this Municipal District increase the Provincial Government's bounty for coyote pelts by two dollars per pelt.

It was quite evident, from the stories that were related as to how this predatory animal was increasing in boldness and numbers in the brush areas of the Municipal District, that

(Continued on page 4)

Town Council Hold Inauguration Meeting

The inauguration meeting of the Town Council was held Monday evening in the Town Hall. Present: Mayor C. R. W. Mager; Councillors Chas. Glover, Chas. F. Lowe, Dr. W. A. Johnstone, J. A. Dawson.

Mayor Mager in a few words welcomed the new members to the council

It was decided to hold the regular Council meeting on the fourth Monday of each month at 8 p.m. in the Town Hall.

J. A. MacIver, A.C., of Edmonton, was appointed assessor for the year 1944 at a remuneration of $125.00 per year. The law includes four audits of the town books and the annual audit of the school books

Chas. F. Lowe was appointed deputy mayor for the next ensuing three months.

A petition, signed by a number of interested ratepayers, asked the Council to have the street light replaced on Burn's street.

Several lots were sold for garden purposes at the usual fee.

Considerable time was spent discussing ways and means of collecting rents from families living in town owned houses. It seems that these families in question, have been arranging town taxes and rents for years and still remain on the property, despite the fact that members of the families are working.

It was intimated that action would be taken shortly

Following out the resolution at the annual meeting, the Council will contact a capable assessor to make the new assessment this year. Three names were submitted to the council, who will get in touch at once with these men so that the job may be done as soon as possible.

A letter received from W. W. Burkett, re. the town dumping nuisance in the hole on his property was read. It was pointed out, by the Chairman of public works, that it would cause once where a building had been removed and a hole left, the town had to see that the hole was filled.

So, rather than delay the action, and in the meantime have someone fall into the hole, or stagnant water collect to become a menace all summer, the chairman had suggested the hole be filled.

The matter was finally left in the hands of the public works committee to interview Mr. Burkett.

Committees of the Town Council

Finance—Chairman C. F. Lowe, all members of the Council.

Fire, Water and Light—Chairman A. J. Jacobs, J. A. Dawson, C. F. Lowe.

License and Police—Chairman W. A. Johnstone, A. J. Jacobs, G. Evans.

Public Works—Chairman Chas. Glover, C. F. Lowe, G. Evans.

Health and Relief—Chairman J. A. Dawson, W. A. Johnstone, C. A. Lowe.

Town Properties—Chairman G. Evans, Chas. Glover, J. A. Dawson.

Board of Health—C. R. W. Mager, Mayor, Dr. T. W. E. Henry, chairman, J. A. Dawson, A. H. J. Wooster, A. M. Carscaddon.

JOSEPHBURG NEWS

After a session of snow shoveling the local teams played two short games.

In the first game Butch's Barrels defeated Allen's Alleys by a score of 5-2. The second game proved to be a much closer game with the Game suffering their first defeat of the season. The victors were the Pillbox with a score of 8-1.

Mansfield team went to Bruderheim on Sunday and landed a 7-4 win over the home team. This was the third game Mansfield played with Bruderheim, the latter being the victors of the first two games.

On Thursday 24th, the local team will travel to Mundare to meet the Redeon team. Saturday evening, the Fort team will be visited by the local Mansfield team.

Ardrossan C.G.I.T. Entertain Mothers

C.G.I.T. girls were hostesses to the Mothers at a Valentine tea held in Ardrossan Hall. The girls provided a splendid program for the occasion. Piano solos, and contraltos, etc., were very much enjoyed by the visitors. Tea was served at a number of little tables daintily arranged with mats and cookies. Dorothy Parker, their past leader poured tea. After tea, a valentine box was opened, in which many valentines were exchanged among the girls and the honored guests. All enjoyed a very pleasant afternoon.

Mrs. Fred Reynolds gave her home recently for a farewell party in honor of Miss Margaret Alexander, who has joined the W.D of the Army. Around forty-five friends and school pals were in attendance. Frank Uren on behalf of her many friends spoke briefly and presented Margaret with a handsome gift, and wished her all kinds of good luck. Margaret thanked everyone for their kindness.

A Valentine party was held at the home of Mrs. Parker under the auspices of the Ladies' Aid. A large crowd assembled to spend a merry evening at games. A quiz and a contest were also enjoyed. Dainty refreshments, and a good old sing song. Lunch served a midnight brought a most enjoyable evening to a close. An offer collection was taken up which netted the United Workers a goodly sum.

Ardrossan Young Peoples' Society of the United Church gathered at the hall for a dance Friday evening. All report having a big time.

Miss Elsie Colbourne, of Edmonton, was a week-end visitor at the home of Miss Jean Rankin.

A number of the younger set motored to the lake to try out the toboggan slide in the west end. From all reports they had a big time.

The ladies report that the sewing classes being held at Baker school are interesting and worth-while.

The United Workers met at the home of Mrs. H. Dowling for their February meeting.

Mrs. Allan Wilkins has invited the War Service Guild to meet at her home on February 29th. The Guild extends a welcome invitation to any else who would care to join and help along the work as there is much to be done.

Mr. Ivor Gaskell and Miss T. Wall are guests of their parents, Mr. and Mrs. A. Gribbles.

Cpl. Stanley Heath has returned to Calgary after spending a week with his family here.

The community is pleased to report that Hamilton Heath is well and able to be back at work again.

Mrs. H. O. Anderson, spent a few days in the city the guest of her daughter, Doris.

Mr. and Mrs. Wardrop and daughter Joan, and Mr. and Mrs. Barker, of Edmonton, were the guests of Mr. W. Wardrop and Mr. and Mrs. E. Hanlon.

We are pleased to hear Mrs. R. Mackay is on the road to recovery after an attack of flu.

School Flashes

HOCKEY—In the game with Lamont on Saturday, the High School team suffered a 2-1 loss.

On Monday, after school, a three cornered practice carried out. With a few more practices we will be able to take Lamont or Chipman.

At present preparations are being made for a school party, to be held this Friday. There are also preparations being made for school curling.

The new war footage total is $1,015.50.

Many Buildings Would Still Be STANDING TIMBER but for THE BEAVER LUMBER

We effort and export quotas have taken such a great percentage of Canada's normal lumber production, that, in order to meet the civilian demands for essential articles, it was necessary to produce more lumber.

So, to supplement the production of the established operators, and to provide lumber for farmers to store grain and raise livestock, Beaver Lumber is providing new lumber yards, offering operators all assistance, in order to provide a market for the output of the local community — a sidelines of which we are justly proud.

Our customers, appreciating the situation, have responded the manner we have made available, always, what they would have — and have "made it do," knowing it was the best to be had.

To enable us to serve you better, you are invited to bring your building problems to your nearest Beaver yard, and if possible, let us be assured of receiving the best advice, guidance and materials available.

World of Wheat

by
S. G. L. Strome

Wheat Surplus Disappearing

A few years ago many were considerably alarmed about the Canadian and World wheat surplus. Today that wheat surplus is disappearing to the extent that the United States has become quite alarmed about it. They are borrowing their farmers to increase their output, and they are importing materials from foreign countries that will take the place of wheat, and they have planned to import no less than 170 million bushels of wheat from Canada during this current year.

On Aug. 1st, 1943, Canada had on hand in elevators and on farms, 631 million bushels. By Aug. 1st, 1944, I estimate that Canada will have on hand in elevators and on farms not much more than 400 million bushels, and that the wheat surplus held by farmers on their farms will be almost down to normal.

What a Godsend this large Canadian surplus of wheat has been to the war effort of the United Nations, and how fortunate it is for us all that we refused to listen to that International Wheat Committee and others who some years ago tried to tell us that we should artificially cut down our wheat surplus.

This all proves the truth of the opposing belief ever widely held throughout the world, that is to a wrong thing to destroy, or to control the production of, essential foodstuffs.

You will get more people at your Auction Sale if you advertise in The Fort Record—over 1200 circulation is one of the richest farming districts in Alberta. You get results by advertising in The Record.

Fallowvale Folk Enjoy Whist Drive

On Friday evening a very successful whist drive was held at the home of Mrs. Sutherin, when $6.00 was cleared for smokes for the boys overseas. Mr. Jim McMillan, acted as whist manager and Mrs. Sutherin presented the winners with suitable prizes. Afterwards the young and old alike proceed to the tennis supplied by Frank Hankins, Norman Young, and J. Grimsby. With the help of the ladies, Mrs. Sutherin served a delicious lunch. The evening was with a hearty vote of thanks to Mrs. Sutherin, and all joining in singing God Save the King.

Among those present were: Mr. and Mrs. MacMillan, Mr. and Mrs. Nettlemyer, and Elsie; Mr. and Mrs. Donaldson and Victor; Mr. and Mrs. H. Hankins; Mr. and Mrs. F. Hankins; Mr. and Mrs. Grimsby, Jim and Walter; Mr. Adams; Mrs. Carstairs, Mr. L. Smith; Norman Young; Norman Norman; Jack Pertzs; Bill Thomson; W. McGregor; John and Earl Kopfer; Misses Sylvia and Rosalie Norman; Florence, Irene, James and Floyd Sutherin.

Some of our young ladies went skiing one afternoon (when it was not being closed), and got very wet and hungry. They thank Mrs. L. Holland for the nice lunch. Those present were: Misses Irene Sommers, Peggie Long, and S. Holland. Cheese a cooler day, next time girls!

The Goodwill Club have invited Mr. F. M. Baker to come out with another lantern slide and lecture. Keep booking for the date, folks.

WEDNESDAY, FEBRUARY 23rd, 1944

The Power of Your Home Paper

The power of the weekly newspaper was amply demonstrated a few days ago when the Minister of Finance presented his budget to Parliament. Included in this budget was an appropriation of $325,000 for expended study by the National Research Council into industrial utilization of farm crops.

Chemurgy—the research into conversion of surplus farm crops to industrial uses—was practically unknown in Canada prior to 1939. In that year Cecil Lamont, representing the Line Elevator Companies, visited the principal research centres of the United States. His report convinced the Line Elevator Companies that a great field for expended industrial uses for surplus farm products was possible through scientific research.

The Line Elevators then pursued such a campaign for establishment of a Western division of the National Research Council attached to Ottawa, that new industrial and edible uses for farm products The Fort Record was solidly behind the advocacy of this plan designed to bring greater prosperity to agriculture. The judgement of the weekly press has been vindicated. Today we find millions of bushels of wheat and other grains being used for industrial purposes. The reduction in the burdensome wheat surplus has strengthened the Canadian wheat price from 70 cents per bushel to $1.25, plus what the participation certificates will finally bring to the farmer. The manner in which the weekly press has advocated what was merely an idea in 1939 has resulted in all political parties and farmers' organizations solidly supporting chemurgy. The Government is now making a substantial annual grant available to expand research into industrial uses for farm crops and has plans for the establishment of Western laboratories of the National Research Council after the war. The power and influence of the weekly newspaper for good works is indeed great.

The Canadian Legion held its first meeting of the year last Wednesday, when Mr. A. J. Wenstob was re-elected president.

The ratepayers of the M. D. of Clover Bar held their annual meeting last Saturday, on the memorial hall. A good attendance was observed.

The "Peppy Pals" group of the C.-G.I.T. held their regular meeting in the form of a social event, at the home of their superintendent, Mrs. Logan O'Brien.

Mr. and Mrs. I. McLellan and family, left today for Port St. John, where they will make their home

Mr K H Anderson, principal of Fort High School, will address Beaver Hill and Partridge Hill congregations next Sunday.

Unions Leap Year Dance Well Patronized

The pupils of Uneas held a Leap Year's dance. The patrons had such a good time that some from Edmonton asked when the next dance was going to be held. After mid-night the ladies took their turn at choosing partners and really put the boys to shame, even the walls were dancing Unfortunately there were some disappointed persons present and some of the refreshments disappeared.

Miss McNeil who is serving in the R.C.N.V.R. was home on leave last week.

A birthday party was held at the home of Mrs. E. Mellow and a good time was enjoyed by all.

Mrs. Sherwood left for a visit with relatives at Vilna.

Skating is getting to be a popular sport in the district. Young and old alike turn out.

Two boys were walking over the rink when Jack remarked, "Is that where they get the patterns for Jayne panties?"

"Sure," said Tommy, "That's how moving is done."

GOVERNMENT NOTICE
NATIONAL WAR LABOUR BOARD

Incorporation of Cost of Living Bonus into Wage Rates

THE ATTENTION of all employers in Canada, subject to the Wartime Wages Control Order 1943 (P.C. 9384), is directed to the provisions of the Order requiring them to establish for each of their occupational classifications, not above the rank of foreman, a single wage rate or range of wage rates as described by the rules set out in Schedule "A" of the Order by adding to the previous authorized single wage rate or previous authorized range of wage rates the amount of previous authorized cost of living bonus, and that such established single wage rate or range of wage rates shall be effective for the first payroll period beginning on or after February 15, 1944.

Employers who may not be paying previous authorized cost of living bonus as required by General Orders of the National War Labour Board, issued under dates of August 4, 1942, and November 5, 1943, pursuant to the provisions of the Wartime Wages Control Order, P.C. 9965, are required to include such amounts of cost of living bonus in the establishment of wage rates of their employees under P.C. 7307 as may be directed pursuant to such Order effective for the first payroll period beginning on or after February 15, 1944, as stated.

Franklin School Valentine Party Aid Red Cross

The sympathy of this and neighboring communities goes out to two families suffering the passing of dear ones: to Mr. and Mrs. Jack Purton and family, of Fallowvale, who mourn the loss of Mr Purton's brother, George, who died on Feb 6th, in the Mohr, and Mrs. Leopold Thomas had city, and to Mr Joshua Frith, of difficulty in awarding the prizes Minstik, bereft of his wife, Margaret Races of various types followed and Sarah Frith, who passed away on Feb. were keenly contested, each evoking 17th. keen interest from the spectators.

—V—

Lance Bombadier Norman is home on a short, urgent leave to visit his young daughter, Katherine, suffering from a sudden distortion of vision She is released from hospital for three weeks on condition that she be kept under strict observation and care at home We miss Katherine from Franklin school and want her back again soon, well and happy as ever.

Mrs. Harry Hankins has returned home from B.C., where she has been trying out the winter there No doubt, remembering last winter in Alberta, she believed, when she went away from us, that she was leaving us to fr-e-e-z-e-z under snow and tons of snow, but we doubt if she found in B.C. a winter more kindly than ours has been.

Another popular card party was held at the home of Mr. and Mrs. W. E. Griffin on the Saturday preceding Valentine Day. Seven tables were needed to accommodate the players. The children present needed neither tables nor cards, especially one extremely young couple, who, head to head seemed to find in each other sufficient entertainment, equally enjoying to that enjoyed by their elders. Oblivious of the changing of tables, partners and prizes observed by their superiors (?) these two lingered together all the evening, playing hearts are trumps, until sleep carried them away.

When the winners were decided and prizes awarded, an enjoyable lunch, prepared and served by the ladies, and made all the more enjoyable by conservation, brought the party to midnight. The collection for the Red Cross was $6.60.

In response to written invitations, parents and friends of the boys and girls of Franklin school were interested guests at a Red Cross Valentine party on the Monday afternoon. The entire programme was in the hands of the senior pupils.

The opening feature was the presentation by Division II of their competitive study of the peoples of China and Japan. This was followed by a programme of solos, duets, choruses and readings. Then came a number of games, a very acceptable change of action, especially to the younger pupils. Refreshments, prepared and served by the older girls, came next and were also acceptable. Then the valentines were given out and the happy party ended with a sale small articles made by the boys and girls for the benefit of the Junior Red Cross. The proceeds of this sale was amounted to $6.70.

West Salisbury News

The West Salisbury Ladies' Aid and W.M.S. met at the home of Mrs. Roy Stannard on Feb. 17. It was a very enjoyable meeting. The ladies are planning a bean supper to be held soon. The plans will be made at the next meeting. The visitor was Mrs. Syd. Gray.

Miss Ellen Gray has been very ill for the past six weeks. We all wish her a speedy recovery and that she will soon be back to work.

Mr. and Mrs. Ben Heidebaum were visiting Mr. and Mrs. Roy Stannard and Mrs. and Mrs. Jim Stannard.

Alice Miller, Queen Josephburg Carnival

Sunny Alberta was in one of her most gracious moods for Carnival Night on our Rink The countryside for miles around was present.

Adolph Krebs ably filled the position of M.C., with Adolph Bauher as his assistant. Many and varied were the costumes in the Masquerade section and Mrs Parker, Mrs Sig Mohr, and Mrs Leopold Thomas had keenly contested, each evoking

As a conclusion our M C announced the name of the Queen of the Carnival, Alice Miller of Good Hope, who was duly throned and crowned Her competitors, Lucille Becker and Elke Schultz guilantly swallowed their disappointment and attended Majesty as she circled the Rink

The dance which followed was equally well patronized and the floor was taxed to capacity by the couples present.

We tender our sincere thanks to the many willing workers who contributed to the success of the evening The proceeds will accomplish its dual purpose—pay all indebtedness and needed MEn for Britain.

Yes, we're having a mild touch of winter weather, just to show us what we have missed, but who cares now? The days are longer, the sun's warmth stronger and nature's blood already begins to tingle with the promise of spring. What's the matter with Sunny Alberta?

One landmark of Josephburg has recently been removed namely the residence of Philip Rippel. The Dempster family is safely encased in the new quarters which Rudolph Krebs has added to the Partyline Service Station—"Business as usual" is the slogan there.

Girl Guide News

The Girl Guides held a meeting on Monday Feb. 21st. It was decided that the Guide nursery would be held at Mrs. Bentledge's home on 21st. Avenue, which is located one block north of the fire hall. It is a gray stucco house with a green roof. The children will be kept from 2 to 5. Ladies wanting their children looked after, please bring them to Mrs. Bentledge's home.

The anniversary of the founder of the Guides (Lord Baden Powell) was observed at the meeting on Monday.

After the meeting a lunch was served at Mrs. Bentledge's to the guard leaders and their commds. Those present were.

Patrol leaders, Maureen Stanard and Evelyn Calvert, Secondary, Hazel Lavoy, Helen Grandolet, and Rose Kostur.

MORE ABOUT

M.D. of Strathcona Annual Meeting

the damage and destruction is inflicts on sheep and poultry flocks is as serious here as it is in many parts of the province. However, in spite of the forcible arguments put forth in support of the resolution, it was defeated by what it was declared —Lost.

Fort Record Given Contract

The action of the Council in subscribing to the contract with the Fort Record whereby that paper is mailed to ratepayers of the District received favorable comment. It was then duly moved and seconded,—That we request the Council to continue the contract with the Fort Record whereby that paper will be mailed to ratepayers of the Municipal District. Carried.

Vote by Divisions Next Time

Moved by J. R. Hinkle, seconded by H. Boyce,—That voting for Councillors for this Municipal District is by divisions and not at large.

In the resulting discussion the main objection to voting for councillors at large appeared to be the extra cost involved; also, that a councillor could receive a majority of votes in his own division and yet be defeated by other electors in the other divisions in the District. The resolution was declared Carried.

Hospital Contract Discussed

A discussion on the present hospital contract revealed the fact that many ratepayers are still not fully acquainted with its provisions. Press statements made it would also seem that many patients from the District are not being given credit for the discounts set out in the terms of the contract. The meeting advised that any resident of the District who is of the opinion that he or she did not get credit for these discounts that if they will advise the municipal office the matter will be taken up with the hospital authorities concerned.

Grant Approved

The following resolution was submitted and adopted,—That the Council be requested to study the possibilities of making an arrangement with the Edmonton Group Municipal Hospital whereby every resident of the District becomes a member of the Group Hospitalization Scheme. Carried.

At four thirty o'clock p.m. the Council adjourned.

Councillor G. Meyer To Address Good Hope U.F.A.

Mr. John Kirk has been employed at Northville, Alberta, since Christmas, returned home last week.

The A.F.U. regular meeting will be held Tuesday evening, Feb. 29, in the school.

Then there's the story of the school teacher who broke all records in her present school by coming to school one Tuesday morning at 10.30. Could it be a Monday night dance or another yam.

The Good Hope A.F.U. Local will hold their regular meeting on Tuesday, Feb. 29. Councillor G. W. Harper, convener for discussion on No. 5, will give a report of the year's activities of the Municipal District of Strathcona, No. 247. Everybody is welcome.

Bremner News

On Wednesday evening, Feb. 16th, a group of friends and neighbors gathered at the home of Mr. A. J. "Abe" Ben in honor of his 50th birthday, and as an token of esteem presented him with a pair of cosy slippers and socks.

Mr. Ben is an old timer in this district coming here in the early nineties, and homesteading the farm he now lives on. The community extend to Mr. Ben best wishes for many more birthdays.

The Red Cross held a successful dance in the Bremner hall recently. The local orchestra was in attendance. Mrs. E. Kerr had the lucky ticket on the quilt which was raffled and the president Mrs. A. Hall raised several blood donors.

Congratulations go to Pte. Dave Davidson and Mrs. Davidson on the birth of a daughter

Partridge Hill NEWS

The local branch of the "Farm for Victory" organization will hold a meeting in Partridge Hill hall on Monday, Feb. 28 at 8:00 p.m.

The speaker will be Mr. J. E. McLarty of Denholm, Sask., who will speak on Agricultural Engineering. He will discuss your farm problems, power, maintenance etc. All farmers in surrounding districts are urged to attend.

Mr. F. H. Hall, District Agriculturist was out last Saturday to visit all members of the local calf club.

Mrs. Violet Lawrence was on Edmonton visitor last week.

Mrs. Wilbert Allen and Mrs. Frank Kelsh were delegates to the W.M.S. Presbyterial at Knox United Church, last Friday.

THE FORT RECORD

VOL. 21 No. 46 FORT SASKATCHEWAN, ALBERTA, CANADA, WEDNESDAY, MARCH 1st, 1944 CIRCULATION THIS WEEK 1200

Red Cross Campaign Underway in District

The local Committee report a good start already made in the drive for funds. The first subscription received at headquarters from an individual was $25.00 As the amounts asked for this year must exceed last year's total to reach the objective, it will be necessary that subscriptions be increased considerably over last year's figures.

Everyone who contributes to the current National Campaign for funds of the Canadian Red Cross can rest assured that it is more than worth while. The stories being told by repatriated men of the Forces returning from the "twilight existence" in enemy held territory testify to that.

The rations doled out by the detaining power are meagre, and without the weekly inflow of supplies through the Red Cross, men behind barbed wire would soon weaken and sicken and become unbelievably miserable.

Again and again, the repatriated tail of Russian prisoners denied the Mianing German of food parcels who died like flies, from malnutrition and lack of proper attention.

Sports equipment and books, forwarded by the Red Cross, have made the difference between monotony and a livable existence for prisoners of war. British and Allied prisoners who also come under the benefit of Canadian Red Cross parcels have warm praise for their worth.

The "proof of the pudding" is found in this surprising mass of praise, voiced by all repatriates. The activities of the Canadian Red Cross Society—the generous contributions of loyal Canadians throughout the Dominion, and the energy and care that has gone into the packing and sending of shipments of supplies has proved its worth.

Many lives have been saved. Many more lives will be saved. From the beginning of wartime campaigns for funds, Canadians have made plain the fact that they feel that the Canadian Red Cross does take good care of our men Overseas, our men in prison camps—our "Brothers" who have been bombed and made destitute through enemy action.

This year—with the war reaching its decisive phase—Canadians are being asked to give a little more. The need is greater. Canadian Red Cross is depending on YOU!

Notice

MUNICIPAL DISTRICT OF STRATHCONA, No. 247

On account of the lack of orders placed with the Municipal office for coal cists and before the Council have cancelled the tentative arrangements that were being made to bring this coal in. Those who placed orders please note this.

Any resident farmers of the Municipal District having oats or barley suitable for seed are asked to let same with the office, at a price and quantity, that information can be passed along to those requiring same

GRAIN SEED

If you have not placed your order for grain seed please do so at once as the supply is running short. In accordance with arrangements made last year a small supply of this seed will be available at the Farmers Feed store. Fort Saskatchewan, for the benefit of the farmers living in the North-East part of the district. Announcements as to when the seed will be available for distribution will be announced in a subsequent issue.

Don't forget the Legion Variety Show in the Community Hall Friday night. Show starts at 8:15 p.m.

Ash Trophy Back in 'Fort'

Ash Cup [illegible] supply of curling clubs in this part of the country, now rests in state in the window of Carscadden - Hardware having been won by Fort curlers Saturday night. The cup was competed for by Westlock and defeated the Thirsest in that light by 5 points to bring the cup to the Fort for the third time in 24 years.

Fort curlers took the Ash shallow cup in the winter of 1929-31 and on January 4th 1937 took same again. Prior small, yearly attempts have been made to bring the cup back to the Fort, but it took twenty years to do it.

Veteran Arnold Carscadden is said to have pulled off a William—Nanaimo shot on the last end That was cause for much applause on the part of all players.

After the game, lunch was served to the curlers at Westlock's fine hospitality [illegible]

Those making the trip were Floyd Yerex, Fred Sherman, Selby Thorne, A. H. Carscadden, Guy Armstrong, H. Byers, H. Dennis, H. Therriault.

Word has just been received that Mollet Curling Club have sent designs on the Ash trophy and will send down two of their best, in an attempt to lift the "mug" Monday night

Fultonvale News

A tea table whist drive held in the hall netted $16.75 for overseas cigarettes. Mrs. Sufferin acted as hostess and Mr. and Mrs. Dave Caddis provided music for the young'uns to finish off the evening with dancing.

Member Canada Red Cross Society

Mrs. Sufferin and family, who have lived on the Simonson place for a year, moved to Edmonton last week.

The Goodwill Club will meet at the home of Mrs. Harry Cooper at 2 o'clock, March 8th. Everybody welcome.

Miss Annie Gough, who has been confined to her home for several weeks is still not very well. Her many friends in Fultonvale wish her a speedy recovery.

Bruderheim Red Cross Has Good Report

At a recent meeting of the Bruderheim Red Cross the following officers were elected:

President, H. B. Christie.
Vice-Presidents, H. Mittlestadt, Sec.-Treas. F. Mohr.
Work Committee, Mrs. K. Christie.
Display Card, the local branch of the Red Cross made the following: 10 quilts, 5 crib sheets, 1 pajama jacket, 28 nightgowns, 8 sleepers, 5 rompers, 9 sweaters, 20 pairs socks, 24 pairs women's socks.

Bruderheim Carnival Draws Large Crowd

Bruderheim ice carnival under the auspices of the Red Cross work group drew a record crowd last Friday night. The weather man, being on his best behaviour, tempted the many ardent fireside follower to venture out.

Patrons witnessed exhibitions of fancy dress numbers by members of Glenora Skating Club, Edmonton, besides a lengthy program of races, fancy and comic costume events.

Refreshments, doughnuts and coffee, prepared by the ladies and served in the curling rink, found a ready sale during the evening. Proceeds of the affair will go towards the Red Cross work

Glenora skaters were: Arlene Jones, Diana Kettle and Dauvel Mills.

Costume Events:
Ladies' Fancy—John MacDougall.
Men's Fancy—Mrs. T. McWilliams.
Ladies' Comic—Mrs. H. G. Strong.
Men's Comic—Mr. A. C. McNair.
Best original—Douglas Asperist.
Best Dressed Couple—Mr. H. G Christie, and Margaret Christie.
Boys' Comic—Teddy Mohr, Elmer Middlestadt.
Boys' Fancy—David MacDougall.
Girls' Fancy—Iris Asperist.
Girls' Comic—Gwen McNair
Races and Skating Events:
Girls 10 and under—Gwen McNair, Boys 10 and under—Orville Stark, Girls under 16—Valerie Chelowski, Boys under 16—Richard Schultz.
Men's open—Art Hezzebol,
Ladies' Open—Valerie Chelowski,
Girls 12 and under—Gwen McNair,
Boys 12 and under—John Schultz,
Boys' Skating Couple — Francis Brickman and E. Stadnyk.
Mr. Rpureau Christie acted as master of ceremonies.
Judges of the costume events were: Miss M. Tokarch, of Lamont, H. E. Mackmurrey, Bruderheim, A. J. King, Mrs. H. Nash and the Editor.

Bruderheim Briefs

JOINT U.F.A. and U.F.W.A. MEETING
will be held at the home of MR. WILLIAM SCHROTH,
Bruderheim, Tuesday, March 7th, 8 p.m.
Neighboring locals invited.
Dr. R. D. Sinclair, Dean of Agriculture, University of Alberta, will be the guest speaker.
Everybody welcome.

Buy War Savings Stamps—NOW!

Josephburg Adds New Books to School Library

The recent Carnival held here produced three tangible results—i.e. paid up all indebtedness on the rink itself; provided thirty dollars cash donation to the "Milk for British Fund" and gave the Club some spending money for the future.

A consignment of thirteen new books—titles chosen by the High School students themselves from a Government approved list has been added to the school library. A plan for this purpose has been inaugurated this year, whereby Clover Bar District undertakes to pay three dollars for every dollar subscribed by the pupils themselves. We believe our Superintendent was largely instrumental in getting us generous a concession. If the plan continues, any school could easily build up a worthwhile library of proved favourites. Nor is Division Fifi to be omitted. In this case the District Board will allow for dollar, since only last year a straight donation of books was made to this section. Our book shelves are cluttered with volumes which have seen their day.

On Monday last a meeting was held in Beaver Hills Church to probe the possibilities of staging an evening entertainment among the congregation which will provide much needed money for the treasury. Choice numbers by talented members of the congregation will be rendered and duly appreciated by a large audience invited to round the evening out upon the served upon. The promises to provide an event which will afford enjoyment to many. The provisional date is set for the latter end of March, but due notice will be given in the Record, when arrangements are complete.

If winter intends to have his fange, he will have to present delivery in the very near future. We do not intend to crow yet for since we've had summer all winter, we may be in for winter all summer. We simply worry for Alberta has never yet failed to provide a full quota of sunshine.

The Junior Room reached the half-way mark of its War Savings objectives for this term, when it purchased no one hundredth War Stamp this week. The students buying campaign began a little over three months ago.

On Friday afternoon the Mansfield Juniors visited Josephburg school to meet the Junior team there. Josephburg won in a fast, closely played game, the score being 3-2.

The Mansfield Seniors motored down to Bruderheim to meet the Bruderheim team. This also proved to be a very close game, the score being 3-1 for Reuben at the end of first period. Reuben was again in the lead 2-2 at the end of the second period, and after a pop-talk by their manager, Mansfield walked off the ice with a 3-2 lead.

Sunday at Mansfield saw the two top games of the hockey schedule with Bistche' Barrel ending up first place with 17 points; Gobert's Gamecaptured with 12 points; Pryp's Fillies, third with 11 points, and Allen's Alleys in last place. In the two games played the Barrels defeated the Game 5-1 and the Fillies defeated the Alleys 3-2.

Sunday, March 5th will see the first two games of the semi-finals. The games are to be played at Josephburg.

A WEEKLY EDITOR LOOKS AT

Ottawa

Throughout the length and breadth of the nation there are few who haven't some relative, man or woman, somewhere in the armed forces and it's only natural that everyone is concerned with their future when the guns stop booming. Certainly the guns stop booming. Certainly they've got to stand on their own feet to a great extent to preserve their own self-respect and independence, but in view of their services to our country the State has some responsibility for their rehabilitation. That gets many thinking that right here in Ottawa, of course, is the answer to problems which have been maybe bothering them.

I have heard of the Canadian Veterans Rehabilitation Plan, but did not know much about it. Figured most other people wouldn't either, so I stayed of to see E. R. Reid, reporter in charge of publicity for the Department of Pensions and National Health and got from him a short picture of just what is being planned for the men and women returning to civil life. What you think of it is your own business. What I propose to do is lay the facts before you for easy comprehension.

The whole very important Plan had to be a blueprint first, but some of it is at work already. Apparently it is at work already. Apparently they tackled the problem with the reports idea that the "job" is the vital thing and the answer to the job is "skill". You know, of course, that the men and women have been guaranteed a return to their civilian jobs, if they enlist, and if they were keen fido employees of the company before enlisting, and with seniority rights established. But what about the thousands and thousands of others not fortunate enough to have peacetime castes to step back into? That's the highlight of the plan as I see it.

To ensure that thing called financial security during the transition period the Post Discharge Re-Establishment Order provides each allowance of $18.20 weekly to the single person, $14.40 to the married and if necessary additional allowances for children on the same scale as when the person was in service. There are five groups eligible Mr. Reid told me; 1. Those fit and available for work and who have no suitable employment available. 2. Those under Vocational Training (also provided under government auspices). 3. Those in small business or on farms and awaiting returns. 4. After discharge, those temporarily unable to work. 5. Those finishing university education which was interrupted by the war (and provision for this is also in the plan).

Before getting into the meat of the thing, let me add that these allowances, except in out-of-work benefits, are not subject to income tax. Further, on the discharge or the end of the war The out-of-work ones are paid only within 12 months after discharge.

The vocational training plans of the plan seems to hit the jackpot. There are 34 trades attached to the war effort in this war, so there's no one starving to think "they didn't do this for me" in the last one. Any veteran man or woman, the plan definitely states, is entitled to vocational training on the basis of period of service. If he will benefit by it, for a minimum of 12 months. Fields of employment are now being vigorously explored and plans, I am told, are laid by which they expect more than 80% of those discharged from the services will go into industry to be trained in various fields. There will be sympathetic "guidance" and that, to me, seems another highlight of the plans laid to restore our men and women returning from the war.

It might be well to add, lest anyone think the Plan is just in the "mind" yet that phases of the program are operating already, with more than 4,000 having benefited and some 2,000 getting training. Last reports indicate that in connection with those whose university education had been interrupted by enlistment, some 70 are back and continuing their courses through auspices of the Plan.

Now let's get down to earth. That means to the land, where most people in Canada directly or indirectly are rooted. Thousands of those returning will have no other thought in mind than to be independent farmers; others, primary producers or fishermen, as their pals were before them. What about them, I ask Mr. Reid. The answer lay in the Veterans Land Act, and again you might be advised to get regulations in view of part performance, but don't—until you get the full picture.

There are three types of settlement embodied in the Act: first, full time farming experience; secondly, small-holdings for small holdings for veterans in spots easily accessible to the place where they work, (this includes, of course, industrial jobs; thirdly, small holdings near forests where the veterans can appeal to take on the job of being a commercial fisherman.

The Plan is thinky about one thing, and rightly so, that those going into the assisted settlement scheme must be suited to it and not purchased with an overwhelming debt. There was bitter experience after the last war by reason of this very thing that, being made fundamental to plan of re-settlement, if you will remember.

Here in a nutshell is the Veterans Land Act. The State is prepared to finance the purchase of land and buildings up to $6000 and in addition livestock and equipment up to $1200, a total of $7200. What does the applicant have to do? He must on application deposit cash to the extent of 10 per cent of the total cost of land and buildings, which is a maximum of $600. And here's the swell part of the deal for him or her. If they fulfill terms of the agreement for ten years, the state remits them the whole thing, lock, hook and barrel, at less interest of the cost plus the ten per cent down payment; this means $600. The rest is a gift from the State, which also agrees to finance the balance ($5600) over a maximum period of 25 years with interest at 4½ per cent. The veteran is the first business owner of everything, such as livestock, farm implements, fishing equipment, etc., as well. A simple deal, this.

Another thing, the veteran is allowed to select his farm or small holding himself but in case of doubt that in making the selection it will make for a reasonable opportunity to establish himself, or might I add, herself, too. That is, they wouldn't want a prospective wheat farmer to settle in a pile of sand. There has been many a and experience in this line which they want to avoid.

This is merely a glimpse of the Plan and of course full details will be provided the individual at the proper time.

I also wanted a brief picture of another side of the problem of rehabilitation, and got it. Regulations provided for pensioners free treatment and allowances as a "permanent right." As to unpensioners. Any ex-service man or woman may get free treatment if it commences within a year of discharge and allowances can be paid for 12 months or the period of service, whichever is the lesser during the first eighteen months after discharge.

The whole plan seemed to me one designed particularly as a "mutual aid" sort of thing. The men or women returning from war service have a direct responsibility to help themselves but deserve and are to get a helping hand from those whom they served, the people, and the people are the state. There are volunteer committees all over Canada working closely with the government on this business of rehabilitation. The government is also seeking co-operation of industry and employers throughout the nation, because the transition period is one on which the future of Canada may well depend.

Just a sidelight. When the lads and lassies get their discharge, they are allowed one month's service pay and allowances of $66 and railway fare to home or place of enlistment, as desired.

Motorists!

Apply NOW for your New Gasoline Licenses and Ration Coupon Books

On March 31, the present gasoline licenses and ration coupon books will expire. After that date no gasoline will be sold except on the presentation of a 1944-45 ration book.

In his own interests, every vehicle owner is asked to apply *at once* for a new license and ration coupon book for each of his vehicles. Application forms must be completed *in detail*.

Commencing April 1, under the 1944-45 rationing plan, the operation of which will be basically the same as that now in effect, all non-commercial vehicle owners will again be allowed a basic "AA" gasoline license and ration coupon book, containing 40 units for a passenger car, or 16 for a motorcycle.

Similarly, owners of vehicles eligible for a "Special" category, who can prove their need, will be granted an extra vocational allowance, fixed in advance for the year ending March 31, 1945. In determining the extra allowance — which will be measured to individual needs — the previous category and mileage of the car will not necessarily be an important consideration.

The extra vocational coupons will again be issued in books labelled "Special", and each book will contain not more than 60 units. To permit constant review of the needs of each category applicant, only one "Special" book, or portion thereof, will be issued at a time. The Oil Controller also has the right to refuse any application for a "Special" category, or to suspend any ration coupon book for an infraction of the regulations.

The shortage of gasoline is still acute. Do not apply for a "Special" category unless your need is urgent.

Gasoline for commercial vehicles will again be rationed. To assure themselves sufficient gasoline to carry on normal business activities after March 31, operators of commercial vehicles are urged to complete *at once* and *in detail* the required application for each of their vehicles.

On and after April 1, service station attendants will not accept gasoline ration coupons unless the license plate number of the motor vehicle for which they were issued is written in ink on each coupon. Every motor vehicle must also display on its windshield a 1944-45 sticker indicating the category of the coupon book obtained at the time of the purchase.

If the owner of a motor vehicle sells, transfers or disposes of it in any way, it is his obligation to see that the gasoline license and ration coupon book for that vehicle is returned immediately to the nearest Regional Oil Control Office.

To obtain a gasoline license and ration coupon book, secure an application form at your nearest Post Office. Study the form and follow carefully the instructions contained thereon.

When you receive your 1944-45 gasoline ration book, guard it carefully. Do not leave it in your car. If, because of your negligence, it is lost or stolen, it may not be replaced.

Synopsis of Preceding Chapters

A cowboy from the Alberta foothills, deciding there is a much greater task on hand than riding the range, joins the Canadian Army (Active) and takes his training at Camrose Basic Training Centre and A.16 Canadian Infantry Training Centre, Currie Barracks.

Just before leaving for the east on his way overseas he marries Miss Edith, the school teacher who presides over the little country schoolhouse close to the ranch where he works. Then, as a wedding gift, his Ex-boss tells him he is giving five at the ranch until his return from overseas.

We now find Johnny headed east as he continues his story.

I never was one to do much traveling—that is maybe why I really enjoyed the trip right across country from Calgary to this east coast port where we are waiting to go overseas.

Before I joined up most of my travelling was done by cattle pony while hunting dogies from the round up the backwards to the Calgary stockyards or highshowing it by jiggy to the small stampedes where a fellow can pick up a little loose change by bronc riding or calf roping.

The first part of the journey down here was a little monotonous—even with the great stretches of prairie and all these wayside stops but after we got by Winnipeg we really started to see new sights.

A few fellows in our car had been east quite a few times and knew all about the country but there were lots of others like myself who hadn't been out of Alberta before and it was quite a trip—especially seeing the Great Lakes and the Lakeland parts and the big cantons cities for the first time.

But strictly between you and I the eastern can keep their part of the country. Its alright to go 'sightseeing through but give me the prairies and the foothills every time. And, brother, already I'm longing for another look at a real western sunset with the sun scorching behind the Rockies.

Of course here, on the east coast, where we are now you see the sunrise over the Atlantic and its really something but I'm far from being a conforming and I can't get used to it like I see about a prairie sunset.

There is one thing about the army that always sort of amazes me because I've spent all my life sort of planning what I was going to do next. Take this moving for instance. You get told to move at the last minute then away you go. Now that we are here we're going overseas some day but which day is still a big mystery and will probably remain one.

Of course all this is a mighty fine idea. No matter how much you try to drill fellows not to talk there will always be someone to tell them like instance that we're sailing next Saturday. These folks just pass the word without thinking and then the ship sails okay but never makes port.

For me, personally, I have no desire to go swimming in the briny and if the powers that be think that keeping our sailing date quiet will keep my feet dry why its okay with me.

There is one thing down here that sort of sets me back on my heels and that is the way everyone is crowded together at Halifax. Best way I can explain it is to say that it sort of looks like a midway crossed at the Calgary Stampede. Seems that as fellows are just lucky having berths at barracks because finding a hotel room in this port is like looking for a needle in a haystack.

You folks out west, where a fellow sort of always has room to stretch, can realize how tough this crowding must be, but maybe those easterners who have never seen the wide open spaces don't mind.

As for me I just can't make out their old adage "travel broadens one". All this hurry and hustle and shoving and pushing around is just about enough to keep a fellow as this as a child-training horse.

But then there is one thing about it. I'll have plenty to talk about when the boys gather for a ranch dance on the ranch when I get back home again.

Before I joined up I read a lot about writing letters to the fellows in the forces, but I never figured out that it was important as those writers made out.

Now that I'm on the other side of the fence it seem is a different matter and I'll back up all those fellows who wrote those newspaper and magazine articles asking the folks back home to send letters to the fellows in the forces.

Just take my case for instance. Down here on the east coast things are mighty different from at home and you can take my word for it that I'm right homesick for the homefolks and the foothill country.

Here we are a couple of thousand miles from home and there isn't a thing like it back there in Alberta. Instead of those crisp, clear mornings just wake up to see a fog—and, pal when there is a fog here you don't see anything else but. Then, too, a herd of Herefords in this neck of the woods would likely cause a stampede—not of the cattle but of the citizens. The folks here are nice enough but they don't even run on the same range as the neighbors close to the home spread. They were real folks. Right here in camp you can tell the fellows who are receiving mail regularly because they look as different from the boys who haven't had a line from the folks back home. A little letter from the wife or girl friend suprises one's thinking of you pops a fellow a lot. Then, too, letters from the boys who couldn't make the grade with the army does and are still back home are mighty welcome.

In fact any kind of letter or all is really something and I guess when left a few accents back there I'd get we get over in the other side it will letters too—even if they were only dunners.

He smiled okay but the rest of us may have just how he felt, and we were mighty sorry for him.

That's why I sort of hope that all the folks back here will remember about those letters and keep 'em rolling.

But that's enough about letters for awhile: We're all hoping that mighty soon we'll be writing them from the other side but we still don't know when we're leaving

Warble Fly Treatment Good Investment

The Municipal District of Strathcona contemplates the free distribution of Warble Fly powder to stockmen of the district.

But in case you are not a ratepayer of the district, or unable to obtain the powder at once from the Municipal District, the following article is timely, and should be read by all farmers having livestock

It seldom happens that one can get a $5.00 return from a investment, and especially for a investment, involving no financial risk. It is possible, however, and as a matter of fact such investments are being made every day by the more progressive farmers and stockmen of Alberta today.

Purchases within the next week of sufficient warble powder to treat your herd of cattle, is advised of J. L. Engleman, Supervisor of Insect Control. Treat all your cattle next month. A pound of warble powder will treat from 50 to 75 head of cattle—the package are followed. It will cost approximately 1 or 1½c per animal. Treatment will give about 75% control of warble flies if applied at the proper time, that is just before the first grub drops. Three treatments begun at the proper time and spaced at three to four week intervals will give 100% control for the whole year.

Experienced dairyman, feed lot operators, farmers and ranchers estimated that losses to the warble fly approximate $6.00 per animal per year. This loss includes such figures as 15% more feed required by warble animals; 25% decrease in milk flow from cows tormented by the fly in summer and made unthrifty by the grubs in the tissues in winter; 50 to 100 lbs. less weight put on by cattle on summer pasture because of the heel fly. The farmer with ten cattle or the rancher until one thousand can turn these losses into profit.

To those who would like more income then now received, a small investment in warble fly control each day can be [illegible] to [illegible] and [illegible] in [illegible] their income the control of this pest must still be considered an important matter. It is important because it is an effective means of filling our nation's urgent demand for greater supplies of meat, milk and dairy products in 1944.

March and April are the investment months. The benefits will be returned to the investor throughout the year.

Seed Cleaning

In cleaning seed grain, the number of weed seeds coming out under the cleaning mill is of little importance compared with the weed seeds that are left in the finished produce, says L. B. Cordell, Dominion Seed Branch.

There would appear to be little excuse for weed seeds being left in seed of the cereal grains after they have been cleaned, but each fall surveys conducted in this and other provinces have shown that astounding numbers of small weed seeds are being sown with each cereal grains. Because of the apparent ease with which such seed can be cleaned, it is considered that many operators of cleaning mills fail to clean properly the results they are getting.

The small weed seeds in cereals have a habit of rolling down out of sight, and tend that they appear to be perfectly clean when viewed in bulk may yet contain an astonishing number of small weed seeds. A check on the results being obtained should be made periodically by spreading out a sample of the cleaned seed on a sheet of paper, or flat light colored surface, and sorting it over carefully. Care must be exercised to see that the seed is spread thinly enough so that all impurities may be observed.

—V—

World of Wheat

by
E. G. L. Strong

A Seed Field On The Farm

Good seed is answer than is has been for years. A number of seed fields did not pass inspection. Much grain was wrinkly seed, too, was harmed by early frosts. In addition Western seed has been in great demand in Eastern Canada.

Numbers of farmers, therefore, will not be able to produce the quantities of Registered seed, particularly of wheat, they would like to have. More and more, however, I am convinced that a splendid method for each farmer to adopt is to lay down each year a field on his own farm in this way:-

Purchase enough Registered seed sealed to the each to sow say five acres of clean commercialgrain. Keep the crop separate from adjoining fields, harvest and thresh the crop carefully so that it does not become mixed, and other such the need of threshing time or put it into a clean bin. Multiply this seed the next year on a larger acreage, and then the farmer should have sufficient of the highest quality seed to sow his whole farm, and some left over to sell to his neighbors. Even this year farmers may still be able to pick up enough Registered seed to carry out at least this modest program of a "Seed Field on the Farm".

—:—

"Doctor, are you sure this is pneumonia? Sometimes doctors prescribe for one thing and the patient dies from something else."

Doctor (with dignity): "When I prescribe for pneumonia you die of pneumonia."

Franklin Bis. Residents Enjoy Bridge Parties

Another of our fortnightly card parties, growing in popularity, brought together a still greater number of players at the Griffin home last Saturday evening. The number of tables increased to nine, and should have been to accommodate all who came. The same extremely young couple noted at the last party returned unabashed to the affair—no concealable began on the former occasion. Indeed, they seemed quite conversant of the premises and only of their elders but even of new guest—children not much younger than themselves.

At the close of the usual nets the winners were declared: Mrs. Clark and Mr. Cundell, who received acceptable prizes. The consolation awards, equally acceptable, were won by Miss Portus and Mr. Walter Griffin.

The fragrance of coffee had prepared the players for the lunch contributed and served by the ladies and enjoyed to the humming accompaniment of neighborly conversation—not common!

The collection for the Red Cross, taken up by Mr. Cole, totalled $8.15.

Those present were: Mr. and Mrs. Bell, Gordon and Marguerite; Mr. Cole; Mrs. Clark; Mr. and Mrs. Cousin, Bob and Sue; Mr. and Mrs. Cundell; Mr. and Mrs. Frank Olson, Ray and wee sister; Mr. W. Grimsdale, Wallace and Jim; Mr. and Mrs. Hackin and Bertie; Art Huddleston; Mr. and Mrs. H. Kephart and Gordon; Mr. and Mrs. Kephart; Mr. and Mrs. Fred Leach; Mr. and Mrs. Lundquist; Mr. and Mrs. Nestorenr and Elsie; Misses Blanche, Rosella and Sylvia Norman and Maxwell Norman; Miss D. Portus; Messrs. Henry Upker and Joe Skibrei, Norman Young.

Local News

Mrs. Allen Murray has had news that her brother Pte. Oliver Bevington has spent an 8-day furlough at the home of Mr. Murray's sister, Mrs. William Crockett, of Dunfries, Scotland The holiness of Oliver's 14-day's leave was enjoyed right among his London. He reports having a real good time.

St. George's W.A. will meet at the home of Mrs. D Gabbleson on Tuesday, March 14th, at 2 p.m. Members please note change of date

L.A.C. Harold Tar, R.A.F., of Pitchford, Shropshire, England, who is stationed at Saskatoon, Sask., spent the week-end visiting at the home of his aunt, Mrs. H. Oxley

Pte. G. A. Miller left last Thursday, after spending a 4-day leave in the Port

Congratulations go to L.A.C. Peter Bush and Mrs. Bush on the birth of a son on Feb. 19th, in the Royal Alex hospital.

Mrs. E. Hurlbut and father, spent the week-end in Edmonton at the home of Mr. and Mrs. Jim Hurlbut.

L.A.C. Bob Fleming was home over the week-end.

A. S. Keay, Mrs. G. Neale and the Editor attended the Bruderheim carnival last Friday evening, where they were presented at the ending of the costume events.

Fort Saskatchewan Women's Institute will meet Wednesday afternoon, March 8th, at 2 o'clock in the Union Hall.

All members please remember to bring their card of lectures for the Ditty bags, and their raffle books.

Wye District News

Quite an enjoyable evening was held at the Wye Hall recently, when Mr. F. M. Baker showed lantern slides of the Alaska Highway and other pictures of interest which were enjoyed by all.

A bingo game was held recently to be continued with an all-fashioned sing-song lead by Mr. J. A. Sanford. Lunch was served by the ladies.

The Red Cross Aid meeting was held at the home of Mrs. H. J. Gardener's, the feature of the afternoon was a quilting bee. A raffle for the quilt will be held in the near future.

It was reported that Miss May Thompson had won the Flower Fund quilt.

Pte. Gordon Siddall was a visitor at his home last week.

Pte. George Walker paid a short visit to the home of Mr. J. A. Sanford before leaving for Camp Borden.

Miss Ilma Webb is spending a few week's visit with friends in the city.

School Flashes

HOCKEY—In the game with Namao on February 22nd, F.S.S. had to agree to admit defeat, but the score of 4-3 showed a great improvement of the school players. Perhaps this is due to the reorganization of the Rink.

Enthusiasm for hockey is sweeping the school. In Thursday's game, Williams defeated Everson and Thomas defeated Galloway. In the doubles Galloway and Everson of Three came out on top with Gow running a close second.

What's wrong with the school. A party was planned for Friday, Good progress! Good music! Sunday hunch! But no crowd! If the school parties are to continue students must lend a helping hand and give them stronger support.

Incidentally we got a short preview of the play that the community is going to see in about a month. The town has a treat in store.

Mrs I. Wilson Honored by Friends

A surprise party was held at the home of Mrs. W. F. Wildman in honor of Margery Wilkinson, who is entering the Royal Alex. hospital to train for a nurse. Many friends gathered to wish her luck in her new career and presented her with a beautiful table lamp to which she suitably replied. Games were enjoyed and a hearty lunch closed the evening.

Bremner C.G.I.T. staged a very successful carnival at the Bremner rink recently. The entertainment consisted of novelty races and games, while hot dogs and coffee were sold at the booth. A profit of $26.20 was realized.

A brown and white puppy, answers to the name of "McGee" has strayed from the home of Doris Webb, Aspen Beach. Finder, whereabouts, please notify the owner.

Mr. L. Lewis, an old timer of Clover Bar celebrated his fifty birthday last week. Neighbors and friends with him many more happy birthdays.

Helen Dunsdon is confined to the hospital with an attack of pneumonia. We all wish Helen a speedy recovery.

Several entrants of Juniors journeyed to Bremner Sleigh ride in Edmonton to enjoy a few thrills and spills on the slide.

On Saturday night after skating, the Juniors gathered at the home of Mr. and Mrs. Hirschorn where a hearty lunch of hand beans and brown bread was enjoyed. Later in the evening, Mr. S. Uren, supervisor, presented Rodney Wilkinson with the pen and pencil set.

A Red Cross meeting was held recently, at which a dance was arranged for the near future, and the years' work planned.

The Community Flower Fund held their party at the home of Mr. and Mrs. E. Jones recently. Games were enjoyed and a goodly sum was collected.

Curling Notes

Saturday night two rinks from Edmonton, who played in the Edmonton spiel still battle-it-out with the locals who took part in the big event.

The mixed bonspiel held last week with many rinks from outlers were attending the Woodlark Bonspiel turned out to be a big success. In all there were 12 rinks entered. The winning rink composed of J. E. Wright, R. J. Collins, Mrs. F. Yeast, and Allen Ochsenbein, won out from Tex. Dixon, Mrs. Evans, Rudolph Libke, and Lois Wilson. In the finals they defeated Mrs. Cooke's team of Jean in the finals. Harry Thom' rink consisting of Floyd Yeast, Bobbie Sharman and Mrs. Hall and Louie Marsh's rink on which is Mrs. C. F. Lowe, Bob Thorne and James Kelly.

Several prizes have been donated by local merchants to assist in making the list of prizes for the event.

If the weather holds there is a possibility of another mixed bspiel as everyone enjoyed this one.

GOOD HOPE NEWS

Mr. Fred N. Miller, district agricultural will address an A.F.U. meeting on matters of agricultural policies on Tuesday, March 7th, at 8 p.m. in the Good Hope School. Everybody welcome.

THE FORT RECORD

VOL. 7 No. 47 FORT SASKATCHEWAN, ALBERTA, CANADA. WEDNESDAY MARCH 8th 1944 CIRCULATION THIS WEEK 1000

STRAIT IS THE GATE..
Rev Elliott H Birdsall, M.A.

"Hope springs eternal in the human breast." No matter how bad the going has been, no matter how crushed our resources are, no matter how disappointed we have been, no matter how deep and painful are the wounds of sin, still we human beings turn our faces toward the future and hope that tomorrow will bring health and abundance of life. We do that because there is that within us which Paul has called that which now is, (Phil 3:12) that will never be content with leaving us in any form of declension or regression, but will give, to victory and joy. This work of His goes on in us whether we know it or not and even whether we wish it or not. He will not allow Himself to be defeated by our ignorance of Him or even by our resentment of Him. Even those who know Him not and those who curse His name are unconsciously His love urging them to hope for closer, purer and more abundant life.

There is a difference, however, between what happens when God works in what is unconscious of Him and what happens when the people in whom he works are aware of Him. In plant and animal life the passage of time and continuous of life itself are constantly leaving soiled yesterdays behind and entering into clean tomorrows. In us, who are not conscious of their Creator and who have no sense of awe before Him, God can only do His best in human male and plants. Once a man becomes aware of God as fact, as the ground of all fact, and he knows that the movement of his life form failure to victory, from being soiled to being clean, is something that requires more than mere time. It is a personal relationship that must be put right. (Against Thee, Thee only, have I sinned!) It requires more than unconscious forgetting; it needs confession, positive forgiveness accepted, of course by repenting. Perhaps that is why we say that although unconscious nature moves unconsciously from winter to spring, conscious man must move from that death which is shame and unclearness to the life which is victory and joy without an encounter with God. That encounter stands drama-tized before man forever in the cross on which God died. There man's worst was matched by God's best. There the true nature of man and his sin was exposed; there we see the great love of God who will suffer to the limit even for unclean and shameful people.

Wherein lies our true hope? It lies not in the mere passing of time or in forgetting. It lies in our turning from every error and uncleanness and sin, as we discover them, to receive forgiveness and the new life from the Father.

That is the difference between pagan festivals of spring and the Christian Easter. That is the difference between the cream and the cross.

Massey-Harris Dealer Free Show & Dance Friday, March 24

Mr Chas F Lowe, your Massey-Harris dealer for this district, has a treat in store for the whole family on Friday, March 24th. At 8 p.m. he will be host to the children at a 2 hour program of motion pictures. In the evening commencing at 8 p.m., there will be a program of interesting motion pictures, to be followed by a dance Frank Smith's Orchestra has been engaged to supply the music for dancing.

In the buffet room, ladies of the United Church W.A. are serving light refreshments at a small fee

Keep Friday, March 24th, open for this big free evening's entertainment by your Massey Harris dealer

Fultonvale News

Sgt. Bert Bacon, R.C.A.F., has had a few days at home, his leave coming quite timely as Mr Bacon Sr. has been ill for some days.

Mr. and Mrs. Tom Reed are to be congratulated on the safe arrival of a baby baby girl.

Mrs Wally Portas has been visiting a few days with Mrs. Jack Portas.

There will be a lantern slide and lecture in Fultonvale Hall Wednesday, March 8th, at 8 p.m. Mr. F. M. Baker has kindly consented to be present. The collection will go into the Goodwill Fund. Let's all have a body come and enjoy an instructive evening.

Mr and Mrs. Ralph Lynn's children are quite well again after quite a spell of measles' fever.

It is reported that our Junior room is full of pupils for playing on the highway Keep it up, Miss Geary, it is wise to practice safety-first with the children.

"You're in The Army NOW!"

Local Reserve Unit, 2nd Edmonton Regiment are sponsoring a St. Patrick's dance in the Fort Community Hall, Friday, March 17. Proceeds of the affair will be donated to the local branch of the Red Cross.

Frank Smith's Orchestra will supply music for dancing and ladies of the W.I. will provide lunch in the buffet room at a nominal fee.

On Monday night, March 20, members of the Unit will participate in their first smoker. An absence of refreshments and entertainment has been promised. So, a good turn out is expected.

Strathcona Council May Impose Traffic Ban on District Roads

The Council of the Municipal District of Strathcona, No. 217, held a regular meeting on the 17th and 28th February, 1944, with all members in attendance

Business commenced by the adoption of the minutes of the previous meeting and the financial statement for the month of January

Council Asks Reduction in Patient Accounts

In connection with the accounts of the municipality's indigent patients in Government institutions, the Council instructed its wives in its request for a reduction in these amounts. The Secretary was instructed to submit statements to Edmonton as had submitted in connection with these patients in the proper department of the Government.

Property in Alexandra Park Sold

By-Law No. 21 -a by-law providing for the sale of Lots in Alexandra Park to Mrs. Vanneighbem for $100.00 having received the approval of the Local Improvement District Board was passed.

Rental Reduced

On a report submitted by Councillor Mayer authority was given to make payment of the rent of $25.00 for the Tyron Valley recreation grounds for the year 1943.

Land Offer Considered Too Low

An offer to purchase the N.E. 5-51-22-4 for $900.00 was declined on the grounds that it did not conform with a previously declared policy of the Council whereby the sale price of any property owned by the District and, other than at public auction or by tender, must be the amount of the assessed value. In this case the assessed value was $760.00.

Applications for Hay Permits

Several applications for hay permits were received but all were held over for consideration at a later meeting when these permits and leases will be considered.

Instructions were issued to the Secretary to register the plans of the recently surveyed road diversion in the N.E. 25-51-22-4.

Asks District Be Declared Warble Fly Free Area

A resolution from the Fort Saskatchewan U.F.A. Local was received in which it asked that steps be taken to have the District declared a Warble Fly free area. The Council concurred in the request but felt that it should go further to be effective and accordingly passed a resolution requesting the Provincial Government to take steps to have the Province declared a warble fly free area.

Some Grass Seed at Fort

Arrangements were made to have a small quantity of grass seed kept at the Wilmorth Feed Store, Fort Saskatchewan, for the convenience of the ratepayers in the North East part of the District.

May Impose Traffic Bans

In order to protect the roads of the District, particularly those which have been gravelled, it was decided that traffic bans be immediately imposed whenever conditions warranted it. It was felt that the intentions of the Council in this regard should be made known so that anyone having hauling to do should make an attempt to do so before the spring thaw.

Liability of Indigent Persons Assumed

In the matter of dispute between the City and the District as to the liability of the account of an indigent person the Council asked that the matter be referred to J. E. Brownlee with instructions to obtain a ruling from the Courts.

Application for Three New Bridges

Application was made to the Department of Public Works for three new bridges.

Bays Agreement

The Reeve and Secretary were authorised to sign an agreement with the City wherein the District assumes full responsibility for that part of 142nd Street which is being separated from the City and attached to the District.

(Continued on page 4)

Farm Motor Repair School at Fort

A three weeks course in repair of farm motors and machinery under the direction of the Alberta Department of Agriculture will be held in the building next door to Magrey Garage, commencing Monday, March 12th, at 1.30 p.m.

Owing to wartime restrictions with respect to all lines of farm machinery, tractors, etc., there is a limit to the amount of new equipment now available for purchase by farmers. As a consequence the machinery and implements now in use on Alberta farms must give a maximum of service in order that our farmers may carry on and agricultural production can be maintained. Every farmer's present stock of equipment should be overhauled by some mechanical means. Many repairs or readjustments can be made by the farmer himself with a little knowledge of how.

The Course of Training—

(a) Motor Mechanics—Overhaul of motors, factors and engines of various types used on the farm, instruction in their operation and care.

(b) Farm Machinery Shop work in the simpler repairs of farm implements; care and adjustment for efficient service.

(c) Class instruction on the principles underlying motor mechanics and the use of various types of farm implements, especially as they may apply locally.

Equipment — The school provides only a limited quantity of tools such as wrenches, etc. Each applicant shall have his own pliers and might also bring along handy wrenches for his own use.

Students will arrange with the instructor in charge for bringing in pieces of their own farm equipment such as tractors, gas engines, etc. The school will supply gasoline and equipment as a source of supply for shop work during the term.

All that is required is required are the responsibility of the owner of the equipment. The school does not pay for any damage to be contracted in any overhaul job.

Each applicant will complete the regular application form. These may be obtained from W. A. Graham, town secretary or on the opening day Monday, March 12th, at 1.30 p.m. The program is under the direction of the Department of Agriculture, Alberta. Schooling, Youth Training Programme, S. E. Candler, Supervisor.

ARDROSSAN NEWS

The following members of the Women Services Guild of Ardrossan, will gladly accept contributions towards the community donation to the Red Cross Drive: Mrs. Jacques, Mrs. Jackman, Mrs. Hembley Smith, Mrs. J. Morton, Mrs. J. Walsh, Mrs. Frid and Mrs. E. Hacker.

Recently repatriated Canadian prisoners from enemy hands stated emphatically that if it hadn't been for the Red Cross food parcels they would have starved to death. Over seven million such parcels have been packed in Canada and shipped overseas since the outbreak of war, supplying energy and hope to such United Nations men as are shown above, working in their prison garden.

Margaret Gotherie Alexander

Ethel May Armstrong

A line-up the latest group of members of the Canadian Women's Army Corps to be [illegible] W.A.C. Base Training Centre Vermilion, were Ethel May Armstrong daughter of Mr. and Mrs. Guy Wilson Armstrong of Fort Saskatchewan, and Margaret Gotherie Alexander, daughter of Mr. and Mrs. John Alexander, of Bremner, Alta. Following a five weeks course the girls will be posted for military duty.

(Official Army Photo. MD-173)

Good Hope A.F.U. Hear Councillor G. Meyer

The school children sponsored a dance in the school Hope School, Feb. 25th. A very short notice. A large crowd attended and report a swell evening of dancing.

Proceeds went toward buying a radio for the school.

Miss Alice Miller spent part of last week in the [illegible] having undergone a [illegible] operation.

The Goodwill Sewing Circle held their regular meeting at the home of Mrs C Peshak. Plans were made to raffle a grocery hamper and cushion at an early date. The next meeting will be held at the home of Mrs J. Whale, on Thursday, March 16. At the close of the meeting a very dainty lunch was served by the ladies.

The Good Hope A.F.U. held their last meeting Tuesday evening, Feb. 29. Following the business meeting, C. W. Meyer, councillor, gave an interesting talk on Municipal affairs, dealing chiefly with the Financial Report. The next regular meeting will be held March 21.

Curling Notes

Millet curlers were unsuccessful in their attempt to lift the Ash trophy from the local club on Monday night. Two local rinks won by 6 points to retain possession of the cup, for the time being at least.

After the games all repaired to the Fort Hotel, where refreshments were served.

Challengers: R. Hopkins, R. Plant, L. Stall, J. Barth, skip; R. Campbell, Wm. Thiel, A. Smith, C. Hoen, skip.

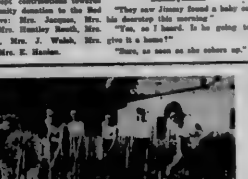
Champions: F. Sherman, G. Evans, S. Thorne, A. M. Carscadden, skip; G. Armstrong, H. Byers, H. Dumbk, H. Thorrinch, skip.

In a friendly game here Saturday night two visiting rinks from Westlake trimmed two local rinks. After the game, light refreshments were served at the Fort Hotel.

"They saw Jimmy found a baby on his doorstep this morning"

"Yes, so I heard. Is he going to give it a home?"

"Sure, as soon as she ushers up."



Good Grandpa Gaul Celebrates 92nd Birthday

On Monday afternoon, Grandpa Gaul received many relatives and close friends, coming to congratulate him upon the attainment of his ninety-second birthday. Physically and mentally Grandpa carries his years ably. We wish him many more [illegible]

The regular monthly meeting of the Reformed Church W.A. will be postponed this week to avoid clashing with the evening's entertainment which is being provided by Partridge Hill Naturally no one wishes to miss this outstanding program

Last week proved a busy hockey week in the Mansfield district. On Wednesday the latter team journeyed to the Fort where a fast, clean game was battled out, the score being 9-4 in favour of the local team. Then, during the evening, President G. Evans of the local Branch of the Canadian Legion, sponsors of the show, and Mayor C. B. W. Meyer, presented Comrade Dave Roberts with a wrist watch. Mr. Roberts was secretary of the local branch for many years and is a member of the Legion for many kindness.

After the show, local Red Cross members served lunch to the entertainers in the buffet room.

Those taking part were: Jack Jones, master of ceremonies; Donna Clayton, accompanist; Betty Cairney and Joy Dobbie, dancers; Bill Rose, comic songs; Jean Dobbie, contralto solos; Ivonne Germaine, acrobatic dancer; Bill Lynch, Irish songs; Kenneth Quinn, accordion; Frank [illegible] baritone.

Tickets on the grocery hamper sponsored by the Ladies Aid society will be drawn on Saturday, March 11th, at the St. Patrick tea in the Fort Confectionery.

When buying or selling—use The Fort Record columns.

Partridge Hill Meeting Monday, March 13

The March meetings of the War Service Guild, W.I., and W.A. were held at the home of Mrs. F Kniak last Thursday afternoon, March 2nd.

A Community meeting will be held at the hall on Monday March 13th, at 8 p.m. This meeting should be of interest to everybody, and a good turn out is requested

The Table Tennis club is going strong, with a large attendance each Saturday night. We have some very good and enthusiastic players, especially among the Junior members.

Mr Geo Frey left Wednesday for Calgary where he will attend the 1131LF convention there Mrs. Frey is visiting for a few weeks at the home of her daughter, Mrs. C. V. Cranston, at Chauvin.

Mr V. R. Lawrence, Mr. W. Alton, Mr. G. Cuthbertson and A. E. Frey attended the Agricultural Short Course held at Edmonton last Thursday and Friday.

Legion Variety Concert Draws Large Crowd

A capacity crowd attended the Legion Variety concert in the Fort Community Hall last Friday night when the Legion enjoyed a two-hour program of songs, dances and witty dialogue, by members of the Canadian Legion, Bremner.

Proceeds of the affair via $165.75, has been turned over to the local branch of the Red Cross.

During the evening, President G. Evans of the local Branch of the Canadian Legion, sponsors of the show, and Mayor C. B. W. Meyer, presented Comrade Dave Roberts with a wrist watch. Mr. Roberts was secretary of the local branch for many years and is a member of the Legion for many kindness.

After the show, local Red Cross members served lunch to the entertainers in the buffet room.

Those taking part were: Jack Jones, master of ceremonies; Donna Clayton, accompanist; Betty Cairney and Joy Dobbie, dancers; Bill Rose, comic songs; Jean Dobbie, contralto solos; Ivonne Germaine, acrobatic dancer; Bill Lynch, Irish songs; Kenneth Quinn, accordion; Frank [illegible] baritone.

Fort Junior High To Present Play

Fort Junior High will present a 3-act comedy, "A Pair of Sixes", in the Fort Community Hall, on Friday, March 31st. A donation of 25c will be given on Saturday, March 11th, at the St. Patrick tea in the Fort Confectionery.

Support the Red Cross campaign this week.

Everybody Welcome!

An Open Door Policy—which says You're Welcome to what we've got

There has always been a stock of lumber at the Beaver yards . . . not always a complete stock . . . not always a select stock . . . but always some stock — and always the best available at the time.

To supply customers in the local community who really needed lumber for essential work, especially for the production of food, Beaver had to go out and get it — even to the extent of thresher and tractor and milling operations.

We want our customers to know the difficulties under which we have been laboring to provide them with lumber — and we want to express our appreciation of their co-operation in accepting the trying situation and making what lumber we were able to supply, do the job.

In this spirit you are invited to visit your nearest Beaver yard to discuss your building program and requirements. You will be assured of the best advice and materials available.

BEAVER ALBERTA LUMBER
LIMITED

East Edmonton Notes

Mr. and Mrs. Edwin Jaffurs and baby daughter, Diane, are welcomed as new comers to our district. They have taken over management of the farm of Mrs. Kate Biehle.

* * *

The nominees seem to have been drifting home from the south on furlough. Five from the south on forty-eights. They were Private Jim Cook and home at the home of her Anderson, who is stationed at Calgary, Mr. W Hawkins. Norah gary and L.A.C. Bob Gibson who was returned to Claresholm on Wednesday from Claresholm.

* * *

A successful whist party was held Saturday night at the home of Mrs. George Briggs. Prizes were won by Robert Briggs, Mrs. Les John, Kelly Whitehead and Mrs. Anderson. A good lunch was served by the ladies of the club.

* * *

L.A.W. Norah Hawkins has spent a few days with her parents, Mr. and Mrs. Charlotte Owens has gone to Edmonton to spend some time with her two daughters, Mrs. Menzies and Mrs. Downey.

CHAPTER NINE

Right now we're not working too hard and we're eating well and sleeping sound. All that word from Italy though has the boys hoping that it won't be long 'till we get going and that we won't stop 'till we're looking at those Roman temples and stuff we read about in our history books.

Now, though, there's nothing we can do but wait even if we are itching to march up the gangplank of a transport and be on our way.

We're here at last.

After visiting the first light of early dawn our transport put into the port of Greenock on the Clyde and the sight of reality in the British Isles and getting those sweet dry in the bottle-fruit we've been itching for so long.

From Canada to here is one trip I'll never forget. It was plenty of reason.

After lots of waiting around Dobart we finally got the word to move and it was sure a happy day with us fellows.

It was all hustle so we bade Canada goodbye and were aboard ship.

At first there was some trouble with the ocean as still as a sheep on a pond. Most of the boys got sick even when we got out a piers and I was one of the first to be really sick. Then I got over the hump, grew through on the boisterous dash of a brown 'I didn't figure I'd ever see a ship tossing around a little bit but I really did, and we were on our way to the land where I thought I'd be stationed away.

After it was all over the only thing I was thankful for was that months ago I hadn't joined the Navy, because I would have spent a unlucky year aboard.

We were in a large convoy going across and although I'm not much with words I figure I can give a pretty good picture of us as we left across the Atlantic.

You know, that convoy reminds me of a herd of cattle being hazed to the home corral. Lots of the ships remind me of the cowers and mothers mooing—boy, right along while cows at the dinghboats with their dinner spent are just like the fat cows. And the corvettes and destroyers are just like the new-hands riding herd on their charges.

Contrary to any reports being broadcast by the talkative Hitler, the Atlantic ocean in winter run isn't be coming much of a site.

Take us, for instance. All the ocean we don't have a "C" boat cause and the only planes that flew overhead carry our shield bird and not the new-looking Swastiga of the Germans.

Well, what we got here we put in at night and it's darker than pitch, and what with these convoy proper blackouts over here it is daylight before we are anything at all. Then, we're an hour getting unloaded we don't catch much but a few glimpses of the busy port before we're on the dockside.

Right off we're loaded aboard a train and get a welcome from the boy's remarks. The train is nothing like our passenger trains at all and it has little coaches with about a dozen doors in each. One thing about it is that with all those doors you see quite a lot of folks aboard mighty quick.

In no time at all we're on our way and even though the train might look little and the wheels it has seemin more like a toy train it makes right along.

We stop at a place called Carlyle where we have a hot lunch then we're on our way again. Finally we arrive at a place called North Camp in Farnboro and from there we go to Cove just outside of Aldershot which is going to be home for a while.

Right now all the boys are talking of getting passing leave and heading out to see the country. For me it will be Scarborough because quite a spell back my folks came from there.

You know, there is something sort of magical about these British Isles. They're sort of big and old, just like the Rockies, and they sort of strike you the same way.

Take that trip I was telling you about — the one to Edinburgh just after we landed. It was really a treat and I guess the part I liked best of all was visiting Edinburgh Castle and seeing the dungeon where they kept Mary Queen of Scots for some time. It sort of gave me the creeps.

Now that I've made a little jaunt up to London and by funny but the about thing about the trip was ending—between and good old maple syrup from home which they serve at the Soldier Club. I ate plenty because you never know when you'll see it about the old country.

There are things, though, that sort of get a fellow mixed up. Take for instance that right hand driving. When we first landed we saw the drivers sashing down the wrong side of the street that is as far as we were concerned it was natural to think they had one too many in one of the pubs, but we're getting used to it now.

World of Wheat

by
B. G. L. Strange

THE FARMER'S VOLUME

Some people have the idea that our prairie farmers are enjoying a far greater income than they ever had before. This is not correct. Here are the facts.

For the four years of this war 1939-40-1943 inclusive, the cash income for prairie farmers has averaged 400 million dollars a year, whereas for the four years 1926-1929, the similar cash income averaged 526 million dollars a year. It will be seen, therefore, that for these four war years our farmers have received 12 per cent less income than they received during the four years 1926-1929 (The rest of the things farmers have to buy is cheaper by the Bank's leaflet to be about the same for the two periods.)

The official figures reveal, however, that the hourly wages of industrial laborer for these four war years have been no less than 25% higher than they were for the four years 1926-1929. Indeed the difference is even greater, for the farmer's income includes the returns from the additional livestock produced for war purposes, mainly by what might be called overtime work, whereas the 25% increase in hourly wages does not include the additional income industrial workers have received from their overtime work.

It certainly can be said, therefore, that our prairie farmers cannot be reproached for having received more money for their products than they were entitled to.

A WEEKLY EDITOR LOOKS AT Ottawa

Editor speaks for the small newspapers of Canada

One of the fine things being done by the Canadian Legion in Ottawa is the organized meeting of all trains carrying Canadian service folks coming back from overseas; refreshments, cigarettes and pretty girls make an appreciated welcome at the capital. The City Council is co-operating with the Legion in this work.

* * *

Some idea of the great cost of government is revealed by one monthly nonchalant item. Do you know that windows opening in government buildings in Ottawa during 1943 cost $13,222.15. In 1939 it cost $16,138.85, which gives you some conception of the many new temporary buildings which have been necessary in the war economy.

Enquiries from a number of housewives. Why do some "eaters" serve have expiry dates, others not. The Consumers Branch of the Prices Board explains that sugar, tea, coffee and preserve coupons have not a set expiry date because they offer little storage problem, can be kept well. Meat and butter coupons do expire because they are perishable and present storage and distribution problems. If there were no expiry date for these, they explain, people could save up coupons for several months and buy large quantities all at once. This would cause considerable complications and suppliers would not be able to forsee demands which the presentation of saved-up coupons would bring. Perishable foods must move out at a steady rate in relation to production if proper distribution is to be maintained.

* * *

Owing to the lack of accommodation, when a serving officer or soldier wants his family to move to Newfoundland he must submit an application to D.N.S., who in turn forward it to the Department of External Affairs for consideration. Plenty of our men are now serving in "Newfie" at our air bases.

Highlights of the annual report of the Governor of the Bank of Canada: While the Dominion Government's estimated total bill has quadrupled since the war, our debt charges are now less than those of Twenty years ago. The report stresses the magnitude of adjustments necessary to maintain high employment after the war, which will take bold planning by business, farm and business organizations as well as government. Points out in 1939 about 4,000,000 Canadians were gainfully occupied and at least 900,000 available for work were not employed. By the end of 1943 gainfully occupied rose to about 5,500,000 but about 1,200,000 of them in the armed forces, war work or producing food required for special wartime exports. Number available to meet civilian needs fell by about 2,300,000, but at same time the average standard of living had risen considerably, higher than ever before. He estimated after the war at least 4,7000,000 workers will be available for employment in civilian jobs, or at least 1,5000,000 more than number employed in that sector of the economy at present time.

* * *

An incentive for civilians to "give" to the Red Cross earnest campaign for funds, is knowledge of the fact that men in our Army, Navy and Air Force will now contribute directly to more nutritious parcels for Canadian prisoners of war. Ration cook amendment for the armed services gives them one and one half ounces better tasheed of one and one half each day, and the chance also is on from half an ounce to three-eighth. But jam and lard are being increased by three to keep the calories stable. The change in food content, slight as it appears, will enrich 30,000 parcels a week for Allied prisoners of war in Europe. Our cash donations to the Red Cross won't hurt either.

* * *

Odds and ends: Soldiers and CWAC's on furlough are not allowed in civilian clothes, but they must have their stations and return in uniform . . . . the Bureau of Statistics announces that Canada's national income totalled 17.2 per cent during 1943, a new high of $8,000,000,000 from $7,000,000,000 in 1942 . . . . ricotte of our wheat in store or transit on February 1 totalled 344,026,776 bushels. The visible supply that date last year was 404,532,581 bushels.

Beaver Hills Audience Hear Rev. B. H. Spence

Rev B H Spence National Secretary of the Associated Temperance Forces of Canada, occupied the pulpit at Beaver Hills Church. In ringing words the preacher delivered an impassioned appeal to his audience to give their whole-hearted support to the cause for which he has pledged his loyalty Assuredly if sincere belief in the justice of that cause could win the victory single-handed, this grand old warrior, would surely vanish the very stones to volunteer their services.

* * *

We had a heroine living that we were hoping to honour last week when we idly boasted that stricter had shot his last bolt. We take it every date because they offer little storage problem, can be kept well. Meat and butter coupons do expire because they are perishable and present storage and distribution problems. If there were no expiry date for these, they explain, people could save up coupons for several months and buy large quantities all at once. This would cause considerable complications and suppliers would not be able to forsee demands which the presentation of saved-up coupons would bring. Perishable foods must move out at a steady rate in relation to production if proper distribution is to be maintained.

* * *

Two rinks drove to Edmonton today to curl at the Regal Curling rink for the Ash Trophy

During the past week considerable snow has fallen and with it has come a bitter wind.

The second school festival of the Lamont Importante is to be held in Senn's hall, Lamont, on Friday, March 23rd.

Elizabeth Becker, age 9, daughter of Mr and Mrs Frank Becker, was a guest on the Edmonton Journal's "Farmer Hour", last Saturday.

Remember a carload of new Ford cars were unloaded in the Fort this week.

The group met at Mrs. Hooper's on Feb. 26 for the regular meeting. One new member was enrolled. While work was done on the quilt the study book "Through all the Villages" was studied and discussed.

BUY WAR SAVING STAMPS EACH WEEK!

Elsie came into the police station with a picture in her hand.

"My husband has disappeared," she sobbed. "Here is his picture. I want you to find him.

The inspector looked up from the photograph.

"Why?" he asked.

"Why, Frank, silently: "Yes, sir."

Sergeant: "Young man I have just been informed that you were drunk last night, and were pushing a wheel barrow around the parade square. Is that true?"

Frank, silently: "Yes, sir."

Sergeant: "And where was I during this time?"

Frank: "In the wheel barrow, sir."

BANKING IS ADAPTABLE
...it changes constantly to meet this country's changing needs

FOR INSTANCE...

Ever wonder where your ration coupons go? The answer is that your grocer takes your sugar, butter and other coupons to his bank, which acts as the government's agent in identifying and accounting for millions of spent coupons. This vast bookkeeping job—known as "Ration Coupon Banking"—is just one of the new, additional assignments which the banks have assumed as part of their wartime service.

Another is the payment, on behalf of the government, of certain subsidies arising out of wartime price control. Still another is the handling of exchange transactions as agents of the Foreign Exchange Control Board.

At the same time the banks have arranged facilities to serve military establishments and new war-industry centres alike.

Through loans to industry and agriculture, they have helped to increase the supply of raw materials, weapons and food.

They have acted as issuing agents for approximately $5,700,000,000 worth of Victory Bonds and War Savings Certificates, as well as lending direct financial aid to the government through short term loans.

...All this in the face of widespread staff changes resulting from enlistments of 8,560 trained bank employees.

The war emergency has proved the readiness and ability of Canada's banks to adapt their services to new conditions. It has proved, once again, the strength of your banking system, which is providing a firm base of financial services for the greatest economic effort in the nation's history, and will with equal resourcefulness meet the challenge of the years ahead.

CARD OF THANKS

On behalf of the Officers and Members of Fort Saskatchewan Post R.C.A.F., I wish to thank all those who generously gave up their time, and co-operated with us, in the concert held on March the 3rd, resulting in such a huge success that the sum of $140.70 was donated to the Local Red Cross.

Gordon Bruce,
President.

IN MEMORIAM

In loving memory of Mrs. Maurice Cook, who passed away March 8th, 1943.

"We have only a memory, dear mother,
We cherish our whole life through;
But the sweetness will live forever
As we treasure the memory of you."
—Ever remembered by Dad and Family.

Local News

C. R. W. Mager returned the Chrysler motor school to Edmonton the first two days of this week.

Mrs. Selby Thorne is visiting with relatives this week at Olds, Alta.

Mrs. R. H. Hanna, and son Phil, of Calgary, were week-end visitors at their home here.

Mr. E. S. Taylor's brother, who was a prisoner-of-war in the Gilbert Islands, has been officially reported shot to death with other Europeans, when the Islands were seized by the Japanese in 1942.

Mrs. D. Martin, of Fort Saskatchewan, renewed wood recently from her son Pte. G. M. Wagar, now somewhere in Italy that he had received a parcel from the W.I. Home Cook Fort Committee. The parcel arriving at the end of its long journey after 2 years was much enjoyed. Pte. Wagar wishes to thank the W.I. and all those who made these parcels to the boys possible.

Pat MacRae of Mill Creek, of Edmonton, lifted six packages of cigarettes from the Fort Cosy Cash Saturday. Town policeman Ken Thomas caught the culprits and before Magistrate Cowley, on Monday, they were fined $50.00 and costs.

Mrs. E. Graham, Mrs. W. J. White and Mrs. R. Bradshaw, are delegates from St. George's W.A. who attended the 35th annual meeting of the Edmonton Diocesan board of the Women's Auxiliary to the Missionary society of the Church of England in Canada, which is Rectory and Synod Hall, Cathedral Tuesday to Thursday.

Mrs. Ernie Hagman and with a public meeting held in the Fort Theatre which terminated the removal of two fire plugs at the first point on the list issued. It was found that, in addition to another boy, was investigating the case of two boys who entered and were across a small object which they started to hammer. The thing exploded, injuring the boy's hand. He is in a patient in the Royal Alex. Hospital.

Mrs. Ernie Hagman and with a public meeting held in the Fort Theatre which terminated the removal of two fire plugs at the first point on the list issued. It was found that, in addition to another boy, was investigating the case of two boys who entered and were across a small object which they started to hammer. The thing exploded, injuring the boy's hand. He is in a patient in the Royal Alex. Hospital.

C.G.I.T. meeting on Tuesday, March 14th, at 8 p.m. in Uncle School. All girls welcome. Any urged to be present. Bring a friend.

School Flashes

The Fort team has made a name back with a 9-4 win over Josephburg in the game last Wednesday.

The winning clubs in the tins Curling games played here Saturday were Wilkins's and Thomas's. The losing rink is Saturday's game was Thomas's.

Pearl Chesluck is a patient in the Royal Alex. Hospital.

It is reported that nearly $50.00 worth of tickets have been sold on W.I. raffle of the Fort Theatre weeks and the draw for the three hundred prizes displayed in O'Brien Watt's window will be held. If you have not already purchased a ticket, may one be today from any member of the W.I.

Council May Impose District Road Ban

(Continued from page 1)
MORE ABOUT

Municipality.

After considering on the 17th and receiving on the 20th, the Council considered at some length the matter of payment of a number of municipal's deficient patient's accounts. As the Provincial Government held the Municipal District responsible for payment of these accounts and as no way in some cases pressing for payment, it was decided to make payment of the amounts owing where there was no question as to the Municipality's liability. The Secretary was instructed to render monthly statements to the parents and guardians of the patients and that every effort be made to collect the sums paid out by the District.

Old Age Pensions

Two applications for old age pensions were received The Council recommended that the maximum amount be paid in each case.

Free Gopher Poison

In compliance with the wishes expressed at the annual meeting the Council agreed to the free distribution of gopher poison Experience has free distribution of Warble Fly provides a small quantity was ordered purchased and made available for distribution in order to ascertain what the demand would be.

Renew Contract with Fort Record

The Council renewed its contract with the Fort Record.

Bank Guaranteed Deposits

Subject to last hours being dug in order to ascertain the quantity and quality of the gravel deposited to be hauled on the 1.7 to 20.3.44 an order to purchase an unspecified area was agreed to. It would be ascertained if anyone having a knowledge of grazing deposits in the District would communicate the information to the councillors or the office.

Visits on Hospital and Medical Care

The Reeve, Deputy Reeve and Secretary were in conference appointed to investigate and get all other details of data possible to come more with hospitals, and medical care and make a report to the council at the earliest date.

Extract to Red Cross

A grant of $200.00 was given to the Red Cross.

Review Bond Program

Considerable time was spent in reviewing the bond program for 1944. The matter of repairs and the construction of permanent culverts per cubic yard of material, was left for the Council. The matter to receive further attention at the next meeting.

With the reading of correspondence and the passing of accounts the meeting adjourned at 5.45

SUCH is the grateful testimony of countless fighting men who kept their "rendezvous with Death" and live to tell the tale. The Red Cross triumph over death, wounds, disease and human agony is that in which you have a glorious part. GIVE TO YOUR Red Cross. Then it is you who help them in pain and peril.

Now as the dreadful carnage of war increases—as more front-line fighters and more people accessible to your Red Cross, the need grows at terrific pace. So much cannot be needed to maintain a steady flow of parcels for prisoners of war, of blood serum, medical supplies and dressings, surgical instruments, hospitals and hospital equipment, comforts, food and clothing for sick and wounded. Give a cent for a cent for the duration, on your Red Cross. Raise your eighty—often MORE—for your Red Cross need; your many dollars NOW!

STRAIT IS THE GATE..
Rev. Elliott H. Birdsall, M.A.

District U.F.A. Locals Near Dean Sinclair Wood Cutting Epidemic

East Clover Bar U.F.A. held their regular meeting on the 8th. Mr. and Mrs. Wm. Schreyer took over the hostess duties. Mrs. Hagman, Fairbridge Hall. The guest speaker for the evening was Dean Sinclair of the University of Alberta. As a member of the International Interim Commission, Dr. Sinclair spoke on the Hot Springs Food Conference.

Mrs. Lorne Anderson suffered a painful accident recently, when she slipped on the ice and broke a bone in her ankle.

"Patrick" at home was the daughter of Mr and Mrs. Fred McCalla in home again after a week in hospital with an attack of pneumonia.

We are also pleased to report Helen Dunmore home from hospital

Don't forget your Red Cross donation. Mrs. Bert A. Hall or Mrs. Lawrence Schreiter are collectors for the Evanmor Auxiliary

Sherburn Brothers, Mutt and Cliff Reid, who have the wood contract for Uhlich school, were sure rushing the job to completion, regardless of thawed roads and blustery weather.

Big bush wind of last Thursday and Friday blew down several small buildings in the district Large machines of trees in the fire-swept land were also blown down.

Attending sermon and doctors were at Uhlich School Monday completing the annual check up of the children. This preventative is very important, and will in time compensate the unnecessary sentence of youngsters below school age making the trip to the school.

District Men Attend Machinery Repair Course Here

Eleven young men from adjacent district commenced a three-week's course Tuesday on the repair of farm motors and machinery under the auspices of the Dominion-Provincial Youth Training program. H. C. Lemke, is the supervisor in charge of the class.

The building fronting Mager's Garage is being used for the school, and a full line of equipment for the course is provided by the instructor.

Those in attendance Tuesday were: Leonard F. Hall, Fred Hannig, R. E. Rippel, Arne Giether, Alan Giether, Gordon Miller, all of Josephburg district; Alfred Frey and Wilmont Allen, of Partridge Hill; Allan Bruce, Emanuel Thiel; Max Bellay and Clement R. Bolejak, of Lamoureux district.

Tuesday—opening day, war out cable for instruction in soldering and wire sharpening. Within the next few days work on repairing machinery will get underway.

Any young man in the district should pass up the opportunity of attending this course. Hours are from 9 to 6 p.m., which allows plenty of time to do the chores morning and night, and still take in the class. There is still time to enroll.

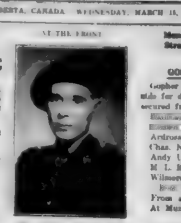
AT THE FRONT



Mrs. Lawrence Kew is now in Master's House Maternal Hospital in Edmonton, the other (Mrs. Kew) remaining nursing from the birth record of Lawrence Thomas Kew, weighing 7 pounds and 2 ounces. Former nurse Miss Lorraine Bruce, of Fort Saskatchewan, is on the staff of the hospital.

Lorne Lemoine and Nick Shewchuck in A advertising of the warm days to get some sawing done. They are now well equipped with a saw getting ready.

E. Faulkner, who has been on the sick list for the past few weeks made a trip to Edmonton for consultation with his doctor.

Norman Brown took a load of live stock to the city from Uncas Friday and found a blizzard practically all the way.

C. Hopper has been helping John Naggie saw wood a few days during the past week.

D. McNeilly caught the wood-sawing "bug" and will start in this week

S. Gee Appointed Assessor For Town

Sydney Gee, of Edmonton, has been appointed by the Town Council to make a assessment of the town for this year. The action is in accordance with the terms of the annual meeting when ratepayers passed a resolution suggesting to the council that they instruct the assessor of an estate man to make the assessment. According to the Town Act, a new assessment must be made every four years.

Regards show, that the last official assessment was made in the year 1941, since that time the job has been left undone, necessitating the present action.

No doubt in some cases the assessment will be raised, then again the assessment on some property will be lowered. However, a proper assessment will lead to fairer the value of property in town. This is badly needed. Gone will be the day, when persons can come into town and buy property at ridiculously low prices. The work on the new assessment is expected to commence sometime next week.

W. A. Graham, Sec

Josephburg Still Stands Respite Blizzard

Winter is with us with a vengeance and for the first time this year the mails are made on many places are blocked. Even the bus failed to make the grade from Vermilion and had to be content with Vegreville as its terminus Added to this, the repairs to the Fort Bridge have necessitated a long detour and even this has proved unsurmountable due to the storm. The young bronco which sprang up so suddenly on Thursday evening also showed unusual ferocity and has still not revealed that all entrance are still under.

Josephburg takes a lot of beating' the old lady remarked as she vigorously pounded her dusty rugs.

—V—

Skating days here are a thing of the past. At the last ice put only a skin of ice over the ground and a March sun soon reduced it. We are not complaining. We had a good run for our money this year Our trouble is that we always start too late. Water heating without snow seems too much like hard work and we have never reached the point where we put in our order for the snow early enough to be effective.

—V—

No further cases — we are knocking wood—of measles have occurred and we are hoping that we have received the last of them. The county medical officer may and we'll be glad to be through with it.

—V—

We learn that cows has been seen somewhere. Why he is, we wonder, that the other fellow always gets the breaks? One of these days, we'll get a cow or four, and then the fun begins and likewise it follows anyone can possibly get those first "All's fair" in love and war, the rank writer once observed.

Someone has neither or our Bruce contributors are guilty of saying that never fail.

—V—

Cecil Strachbolz, son of our genial postmaster, has set his sights on his county wheat to take him daily to Fort school, but we can almost hear the groans of the "old timers" muttering "Give me a horse, a great big horse". This achievement is very usual to what Carl has undertaken before the family moved to Josephburg. Edmonton is not exempt without effort by country boys.

—V—

When buying or selling use the Fort Record columns for best results in the district.

Preparations For Seeding

What farmers are now making preparations for seeding. Is the grain to be used as seed of good germination? Does it or is it have to test. Farmers should do well to make a home germination test of 1 pint sample of the different lots of seed they intend to sow.

Grains must be treated against a stinking smut or bunt. Treating with commercial formalin or bluestone—B the modern method. Its advantage is that the seed can be treated and sown several weeks before seeding, so that actual sowing operations are not interrupted.

Repair parts for machinery are often be begins to fail.

PYREX WARE

You Save by using Pyrex Ware. For faster baking and neater washing, use pyrex ware. You have a nice assortment in stock at present. Watch your fresh cook to purchase in Pyrex Ware.

AT LAST—we have received a good supply of Montreal replacement holding cover-it eliminates plugs.

Carmichael's Hardware

CHAPTER 10

These little letters seem to be some bother in the fellows who were trained to retire over home but it doesn't bother me. We never did have any more light than a lantern or a camp fire when we were out on the range and I can find my way around right quickly and without much trouble. What I can't get used to is the fog.

Another thing here that would be good for the folks over home would be lessons against careless talk. We read about it over home but we're not nearly so particular about it as the Britishers are.

One of our boys was going to Edinburgh and stopped over at Carlyle. He wasn't sure which train the leave would be coming in so as to be sched on old fellow on the station platform. The old fellow pulled out his watch which was as big as a turnip and said, "There's plenty of time. Why don't you step over and get a cup of coffee". Our buddy started out and the coffee was good before the Canuck got wise that he still didn't know which train the Edinburgh train was coming in on.

That just shows that you can't get information. Even the Britishers don't know our buddy might have been a saboteur in a Canadian uniform and he wasn't taking any chances.

We're just brushing up on final training now and expect to get our "canvas gogettes". It won't be long until we're on our way—and I sure hope its Italy.

It's funny but all the fellows find the same home about Wales. All are wondering if they'll be in in the second front opening, the boys figure Italy is the best bet. Some think it will be Greece or Berlin plenty of action there and we would all have to be in good shape.

Right now we're brushing up plenty on two subjects—marksmanship and map reading.

As far as handling a rifle is concerned I can proudly hold my own with any fellow in the outfit but that is because I had plenty of practice before I ever thought of joining up.

Map reading is a little different with me and I seem have to slave at it. When you get over here you sort of realize how important map reading we're too busy for me to do any more at that with no real object in sight. Studying and I'm sure to keep studying. Compared to the trip over from Canada the journey through Gibraltar was a real surprise and has provided plenty of action. We didn't mind patrol without warning.

You can say what you like about sleep but I'm sure I don't find it so. The rafts and the huts have been working fine and I've been getting a steady stream of letters. Then too, I've been right lucky with parcels and have had some regular feeds whenever my wonderful mother sendings from home. You can take it from me that I don't waste any time in writing the folks and thanking them.

Had a right good time the other evening while we were in London for a week-end.

I'm just constructing along hunted for the Barrow Club when I hear someone yell "Hey, Johnny!" and an R.C.A.F sergeant comes hurrying towards me.

I'll be darned if it wasn't a young Barrow fellow whose father also ranches a few miles south of our ranch. He was sure looking fit and is about to be made an air-gunner on a bomber.

Tommy figures that there can't be much of Berlin left by now because they are hitting it so often. Also that much the same as sitting on a high explosive shell and watching stevedoring—except it looks like hundred of sticks mighty close together.

Tommy and I are hoping to spend a couple of other leaves together but with our present conditions in which one never I've got a feeling we'll soon be moving—and it can't be too soon for me.

One of these days soon when I get a few days I'm going to get down and write a long letter home telling the folks about the action we had getting over and for Judy Evan Britan but right now we're too busy for me to do any more than wish you real good luck.

Social Security is Not Something for Nothing

Much has been written of late about Social Security and Reconstruction plans for the post-war period. The following editorial being along these lines, gives one a new slant on Social Security.

Many erroneous ideas get into print and occur in discussions of the planning for Social Security which indicate a total misunderstanding of the fundamental basis on which all such planning is built.

The purpose of the various social security plans, including those of Beveridge, Marsh, Whitton, and others, is not merely to provide for the less privileged of the people something they have never earned or deserved, or something they have at some time forfeited by want of initiative, lack of energy, or sheer wanton recklessness in providing for the rainy day, it is an effort to make a provision for the under-privileged which has long been made as one of the tragic failures of the present economic system.

Nature has provided abundant food, clothing, minerals and labor has been abundantly furnished to feed, clothe and provide a sufficient living for all the people, but many are denied by circumstances, birth, ability and education the qualifications which make the acquisition of wealth possible. Some have not, and do not want to seek a place in the struggle for wealth.

The remainder of these are people of quality, superior intellect and choice spirit. Literature, Art, Music, Labor and Religion have never competed equally or with success in a commercial age, from the Industrialists point of view in a better world. Social Security will provide the minimum by right which a commercialized world so far has failed to give to those who have been unable to make a comprehensive and put reader a service we cannot do without.

A man who has labored all his life, who, by the fact of family responsibility, has of his savings, heavy taxes, misfortune or ill-health of himself or one of his family, is impoverished in old age, is not getting something for nothing when the state gives him an old age pension in a better world. Social Security will provide the minimum by right which a commercialized world so far has failed to give to those who have been unable to make a comprehensive and put reader a service we cannot do without.

A man who has labored all his life, who, by the fact of family responsibility, has of his savings, heavy taxes, misfortune or ill-health of himself or one of his family, is impoverished in old age, is not getting something for nothing when the state gives him an old age pension. In a better world, Social Security will provide the minimum by right which a commercialized world so far has failed to give to those who have been unable to make a comprehensive and put reader a service we cannot do without.

It costs money to play the national host, a question answered in the Home phrase. The total sent to the Canadian Government of the Quebec conference last summer, including President Roosevelt's visit to Ottawa, was $266,508 the important Stadium Track Museum has finished its conference in Quebec and of which will come a trade agreement between the two countries with big post-war implications undoubtedly), on the Swedish mission were some of the foremost industrialists of that country Dr Lu Shih Shun, who has been Chinese Minister to Canada for two years has now presented to the Governor General his credentials as Chinese Ambassador to Canada.

• • •

While the housing overcome have a constant mate with the owner, in their spare moments it's reading that some men have found a new source of income that unwrapped magazines can be handed to to any post office in Canada for mailing to troops overseas. Some collection and forwarding depots have been set up. Persons place calls for shipments of 10,000 current issue mags each month. If you're through with your favorite detective, movie, western or sports magazine, give the bugs a break.

• • •

The Prime Board recently issued an order that fur garment styles will not be restricted any longer. The only thing is that the ban stand have to prevail for 1946. After that the sky's the limit.

• • •

Women are certainly doing their part in this war; active on the home front in a hundred and one ways; figures show that there are more than 39,000 in the armed forces of Canada. On a per capita basis of total population 14 years and over (ages 16-65) in December, 1941 there were 1 in 1300; in December, 1942, one in 134 and today one in 58.

• • •

If you are worried about the right kind of fing to fly when a distinctive Canadian flag is required, take Prime Minister Hitler's word for it. The Red Ensign is correct dress for the occasion, he told the Commons.

• • •

You'll probably hear more about the health of your children, recently revised and submitted to the Social Security Committee of the House of Commons, a plan purported to give complete health services to the people for a total cost of maximum levy will be $60 for married folk, $30 for single persons. It will cost adults 1 dollar a year and a percentage of income from them in the income-tax class commencing at 1 per cent for single and five per cent for married persons.

• • •

In connection with civic or municipal elections, regulations are that members of the Armed Forces may participate, but no special leave will be given for campaigning or other reason, and if elected no special consideration insofar as leave is concerned will be given to attend meetings or other duties entailed in holding office.

• • •

Ration Book 4 will be distributed during the last week of March from over 1000 centres in Alberta organized by the 52 Local Ration Boards in the province. The final week in March is Ration Book Week all across Canada.

NATIONAL SELECTIVE SERVICE
If You Employ Male Persons
Have they all complied with the Military Call-Up?
• I salso an Order signed under authority of the National Selective Service Act, 1940, as amended.
1. Every employer of male persons must make an examination of the documents of those employees, and forward advice on their behalf to the proper authority, unless they have already done "Notification Respecting."
2. This examination must be completed by May 1st, 1944.
3. "EMPLOYER" includes industrial and commercial employers, and also farm operators.
4. "MALE EMPLOYEE" includes all male persons working for you, including relatives.
5. A booklet "EMPLOYERS' LETTER" has been sent to individual and commercial employers. A certain post card has come to farm operators.
6. If you employ males, and have not been notified of the survey by booklet or post card, contact the Local Office of the National Selective Service and ask for the booklet.
7. Obligation to make the examination rests on each and every employer of male persons, and employers must act.
8. Penalties are provided for failure to carry out this commandment, and for male employees failing to assist by refusal to produce documents.

Fort Community Hall
Fort Saskatchewan

Friday, March 24

Matinee 3p.m. Show & Dance 8p.m.

FRANK SMITH'S ORCHESTRA

Lunch will be served by the United Church W.A. at a small fee.

Everybody Welcome!

St. Patrick's Dance . Friday Night

St. Patrick's Day, Friday, will be fully celebrated by members of the Second Brown Unit of the 3rd Edmonton Legal Regiment with a dance in the Community Hall for their children, parents, Frank Smith's orchestra will supply music for dancing.

Members of the Women's Institute will serve lunch in the buffet room at a nominal fee.

Proceeds of the affair are "war carried" for a very worthy cause, so everyone is urged to support the dance.

School Finishes

The High School is now preparing for a Literary to be held on the afternoon of March 22. Preparations are being made by all the students with prospects of an enjoyable party.

We are now in the midst of the "in between" season, following a successful hockey season. During the next of January hockey consisted of games between our two rival schools.

In February a number of games were played with outside teams.

As the fields are still covered with snow, softball and football season is needed on.

Lester: "My wife is a wonderful woman. She will take a dollar and go down town and buy a houseful of things."

Pat: "That's nothing. My wife will take a dollar and go shopping all day and never spend a cent."

Local News

Mrs. Bruce Stinson, received word on Monday that her sister Sid Lieut. Marion H. Vosburgh, A.M.C., has arrived safely overseas

Warm weather and last Thursday's storm has put the finishing touches to the ice on the skating rink. Town officials have decided not to refloat the rink due to the advanced season. Ice in the curling rink is holding up well, and members are able to still get a look out of the "curling game."

Two Fort students, Frank Chadwell and Bruce Hughes, patients in an Edmonton hospital last week, are back at their homes in the Fort.

Cpl. Irene Johnson, of Penson, Alta., spent Thursday to Saturday at the home of Mr. and Mrs. A. Dawson.

Previously to joining the R.C.A.F. (W.D.), Cpl. Johnson was a member of the Fort teaching staff.

Under the direction of their superintendent, Chas. F. Lowe, children of the United Church Sunday School will participate in a social evening in the absence of the church on Saturday evening. Hitherto before the children were on their own. This time the parents are invited to accompany the youngsters to join in the fun. This makes the third such affair to be held this winter for the children by the Sunday school staff.

F.O. H. H. Rockyfeller, of Uplands, Vancouver Island, is spending a leave with his wife and family in the Fort.

Women's Missionary Society of the Fort United Church are having their annual church service on Sunday next, March 19th, when Rev. Rev. W. H. Byers, of Vancouver will be the guest preacher.

1942-43 car license stickers and "A.A." and "A.A.A." gasoline will be obtained at the Fort Agency, Fort Saskatchewan.

Mr. E. S. Taylor, Town Inspector, leaving for Edmonton on Monday he will visit with his sister, Miss F. Frost.

Fort ladies successfully defended their title in the Bowling League tonight when two rinks from Bruderheim motored up. If the present weather continues conditions for curling days be in the rink will begin to outline up.

Partridge Hill Forms New Community Club

The Community meeting held in Partridge Hill School on evening was fairly well attended—considering the weather conditions—with other community meetings "down". The following officers were elected for the ensuing year: Hon. Pres.—Mr. Wm. Walker, Mrs. H. Wenderoth, Misses Annie, Priscilla, May Thomson, Elsie Webb, Nora Sandoval and Miss Gertie Bower. Their next meeting will be held in June.

Wye Girls' Softball Group will sell hot dogs and coffee at the auction sale to be held at Mr. Alex Graham's. Proceeds will be put in a War Savings Stamp, furthering the Red Cross Campaign.

A dance was held at the Wye Community Hall on Saturday night. Proceeds will be donated due to weather conditions.

Miss Priscilla Thomson has been out of the district for some time now. We hope to see her back to our midst again soon.

Support the Red Cross, Folks. You can't do any better.

"You're In The Army Now!"

On Monday evening, the Local Reserve Unit will hold their first dance in the Cor. headquarters in 2 and 26 Platoons, Bear Creek, Chipman and Lamont Units, respectively, will attend in force. After an inspection by officers commanding 2nd Edmonton Legal Regiment, Edmonton, refreshments and entertainment galore will be provided in the buffet room.

Wye Girl's Club Visit Blood Clinic

The trouncer of Wye School is proud to report that her people have purchased at total of $60 in War Saving Stamps since October 1942. They are certainly doing their bit in Canada's war effort.

Mrs. W. T. Moore has her father, Mrs. Taylor from Edmonton under the direction of Jack Jones. Other visitors are Mrs. Flemming at the piano, Bill Hess and Bill Leach. A special feature was the singing of a duet by Geoff Sgt. Flood and Norman, special service division, United States Army Transport, the courtesy of the U.S. Forces. The next meeting will be held at the home of Mrs. Flemming, April 6th, in the evening.

Tuesday, March 7th, eight members of the Wye Girls' Red Cross visited the Blood Clinic and made their first quota of blood in support of our Hates-vids Campaign for Blood. Those present were Mrs. Moore, Mrs. Walker, Mrs. H. Wenderoth, Misses Annie, Priscilla, May Thomson, Elsie Webb, Nora Sandoval and Miss Gertie Bower. Their next donation will be in June.

Wye Girls' Softball Group will sell hot dogs and coffee at the auction sale to be held at Mr. Alex Graham's. Proceeds will be put in a War Savings Stamp, furthering the Red Cross Campaign.

A dance was held at the Wye Community Hall on Saturday night. Proceeds will be donated due to weather conditions.

THE FORT RECORD

Vol. 21 — 49 — FORT SASKATCHEWAN, ALBERTA, CANADA, WEDNESDAY, MARCH 22nd, 1944 — CIRCULATION THIS WEEK 1500

"C" Company Hold Enjoyable Smoker

Members of "C" company, 2nd (R) Battalion, The Loyal Edmonton Regiment comprising the districts of Fort Saskatchewan, Bear Creek, Lamont and Chipman, gathered in Brooker the Community hall at the Fort Thursday evening, for the first military smoker ever held in that town. Lt. H. B. McKinnon officer commanding the company presided. The room was decorated by Lt. Hinchliffe and C.S.M. Arm Short.

Among the guests were Lt. Col. R. B. Hale, M.C. (Lt. battalion commanding officer Maj. G. D. E. Arnold second in command, Maj. J. W. Fish, Edmonton area transport officer Capt. H. H. Dennerle, D.D. garrison orderly officer, Lt. W. J. Argue adjutant of the 2nd Battalion, T. B. J. Henry and Warden J. D. McLean of Fort Saskatchewan. Lt. D. Roberts and Lt. Ed. Richardson, "A" Company; RSM Charles Lambeau and Staff Sgt. George Harvey several other officers of the battalion from Edmonton also attended and commented on the other companies of the regiment.

Previous to attendance at the smoker in the buffet room, commanding officers reviewed the company and were highly impressed with the fine turn-out and appearance of the company.

Camp this year will start July 31, for two weeks. The date was not with the view of coming in-between con- ences for farmer members of the regiment.

During the evening it was announced that a pay parade was scheduled for the coming Sunday in the Fort at 1 p.m. Those not in attendance will not collect their pay for another year.

Hinchliffe got to the Fort "C" Company were present, many having to leave their homes at 4 o'clock in the afternoon to get to the Fort in time for the parade. Muddy roads were no barrier, however, as most of the men motored in, some by tractor. Many trek up to 10 miles every week to and from parade.

Entertainment was provided by a concert party from Edmonton under the direction of Jack Jones. Other artists were Flemming at the piano, Bill Hess and Bill Leach. A special feature was the singing of a duet by Geoff Sgt. Flood and Norman, special service division, United States Army Transport, the courtesy of the U.S. Forces. The next meeting will be held at the home of Mrs. Flemming, April 6th, in the evening.

Warbird Marries Overseas

SHERMAN POWLES

F/O. Walter Sherman, R.C.A.F., son of Mr. and Mrs. F. A. Sherman, of Fort Saskatchewan, and Miss Jean Brooks Fowler, R.A.F., only daughter of Mr. and Mrs. Fowler, of Black Hill, England, were married in England at St-maville, England, on March 11th.

F/O. Sherman has completed more than 30 operational and has parents look for a visit from him sometime in April.

Despite Bad Roads Army Dance Successful

Over $60.00 was realized on the Army dance last Friday night in Hanson security and practically impassable country roads no doubt accounted for the small representation from the district. However, those in attendance report a good time. Lunch provided by the W.I. was enjoyed and a generous vote of thanks to the officers of this hard working society.

Building Hall Committee Turns Hall Over To Town Council

At a meeting of the Building Committee of the Fort Community Club held in the Community Hall on Tuesday evening, March 21st, it was unanimously decided that since the Community Hall is now clear of debt that this Building Hall Committee before and the Community Club, and, turn the building over to the Town together with the funds on hand to the credit of the Fort Community Club of approximately $600. The original building had cost a matter of J. D. McLean, chairman, A. E. Weeden, Treasurer, F. W. Smith, Secretary, Dr. T. W. E. Henry, Mrs. Roberts, G. Nonis, R. Lesiuk, W. A. Graham and Joe Lesiuk. On March 15, 1935, started the "ball rolling" and built a fine community hall for the people of Fort Saskatchewan and district. The building is estimated at $6,000.00. Today, that value stands at $600.00. Today, that value stands at pays its way, and shows a surplus of over $600.00.

The building stands as a monument to what may be accomplished by cooperation and the spirit to make the "town town" a better place to live in. Adequate community facilities also taken advantage of the facilities of the hall in which to connect the people of their district more together.

Members of the Committee can take a "bow", for a job well done.

NAVY LEAGUE NEEDS FURS

The Northern Alberta Division of the Navy League of Canada is again appealing to the public for gifts of furs, or old fur coats, to be made into coats for Canada's Merchant Marine and the Canadian Naval Forces. Three Thousand Five Hundred and Thirty Seven of these were distributed during 1943. Let your old furs go to work! They have a job to do! Send or take them to the Walk Rite Style Shop, 10171-101st, Edmonton, without delay.

H.M.S. INDOMITABLE BRITAIN'S NEWEST AND BIGGEST AIRCRAFT CARRIER

A new naval photograph of H.M.S. Indomitable just released by the person shows Britain's latest aircraft carrier travelling at speed, with Albacore torpedo-bombers ranged on the flight deck.

Whitemud News

Mr. and Mrs. M. Krupa had as their guests on Sunday, Mr. and Mrs. R. B. Cassels, Bobby and Bobby of Camrose also Olga and Anabel Krupa, who are employed in the city.

Tyne Garden Breast has returned to Hamilton, Ont., where he has stationed, after enjoying a week's leave with his parents.

Having purchased their water system from Edmonton under the auspices of Whitemud School managed to "go get down" three "bad days" on Thursday. One can't even trust the weather these days.

Leslie, the spring is in the air even if we do get some more snow. You should just see the baby chicks that arrived at Miss Sarcouk's last week. Cute!

Lawrence Krupa is reported to have a garden on Sunday, even, if they cover it with snow.

On March 16th, a surprise birthday party was held at the home of Mr. and Mrs. R. Schewe. The honored guest was Miss Lillian Schewe, the recipient of many lovely gifts. A number of friends and relatives gathered to give Lillie the "royal bumps". An enjoyable evening was spent by all. We wish you many more happy birthdays, Lillie.

The community will be pleased to hear that Mrs. J. Krupa and Mr. A. Green are recovering from recent illnesses.

Great Britain has a population of 48,000,000 and is an island situated, at no nearest point, within 20-mile of the German army. These two simple facts explain why many important functions which are worth reflection at the present juncture of war.

Yorkville News

It is reported that Mr. and Mrs. R. Mellish are making preparations to move up residence to the Bon Accord district. What is one less will be their gain.

The next meeting of the Fort Saskatchewan U.F.A. Junior Local will be held on March 30th. Roll call is "Names in the News" and the topic for discussion will be "Public Health".

The February and March meetings of the Fort Saskatchewan U.F.W.A. were held at the homes of Mrs. G. Williams and Mrs. J. Allcock's respectively. At the former meeting the delegate to the convention, Mrs. M. L. Stetson gave her report and at the latter, Mrs. Tolnoh gave an interesting reading on the customs of the Japanese.

Warble Fly Control

The warble fly control campaign is under way. Spraying of the animals on this post in your district at once.

Derris powder, a constituent of warble powder, is limited, be sure not to waste it. One treatment will be about 75% control of warble flies if applied at the proper time, which is just before the first grass crop. Grubs will emerge much sooner from the back of animals that have been housed during the winter.

While individual effort is commendable, community effort is more effective and provides the real control. Make the M.D. of Strathcona a warble fly free area by your good shove in the co-operative effort to get rid of this pest NOW.

Warble fly free areas by your control is when such results are reflected in the present business of war.

Lands For Sale or Rent

Municipal District of Strathcona, No. 517

The following land are offered for sale or rent by the Municipal District of Strathcona, No. 517

Tenders will be considered at the Council Meeting held on Monday, April 10th, 1944, and all tenders should reach the Secretary-Treasurer not later than April 7th. Separate tenders should be clearly set out, All rentals are payable each in advance. The highest or any tender not necessarily accepted.

Franklin Girl Guides Hold Successful Dance

Fortune smiles on the Fair but not on the Brave, so Franklin The Girl Guides, with their leader, Mrs. Gerd Fu, successfully sponsored and conducted a Basket Social and Dance at Franklin Hall on March 7. Due to a week later the Boy Scouts and Wolf Cubs, preceding them in their annual tea where the Fair had succeeded, they, the Brave, would have not the least bit of difficulty. They bounded and brought low Of course. A dam site they blame something other than blame the Fair and that accumulative and pitiless barrier which trapped and raged and roared but finally aught, driving all sensible people from roads and highways November, the Scots are the most completely humbled. They still believe that Fortune smiles on the Brave, and, therefore, they are determined to try again

The Girl Guides are grateful to Dave and Martha Kadoti, their managers, who, despite the shortage of charge for their services that evening left them with a substantial sum for their treasury.

The relatives and friends of Harry Fendrick, in Italy with our sincerest sympathy in the passing away of one of his safety and well-being.

The two sons of Mr. and Mrs. Robt. Bell are well "Dempsey", somewhere in Northern Ireland, have heard from, and Bay, still in Eastern Canada.

Will relatives and friends of men in the armed forces, at home and overseas, kindly supply us with news of them for this column? The busy and garbs and gadgets of Whitemud will gladly receive all items.

Franklin School's both boys and girls in pupils, Grace, Gordon, Beatrice and Lorraine Gordon, have saved their books and pencils and "Goodbye" to their parents, Mr. and Mrs. Harley Kephart are moving to a farm in the Tofieveda School district.

To repair these boxes we undersea back again from Kenilworth, who had met at school in Calgary since Dec. We welcome also the Hadenecah family, Mrs. Hadenecah and children, to the family, name not yet known, taking over the Kephart place. Both families have children of school age.

New Delhi—Bengali gunners on the highest gun position in the world, a 1,000 foot jungle-clad mountain peak on the Chin Hills, recently celebrated a happy touch to the evening. The Japanese guns by counter battery fire.

Franklin Whist Drive Popular Despite Weather

In spite of a dropping temperature and a warning forecast, the first-night Whist Drive at the Griffin home was again a happy gathering of neighbors. Eight tables were soon made to accommodate the players, but the presence of seats was not to example a matter for chairs apple boxes, bread boxes, crates, cots, and even benches were pressed into service. The one note of discomfort was heard, one from the overfed puppy of Pepsi who fat-belly carried with him table to table a quite comfortable cushion. Indeed, one player perched on a cream can, seemed to prefer that seat before any other, for he played right through a considerable number of hands.

Prizes were won by Mrs. C. Mottimore and Mr. Norman Hastings, while the consoled paid were Mr. Fred Leach and, for lady, Mrs. Neil Norman.

As usual, the ladies provided lunch, enjoyed while entertained with neighbor. Then followed a feature called Consolation Contest. Songs were and old, and several rounds gave a happy touch to the evening. The proceeds, $4.25 in all, Cross, taken up by Mr. Cohn, totalled $6.25.

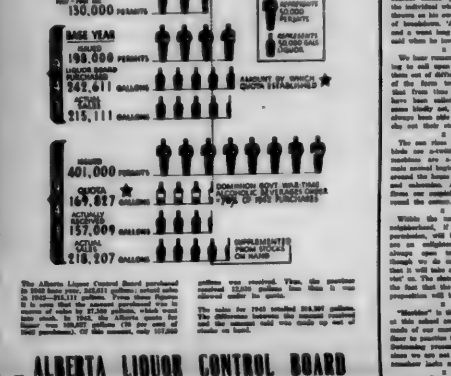
ALBERTA'S Liquor SITUATION

The Alberta Liquor Control Board is faced today with solid manifestation of trying to supply more than double the number of permit holders with heavily curtailed liquor quotas. Greater demand rather than reduced supply is mainly responsible for the situation.

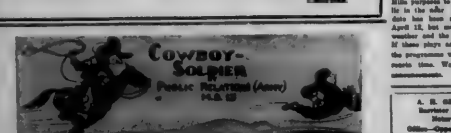


The Alberta Liquor Control Board purchased in 1939 liquor to the value of 345,511 gallons; retail sales 31 1943—315,111 gallons. From these figures it is seen that the amount of liquor sold in the course of sales to 17,500 permit-holders who, by the end of 1943, will number 130,000 persons is less than 100,000 gallons (70 per cent of retail purchases). Of the amount, only 157,000 gallons was received. Thus, the purchase received 53,000 gallons less than it was allowed under its quota.

The sales for 1943 totalled 314,307 gallons. The difference between the amount received and the amount sold was made up out of stocks on hand.

ALBERTA LIQUOR CONTROL BOARD

JOHN L. UNE, Chairman.



Sailing in the Mediterranean is considerably different from sailing the Atlantic and to us tons at all the ballroom were wearing light clothing. Say, there's a lot of clothing to be about how we were going to change into our dinks and live on deck under the stars and all these other hardships that we've sort of been missing for quite a spell.

Here we're here in Sicily it should not be long before we can send letters and already you can see a change in the boys. They're a slight tanner tone now and everybody is in fine spirits.

I'd like to tell you where we are and all about it but it wouldn't be good policy and anyway the censors would probably put a stop to such shenanigans. I can tell you though that the climate here is fine and we are getting along right well.

Even where we are, which is a considerable distance from the front lines, you can see plenty of signs of war and the boys passed their way through bombed out and burned out buildings and heaps of rubbish which were bombarded out of existence and what they weren't say too pretty.

You know plenty of reports from the front and one of these days we'll be given the boys plenty of scenes to give you a real talking. Incidentally the Canadians are in sort of semi-permanent camp and are today making for getting supplies up to the front. Our lads figure I should be there right now and I told them that I would save this to be as I figured I could come to handy at handling those little dentists. Then now, a few diamond bullets like we used to throw on edge into the mouths of unwilling help to carve the heads just right. Say, there is nothing like a well-shaped spit to make one of these little boxes happy.

Sometime I'll sort of get to talking about this to the gang I personally don't expect to be around here very much longer and to call me Johnny but you can leave it to "The Kid" anywhere.

We calmly chirp with us though and at the same time I'm right glad planned because just when the boys started sailing me that the C.O. came up with a few procedures and now I'm a corporal.

I've sure got to write and tell the folks about it. I know they'll be tickled that I'm getting chevy so quick.

Husband: "If a nest stools—no matter what it is—he will live to regret it."

Wife: "During our courtship you used to steal kisses."

Husband: "Well you heard what I said."

Josephburg Has Mixed Repair School

The farmer had lost home and hired man in a disastrous farm-house fire. Pondering the cheque forwarded by the Red Lake Insurance Co. in settlement of the claim of the hired man's estate, the farmer thoughtfully remarked "It was fortunate for me that nobody happened to be at home."

* * *

Several of the progressive farmers are attending the demonstration on the care and repair of farm implements held in the Fort. Each session should prove invaluable to the individual who is more and more thrown on his own resources in times of breakdown. "A fish hook vaulted and a sweet long felt" as the fellow said when he mended it a new bait.

* * *

We hear rumours of local men hurrying to sell upon their wives to get them out of difficulties—with the aid of the Income Tax. We suppose that from time immemorial, wives have been known to sell their husbands short, and they have not always been able to use a tractor to do the job with.

* * *

The ice thickness of Boat, the blade are re-entering, the farming machines are re-entering and the male animal hastens to assume around the house in respect of paint and enhesion. All of which goes to show that spring is around the corner.

* * *

Within the next few days this neighborhood, of the trade of Edmonton, will be C.C.F.-wise. We are an enlightened race and are always open to anything even though we do entertain the notion that it will take a good man to "convert" us. The C.C.F. seems to be the fact that the better part of the proposition will be defeated.

* * *

"Member" is the order of the day at the local Hall. It is hoped by each of our members now present, there is another member to be added. Outstanding promote possibilities but, since we are not Bankers, the sport member Lodge appeals.

* * *

We are privileged to attend a preview of the two plays which Beaver Hills purpose to present to the public in the near future. A booking date has been set for Wednesday, April 12. But much depends on the weather and the state of the roads. If these plays are a fair sample of the programme we are in for a rip-roaring time. Watch the Record for announcements.

Miss E. Meyer Honored By Gand Hope Friends

Ladies of the Community entertained at a cup and saucer shower, at the home of Mrs. E. Meyer last Monday evening, in honor of Miss Eva Meyer, whose marriage to Mr. Fred Bennett takes place Saturday of this week.

Many entertaining games and contests took place, which proved enjoyable to the entire crowd.

Mrs. Reda Arnold and Mrs. R. Todd presented the bride-elect with a lovely basket of cups and saucers. Miss Meyer was thoroughly taken by surprise.

Following a very humorous lunch everyone joined in singing, "For She's A Jolly Good Fellow."

* * *

A.C. Gerald Magee of the R.C.A.F., Dallas, Saskatchewan, is spending his embarkation leave with his father and brother, Mr. Wm. Magee and Ralph.

* * *

The Gaudrill Sewing Circle met at the home of Mrs. J. Whale on Thursday afternoon, March 16th.

Plans were made for mixed nine parcels to the boys overseas. Sales are progressing favourably on tickets for the Easter Sunday concert.

The next meeting will be held at the home of Mrs. A. Bergmann on Thursday, April 6th.

The usual dainty lunch brought a very pleasant afternoon to a close.

* * *

Miss Esther Thomas, who spent most of the winter employed in Edmonton returned home last week.

* * *

Mr. Anton Kuhn returned home last week after spending the winter in Edmonton.

A Chicago theatre recently advertised for an organist and pianist, either a lady or a gentleman.

One of the replies was rather unusual—it read:

"Dear Sir: I notice you have a vacancy for pianist and organist, either a lady or a gentleman. Having been both for a number of years, I would like to apply for the position.

PYREX WARE
You have by using Pyrex Ware. For faster baking and easier washing, use pyrex ware. We have a nice assortment in stock at present. Watch your foods cook to perfection in Pyrex Ware.
AT LAST—we have received a good supply of Electrical equipment, including screw-in attachment plugs.

THE COST OF HANDLING FARMERS PRODUCTS

The opinion has often been expressed that merchants who handle farmers' products take far too great a hold for their services. Some have even expressed the view that these charges amount to a most as much as the farmers receive.

An estimate has been made on the handling of bags and boxes by the Hon. J. G. Taggart, Minister of Agriculture for the Province of Saskatchewan. Here are the figures he gives. For 1942 with 4 bushel bags and of pork offals shipped to Britain was 64 million dollars. The distribution was as follows: To farmers 337 million dollars, to marketing agencies 5 million, transportation companies 30 million, to packing plants for their processing and services 3 million, which is slightly over 4 percent of the value value.

I have worked out a similar distribution for grain and I find that the charges on grain for transportation to lakehead terminals from the Grain Trade for handling the farmer's grain at the elevator, including processing and storing the grain until the buyers require it, is about the same percentage of the value value for the separate charges as with bags and boxes.

In considering all this it seems to me that not only are the harvest bags and their grain—and no doubt many other farm products—based on an unreasonably efficient manufacturing and not a competitively low cost to the farmer.

The arithmetic class was learning weights and measure

"What does milk come in?" asked the teacher

"In pints" ventured Betty

"And what else"

I know," shouted Johnny, who had spent the past summer on the farm, "in squirts."

Salisbury Red Cross Whist Drive and Bonce Successful Event

Many thanks are extended to East Edmonton for their help and free use of the Community hall which on Salisbury to put on a most successful Red Cross Whist Drive and Dance.

Quite a large crowd gathered inrivalling visitors from the city, there we old friends Mr. and Mrs. Bob Gibb, Robert and Betty, from St. Albert in was whispered they stayed until the wee hours of the morning with four desgbrats (immediately some ter) to restain them on their homeward journey.

The proceeds of the evening amounted to $65.00 with very little expenses attached

Ladies first went to Mrs. Buster Wennecott. A draw for the goats between Mr. Roy Hammond and Mr. Bolster, the latter drawing the lucky card.

Great credit was given to the junior orchestra. Misses Margaret Hammond, Irene and Rita Hunter, Claire, Floyd and Lorne Harlton. They certainly excelled themselves not only by their music but by giving up the whole evening for the pleasure of others. But what worthier cause

Congratulations to Mrs. Allan Gedes, convener of the Salisbury Red Cross, for the well planned and successful evening of the Whist Drive and Dance held at East Edmonton Hall, March 17th

* * *

Salisbury Ladies Aid and W.M.S. held a very enjoyable meeting at the home of Mrs. George Hammond.

Neighbors and friends of Salisbury extend their sympathy to Mrs. Oakey and family.

* * *

Private Frank Thorsvall is visiting the Stannard farm on his recuperation leave. We all wish him the best of luck. He is also spending a few days at the coast, with his father

* * *

LAC Eugene Sutters is home on 10 day leave from Coal Harbour, where he is stationed.

* * *

Mrs. W. Sawyers is visiting her sister at Athabasca for about two

* * *

Mr. Pete Yelemma has his nephew visiting him for a few days.

* * *

Mrs. Haythorne has as her guests this week her aunt and uncle, Mr. and Mrs. Pinsney, of River Que Bar.

* * *

Cora "I hear you're going to move."

Dora "Yes, we've taken the house next to the railway station."

Cora "But won't the trains keep you awake at night?"

Dora "The agent says that they won't bother us after the first few nights' as we're going to spend the first few nights with my aunt."

RATION BOOK 4
—WHEN AND WHERE YOU GET IT

Distributing Centres will not be open on all days of next week. Make sure that you know exactly what days and hours the Distributing Centre you intend to go to will be open. Help the volunteer workers by following instructions carefully

HERE IS WHAT YOU DO TO GET YOUR NEW BOOK

1 Fill in the application card—the first page card in your Ration Book 3. Do this at home. The application card is printed in red and is numbered RB-99. DO NOT USE ANY OTHER CARD. Follow the method shown.

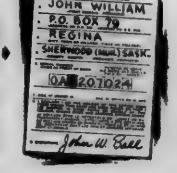
2 Be sure to PRINT clearly, accurately and completely all information required on the card. BECAUSE THERE ARE NO COUNTIES IN WESTERN CANADA, IN LINE 5 STATE THE MUNICIPALITY (URBAN OR RURAL IN WHICH YOU ACTUALLY RESIDE, REGARDLESS OF YOUR POSTAL ADDRESS.

3 Sign at the bottom with your usual signature. Persons of 16 years or over must sign their own cards. Cards of persons under 16 years must be signed by parents or guardians.

4 Applicants must bring their Ration Books with them to the Distributing Centre. Children under 16 may not apply for Ration Books for themselves or for other members of the family.

5 Do not detach application card from your Ration Book. This must be done by an official at the Distributing Centre. If accidentally detached, bring the application card along with your Ration Book.

6 ARMED FORCES: All members of the Armed Forces, whether on furlough or embarkation leave, must personally sign their Ration Cards from their own Units.



7 APPLYING FOR BOOKS FOR OTHERS: Any responsible member of a household may apply for Ration Books on behalf of other members of the household, or for neighbours unable to apply in person, providing Ration Book 3 with proper signature affixed to application card is presented.

On presentation at a Distributing Centre of your Ration Book 3, with properly completed application card, you will be issued your new Ration Book 4; and your Ration Book 3 will be returned to you.

WARNING: Be sure you get your new book while your Distributing Centre is open next week. Otherwise, you will not be able to obtain your new book until April 17.

Fultonvale Residents Enjoy Picture Show

The Ladies' Aid of the Good Will Club sponsored a Movie Picture Show at the Community Hall last Wednesday, March 15. Considering the state of the roads there was a good turn out of Mr. F. M. Baker, M.L.A., donated the Film and Machine. The net proceeds were $28.00

The Ladies also removed $5.00 from the Mrs. J. P. Hopkins of West Salisbury, for quilting a Bed Spread This together with another $9.00 from the W.A.B. Ladies helped the Grand Total to $36.00 for the Red Cross Good work ladies

* * *

Jack Porter, the driver of the school bus, is to be congratulated for attentive and quick thinking during the recent blizzard He is reported to have taken the children home early from school. Good for you Jack, you have the promise a freight to take unnecessary risks.

* * *

Spring is definitely here if mud is any criterion to go by. Stanley Reveell's car was stuck and had to be pulled home. Better luck next time, Stan.

* * *

Miss Mable Geary, who is in charge of the Junior room took the Red Cross pupils for a sleigh ride. Teams and sleigh were kindly donated by Mr. Spitzer. The children had a great time and I am willing to bet that they renamed their sleighs with more zest for the break.

Joy Sayre is away from school with a sapin sore throat. She is the only one so far to escape from the measels "ten wonder"!

Lucas District News

A very distressed visitor arrived at Lucas a few days ago in the person of Sgt. Maj. Wm. Kaiser. For the next month Sgt. Maj. of the Army, having spent 31 yrs. in the Military service. He is a veteran of the last war and has come acting as instructor, stationed at San Francisco until his retirement.

He is visiting with his sister, Mrs. Rosay Lemieux.

* * *

The Lucas Go-Getters put a crew in a big way again at the Box Social and Dance, on Friday night, March 17, when the school was packed to capacity, and then some, but a very enjoyable time was had by all. The proceeds being over $50.00, the hollow tank case of it with honors.

* * *

Miss Alice Emery has been visiting in Edmonton for a few days. We are all sorry for the wedding bells.

* * *

Mr. M. McNeilly has returned from the north, and is staying with his wife at the home of her mother, Mrs. Hemsy.

* * *

Miss "Gerry" Hooper is home for a week end visit from Clover Bar, where she is attending High School.

* * *

The stork paid a visit to the home of Mr. and Mrs. Neary the night, having three babies Mother and babies are reported doing nicely

* * *

We are sorry to learn that Mr. A. Gedes and family are leaving for Bay Lakes shortly.

* * *

Joy Sayre is away from school with a sapin sore throat. She is the only one so far to escape from the measels "ten wonder"!

* * *

It is rumored that W. Todd has the job on the reserve replacing A. H. Faulkner.

Wye District Residents Honor Departing Members

A farewell party was held at the Wye Hall, Friday evening, in honor of Mr. and Mrs. A. Graham, who are leaving the district soon. A most enjoyable evening was spent in dancing, playing cards and a euchre party was held by Mr. J. A. Sandard accompanied by Mr. E. Simpson at the piano. Lunch was supplied the guests for the dance. A lovely lunch was served, immediately after the honoured guests were recipients of two lovely gifts Little Eileen Wilkins and Kenny Kalmes making the presentations, to which Mr. and Mr. Graham responded gratefully. The community wishes them every success in their new home.

* * *

The regular meeting of the Ladies' Red Cross was held at the home of Mrs. W. Kraemer, on Thursday afternoon, in spite of the bad weather a large crowd attended. A delicious lunch was served by the hostess. The next meeting will be at Mrs. Leaders.

* * *

Cpl. Gordon Bradford spent a 96 hr. pass with his folks, this week.

All Together Does It!

Thanks for the helping hand
In addition to the difficulty of obtaining stocks of lumber for local customers, Beaver Lumber is further hampered by a serious manpower shortage.
Many Beaver men have gone into the greater field of service in the armed forces. Those who are still on the job have had to carry on under trying conditions.
Working long hours, willingly and cheerfully, the Beaver Lumber squad has endeavored to give good service — and has been largely successful — thanks to the sympathetic and helpful co-operation of the local customers, without which it could not be done.
For the best selection of materials available, and for the best service, please talk over your requirements with the Beaver agent at an early date.

Girl Guide News

The Girl Guides held a meeting on Monday, March 20th. The meeting opened with the Guide Promise.

First Aid was then practised by the girls, who are now learning to tie bend and arm bandages.

P.O.R.E. Routledge, who is now home on leave attended the meeting and gave the girls an interesting talk on Morse Code. He tested the girls ability by sending them messages in Morse Code with flags.

The meeting then closed with the Guide Oath.

The Guide Nursery will be held as usual on Saturday from 2 to 5 at the home of Mrs. Routledge.

. . .

"What are you doing in the pantry, Willie?" asked mother, sternly.

"Fighting temptation, mother," replied Willie, meekly.

. . .

CARD OF THANKS

I wish to take this opportunity of thanking the members of the Red Cross whish I canvassed during the recent drive, also Mrs. Dove for their wholehearted support.

T. A. Well, Canvasser

. . .

The Alice Society Ladies wish to thank all those who helped to make their tea-room a success, either by cooking, or presents. Many thanks to still another Red Cross Tea. The meeting been in England just over a of his tea room. The grocery hamper was won by Omar Lamoureux.

THE FORT RECORD

VOL. 34 No. 50 POST SASKATCHEWAN, ALBERTA, CANADA, WEDNESDAY, MARCH 29th, 1944 PUBLISHED THIS WEEK 1600

Town Council to Operate Fort Community Hall

A regular meeting of the Town Council was held in the Secretary's Office Monday evening, March 27th. Present Mayor (C. R. W. Hager, Councillors, J. W. J. Johnstone, J. A. Jacobs, Chas. Glover, G. Evans, Chas. Lee, and J. G. Dawson.

Councillors J. A. Johnstone and A. Dawson were notified by the Secretary, that they will serve one year in office, due to filling out the terms of Messrs J. B. Weeks and C. H. B. Hager.

One applications for old age pension was approved by the Council.

A letter received from the Secretary of the Fort Carling Club asked if the council could give the club the assurance that the present taxes on the curling rink would remain in future it was pointed out by the Council that this was an unfair question, as all property would be governed by the assessment placed on each property by the assessor.

A letter received from the Building Hall Committee of the Fort Community Club asking the Town Council to assume operation of the Community Hall was read. The Council accepted the responsibility of the operation of the Community Hall for the ratepayers and a letter to the chairman of the Building Hall Committee to this effect would be sent.

Ways and means of operating the Hall in the best interests of the community took up considerable time. It was finally decided to advertise in the Fort Record for a part-time Caretaker as one of the first steps. Tenders will be received up to noon April 10th, for the position of Caretaker for the Fort Saskatchewan Hall, part time work, general duties. Apply in writing to Secretary, Town of Fort Saskatchewan. Lowest or any tender not necessarily accepted.

Rules and regulations governing the Hall will be drawn and enforced.

Closer supervision than formerly by instructors in the various organizations using the hall will be exercised.

Several repairs and changes will be made shortly, in order to put the building in first-class working order.

The new hospital agreement with Edmonton hospitals was discussed and passed. When ratified by the Hospital Board, the agreement will be published in the Fort Record. Members of the Council felt that a large number of ratepayers were aware of the advantages of the agreement. Therefore, publicity should be given to the agreement, as all citizens may become familiar with its operation. Chairman Glover will draw the agreement from the paper when published, and put same away for future reference.

A petition signed by three ladies drew the attention of the Council to the condition of the sidewalk in front of their homes, and to the absence of a sewer light on the corner. After going into the matter, it was left to the chairman of the Council to say what could be done.

An offer of $150.00 for the old Cement Mixer, sent to the Imperial Oil Warehouse, was refused by the Council. The policy of the Council for some time has been not to sell property for moving out of town or for removal from the district, but to purchase lumber to rebuild into some modern structure.

The meeting then adjourned until 1944 meetings were left over until next meeting.

It was decided to hold Council meetings on the 2nd and 4th Monday of each month until further notice.

The Secretary reported that 5 liens, assessor was expected to commence the assessment of the Town next week.

With the passing of accounts, the meeting adjourned at 11.30 p.m.

Ardrossan Farmers Shipping Cattle

The CGIT held a very successful social evening at the home of Miss Eileen Jorgens, last Saturday.

We are glad to report that Mr. Gordon Rose was removed from the hospital and is slowly recovering from his illness.

The Baker school grish and boys staged a very successful whist drive, in aid of the Red Cross.

Messrs. Forsyth and Mackay shipped a carload of fat cattle to Dodd's Point, Edmonton, on Monday, from several other farmers considering doing the same thing, then helping to lessen the work before spring sets in. They say spring is just around the corner, but we begin to wonder some of these days.

The War Service Guild state their telephone whist was a huge success, the high score of the evening going to Mr Day Dr The Boys overseas are accused of signatures. We wish to thank all those who contributed to the success of the evening.

Quilting is also the order of the day, and the members have been busy completing three finished up before the children and gardens again occupy all their time.

The meeting elected Mr Baker school as the next, and grant thanks to due Mrs. Miller, R.N., for the able way she has instructed these who attended, and the class reports having acquired much useful information.

Two classes will be held later in the spring when Dr. Adamson and Miss Bow will give lectures.

Mrs. Fred Reynolds had the misfortune of having the old home all but burn the other day.

We wonder if wedding bells are to start ringing as we note a worthy bachelor is beginning to call on one corner of the community, while in another we note a bachelor is making frequent trips to the washing compounds, and we remember the old saying "Lightly turned—etc.

We hear that Mrs. Brown is some what better and we all wish her a speedy recovery.

The regular meeting of the War Service Guild met at the home of Mrs. Allen Walton with a goodly number in attendance. One new member was added to the list.

Of Things To Come

John Fisher (left) producer and Morley Callaghan (right) chairman are seen checking a script for time on the CBC "Of Things to Come" broadcast heard Tuesdays at 7:30 p.m CDT and again at 11:30 p.m CDT in the mountain zone. The broadcast originates in Winnipeg.

Franklin Card Party Enjoyable Event

The customary fortnightly gathering of what playing neighbors assembled at the Griffin home on the last. Nine tables were the sum major carpets on which the 36 players made their contributions to the pleasant evening, while, in the kitchen, where the fragrant coffee would soon be brewed, the ladies were not playing prepared the lunch and at the same time enjoyed their voyages in social exchanges. In another room provision was made for the children, who soon made merry over their own games.

At the close of the voyages the leaders were declared— Mr. Robt. Bell, 118 points, and Mrs. H. Clark, 118 points.

After lunch, Mrs. Clark, whose prizes were of sunny hues, put them up for auction. The company gallantly responded to the challenge, and the auctioneer's services were highly remunerated. The next meeting will be held at the home of Mrs. Bell.

Girl Guide News

The Girl Guides held a meeting on Monday, March 27th.

Head inspection was practised by the girls, who enjoyed this part of their training.

The Guide Nursery will be held as usual at the home of Mrs. Sorsle Routledge between the hours of 2 and 5 p.m on Saturday, April 1st.

The Girl Guides wish to assist you to their utmost ability.

Over 400 Persons Attend Massey-Harris Show

An estimated 400 persons attended the Massey-Harris show and dance in the Community Hall on Friday evening. Sponsored by our genial MP, Mr. Tom Ross, the Massey-Harris show in the afternoon for the school children drew a record crowd. In the evening visitors from the city and surrounding districts packed the hall to enjoy a two-hour show. The dance which followed, was very much appreciated by the large number in attendance. Frank Smith's Orchestra supplied music for dancing.

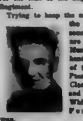
Ladies of the United Church W.A. served lunch in the Buffet room.

During the evening, the draw on the blanket sponsored by the I.O.A., was made. Fred Hudson was the lucky winner of a Zinc centre piece and covercloth.

Local Men Repair Army Boots In "Vino" Shop Behind Lines

WITH THE CANADIAN ARMY IN ITALY—A year ago Italy and Sicily were men from Fort Saskatchewan and another from Bardwood are doing their bit in the cause of freedom and for the men of the Loyal Edmonton Regiment.

Trying to keep the men square in the boot and shoe line are Cpl. Gordon Munro, of Bardwood, and Pte. Wilfred Thorne, of Fort Saskatchewan.



Cpl. Munro, who formerly had a draying business at Bardwood, claims the shop boasts only 20 pairs of boots a day. How many pairs have been repaired since they opened shop he is a matter of conjecture. Some they have been in business with the regiment since September, 1939, and even at 100 pairs a week the total would be some 20,000 pairs.

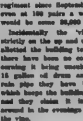
Inadequate the "vino" shop is strictly on the up and up. They were allotted the building to work in and there have been no complaints concerning it being unsuitable. With a few pails of sand drawn and 18 feet of rain pipe they have built a stove which heats the building comfortably and they claim it is nice sitting around in the evenings and sampling the vino.

Cpl. Munro's brother, Cliff, has recently joined the regiment and another brother, Emery, is in Italy driving a cook's lorry for a tank unit.

Word From Etc

Word has been received from Mr. and Mrs. G. D. MacLellan, of Vancouver, that their son Eric is convalescing in the Vancouver General Hospital in Italy from shrapnel wounds received Jan. 20th, while in the line of duty. Mrs. MacLellan wishes to thank their many friends for their kind letters regarding Eric.

Tyrrell Valley Friends Honor Bride-to-Be



A miscellaneous shower was held at the home of Mr. and Mrs. Wm. Hunt, Tyrrell Valley, last, in honor of Eva Hogue, whose wedding took place Saturday. The evening was spent in a number of contesting games, and green-to-be was placed on the throne, after which Mrs. R. Coon spoke briefly on behalf of the gathering. Mrs. W. Powell and Mrs. E. Horton then presented a decorated tub laden with gifts to the bride to the honored couple. Mrs. T. Davies on behalf of the ladies' aid presented a remembrance to Eva, who was a member of the ladies' aid.

Mr. F. Bennett, the groom, and Eva thanked everyone for their kindness. All joined in singing, "For They're Jolly Good Fellows", which brought the evening to a close.

. . .

Sunday afternoon, Margaret Barton, daughter of Mr. and Mrs. E. Barton was baptized. Rev. E. St.

Strathcona M. D., No. 247, Council Sets Amalgamated Tax Rate at 30 Mills

The Council of the Municipal District of Strathcona, No. 247, held its regular meeting on the 15th and 27th March.

Business commenced by the adoption of the minutes of the previous meeting and the financial statement for the month of February.

Considerable time was spent in a plan covering the matter of assessments due to the Provincial Government for the care and maintenance of mentally deficient patients, and which the Government in several cases was pressing for payment. It was decided to make an offer of two thirds cash as full settlement on one large account.

The Reeve, Deputy Reeve and Councillor Moyer were a committee appointed to interview the Chief of Engineer Department of Public Works in an effort to obtain more maintenance on bushing several small bridges within the district.

The Alberta Concrete Products Ltd., Edmonton, made a grant of $150.00 towards the cost completing the road through the N.E 23-54-22-4.

A letter from the City Solicitor, Edmonton, was read in which he advised that the amendments to the City Charter had been approved and that the City Council had decided to lithol Street, lying South of the River, was separated from the M.D. of Strathcona by the boundaries of the Municipal District.

The contract with the Fort Record was renewed for another year at the rate of $1.50 per inch.

Instructions were issued to have an advertisement inserted in the Fort Record calling for applications for appointment as poundkeepers in the Good Hope and Josephburg districts. Also for statistics, with the Council providing material for the building of corrals.

The application for relief in Bardwood area was received and a resolution passed that the relief be granted and awarded a portion in the application form.

On the motion of Mr. Schieves, the Reeve was added to the personnel of the Local Advisory Committee.

It was agreed to have all roads in the district plowed under a traffic act at the same time the Provincial Government decided to have a bad road act in force in the district.

A full discussion was held on the Machinery Committee's report for 1944 season. Many of the suggestions recommended by the Committee were approved, some of which were to work on separate units until completions are more favorable to work as a unit, to have all machinery out of frame, tractor and grader to be set aside for winter work in all divisions until completed.

Instructions were given to place no more loads on the Bridge at Josephburg for bridges. An order was also given for 1000 feet of cement pipe to be purchased for culverts.

After approving of a budget estimate for 1944 of $180,000.00 the annual mill rate of thirty mills was set.

A by-law authorizing discounts on current taxes was submitted and approved.

The discounts are these that prevailed last year, 10% if paid before the 1st June, 7½ if paid after the 1st June and before the 1st September and 5% discount if paid after the 1st September and before the 16th December, 1944.

Two lots in Block 4, Tureen Heights were sold to Geo. Elnik for $150.00 and two lots in Block 1, Tureen Heights to W. J. Cotswell for $150.00.

A by-law authorizing the assessment and taxation of personal property and stock-in-trade was given its first reading.

It was also agreed to keep expenditures for labor on a divisional basis as from the 1st January, 1944.

The meeting adjourned at 5:45 with the next meeting to be held on Tuesday, the 11th April.

. . .

Bardwood Club Annual Meeting

The annual meeting of the Fort Bardwood Club will be held on Tuesday, April 4th, at 8 p.m. Election of officers and other business of interest to the club will be discussed. Following the business session, a social hour will be held. All members are urged to make an effort to attend.

Sylvia Norman Wins School Stamp Competion At Franklin

Congratulations to Sylvia Norman upon her well-earned success in the School Stamp Sales Competition! The list of winners, just received, shows Sylvia in third place in Competition "B", amongst 4 Her prize of $50.00

. . .

The schools are pursuing the way to the international exchange and good will many are reaching for the all acronym. Premiers School, out of her abundance has transformed out of Colonel Bow a slight shortage at Fallerwale Junior room. We have to confess, however, that we see them with considerable envy as part They are Green, Gordon, Rose Marie, and Morton, children of Mr. and Mrs. Harley Kephart, and Katherine and Sandy Norman, children of L. Bennett and Mrs. Norman. Happy schoolboys to them.

. . .

The boys and girls of Franklin School enjoyed a visit from Dr. Adamson and the nurse on Thursday of last week We remember when a visit from the doctor was a dreaded event, but now—what a change!

. . .

Mr. and Mrs. Earle Cameron, and Lorna are spending the week in Edmonton.

A WEEKLY EDITOR LOOKS AT

Ottawa

Editor speaks for the really important of Canada

Tuesday was spent when for the first time in history a woman was called to act as Speaker of the House of Commons. Mrs. Cora Casselman, Liberal member for Edmonton East, did it gracefully. Anyone who has seen Mrs. Casselman in the House would agree she would do honor to the opposite throne . . . . Patriotic clergymen on newspaper should be kept off letters going to prisoners of war, because the German Reich has advised it will confiscate such. The warning comes from the Post Office department. . . . National Selective Service officials say that shortly a Dominion-wide survey is to be made of all male employees between 18 and 55 years. Purpose: to locate persons evading military registration . . . Some 20,000 questionnaires to employers have been undergone the X-Ray shadow to determine prevalence of tuberculosis. . . .

More than shipping from the West Indies is somewhat improved the question is often asked why more sugar is not brought into the country. We sought an answer and got this from the Dominion Bureau in Ottawa. When rationing began, shipping difficulties caused short supply. The world pool of sugar which stood at one million tons a year was down to half that at the end of 1943. From this pool Canada must annually purchase fifths of her sugar supply. The world pool was not, of course, by Great Britain, United States and Canada. The U.S. needs 800,000 tons this year for one thing, for industrial alcohol used in production of high priority war and civilian materials such as synthetic rubber. And with such plans of territory liberated, the needs in the sugar pool will increase and, when Axis is defeated, will be at their highest. . . .

From the Dominion Department of Agriculture comes this item inspection in many cases by Canada. Persons who supplied milk to cheese factories before Sept. 30, 1943, and who are now willing to find milk distributors, consumers, and to commodities plants, are required to receive deliveries of cheese factories in area as possible. The Agricultural Prices Board says that those farmers who are selling milk to concentration plants, before Sept. 30, 1943, are required to resume sales to their former markets or to other dairy products manufacturers between now and April 30th. Purchasers of milk are responsible for making these adjustments.

Since meat rationing was suspended farmers can slaughter livestock without permit for direct sale to any household consumer for personal or household consumption, but they cannot sell direct to butchers or grocers, nor can they, on behalf of consumers, purchase, and they have to conform to many local ordinances and comply with provincial marketing regulations. . . .

Farm workers who have moved from their homes to industrial centres to help out during the winter will be drifting back shortly now. It is being worked out—by regions—by the Selective Service people so that the men will be getting back to each area when they are needed. Valid to April 1st some 70,140 permits were issued to farm workers to engage in other industries. Enough workers for special officials agree in certain areas after April 1st, they will be released before then. The United Nations are looking to Canada for tremendous quantities of food and agricultural will have to maintain all the manpower possible. . . .

As Canada swings its mighty weight along into the fifth year of war our tremendous mass of war production hasn't shadowed very greatly this. Canadian men and women still engaged directly in war production, or in auxiliary services, a total over a million. Third of this. Dana Investigation Department of Munitions and Supply have revealed ten billion dollars in war contracts, and of which are still unfulfilled. The guidelines for additional weapons and supplies are being put through every day. Canada vended in 1942 the biggest record of domestic exports in history, an increase of 200.2 per cent over 1939, but more than 70 per cent of the amount was, of course, destined for Britain. Canada's war expenditures in 1943 totalled $3,000,000,000 and in 1944 will be $4,000,000,000. . . .

● When a gun goes into action every man has a job to do. Seconds count, and team work gets results.

Training . . . endless training . . . gets efficiency that makes each man part of a perfect machine.

But something more than efficiency is needed to make a top-rank fighting unit. There must be loyalty . . . that spirit of responsibility that each man feels toward his mates.

We've got efficiency on the farm front . . . we're producing more, and with less help to do it. Keep up the teamwork that will make each one of us go all out to support our men on the fighting fronts.

We too, are part of a fighting unit . . . citizens of a nation at war. We must not let our men on the fighting fronts down.

Invasion means high tension on the . . . combined operations . . . thorough team work in every detail. And that call for greater action comes back to us at home. We have a job to do here, too. We must all buy Victory Bonds. We have a responsibility to our mates on the firing line. We can't let them down.

And the job that we are asked to do is . . . save more, and lend more to our country. We are asked to let our country have the use of money that we do not need now. We will have the money later on to improve our farms and to buy stock and equipment; for new barns and silos; for new furnishings and conveniences for our homes.

Be ready to buy more Victory Bonds.

EVERY ONE HAS A JOB TO DO

by related to war needs.

* * *

What next: The R.C.A.F. is now training pigeons as paratroopers. Birds will be dropped in metal waterproof containers hitched to a small parachute when searching aircraft have located stranded airmen but cannot get to them directly. The birds can be sent back by the airmen with messages on their needs and condition.

School Pinehen

The Literary held on Thursday, March 23, proved to be a very successful undertaking. All students thoroughly enjoyed themselves, with the majority of them taking part in which were dressed as men, and the entertainment. One hour of other four relating to their hours or pronouns asked time was occupied the lyrical feminine partners.
by the Literary by the following ten minutes was occupied by the reading of the school paper.

The student's nation. The selection of the last meeting hung read and the program the "jazz band," adopted.

Grade twelve girls led off with a catch rogues, and drama, with piano skit, dramatizing the catchy little accompaniment. The jazz tunes were tune "Mairzy Doats", with costumes "Deep in the Heart of Texas", "Sweet Polish' Music", and the old and full regalia.

The second item was a chorus, favorite "Little Brown Jug" as the "Yellow Rose," sung by the sweet female.

A party wouldn't be complete without a MIRTH surprise. "The Sons of the Mighty," Mr. Hooper and Mr. Allard, contributed to the gaiety of the party with a sweet old duet, "Home and Love."

The following item was a square dance by the Grade XI girls, four of which were dressed as men, and the feminine partners.

Then came the main feature of the program the "jazz band," featuring, two mouth organs, bones, tambourine, and drums, with piano accompaniment. The jazz tunes were "Deep in the Heart of Texas", "Sweet Polish' Music", and the old "Hello Ma Baby".

The program commenced with "O Canada" followed by the singing of pupils.

Then came the main feature of the program the "jazz band," featuring, two mouth organs, bones, tambourine, and drums, with piano accompaniment. The jazz tunes were "Deep in the Heart of Texas", "Sweet Polish' Music", and the old "Hello Ma Baby".

RENEWAL OF UNEMPLOYMENT INSURANCE BOOKS

To All Employers:

All Unemployment Insurance Books for the year ending March 31st, 1946, must be exchanged for new books.

Kindly Commence Immediately with the current Employment and Selective Service Office if you have not already exchanged your employers' books.

There are severe penalties for failing to make Unemployment Insurance Contributions for your insured employees and for failure to return the former Books as required.

To All Employees: "OK"

If you are an insured person present your benefit rights by using that year Insurance Book has been exchanged.

UNEMPLOYMENT INSURANCE COMMISSION
HON. HUMPHREY MITCHELL, Minister of Labour
H. M. MOTTUS, B.A., LL.B., Chairman
ARTHUR MACNAMARA, Commissioner

Weddings

Brimner - Pennefield

Miss Wilma Pennefield, daughter of Mr. and Mrs. Fred Pennefield, of Bruderheim, and Mr. Herbert Brimner, son of Mr. and Mrs. D. Brimner, of Bruderheim, were united in marriage on Thursday, March 28, at the Bruderheim Mennonite Church. Rev. J. Redekopp officiated.

The bride, who was given away by her father, wore a gown of white sheer, styled with a round collared neckline, fitted waist, long sleeves, flowing skirt and long sleeves. She wore a three-quarter length veil trimmed with lace and pearls and white roses. She wore white pearl earrings and a gold locket which was worn by her mother on her wedding day. She carried an arm bouquet of red roses and carnations.

Maid of honor, Miss Emma Pennefield, sister of the bride, wore pink sheer with fitted sweetheart and long sleeves. Her three-quarter length veil was held in place by a spray of pink carnations. She carried a bouquet of sweetheart roses, carnations and ferns.

Bridesmaid, Miss Harriet Brimner, sister of the groom, wore a blue gown with sweetheart neck, fitted waist and long sleeves. Her three-quarter length veil was fastened by a spray of blue carnations. She carried a bouquet of sweetheart roses, carnations and ferns.

Flower girl, Miss Lorraine Brimner, sister of the groom, wore a blue gown with sweetheart neck, fitted waist and long sleeves. Her three-quarter length veil was held in place by a spray of blue carnations. She carried a bouquet of sweetheart roses, carnations and ferns.

Ring bearer, Master Lloyd Brimner, brother of the groom, wore a blue suit and ushers were Mr. Bill Pennefield and Mr. Jos. Pennefield. Miss Evelyn Brimner presided at the organ and played "I Love You Truly", was sung by Miss Fred Vernon Brimner.

A wedding reception to about 50 guests was held at the home of the bride's parents.

Bennett - Boyer

At the hour of 4 o'clock in the afternoon of Saturday, March 30th, the marriage was solemnized and duly solemnized at the bride's home, when Miss Ethel Boyer, eldest daughter of Mrs. E. Boyer and the late Mr. Boyer, was united in marriage to Mr. Clifford Bennett, eldest son of Mrs. M. Bennett and the late Mr. Bennett of Union. Rev. E. H. Bicknell officiated.

Given in marriage by her brother, Mr. Milton Boyer, the bride was charming in a floor-length gown of velvet-tufted satin, fashioned with long sleeves and tight fitting bodice and sweetheart neckline. Her finger-tip veil was held in place with a sweetheart coronet. She carried a bouquet of red Hollywood roses and fern.

The bridesmaid Miss Velma Boyer, sister of the bride, wore a floor length gown of light dusty rose shade and shaped veil to match. She carried a dainty corsage of pink and white carnations.

Mr. Gordon Boyer, brother of the bride, was groomsman.

Immediately following the ceremony, a buffet lunch was served to about 40 guests. The table was tastefully decorated with pink and white carnations and ferns. At both the bride's table was centred with a three-tiered wedding cake, topped with a miniature bride and groom. Birdsall prepared the toast to the bride, to which the groom suitably responded.

Mrs. Boyer, mother of the bride, received in a light green crepe gown and wore a corsage of yellow Talisman roses. The groom's mother, Mrs. Bennett, wore blush wool crepe with white accessories and a corsage of sweetheart roses.

The groom's gift to the bride was a dressing case. The bridesmaid was the recipient of a gold wrist bracelet and the best man received a sterling tie and tie pin.

Mr. and Mrs. Bennett will make their home at Vilna, where the groom is employed with the Province of Alberta Utilities Co.

District Farmer Passes Away

Mr. Robert (Bob.) John Peters, of Fort Saskatchewan, aged 65 years, passed away suddenly Friday, March 29th at his home South of the Fort. He is survived by his wife, one daughter (Mrs. Bert Hall of Fort Saskatchewan; three brothers: Henry B., Fred M., both of Fort Saskatchewan; Charles E., of Grande Prairie. Funeral services will be held Tuesday afternoon at 2:30 o'clock in the Fort Saskatchewan United church. Rev. E. H. Bicknell will officiate and interment will take place in the Fort Saskatchewan cemetery.

West Salisbury News

The Ladies Aid had a very successful bake supper April 17th. The concert, composed of mostly all local talent, added much to the pleasure of the evening. Around $100.00 was collected from the affair.

Rupert Bolton has returned to Cold Lake.

Frank Thorsell has also returned to his unit.

Mrs. Hosford had a few of the members at her home for an evening lately.

Local News

Miss Dorothy Galloway spent last week visiting at the homes of Miss Mary Graham and Bev and Mrs. E. Simons of Innisfail. She reports that the Simons' family are all well. P.O. Harold Simons and his wife recently spent a few days at the former's home on their way to Vancouver Island. They have rented a home in Nanaimo, Harold will have a fortnight's leave. Simons received a birthday cake from Bob on March 23rd, from "somewhere in England." Bobs 21st birthday. Vivian and Wesley are attending school Margaret and her son will pass through the Fort around June or July and are to be installed for a short holiday.

W/O 2 Earl Shannon leaves Saturday night for Moncton, N.B., where he will take a special course. Best of luck, Scout.

U.F.A. meeting will be held at Tofield on Tuesday, April at 8 p.m.

Pte. W. A. Meenan, of Fort Saskatchewan, wounded with the Loyal Edmonton Regiment in Italy, has signed off the trade into the arms of Miss Dorothy Happy member, Mrs. R. A. Meenan. She and several friends are in from the Fort to meet the soldier.

Pte. Meenan arrived home with a group of wounded soldiers from Italy Tuesday night.

A recent letter from Pt.-Sgt. Robin Wallace reports that he now W.O. 2, and has made two flights over Germany. He also reports, no action on both trips.

Miss M. Caldwell and D. J. Lyons, of Fort Saskatchewan, won the first prize in the old time party Wednesday evening, sponsored by the Fort W.I. held in the Union Hall. Dave by Mrs. Chas. Williams of the Institute raffle was won by: Mr. S. Thorne, blankets; Mrs. Ray Wrobel, crocket; Clarence Dahl, three dozen tubes worn in play. The W.I. cleared $15.00 on the effair.

THE FORT RECORD

VOL. 35 No. 1 — FORT SASKATCHEWAN, ALBERTA, CANADA, WEDNESDAY APRIL 3rd, 1946 — CIRCULATED THIS WEEK 3,317

STRAIT IS THE GATE..

By Rev. Elliott R. Bethell, M.A.

For years he had been a healthy, successful, happy, bank-shopping businessman person. His business went well, that people would be kind to the Maine touch, his wife respected in a home built to her own plans, the children getting ready to launch themselves into careers, enjoyed the superiority over neighbour children which their father's money and position gave them.

And so he glowed in his successes, his possessions, and his plans. He looked with pity and sometimes with contempt, on the people who made mistakes or had accidents, or survived over strong children. Life is good, he said to himself it has on it everything I want. It's great to be alive, to watch one's wise agreement in the blotter and watch them tumble over like nine-pins.

Once or a long time he caught himself wondering why he thought of all these arguments about his being so good, and so satisfying and so self forever. Then, indeed, the thought occurred to him that he might be trying to convince himself. And for days after the rest of the people in the office said: Where does that man get all his energy?

He was aware of subdued voices, and quiet secrecy about him. He realized he was in the way when rooms seemed stiller than usual. Then a certain odor Where had he smelled that before? In a hospital! Without trying to move he knew he couldn't. The slightest motion was impossible. He heard someone say, "Do you think he has a chance?" And then a gruffer voice boomed him said, "Doctor! Hearing is the last to go."

So he was going to die! And there was nothing he could do about it. He couldn't even speak. His business partners would, after it was too late, find out how involved his affairs were. If only he could speak he could warn the bank about some securities for his wife The children would have to go through Queen's. Oh, if he could only do something! But not one muscle would obey his will.

So this was death,—less of all his power and property, defeat of all his plans, helplessness. Very well, if there was nothing but surrender, then surrender it must be. But that meant that life was not a conquering one as good as he had thought. All those meanings he had found and made in the world were suddenly gone. Life without meaning! That would drive anyone mad! Could there be a meaning that was still there when his own meanings had suddenly vanished? Could there be a meaning that death couldn't touch? What was it that stayed over when everything was destroyed and crushed to dust and ashes? Something lost a Person, a Person who knows us. Maybe that person had something there. It must be a good thing if he were right. A meaning that is still there! A meaning that is surely a Person! A Person that knows! He wondered.

He heard the doctor's voice, as if it were coming down a long tunnel: "It's heart is a little stronger now." And then he went to sleep.

Partridge Hill Residents Bid Farewell To Departing Families

Mr and Mrs. Robert Warring and Mr. and Mrs Robert Gordon, who are leaving our district to take up residence in Edmonton, were honored by the Community Tuesday evening The evening was spent by playing whist, first prizes went to Mrs Angus McEachern and Tony Shurgi; consolations to Mrs Wm Gillison and Eddy White

Mrs Geo Oshokoleun read the presentation speech and Mr Tom Watson and Carl Krebs presented the honored guests with floor lamps. Mrs. Warring and Mrs. Gordon expressed their appreciation and thanks to their many friends. A delightful lunch was served by the ladies of the community.

—V—

Mrs. C. H. Flintoff, who has been visiting Mr. Herbert Warring for the past nine months, will be the guest of her sister Mrs. George Oshokoleun for the next month.

—V—

Name Dave Roberts As C.C.F. Candidate

David Roberts, native community worker of Fort Saskatchewan, will be C.C.F. candidate for Clover Bar constituency in the next provincial election.

He was selected at a nominating convention in the Masonic temple Tuesday night by Mr. Robert Gordon of the enlarged municipal district of Strathcona and served in the First Great War, in which he was wounded twice. He holds a commission in the reserve army.

Chairman of the meeting was F. T. Rabich, Leduc Municipal Secretary and the Clover Bar C.C.F. Provincial Constituency association.

—V—

J. B. McLean Heads Badminton Club

At a social and business meeting of the Fort Badminton Club, Tuesday evening, J. D. McLean was re-elected president for the year for 1946-47.

Other officers elected were:

Vice-President and Convener: Mrs. Ed. Hordyniec.

Sec.-Treas., Both Shoshkewa.

Executive: Mrs. J. A. Dawson, Mrs. H. Lesher, Clarence Davies, Ed. Richardson and J. A. Dawson.

The Club voted a donation of $60 each be given to the Red Cross and the Fort Saskatchewan Relief Committee. The losers a balance of $18.20 in the Club funds in which to start the new season with.

Due to the shortage of badminton birds, it was recommended that the Club purchase 7 doz. if possible. The meeting was in agreement with Norman's Drug Store as last year. This would give the Club 12 dozen birds, sufficient to house play for the season at least.

A vote of thanks was tendered to Mrs. J. D. McLean for having been President and Convener, for the splendid manner in which she has handled the social affairs of the Club during her two years in office.

OUT OF THE CRATE AND INTO THE AIR SPITFIRE ASSEMBLY AT CASABLANCA

When supplies of crated "spitfire" arrive at Casablanca, gangs of skilled workers, airmen and local workmen are there to meet them. The complete mechanism is unpacked and the components assembled in the hangars. Each machine has been perfect at R. N. Earle must has his job and long practice has made him perfect at it. In record time the fighters take on recognizable form complete with their weapons in fighting trim Test pilots take over and put them through their paces in a series of manoeuvres before they are finally flown to the place where Allied air strategy can use them to best purpose Picture shows- A fitter with the help of local workmen in uniform begins to fit the exhaust manifolds, while other fitters loosen the bolts of the cradle

Intermediate High School Comedy Delights Large Audience

"A Pair of Blues", the 3-act comedy presented by the Fort Saskatchewan High school to a full house last Friday evening, lived up to advance notice of being "a good show" The quality production showed the spirit and co-operation of the cast and produced an attraction of this kind. Mr. Hal Stadnyckenson and cast, are to be congratulated on their choice of play, and untiring efforts during the many weeks of practice. They were duly rewarded in part, by the enthusiasm displayed by the audience.

The entire cast portrayed their respective parts very well Possibly special mention is due Kathleen Evans as "Mrs. George B. Nettleton"; Marie Levy as "Miss Florence Cole"; Jack Bruning as "George B. Nettleton"; Josh Sizemord as "T. Boggs Johnson"; and George Kelly as "Thomas J. Vanderbuilt", for the capable handling of rather lengthy dialogue. Miss Lilian Williams as "Cordelia" the English maid and flirt delighted the audience. Arthur Lawrence as "Kenny" the hotel manager; Maurice Sizemord as "Miss Sally Parker" the stenographer; and Bernard Wallis as the schoolboy, Rennie Eagleson as "Mr. Applegate"; Justin Neal as the office boy; Kenneth Webb as the shipping clerk, all contributed in no small measure towards the success of the play.

—V—

Baker Named Again As S.C. Candidate

Floyd H. Baker, M.L.A., again was chosen Social Credit candidate in the Clover Bar provincial riding in the first general election of a constituency convention in the Hall of Fame, Jasper ave., Tuesday night. He was the only candidate.

Mr. Baker came first to Alberta from Ontario in 1905. He is a member of the I.C. board and a former alderman.

Ottawa

All this talk about Ottawa being a "pint-size" seems to be under some misconception. The capital city will probably be extended, as was the writer, to learn from the latest figures, at the end of the last war, contained 154,000 people, and now has 202,045 inhabitants. But you wouldn't think so to attend the opening of Parliament, \$1,000 were chosen as English origin, 32,000 Irish, 16,000 Scots, 4,000 nationality and 43,000 French. Salmon and Gallagher resident in Ottawa counted it.

• • •

An amending statement, The Minister of Munitions and Supply, Mr. Howe, told the House of Commons that since the beginning of the war, contracts placed by the department totaled \$5,000 millions, and that 800,000 workers are engaged in actual production of war equipment, with another 200,000 in subsidiary work. A number of some of this under subsidiaries in Canada pay-roll, for instance, 4,125 should last year as well as 13,500 around vehicles. We, and the Imperial Munitions, cartridges and ammunition, 21 field and 1,000 medium guns, 1,000 of assault engines, 4,000 aircraft, 20 million rounds of ammunition and 1.5 billion rounds of small arms ball. In addition are warships built, 150 cargo vessels and 400 naval vessels and delivered 3,600 and a cash out of 4,000 cruiser planes. This is only of the business be-cause there was a tremendous amount of defence construction and other projects, too.

• • •

Subsidies for certain crops will be continued this year, it is announced by Mr. J. G. Gardiner, M.P., Minister of Agriculture, and the most important will be a payment of 25 cents per bushel on oats to producers—on the basis of 20 bushels per acre—up to 80 bushels unchanged for ours; 2 per \$30 shelled weight or 24 ounce weight; grass and vetch beans 60 per 4 bus. The government is to continue with subsidies in the face that other crops requiring less labour might be substituted. This fear was borne out by the increase in the acreage of peas, corn, pure and beans in Ontario last year.

• • •

There has been quite a change in the organization of the Dominion Bureau of Statistics, it is announced, and hereafter will be issued from six weeks to two months. An interesting feature is that certain items have been abandoned on the number who may be granted applications for leave. Last year there were a limit of five per cent from any particular unit. This year only those who are deemed essential will be granted. Applications for leave must come from the military Commander, and they must be made out on forms supplied.

• • •

All various items famous here provided daylight saving on 1 November, when summer time. A survey by the Power Controller of Canada brought the decision that the Dominion Government would soon be estimated 10 per cent in several localities, and that it would prevent Quebec's power to some 50 per cent, would increase to 60 per cent. Quebec's power to some 50 per cent, would increase to 60 per cent. Quebec's power to some 50 per cent, would increase to 60 per cent.

CARD OF THANKS

Mrs. Bob Peters wishes to thank all her friends and neighbors for their kindness and sympathy shown during her recent bereavement, also for the beautiful floral tributes received.

IN MEMORIAM

In Loving Memory of George Herbert, who passed away April 10th, 1938.

"His smiling way and pleasant face,
Are a pleasure to recall;
He had a kindly word for each,
And died beloved by all.
Some day we hope to meet him,
Some day, we know not when,
To stay in land in a better land,
Never to part again."
Ever remembered by his Loving, Wife, Daughter and Son.

Wye District Bazar Financial Success

A Bazaar was held at the Wye Community hall Friday night, conducted by the Wye Red Cross Club and the school children. A large gathering was present and all the articles on display were sold. Bingo and other games were played. Lunch was served, completing a very interesting evening's entertainment.

Miss Margaret Webb spent the week-end with her friend Miss Ruth Mc. and Miss R. H. Webb.

Cpl. Gordon Rudnod and Pte. George Webber are home this week on their embarkation leave. The one usually wakes them late of luck.

Bob Bailey of the R.C.A.F., is spending a short leave from Edmonton.

Mr. and Mrs. H. Reynolds, of Ardrossan, announce the marriage of Mr. Herbert Reynolds over the week-end.

The Fort Saskatchewan Rest Room Branders' Club will hold their annual meeting Monday, April 17th, at 8 p.m. at Ypres Valley school.

"The Sky's The Limit" At Sharp's Shows

"The Sky's The Limit" this week's presentation at Sharp's Shows is a comedy with music, starring Fred Astaire, Joan Leslie, Robert Benchley, and a good supporting cast. The story goes like this: A Flying Tyne hero on leave and bored with parades, accepts the loan his pals and disappears incognito. He meets a young lady, photographer for a magazine, unaware of his presence of his persistent attentions, becomes interested and accepts her invitation to dine. At the night factory He walks out on her when he realizes that the girl friend is love, but she finds him leaving on an Australia-bound bomber and promises to wait.

This sophisticated comedy is one of those light, breezy films that Fred Astaire handles so well, so that with his dashing numbers and the addition of the refreshingly lovely Joan Leslie as his partner, it looks like the best pictures are in for some good entertainment this week-end.

Junk: "Lake hears are not good swimmers."
Ruth: "But fine for two."

Urge Even Greater Effort be Made in Various Gardens

For 1941 the Agricultural Supplies Board urges not even greater efforts on wartime gardens than in 1940, for the reason that there is a more urgent need for all the food products that can be grown in Canada. Whatever greater the attempt to made this year in wartime gardens on the part of people in cities, towns or in the rural areas, the market for the produce of commercial or market gardens will not be affected, states the Board. The maximum output from such gardens will be required to meet the demand from the armed forces, export trade and the civilian population.

The Board points out that production of vegetables in wartime gardens helps to relieve the strain on transportation facilities at a time when such facilities are already heavily overloaded. A survey made by the Wartime Garden Committee, appointed by the board, discloses that the seed supply is sufficient to enable all the vegetables that are most in demand to be grown in sufficient quantities to meet normal demand. But the Committee states every effort to avoid waste must be made. There is some shortage of a few varieties of cabbage seed, beet seed, beans and beets.

As for fertilizers, the Administrator states that the supply is adequate for requirements, but gardeners are recommended to give more consideration to using fertilizers for maximum results. Lime is also recommended treat and check acidity.

The vegetables recommended for wartime gardens are carrots, onions, beans, tomatoes, onions, potatoes, sweet corn, cucumbers, lettuce, radishes, beets, cabbage, cauliflower, and marrow squash. While green peas are not recommended for the small garden, they are however, recommended if the gardener has plenty of land.

The Board recommends the growing of potatoes, emphasizing from certified seed. Potatoes should be certified and then ordinary seed due to the fact that it is free from disease.

Wartime gardeners either as individuals or as a community group can get helpful advice and information from their local horticultural society, from the Provincial Department of Agriculture or the nearest Dominion Experimental farm. There is also a lot of helpful information in a special pamphlet issued by the Agricultural Supplies Board, entitled "The Wartime Garden," which is available from the Dominion Department of Agriculture, Ottawa, or from any Provincial Department of Agriculture.

When buying or calling on the Fort Record for results.

Local News

BOYS! Don't forget the Birthcare Contest, entries Close April 10th.

Miss Joyce Smith of The Royal Bank, Edmonton, is relieving Miss Jacqueline Reay of the local branch, who is holidaying in Persia, B.C., for three weeks.

Fort Saskatchewan Women's Institute will hold their regular meeting in the Union Hall starting at 1 p.m., Tuesday, April 15th. Members will come prepared to sew or mend over overseas. Please bring needles, thread, materials, needle and scissors.

Anyone wishing to help will be welcome.

Visitor: "I'm surprised you have many pupils, Mr. Field."
Mrs. Field: "Remember I won't get the plank I 'ad when I can younger I don't think I could ever bring myself to ask another time."

West Salisbury News

Mr. Frank Haythorne has been to Calgary for a few days on a sheep-buying trip.

Mr. Bastard has been here all for a few days but we are glad to hear he is feeling much better.

Mrs. W. Stevens has come home from her vacation visiting with her son.

Mrs. Hodbert's daughter, Mrs. Mason and children, are visiting with Mrs. Hulbert for a few days.

Mrs. F. Lisko was visiting her parents for a few days.

Mr. and Mrs. W. Bell were out at the dance for a few days.

Mr. Norman Hunter has returned home after spending a week with his uncle at Jasper Place.

Mrs. Dittrich was visiting her parents for a few days.

Corman Ball had a very narrow escape after they tried to bail him out of the car while it was going. He is not seriously hurt.

Mr. and Mrs. Duncan were visiting their daughter, Mrs. Pat Dumont.

Mrs. Roy Hammond's father and other were visiting over the week-end.

TENDERS

Tenders will be received up to noon, Monday, April 10th, for caretaker for the Fort Saskatchewan Community Hall part-time; general duties.

Apply in writing to the Secretary - Town of Fort Saskatchewan.

Lowest or any tender not necessarily accepted.

MUNICIPAL DISTRICT OF STRATHCONA, No. 137

Assessment Notice

NOTICE OF PREPARATION OF ASSESSMENT ROLL 1941

Municipal District of Strathcona, 137

Notice is hereby given that the assessment of the previous year has been adjusted under the provisions of the Assessment Act, and that the assessment roll of the said municipality has been duly prepared, and that if any person thinks that any property has been wrongfully assessed, or assessed too high, or too low, or that his name or the name of any other person has been wrongfully entered upon or omitted from the roll, he may at any time prior to the 30th day of April, notify the secretary-treasurer in writing of the particulars and grounds of his complaint.

Dated at South Edmonton this 27th day of March 1941.

D. ROBERTS,
Secretary-Treasurer

"You're In The Army NOW!"

Pte Emil Jacobs leaves shortly to don the 'Navy Blue' He is at present in the employ of Jacobs' Motors.

Local Legion — Army Officials voted Monday evening to donate 10% of the proceeds from the recent dance to the Red Cross Fund. $36.80 will be turned over to this worthy cause.

Skidmore took a heavy toll of mosquitoes on parade Monday night. It is hoped that this is only a temporary condition and that all members will make an effort to attend Monday evening.

Letters to the Editor

The following excerpts were taken from a letter received by The Record this week from the Harry Bagon family

"All's well with us and we like it here very much although we do miss the Fort and all our friends, not the 'weather though'."

"carrots are all up and 6 rows in bloom already."

"Thought I'd drop you a line and give you our new address so you can send our Record, direct to us. Our address is 818 Rosebery, R.R. 1, Box 174, Edmonton, Oregon."

"This town is larger than the Fort and is 12 miles from Salem."

"Gail and Bobbie are fine and growing like weeds."

"Don't be so scotch and slide a 'hello' now in the Record sometime."

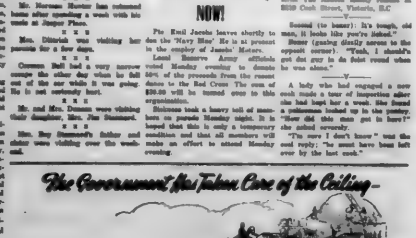
"Hasn't Anna her to saying 'hello'."

"How many friends in the Fort and district will be pleased to know that all's well with the 'Bagon family'.

Another letter received from the Ashton family at the coast, reports Mrs. Ashton and 'Cecil' are doing our work, and Miss Borden has a position as stenographer in some law firm. The Ashton family reside at 3183 Cook Street, Victoria, B.C

Scissal (to boxer): It's tough, old man, it looks like you're licked."
Boxer (gazing dazedly across to the opposite corner): "Yeah, I should've got my eye to do John round when he was alone."

A lady who had engaged a new cook made a tour of inspection after the first meal. "Cook," she said, "I found a cobweb in the pantry." "How did they get there?" the cook replied. "Search me."
"I'm sure I don't know" was the cool reply. "I'm sure they have been left over by the last cook."



Why Not Consider Yourself as the Staff of Your Local Newspaper

We all take pride in our homes, our schools, our churches, our stores, our central services and the Local Newspaper.

You can become a vital part of the staff of your local newspaper, if you will help to keep our local news coverage complete.

The Record is making every effort to cover Fort Saskatchewan and district news. But there are many things happening—some of them happening to you and your friends—that make interesting news.

Please Feel Free to Write Us

Among other things, we are specially anxious to know in when the boys and girls in the armed services are home on a visit.

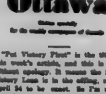
"BOBBIE"

The name "Bobbie", which has been attached to that section of the Canadian Army called up under the National Resources Mobilization Act, is little known, but apt.

Webster defines it: "A cordless human corpse, still dead, but taken from the grave and endowed by sorcery with a mechanical semblance of life. It is a dead body which is made to walk and act and move as if it were alive."



A WEEKLY EDITOR LOOKS AT
Ottawa

"Pot Victory Fund" is the title of this week's article, and this is done without apology. It means the Ninth Victory Loan is to be the fighting, opens April 24 to be exact. So I'm asking my colleagues and book 1 Call: Rockland Bell, 12 months old. on the farmers of Canada about the Loan. I know how busy you are with the spring seeding underway—I know how difficult your work is without the help of your wife and daughters who left the farm for the armed forces, and I realize that you haven't the time to read the Victory Loan literature or attend the rallies, so, I thought if I summarized the main facts given why Victory Bonds are such a good investment, and how their purchase will help you to double your income—I know you'll be amply repaid by definite planning and in this, the first article of a series of articles I intend to write on the Victory Loan, I'm going to try to show you how to do it.

In this the Ninth Victory Loan, Canadians are being asked to subscribe $1,500,000,000 to help bring our boys and girls back just as soon as possible from such far away places as Hong Kong and Casablanca. Doesn't matter if you're white collar guys or the fellow needing to farm chores with someone else's help, you're going to be asked to do your part. And I'm not through Canada's Victory Loan any quarter or simplify that the average farmer. In that regard, the Victory Bond means two definite things to the farmer. First of all, it's saving in my own or your own names. It's just that simple. The government, charged with saving that way for us, is not asking us to "give" our savings, but that "loan" them, and at a fair rate of interest too.

I was interested in a little booklet entitled "Let's Look at the Farm Front". In it are some figures from the Bureau of Statistics showing living conditions of Canadian farm households in 1941. I'll just quote some figures, so you can haven't seen them. 39.4% farm dwellings were in need of repair; 50% were heated by stoves; 13% were heated by furnaces; 30% have electric lighting; 7.2 per cent had kitchen facilities; 2 per cent had flush toilets; 69.7 per cent had telephones; 68.7 per cent had automobiles, and 23.2 per cent had radios.

Obviously to make the standard of living higher, and that necessary for this is ease after one digests the figures they contain, the farmer has got to lay a little cash, to get labor and or his children the things he has been denied all these years. Besides that is taken cash for replacements of equipment and of cull. Therefore the farmer must use a new conditioner these days.

Now the farmer up a round farm conditioner doesn't come about by accident. The big successful industries you know about, Massey-Harris, John Deere, Cockshutt, McCormick-Deering, International Harvester, Ford, Chevrolet, McCormick-Deering No. 3 Cream Separator and a quantity of small tools.

MACHINERY, ETC.

McCormick-Deering W-30 Tractor; on rubber; 2 years old; McCormick-Deering 2 bottom 16-inch Tractor Plow; on rubber; McCormick-Deering 10-ft. Tractor Disc, power lowered; McCormick-Deering 10-ft. Power Binder, one-man control; John Deere McCormick-Deering 10-ft. power lift, power lift and Fertilizer Attachment; John Deere 7-ft. Spring-tooth Cultivator; John Deere 14-ft. Horse Rake, McCormick-Deering Tractor Mower; 5-ft. Land Roller; 4-ft. Land Packer with truck; 2-Furrow Disc Harrow; McCormick-Deering 12-ft. Horse Rake; McCormick-Deering Tractor Mower; McCormick-Deering 12-ft. Disc; McCormick-Deering Tractor Mower; McCormick-Deering Tractor Mower; McCormick-Deering Tractor Mower

Smokes Still Scarce

By R. P. MacLeod

One of a series of short articles written by our Weekly Newspaper representative overseas.

If you want to do something for your men overseas and them elsewhere, and more cigarettes and still more cigarettes. Every Canadian in the army, navy or air force whom we met said the same thing.

Cigarettes in England cost two shillings and fourpence for twenty of the poorest brands. Sometimes better cigarettes cost more than fifty cents. And they are poor things now. A man flying on army or navy cigarettes suffered in long runs through with coughing and consequently the airy is for more and more cigarettes sent from home.

He men can number too many for them are dozens who receive none at all or very few. Some of his friends are always short. Apparently the most of the men refuse to tell them to be the men of the Canadian forces their friends, but they will lean some until the friends parcel arrives. But that means that the one chap must not take a portion of his newly-arrived and generous stock and repeat his debt and soon he is short again.

This seems to be particularly true among men who just go over from time elapses before the first parcel arrives and by that time they are hopelessly in debt to their friends for cigarettes. The suggestion is that as soon as a man starts for overseas the cigarettes should start to flow after his immediately.

Most of the men I talked to felt that they received almost all the parcels from his store friends, but when he found that he had been remembered by only casual acquaintances, it was a real thrill. He felt that people "back home" had not quite forgotten him after three years' absence.

But why wait for Christmas? You can give them cheer a boost in every way day by just remembering they receive their cigarettes regularly. It will be appreciated and will bring you dividends through the satisfaction of giving pleasure to someone else

In passing, it should be said that the British Columbian cigarette system is the envy of the men from the other provinces. Apparently this is working out extremely well and meets with the approval of all the B. C. men who participate in it. To the people of British Columbia, I would suggest that they investigate this system of sending cigarettes overseas.

One final word—send more cigarettes and send them regularly

"What's that bulldog? asked the stranger.

"That's the napkin for the blind," said the native.

"Oh oh, you can't fool me," said the stranger. "What's all them trousers for?"

Graduate at Vermilion

Eighty-eight members of the Canadian Women's Army Corps graduated during the week-end from No. 2 C.W.A.C. Basic Training Centre, Vermilion, after completing a five weeks' course.

The graduates were inspected by the commandant, Captain Helen Graham and will be posted to various military districts throughout the Dominion.

There were 34 from Alberta, 27 from Saskatchewan, 19 from British Columbia, 7 from Manitoba and 1 from Ontario. Those also included Margaret G. Alexander, of Bromner Alberta. Miss M Armstrong, of Fort Saskatchewan, Alta.

Late Ration Holders May Still Get Books

The original ruling applying to late applicants for new ration books has been modified many persons, through no fault of their own, were unable to call for Ration Book 4 during the distribution campaign.

First Five P coupons in Ration Book 3 designated for sugar for Canning will become valid on May 25, and the second five P coupons on July 4, according to the Ration Administrator. WPTB Each coupon is good for one pound of sugar, thus the total per person is 10 pounds of sugar for canning purposes.

Householders are reminded that they may convert P coupons for canning sugar by just applying to Local Ration Boards, if they prefer to buy their preserves rather than do their own canning

"COMBINED OPERATIONS INCLUDE YOU"

● Invasion demands more action from every fighting service . . . combined operations. Combined operations include you, too.

Despite the shortage of help and equipment, Canadian farmers have responded nobly to demands for increased production of foods.

But there is one thing on which a better job can still be done.

MORE MONEY is needed to fight a more intensive war.

As Canadians will be asked to furnish this money. It's a duty that we who are at home owe to the men on the fighting fronts.

In these days most farmers have higher incomes . . . money to save. And that is the job that they are asked to do . . . save money and lend it to Canada.

You are not asked to give money . . . just to lend it. When the war is over you'll have this money to "plough back" into your farm. So save now to lend to your country. Save to have money to improve your farm; money for new stock and implements; money for more land or new buildings . . . for a new car . . . for new furnishings and conveniences for your home.

All you can lend is little enough for a cause so vital for a need so urgent. And the more that you can save and lend to your country now, the more you will have for your own use when the war ends.

Recommend Housing Project for Farmers

Forage Crop Seed Definitely Limited

A building program to provide Canadian farmers and farm labourers with an average of 9,000 new houses annually for twenty years at an estimated total cost of $180,000,000 is recommended by the Report on Housing and Community planning prepared by the Committee on Reconstruction.

The Committee recommends replacing 100,000 farm houses which are in such bad condition that it is better economy to replace them than to repair them. In addition it calls for the erection of 80,000 new farm dwellings to house farm families who are now sharing homes with other families.

Another 62,500 farm houses are needed to replace those which have deteriorated and run down as time goes on.

It is recommended that this total of 180,000 new farm houses be regarded as a minimum target, and that the building of them be spread over a twenty-year period.

The Report suggests setting up a special rural division of the National Housing Administration, or a Farm Housing Advisory Committee, in the Department of Agriculture to co-ordinate farm housing with other policies affecting land utilization, production credit, marketing arrangements, trade and price policies, and farm labor policy.

The proposed Farm Improvement Plan could be set up to provide for government subsidies on interest or principal and to grant long-term loans at low interest rate. It is also recommended that the Government pay mortgage insurance instead of the farmer.

Other recommendations include the creation of farm labourers' cottages and community centres, and the donation by the Federal government of electrical, plumbing, heating and refrigeration equipment to farm housing projects in areas for the labour of instruction.

BUY WAR SAVING STAMPS EACH WEEK!

Farmers who are interested in seeding grasses and legumes for hay and pasture purposes are advised by the Alberta Department of Agriculture that seed supplies are definitely limited. Already, supplies of certain kinds of seed are exhausted.

Because of the important place of forage crops in any permanent system of farming it is essential that farmers who plan to sow these crops this year should not be disappointed in securing seed. Fortunately, considerable supplies of Brome and Alsike seed were secured for Alberta farmers. District Agriculturists are able to advise as to available stocks of these kinds of seed, but it is essential that orders be placed without delay, since it is expected that very little will be available in a short time.

Good Hope School To Purchase Radio

Miss Velma Thomas was hostess to the Happy Gang Last Thursday evening. A large crowd attended, seventeen members being present.

A donation of $5.00 was made to the school children to help purchase a radio.

The next meeting will be held Tuesday evening, April 18th, in the schoolhouse.

Following the disposal of usual business, the meeting adjourned.

Everyone indulged in a few interesting games, followed by a very tasty lunch.

S S S

The local Hope school children held a very successful whist drive and banana recently. A good crowd attended, and the sortanning of many articles made by the children, brought in a substantial amount for the Junior Red Cross.

Proceeds from the whist drive went to the children's

S S S

Mrs T N Hagen, who has spent the last few months at Burns Lake, B.C., returned home, recently.

S S S

Mrs L. Goldsmith had the misfortune of falling and breaking her hip Play on both is a serious condition in the Lamont hospital.

S S S

Mrs E Johnston entertained the members of the Goodwill Sewing Circle, last Thursday.

The business meeting completed plans for a whist drive and raffle to be held Friday, April 28th, arrangements made.

The next meeting will be held at the home of Mrs. Sam Terrens on Thursday afternoon, May 4th.

—V—

The bonfires served a very dainty lunch, to bring the afternoon to a our district over the week-end. An irishman of unknown origin, had four straw-stacks across his field. He burnt three of the farthest ones from the barn, so his own would feed at the nearest stack, and save many unnecessary steps at chore time.

Income Tax Returns FOR 1943 MUST BE IN NOT LATER THAN 30TH OF APRIL 1944

1. WHO MUST FILE RETURNS?

If you are single, and your income was over $660.00—
Or, if married, and your income was over $1,200.00—
Or if you had tax deducted at 1%—you must file returns.

2. WHAT FORMS TO USE

For income under $5,000.00 use Form T1 Special.
For income over $5,000.00 use Form T1 General.

3. WHERE YOU CAN GET FORMS

You can get income tax forms from—
1. Post Offices.
2. District Income Tax Offices.

Your early co-operation is requested. Over 1,600,000 Canadians will be filing income tax returns. You can help by getting your income taxes in, and sending them promptly.

It is important that income tax returns be filed promptly. Then, those returns must be filed to obtain credit for tax deducted. Remember, to claim any refund to which you may be entitled. Failure to establish the Savings Portion of your tax, which will be paid back to you with interest after the War

Make your returns now, but not later than 30th of April to avoid a penalty of 5% of your tax.

The unpaid balance of your 1943 tax must be paid not later than 31st of August WITHOUT PENALTY.

GET YOUR "T.4 Slip" FROM YOUR EMPLOYER

To get a record of your 1943 earnings and tax deductions, ask your employer for a copy of the "T.4 Slip" he filed with the Government. Do this. It will save you time, and help prevent errors.

Local News

Miss Pete Bailey, of Edmonton, spent the Easter week-end at her home here.

Miss Dorothy Pollock, niece of Mrs. S. Thorne, who attended Fort High School, recently joined the C.W.A.C.'s, and is now stationed at Calgary.

Mrs. A. D. Adamson and daughter, Norah, of Edmonton, were the week-end guests at the home of Mr. and Mrs. C. Bell and family.

Dean and Sandra Roberts, of Edmonton, visited friends in the Fort over the Easter week-end.

Pte. Bill Bedford, R.C.A.M.C., of Calgary, is home on 14-days furlough prior to leaving for Camp Borden.

Miss Jean Fowler, of Red Deer, spent the Easter holiday week-end at her home here. Mrs. W. J. Foster spent the Easter holiday week-end her daughter Lolita, at Red Deer.

Born to Mr. and Mrs. L. D. Jones, Fort Saskatchewan, Sunday, April 9, at the Dubrouskill Hospital, a daughter.

Miss Helen Taylor was a visitor at her home here over Easter week-end.

Repairs to the veranda fronting the Fort Hotel are underway this week.

Result in Rafe will be held at Dawson's Drug Store, Thursday, Friday and Saturday of this week.

Mr. and Mrs. S. W. Hooper and daughter, motored to Calgary over the Easter week-end. Mr. Hooper will attend the annual convention of the A.T.A., being held in Calgary this week.

L.A.C. Don Gobbleman, of Airdrie, Alberta, was home over the Easter week-end.

The former Hall shop building, next door to Lalonde's warehouse, is being torn particulars by Mrs. Leslie Gordon. It is being torn down. The material will be used in the construction of a cottage on the property purchased by Mrs. Gordon, near Bruce's Lumber Co.

Mrs. R. H. Bones, and Dick, of Calgary, were week-end visitors at their home here.

Several local anglers were given a rude jolt Tuesday, when the Highway patrol picked them up for travelling on the highway. It seems that the ban on the Fort road wasn't lifted until Tuesday morning at 6 p.m.

Mr. Fred Atkinson, dumped into bed of Dominick of Clouh Bros.' farm at Horse Hills, when some good "souvenirs" informed him that the Highway patrol were in sight.

Weekday hour to be seen in the services next Sunday at the regular meeting of the Women's Institute, Wednesday afternoon.

More About Strait Is The Gate

Q.: No, I mean the long, continuous consecutive of people who among other achievements, wrote the History which we call the Bible. Their kind of individual and community life seems to contain a spiritual diet that carries them through periods both of anarchy and plenty, both of peace and of war.

L.: Do you not make any distinctions between Hebrews and Christians?

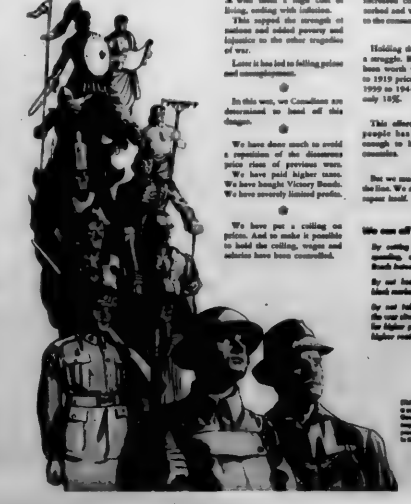
Q.: Yes, an important difference; but a difference within the same stream. The scientists might call it a mutation; a difference in degree. Jesus constituted a difference in kind.

L.: Now you are getting technical. You think that by studying these people we may learn something that we need to go with all those new facts and theories and so on?

Q. Study is only a small part of it. It is being a sharing member of that stream of history that is important. Study alone will help very little. It is only the people who live that way with others who live that way that get the balanced spiritual diet.

L.: I think I am beginning to understand. And I see why this world with its rising standard of diet needs also a rising standard of spiritual diet if it is to make a real progress.

We Can Do Better



IN the past, wars have brought with them a high cost of living, embodied inflation.

This napped the strength of nations and added poverty and hardships to the other tragedies of war.

Later it has led to falling prices and unemployment.

In this war, we Canadians are determined to head off this danger.

We have done much to avoid a repetition of the disastrous price rises of previous wars.

We have paid higher taxes.

We have bought Victory Bonds.

We have severely limited profits.

We have put a ceiling on prices. And so make it possible to hold the ceiling, wages and salaries have been controlled.

In one way or another most increased costs have been absorbed and very few passed on to the consumer.

Holding the ceiling has been a struggle. But the results have been worth while. From 1914 to 1919 prices rose 60%. From 1939 to 1944 the rise has been only 18%.

This effort of the Canadian people has been successful enough to be noted in other countries.

But we must continue to hold the line. We need not let history repeat itself. We can do better.

We can all help—

By cutting down unnecessary spending, and buying Victory Bonds instead.

By not hoarding or buying to hold markups.

By not bidding advantage of the war situation to press claims for higher prices, higher wages, higher rents or higher profits.

This advertisement is one of a series being issued by the Government of Canada to emphasize the importance of controlling a further increase in the cost of living now and throughout history.

Residents of the town and district bunch will be served by the local are invited to attend the free show group of the Canadian Girl Guides. and dance sponsored by these Misses at a memorial charge in the Fort Community Hall, Friday, April 14th. Frank Smith's orchestra will supply music for dancing and of your district regularly

THE FORT RECORD

APR 21

25 No. 2 FORT SASKATCHEWAN, ALBERTA, CANADA, WEDNESDAY, APRIL 19th, 1944 CIRCULATION THIS WEEK 1500

STRAIT IS THE GATE..

Rev. Elliott H. Strobell, M.A.

Life in the sitting a bicycle—you always hit what you are afraid you will hit. As long as you are in the grip of fear most of the accidents that might happen do happen. When you have achieved a certain skill, and can look at the goal and enjoy the scenery then something like a sixth sense seems to steer you around the bumps.

We usually follow our eyes, arrive at the places on which our eyes are fastened, and achieve the values upon which our spiritual gusto is fixed. In the realm of morals one has put the negative side of it this way: "The Way in a monster of such vicious mien
That to be hated needs but to be seen;
But, seen for long, ensnareth to her thee,
We first endure, then pity, then embrace."

Jesus has some pointed things to say about a man's duty to keep the body of the body in the eye: when this eye is single, thy whole body also is full of light; but when it is evil, thy body is full of darkness." The single-eyed man moves toward his goal with the ease of a good bicycle rider. The man whose eye is evil is like the one-eyed man who could neither look where he was going or go where he was looking.

The saddest tragedy ever written was this sentence: I have lived my allotted span and I have done neither what I wanted to do nor what I ought to have done.

Miss Flanagan summoned the maiden up then: "Let us lay aside every weight and the sin which doth so easily beset us and let us run with patience the race that is set before us, looking unto Jesus . . ."

Wye Red Cross Girls Donate to Charity

The regular meeting of the Wye Red Cross girls was held at the home of the Thompson girls. Thirteen members were present. The club was joined two new members, Mrs Hall Thomlinson and Mrs. Tom Dalby. A total of $2.70 was taken in at the auction sale and $20.71 at the banner. A sum of $62.70 was sent to the Red Cross. $20 was put aside for the War Veterans, $5 was sent to the Chinese war relief, $6 to the Chinese war relief.

Two members were appointed to buy and present a plant to Mr. Everett Kemmer's sister who is in the hospital. The club wishes her a speedy recovery. The meeting was adjourned and a lovely lunch was served by the hostess. The next meeting will be held at the home of Miss Elizabeth Bell on May 2nd.

A.C.3 Jack Thomlinson is home on convalescent leave. The community wishes him the best of luck.

Mr. and Mrs. C. H. Theodinson are remodelling their home. We are waiting anxiously for the house warming.

Mrs. R. E. Webb spent the week-end with her daughter, Mrs. H Holme, of Woodbend.

Letter to the W.I. From Local Boy

Canadian Army C.M.F.
March 23rd, 1944

Mrs. A. Black, Convenor,
The Women's Institute,
Fort Saskatchewan, Alberta,

Dear Mrs. Black:

That lovely Christmas parcel that you sent to me in October reached me only a few days ago. I was pleasantly surprised to receive the parcel and believe me it was very much appreciated. The parcel arrived in perfect condition and every edible article was soon devoured.

I wish you would convey my sincerest thanks to the members of the Institute for their generosity and thoughtfulness. While I now may be a Calgarian, my heart and dearest friends still reside in the Fort. It is nice to be remembered and I honestly appreciate your kindness.

Again many thanks for that grand parcel and the very best of luck to the Institute; you are doing a grand job.

Sincerely,
Arnold Mann

Baron Motors Show Attended By Large Crowd

The Model [illegible]car show sponsored by Baron Motors, last night, drew a large crowd to the Fort Community Hall last Friday evening.

A moving picture "The Tale of Two Thieves", depicting the advancement Model Frigidaire appliances, was made in lighting some and dust in engines and [illegible] [illegible] the proper lubricants were used, was timely and interesting. It was shown here to save farm equipment and the proper lubricants to use on the various pieces of farm machinery. Engineers have made a special lubricant for every kind of work. Al Baron, Bob Lewis and Carl Hinds gave a farmer had four different kinds of lubricants on his farm, that they would do the job on all his farm equipment. The picture stressed the value of preparing idle machinery with a good rust preventative.

A comedy and sports' picture concluded this part of the evening's programme.

Baron Motors gave as a door prize, a fine grease gun and 25 lbs. of grease. The was won by George Kemmer, of R.R.3 North Edmonton.

Glen Walker and Gladys Murray received cash prizes for their assistance during the programme.

Dancing afterwards to the music of Frank's Orchestra was enjoyed by all.

Members of the Girl Guides, under Leader (Mrs.) Bernice Hooper, served refreshments in the Buffet room.

School Flashes

The school boys have taken to hard ball like ducks to water Teams are now being organized by the boys' sports committee, and a list of the names and room and room here the crop of the Dominion can be heard throughout the school grounds.

A new arrangement of the soft ball diamonds has come into effect. Four softball teams from the high school have been formed, to occupy the students' spare time.

World of Wheat

By
E. L. Thomas

Recent experiments by the Dominion Experimental Farms and by the "Crop Testing Plan" indicate that farmers at times have lost some yield by sowing their grains at too late a date per acre. Grains which have large kernels such as Red Bobs, Kenaga and Regent wheats, and barley varieties as Plush, Newal, Warrior, Nanda Rex and Kenyabre need to be sown at a higher rate to the acre than smaller kernelled varieties such as Thatcher wheat or Garfield O.A.C. 21, Mercury, Western 38, Regal, Prospect and Titan barleys.

It is further found that if seeding is delayed for any reason then a heavier rate of seeding is required to obtain the same yield.

It is discovered also that if the land is light and sandy, early seeding will give better results than late seeding. Somewhat heavier seeding of any grain, too, will help hasten to maturity.

The Dominion Experimental Farm, Lethbridge, Alta. finds that they have found there is no advantage to be gained in light or normal because of a quick maturity.

All in all, there is much interest to be had there in some work of a type provided by sowing at too late a period. Moreover, therefore, the farmer can be sure doubt it would appear that earlier sowing will give him a better average sure of a higher yield.

All Canada To See "The Shining Future" Victory Loan Picture

J. J. Fitzgibbons, chairman of the Canadian Motion Picture War Services Committee, has arranged delivery of "The Shining Future", a powerful 16-fly-reel film created as a [illegible] to the magnificent things that Canada Victory Loan. APRIL 1944

Give this Man a Warm Welcome

You may not regard the Victory Loan salesman as a salesman when he calls on you. He is a man from your community whom you likely know well . . . perhaps a neighbor. He may never have done any selling before.

He has taken on this work because he feels that it is an important war job that must be done.

As a matter of fact he is not trying to sell you anything. He will ask you to save money.

Farmers are doing an important war job, too . . . producing food. Most farmers have increased their incomes. They have money to save.

You plan to use this money, and the things you plan to use it for are necessary things.

The Victory Loan salesman will ask you to let your country have the use of your savings now by putting your money into Victory Bonds.

Our big job now is to win the war, and to win it as soon as we can. That's why every Canadian is asked to buy Victory Bonds. It's why each of us is asked to buy all we can. You can buy them with cash, which you have saved, and you can buy more bonds and pay for them as you earn money, over a period of six months.

Put Victory First BUY VICTORY BONDS

WEDNESDAY, APRIL 19th, 1944

Are You A Good Canadian?

(By Stan Parker, Director, Public Education Section, National War [illegible])

1944 in the year of which historians will record achievements and failures in terms of world affairs which will be written in the pages of history for many generations to read.

Never before in history has the entire world been embroiled in such a conflict of savagery in new extents. The most complacent, peace-loving individuals experience a thrill of satisfaction when they receive the news that 100 or 1,000 men have been killed—of course, providing they are enemies—(a peculiar quirk of circumstance is that the only people on earth who are not fighting are the savages)

However, we are in this mess, right up to our necks and there's no drawing back or lying down on the job now. We have taken our stand and from every standard of rational thinking, we are right regardless of the fact that [illegible] of people in this world say that we are wrong.

Greed and expansion of power, autocracy and politics, too much religion and too little Christianity has enveloped the people of the world in a morgue of confusion [illegible] and organized children, deserters, shrines, hearted children, ruined homes and worst of all, shaken faith in all principles which comprise the laws of decent living

Let us try to look at the picture under a different light—possibly we are learning a lesson the "hard way"! When this terrible era has passed into history, we may have developed the philosophy which sustains life and decent living —"The Golden Rule".

The personal part of all this is the fact that some, because of circumstances as they exist, while unable to participate in this orgy of killing are [illegible] an awesome time cashing at the expense of those who are shedding their blood

Do you realize that there is a Canada $15.00 for every $10.00 worth of commodities available? Reliable authority provides the information that there are no safety deposit boxes available or any bank in the country Millions of Canadians have savings today who never had them before War Savings Certificates and Bonds are responsible for this—children are being taught thrift, housewives are budgeting their expenses and people who have always lived from hand to mouth are beginning to find a sense of importance in their everyday living because they have a stake in their future security. The uninformed and ignorant element are learning something of business and the necessity of responsibility The so-called "big shots" are beginning to realize that the "little men" provides the basis of his well-being and will, of necessity, treat him with respect

Put Victory First BUT VICTORY BONDS

When all is said and done, the "big fellow's" million isn't so important as the "little fellow's" hundred because there are millions of little fellows as compared with the few big fellows. The poor man is in the happy position of knowing that there is a possibility of being rich sometime in the future while the rich man is constantly worrying about the possibility of being poor.

The farmer, the laborer, the mechanic, clerk and artisan the stenographer and the housewife are essentially the important people in the world today. The "little people" are plugging through the jungles in foreign lands, sailing the treacherous seas, defying the natural and man-made elements of death in the [illegible] tilling the soil and doing all the mysterious tasks which are all important for our continued existence and they are doing even more than that. They are contributing their savings to the cause for which they are working and fighting.

Now for the darker side of the picture: There are a lot of people "big" and "little" who have not come to realize that the privileges which they enjoy are made possible by the people who are selling the land. They consistently take everything for granted, and completely forget that the consumers' meals they eat and the comforts they enjoy are the products of "blood, sweat and tears". With selfish motive they measure their best interests but protest to high heaven of the injustice of income tax, have the sleepers torn from their seats in a road crush to buy a bottle of liquor, squeak because domestic help have all joined the CWAC, criticize the leaders of governments and of war, regardless of who they might be, and in a thousand ways perpetuate the lies of "blood, sweat and tears."

The Sixth Victory Loan Campaign begins on April 24th, so, before that date, let us all decide in our own minds in what category we belong. There are lots of people who flagrantly display the little lapel badge proclaiming to the world their patriotism but it is not known that some of these people have thousands of dollars lying in the bank and have only purchased a $50.00 Bond.

Some of our citizens upon whose home soil, streams of blood are flowing and their relatives suffering unconscionable horror, still cannot see the necessity of their assistance in this struggle and even hide their money in the grain bin, the cellar or any place to avoid doing their share. Think God that they are [illegible] minority. True, money will not win the war but without it, the blood of your brothers and sisters will not penetrate the hell and shot steamers of the world, that the food you eat and the water you drink will be no a potent poison to body and soul.

If you are Canadian born or if you have lived on Canadian soil for six months, you are potentially Canadian. The life in your heart and veins has been derived from Canada. The food in your cupboard is Canadian. Your privilege to express yourself at will, to listen to your radio and to read your uncensored newspaper in all years because you live in Canada.

So—when the 6th Victory Loan begins—add up all the advantages, deduct all the things you think are wrong and you will find that your answer will be in favor of investing every cent possible in Victory Bonds which will give you a share in Victory and a stake in Canada's future and your own security.

V

The Provincial Government's public works' department could take a tip from the town and grade up the Fort Highway to Edmonton. Daily sanctioning of the surface by the road maintainer, does little more than roll the round small stones hunt and forth across the highway.

ADDRESSES ON THE MOVE...

This Mail has PRIORITY

WHEN a man is wounded in action or seriously ill, he is rushed through field and base hospitals with all possible speed, to the place where most effective treatment can be given. Because of this rapid movement, his mail may not "catch up" for some time, yet, if ever he longed for a letter from home, it is at such a time.

To offset possible delays, a new "Short-Cut" mail service has been put into effect. A Priority Casualty Card is filled in and rushed by Air Mail to his friends or relatives with instructions to add the words "In Hospital" to the unit address they usually use.

Letters mailed from Canada bearing the words "In Hospital" are routed direct to the records office in the United Kingdom or the Central Mediterranean Force, as the case may be. They are given preference in transport, whether sent by Air Mail or regular mail. Thus they will reach the addressee faster than ever before.

It is inevitable that in tracing men who have been moved, or wounded, some delays occur. But you can rest assured everything that can mean speedier deliveries of letters to your man is being well and thoroughly done—and will be done.

When you get a Priority Casualty Card be sure the words "In Hospital" are added to the regular unit address when writing overseas.

Fellowvale District Bids Farewell to Mr. & Mrs. R. Howell

The ladies of the Goodwill Club held their meeting at the home of Mrs S. Southern on Wednesday, April 12th. A good attendance was recorded.

One special feature of the meeting was a birthday cake celebrating the 12th anniversary of the founding of the Club.

Three visitors were present, Mrs. R. Howell, Mrs. Les Martin, Mrs. G. Dreher

A sale of mixed garden seeds and house plants donated by the members, netted the sum of $6.10 for the prize-ners of war fund.

A large hamper of knitted goods was packed for the Navy Leagues.

* * *

A farewell party for Mr. and Mrs. R. Howell was held at the home of Mrs. Lionel Halbauer. Old friends and neighbors spent a very enjoyable evening. Old songs, going back forty years or more, were sung, and everybody helped to make the evening one to be remembered by all who were present.

The evening closed with the singing of Auld Lang Syne.

* * *

Frank Hocking, we are sorry to report, is very sick with the measles.

* * *

Mr White suffered three fractured rib when he was crushed against his hay rack, while hauling bailed hay

* * *

Mr and Mrs. Harmon Martin, (nee Hilda Bailey) are the proud parents of a baby girl.

* * *

Frank Bayer has gone north to White Horse, in the Yukon. What's the matter with sunny Alberta, Frank?

* * *

Ploughing has already started in the district.

—V—

Having dined in a restaurant with the boy friend, Trixie missed her glasses when she was on her way out. Recovering something to bite, she hurried back to the table to look for them. Not seeing them upon the table, she lifted the cloth and began to grub about the floor Just then a waiter came up. "Pardon me, madam," he said, "but the gentleman is over there by the door."

Franklin Girl Guides Sponsor Social Evening

The Girl Guides of Franklin are grateful to their relatives and friends for the ready support accorded them on Friday night last, when in response to the artistic posters, designed and put out by the girls themselves, whist players and dancers filled the community hall and ice cream and refreshments by the Guides.

Especial thanks are here by tendered to Dave and Martha Cadets for their bright, cry hour music, and to Ed. Collings for his able conduct of the dances. Those friends also contributed to the gratifying success of the party.

We missed Blanche Norman from the number of our friends gathered at the hall, but we were content to leave the glad news of her recovery, and that she was out of the hospital and home again.

* * *

We are glad that Mr. Moneypenny, Jean, is making new recovery from his long illness and that he is now able to visit his friends in the district.

* * *

Franklin School will feel isolated and lonely no longer when the boys and girls are away for a home is coming to keep her company. Pete Hammack is daily moving his goods and chattels to the new location, and perhaps, in next week's column, we shall be able to report the first appearance of smoke, emerging from the stove pipe in time with that from Frank-lin's chimney.

West Salisbury News

Congratulations are in store for Robert Sinnard, who is active shield at the Spring Show, for his dairy calf which was in the competition.

* * *

The children at Colebester school put on a whist drive and dance for the Red Cross. They collected around $20.00

* * *

The Salisbury Ladies Aid held a regular meeting at the home of Mrs. Webster's recently.

* * *

Mr. and Mrs. Henry Gunter were visiting relatives at Camrose, where they attended the wedding of Mrs. Gunter's niece.

If You Employ Male Persons

Have they all complied with the Military Call-Up?

By an Order signed under authority of the National Selective Service Regulations:

1. Every employer of male employees must make out and deliver to the Government Employment Service Office nearest to him, who fall to produce documents showing good reasons under Mobilization Regulations.
2. This consideration must be completed by May 1st, 1944.
3. "EMPLOYER" includes individuals, partnerships, companies, and also farm operators.
4. "MALE EMPLOYEE" includes all male persons working for pay.
5. A booklet "EMPLOYERS' GUIDE," has been sent to industrial and commercial employers. A similar post card has gone to farmers.
6. If you employ any male persons, and have not been notified of your obligations, you should communicate immediately with your local Selective Service Office and ask for the booklet.
7. Failure to make returns, or refusal to do so, is punishable by fine of not more than $500 or imprisonment for not more than six months, or both such fine and imprisonment.
8. Employers to produce the documents relating to each and every male employee, present, and employees must not.
9. Penalties are provided for failure to carry out this order in letter and in spirit. Non-compliance is useful by enforcement proceedings.

FACED with the difficulties created by wartime shortages in labour and machinery, Canadian farmers have gone on with the equipment that was available, and it is a tribute to their energy and enterprise that they have attained the tremendous increases needed to serve the needs of the United Nations.

To assist them in their greater production programmes, Massey-Harris and its dealers set new and higher standards of service in the repair and maintenance of equipment in the hands of farmers, they have encouraged the use of machines beyond their normal period, and by reconditioning and rebuilding, they have put back into service machines much needed to compensate for the shortage of new ones.

In the supplying of parts—always a feature with the Company—Massey-Harris and its dealers have, during these difficult days of shortage, rendered such an outstanding service as to earn the reputation of being—The Best Farm Machinery Service in Canada."

Early ordering of repair parts helps you and helps your dealer

Canada After Beef Contract

Possibility that Canada may conclude a large beef contract with Britain has developed. Due to the foreign publicity of Argentina, Canada and the United States may take over the shipment of beef to the United Kingdom. Consideration is being given to sources against the Argentine, which supplies Britain with the major portion of imported beef. Outside of that possibility, increased needs of armed forces in Britain may result in considerable beef purchases from Canada. While this might mean a resumption of meat rationing in the Dominion, it would mean an assured market for Canadian beef Hon. J. G. Gardiner, Minister of Agriculture, is trying to negotiate a contract that will run for several years, thus protecting the cattle raisers of the Dominion for a considerable period.

The Record Files

The Fort Saskatchewan Badminton Club entertained the Gibbons Club on Wednesday evening April 22nd

A play entitled "Wanted-A-Wife", was presented in the Fort by the Clover Bar U.F.A and U.F.W.A., on Tuesday evening.

At Shary's Shows

This week Shary's Shows brings pre "The Constant Nymph", starring Claudette Colbert, Joan Fontaine and Alexis Smith. This is the story of a young composer, of his friendship for the four daughters of a musician.

When the father dies, an uncle and cousin of the girls offers cares for them, to take them back to London The composer falls in love with the cousin and they get married, but his work suffers from her desire for fame. One of the girls, who has always loved him, brings back the melody to his music—but he realizes too late what she means to him.

This is one of the best dramas filmed in many a moon It is a package of entertainment that will be enjoyed by everyone

Next Week "Star Spangled Rhythm."

Ask Alberta Farmers To Earmark Wheat Payments for Bonds

Suggestion that Alberta farmers earmark the returns they are to receive from their wheat participation certificates for Sixth Victory Loan bond purchases was made by officers of the Provincial War Finance Committee here today

According to a statement tabled in the House of Commons recently by the Minister of Trade and Commerce, the Canadian Wheat Board had an over-all surplus on its operations for the crop years 1940-41, 1941-42 and 1942-43 estimated at around $40 million.

It is understood participation payments on the 1940-41 operations will shortly be in the hands of the producers, and that settlements for the balance of the crop years will be forthcoming during the next few months. Alberta will share substantially in this. Generally speaking, therefore, the position of our wheat growers is more satisfactory than they, or anyone else, have credited.

While there will be some monetary calls on these monies, the War Finance officials agreed, much of them will constitute returns to the farmers' hands, and it is hoped Sixth Victory Loan bonds will become the medium by which the reserves are carried. During past loans, the official has point out, the citizens of our wheat growing areas have responded in creditable manner, but many of them have been forced to limit their bond purchases through low wheat incomes. In the Sixth Loan they have the opportunity to make arrangements for purchases, confident that their wheat participation payments will liquidate the obligations they incur in so doing.

A Tribute to the Food Producer

The farmers and stockmen of Western Canada are making a magnificent contribution to the war effort by maintaining a fine record of food production.

Their achievement is particularly notable because of the many difficulties and discouragements to be overcome . . . including shortages of help and materials. Under these arduous conditions the farmers are "carrying on" in the best tradition so that the food that is so necessary to the winning of the war may not be lacking.

It is a source of great satisfaction to us that we are able, in some measure, to help the food producers meet the problems facing them during these trying times — and to assure them of our continued effort to supply them with lumber to meet their essential needs.

You are invited to consult the Beaver Lumber agent on your building problems — at an early date — for the best advice, assistance and materials available.

Public Enemy No. 2

We all know Enemy No. 1. His desire is our first concern. Enemy No. 2 is the octopus of financial and industrial monopoly.

THE OCTOPUS DECIDES—
—whether or not you have a job
—the price you pay for commodities
—whether or not we'll have another depression

THE C C F SAYS: This economic dictatorship must stop.

THE C C F SAYS: Credit and financial institutions must be the servants of the people, not their masters.

THE C C F SAYS: Canada's resources must be used to prevent depressions . . . to provide homes . . . jobs . . . security . . . educational opportunities . . . a better health and condition for every citizen.

The whole purpose of the C C F program is ownership of banks and other monopolies, is to achieve these things.

A VOICE IN NO ALCHEMY!

Tet this is the only weapon the spokesmen of monopoly have left. Harass their scaremongering about the CCF! Inundating with your savings . . . insurance . . . bonds . . . loans.

They know, as you know, that their charges are false . . . that through the C C F program your home and your job are secure . . . your savings and insurance will be intact and guaranteed by the resources of an entire nation.

East Edmonton Farmer Purchases Beef Cattle

Mr. Robert Briggs has laid the foundations of a fine herd of beef cattle on his farm by his purchase this winter of breeding stock from the Hilton Ranch Lake stock farm. Robert now has ten of the registered Black Aberdeen Angus females in his pasture land.

* * *

L.A.C. Bateman and Mrs. Bateman, bride and groom from Claresholm, who have been spending part of their honeymoon as guests of Mr. and Mrs. George Briggs, have gone on to Alliance, Alberta.

* * *

Mr. and Mrs. Kirk are now comfortably settled in their new home in the district of the neighborhood, occupying the old Eaton homestead.

* * *

Sidney James, one time resident of East Edmonton, recently discharged, for medical reasons, from the army after three years service overseas, has received the appointment of postmaster at Killam, Alberta. He takes with him a help-mate in the person of a newly acquired wife. Congratulations on both counts, Sid.

* * *

Mr. Andy Adamson, unit organizer for rural Edmonton in the Victory Loan campaign, was host to his mike staff at a luncheon given in the Masonic Temple, on April 21st. About twenty guests were present to enjoy the dinner and the progress which followed. Appropriate films were shown and artistic addresses given to send the workers out with renewed enthusiasm for the cause of war, home in hand.

* * *

The Willing Workers of East Edmonton held their monthly meeting on April 15th, at the home of Mrs. Charles Briggs. Plans for a whist drive and dance in conjunction with the Salisbury club are in the making, the date to be announced at the next meeting. Women are wise.

West Salisbury News

Mr. Wm. Sinclair and Bob Sinclair are going to be eaten soup for the next three weeks adding war bonds. Come one and all and do your share by buying war bonds and bring the boys home again. Good luck Mr. Sinclair and Bob.

* * *

Harry Poole, a cousin of Mrs. Roy Diamond, is a visitor from London, Ontario.

* * *

Mr. and Mrs. W. Ball were out for the week end.

* * *

Mrs. Gregory Ball has her mother visiting her for a day or so.

* * *

Mr. and Mrs. Gaspie Ball were out washing the farm work to see that everything was going well.

* * *

Mr. Norman Page is back home again. We all hope you will feel better soon, Norman.

* * *

There was a group of young people who joined the church here Sunday. They are: Misses Peggy Long, Rita Mae Shirley Diamond, Jean Bigkin, Lyle and Anderson Wedgrove.

* * *

Sgt. Wm DeBoskit is home on a 15 day furlough to his parents out on the farm. He will be going that after his leave is up.

Send in the news regularly.

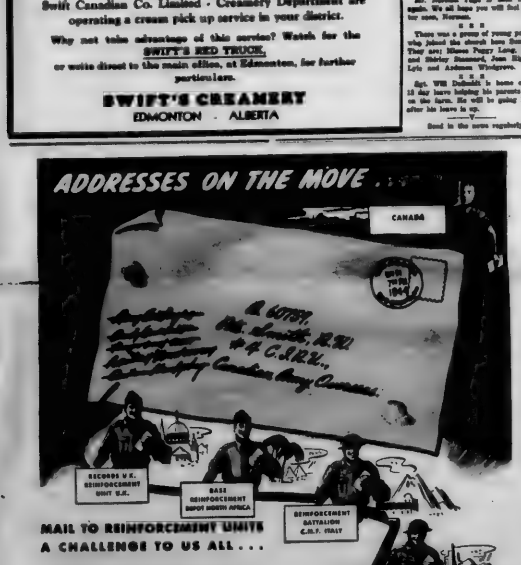
SWIFT'S CREAMERY

EDMONTON - ALBERTA



Synopsis of preceding chapters: A cowboy from the Alberta foothills, believing that there is a steady job to do, joins the Canadian Army and after training at various camps in Alberta proceeds overseas and finally lands in Italy.

Throughout his military career he has told of day by day life in the Army and what has been happening.

Now he has reached the battle front.

The story continues.

I'm right sorry I've been so long writing but so much has happened lately that I've hardly had much time to write and now that I've got nothing but time on my hands it's not so easy to tell you what really is.

You've all heard of Casatos. Even there at home thousands of miles away, you folks probably know so much about the general fighting as I do and I sure only got to see a mighty small part of it.

After sitting around for some time we got sent up the line to reinforce our lads at the front which is only a big pile of broken buildings now—and I'm there no time at all before I get it.

There isn't really much to tell. The fighting was pretty plain and to succeed to be doing alright when we landed a dark morning with a mighty welcome to it. That's the last I remember, when I came around I'm in one of our front line hospitals with a broken leg and a few chopped wounds. I guess that shell sounded so funny because it was getting set to land right close to where I'd been crouching near an old wall.

This is about the first time I've really had much to do with the Army Medical Corps, but you can take my word for it that the R.C.A.M.C. is a mighty fine organization. Working at the front they see all kinds of difficulties they do everything they can to make a man comfortable and heal his wounds and you get top service even though the men of the medical corps are working under difficulties.

And while I'm talking about such things it may be as well to tell you folks at home that supporting the Red Cross and their "Blood Bank" is really something worthwhile. Take me for instance. The boys say when they got me out I was mighty weak from loss of blood, but you'd never know it now. Blood plasma which they gave me right suddenly did the trick.

I know now I'm through now as a fighting man, but when I get home I'm going to make it my business to travel to Calgary when so that Red Cross folks will allow me to donate blood because I know that it's really needed—really saves lives—and will become even more important when the big push starts.

Right now I'm in a hospital in the south of Italy just getting back my health and my strength from, but they tell me, I'll be headed home and I'll be penning until we're finish even though it will be grand to see the with, and the boys and all the folks. I'm mighty sorry that my part in the war was so small and that I won't be here for the big finish.

Once we start home there won't be any chance to halt. Sooner we're moving just as fast as the small, so I guess this is about the last I'll be penning until we're finish again.

To be continued

Remember!!!

When the markets collapsed after the last war?
When bank credits stopped and the mortgage company demanded payment?
When interest payments were greater than your income?
When prices dropped out of sight in the 1920's?
When your son rode the rods or worked for $5 a month on your neighbour's farm?

WHY?

Because the packing companies controlled your market?
Because the banks controlled your credit?
Because the implement companies controlled the price of your machinery?
Because the Grain Exchange and the millers controlled your grain prices?
Because monopoly ruled?

NEVER AGAIN !!!

The C C F—Your Party—Believes:

You should own your own farm!
Monopolies must serve the people not rule them!
Credit should be your servant not your master!
You should have govern controlled Marketing Boards to sell your products at parity prices!
You should have co-operatives to reduce costs.

THE CCF WILL BRING:

Planned production of plenty for all, in peace as well as in war.
Parity prices to the farmer . . . Fair wages to labour.
—Parity prices for the farmer means jobs for the workers.
—Good wages for labour means better farm prices.

The C C F is YOUR movement. It does not get and DOES NOT WANT the support of the big corporations. It needs YOUR support NOW. Rustle and send your contribution to your C C F Provincial Headquarters—

Annual Clean-up

Annual clean-up campaign of the Town gets under way Monday, May 1st and continues to May 15th, when a survey of the town will be made by the Council to see that request is acted upon.

All citizens are urged to clean-up around their homes and places of business. Rubbish will be taken away by the town scavenger.

There is a town by-law on the books that prohibits the accumulation of dirt, rubbish and manure around buildings. Refuse must be placed in cans at the lane, but placed in metal containers, or aside containers, if none, are filled.

Town officials do not wish to enforce a hardship upon residents, but it was necessary at a recent council meeting that action would be taken, if a number of places were not cleaned up and kept clean.

Why Not Ceiling Prices on Houses?

This may not be the whole solution to the housing shortage problem, but a ceiling price on homes would help greatly to ease the serious situation.

Under the Wartime Prices and Trade Board Act, the government controls prices on practically every-thing a person buys, including motor cars. There is also a ceiling price on rents for rooms and suites in the cities. So, why not on homes?

It is reported that old houses that have seen up to thirty years or more, of wear and tear of renters, are selling as much as $1000 more than "a good price".

Their present occupants are facing anxious moves, because they have to where to go, and that is the only way the owner can get his property, so that he may take advantage of the situation to make a handsome profit.

There is a housing shortage in Canada, we will admit, but the situation is greatly aggravated by the high prices been paid for homes.

We Can't Stop Pumping Now

At the beginning of the century, two persons were needed to play a pipe-organ. The organist was at the key-board and someone else was at the pump handle. And all the years of practice, all the skill of the musician's fingers came to naught when the man at the pump stopped pumping.

In Europe today thousands of Canadians are playing a different kind of music. They are playing it well with cannon and guns. Their performance is a thrill for a listening world, a display of masterful technique developed through the years of hard practice, just as the organist of olden days patiently on his youth at the pump, war troops depend on us at home to keep them going.

Victory Loans, successfully conducted during the past three years, have been vital to the training of our armed forces. But they are not enough. One hour's pumping of the old organ would not keep the organist playing for one hour and a quarter. Similarly, just as long as the Canadian invasion forces are playing their part on European soil we must do ours here. We can't stop pumping now.

War Weapons

Reduction in price of war equipment due to development of mass production and revision of contracts will save the Dominion more that $150,000,000 this year. On Harvard training planes which originally cost $50,000, but are now being made for $25,000 per machine, the saving this year will be $4,000,000. On rifles, cost of which was reduced from $60 each to $30 the saving this year will be $5,000,000. Universal carriers originally cost $4,000, but the price has been cut to $2,000. This will save $15,000,000 this year. Careful comparison of the Canadian purchasing and cost system for war supplies shows that it is unsurpassed or well or better for the taxpayers at third of any other country. Cost of bombs, including anti-aircraft gun barrels, has been cut in half since the start of the war.

A WEEKLY EDITOR LOOKS AT

Ottawa

Written monthly for The weekly newspapers of Canada

A point to remember is that rationing of farm machinery is still necessary in order that the available equipment goes out to those producers who need it most, and therefore the administrator says, applications are only being taken from farmers who actually own or lease the land on which the machinery is to be used. Though factory production will be greater than in 1943, still it will only be about 30 per cent of normal and not nearly enough to fill all farm demands. Repair parts will be 100 per cent of normal.

* * *

As an extension of the nation-wide checkup on all civilian men of military age subject to call-up, in future all male applicants for unemployment insurance benefit will have to present proof they have complied with mobilization regulations. Birth or marriage certificate would be considered proof.

* * *

Shrewdest scenes on budgetitorest thing to discuss locally, yet it's part of our war effort, needed to make special brushes for the army, navy and air force, and in war plants. Farmers, grooming their horses for spring work, should save combings, shaggy mane and tail, sell to dealers, the good quality being worth from 20 to 50 cents a pound. In 1941 some 250,000 pounds of horsehair was marketed in Canada, three-quarters of which came from farms in the west. Last year only 450,000 pounds were sold to such trade dealers. If there isn't sufficient marketed this year to meet war and other demands we'll have to import from Argentine at a big subsidy cost to the country That's why it's important.

* * *

There is a tremendous demand for engineers and science graduates for war industries and essential civilian services, as shown by an analysis from the Department of Labour's Wartime Bureau of Technical Personnel. In January and February this year the Bureau got more employers' enquiries for technically trained persons than at any time since November, 1942. There are five vacancies for every three available, although 21 600 persons so listed are now engaged in essential work. A large number of the 1944 engineering and science graduates have already been spoken for by Army, Navy and Air Force.

* * *

This and that: Volunteer workers at six hundred local ration boards distributed 11,500,000 new ration books. . . Savings deposits in our chartered banks touched a new all-time high end of last February with $2,123,321,000 as against $1,765,000,000 same period year ago. . . Shops are holding up; 80,000 pairs of police-type suspenders are being released from military stores for civilian use; 15,000 of these will go back to be cut down to the narrower size.

* * *

News From the Services: More than 2,000 British airmen training in Canada married Canadian girls. . . The Canadian Women's Army Corps is making an appeal for 5,000 recruits. . . With a staff of only 130 airmen, the salvage section of the R.C.A.F. Repair Depot at Goosebay, N.B., in 1942 recovered 250 aircraft valued at 56 million dollars, of which 139 were repaired, returned to service on Canada's east coast. . . . Warning is again issued of the serious housing situation at Halifax.

* * *

Some rangettes and grills will be available on the Canadian market for this year, it is announced, and that's good news to some housewives who have been anxiously waiting for something like this. The naval member won't be great but in the next 12 months they're allowing manufacturers of 40 per cent of the 1940 production of electric stoves and 40 per cent in ranges and cooking plate grills.

* * *

Recently compiled figures indicate that retail price of beef in the past year contributed half a point to the total increase of 10½ points in the cost of living index. That is from Feb. 1943 to Feb 1944.

LET'S SHOW OUR COLORS

Our fighting forces face a harder and more dangerous task than ever. Yet they are willing to make any sacrifice.
We at home must show the same mettle. We must buy Victory Bonds till it hurts. It's the very least we can do—and no one who is able to buy them should escape this duty! So he's yours we're ready to do our share by buying EXTRA Victory Bonds.

Put Victory First...
BUY VICTORY BONDS
Sponsored in aid of the 6th Victory Loan Campaign

Garage Phone 60 Welding Shop Phone [illegible]

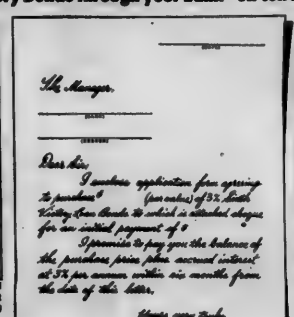
ASK THE VICTORY LOAN SALESMAN FOR A COPY OF THIS LETTER—

It enables you to buy Victory Bonds through your bank—on convenient deferred payments

FILL OUT THE LITTER AND GIVE IT TO THE VICTORY LOAN SALESMAN—IT IS AN ORDER ON YOUR BANK TO BUY BONDS FOR YOU

You can buy Victory Bonds with cash which you have saved . . . and you can buy more bonds with money as you get it, on convenient deferred payments.

Every Victory Loan salesman has printed copies of the deferred payment letter at the right. (You can also get this form letter at any bank.) All you do is write in the name of your bank and the amount of the bonds you wish to buy and sign it.



The Manager

Dear Sir:

I authorize application from ... to purchase $ ... (par value) of 3½ Victory Loan Bonds to which is attached cheque for an initial payment of $ ...

I promise to pay you the balance of the purchase price plus accrued interest at 3% per annum within six months from the date of the letter.

Yours very truly,

YOU HAVE SIX MONTHS TO PAY THE BANK FOR THE BONDS—THE INTEREST THE BONDS EARN PAYS THE BANK INTEREST ON THE LOAN

You make a first payment of at least 10% of the amount of the bonds you buy and pay the balance when it is convenient for you to do so, within the next six months. Bonds earn 3% for you and this income pays the interest on the loan during this period. Be sure to buy Victory Bonds on this plan as well as for cash.

Canada needs more money to pay her enormous war bill. Let your country have the use of all the money you can save.

SHUR GAIN
News
OF THE WEEK
COMPARE the cost of raising Hogs on SHUR GAIN Ration against the cost and high profit of raising hogs on a ration of any amount of grain, PLUS the proper SHUR GAIN MINERAL SUPPLEMENT.
It takes 1100 pounds of grain to make one hog on GRAIN ALONE . . . but, using SHUR GAIN 1000 CHECK-MATE, 700 pounds less grain will produce one hog. A ton of

Quite a spell back I set on Old Point watching the sunrise and how it ushered the Section, and that day I made up my mind to join the Army Today I watched that sunrise again. this time from the window of the hospital train as it roared towards Calgary—and it still had the same fascination, the same sort of majesty that it had those many months ago.

I guess I didn't sleep hardly at all last night but thinking about getting home and how grand it was going to be.

The bustle and hustle at the station, the Corvie band playing "Auld Lang Syne" as we reached the Armouries, and seeing the wife and the boys again at the gate—just as they'd been again at the gate—just as they'd been again at the gate—just as Alberta lads who returned is something I will always remember.

My army days are just about over. Right now I'm going on disembarkation leave, and after that it will be back to the sirvice and trying to do a job on the home front to help the gumbie out.

Boys that are still overseas and still facing a mighty big task.

From start to finish I have to admit my army life was great. I learned a lot, met a fine bunch of fellows, saw parts of the world that I'd never get to see if I hadn't been a trawpler in khaki, and ended up with a broader outlook on things in general. The wounds I got may slow me up a little for a while and I'm in better health now than when I joined up The trouble is the army hasn't a spare for a soldier with a bad underpinning and that is where I stand.

Seriously, I still figure I've a big job to do business hwestmth and grain are both unpaying sooner or lateragn right fit to go back on the ranch and I take a little weight off the boys' shoulders.

Seeing the place all alone while I've been away hasn't been a mighty big job for him but he's carried on like a real soldier. The wife, too, has been right busy, but like me she is young and it isn't so tough.

Right now it's time I had her a spell before getting back to work.

One thing is sure, though, I'm the right proud that I got a chance to serve my country if only for a short spell. As I said before, I learned a lot in the army, but I learned too, that the one thing that bothers a man is homesickness.

That's why, now that I'm home, I'm going to set aside a little time each day to drop a line to the boys still in Italy. Maybe there isn't a lot that I can tell them, because I'm not much of a hand at writing, but I know that a letter is mighty happy when he hears his name on mail call.

Someone once said "the pen is mightier than the sword". Maybe he was, and I'm going to try and make it so because it's the least I can do for my buddies.

"And where is Cadet Smith?"
"A.W.O.L."
"What do you mean by that?"
"After women at liquor."

Up and Over the Top

Increasing sales, a friendlier attitude, greater confidence in final victory—these things show in the reports of the rural canvassers of the 6th Victory Loan.

The hard spadework done in earlier campaigns is bearing fruit now; greater prosperity is the reason for the marked improvement in buying, spread of the knowledge of bonds as a safe investment plays its part, but we like to think that much of the credit belongs to the unselfish, organized factor of all of the canvassers of the several bond issues is a growing patriotism and loyalty, a deep and abiding love for the country whose bounties we enjoy.

With every citizen of Canada a bond holder, taking this to part and parcel of the tangible and intangible assets that make a nation, we are building up a unifying influence creating the proper environment for a society yet known. We—the buyers of Dominion bonds—are underwriting the Victory Loan, but only a bulwark of protection in the present crisis, but more, we are assuring her future stability and prosperity.

The sales staff in the Victory Loan campaign of the rural districts would like to put on record their appreciation of the kindly reception they met, almost without home, as they go up and down the land, working for the success of the 6th Victory Loan.

Collectively, we say "Thank you, all."

West Salisbury News

We all wish Mrs. Gray, who has been sick for two weeks, a speedy recovery.

West Salisbury school played Colchester last Friday night. The score was 15-17, was in favor of Colchester.

Mrs. F. Hartman gave her Sunday School class a party at which all the children enjoyed themselves.

Mrs. Ed. Ball entertained a few of her friends.

Mrs. Bisbee returned from her very busy and enjoyable holiday.

Bush and Lloyd Ball visited the former's parents, Mr. and Mrs. Dan Ball.

Mr. and Mrs. Rendell suffered a severe loss when either day or night granary, which was full, caught fire.

We all wish Vera Page a very happy birthday.

Mrs. Jack Ball, with her relatives, celebrated Mr. Ball's 70th birthday. All had a good time.

Mr. and Mrs. Otto Axelsen were visitors at the home of the latter's parents, Mr. and Mrs. Hunter.

Relatives visited at the Jo Ball home, celebrating, before Will goes back to camp.

Gather ye rosebuds while ye may,
For time brings only sorrow.
Girls you might have blond today
May wear gra mantha tomorrow.

Alberta Campaign Committee
April 19th, 1944

A. B. Ring, Esq.,
Secretary-Treasurer,
Red Cross Branch,
Fort Saskatchewan, Alberta

Dear Sir

I wish to congratulate you on the successful job which has been carried by the Fort Saskatchewan Branch in raising funds for the National Appeal of the Red Cross in your district. It is to people like the members of our branches who take a keen interest in this work, that the Red Cross owes its ability to meet the many urgent needs which it is called upon to fill. We did not stress quotas this year relying on our branches to do their utmost to raise the largest amount possible in their district, and the Campaign has met with great success.

I shall be glad if you will convey to the members of your Campaign Committee and the branch our grateful appreciation of the good work which they have done.

Enclosed is official receipt for the sum of $1,112.00 which you forwarded to us on April 19th.

Yours very truly,
John D. Dorrie,
Chairman, Northern Alberta.

Municipal Notes

Forage Crop Seed

Forage crop seed is now available for distribution on 1944. A circular letter has been sent to all who placed a definite order through the office. Please note the instructions. A quantity of seed has been sent to Mr. Ring, Secretary, Fort Saskatchewan, for the benefit of those living in the North-East part of the District.

Fire Permits

In addition to the Reeve and Councillors who are all overthree fire permits, the following have been appointed fire guardians.

R. R. Bartley, North Cooking Lake

Reported Missing

Pat returning Edmonton Journal

AB. George A. Armstrong, son of Mr and Mrs. Guy Armstrong, of Fort Saskatchewan, reported missing on the casualty list following loss of H.M.C.S. Athabaskan in the English Channel, April 29th. He joined the Canadian Navy in June, 1941, was assigned to the Athabaskan before its launching, and had served on that ship continuously since. Previous to enlistment, George worked on his father's farm South of town, after attending Fort High.

C.W.A.C. Ethel H. Armstrong, sister of AB. George Armstrong is taking an officers' training course in Winnipeg.

Ball Game and Dance 24th May Feature

"C" Coy. 2nd Edmonton Regiment and the Fort Women's Institute are staging an open-air tea events May 24th. At 6.30 p.m. in the evening, a baseball game between the Fort and Redwater Creek team and a team from Headquarters Staff, 2nd Edmonton Regiment will battle it out at the Fort Diamond.

At 9.30 p.m. the annual May 24th dance will get underway. Frank Smith's orchestra will supply the music.

Lunch will be served in the Buffet room by the Women's Institute at a nominal charge.

Yorkville School Joins Rural Track Meet

We learn that Yorkville school would like to participate in our Rural Track Meet. Geographically the school is nearer Fort, but we are sure we can have them in the meet. The teacher there is Miss Gerrard, and we are sure she will arrange transportation for her pupils. Let's have a good turnout from Yorkville.

Our school grounds resembled a track meet Wednesday afternoon, when a double header softball competition decided upon Josephburg and Mansfield next week. A Junior team to take our Josephburg team and the Senior team to take on Mansfield. It is the same idea for the Hoge league and the school teams to play our Division III local. Both boys and girls are really getting keen about the games. Better luck next time, Good Hope!

On Friday a six-man team travelled to the Mansfield to test them at volley ball. It was a windy day, and from what we can gather, the wind was a big factor in keeping the ball out of a game. This game has quite a few rules and regulations, a smaller court and lower net—the court to be a regular game for rural schools, since both boys and girls can be equally proficient at it. Any number of players from 4 to 20 per side is possible, and if rules are observed one and all get an opportunity to take a hand. All the same time there is plenty of movement without players suffering unduly from dirt or fatigue.

"A rolling stone gathers no moss", the farmer murmured to himself, as his foot slipped from under him while he was engaged in pointing the roof of his new barn.

Mrs. Lemire, nee Dorothy Pinsey, has successfully passed her final nursing examinations and is now a registered nurse. Graduation ceremonies will be held next week. Her Flying Officer husband is back in England renewing acquaintance with old friends, from whom he has not seen for upwards of two years.

Bernie Pinder is home on leave, and expects to return to the East in two week's time for further technical training.

Denver Mills has now gone their church a thorough spring clean this week and the result is most gratifying.

We have already mentioned the appropriateness of the remark one frequently hears "He or she is such a good sport." We would add, no longer, since an optimistic wild dash to the Wild West, and right on the side of the high-road at my school's front gate. Certainly our pupils hold a reputation for sportsmanship for being good sports, but hang it all, this is carrying the answer a bout to them. Well we'll see what we shall see.

An enterprising and equally optimistic lady intends to open up homebaking in a hollow gate post at one of a farm which used that gateway in the days of the Pioneers. Friends of our readers might be able to supply further justification of the "every dark" opportunity.

Mrs. Lyle, nee Lorna Hannig, and infant daughter are once more domiciled at the home of her parents, Mr. and Mrs. Rudolph Hannig. Her husband has answered his call and will take his place with the armed forces.

Henry wet snow blanketed the district Tuesday, causing untold damage to trees and telephone lines. Several inches of wet snow clung to the limbs of trees, bending the branches to the ground and in many cases splitting the trees from top to bottom.

Telephone and telegraph poles went down under the heavy load of wet snow.

Entertains President

Princess Rebekah Lodge met on Wednesday night in the Lodge room. Sister R. Dawson president of the Rebekah Assembly, Calgary, attended the meeting and gave a brief but by the Institute. interesting talk.

The Quilt committee reported net proceeds on the quilt, raffled last week, and won by Mrs. Clift of town of Partridge Hill, were $30.50, which is to be donated to the Red Cross Society at the next meeting.

The meeting closed with a delightful lunch.

Local Red Cross Need Willing Workers

The Local Branch of the Canadian Red Cross is in need of more workers. The out-put of knitting and sewing must be increased to keep up with the demand. Anyone wishing to help will please call O'Brien Watt's on the first and third Thursday of each month.

The Local branch wishes to ask workingin a large quilt and three sleeping suits donated by the York-ton U.F.W.A.

The Red Cross Blood Bank, located in McDougal Church Building, Edmonton, is appealing for more donors. Anyone who can possibly help is urged to do so.

Monday from 9 a.m. to 1 p.m., for men only.

Tuesday from 9 a.m. to 1 p.m., for women only.

Thursday evening from 6 o'clock, for both men and women.

Age limit from 18 to 60 years.

Women's Institute Entertain Mothers and Wives

Mothers and wives of servicemen of the Fort district were guests of honor of the Women's Institute at their regular meeting, Wednesday afternoon.

About a thirty-five members were given a brief account of the workings and difficulties experienced by the Women's Comfort and Daily Food committees in their effort to provide parcels to those in the forces from the district.

Several visitors interested in the work of these committees offered warm materials for parcels. Those donations were greatly appreciated by the Institute.

It was decided to serve lunch at a nominal charge, at the dance on the 24th The Institute will co-sponsor the event with "C" Coy 2nd Edmonton Regiment.

Light refreshments brought a most pleasant afternoon to a close.

Buy Victory Bonds.

Franklin Groups Combine to Hold Sunday Picnic

The Bay Scouts, under Patrol Leader Jim Grimsby, met at Newman Swoopy's corner on Sunday last, at 11 a.m. An hour passed unnoticed in an absorbing drill in transmitting Morse messages by means of sun flashes.

On the same day, but at 2 p.m., the Girl Guides met at the home of Mrs. Griffin, where good progress was made in the various tests leading to Tenderfoot and Second Class badges. The next meeting is to be held on Sunday, May 21st, when Guides and Scouts will combine in a picnic which, besides its usual charm, will also provide training in fire-lighting and in preparing, cooking and serving meals. Oh, yes, and in eating it.

We welcome to Bench Cooking Lake Mr and Mrs. Mould and their three children, Bob, Maurice and Dorothy May, who have taken up Franklin school ten. With practise, Bob and Maurice will strengthen our softball team.

The eagerly anticipated softball match between Fullerrude and Franklin schools was favored with a fine afternoon last Thursday Franklin calling an easy "outsider." Art Fullerrude, one of the best all-round players, was able to win by the decisive score of 13-4. The return visit to Fullerrude school, which will be arranged shortly, will undoubtedly find the latter team bent on repayment "in full measure."

Stoney Creek, too, has a softball team and will worthy of very considerable admiration. Times players visited Lamont with them Wednesday and scored a proved victory over Mother Goose and Daisy Fresh combination by the handy total of 27 runs, the players from Stoney Creek were even busier for they scored an amazing 32. What a busy time the mosquitoes must have had.

Now these two teams, Franklin and Stoney Creek, flushed with victory, are eager to meet in a game to decide which is the victor of victors. We hope to be able to report before long that a meeting has been arranged.

We are glad to learn that Mr. Sim is to be the head constable this year. He will "fill" the position completely

STRAIT IS THE GATE . .

Rev. Elliott R. Birdsall, B.A.

This world is more intricate and more delicately balanced than the best time-piece ever made. A watch with well-matched balance wheel and other compensated parts is as nothing in comparison to this wonderful world in which, for so-many, two principles, seemingly at odds with together. The first is that the conduct of the individual person matters everything, and the second is that it matters very little it matters everything in that it depends the final fate of his soul which, from God's point of view, is worth more than any star in the sky it matters little in that the world will go on much the same regardless of what any individual does. A man may make many changes in the world, but, whether those changes proceed from an evil or a loving heart, the essential meaning of the world remains the same We may accomplish heavenless tasks but it is still the same kind of world.

At first this may seem like a great evil, but more mature reflection will show that it is really a blessing. Would it do that any individual should have power to change the face of world this is? If he had what would happen to the rest of us who are so made that it is in the kind of world that we may (or may not) become sons of God.

None have seen this unchangeable nature of the world more clearly than the evil-minded They say "In the long run it will make no difference whether I do it or not. If I do not do it someone else will I might as well have the profit out of it as the next one."

Bush a man has forgotten his own words. He has forgotten that his worth to himself can never be bought or sold for there is nothing equal to it in exchange value. He has forgotten how to endure the hell of living with a worthless, contemptible self "Forsake the world because of selfishness For, it kept needs be that offences come; but woe to that man by whom the offence cometh."

Furthermore he has forgotten that he has a world to God,—that God is more concerned that he should become a real person than ever a human parent could be. He has forgotten that it is tragic pain at the very heart of God whenever any man or woman refuses to respond to His affection. Lost his chargrin he has grown for him to hear, however, let us hasten to remind him that there is more joy in the heart of the Father over one that repenteth than over ninety and nine that need no repentance.

"Whelan, do you have any stock left?"

"Not at the moment, sir, but if you wish a few minutes, that gentleman in the corner will be needing his book."

Send in the news regularly.

HOW BBC SHORTWAVES GET HERE

The illustration symbolizes graphically the mysterious "ionosphere", or Heaviside layer, at two different heights, and the course taken by shortwaves on their way from Britain to Canada. Irregularities in the ionosphere are among the chief causes of overseas reception. Now BBC shortwave receiving stations at Dorchester, S.E., and Hornby, Ont., are expected to improve overseas reception considerably.

Poison Gophers Now

Farmers of Alberta suffer heavy losses each year from damage by the common gopher Although most farmers recognize this and take steps to avoid loss, many fail to use gopher poison at all, or use it too late for best results.

Gophers should be poisoned in April or as all possible Whether a prepared poison or a home-made formula is used it should be made use of now for best results Gophers have recently emerged from their winter quarters, and within a month each female will have a family of six or eight offspring. If poisoning is delayed until that time much more control work will be required

It will be found that gophers take poisoned grain much more readily now than later when more green vegetation is available. If some to save both time and money, the wise farmer will commence control operations without delay!

—V—

Moderate Speed Best For Operation of One-way Disc

High speed operation of the one-way disc is costly. According to J Hoogsteen Smith, Professor of Agricultural Engineering at the University of Alberta, operation at a speed faster that 5 miles per hour increases the cost per acre out of proportion to the increased acreage per hour.

When operated from 2½ to 4 miles per hour the one-way disc requires less power per acre than any other tillage machine. At 5½ miles per hour the land may be unevenly worked unless breakages to the disc. High speed pulverizes the soil and destroys the trash cover, so that soil drifting becomes a direct hazard.

Tractors should be balanced with one-way disc of sufficient width to load the tractor efficiently at the proper speed.

World of Wheat

by
E. C. L. Sheppy

SUMMERFALLOW EARLY

Yield per acre is as a rule is strict proportion to the moisture which is contained in the soil and which is available for plant growth. Our people have on files the moisture sponge that holds the rainfall until growing plants require it. It is most important, therefore, that farmers should try to conserve to the soil every precious drop of rain that falls.

Good rains usually come in May and early June. Summerfallowing, therefore, should be done early; if possible the very instant that moving of the present crop is finished, all so that these early rains can be conserved in the soil and so be available for the crop to be sown in the spring of 1945. If the land can be summerfallowed during May then more rainfall will be received and as a higher yield will eventually be harvested.

Whenever the land is disturbed by ploughing, discing or cultivating, some moisture moisture is lost by evaporation, yet weeds must be killed for weeds are the no moisture. Cultivation of the land is to kill weeds should then be done as shallow as possible and as seldom as possible so that the least amount of moisture will be lost by evaporation.

How Weed Seeds Are Distributed

How weeds are introduced on farms with imperfectly cleaned cereal, clover or other commercial seeds and with commercial feeding stuffs which often contain vital weed seeds states the National Weed Committee. They are spread from district to district through various transportation facilities. Are disseminated within a locality in stable manure from horses and cows and are distributed from farm to farm through threshing machines and from field to field by farm implements. The wind carries weed seeds long distances, not only in summer but with drifting soil also over the snow in winter. Streams distribute them along their courses. They are spread by herbivorous animals and feed feeding birds, through the stomachs of which the seeds pass undigested, or the seeds attach themselves by special contrivances, such as barbed and hooked hairs and spines to passing animals. They are often carried by the boots and clothes of men.

East Edmonton Honor Spring Show Winners

This is the place to give the farmers of the future their meed of recognition, and the thirteen youngsters, ranging from age eleven to eighteen, who raised, groomed and exhibited their dairy calf livestock at the Edmonton Spring Show, merit a word of praise for the excellence of their entries They took home with them five substantial cash awards. In addition to other prizes to be handed out more important to these dairy men of tomorrow was a pride in their work, an awareness of the importance of agriculture in Canada's national economy.

Those were the prize winners; Robert Diamond of Salisbury, first, Mary Pinard, Waterdown, second, Della Davidson, Beverly, third, George William Cobb, East Edmonton, fourth, Donald Wilson, Beverly, fifth. Good work boys and girls!

N E W

Miss Betty Franks has arrived from Prince Rupert to be the guest of her aunt, Mrs. Margaret Hall.

N E W

During adjournment on the 22nd Line, two new families are becoming residents of East Edmonton. They are Mr. and Mrs. H. J. Fraser, and Mr. and Mrs. J. Alexander and family, the latter recently removed here from Westlock, Alberta.

N E W

The Masonic Temple in Edmonton provided the setting for an evening party on April 29th, at which Mr. and Mrs. George Cobb celebrated their 33rd wedding anniversary. Dancing, games and refreshments combined to make it a memorable event, also present with Mr. and Mrs. Tom Reid of Salisbury, who at the same occasion celebrated his 70th birthday.

N E W

Mr. James Anderson has received a position with the Imperial Oil Company, taking over the new duties on the Fleet of Mr. Ivan Cobb. Mr. Anderson are not thereby becoming city residents, but will continue to occupy their home on the 22nd Line.

N E W

At the Edmonton Spring Horse Show, George Cobb purchased the champion Yorkshire sow, and reports that sold with her were a litter with a number of litter of 13 baby.

N E W

A good lively party, it was voted—the shindig at the East Edmonton Community Hall on Friday, May 5th—when the orchestra, the Salisbury Melody Makers provided music for dancing. Those present were; Mr. and Mrs. Reid, and the celebrated Miss Bobby Sampson engaged in the lively tempos and vigorous whirl of the dance.

The dance followed a whist tournament at which 17 tables played. The prize winners were; Ladies' first, Mrs. Reid; second, Mrs. Anderson; consolation, Mrs Nora Melsaac; Men's first, Mr. Robert Briggs; consolation, Mr. Stewart.

Raffle tickets on a number basket donated by the Willing Workers club were sold previously and during the evening. Mrs. Cecil Chandler held the winning ticket.

Proceeds above expenses will go to the Red Cross Fund, and the success of the party, is remunerated value as well as financially, seems to justify a repeat performance in the near future.

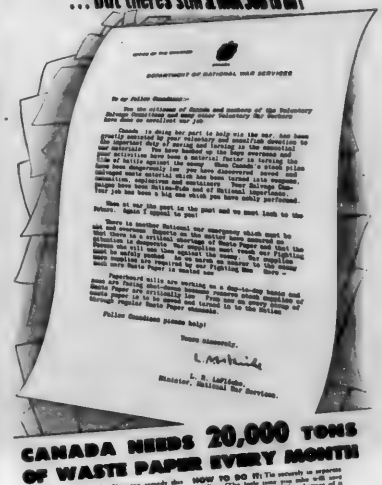
THANK YOU CANADA

. . . but there's still a WAR JOB to do!



CANADA NEEDS 20,000 TONS OF WASTE PAPER EVERY MONTH

WHAT IS WANTED: You can remedy the critical paper shortage by saving every scrap of waste paper—boards, cartons, wrapping paper—most bags—cardboard—corrugated cardboard boxes—paper bags—book—envelopes and paper—newspapers—magazines—and turning your essential for making vitally needed Paper commodities.

HOW TO DO IT: The necessity is apparent to you. The help needed is within your own homes. The help must come from the efforts of thousands of your homes. If you agree I commit thousands of your local voluntary Salvage Corps, or with other War Voluntary Organizations, my part is through my Local Leader to help in the collection of waste paper. The only thing is to get your Waste Paper moving in the mails.

Mrs. Geo. Lawrence Passes Away

It was a stunning blow to Fort. Rev. Bill community when the sad news received that Mrs. George Lawrence, formerly Lillie Smith of Smith, had died in the early morning of Wednesday, May 3rd.

Mrs. Lawrence was widely known and loved both in the community where she spent so much of her life and also in the city where she made her home, but it will long be a sorrowful memory for her. Her cheerful disposition, her kindness, Mrs. J. W. Attwood, Mrs. Violet Lawrence, Mrs. Cecil Elliott, Mrs. H. T. Howard, and her brother, Bruce.

The funeral service was held at 2 p.m. on Saturday, May 6th, in the United Church, Fort Saskatchewan, Rev. R. Wingfield officiating.

Pallbearers were: Messrs. William Gibbons, Frank and Ed Kolish, George Lawrence, Jr., Bruce Lawrence and Wilmot Allen.

There were beautiful floral tributes from: Husband and children; Sisters and brothers, Robie and Ralph, Jean, Verna and Ethel, Mr. and Mrs. Gordon, Joyce, Burnice, Dorothy and Evelyn; Aunt Lizzie, Uncle Willie and Beatrice; Aunt Victoria, Uncle Joe, Wilmot and Lilah, Frank and Gloria, Dorcas and Norman, Mr. and Mrs. Lawrence Lawrence; Vivi and Mary and family; Mary, Ernie, and family; Harry and Georgina, Mr. and Mrs. Arnold and Bessie, Tom, Harvey and Rose; Mr. and Mrs. Charlie Thomas and family; Mr. and Mrs. Charlie Thomas and Minnie and Ruth; Mr. and Mrs. Ed Kolish and family; Mr. and Mrs. Ed Kolish and family; Carl, Elsie and family; Lorna, Roberta and Ted Boys; Mr. and Mrs. Ed Kolish and family; Mr. and Mrs. Ed Kolish and family; Mr. and Mrs. Ed Kolish and family

Ardrossan War Guild Receive Letters From Men in Forces

The War Service Guild have received letters from nearly all of the boys overseas saying they have received their Christmas parcels in good order. It is nice to know they got them in good condition.

The War Service Guild met in the Red Cross Rooms on $60.35, which was collected by Mrs. J. Walsh and Mrs. H. D. Booth, during the Red Cross Drive.

The War Service Guild met at the home of Mrs. J. Morton for their monthly meeting, when three new members were enrolled. The Guild is pleased to have so many joining and helping along the good work. Mrs. Morton's mother was a visitor for the day.

Neighbors and friends of Mrs. A. McKenzie gathered at her home on Saturday evening, on a surprise, and gave her a pantry shower. We all hope he will not have to be laid up long, for the poor man went to the city to get something to take with, he knew he had to have some sort of "shutting" and some baking powder for "shake" but he and Mrs. Mac when he arrived home he hadn't any flour.

The Y.P.S. of Ardrossan, and a number of their friends from the city and spring a surprise on their Conference, on his 21st birthday. They report having a wonderful time, when they presented Bob with a Waterman's pen and pencil set.

Miss Jean Rigbet of Edmonton, was a week-end visitor at the home of Miss Jean Hanlon.

The young people's society enjoyed out to Gordon Gilbert's home at Bonnieville for a weiner roast, recently.

The C.G.I.T. went for a hike on Saturday, to the home of Mr. and Mrs. Olson. They report having a good time.

We are sorry to report that Mrs. A. Gillies is very sick with the flu, and hope she will soon be well again.

St. Mark's Church South Cooking Lake Opens for Summer

St. Mark's Church at South Cooking Lake re-opened on Sunday afternoon last for the first of it's four-nightly summer services. Mr Ernest Mix, of Edmonton, is the student minister. Because of the brief notice, his coming was not generally known, but those who were present are grateful to Mr. Mix for his thoughtful Mother's Day message. We take this opportunity of expressing publicly our gratitude and our hearty welcome.

These services are to be held on the second and fourth Sundays of each month throughout the summer. We invite all residents and visitors to share with us this happy privilege of meeting together under the ministry of Mr. Mix. It is a privilege especially priceless in these days, when our hearts are full for our boys now coming to deadly grips with the evil bestial hosts of Germany and Japan.

Mr. and Mrs. Murdoch, of South Cooking Lake, announce the engagement of their daughter Constance Ann, to Miss Sandra Dahlman of New Sarepta. The wedding is to take place on the 3rd of June at Leduc, Alberta. All the best of luck to the two who will start life together soon.

Fullmarsh District Goes Over Top in Victory Loan

A Health Lecture, sponsored by the Provincial Govt., with lantern slides, was given here last Wednesday evening at the Fullmarsh Community Hall, but owing to the storm, only a few braved the elements to attend. But I have been informed that the lectures will be given again on the 25th of the month.

Last Wednesday's snow storm was sure a blessing to this district. Very little damage was done to the trees. Thursday morning the district was one vast fairy land. Those folks who were lucky enough to have a camera and film took advantage of the occasion.

Sgt. A. Reynolds, of the R.C.A.F., was home on furlough. He looked well and fit with two ribbons up. Good for you Arnold. Glad to see you back with us again.

The Victory Loan campaign for this district closed well over the quota, in fact doubled their first best loan. You can have a good year now Mrs. Long with the comforting thought of a job well done.

Mrs. Reinhardt and daughter Marjorie, of Toronto, are visiting the former's sister, Mrs. Ray Towns.

DEPARTMENT OF MUNITIONS AND SUPPLY

West Salisbury News

A large crowd attended West Salisbury Church anniversary service recently.

On Monday evening, the Ladies Aid sponsored an anniversary supper which was enjoyed by many. The concert, arranged by Miss Betty Sim, was the highlight of the evening, and united the participants thanks for their efforts.

Mr. and Mrs. Alf Gibson and family, of Oliver, were visitors at the home of Mr. and Mrs. James Simmons recently.

Mr. and Mrs. George Bell, of Edmonton, were visitors at the farm this week.

Mrs. Reinhardt and daughter Marjorie, of Toronto, are visiting the former's sister, Mrs. Ray Towns.

Hill Creek District Welcome New Minister

The monthly meeting of the Hill Creek Red Cross Branch was held on Thursday evening, at the home of Mrs. H. Marsh.

Those present were: Mrs. Gus Briggs, Mrs. G. Miller, Mrs. E. Schelling, Mrs. E. Fulcher, Miss Ina Bolton, Mrs. H. Marsh and Mrs. L. Sohn.

The Hewerton Congregation welcomed Rev. and Mrs. Kranding on Sunday evening. Rev. Kranding has come from Calgary to take up his duties as minister in the Hewerton congregation.

Innoculation Advisable With Introduction Of New Legumes

Early experiments demonstrated that only legumes such as alfalfa, clovers, peas and beans can utilize the free nitrogen of the atmosphere. In many cases, where the physical and chemical conditions of the soil are good, the ordinary legume nitrogen fixing bacteria are already present in the soil. This is generally true where a particular legume has been grown in the district for some time. Different legumes, however, require different strains of bacteria and when a new legume is being introduced it is advisable to inoculate either the soil or seed with bacteria suitable for that legume.

Beerust (trying on new uniform and equipment). "Everything fits like a glove."

Quartermaster: "To gosh, you must be deformed.

East Edmonton Notes

Completing a circumpass five year course at the University of Alberta, Miss Lora Fairbrag graduates this spring with the degree of B.Sc. in Home Economics. She is looking forward to practical use—which may be a career with the Victorian Order of Nurses—Lora plans to take over home duties on the farm, in order that her mother, Mrs. Otto Fairbrag, may have the services of a few months holiday in B.C. and Washington, U.S.A.

On the way to Calgary, Alberta, to drill for the Imperial Oil Company, who are prospecting a new oil field in the north land, Mr. Arthur Bishop and his son Alvin, of Turner Valley, enjoyed a week's holiday as guests of Mrs. J. Bishop and other relatives in the neighborhood.

Congratulations to Miss Grace Hopps, B.Sc., who for three consecutive years at the University, has obtained the highest standing for General Proficiency in her studies. Miss Hopps who has her final year to take before acquiring a degree in science, has decided to take a short course out that will take her for a field into homemakers service for which her training has eminently fitted her.

The Community takes this opportunity to extend greetings and good wishes to Mr. and Mrs. Stanley E. Taylor on the occasion of their twenty-fifth wedding anniversary, which will be celebrated Monday, May 22nd.

We're All In The Same Boat

Many hours are heard that "Improvements to the roads about town will increase taxes," say a number of citizens. But remember, "you can not have your cake and eat it."

Moisture Conditions

Some of those interested in crop production in Alberta have expressed concern about the lack of moisture at this season of the year.

Although ample moisture at the time of grain seeding is very desirable it does not follow that good crops necessarily result. The spring of 1936 was ideal when planting, but the hot dry summer caused one of the lowest yielding crops recorded. A dry soil at planting time was experienced in 1942, but good growing conditions later in the year resulted in excellent yields.

Out of the Past

Wednesday, May 20th, 1931

Late last Wednesday night fire broke out in the automobile and implement shops of James Graham, completely destroying everything.

The Fort baseball team journeyed to Bruderheim on Thursday, May 14th, and played an exhibition game with the Bruderheim team. The game was called in the 7th inning on account of darkness, the score 6-4.

The Ladies' Aid held a very enjoyable afternoon bridge on Thursday, May 14th. Prizes went to Mrs. G. Mohr (first) and Mrs. E. Taylor (consolation).

● The need is desperate! To help Canada meet the critical shortage, not a scrap of wanted paper should be burned or thrown away!

WHAT IS WANTED

You can remedy this critical paper shortage by saving and baling all waste paper. Newspapers, magazines, paper cartons, paper bags, wrapping paper, cardboard, old paper containers and waterproof containers. Tie in bundles and keep dry.

HOW TO DO IT

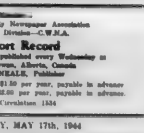
The easiest way to secure the waste paper is to contact your local Salvage Committee. Ask them to arrange for collection. Or, if you prefer, deliver it to the nearest collection depot.

Is there any local salvage committee or collection depot? Ask your local War Information Office, Post Office, Municipal Office, Chamber of Commerce, Boy Scout Office, Collection Depot or others. They will tell you where to go to get your waste paper ready for the mills.

Is there paper lying around your home, office, factory, store or farm? Get in touch with your local salvage committee or collection depot. Help to get your waste paper moving to the mills.

Do Your Part! Salvage every Scrap of Paper you can!

DEPARTMENT OF NATIONAL WAR SERVICES



A WEEKLY EDITOR LOOKS AT Ottawa

Written weekly for the weekly newspapers of Canada

Information comes to my desk designed to keep Canadian people informed on doings on both the war and home fronts and it was with a great deal of interest that I got my hands on some absorbing data in connection with Canadian agriculture compiled by Frank Shefrin and J. C. Gilson, economists in the Dominion Department of Agriculture

Statistics are sometimes dry material so I'm sort of chewing the stuff up for easy reading digest. You may be interested in some of the figures, so I was.

One compelling item caught my attention, and that was that in 1871 eight or ten people lived on farms in small communities in the farming districts, but today that figure is only five out of ten. So, somewhere over half the people of this Canada of ours were needed to help produce the stuff which feeds us, while today it only takes one-quarter of the population to do it. Mechanization, higher yielding varieties of seed, better producing cows, hens that lay more eggs per year have something to do with that, of course.

But don't get the idea that the farmer's proportion has waned, because War brings him into the limelight more than ever. Our armed forces couldn't move forward toward Berlin and victory without food supplies, and rationing has further awakened us to the importance of the man piloting the plow, and stirring millions throughout this beleaguered world out to him for assistance.

Yet, taking the economic aspect what's happening? In 1926, for example, our agricultural production was 41 per cent of the net value of all production in Canada; in 1939 it had dropped to 26 per cent, but in its relationship to the rest maybe has gone further down due to the expansion of factory production in war material. Just after the First Great War, in 1919, our agriculture constituted nearly 23 per cent of the national income. In 1942, after three years of war, only 15 per cent of the income originated from agriculture, but, of course, by far more than 1919 in dollars and cents. But don't get a gloomy picture because we'll shoot brighter figures at you. At confederation time, 1867, we had only a little over a million milk cows on farms, but at 1941 and this number reached over 4,000,000. We have today 3,500,000 hogs on farms, about seven times as many as in 1881.

Farming has changed in Canada. No doubt about that. The size of farms is increasing, in all provinces except Quebec. With the opening up of land for settlers the fairly standard unit was 160 acres in the west, 100 in the east, on the average. Today the average size of farms in Alberta and Saskatchewan is 435 acres. For Canada as a whole the average farm size went from 136 acres in 1921 to 238 acres in 1941. It is easily understood for the west anyway, where extensive wheat acreage has become the accepted thing and then taking into consideration that production is becoming increasingly popular.

There are undoubtedly more large farms, fewer smaller ones today and figures prove that. In 1921, only 12 per cent of Canadian farms were 260 or more acres, but in 1941 almost 32 per cent of the total of 732,716 farms were that big. In 1921 there were almost 140,000 farms under 50 acres but twenty years later that number had declined to 116,000.

There is one thing notable about farming in Canada and that is the increase—definite one—in those who are turning to other lines to augment the more usual revenue from growing of grains. Twenty years ago the Canadian farmer depended more on the sales of grains, seed and hay for his cash incomes then he does now. Records of cash income for 1926, however, show this: for every $100 cash he acquired from sales of farm products, $32 accrued from the sale of grains, seed and hay, $61 from livestock and only $19 from the sale of dairy products. At contrast we jump to figures for 1942 which tell us that for every hundred dollars only $21.85 came from sales of grains, seed and hay, while $33 was derived from livestock and dairy products brought him $51. Quite a change which reflects a new deal for agriculture—resulting from his own efforts.

LiCpl. Vera Gray was home on from Calgary.

Sgt Martin Denman, a nephew of Sunnard Bros., is reported to have had a hand in the raiding of [illegible]. He is stationed somewhere in [illegible].

We hear that Flying Officer Dick Higbie is engaged to be married, wedding to take place sometime in June. We all wish you the very best Dick.

A good crowd turned out for the Mother's day service at our church, last Sunday morning.

Franklin District News

The Girl Guides of Franklin held another Whist Drive and Dance on Friday evening last at the Community Hall, but, owing to the late hour when the company at last gathered, the card games were discarded, and the more musical half of the programme began. In spite of the fine evening with its outdoor attractions a goodly number were present—more indeed than were expected. The proceeds, amounting to $7.15, go to finance the Guides in their activities. The gratitude of the girls is here expressed to the mothers who provided the lunch, to Blanche Norman, Norma Young and Jim Grimsdby for the music, and to the public for kind support.

The Lake and its beaches, like the trees and meadows, are coming to life after their winter silence. Colors were bright in the water and on the sands under last Sunday's radiant sun, and the lake seemed to shimmer with rejoicing to welcome its visitors.

Recruit (discovering a wasp in his soup). "Hey, what's this?"

Local News

Mrs. Murray Gibson, of Edmonton, is visiting with Mr and Mrs. A. H. Gibson.

Mrs. A. H. Rogers, of Edmonton, and a former resident of Fort Saskatchewan, was among the Northern Alberta Division Mary League delegates at the second meeting held at Carvenville. Inn., Louisville, Kentucky, recently. Wide in the East. Mrs. Rogers visited St. John's, Baddeck, and a week with her son Jack, at Moncton.

Miss Esther Johnson, of Holden Depot Rest Staff, spent a recent week-end with her home.

Sacred Life Assembly will be observed at all United Church congregations on the Fort Saskatchewan charge next Sunday, May 21st.

Born to Pte. Lund, and Mrs. A. J. O'Donohue (nee Astrid Butler) St. Paul's Hospital, Vancouver, May 4, a son, Michael Dennis.

Mr. and Mrs. Morris Byers announced the funeral of the latter's mother, Mrs. Margaret Elizabeth Carbo, of Dupstead, Alberta, Wednesday.

Cost of Living Bonus In Basic Wage Rates

The National War Labour Board stated today that information received from representative employers of labour in all parts of Canada indicates that the Cost of Living Bonus is now being paid to approximately 1,250,000 employees in Canada, and that the total amount paid to these employees is now in excess of $2,000,000 per week.

The Board points out that all employers subject to the Wartime Wages Control Order were required, commencing with the first payroll period on or after October 15 last, to establish a new wage rate inclusive of the cost of living bonus previously paid.

The Board further explains that all employers subject to the Order were notified from the provisions of the Wartime Wages Control Order were required to pay a cost of living bonus of the pay roll week commencing with the first payroll period on or after August 15, 1942 to adult male employees and other employees earning $25.00 or more a week and 5.0% of the weekly wage rate to male minors and female employees receiving less than $25.00 a week; and that beginning with the first payroll period on or after November 15, 1943, it became obligatory for employers to increase this bonus to 8% a week or 8.0% of the weekly wage rate.

/ Blitz Cat Deserts Sea for Sleuth

"Blitzer," fellow habitue of Liverpool's docks, entered veteran of Lofoten's convoys and ship's mascot is pictured above with her new-found master, Sergeant Bailey of the Canadian R. W. Bailey of the Canadian Provost Corps, Council of Saint John, N.B.

"Blitzer" has had a remarkable career which commenced in her kittenish, Old Country days.

For some unknown reason the dock-laved cats of Liverpool used to run for the ships when boats started sailing. "Blitzer" joined the mad, furry scramble one night, but didn't quite make it. A flying piece of shrapnel struck her and she was seriously wounded. Some time later she was found. They took her to the ship's owner who re-named the shrapnel-scarred victim "the wound. The crew adopted the cat and she became

pained them as a voyage to Canada where she promptly deserted. Her latest turned up in the C.P.R.'s maritime dock police office where Sergeant Bailey found her comfortably asleep in a chair.

Her sea-faring days over, "Blitzer" is now doing her share of police work, for according to Sgt. Bailey, the cat gravely lets prisoners, search and other belongings when he is out of the office and won't let anyone touch them. The two have become such fast friends that whenever the Sergeant travels between maritime ports and Montreal he takes "Blitzer" along in a specially-made box.

Sgt. Bailey has been with the Canadian Provost since 1941 when he volunteered service as a constable, serving his promotion to sergeant in 1917.

Town of Fort Saskatchewan
Public Holiday
WEDNESDAY, MAY 24

TAKE NOTICE that Wednesday, May 24th, will by resolution of the Council of the Town of Fort Saskatchewan, and all places of business within the Town who are liable to Municipal Taxation are required to keep closed throughout that day.

By order of
THE MAYOR and COUNCIL.

Josephburg Residents Welcome Stork

We told that we wanted it and we got it. Somewhere between ten and ten inches of it, good solid stuff, 10 to 20 per-cent water and every drop of it entering the ground where it fell. Some damage to tree plantations reported and the frost when followed has set the thaw back somewhere, but the damage for practical purposes is grief. Seeds for a time were difficult, to put it mildly, but these things are only sent to try us.

Needless to say various interested parties are rejoicing and the board but postponement is need not spoil conditions.

The Josephburg Reformed Church Red Cross met on May 3rd, at the home of Mrs. Leopold Thomas, in the Fort, but the state of the roads made this impossible.

"Mother's Day" was fittingly commemorated in the local Cenotaph Assembly Hall, given to history on the origination of our world-wide idea of any such. A short and small interview we are enabled to pay back part of our debt to this noble soul, as follows:

Our own friend Mrs. Mosquito, is labouring at home his fields and we may charity expect to hear the whole extent of his labour in spring. It is to be regretted that a calling cannot be found upon which mosquitoes and can exist on dentistry. As an earnest student of Biology, we are most anxious to discover the anatomic value, if any, of the insect. As a human being, susceptible to their attentions, we have never seen him in the act of wounded bids to feed they are really under anaesthetic. Quite likely however other denizens of our world wonder what can we human beings do. We're all in the same boat at 45 ft.

Dr. Scott Shaw
In Alberta it was Mabel.
In Melilla her name was Flo.
Clement, in Quebec
Is all Fluffy, a wee Rose.
Down in Texas it was Jane.
But on his work's supreme chart,
It was "Hands and Goodbye."

The theme song of the Parachute Corps: "I don't mean a thing, if you don't pull that string."

Whitewood Students Entertain Visitor

On Saturday last, one of our high school students entertained for a special friend. The guest of honor being Leslie Krause, of Ladner High School.

Those present were; Lilla Schiewe, Elizabeth and Marion Krupa, Alice Wade, Montrose and Larry, Erma Sparkman and Clifford and Gordon Ashby, Leon Krupa, Stanley Stewart, Wilbur and Eddie Schiewe and Terry and Bill Ashby.

A nice time was enjoyed by all.

On Sunday night Viola Riller entertained Alice Wade, Montrose and Larry and Erma Sparkman, at supper.

Some energetic practising was done on Sunday afternoon by the softball boys. A few more practices and they'll challenge anyone for Ellwells time. It was not.

The girls of the district are also planning to organize a ball team if they were successful other years, so come on girls, we can if we labour and we can do it again.

Don't forget ball practice Friday night kids, and the ball game against Ellerslie on Sunday

Donnie Sandercock is home after working in Edmonton for the past few months.

"Meet or Week but Home is Best", so they say.

Mr. and Mrs. Robert Bennett and Gary of Cooking Lake, were visitors of the district on Sunday.

"Know how a man was found? Well, a Saskatchewan dropped two-bits down a gopher hole."

Keep Cattle Away From Poisonous Plants

Every year, reports are received of losses of stock from weed poisoning. Poisonous plants usually begin to grow early in the spring, before succulent forage before cultivated crops are available. Hungry stock may be tempted to eat these plants before good forage begins to furnish.

Hungry stock, or animals in poor condition, sometimes eat poisonous plants when they are turned on to fields or ranges where poisonous weeds are known to exist. Pastures that have been grazed too closely are sometimes dangerous, since the animals may be forced to eat forage that under normal conditions they would not touch. Weed infested droughty may be dangerous after the rest of the pasture, or stock kept from such pastures until the dangerous periods are past.

Stock should be allowed free access to salt. It satisfies the craving for a condition present of the mineral a person or animal requires and when salt and plenty of water is also there would not be consumed if the opposite were normal.

Bulletin "Plants Poisonous to Live Stock" may be obtained on request from the Extension Service, Department of Agriculture, Edmonton.

RADIO GRAMS
by Jim Allard
The world's foremost singers of western melodies, in the well-curved voices of Gene Autry, Roy Rogers, Tex Ritter, Bob Wills and Ernest Tubb, famed cowboy troubadours of radio and screen, now heard regularly over CJCA. Each day these eight men are true musicians who sing, play and love every type of music. And, believe it or not, these musical knights of the saddle often gather in the studio unbeknown to Eaton with rapt attention to the recorded works of Brahms, Liszt and Tchaikowsky. Hear the Texas Rangers over CJCA Friday nights at 9.30, and watch this column each week for stories of interest about each member of this famed group
Start Kenny and his western gentlemen—pride of Canada's entertainment world—are still "Wyoming Paradise" Mondays and Fridays at 6.00 p.m. At the end of this year the Kenny show drew over 30,000 spotlight mites will have entertained every radio listener in Canada. Kenny is Canadaand for the third time will have travelled from Halifax Vancouver. It's a great job—well done—and The' Canada's Armed Forces have had the biggest break of the year. Kenny

Lucas District Raise Money For Overseas Smokes

A dance was held at Usona school on May 12, and another on the boys' overseas. A joyous time was had by all and $16.00 was collected. Sponsors were Mrs. Todd, Mrs. Shorburne and M. Hopper

Duncan Bowen has quite refused to work in a city parking plant.

We were glad to see Mrs. Chary out again the other day after a long and tedious spell of the flu.

Yes, W. Swatosuk was home on leave from B.C. a short while ago, and was a visitor at the home of his uncle Mike and his friends the Hopper family.

Pte. P. Todd was home on leave from Calgary visiting his father and sisters, recently.

Pte. H. Morrell was home on his regular two weeks leave last week.

Pte. F. Gagnon was visiting his brother, C. H. Gagnon, a short time ago.

Mr. Angus Faulkner, of Elnorlie, is visiting with his parents for a few days.

Reading is well under way in the district, some farmers say they are almost finished.

Franklin Residents Enjoy Whist Party

A monthly whist party has resumed the winter's fortnightly gatherings. The first of these was held on Saturday last at the Griffin home. The company was large for these long, light evenings. Mr Ernest Nix, our student member, took advantage of this favourable opportunity to meet the friends of St Mark's Dakota pressed them. Mr and Mrs. Baumgarten, Mr Cohen, Mr and Mrs. Caudell, Mr Grassedy, Mr and Mrs. Horace Harking and Berths, Mr and Mrs. F Leach, Mr and Mrs Nestover and Elvin

At the end of twelve hands the winners were Mrs. Griffin and Mr. Ellis, while the pair who took the "low" card were Mr Caudell and W. L. Griffin, who played a lodbed hand. These were presented with suitable prizes, supplied by Mr. Cohen.

After lunch, provided by the ladies, an animated discussion was opened on national issues immediately interest. This was so absorbing that the customary collection for the Red Cross would have been overlooked but for Mr Nestoover, who brought to to our senses. The collection, taken up by Mr. Cohen, was $8.65.

Then the rains came. Perhaps the animated discussion caused some disturbances of the upper regions. Who knows? Considering the downpour followed immediately and was heavy enough to dampen and cool off the debaters before they reached home and sleep.

The Health Films that were to be shown at Franklin Hall on Tuesday, the 16th, by Messrs. Cook and Percy, did not appear on the screen that evening, for at 8 o'clock only a few boys and girls had assembled. A light rain, followed by threatening grey skies, was greatly responsible for the poor gathering. However, the disappointment will be but short-lived, for the lecturers have promised to return soon to present their films at the school at the latter part of next afternoon. It is expected there will be a rally of parents and friends to augment the boy-and-girl audience. The date and hour will be announced in good time.

Interesting notes come from somewhere in England. Gunner Dan Prescott is to be married soon. All my know of the lady is that her name is Marie, but that in full only. Big much. We should all like to be there to wish Dan and his bride every happiness.

Aircraftsman Bob Prescott has been home for a short leave and has returned to his station.

Pte. Ray Bell, with Mrs. Ray and their two children, is enjoying a home leave with his parents, Mr. and Mrs. Robert Bell.

Gunner Sympathy is here extended with Mr. and Mrs. Hodgson in the loss of Mrs. Lundquist's father, John Thompson Lowden, of Killam, who died on Tuesday, the 16th. Mr. and Mrs. Lundquist attended the funeral service at Killam.

Stoney Creek softball team, visitors looked on adding to their victories recorded on Franklin on Wed., the 17th, when they ran along to their tune tactics. A run of poor fielding, however on the part of Stoney Creek, gave Franklin the game by a wide margin, 22-17. But Stoney Creek are now champions their homes and hustle-ones for the return encounter, which is to come soon.

Life is just an everlasting struggle to keep money coming in, and hunt and hide and wind organs from coming out.

The Boss (who has just dropped in on the baseball game). "Is this in your reader's Samuel, Chesney?"

Office Boy. "Under Him It, sir. He's the umpire."

30,000 Tuberculosis Deaths in Canada In the Past Five Years

While the number of cases of tuberculosis has decreased in the past twenty years, this disease still kills more people in the most productive period of life between the ages of 15 and 45 than any other one disease. Since the beginning of the war, 30,000 people in Canada have died from tuberculosis. It is estimated that about 60,000 more have the disease.

Confronted with such facts as these it can be readily understood why Departments of Health and Voluntary Health organizations are so loudmost of having the population examined.

Cases of early disease, diagnosed early and treated early respond quickly and very satisfactorily. They receive permanent cures and lead normal lives.

For your own protection attend the Mobile X-RAY Unit when it visits Port Saskatchewan June 12th.

(Sample of sort residents will be asked to sign.)

GOVERNMENT OF ALBERTA
Department of Public Health, Tuberculosis Division
REQUEST FOR CHEST X-RAY, MOBILE X-RAY UNIT

I, the undersigned, wish to be examined by X-ray and to have the members of my family X-rayed also. The members of my household, as listed below, and myself will come to the Clinic on the date advised.

Signed ..... Address .....

LET US GET RID OF TUBERCULOSIS

1 This Unit was purchased by the Alberta Tuberculosis Association, from the sale of Christmas Seals, and is being operated by the Health Department.

2 X-ray examinations help to find tuberculosis quickly and are free to all persons.

3 Everyone should be X-rayed, especially ALL adults.

4 Clothes must be removed to the waist only.

Special gowns are provided so that no exposure of body is necessary. All cleaning and undressing is in complete privacy.

TOWN'S NEW DRAINAGE SYSTEM WORKS

"Proof of the pudding is in the eating", as an old proverb goes.

The recent accumulation of "lakes" on the main streets and particularly at the corners were much conspicuous by their absence after Monday's heavy rain. Over two inches of water fell, and the Council's new drainage system worked perfectly, with one exception. It looks as if a culvert was needed crossing from the City Cafe corner to the Texaco Service Station corner, or the ditch running north from the City Cafe to the river deepened. There always seems to be a gathering of water at this point

Ditching and grading of the streets were completed just in time for the big test

Even the most skeptical ratepayer, must admit that the project so far has proven satisfactory. Therefore, the Town Council may take a "bow" for a job well done, considering the amount of money and materials available

STRATHCONA'S SERVICES KNOWN ELSEWHERE

Not that it is a good policy to throw too many bouquets, especially all in one week, nevertheless, it is well to give credit, where credit is due

Enroute to Calgary, Saturday, ye scribe in conversation with a fellow train passenger learned that the Council of the M.D. of Strathcona, was known in many circles, as a co-operative, energetic group of men that were enthusiastic in any project pertaining to the welfare of the ratepayers. He seemed well versed on municipal matters, particularly of the municipal districts adjacent to the city

Two projects, the dissemination of farm news to the ratepayers by the way of a local paper, and the ambitious road program, showed the progressiveness of the council, was the opinion of this traveler. The distribution of gopher poison, warble fly poison, and the handling of forage crop seed were all fine services, but were only annually. Whereas, the ratepayers received the news of their district as it happened each week, and travelled roads throughout the district many times during the year.

Besides the above mentioned services ratepayers of the M.D. of Strathcona, enjoy Health District and Large School Division services that are second to none.

No doubt as time goes on, more services will be enjoyed by the residents of this district, providing they give their wholehearted co-operation to the men in the various offices who are at present administering for the welfare of the district at large.

MENACE OF WEEDS

Heavy rain storms during the past week remind us that we must take the bad with the good. Weeds by the millions will appear at once taking their vearly toll of the much needed production, unless producers are ready to go after the weeds in earnest

In various ways, weeds render farming more difficult and less profitable, states a high authority. They depreciate the market value of the land and the quality and price of grain and forage crops. They rob the soil of moisture and plant food materials, thus increasing the effects of drought. They crowd out the crop plants and proportionately reduce the yield. They are more persistent growers and as a rule more prolific in seed production. Under dry-farming conditions, they are the sole cause of costly tillage operations before and frequently after the crop is seeded or planted out. They raise the cost of production because the production of the worst weeds is costly in machinery, labour, and time. They frequently prevent the farmer from following the best farm practices or from growing the most advantageous crops. Some weeds are harmful to stock and others are injurious to farm products. Weeds attract injurious insects and harbour fungous diseases.

Start now on a campaign to rid your fields of weeds.

A WEEKLY EDITOR LOOKS AT Ottawa

Written exclusively for the weekly newspapers of Canada

As enemy of food production on our farms is the lowly weed. The department of agriculture shows what can happen if weeds are left to go to seed For instance a single plant of wild mustard, stinkweed, tumbl ed pigweed produces from 10,000 to 20,000 seeds, shepherd's purse will run as high as 58,000 and the terrifying mustard about 1,500,000 What could a field check full of these do

Hon. J. L. Ilsley, minister of finance, let the cat out the bead address ing a gathering of presidents of organized women's groups held in Ottawa last January, when he said that the government could not have made its stabilization policy work without the co-operation of women of Canada. Price control would have broken down entirely but for their support, he said, and if they had not been prepared generally to economize, to observe price ceilings, to refrain from hoarding and to practice conservation, nothing the government could do could possibly have been effective This coming week has been set aside in Canada to pay tribute to the women for the part they have played.

Approved by German authorities, pamphlets have been forwarded to Berne, Switzerland for distribution to Canadian prisoners of war in Germany. Subjects covered deal with advice to the next-of-kin, handling of the home pay account, insurance assignments, disposal of credit balances; rate of exchange; advances of pay by the detaining power; disposal of personal effects; promotions; mail and parcels, educational facilities and distribution benefits. The pamphlet will help the camp spokesman or Senior Canadian in advising the bulk of arrangements made on their behalf by the various departments of government concerned with their welfare.

Beautiful Niagara Falls and waterfalls needed! The House of Commons was told of an agreement for a temporary additional diversion of water at Niagara about 4,000 cubic feet of water per second on the Canadian side. For wartime only, the additional energy estimated at 620,000 K.W.H. per day, will be made available for use in the United States. Engineers of both countries are taking all possible steps to minimize any effect of the diversion on the scenic beauty of the falls.

Because many employers do not keep personnel books and records some difficulty is arising in administration of the Unemployment Insurance Act, says a Department of Labor release, and regional inspectors have been given authority to remedy the situation. While they do not want to force small employers to have elaborate book-keeping systems, yet there are certain requirements which must be met, mainly records giving name and address of each employee, whether insurable or not, actual days of work done by each, pay periods, gross remuneration and deductions for the purpose of contributions

World of Wheat
By H. G. L. Strange

The Farmers' Good Work

In spite of the severe lack of labor on prairie farms, the records reveal that our farmers this spring have sown a larger acreage to crops than ever has been done before in the history of the Prairie Provinces. The total sown to all grains this spring is 41,341,200 acres. The most highest sowing was in 1942, when 40,427,200 acres were sowded.

Comparing the acreage of each of the grains the year with those of 1940, we find that the acreage sown to wheat is 20% lower than in 1940 (the wheat acreage this year, however is 15% higher than for last year, 1943) oats 42 per cent higher, barley 106 per cent. higher, rye 92 per cent. lower, flax 66 per cent. higher, and the total acreage of all crops is 2 per cent. higher this year than in 1943

It is interesting to note that the considerable increases which have taken place in the acreages of oats, barley and flax during the war years have been, in the main, at the expense of wheat acreage, although to some slight extent also at the expense of rye.

This all shows, however, how well during these war years our farmers have changed their acreages from one crop to another in accordance with the recommendations and desires of the Government.

The Road Ahead...

Canadian Agriculture, giving as it has such abundant evidence in these days of prodigious war needs, of its ability to furnish ever-increasing quotas, is yet going to be faced with greater production programmes in the days following the liberation of the occupied territories of war-torn Europe.

There is perhaps no other single factor that has so greatly assisted the Canadian farmer to accomplish such record achievements as that of modern machinery, linked with the farmer, in the job of continuously improving and increasing the efficiency of his methods of production, is the Internal Engine.

Massey-Harris, always a leader in the introduction of time and labour saving equipment, has made another notable advance with its self-propelled combine which has revolutionized harvesting methods.

The self-propelled principle introduced in the Massey-Harris Combine opens up a world of modern machinery, in the future trend of farm machines for the road ahead.

Mrs. T. J. Lalonde arrived home Wednesday, after a two-week's visit at the coast.

Purebred Aberdeen Angus Bull, two years old. Strayed, Apply Arthur Koch, Fort Saskat., or phone.

Pleasant View Tuesday is home on annual two-weeks leave.

Dr. and Mrs. W. A. Johnstone are spending a few days at Jasper Park.

C.W.A.C. Ethel M. Armstrong, of Winnipeg, is home on leave.

Pte. Lt. Aubrey Adams, son of Mr and Mrs. Ben Adams, of Fort Saskatchewan, is reported missing after air operations overseas. He is a fighter pilot. He has three brothers on the services: Sgt. D. E. Adams, U.S.A.A.F., overseas; Lieut. R. S. Adams, overseas; Aircr. Sergeant A. E. Adams, R.C.A.F., overseas. One brother Lyle, is on the homing list in Canada.

Mrs. Aubrey Adams, the former Kathleen Young, Fame River, is residing with her parents in Vancouver.

Members of "C" Coy. 2nd Reinforcement (R) attended a parade at the Prince of Wales Armouries last Friday evening.

Mrs. E. Flintoff is visiting in the Fort at the home of Rev. and Mrs. E. E. Bedard.

Miss Helene M. Cormie, of Morinville, has been appointed Teller at the Royal Bank.

Miss Mary Bay, of Morinville is visiting Miss Helene Cormie this week.

"Another" "Slave girl" is your feather? Tomtom: "Then I'll have to give you housework more suited to his age."

Each Tuesday evening at 6.30 "Big Town"—the story of a fearless crusade about the hard-hitting, story-making editor of a large city newspaper, is presented over this station. The well-known actor of stage and screen, Edward Pawley plays Steve Wilson, the Managing Editor of the Big Town. "Illustrated Press" and Frank Gordon of New York and Hollywood takes the part of Lorelei Kilbourne, his reporter and partner in crime-busting. Hanley Stone Wilson does more than plot the headlines each week for the newspaper before it goes to press. Here he is faced with inevitable curiosity and a social contact that looks behind the headlines he writes. And with his lovely sweetheart, Lorelei, he sees that justice is served—that the unjustly accused are cleared, that the guilty are brought to justice. Hear this exciting true-to-life drama—every Tuesday at 6.30 p.m. "Big Town" could be YOUR town—spiritual as it is of any Canadian city.

Heavy Rains Hit District

Northern Alberta was favored with heavy rains, during the past few days, that will give crops and gardens the needed moisture at the right time.

Damage from the recent heavy snow storm was reported slight, as trees and shrubs bloomed forth in all their glory.

Letters to the W.I. From Men in the Forces

R.C.A.F. Overseas,
Fort Women's Institute,
Fort Saskatchewan, Alberta,
Dear Ladies:

Received your very welcome parcel today. I wish to thank you all, very much, for so kindly appreciating them. There are twelve R.C.O.'s in our billet and in the evenings, each one adds his bit to the pool and we have a glorious feed. I sincerely hope that all of food and cigarettes are appreciated equally by the Canadian boys.

We are stationed in Northern England now and the weather is usually cold and foggy. Have seen just one snowstorm since arriving here—therefore experiencing my first warm June. The people were very nice to us at Xmas and I had a very enjoyable time. Shall close now, and thanks very much for everything.

Sincerely,
R. Whitton.

R.C.A.F. Overseas,
The Women's Institute,
Fort Saskatchewan, Alberta,
Dear Ladies:

Many, many thanks for the grand parcel. It was very much needed and a great collection of just the right things. The cake and other eatables made a nice change of diet and the tobacco is our greatest extravagance and enjoyed more than anything. But apart from all that the very fact of getting a parcel showing that you are remembered and thought of is, I believe, the chief reason that we so eagerly await our mail and get a great line mails when we get a parcel.

My younger brother Tom, is over here now. I was very glad to see him again after nearly four years and surprised at how much taller he had grown. He made me feel a rest, as he is 6 ft. 4 in. tall. It is a pleasure to be able to put him in his place.

At the present moment of the war I sincerely hope that it won't be too long now before I will be able to visit the town town again and thank you all personally for your kindness to me. I wish you all the very best

Yours very gratefully,
Bob Adamson

The Fort Record columns.

CARD OF THANKS

We wish to express our appreciation for the many acts of kindness and expressions of sympathy so generously by our friends during the recent illness and death of our beloved Son, Father and Brother, Pte. Ed. Shaw. The beautiful floral tributes received—The Ribbons Family.

Clover Bar Pioneer, Annie Ottewell Passes Away

Pioneer resident of the Clover Bar district and a member of A. E. Cornwall, registered nurse in the University of Alberta Hospital, Edmonton, Dr. of Bremner, died Tuesday.

Born [illegible] Somerset, England, Annie Ottewell came to Clover Bar district in 1900. For many years she was on the staff of the Strathcona Industrial School there. She was active in community work, especially the Red Cross, and the W.S.A.F., overseas; Lieut. R. S. Adams, overseas; Aircr. Sergeant A. E. Adams, R.C.A.F., overseas. One brother Lyle, is on the homing list in Canada.

Mrs. Aubrey Adams, the former Kathleen Young, Fame River, is residing with her parents in Vancouver.

Members of "C" Coy. 2nd Reinforcement (R) attended a parade at the Prince of Wales Armouries last Friday evening.

Mrs. E. Flintoff is visiting in the Fort at the home of Rev. and Mrs. E. E. Bedard.

Miss Helene M. Cormie, of Morinville, has been appointed Teller at the Royal Bank.

Miss Mary Bay, of Morinville is visiting Miss Helene Cormie this week.

"Another" "Slave girl" is your feather? Tomtom: "Then I'll have to give you housework more suited to his age."

Wye Ladies Plan Annual Picnic

Word has been received by Mr and Mrs C. N. Whitton and family that their son, Raymond Delmar, has been wounded in action. Friends of the family will learn with pleasure of his safe return to his home.

Charlie Whitton and Mrs. Harbor and other friends from Mundare were Sunday visitors at the home of Mr. and Mrs. C. N. Whitton.

Pte George Walker has been home on leave from the east and returned shortly.

Miss E. Sanford has returned home after visiting with her sister Mrs R. Rasmussen, of Wetaskiwin.

The regular meeting of the Ladies' Aid was held at the home of Mrs McPherson. Arrangements were being made for a picnic. A dainty lunch was served by the hostess, which brought a pleasant afternoon to a close. The next meeting will be held at the home of Mrs. W. Moore on June 15th.

The people of the Wye Community extend their deepest sympathy to Mr and Mrs. Page and family on the recent loss of their son.

Mobile T.B. Clinic Visits Fort Saskatchewan June 12

Above is a picture of the T.B. Mobile Unit [illegible] on the south of June 12th. Cards are being distributed in the town and district, which are to be signed. Residents will be notified as to what time they are to report. [illegible] will be examined.

Tuberculosis May Strike at Any Age Readers are Urged to Attend Clinic

It has come to our attention that there is some misunderstanding locally, with regard to the Tuberculosis Clinic. The question has been asked: Is there any connection between the current Venereal Disease Campaign and the Tuberculosis Clinic. Is not the X-ray rather a back-door method of testing for and determining the incidence of Venereal Disease." The answer, of course, is that these two programmes are under different organizations and although both praiseworthy in themselves, are in no way connected. All information is absolutely private, and is kept so by your Department of Health.

Dr. Davison of the Tuberculosis Division, when approached on this matter yesterday, stated that all reasons were kept invariably and, as always between Doctor and patient. All information is confidential.

Others have asked the question: "Why is it necessary to have adults X-rayed? Is not this programme more important for the younger generation?"

The answer is that tuberculosis may strike at any age. Some prominent persons think they are safe from T.B. The old belief that people, once they have attained thirty, cannot develop the disease, is false. The exact opposite is true. Post middle age, the number of cases is that age group runs sharply. We say is safe. Although the surveys that have been carried on reveal a small percentage of persons that are effected, yet this small number harbour the responsibility for the disease unknowingly to the way, the lives of children and younger people are endangered. A mass survey such as this devolves on each member of the Community a responsibility to others. A responsibility to the welfare of the community and it is up to those senior among us to lead the way to the future through past years, and make this survey as near complete as possible.

Douglas Guild Organizes Mrs. C. Hoffman, Pres.

Green trees, fresh flowers, gay birds, rainy weather, muddy roads, sunshine, blue sky, and the merry romp of children's laughter—these make up the atmosphere of Douglas district on these spring days.

In sports, the school children—besides practising for the tournament between their 3 teams—are trying to organize a softball team that would at least make a showing against other school teams.

After the nice rainy weather many vehicles obligingly traversed the roads making them very smooth and [illegible] smooth!!

The pupils received a letter from their former teacher, Mr. W. Frey, which Miss Hilliard read aloud in the class. It was a very interesting letter and greatly enjoyed by all.

Some of the ladies of the district have organized a Douglas Guild, which meets every two weeks. Their purpose is to help in the war effort. The main officers are:

President, Mrs. C. Hoffman,
Vice-President, Mrs. H. Bidol,
Secretary, Mrs. G. Myers.

The pupils are participating in several school contests in Eng. and Art, from which some enjoyment is derived. It seems—from hearsay—that some of the entries prove very [illegible]

An insurance agent was filling out an application blank.

"Have you ever had appendicitis?" he asked.

"Wuh," answered the applicant, "I was operated on, but I have never felt quite sure whether it was appendicitis or prolapsed curiosity.

Town of Fort Saskatchewan Court of Revision June 12

Estimates for 1944 took up most of the evening, when the Town Council met, Wednesday night.

Monday, June 12th, was the date set to hold the court of revision. Appeals in business and property assessments will be heard at this time The secretary reported that a number of appeals have been received.

Mrs. F. W. E. Henry, president of the Fort Tennis Club attended the meeting. On behalf of this organization, Mrs. Henry asked that a reduction in the annual rental be granted until such time as the Club was in a better position financially. Members of the Council were in sympathy with the efforts of the president and executive of the Tennis Club in maintaining the courts, but felt that the request was not an excessive amount. They also intimated that investigation as a whole, couldn't be expected to pay for the sport of a few.

After cutting here and there at the estimates, a reduction of 9 mills looked possible, but the meeting adjourned to meet next Wednesday. In the meantime Councillors will seek new sources of revenue, in an effort to further reduce the mill rate.

The new sewer office in the fire hall is shaping up well. From the bright and cheery atmosphere, Town Fathers will no doubt legislate new projects for the welfare of the town.

PRINCIPAL FIELD DAY
UNIVERSITY OF ALBERTA

Arrangements are being completed by the Alberta Provincial Breeders' Club for a field day to be held at the University Farm on Saturday afternoon, June 17th. The program will include a study of the most approved types of Purebreds and the discussion will be led by well recognized authorities on the breed.

Progressive-Conservative Convention Wetaskiwin, June 9th

A convention for the purpose of selecting a Progressive-Conservative candidate for the Federal Riding of Wetaskiwin will be held in the Elks' Hall, Wetaskiwin, Friday, June 9th at 2 p.m.

The convention is being called for the nomination of a candidate for the coming Dominion election. Everyone favorable to the leadership and policies of Mr. John Bracken, the Dominion Leader, is invited.

Hog Pastures

As a pasture for hogs Alfalfa is unexcelled. It is so valuable a feed that the hog producer in a region where this plant thrives should use it for pasture. Rape is also a hog's delicacy.

Two annual crops that have been found available as hog pastures are rape, and a mixture of oats and winter rye. Rape has the greatest carrying capacity, but with a cereal pasture there is less danger of scours in young pigs.

Two bushels of oats mixed with one bushel of rye offers a forage crop that can be seeded early and will supply pasture until after frosts in November. The oats in this mixture provide grounfeed from spring until midsummer. The fall rye will supply pasture from late summer until late fall if not too heavily pastured.

Lament.—Illegal transaction in gasoline has cost a dealer and consumer total fines of $500 and costs each for two infractions of Oil Control regulations, R. Bruce Hall, Enforcement Counsel reports.

Mary Ozombko, Bruderheim, pleaded guilty to two charges of delivering graded gasoline to Peter Shimko, Bruderheim, without obtaining valid coupons. Shimko pleaded guilty to the two charges of obtaining graded gasoline from Mary Ozombko without surrendering the coupons.

Each was fined $50 and costs on each of the two charges, a total $100 and costs for each offender.

Magistrate L. E. Jackson heard the trials in Lamont Police Court.

City Girl: "What is this stuff I've just picked?"

Ma: "Tares! That's poison ivy!"

City Girl: "Don't get excited. I'm not going to eat it."

The teacher was testing the observation ability of the kindergarten class. Stepping a half-dollar on the desk, she said sharply:

"What is that?"

Instantly a voice from the back row cried: "Tails".

Ardrossan Y.P. Club Hold Final Event

The final meeting of the Ardrossan Young People for the year 1943-44 was held at the home of Mrs Huntley South. The club decided to attend a show and dance in the fall. The business served an enjoyable lunch to end a pleasant evening.

All the young people are cordially invited to the "Y's" ball games and "scrub" at Parker's, every Friday evening.

Miss Doris Andrews spent the Victoria Day holiday at the home of her parents, Mr. and Mrs. E. G. Andrews.

Mrs Beryle Manley spent last week-end at the home of her parents, Mr. and Mrs. J. J. Harvey.

A few of the ladies and boys went to the church Monday night to do a little cleaning. Some of the ladies were "dug up" and "pruned" with shears. Quite a few odd jobs were done, even the fixing of the pump in the driveway.

Well Known Botanist Views Plant Collection
Dr. G. H. Turner

A. J. Breitung, of Tuxedo, Saskatchewan, on his way to the Yukon in Dr. A. E. Porsild's party to study the botany of the territory stopped off for a day in Fort Saskatchewan to visit Dr. G. H. Turner. He has corresponded for a number of years on the subject of botany with Dr Turner, who has a very fine collection of Alberta Plants.

While in town, Dr. Turner took the opportunity of showing C. B. W. Magor's collection of arrowheads and discussed same with Mr. Breitung.

Wheat Delivery Limit Removed

Trade Minister MacKinnon announced Monday in the commons that the 19 bushels per acre limitation on western wheat deliveries from the 1943 crop was removed "forthwith".

Mr. MacKinnon said the government later would be in a position to decide on 1944-45 crop year situation and whether delivery quotas would be necessary. The 1943-44 crop year ends July 31

Decision to lift the delivery quota for the remainder of the crop year followed heavy movement of wheat from country elevators. There was storage space for about 120,000,000 bushels of wheat.

MARKET SURPLUS HORSES

A co-operative association is now being organized in Saskatchewan to market the large surplus of horses in that province. A surplus of approximately 250,000 head of horses exists in Saskatchewan, and almost the same number in Alberta, with about 50,000 head in Manitoba.

Waste Paper Campaign Needs Local Support

Throughout Canada a campaign is [illegible] which [illegible] is related to the [illegible] energy in this war. Paper, board, cardboard and waste paper are needs of our factories, overseas. And that's why the National Waste Paper Drive is on.

At one time it was difficult to ship waste paper except in carload lots and this made paper salvage difficult in small communities. Now arrangements have now been made, however, and 200 pound lots and over are being handled. Provincial Salvage Representatives can supply information concerning shipments.

Just think what the paper containers from your waste paper do in the war—powder containers for medical kits, blood plasma, emergency rations, gas masks; paper parachutes to convey food in, earth for bombed out areas; containers for napalm and bombers, shortening, candles, for dehydrated foods which save some 85 per cent of cargo space, for bombs, antitank projectiles. Just to mention a few. The shortage of paper, which maybe doesn't mean much lying around cluttering up your basement, might conceivably jeopardize the war effort. Bills are operating from hand to mouth, as it were, requiring 30,000 tons of waste paper a month. This appeal has all the elements of seriousness, of urgency—so won't you cooperate with your local salvage committee, when that appeal is made through your local paper or over the radio. Your corn can "over there" if [illegible] is intercepted.

COCKSHUTT EMPLOY GIRLS
ON FARM IMPLEMENT WORK

The Cockshutt Plow Company at Brantford, Ontario, is swinging back into the peace production of farm implements. To augment its labor staff about one hundred girls have been hired to do factory work.

Tuberculosis May Strike at Any Age Readers are Urged to Attend Clinic

It has come to our attention that there is some misunderstanding locally, with regard to the Tuberculosis Clinic. The question has been asked: Is there any connection between the current Venereal Disease Campaign and the Tuberculosis Clinic. Is not the X-ray rather a back-door method of testing for and determining the incidence of Venereal Disease." The answer, of course, is that these two programmes are under different organizations and although both praiseworthy in themselves, are in no way connected. All information is absolutely private, and is kept so by your Department of Health.

Dr. Davison of the Tuberculosis Division, when approached on this matter yesterday, stated that all reasons were kept invariably and, as always between Doctor and patient. All information is confidential.

Others have asked the question: "Why is it necessary to have adults X-rayed? Is not this programme more important for the younger generation?"

The answer is that tuberculosis may strike at any age. Some prominent persons think they are safe from T.B. The old belief that people, once they have attained thirty, cannot develop the disease, is false. The exact opposite is true. Post middle age, the number of cases in that age group runs sharply. We say is safe. Although the surveys that have been carried on reveal a small percentage of persons that are effected, yet this small number harbour the responsibility for the disease unknowingly to the way, the lives of children and younger people are endangered. A mass survey such as this devolves on each member of the Community a responsibility to others. A responsibility to the welfare of the community and it is up to those senior among us to lead the way to the future through past years, and make this survey as near complete as possible.

"You're in The Army NOW!"

Lieut. H. B. McKim, officer commanding "C" Coy., 2nd. Edmonton Regiment (R), will farewell to members of 14th platoon here this evening, night. Mr. McKim intimated that due to pressure of civilian business it was necessary that he hand over the command of "C" Coy., which he was instrumental in organizing in the Fort over two years ago.

Major Heron was then introduced to the members present as officer commanding Reinforcements.

Presentations from recent dances co-sponsored by "C" Coy and the W.I. will net these two organizations over $75 apiece.

WAS HIS FACE RED?

"How kind of you," said the girl, "to bring me those lovely flowers. They are so beautiful and fresh. I believe there is some dew on them yet."

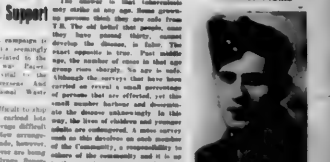
"Yes," stammered the young man, quite taken aback, "but I am going to pay it off tomorrow."

Alberta Wheat Pool Mail Refunds To Pool Members

Cheques totalling $897,794.89 were mailed today by the Alberta Wheat Pool to Pool members who delivered grain to Pool elevator facilities the crop year 1942-43. This payment was a refund of excess charges on the rate of one cent a bushel.

Since the year 1925 when the first Alberta Pool Elevators were built, the distribution of patronage dividends, including the present payment, has totalled $2,852,806.62. 1925 there were three Alberta country elevators. Today the number is 454.

Arrives Home



Flying Officer Walter Sherman, R.C.A.F., who has been employed operationally in England and the Mediterranean war theatre, is reported in Winnipeg and expects to be home Thursday. His English bride was unable to accompany him on this trip over Hercules he is expected to have visited his sister, Sgt. Edna Sherman at Halifax, and brother Lt Officer Earl Sherman, of Winnipeg.

He is the son of Mr. and Mrs. F. A. Sherman, of Fort Saskatchewan.

Official Tennis Opening Friday, June 9th

Official opening of the Fort Tennis Club will take place Friday evening, June 9th. Members and all others interested in the welfare of the Club are cordially invited to attend. Refreshments will be served.

The playing surface should be in excellent condition for the opening, as work is underway

Citizens of . . . .
Fort Saskatchewan and District

You are urged to make an effort to attend the

T.B. X-Ray Clinic

TO BE HELD IN THE

Fort Community Hall

Commencing Week of

Monday, June 12th

Residents are asked to fill in cards now being distributed throughout the district by canvassers. You will be notified as to what time to appear at the hall for your X-Ray.

X-Ray examination is FREE.

THIS IS A HEALTH MEASURE YOU CANNOT AFFORD TO PASS UP.

Large Army Convoy Passes Through Franklin District

It wasn't a gorgeous canvas parade that exhilarated young and old alike along the Cooking Lake Highway on Saturday and Sunday last. It was the passing in steady if dust of that huge army convoy, so long as to seem endless. To more greetings to the drivers men and women stood awhile; but little girls stood longer, neighboring their dolls, and boys forgot for a time hour the empty wood box. One was to be seen eating his bowl of porridge at the side of the road, hap-hazardness of the diet reasoning favorite dish. With one hand he raised his spoon, with the other he waved a greeting to every ish and motor cycle—yes, to every

"MAUDE RUTHVEN"
Terrance muffs performer, Frances Goffman, formerly of Winnipeg, who plays "Maude Ruthven" in the CBC's Dominion network series "Uncle Silas" (Mondays, 8.00 p.m. CDT). She hails from Dauphin, Manitoba, and took her dramatic training from Max Reinhardt, Oxpomakapo in Hollywood.

N E W S

The month of June brings with it a new and timely program to CJCA listeners. "Here Comes The Bride"—a half-hour of music and useful tips for brides-to-be will be heard thereafter the month at 2.30 in the afternoon. Together with its excellent listening qualities, "Here Comes The Bride" has another very appealing feature. At the end of the series, 102 valuable gifts will be given away to June brides by the sponsors of the program. To qualify, merely send name, wedding or engagement announcement to "Here Comes The Bride" c/o CJCA. At the end of the series six winning names will be selected from all those received during the month. Remember the time of the show—2.30 p.m. Monday thru' Friday.

N E W S

One of the nation's foremost students of American folk-music is "Pemberton" Connor Cool, expert fiddler with the Texas Rangers, now heard over CJCA. From hillbilly shindigs in Arkansas to rowing dances in Texas, he has travelled thousands of miles and visited many out-of-the-way places to observe the various types of old-time fiddling techniques. As a result, Cool is an expert on the classical American Folk-tune style of violin playing. He doesn't claim to be—nor want to be—a virtuoso of the violin; rather he wants to preserve the old style of fiddlin' which add so much authenticity to the beautiful numbers featured by these famed cowboy troubadours. Hear "The Texas Rangers" Friday evenings at 9.30 over CJCA.

Music—excitement—and variety-plus—is yours on "Musical Medley" the musical show broadcast heard every Friday night at 6.30. In the studio is a group of jovial entertainers conducting a "Tightly" contest for top rating on the "applause meter". Each one leaves a letter to determine his air-partner and then goes to work to win the generous prize money. Write in and join the fun. Just send your name and address to "Cashmere Bouquet's Musical Medley Toronto". With a little luck you can win as high as one hundred dollars in War Savings Certificates.

What's all this about "interlocking" directorates?

WHEN you want sound advice you go to a friend who has had experience with whatever a worrying you. When you have to have professional advice you buy the best you can afford. In the same way, because the life insurance companies are the guardians of the people's savings, they rank with the best business brains in Canada.

Individual directors of life insurance companies often occupy similar positions in many other lines of business. This is because they are men who have proven their ability. It stands men of sound judgment and wide experience to determine safe procedures in matters vital to so many millions of people.

Life insurance is a business of many phases. It involves a gap between your present earning power and your future needs — construction spanning over half a century.

It is essential to have life insurance counsel directed by men of broad business experience.

It is good citizenship to own

A report tabled by Finance Minister Ilsley, indicates that the complete results of the 5th Victory Loan were $1,370,856,000.

The total cost of collections and handling of the Loan was $11,317,- 200, which is ¾ of 1% or 75c per each $100.00 subscribed. This is a substantial reduction in the cost of the previous loans

SHUR GAIN News OF THE WEEK
Ever Put Hogs To Pasture?
Good pasture provides more feeding conditions that prevail in pens and yards—and helps to cut feed costs. Good pasture is one on which there is a generous growth . . . to that feed is carefully protected. Turning hogs onto barren ground is costly . . . for hogs will roam, and RUN off weight, instead of putting it on.
Pasture should not be used by them, however, until sufficient stock and pasture growth is present so that the hogs will not be in danger of "scouring" or bowel trouble, incidentally, if such a condition arises, used generously in the hogs' drinking water.
Grain, of course, will continue to be fed . . . but not ALONE . . . to many hogs. FEED A RATION OF SHUR GAIN CONCENTRATE — added to your grain — SAVE FOUR HUNDRED POUNDS OF GRAIN. This is at about evening of more than THREE DOLLARS PER HOG!
Ask your SHUR GAIN DEALER about SHUR GAIN HOG CONCENTRATE

Isn't Human Nature Funny?

People will rant around about the hundred and one things a government doesn't do. But, let the government propose a new project for the benefit of the people, and nine-times-out-of-ten they are unwilling to co-operate.

The T.B Mobile X-Ray unit will be in Fort Saskatchewan week of June 12th. Canvassers in town, members of the Fort Women's Institute are distributing cards to the residents to be signed. These public-spirited ladies are giving their time to this health measure, but they find that residents on the whole are reluctant about signing the cards or attending the clinic.

In a number of cases householders will say, "there is nothing the matter with our family", or "do I look as if I had T.B.". This will be the canvasser's reply.

"An ounce of prevention is worth a pound of cure", and it would be better to have the Mobile T.B. Clinic give you a clean sheet, than have the matter to grapple with. The strange part about tuberculosis is that it will get a firm hold before a person realizes it.

Residents have the opportunity of a free X-Ray during the week of June 12th. If they pass up this chance, they may be sacrificing their life and the lives of their families.

V

Farmer's Creed

Canada's farms and farming communities are the backbone of our country. This "Farmer's Creed", which has been widely used in agricultural circles in the United States, will help farmers to give a stable leadership in the years ahead.

OUR LAND A TRUST: We will treat our land as a heritage from the past which we will hold in trust for future generations. The soil has taken thousands of years to build and we will hand it on richer and more productive than we received it.

FEED THE NATION: We are called on to feed the nation now in time of war and a starving world when the war is won. In a spirit of unselfish patriotism we will play our fullest part in the nation's war effort and in her task in remaking the world.

DEFEND THE NATION FROM THE FOE WITHIN: We can defend Canada from the foe within, while the men at the front defend her from the foe without. Canada has no more deadly enemy than those forces which work to break down her moral character, to destroy her faith in God and divide her by setting class against class and race against race. When the farmers stand firm and fight for the moral re-armament of the nation, Canada will be proof against these evils.

SOUND HOME FOR BOYND FARES: We will make our home life a pattern for the nation. A country is as strong, healthy and united as its home life. A sound home makes a sound farm, a home where everybody in the family plays his part.

GOOD NEIGHBOURING: We will be good neighbors. Neighboring was once the secret of democracy. Now is the time to bring that spirit back. We need each other today. "Each man for himself" will not build the community or Canada we want. Neighboring means sharing our tools and our time, knowing our neighbors' needs and doing our best to meet them.

END PRIVATE WARS: We will end all private wars. Honest apology starts teamwork. National unity begins when you and the fellow you don't get along with straighten things out. Unity between the nations will only come through the same spirit.

END WASTE: We will be thrifty in the kitchen, the cashbox, the machinery shed, the barns, the fields, the orchards and the forests.

OUT TO GIVE—NOT TO GET: Whatever we do will always think first of what we can give to the nation rather than what we can get from it.

GUARDIANS OF NATIONAL CHARACTER: We farmers are guardians of the nation's character as well as of her soil. "He shall have Dominion from sea to sea" was the vision of the Fathers of Confederation. With our dependence on God, we can make that vision live again as the secret of Canada's strength.

A WEEKLY EDITOR LOOKS AT Ottawa

Written specially for the weekly newspapers of Canada

Housewives need never fear that by buying less or any other commodity in retail stores, they are depriving the armed forces. Some women the Consumer Branch tells us, have been suggesting they shouldn't do any home canning, but should leave the sugar to make jam for the lads over there. This is a generous but quite unnecessary gesture we are told. Whether for hombs or for jam, the needs of the forces have been carefully calculated. Women are urged to preserve all the fresh fruit they can, with the amount of sugar it has been possible to put at their disposal. Later, when home canned goods give out, jam may be bought with any preserve coupons which are then valid.

• • •

The Dominion Bureau of statistics finds in a survey that our farmers will increase their 1944 wheat acreage by four million acres over 1943, aiming at 21,383,800 acres, and most of it in Western Canada. It will occur largely at the expense of oats, barley, flaxseed and summer fallow. Instead oats acreage is down down 2% to 14,986,900 acres, barley down 6% to 7,372,8000 acres. Two million acres of flax will show a cut of 30% over 1943 acreage.

• • •

The Canadian Navy, Army and Air Force with the Department of Pensions and Public Health are pooling their surgical resources to set up regional treatment centres in Montreal, Toronto, Winnipeg and Vancouver in special fields of plastic surgery, neuro-surgery and orthopedic surgery, to which cases from overseas will be sent. The men are to be brought wherever possible to centres nearest their homes.

• • •

An idea which might do much towards developing closer unity and certainly more understanding between English and French speaking Canadians was proposed in the Senate by Senator A. David Reed, Quebec. He would have prepared with all provincial governments consenting and advising as to content, a textbook on Canadian history which would stress equally the history of all sections of Canada and emphasize the development of the nation as a whole. Sounds meaty and a step in the right direction.

• • •

Greater significance attaches to the 1944 wheat harvest in North America than seemed likely eight or ten months ago, it is expected, says the Monthly Review of the Wheat Situation, that 1,750,000,000 bushels of Canadian and U.S. wheat will disappear during the present crop year, and that the combined carryover of the two countries will show a reduction of 540,000,000 bushels from the total a year earlier.

• • •

The five main weapons of wartime economic control are 1. Price Control. 2. Wages and salary control. 3. Heavy Taxation. 4. Increased savings, through Victory Loan campaigns, etc. 5. Control over distribution of materials and supplies. Knock a hole in any one and the whole structure is weakened. Regardless of the inequalities which crop up, we cannot get away from the fact that there was a 14.5% rise in the cost of living before price control, as compared with 2.1% since.

• • •

The poultry business in Canada is a big one, and affect a lot of people. Poultrymen know there is a large quantity of dressed poultry in storage today, but they will be glad to hear from the Department of Agriculture that 1944 exports to date total nearly five million pounds; that private firms will soon export 1,500,- 000 lbs. of Grade C fowl, chicken, turkey, ducks and geese of all grades except "D" to private buyers in the U.K. The Special Products Board is exporting 500,000 pounds of dressed poultry to the U.S. from British Columbia alone. In addition two million of dressed chicken, fowl and turkey are going to the British Ministry of Food. But the warning is timed by getting more difficult to find a market for birds that are under finished, improperly killed and unattractively packed. It's advisable to spread marketings by more systematic culling of farmer's flocks.

World of Wheat

by
E. G. L. Strange

Wheat Surplus and Deficiency

A short time ago everyone was talking about a world wheat surplus that, it is said, could not be cleared for years to come; yet today fears are being expressed of a possible shortage of wheat.

The truth is there is no reason for either fears, provided natural governing forces are permitted to function. The governing forces are PRICE and FREE TRADE. Wherever there is a surplus, if price is permitted naturally to fall somewhat, there brand and flour become cheaper, people soon be cleared of trade is free, and conversely when there is a fear of a shortage, if price is permitted to rise, then people use less wheat, flour and bread, and feed less to livestock, so again the [illegible] soon corrects itself. Today much wheat is being fed to livestock. Any wheat deficiency, therefore, could soon be corrected by using less wheat for animal feeding by, if necessary reducing livestock production. In war time this is readily done by tightening up rationing arrangements, which would not seriously harm anyone at this moment.

Control of Thistles

Here is a suggestion from our [illegible] of Weed control on the [illegible] of thistles.

To make thistle and sow thistle are [illegible] weeds of considerable importance. They are both perennials and [illegible] by seeds as well as by roots. [illegible] to get control of these weeds [illegible] a combination of cultivation and [illegible] competitive crop may be used. If oats, barley or grassland is seeded early and fairly heavily the [illegible] can be cut before the thistles blow.

The thistle is weakest at the flowering stage. Thorough cultivation [illegible] the budder and continuing until freeze up will [illegible] to stop [illegible] these weeds. T. make a thorough kill it must be necessary to use this method for two consecutive years.

I had a nightmare...
I dreamed that I paid $5.00 for a haircut and $50.00 for a pair of cardboard shoes. I dreamed that we had no wartime controls on prices, profits or wages, and that we hadn't had the sense to organize the distribution of supplies all the way down the line . . .
I dreamed that because everyone was making more money and spending it, prices were skyrocketing.
all the stores looked like "Sex" sales . . . with prices accordingly to buy before prices went still higher
panicky people were buying things they didn't need, just hoarding everything they could get their hands on . . .
I dreamed that everybody had to fight to get more money . . . and that in the end race, wages and salaries were fighting budges.
I dreamed the head of everyone was against his neighbours, with each of us blaming the other for his troubles.
with everybody for himself — no matter what it cost in the long run . . . and no matter how it hurt the war effort
THEN THANK GOODNESS — I WOKE UP!
no rackets with relief that I live in a country where things are cheap and stable . . . where the cost of living has been kept within bounds.
to realize that prices and wages are interdependent . . . and that they must be kept in step . . . and that control is the only way to get such co-operation . . . and that we are trying to get control of the situation . . . through the Wartime Prices and Trade Board.
to remind myself that the danger is still pressing, and that we must continue to hold them . . . and that control is the only way we can keep the cost of living down . . . and that we are trying to get control of the situation . . . through the Wartime Prices and Trade Board.
INFLATION DISASTER
to remind myself that the danger is still pressing, and that we must continue to hold them . . . and that control is the only way we can keep the cost of living down . . . and that we are trying to get control of the situation . . . through the Wartime Prices and Trade Board.
This advertisement is one of a series being issued by the Government of Canada to emphasize the importance of preventing further increases in the cost of living now and definitely keep.

UNIVERSITY "FARMER'S DAY"

The twenty-third annual "Poultry Day" at the University of Alberta has been set for Saturday, June 10th, to be held at the live stock pavilion, University Farm, commencing at 10:00 a.m.

The day's program has been outlined with a view to presenting and discussing the results of the various live stock experiments that have been in progress during the past twelve months. Those include problems relating to the production of meat and dairy products under various conditions, with special reference to protein supplementation for poultry, the economy of pasture, including lower crop for feed making, together with the use of various forage and cover crops.

"Poultry Day" at the University of Alberta has attracted a large group of Alberta farmers over a period of years. Those who are interested in this year may be assured of an interesting and profitable day on June 10th.

Labour Representation

Organized labour now has a total of 352 representatives serving on 18 boards and committees advocated by the Department of Labour, National Employment Service and Unemployment Insurance Commission, according to a return tabled by Hon. Humphrey Mitchell, Minister of Labour in the House of Commons today.

The information tabled shows representatives of trade unions on 11 national, 13 provincial and 16 local boards and committees connected with the Department of Labour. In each case there is representation on par ability by that of employers.

Among the national boards are the National War Labour Board, the Unemployment Insurance Commission, The National Selective Service Advisory Board, the Vocational Training Advisory Council, the War Time Prices Division Board and the Administrator of Wage Policy in Industrial Production Co-operation Board.

Regional boards include Regional War Labour Boards and Selective Service and Employment Advisory Committees. Local committees consist of fourteen other and seven placement Inspectors Act, which calls for four years. National Selective Service Act, but it would like to see that act, I mean I have been going with your daughter for five years.

WHILE OTHER PRICES HIT THE CEILING
THE COST OF Electricity STAYS DOWN
The old family budget is nothing up quite a bit these days . . . and sometimes it seems everything you buy has hit the ceiling. But there is one thing you can still obtain at the old pre-war price—electricity. And you still get the same dependable pre-war service.
Like your own living costs our operating costs have increased tremendously, too. Materials and machinery are harder to get and cost more. Payrolls and taxes, and all the expenses of public electrical service available at your touch of a switch cost more today.
It's the careful planning of past years—the policy of building for the future, for emergency conditions—plus efficient business management that enables us to continue the same high quality of electric service at pre-war rates.

BUILDING for VICTORY and AFTERWARDS

Canadian Pacific Chief Executive Reviews Company's Mighty War Effort

D. C. Coleman, LL.B., K.C.

D. C. Coleman, Chairman and President, briefly reviewed the achievements of the 64th London meeting at the same time drew attention with particular emphasis to changes that would appear to threaten the orderly and healthy development of the country's industry and commerce.

It was the 63rd annual general meeting of the most important transportation link in the British Empire, and the fifth during which all its great resources primarily had been devoted to the battle for freedom.

"The company's directory have regarded it as a privilege", said Mr. Coleman, "that all the resources of the Company should be placed at the disposal of the country in the hour of its greatest need, and it has been a source of satisfaction to them that the Company has been enabled to render valuable service to the country in the prosecution of the war, and that without the burdening of the Company with any debt which will have to be met after the war. During the years of the war the Company has been assisted by the Government in many ways and in turn has rendered assistance to the Government in the discharge of its responsibilities. In the record-breaking production of war materials.

"Gross earnings reached the highest figure in the history of the company, and the net earnings were the highest since 1930. Operating expenses were also the highest in the history of the company, and the ratio of operating expenses to gross earnings was 72.6 per cent, as compared with 72.3 per cent in 1944. Taxes absorbed 18.3 per cent of the gross earnings, as compared with 18.1 per cent in 1944. Fixed charges were 3.1 per cent of gross earnings, as compared with 3.2 per cent in 1944. The balance of net earnings after fixed charges was 6.0 per cent of gross earnings, as compared with 6.4 per cent in 1944.

"Net earnings reached the highest figure since 1930. Fifteen years previous to 1930 the Canadian Pacific had to meet the charges for certain classes of traffic that were subsidized at the same average revenues per ton mile and per passenger mile as in 1926, gross earnings would have been higher by $30,000,000. While freight traffic had doubled and passenger traffic had trebled since the commencement of the present movement from the west, revenues from the carriage of freight and passengers had increased only by 50 per cent. The increased revenues from the carriage of freight and passengers had been absorbed by the increased cost of operation, by the taxation of the railway industry to the extent of approximately one-half of the increase, and by the subsidizing of the branch lines of railways and the payment of the difference between the revenues received from the movement of certain classes of freight which received, and could not be increased, and the actual cost of handling that traffic. This should be economically considered.

"In dealing with these unjustified burdens which the Canadian Pacific, Canada's greatest railway system, has had to bear, I am not unmindful of the difficulties of the Government in the consideration of the many claims for assistance being forced upon the Government by various classes and groups, each making an especially strong case for consideration in isolation from the requirements of the country as a whole. These difficulties, and the country's patience, its employers and its investors.

"If those behind the movements were known as agitators, they would find that in the long run they would be unsuccessful in their attempts to persuade the people of Canada that the Canadian Pacific Railway had ever been a menace to the welfare of Canada in the country it has served so well for so many years and continues to serve with increasing efficiency.

"Injustices in division or distribution of the country's prosperity should be and must be corrected, but it should be freely admitted that if our standard of living is to be maintained and increased in the interests of the present level, more wealth must be produced per capita than in the immediate past. We must not lose sight of the fact that, in the long run, wealth can be produced under conditions of freedom and security only as a result of the initiative of individuals.

Alaska and Labrador, and in initiating the first Trans-Atlantic ferry service.

The company's defence program, projected over the next five years, to meet the problems which would arise in the era of peace, is important. "We are confident", he said, "that Canada, with its great natural resources—metals and nonmetallic minerals, forest products, agriculture and fisheries—has a bright future in the development of its industries. In the immediate future, however, the industrial industry is the centre of attention, and the Canadian Pacific is participating in the benefits of improved industrial conditions brought about by the increased industrialization.

In every year since the commencement of the railway it has been necessary to increase the facilities of the railway from time to time to meet the requirements of increasing traffic. The present program of betterments and improvements is the largest in the history of the railway, and the company's engineers are now preparing plans for the future. These plans include problems relating to the production of meat and dairy products under various conditions, with special reference to protein supplementation for poultry, the economy of pasture, including lower crop for feed making, together with the use of various forage and cover crops.

"Farmers' Day" at the University of Alberta has attracted a large group of Alberta farmers over a period of years. Those who are interested in this year may be assured of an interesting and profitable day on June 10th.

Progressive Conservative CONVENTION
Federal Riding of Wetaskiwin
AT THE
City of Wetaskiwin
IN THE
ELK'S HALL
Friday, June 9th
The Convention is being called for the nomination of a candidate for the coming Dominion election. Everyone favorable to the leadership and policies of Mr. John Bracken, the Dominion Leader, is welcome.
C. H. Russell, President — Ed. Shepherd, Secretary

Labour Representation
Organized labour now has a total of 352 representatives serving on 18 boards and committees advocated by the Department of Labour, National Employment Service and Unemployment Insurance Commission, according to a return tabled by Hon. Humphrey Mitchell, Minister of Labour in the House of Commons today.
The information tabled shows representatives of trade unions on 11 national, 13 provincial and 16 local boards and committees connected with the Department of Labour. In each case there is representation on par ability by that of employers.
Among the national boards are the National War Labour Board, the Unemployment Insurance Commission, The National Selective Service Advisory Board, the Vocational Training Advisory Council, the War Time Prices Division Board and the Administrator of Wage Policy in Industrial Production Co-operation Board.
Regional boards include Regional War Labour Boards and Selective Service and Employment Advisory Committees. Local committees consist of fourteen other and seven placement Inspectors Act, which calls for four years. National Selective Service Act, but it would like to see that act, I mean I have been going with your daughter for five years.

WHILE OTHER PRICES HIT THE CEILING
THE COST OF Electricity STAYS DOWN
The old family budget is nothing up quite a bit these days . . . and sometimes it seems everything you buy has hit the ceiling. But there is one thing you can still obtain at the old pre-war price—electricity. And you still get the same dependable pre-war service.
Like your own living costs our operating costs have increased tremendously, too. Materials and machinery are harder to get and cost more. Payrolls and taxes, and all the expenses of public electrical service available at your touch of a switch cost more today.
It's the careful planning of past years—the policy of building for the future, for emergency conditions—plus efficient business management that enables us to continue the same high quality of electric service at pre-war rates.

STRAIT IS THE GATE..
Rev. Hilton H. Hesketh, M.A.

Day of Liberation

Today the flood-gates are open Now the forces built up from nothing [illegible] come flow—some every months are released. Today an unprecedented federal [illegible] assistance in pouring across the Channel Now at long last, the helplessness of being [illegible] the Nazis ends as changed into the grim countenances of forces to match the task Today tight-lipped machine, at hard for hour, is [illegible] the attack of months

Today, while we are grateful that adequate power is now in our hands let us rejoice not in our power to invade so much as in our power to liberate Let us think not of ourselves and our greatness but of the [illegible] Let us think of power, not as a tool placed in our hands to serve mankind in our own and future generations.

This war, we are told, is to decide the fate of the world for a thousand years. We make no arrogant boast that our way of life is so good that it ought to be forced on forty or fifty generations yet unborn; but we do believe that the victory of our forces will leave an open field in which to work out mankind's way of life progressively better than any we now.

It is, therefore, with a stern but humble sense of our responsibility and with a quiet sense of support from the centre of the universe, indeed from the very Meaning of Man and of History that we enter this hour. We enter it on the long-awaited moment when the half-starved peoples of the world may begin to receive food from our fields and herds. We enter it on the day in which we begin to answer thousands of thousands of prayers for a life of freedom and decency. We enter it with all its suffering, as the day in which our sons and brothers and fathers and husbands along a fifty mile front. Reinforcements and equipment of all kinds is pouring into battle which will eventually lead to Berlin.

Berlin cannot be another war and brought trust line news to their eager listeners. The big event is on and will only terminate when Hitler's Third Reich lets Berlin

Training
As per syllabus.

Announcement is made of the appointment of Major F. R. G. Heron to the command of "C" Company with headquarters at Fort Saskatchewan. This company is made up of personnel from Fort Saskatchewan, Ross Creek, Chapman and Lamont.

Major Heron saw service in the last war, joining the 13th Battalion at Edmonton and served in France and Belgium. He retained his contact with the army on completion of the war, joining the 1st Battalion Edmonton Regiment in March, 1921, and later transferring to the 19th Alberta Dragoons. When that unit became dormant in 1945, he was taken on the strength of the 2nd (R) Bn. Loyal Edmonton Regiment, and up to the time of his present appointment had been in command of the administration Platoon of this unit, parading at the Connaught Armory on the South Side.

All Ex-service men are cordially invited to attend.

Two Big Events Dance and "Meet" At Josephburg

Rain, wind and some Dannet have all combined to play havoc with the fixtures of the grounds, but it is hoped that a community Bee will put matters straight.

Our Community ground is second to none as regards situation and equipment and we are justly proud of it. It rests on [illegible] and [illegible] to be exact location, let us add that it is right [illegible] of Fort Saskatchewan, one of those miles being past where Highroad 15 Jags north on its way to Lamont. Two dates would be approximate for a visit, June 8th, track meet and June 20th, the Strawberry Social.

Incidentally if you have not seen Josephburg school, this both of us burst line on the same route.

Looma School Enjoys Hike

The children of the Looma school enjoyed a hike to Sands's creek last Saturday. Swimming and a lunch supplied most of the entertainment. A good time was reported by all even if we did get a bit dampened.

L.A.C. "Happy" Athinson was home for a few weeks furlough. He left last Monday for his station at Patricia Bay, B.C.

The Fultonvale boys met the Looma boys in another ball game, Sunday, at Looma. Fultonvale was [illegible]

The New Sarepta high school team played the Looma team on the Looma school grounds, Monday. The score was 15-11 in favour of New Sarepta.

The Looma Young People's Club held a dance last Friday in the Looma hall. Many thanks for the music, boys.

The telephone construction gang is now in Looma, boarding at A. Wensel's. They are working east way from Looma, and will shortly cross her and move wires to the north.

A new button-fast spread for use in tropical weather is being manufactured in Australia from crumpled [illegible] The washing point of the product is around 160 degrees Fahrenheit, but it remains efficient in [illegible]

The demand for nickel in Canada, announces the major portion of almost all Canadian farm [illegible] Wheat is the principal exception, but in recent years the export trade has become relatively more important for oats, barley, rye, flaxseed and bugs.

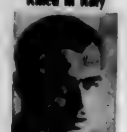
Killed in Italy



Gunner Kenneth Victor Skaggs, Bob F.O., R., Edmonton, who was killed in action in Italy on May 24 according to word received by relatives here. He was born at Queen's Avenue while school, Parkdale, and the King School high schools. He enlisted with the 43rd Battery, R.C.A., in November, 1940 and went overseas in June, 1941. He was well known in the Fort Saskatchewan district where he worked on and delivery man on the rural route. He is survived by his wife and daughter, Gail; his parents and three sisters, Mrs. J. S. (Winnie) Cody, Mrs. Tom (Ina) Critchley, both of Edmonton; and Mrs. Bob H. (Vada) Thorne, Bindloss.

—Courtesy Edmonton Bulletin.

An old darky got up one night at a revival meeting and said "Brothers and sisters, you known an' I known dat I ain't been what I oughter been, but refused temptation's mighty hard, an' take her, an' get drunk, an' chase after wimmin, an' all dat crape, an' caused an' sorrow; but I thank de Lord dere's one thing I ain't robbed dere: I ain't robber but mah religion.

A WEEKLY EDITOR LOOKS AT

Ottawa

Rental rebates always make for an interesting study. Unlike the United States, Canada cannot yet be called a "melting pot" About one-half of the population in the Dominion (4,715,004) belong to the British Isles roots; some 80 per cent (3,402,-033) to the French race and 15 per cent to other European races, the 1941 census shows. Asiatics number less than one per cent. Increase in origins: the French by 32.2 per cent British Isles, 6.2 per cent, other European races by 11 per cent. The number of Asiatics, it is shown, dropped by 12 per cent, mainly by a 25 per cent falling off in the number of Chinese. It is very interesting to note that three of European origin born in Canada in the past ten years increased by 33.6 per cent compared with 25.2 per cent in the ten years before British Isles origin born in Canada went from 77.3 to 79.3 per cent.

• • •

The land conveying Canadian coal graves overseas is held in perpetuity for the Canadian people in the name of the Dominion government and bereaved parents will be interested to know that even during hostilities the Imperial War Graves Commission has, it is said, graves are properly marked and cared for. When war ends one of the first duties of the Commission will be the movement of all temporary memorials with permanent headstones. How all known graves will be retained marked by specially designed wooden crosses, even with the War Dead in the case of Jewish graves. Ample space is to be provided on the permanent plots for a personal inscription and the engraving of a religious emblem. If the next of kin so desire. Relatives who wish to make enquiries about war graves should address them to Imperial War Graves Commission, Canadian Agency 819 Transportation Building, Ottawa.

• • •

Two appeals we think worthy of support by Canadians have been made by Hamilton Minister Howe. Owing to automotive plants working at capacity on war production, the Minister urges all rural owners, to obviate applying for new vehicles, by keeping their present ones in best operating conditions, replacing worn out parts, limiting operating speeds, avoiding overloading and ensuring correct load distribution. Regarding possible food shortage, conservation in wood-burning areas should build up stockpiles at once the $1 per cord production subsidy having been extended to Sept. 30, 1944. Even the hot whisky was the subject in '70 years, it was necessary to draw on governmental stockpiles to the extent of 100,000 casks.

• • •

Canadian research has linked the dread poison fog, and the Botany Division of the Central Experimental Station, Ottawa, now gives you the solution. Ammonium Sulphamate, to be applied early in June at as near as possible to the blooming stage. Used as a spray (three-quarters of a pound per gallon of water to each 160 square feet) the cure fire dope, but be sure and keep it confined on the plants to be eradicated. The action is a gradual drying up action on the foliage.

• • •

Call 'em subsidies if you like, but the result is more money in circulation from the consumer, up and down. Did you know that in the last fiscal year $21,277,492 was paid on milk and milk products, cream, cheese and butter subsidies. The estimated requirements for the next fiscal year was stated by the House of Commons by Minister Gardiner as $47,000,000. The butterfat subsidy for 1942-43 is estimated at $20,320,000 and for field milk, $11,320,000.

• • •

The joint Dominion-Provincial farm labour program has been one of the provinces within its sphere already, and it is expected the others will be to soon. The idea, is to move workers from surplus areas to deficiency areas, and to provide transportation for the agricultural labourers. Dates to be provided for this year's operations by the cities already are British Columbia $80,000 Alberta $90,000; Manitoba, $40,000; Ontario, $180,000; New Brunswick, $15,000 and Nova Scotia $60,000. A further sum of $800,000 is provided by Order-in-Council and cost of interprovincial transfers necessary.

• • •

Here's a break for the sweet tooth. Proceeding on annual orders-in-council on domestic sugar basis, they don't have to pay more than $35 for a round trip ticket, no matter where in Canada, the government assuming the difference. That should address some grounds for previous gripes.

YOUNG PEOPLE CAN HELP

The great assault on Hitler's fortress Europe will soon start. Regardless of how many men there may be now in the fighting fronts, reinforcements will have to meet casualties, supplies and foodstuffs they have been, we must be quite sure of one thing, which is that still more men will be needed to go into battle, that still more equipment, more munitions, more supplies and more foodstuffs will be most urgently needed. This all means that the attaining shortages of manpower in factories and in farmlands will be more acute in the near future than it is even at the moment, and that our farmers will urgently need more help.

Young people from high schools and universities, who will soon be finishing their summer vacations, are certainly help Canada's war effort if they will enlist every opportunity to work on farms during their summer vacations. They would find the work most interesting, and would furthermore have the knowledge that they are helping to produce more precious food for our fighting forces overseas, and so they would themselves be striking a blow not only to ensure eventual victory, but indeed shorten the war and so help to bring their own comforts and future home as quickly as possible from the battle fronts.

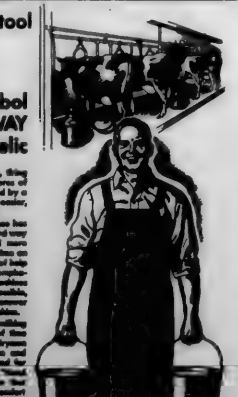
The Milking Stool

Another Symbol of the HARD WAY Becomes a Relic



One by one the time-tolling, thing and firearms hand labor drawn of the farm have been eliminated by a machine that does the work easier, quicker and more profitably.

The milking stool for instance has long been a symbol of the hard way to do a job. In many dairy districts men spending less than an hour milking stools now. Shortage of help and pressure of work have compelled the use of milking machines instead of muscles wherever possible, and dairymen have found the answer in the mechanized milking machine.

Because the purchase of a milking machine saved them hours of time and labor, because it did away with the need for help to carry out and handle from the gasoline engine to the milking machine, because it "paid for itself" in not far from time they have experienced the comfort and convenience of a mechanical milker.

In the progress that Canadian agriculture has made in improved equipment and mechanization, the implements and machinery sold by Massey-Harris has played an important part. Among the best and oldest service that your local Massey-Harris dealer has to offer is the Big Way Miller. Make it a point to ask him for full particulars.

Big Loss of Crops Caused by Weeks

In the prairie provinces, estimates of the actual reduction of the yield of crops due to weeds vary considerably, but careful experimental work in many widely separated districts indicates that western grain crops are reduced by about 10 per cent through the competition of weeds in the field. In other words, if western farmers on the average harvest three bushels of wheat per acre less than they would do if there were no weeds. The yield in other grain crops are affected in like proportion.

In Eastern Canada and British Columbia, experimental results show that 10 per cent is a conservative estimate of the reduction in crop yield due to weeds. Based on the total value of the field crops in these areas, this represents an annual loss of about $25,000,000.

Large as the losses are through lowered yields across the Dominion, other losses from weeds add up to a great deal more, as for example, summer fallowing made necessary because of weeds and the extra soot involved in the harvesting, threshing and shipping Weeds, in short, add to the cost of between-times; result in lowered grades of the sort-quality of grains and forage crops; involve the purchase and maintenance of additional machinery, and cause a marked reduction in land values.

—V—

Provincial Election Soon?

The activity displayed by the Social Creditors and the C.C.F. the gaining candidates in to the field for the provincial contest tends to bear out the belief that the Manning Government may call a general election at any time in the near future. But we suspect that Mr. Manning will wait and see what happens in Saskatchewan on June 15th, where the C.C.F. is putting up a very energetic campaign against the Liberal government of that province. Should the C.C.F. win out in Saskatchewan, or even show a substantial gain in the membership of the legislature the Alberta government will pause and do some very heavy thinking before tackling an election. A win in Saskatchewan will certainly put a lot of pep into the Alberta C.C.F.ers and make the Manning Socialists sore. But if the C.C.F. powers are in Saskatchewan, it will also pour out in Alberta and an Alberta provincial election will be called in late July or early August.

Outside of possibly two or three constituencies, the Liberal party, as such, is very unlikely to bring candidates into the provincial field That will be left to the Independents for the most part and they have already named a few candidates recently in Southern Alberta.

In Vegreville electoral division, a three-cornered fight is sure. Social Credit has already nominated N. H. Welsh, C.C.F. will name their man on June 10th; the independents have not yet announced a nominating convention, but they will contest the division all right.

One can only hope that the Alberta government will not try to put off the same event as they did in 1940, namely, with plenty of red hitting and fighting on both sides.

After all the candidates were ready, on the 17th day of August, a Manitoba circus team defeated the Josephburg team in a very enthusiastic game.

Then followed the volley ball game. The Josephburg girls played up an all-girl Mansfield volley ball team, and side taking one game. The Josephburg men also played a boys team from Mansfield with each side taking one game. In both cases the rubber was unable to be played as darkness would not permit.

A perfect evening was then brought to a close with a wiener roast in the Alton bush, around a roaring bon-fire.

• • •

Beaver Hills W.I. met at the home of Mrs. Ed. Underchultz on Wednesday, between showers. Those home canning was given a long discussion the church hymn-book, a much needed reform.

Arrangements were made for the annual Strawberry Social to be held on the Community Grounds, Mr. and Mrs. J. Ralphbits on the June 30th. Watch the Record for advertising of this event. It is hoped the strawberries are bigger, brighter and better than ever before—we hope.

• • •

A farewell party in honor of Wilfred Hume, who will leave shortly to resume military duties, was held at the home of the parents. A goodly number were present and spent a pleasant evening, in spite of weather conditions and a merry evening was enjoyed by all.

• • •

Our junior rural basketball team suffered an unfortunate defeat last week when the volley ball landed on the Hula Hoops of her right hand and consequently she was out of the game. It was soon determined the exact nature of the break and provided the necessary repairs. Miss Hoe has continued her duties at school in spite of her head. Good luck Beaver! we say 'Dogsnrap'.

• • •

Frank Kolak played the role of Good Samaritan to our Community ground when he, accompanied by Johnny Kolak, spent some pleasant hours bowling the diamond and the race-track with the Municipal grader in preparatory to track meet. Our sincere thanks to councillor Meyer who gave his permission for the operation of the good deed.

• • •

"It never rains but it pours", sorrowfully remarked the Josephburg farmer, as he saw his hams and bellies, hanging in the smoke-house, during the unseat seige of precipitation.

IN MEMORIAM

In loving memory of Margaret Ann Simmons, who passed away June 7th, 1942.
Time's not forgotten, Mother, dear,
Nor ever shall you be;
As long as life and memory last,
I shall remember thee."
Sadly remembered by her daughter Minnie.

A Neighbors' "Thank You"

Mrs. J. J. Moore

When trouble crept into my home
I, to myself, did say,
"Your sturdy shoes I can
Though neighbors live close by".

Little did I know, just then
How fast the news would fly,
Alone no more! How good to find
My neighbors "standing by".

With little care as dear to them
Some alone, as much as I,
This friendly group encouraged me,
These neighbors "standing by".

"Thine deletion for your children take."
"This dinner eat—just try".
Advice and loving counsel from
My neighbors "standing by".

Dear God! I humbly pray to-night,
That others suffering heaven send,
May each home be as richly blessed
With such neighbors "standing by".

Local News

Mr. and Mrs. John B. Bray, of Magrathiana, were visitors of Mr. Bray's mother, Mrs. Geo Miller.

Pte. G. A. Miller was home this week on four days leave, from Petawawa.

Commodore's Hardware—Listen to Money Man Tuesday 9-9:30 C.J.C.A.

We are now advised through the Department of Public Health, Tuberculosis Division, that those parents urgently desiring X-Ray of children below twelve years, can have these at six to twelve years accommodated.

Miss Alexia Chambers of Magrave, Alberta, visited last week with her aunts, Miss Lena Ribordon.

Local fishermen are having success at the Sturgeon river the past few days. Messrs. Fred Sherman and Walter Sherman Tuesday night caught four, which is considered a good catch for one evening.

Can you use more Garden Seeds? —Lalonde's.

First United Church held a special service and prayers for our fighting forces Wednesday evening. Rev. R. H. Birdsall officiated.

On Friday evening a number of friends of Josephberg gave a surprise party in honor of Wilfred Mann, who is returning to his station in Quebec. Some of the guests were unable to be present due to bad roads.

Chas. Magee is laid up with a slight heart condition. He many friends wish "Charlie" a speedy recovery.

D. C. Lyons, local elevator agent was transferred by the Irwin Heaton house in town. Mrs. S. Routledge and family are residing in the residence he vacated.

It is reported that Mrs. Routledge has purchased the former Hargrove home.

Born June 6th to Mr. and Mrs. C. R. W. Mayer, of Fort Saskatchewan, at the Royal Alex. Hospital, a daughter Doris, Elizabeth, Ann.

Stewart Palmer, an employee of the Bowron and Lind, was struck by a hit-and-run driver at 103rd Street and Jasper Ave., Edmonton, last Thursday morning. Mr. Palmer told police that he was a passenger in a car and had just stepped out of the vehicle when the hit-and-run car ran over his left foot and struck his right leg. Both legs were not serious enough to necessitate any casts being applied.

The Girls' A.A. Club will hold their regular meeting Tuesday, June 13, at the home of Mrs. R. Tatnall.

The C.G.I.T. library will be open Monday and Thursday evenings at the regular time, beginning June13.

Mr. & Mrs. L. Schiewe Celebrate Anniversary

Whitemud Residents

"The windows of heaven were open and the rain was upon the earth forty days and forty nights." When the results of the drastic attempt to remove all from the earth was censured up Jehovah decided: "Never again!" This is ancient story is preserved some touching that is forever true. A cause is never so good but it loathes some people for whose thoughts and motives are as evil as any on the enemy side. After a great victory over evil the minds of all you have destroyed still remain and are already spreading.

Benedetto Croce, the renowned Italian philosopher and historian and anti-fascist, has recently said the same thing when he reminded us that victory by the United Nations will not mark the end of fascism. Indeed some have gone even so far as to say that the war against fascism or totalitarianism is the surest method of spreading it Warnings have already been sounded that the peoples that meet beware of fascism after the war are not the ones nations but the democracies.

The friends of Jesus were eager for him to use the flood method against evil, but he reminded them that good and evil will grow side by side until the very end of history. Their disappointment in this probably blinded them to the meaning of the parable about sorting fish The important thing to any person to do is to develop his God-given ability to evaluate, to choose, to make decisions and to act,—all under the increasing influence of love. Then he shares in the kingdom of God.

As better than the method of the flood Jesus proposed a persistent blend of friendship that would purify from the good of other people—even those who do not like us and those we do not like.

—V—

Fort W.I. Need Knitted Articles

At the Fort W.I. meeting Wednesday afternoon it was decided to enter the Navy and Airforce competition of resource in Sept.

Home Comforts Committee reported that they needed blush cocks, honey string and cotton to complete Xmas parcels for the boys overseas, which are mailed in Oct.

Daisy Bag Committee, but bags ready, outside of knitted articles, such as socks, scarves, caps, etc.

How that the invasion is on, a call for more duty bags may be in the offering.

Anyone having the above mentioned articles, are urged to get in touch with Mrs. G. Evans or Mrs. H. Thomas.

Delegates will attend the constituency conference at Ben Ascord on June 23rd.

Mr. and Mrs Ludwig Schiewe, of Ellerslie, Alberta, were the recipients of many beautiful gifts from their friends on the occasion of their 25th wedding anniversary, May 29th. The home of Mr. A. Schiewe was the scene of the happy reunion and celebration that will long be remembered by all.

Congratulations and good wishes are extended to this happy couple

On Wednesday, June 7th, the local Delegates will be chosen to attend the Peace Convention at the close of the month. Those nominated were J. Bendiet, H. Schiewe, P. Ashby and H. Stelter

Plans were also in the making for a picnic in July.

The Local would appreciate a better attendance at meetings. These are held the first Wednesday of every month.

Mr and Mrs. H. Schiewe were visitors at Leduc on Sunday

Mr and Mrs. M. Krupa were visitors of Mr. and Mrs. F. Hayduk, of Calmar.

Miss D. Krupa was home on Friday, enroute for Prince Rupert Monday.

Arrives Overseas

P.O. Ronald S. Bowron, R.C.A.F., has arrived safely overseas according to word received by his parents, Mr. and Mrs. F. W. Bowron, of 4th Inland Park.

Ronald has done a great deal of travelling and is now with the R.C.A.F. Of all the places he has seen, Bermuda is by far the most beautiful and hopes one day to have a second visit there and to the big job is finished.

A brother Ted, left for the West last week. He is in the electrical Corp.

Jasper-Edson, West Edmonton U.F.W.A. Hold Conference

Area we are pleased to report the annual meeting in conference of the members of the Jasper-Edson—West Edmonton U.F.W.A. held in the Masonic Temple in Edmonton last Thursday, July 8th.

The addresses were most useful, inspire and interesting. One of the most gratifying features of the conference was the interest exhibited by the members in the various discussion questions.

There also addressed the gathering were as follows

Mrs. Mayfield Rose of Mallaig Provincial President, in the absence, due to illness, of Mrs Molly Coupland (Vice President) delivered a short address on matters relative to the organization.

Mrs. F. C. Butterworth of Edmonton, one of the Advisory Committee to the W.P.T.A., on Shortages and Price Control.

Mrs. Harris of Barrys, Convener of Rural Work, brought greetings from the Farm Young People's conference. Her questions as to what to ask ourselves was "Do we love as much energy and effort in the assistance given to and the betterment of the lot of our young people as we do to entertaining them?"

Mr. Wallace Ingram, of the Institute of the Blind, elaborated on the extension work for the blind.

Rev. D. C. Ramsay, pastor of the Germans United Church, gave an address on "The political arena of which we should be the field wherein the religious minds of the nations could be applied"—this in refutation of the statement that "Religion and politics don't mix."

Mr Paton, Horticulturist at the Mental Institute at Oliver re: Horticulture.

Dr. G. Fred McNally, Deputy Minister of Education was present to day Education to Rural Schools

Mrs. Hector Clark of Horse Hills, entertainment convener, led in the community singing as well as accompanying for the meeting. A solo was rendered by Mrs. Brick of Edmonton, Mrs Lee Grindlay Jackson, an Edmonton poetess gave two readings. He is the first the Home Front" series, entertained the assemblage with her lively wit and the reading of two of her poems.

Another feature of the day was sale of aprons in aid of the Prisoner of War Fund.

Some of the "Bi-Lights" of interest and philosophy gleaned are as follows:—1. The slogan of the W.P.T.A. is Eat it up, wear it out; make it do. Anyone finding any irregularities in prices should report same immediately to the W.P.T.A. and may do so without any fear of their name being divulged.

2. Out of every ten people have defective vision, 50% of which is preventable. 95% of these cases

Uncas Pioneer To Leave District

Mrs. M Gosling of Uncas regrets that she can't find conveyance to take her to the Uncas Community meeting Monday. The meeting will be held in the community hall. The members wish the people every success and hope that they will be back in the community soon.

Mr. O. Johnson, pioneer of Uncas district, has sold his farm to Mr. Hall, and is moving to Edmonton. He was a member of the Community Committee for the Uncas Community Hall. Mr. Johnson has been a resident of the district since 1912. While on the Uncas Community Committee he rendered valuable service, and we are sorry to hear of his departure, but wish him every success in his new home.

Mr. and Mrs. Krupinski were visitors at the home of the latter's mother, Mrs M Gosling

Pte. S. Marsh is home on two weeks leave

Mr Allen Ward reports finding an altimeter released from an U.F.A. airport in Wisconsin, U.S.A. The machine was picked up on the shore of Lake Michigan. It was the property of its kind to land in the district and Schewchuk boys found a similar machine some time ago.

A car driven by J. E. Hutchison collided with a car driven by N. Marsh Saturday night on the Wye road. W. Fellner, a passenger in the Marsh car suffered slight injuries. Both cars showed effects of the crash

Uncas and Garden communities extend their sympathy to Mr. and Mrs. Chephas family on the death of Paraitrooper Leonard Chephas, who was killed in action. He was trained at Uncas, and saw service in the Aleutians prior to going overseas. He is the first casualty in the district, and had the honor of being the only paratrooper in the large area.

Wedding bells are starting to tinkle in the district and it looks as if a wedding will soon take place.

Josh Benny's Garden Report
"My potato crop turned out well. Some are as big as marbles, some as big as peas, and, of course, there are quite a few small ones."

Court of Revision Dismisses Appeals

Members of the Town Council met Monday morning in the Secretary's office as a Court of Revision to hear several appeals against business and property tax assessments. Mr. Sidney Gee, was also present

Many appellants appeared before the Court to support their written appeal Due consideration to each individual appeal was given by the Council However, the members felt that as the same "yardstick" was used in assessing property throughout the town, and that a true assessment had been given, all appeals were denied.

A By law for the raising of money by the following mill rates was then read and passed

School	35 Mills
General	20 Mills
Social Service	2 Mills
Total	57 Mills

This is a 9 mill reduction over last year.

The following discounts will be allowed on 1944 taxes

"1-0". Discount will be allowed on 1944 General and School Taxes if paid on or before July 15th, 5% Discount if paid after July 15th, and on or before Sept. 1st. No Discount will be allowed on Social Service Tax.

The meeting adjourned at 4 p.m. in the afternoon until 8 o'clock in the evening

At the evening meeting, it was decided to advertise for sale the property known as the F. R. Turner residence and one lot.

A number of delinquents in payments to the town, in one way or another were discussed Further discussion and possible drastic action was left over to the next regular meeting.

—V—

Red Cross Concert Postponed June 30

Due to the T.B. Clinic operating in the Community Hall, it was decided to postpone the Red Cross Variety concert for one week. Ticket sales indicate a large crowd will be on hand to see "Snow-white and the Seven Dwarfs" presented by grades 1 and 2.

So follow, we'll be seeing you on Friday, June 30th at 8 p.m.

Congregational Meeting St. Mark's Church South Cooking Lake

The congregational meeting of the friends of St. Mark's Church, South Cooking Lake, was held last Friday evening at the Griffin home. The meeting was called to consider and formulate ways and means whereby more people, residents, visitors, might enjoy the perchpews offered by the beautiful little church, set among the trees. Our resident minister, Mr. Ernest Nix, B.A., in his opening prayer for God's blessing on our deliberations, asked a blessing on our boys also, and on the boys of our allies, now come to grips with the evil host of Germany.

The informal conference which followed brought to light several suggestions full of promise for the advancement of the kingdom of Jesus Christ in our neighborhood. Indeed the little gathering was so delighted that we hope there will be others of a like nature. Those present besides Mr. Nix were Mr. L. Cohu, Mr. Ugrey, Mr. and Mrs. Caudell, and Mrs. Hulbert.

It was delightful last Sunday afternoon to turn off the hot, glaring dusty highroad and to walk into the cool, restful, little church of St. Mark's, with its quiet, subdued light. The little company assembled was larger this week, and we were glad to welcome Mr. and Mrs. Stevenson, of Bethel, rapid.

Clever Boy

Rozelle and Sylvia Norman sang a duet "Jerusalu", in which their sweet voices blended beautifully.

Mr Nix preached a thoughtful, challenging sermon, closely comparable to the short, lasting days through which our boys are passing. His hope was Suffering, its place and function under God, in the life of the individual and the nation.

—V—

Franklin District News

Fallowvale's revenge was thus caught indeed on Thursday, June 8th, when that team defeated Franklin on Fallowvale diamond. The score was 20 to 7 (or 22 to 5) but what matters one more or less when victory is so thorough that we may say the visitors walked into the victor's wards.

Nevertheless, Franklin's band, though bloody, is unbowed, and our suggestions full of promise for the advancement of the kingdom of Jesus Christ in our neighborhood. Indeed this little gathering was so delighted that we hope there will be others of a like nature. Those present besides Mr. Nix were Mr. L. Cohu, Mr. Ugrey, Mr. and Mrs. Caudell, and Mrs. Hulbert.

It was delightful last Sunday afternoon to turn off the hot, glaring dusty highroad and to walk into the cool, restful, little church of St. Mark's, with its quiet, subdued light. The little company assembled was larger this week, and we were glad to welcome Mr. and Mrs. Stevenson, of Bethel, rapid.

Weddings Feature South Cooking Lake District News

Gaily bedecked cars with echoes flying, have been streaming through South Cooking Lake during the past few weeks, reminding the staid, sober married folk that they, too, have had their day; and bringing to bachelors and spinsters bright reveries of their day to come.

The two weddings that have interested us lately will also interest the people of Josephburg for a son and daughter of Mr and Mrs Mansvelt formerly of Josephburg figured prominently in these two happy events.

On Tuesday, May 30th Johnny Mansvelt was the fortunate member of the family when he was the bridegroom of Miss Sandra Dubian on, of New Sarepta. The next week, on Thursday, June 8th, Rosie Mansvelt was the bride of Mr "Andy" Kwasnik, of Josephburg figured prominently in these two happy events.

On Tuesday, May 30th Johnny Mansvelt was the fortunate member of the family when he was the bridegroom of Miss Sandra Dubian on, of New Sarepta. The next week, on Thursday, June 8th, Rosie Mansvelt was the bride of Mr "Andy" Kwasnik, of Josephburg figured prominently in these two happy events.

The people of this district thank in the truest manner that has fallen to a young husband. Mr Pete Stadiec, Kwasnik, of Josephburg figured prominently in these two happy events.

The people of this district thank in the truest manner that has fallen to a young husband. Mr Pete Stadiec, whose death has suddenly reached his young wife (nee Vera Krish) who passed away in a city hospital on Tuesday, June 6th. We all wan Pete to know that we are thinking of him, and we extend our sympathy to Vera's father Albert Krish. Of her three brothers Pte. John Krish (A.S.) Walter and Emmet of South Cooking Lake, and of her four sisters Carrie Anthonie, Mary and Wanda Krish, all of South Cooking Lake.

Track Meet Dance Josephburg School Huge Success

The dance sponsored by the Senior Keen Club as a wind up to Track Meet Day proved an unequalled success. The youngsters themselves undertook the bulk of the arrangements, but their good friend Miss Muir and sundry willing parents all contributed to make the venture a success. The cause (comforts for the boys in the Forces Returns are no small in to date Kruzsel orchestra supplied the music.

R E S

A social in honor of our old school pal Rowly Mohr and his bride, nee Jean Alton, was staged at the schoolhouse on Saturday night. The was Rowly's first return—officially—to the old home stampeding ground, so he was enabled to meet his old pals face to face a presentation of a chest of silver was tendered the young couple by the Young People, of whom some forty-five were present. An evening of games and fun followed by light refreshments concluding a happy evening. Our best wishes accompany the young couple.

R E S

On Wednesday last the sports ground was a busy spot as willing community workers turned out in force to put the grounds in shape. The result was past all expectation.

And the 1944 Track Meet is history! Full details as to the winners in the various events will appear elsewhere in the Record. The day was perfect and we do not mean maybe. Brilliant sunshine—not too hot and a gentle breeze together supplied the best of conditions. Mosquitoes even decided to absent themselves during the main part of the day. Our sincere thanks go out to those kindly citizens who lent their cars which were so much to this early part in the various events. The thirst of the young participants was prodigious. The lunch counter presided over by the Red Cross, and the booth under the able management of Albert Thomas, did a whale of a trade in liquid refreshments. At the gloaming of the proceedings one noticed that the crush of not the spats, was parting merrily part. At the end of the day even this source of thirst quencher seemed to have lost its vigor

One face at least we were glad to note among the crowd—that of Allen Schneider His unruffled good humor and many friends did as of stormy threats as he pursued his profession of Canute in the ball games. Come again Allan! We need you in the business

R E S

Ed. Note Due to lack of space this week the track meet report was held over until next week.

R E S

"Many a marble makes a market," observed the Josephburg farmer, as he carefully added potat-o bug No. 179 to the splendid collection on his bed gathered in his battered jam pail We do not wish to imply that the said aprimilarist had any sanitary intentions of turning his engrossing brain preserves Sugar is harder to come by these days than coal oil

R E S

At Beaver Hills Church Mrs. Wm. Fisher gave a report upon that portion of the recent Church Conference which she had been privileged to attend. She professed her report with the observation that it had come as quite a surprise to her how many and varied were the undertakings of the United Church of Canada.

—V—

He was dug out of his bed-room and hurried to a doctor's office.

"I can't do anything for you," said the doctor, "I'm a veterinary surgeon."

"That's all right," replied the patient. "I was a jockey to think I could do 20 on those tires."

For Fathers' Day

Mrs. J. J. Moore

The Lord looked down upon the earth
With no poor mortals in it
So busy to earn with verbiage affairs
We couldn't, for Him, spare a minute

He looked around. What can I give
To these poor creatures below
That their eyes may be turned
Heaven
And their spirits more beautiful grow?

And then he thought of a father,
I'll fashion him like Me.
But he'll also be a shining link
Twixt Me and humanity
His human nature will keep his feet on the sod.
He'll err and he'll wander from Me,

But the depth of his love and his patience, and God,
"Will breath of Divinity"
Thus a child's thoughts of his father
Will blend with his thoughts of Me,
And so the step between Life and Death
Will more glorious and trusting be".

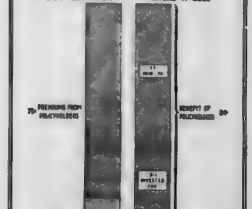
What happens to the Life Insurance dollar?



For every 75c received from policyholders, 84c was either paid to them or held for their benefit.

The figures are based on the latest published report of the Dominion Superintendent of Insurance. They show, on a revenue basis for the year 1942, the results of the operations of the 20 Canadian companies registered with the Dominion Department.

Local News

Mrs. H. Ryan, of Beaver Lodge, has returned home after visiting her parents Mr. and Mrs. C. E. Wilkinson.

Born to Mr. & Mrs. Albert Keith, of Radon, Sunday, June 11th, in the Lamont hospital, a daughter.

Bob Sherman commenced duties at Gibbons, Alberta, on the regular service at the C.N.R. station on that point. Bob has practised the "key" and operation of the local station under the able supervision of his father for several months. He has the opportunity now, and it is no doubt that Bob will give a good account of himself.

Clover Bar miners, 17 Stephenson, commence new clearing house for Saturday, in an advertisement in this week's Record.

There will be a dance at Sodom Hall, Bruderheim Friday night.

Only local and district news let the columns of the Record this week as quoted news items were held over until next week. Among which were the results of the district track meet at Josephburg and the local high school track meet. Both items are very lengthy and will take up considerable space.

The regular meeting of the United Church W.M.S. will be held at the church storeroom June 20th, at 2 p.m. The devotional study of the month, Lay is "Christian Values for Children and Youth."

Mr. Harvey Cranston, who has been employed at Fort Saskatchewan for the past year, is visiting in the Pas.

Stopping a while in Edmonton, on the second convoy going to Wainwright, Pte. Herbert Hamstead, of Vancouver, took time out to visit his younger brother Lawrence. It was a very unexpected and joyful surprise for the young bomber.

School Finishes

The war savings total is $23.00. The per cent standing of each grade in regular objective III

Grades 1 and 2	105.7
Grades 3 and 4	93.2
Grades 5 and 6	75.0
Grades 7 and 8	65.0
Grade 9	50.0
Grade 10	30.0
Grade 11	71.9
Grade 12	66.6

The school picnic, which was taken last week, was a success today.

Letters in the W.I. From Him in the Forces

R-140276 L/Cpl. R. W. Cooley,
H Platoon,
No. 2 Basic Training Centre,
Canadian Army Regiment,
Fort Sask. Women's Institute,
Fort Sask., Alberta.

Some how I just don't know how to begin this letter to you so I guess you just will have to excuse my inarticulate somewhat. Now, am I going to tell you of a day in the army washing or maybe we are doing some kind of a job, when some of them is a rush for him. Shucks go on and imagine what the mail is to. After a while the boys quieten down and the mail men begins his task of handing out the letters. Then comes the expectant parents. And in and by hold there is a couple for a pay the mail Cooley And one of these are from the Ladies of the Fort Sask. Institute, and I surprised how I felt. I'm sure I do now I will take them out and read my sincere thanks. The original certainly was just what we need over here and they are certainly appreciated very much.

Now I suppose you would like to know how things are going over here. Well about all that I can say is that every thing is going well, and we certainly are glad to win there is no doubt about that. Just how soon I cannot say; but I hope its real soon. I have met Mother Hutton's Father and Wives are hoping the same thing, and we all can say is that we are patient.

It is closing now again many thanks to you all for your kind gift and great to think that the folks back home are doing their part also. It is very much appreciated by myself here, so cheerio for now Ladies.

Yours sincerely,
R. W. Cooley.
May 28, 1944.

Pioneer Day Committee

A purchasing agent who requested a supply house to send him a new razor received this reply:

"The only part of our catalogues we have not mutilated is that in which they state 'Established 1895.' All other information and prices have been withdrawn."

West Salisbury News

Mr. and Mrs. George Ball are moving on the farm recently.

The Ladies' Aid held a silver tea at the home of Mrs. Bashard. The lunches served a lovely lunch to quite a large crowd, who took advantage of the beautiful day to attend the event.

May Hammond is back home again after spending two weeks in Edmonton with Mr. and Mrs. H. Cable.

Mr Hunter has an ice plant this week, a mess from the coast.

Mr. Morin O'Neil, an active member of the Wye Bad Cross Circle, left this week to visit her folks in the Peace River district. Friends of the district wish her a pleasant trip.

The annual picnic of the Wye district will be held on the school grounds on July 22nd. Races and other sports are planned for the afternoon. There will be a dance at the hall in the evening. Every one is welcome.

The regular meeting of the Wye Red Cross Circle was held at the home of Mrs. H. Winchcomb. Fifteen members were present. Plans were made to visit the war veterans this week if weather permits. Other business was discussed. A lovely lunch was served by the hostess, which brought a pleasant evening to a close. The next meeting will be held at the home of Miss Ella Webb on Tuesday evening, June 20th.

Mrs. Harris O'Neil, an active member of the Wye Red Cross Circle, left this week to visit her folks in the Peace River district. Friends of the district wish her a pleasant trip.

Celebrator School club sponsored a wiener roast and dance last week. There was a good crowd and proceeds after expenses are paid will go towards the Red Cross.

Walter Kett and a team of horses fractured in his accident which held the former in bed for a few days.

Messrs. Ray and James Hammond's nephew, Merrin Dumas, is reported missing.

Irwin Judge: "Say Brown, didn't I tell you last time you were here that I distinctly didn't want to ever see you again?"

Charlie: "You surely did, and I wish you'd tell those officers that. They wouldn't believe me."

THE FORT RECORD

VOL. 39, No. 12 — POST SASKATCHEWAN, ALBERTA, CANADA, WEDNESDAY JUNE 21st 1944 — Subscription $2.50 years; U.S. $3.00

"STRAIT IS THE GATE..."
Rev. Hilbert H. Birdsall, M.A.

"The easiest thank of the pirate Religion in the Air was commissioned here for we are from the days of the old Saint and Empire Motto of the little brick church Our fathers would have shrunk from the idea of worship by telephone . . . they would have scoffed."

"Radio has changed our concept of worship . . . In the earlier one of this new medium we thought of it only as means of allowing others to listen in . . . Then a strange discovery started. Both broadcaster and listener found that more were doing more than just listening They were joining in. In some cases they were even asserting that they were getting more from the radio service than they got in Church . . . Hitting above all the home, or in the midst of a very small circle of familiar friends, there is a certain intimate quality in the radio broadcast which is lacking in the public service."

"Personality can be transmitted by air. We can form spiritual friendships across three thousand miles or more. We can kneel down with a fellow worshipper that we have never seen and feel closer to him than we may to one in the same pew in Church!"

"All that is real and spiritual in religion can be carried into the most isolated regions and impressed on the receptive soul in a way that most would have believed impossible a short few years ago . . . Not only can personality be transmitted by radio but the atmosphere also can be transmitted . . . Thousands of miles away though he may be, the worshipper in the nature of his surroundings, he can be brought into the House of God or truly as one who is the pew."

"The entrance into an experience of deep feeling and concentration on the part of the worshipper means the willingness, nay more, the ability to shut out everything else that may mar the communion thereof. The place for such an experience becomes the instrument will be turn the listening room into one of the courts of the House of God. It is not enough simply to listen to a program which is really not a program at all . . . The listener has to re-collect himself, to dedicate himself, and this holy hour to the beauty of a divine fellowship. It matters not that he sits among the ordinary scenes of his daily life. The demands of worship remain the same. Only by bringing this hour under the definite and direct intention of what is high and good, can he worship, hoping to get inspiration and guidance from it."

"The listener enjoys a strange experience. He is alone . . . but also he is a member of one of the largest worshipping groups that history has ever known . . . Here the walls of stone and creed and prejudice were thin. Here the need of soul somewhat ship assembles into the white light of the creative love . . . It would be a great thing if we could realize more of this aspect of our worship on the air."

(Quotations from a United Church report.)

Jerry: "It says here in the paper that in Egypt women carry baskets of fruit and flowers on their heads."

Mike: "That's nothing to remarkable. Women do that over here and call them hats."

Bride-of-Week Showered by Friends

Miss Doris Grandchild, bride of the week, was guest of honor at a number of events during the past ten days Last Thursday evening, at the home of Mrs A Dawson, the United Church choir entertained the bride-to-be and a social evening During the evening Miss Grandchild was the recipient of a beautiful framed picture

Friday evening Mrs S. Thorne was hostess at a miscellaneous shower in honor of Miss Grandchild. Cards and games were played with a delightful lunch rounded out a pleasant evening. Mrs. E. W. Chesbert and Miss Doris Chesbert were hostesses to the younger set, Monday night, at a miscellaneous shower in honor of Miss Grandchild After cards and the opening of many beautiful gifts by the bride-to-be, lunch brought a most happy evening to a close.

Miss Doris Grandchild, one of our popular "Belle" girls, became the bride of Joseph Jodry, Saturday morning.

Miss Olga Albion, daughter of Mr and Mrs. Joe Albion, of Bruderheim, is the new "queen" on the local phone exchange

Franklin Flyer Missing After Air Operations

Our thoughts these days are with Mr and Mrs. John Dawson and family, of Louise, anxiously awaiting further news of Martin Dawson, reported missing after air operations and over enemy area in June His grandparents were old-time Bruderheimers—the late Mr. and Mrs. A. J. Dawson; Mrs. John Dawson and the the late Mr. Dawson.

Nats off to the cheery boys and girls who, on these dripping, drenching days of a week ago, and more, the ability to shut out everything else that may mar the community fitness, place for such an experience becomes the instrument will be turn the listening room into one of the courts of the House of God. It is not enough simply to listen to a program which is really not a program at all . . . The listener has to re-collect himself, to dedicate himself, and this holy hour to the beauty of a divine fellowship. It matters not that he sits among the ordinary scenes of his daily life. The demands of worship remain the same. Only by bringing this hour under the definite and direct intention of what is high and good, can he worship, hoping to get inspiration and guidance from it."

"The listener enjoys a strange experience. He is alone . . . but also he is a member of one of the largest worshipping groups that history has ever known . . . Here the walls of stone and creed and prejudice were thin. Here the need of soul somewhat ship assembles into the white light of the creative love . . . It would be a great thing if we could realize more of this aspect of our worship on the air."

(Quotations from a United Church report.)

SERVICE CANCELLED

The Brownsea Anniversary church service scheduled for Sunday, July 2nd has been postponed indefinitely. The above notice arrived too late to make the change in the church notice column.

Mr. W. Kruk and family are enjoying the homecoming of "Johnny" who has been over on leave from his unit in Eastern Canada. Rumors of many months overseas and, also, of 7 ranging train services, his arrival here was considerably delayed; but we hope Alberta's Own Boy will take to recuperate him during the remainder of his leave.

Fort School Variety Concert Friday Night, June 23rd

Miss [illegible] Principal [illegible] Concert to be held in the Legion Hall [illegible] Thursday June 23rd. The concert will be under the auspices of the Parent Teacher Association and the proceeds will be used for the purchase of [illegible] for the school.

A list of old England scenes to left agnes as Robin Hood and his gallant band of men outwit the Sheriff of Nottingham The play "The King's Warrant", is presented by Grades 5 and 6. "Cupid's Dell and the Water" Grades 7 and 8 will present a [illegible] play.

Do you know the origin of the weather house? Let the grade 3 and 4 [illegible] in a skit entitled "Dutch and Dame".

A group singers, drills and choruses add variety and spice to the programme.

A short programme presented by the grade 7 and 8 girls, closes the evening with the singing of Canada and the prayer continues a whirl of dance and song.

Ardrossan Young People Make Merry in City

The Ardrossan Young People [illegible] a fine start on Friday [illegible] The members travelled to Edmonton on Gordon Chem's bus and after attending a movie at the Capitol they went to the Royal Georges Club for midnight snack. Everybody had the time of their lives and [illegible] a most successful evening.

The June meeting of the Ardrossan War Services Guild was held at the home of Mrs. Evans, Ardrossan Tuesday two members and visitors were present. Plans were made for the Garden Party to be held on July 1st. A Golden sum was realized from the sale of home cooking after quite a period in that office. Mrs. Parker was elected as secretary and Mrs. J. Harris as treasurer The July meeting is to be held at Mrs. Parker's.

The community welcomes home Pte. Lawrence Hammond, visiting Calderwood for a year or so. She was, while in America, the guest of her daughter Mrs. E. Allen.

Mr. and Mrs. J. Andersen had as their guests recently, P.O. C. Bosh, Mrs. R.C.A.F. and Mr. Jorthlaus's sister and brother-in-law.

Miss Jean Nicholson was a recent visitor to Bonnyville.

Miss Doris Andersen and her girl friend were theatre at the former's parents recently.

Wonders will never cease! After two years of rain the sun came out once. An empty supply of moisture was all that was left over on a bumper crop is in using.

Mrs. Thompson, of Vancouver was a visitor recently at the home of Mr. and Mrs. J. McKenzie and Mrs. F. W Reynolds.

Andrassan Community was hosts to a miscellaneous shower at the Andrassan hall on Monday, June 5th, in honor of Mr. and Mrs. Dickerson (nee Ribbh Gunther).

The evening was spent in dancing The music being supplied by Mrs. Ernest Ribbh, Mrs. Fleming, Mrs. Brandy, Mr. Tom Williams. Carl Ribbh, Dupas, Bert Martindale, Lorne Yvonne Bigbat, on behalf of the community presented a carriage of many useful gifts to the bride. Mr. and Mrs. Dickerson expressed their thanks.

A beautiful lunch was served by the ladies of the community to top off a pleasant evening.

Memorial Service

The Memorial Service for Trooper Thos. H. Hamilton will be held in Bruderheim School on Sunday, July 2nd at 3 p.m.

Gobfoot-Lamoureux Nuptials Tuesday

On Tuesday, June 20th, at 10:30 a.m. in the Notre Dame Church of Lamoureux, Rev. Father J. H. Corbier united in marriage Miss Jeannette Lamoureux, daughter of Mr. and Mrs. Ernest Lamoureux, and Mr. Archie Gofbout, eldest son of Mr. and Mrs. Joe Godbout.

Given away by her father, the bride wore a white satin gown, with fitted bodice, a sweetheart neck and long sleeves. Her floor length veil was held in place by a small bonnet of white flowers. She carried a bouquet roses and pink carnations.

Mr. Stanley Godbout brother of the groom was best man.

Mrs. Lamoureux, mother of the bride wore a blue dress with matching accessories and a corsage of mauve sweet peas.

Mrs. Godbout, mother of the groom wore a black tailored suit with hat accessories and also wore a corsage of mauve sweet peas.

After the ceremony a reception was held at the Royal George Hotel, Edmonton.

In the evening a dance was held in the Heroe Hill Community hall.

The newly weds will make their home in Fort Saskatchewan. The groom is an employee of Imperial Motors.

Cormen Ball Suffers Head Injuries

Sunny Ball's son Cormen, had an accident the other day when, he fell down the steps and split his head.

Miss Ruth Bernard, of Carmacks, is visiting Mr. and Mrs. G. H. Stannard.

P.O. James Clement, a nephew of Roy and James Stannard, is reported missing overseas.

Mr. Forbes, of Toronto, is visiting his aunt and uncle, Mr. and Mrs. Hall.

We hear that Mrs. Bonnyve is in hospital. We wish you a speedy recovery.

Philip Kett injured his hand while fixing the toaster.

Clover Bar News

Recent visitors at the Moore, Brownell, included Mr. and Mrs. Athel Stuart, and daughters Beryl and Lorna; Mr. and Mrs. Clifford Johnston and Gwen; Mrs. Norman Scott, and Mrs. Louise Hamilton.

On the invitation of Prof. A. J. W. Hynes, of Blanchard Theological Seminary, Blanchard, Cornwall, ex-Principal Mr. Wilson of Bonnyville Consolidated, recently, a volume of Essays was presented, one of which was written by Rev. Dr. Stanley Scott, of Brownsea. Prof. Hynes taught at Robertson College [now St. Stephen's] Edmonton in 1911. This is where he and Dr. Scott first met, and since then their paths have crossed often.

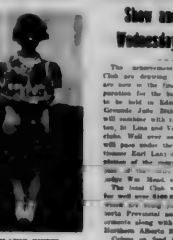
Winners Rural Track Meet

ALLAN KEEBS
age 16, son of Mr. and Mrs. Adolph Keebs, of Josephburg, winner of the grand aggregate in the boys' division of the Rural Track Meet. Allan is in grade 11 at Josephburg School.



BLAINE HIPPEL
age 6, daughter of Mr. and Mrs. Reinhold Hippel, of Josephburg prominent Bruderheim breeders in the second year of the Province.

Ten schools of the district again participated in the annual track meet grounds on Friday, June 9th.

Josephburg walked off the field with all four cups to their credit. They defeated the Mansfield team 27-10 to retain possession of the Athletic Club cup. The Carmendale Cup once again wends its weary way back to the Trophy Room at Josephburg.

Two Josephburg students rang up a perfect score to receive the Individual Cup. They are Allan Keebs and Elaine Hippel. Both, we might add, are smart athletes in their aggregate ages, also.

The Tomther's Softball Team, much to their surprise, defeated the Club's All Star Team 13-4. It wouldn't surprise us if the players who so blindly filled in the gaps in the Tomther's team went to Mantel to earn the personality right to play on that same team next year. The team was sparked by the Deep Creek trouper who pitched an almost perfect no-hit game. Private success befriends that Mr. Macrobinson is being assisted by the Josephburg team.

The day was perfect, but things might not have run off so smoothly were it not for the groundskeep hard by Miss Mair and Mr. Peavy. Both worked hard at these irksome "little chores" that just have to be done before any picnic can go on in a manner. More power to you two, we couldn't have pulled it off, Josephburg, Andrassan, and all.

Legend of Schools:
(J)—Josephburg;
(B) Bodnes;
(VP) Tyne Valley;
(M) Mansfield;
(C) Castle;
(DP) Deep Creek;
(GH) Good Hope;
(T) Tatroville;
(PH) Partridge Hill;
(B) Bodnes.

Relay Team
First Place—Josephburg; Second Partridge Hill; Third—Mansfield.
A-Race
Standing Broad—Allen Krebs(J); Valmore Fischer (J); Irwin Mohr (C).
Running Broad—Allen Krebs (J); Valmore Fischer (J); Irwin Mohr (C).
Ball Throw—Allen Krebs (J); Charles Albion (PH); Valmore Fischer (J).

"What's a culinary objective, Rube?"

"Just walk past those soldiers on the corner and you'll find out."

Douglas Ball Diamond Under Water

Five days of continual rain struck Douglas on every at the week-end districts. Several pieces on the roads are almost impossible to cross, and it is noticed that the school at longer possesses a ball diamond—just a pond.

Little Evan Hilbo was tickled by a bumper, which resulted in the smashing of a bone in her leg. We all wish her a speedy recovery.

Many people in the district are arranging for the new living quarters. If the new houses are not completed by built, they are under construction.

We pay a salute to our mailman! Although everyone was hoping fervently for the best, they all thought that the roads were too great an obstacle —but no! Girls' baseball was on and no keeper is made on it! everything was in ship-shape order.

It seems that a rubber-tired cart had a blow out while traversing the roads from Josephburg to Douglas. We hope that it doesn't happen too often.

Norman Mellroy had the good fortune to have "corn" this week!

The Douglas Guild held its regular meeting at the home of Mrs. Berks, on Saturday, June 10th.

Bill McLear has joined the Navy and is now training. We all wish you the best of luck, Bill.

Our sympathies are with the Burkland family as Pte George Davidson has been wounded in Italy. We all join in wishing him a speedy recovery.

The school softball team tournament is now under way, three games out of the seven having been played Both teams are putting up a good brand of ball, one team having won two games and the other one.

Miss Lloyd Millham, sister of Miss Millham, teacher of Douglas school, was a visitor in the district on June 9th.

District Calf Club Show and Sale Wednesday, June 28

The extraordinary days of the Club are drawing near The calves are now in the final stages of preparation for the big show and sale to be held in Edmonton Exhibition Grounds. John Dish when the club will endeavor to top the North Edmonton, St. Lina and Vegreville beef calf clubs. Well over one hundred calves will pass under the hammer of auctioneer Earl Lazy in after the completion of the show. Approximately [illegible] of these calves were [illegible] Judge Wm Hood, of Olds

The boys will be competing for well over $1500.00 in prize money, which are being put up by the Alberta Provincial and Dominion Live stock Associations and the Edmonton Exhibition.

Calves on feed in the local club this year are all good blood Shorthorn calves selected from some of the most prominent Shorthorn breeders in the central part of the Province.

The other achievement day will be held in conjunction with Health Day, and at the farm of E. H. Byers, of Clover Bar on Friday, June 23rd at 7 p.m. sharp, when judging competitions will be held to decide the team of two members to represent the Club at the Provincial Finals and subsequently Provincial finals to be held there this fall The Achievement Day Competitions will be held in connection with Health Day, and will consist of the following judging competitions. The prizes again are provided for by the Alberta Provincial Department of Agriculture.

There will also be a showmanship competition with open all prizes sold on the Calf Club Sale Day.

The Club has held several successful meetings throughout the year, the last one being held on the farm of Mr. Fred H. Miller, District Agriculturist for the Edmonton District. He has instructed and illustrated on motion pictures, the feeds and management of calves, and the club is only along with other classes of the Calf Club Project.

Officers of the Club are:
President—Fred Miller
Vice-President and Mr Alfred Hark re-Secretary The twenty (20) members of the club are drawn from districts to twenty years of age.

Directors (including Press reps.) are appointed to carefully organize and control and support the junior club movement in the district for the purpose of advancing among the farm youth:

(1) Improved agricultural production,
(2) Intellectual education,
(3) The development of good citizenship among the youth.

Anna Hill Home Economics Club has been selected from the nine local clubs in the district, and Red Deer Hill Bruderheimers and are ready for distribution to members of the Fort Saskatchewan Junior Farmers' Club.

Stewart Shackleton is Club president, with Harold Dagenais and Ronald Goldberg Vice-Presidents and Secretary-Treasurership of the entire project. Mr. Fred H Miller is also Club supervisor

MUNICIPAL DISTRICT OF STRATHCONA, No. 517

No Thresher's License Required This Year

By an amendment to The Threshers' Lien Act at the last session of the Legislature it is no longer necessary to apply and obtain a license in order to operate a threshing machine.

MUNICIPAL DISTRICT OF STRATHCONA, No. 517

IMPORTANT MEETING

The Provincial Department of Agriculture is sponsoring an Agricultural Meeting at the Agassiz Hall, on June 30th at 1 p.m.

Professors Peterkenkin, University of Saskatchewan, will give an illustrated lecture on Weed Control, commencing at 1 p.m. sharp. Mr. R. J. Mather will deal with soil conservation problems.

Following the meeting in the Hall a field demonstration of farm machinery as related to soil conservation and weed control will be conducted by Mr. Bonnyve, Agricultural Representative.

Winners Fort Public School Annual Track Meet

The public school met at the Fort Exh. grounds on the morning of Friday, June 9 for their annual track meet. Under the supervision of the teaching staff, members of the high school and some of the town business men, these students competed in dashing, running and Jumping. Winners of these proudly wore red, white or blue ribbons according to their athletic ability. Champions in each class were presented with the much coveted gold ribbons. The booth operated by the high school refreshed participants between events.

Chest Winner—Jack Gow.

Young Man (in hospital): "Nurse, I've fallen in love with you. I don't want to get better because then I'll have to leave."
Nurse: "Don't worry, you won't have to leave—the doctor's in love with me too, and he saw you kissing Thorne; June Richardson; Helen on this morning."

Josephburg District Gets Share of Machinery

The monsoon hit poor Josephburg with a vengeance. We did not know that the firmament was capable of carrying such vast stores of moisture. Even the dandelions had to give up their blooming—as here was the competition. As for the poor earth worms, they would fain have dragged their naked length beside our kitchen fire, had not the door been inhospitably closed to them. Cut-worms reaped to take over and sat naked and unashamed upon any temporary island that they could discover. Robins at times slurped happily, but for the most part were so bloated with luscious worms that they could no longer pipe.

"Give me a baton, a great big baton" cried the Josephberg farmer as he surveyed the fast dwindling stream which used to be his road to town.

Our deepest sympathy goes out to all those good citizens who spent much meritorious time over the bonded and one details which were to ensure the success of the T.B. Clinic. We have heard that such a display of good neighborliness, aimed to benefit so many, performed by a few. And here let us pay tribute to the staff of the Clover Bar Health Unit, which spared neither time nor effort—gave our time— to see that every one was accommodated.

It is hoped that some of the efforts will bear fruit when the Mobile Unit does come; and if the result is that 100%, we shall be guilty of logs ingratitude.

We are all justly proud of a past pupil of our school who has definitely put the name of Josephberg on the recording map with his super clogging at Renfrew Park. We are thinking of warning the City Power House to take steps to protect its machinery from these robot-winged bills—Elmer's secret weapon. If this young man clogs as hard at his farm work as can remember all past agricultural records being broken.

Several of our residents have established private swimming pools in their basements, and daily dive therein in the early morning hours to secure their quota of brand and meat. We ourselves have hitched an egg-board motor behind our largest washtub and find this a speedy and economical method in our deep-sea fishing for canned fruit and pork and beans. All we need is a radio-beam, capable of detecting the particular item we seek. But at a time like this any fish that comes to our net is fish enough.

World of Wheat

WEEKLY TALKS

THREE BUSHELS TO THE ACRE

The National Research Council, with the aid of our Prairie Universities and the Dominion Experimental Farms, has recently finished a survey in which they attempted to find out the amount of the crop taken each year by weeds.

The results are startling. They calculate that weeds take about 20% of all crops each year, which amounts to approximately 3 bushels of wheat to the acre, and in total money value comes to over $20,000,000.00 a year, which farmers lose because of the outdoors and what God plants by weeds growing in the grain crops.

It is perhaps impossible to farm on our prairie under present conditions and harvests his crop. It is exactly without any weeds. It does seem, as though, after he has sold his harvest, as though the great leaves grow, and put the money in the bank, some one had come along and stolen 20% of his money.

Evidently it is worth while going to considerable trouble to kill weeds.

The Acute Shortage of Labour

We are told over and over again that Canada is facing an ever-growing lack of labour on her farms and in her war industries, and a lack of fighting men for her Armed Forces. So great is the need for additional fighting men that the Government informs us it intends to go through the Civil Service and other organizations, industries and institutions, and to take for the Armed Forces all men who are fit and of military age. A writer in Searle Grain Co. Weekly report has several suggestions to offer:—

One is that we might copy the example of the United states where day by day increasing use is being made of prisoners-of-war to work on farms, in the forest and elsewhere in work for which they are fitted. (Those who have employed prisoners-of-war in the United States seem greatly satisfied with the work these men are doing.) Next that use might be made of the many thousands of young men who are well-trained, fit and of military age, and who are now in Canada's Home Defence Army. They might be employed, we suggest, in any capacity where their services are badly needed, for at this stage of the war there does not seem to be any danger to Canada that our Reserve Army and Veterans' Guard could not handle. Still another suggestion is that the date for the reopening of high schools and of universities might be set back this coming fall, so as to allow young people to assist on our farms during the next harvesting and threshing period. Certainly there is one thing we can agree with authority, and to our certain knowledge, which is that our farmers are even how badly short of help, and will suffer from an even greater shortage of help during the coming harvest time.

Good Hope A.F.U. Local Meeting, June 27

The Good Hope A.F.U. local will hold a meeting in the schoolhouse on Tuesday, June 27th. A good attendance is requested.

Mrs. Wm. Burnett Sr. and Mrs. Dave Burnett and family are expected home this week after spending the past two weeks visiting Mr and Mrs. Albert Cripps and family, of Hoboman, and Mr. and Mrs. Les Golden and family, of Barrhead, Alberta.

Mr. Ronald Parker suffered the loss of about 100 chicks a week ago, when flew broke out in his brooder house and spread to the chicken house. Most of the older chickens were saved, but both houses were completely destroyed as well as some parts of machinery.

Born to Mr. and Mrs. Elmer Magee, on Tuesday, June 13, a daughter.

Dances, whiney roasts, meetings, ball games, etc., etc., have been postponed during the last week because of the lasting rains. Every cloud is supposed to have a silver lining, so we would almost think there is a silver mine in the sky, of late.

Jack: "Who's the boss in your house, Jim."
Jim: "We share the management. My wife bosses the servants and the children. I attend to the goldfish."

Inviting Your Patronage

When harvesting starts this season considerable space will be available for deliveries of grain in country elevators. Many customers of Alberta Pool Elevators have been prevented from delivering to these elevators in the past few years due to congestion of facilities. This fall they will likely have the opportunity of again becoming patrons of this farmers' grain organization.

"The C.C.F. has a message for Canada in these times".

William Buchan, Farmer, is Dead

South Edmonton farmer for the past 34 years, William Charles Buchan, 52, died Tuesday.

Mr. Buchan came from his birthplace, Henderson, North Carolina. He is survived by his widow; two sons, Charles and Maurice, of South Edmonton; two brothers, Roy, of Winnipeg; Tasker, of Los Angeles; four sisters, Mrs. Mary Davo, Lakeside, Wash., Mrs. Elmer Brandli, Warroad, Minn., Mrs. Lawson Scott, Whitburn, and Mrs. T. K. Johnstone, of Naugatuck.

If Canada and the United Nations had depended upon "Armchair Soldiers" to fight this war, the Nazis and Japs would have grabbed this country long ago.

There is no "Royal Road" to Berlin. It's fighting all the way and Canada's Army needs every man it can get. Then's why, today, you should volunteer for overseas service. You'll need months of intensive training to make you fighting-fit.

Don't be a stay-at-home and let the other fellow do it. Get into a man's uniform with the G.S. badge of honour on your sleeve. If we're going to win this war, we'll have to do more than just read about it in the papers.

So, come on you fellows, the good old army has got to finish the job!

MILT WARREN

In his daily (Monday to Friday, 1.30 p.m.) broadcast, and in the special series "Holy Warrior" (Mondays, 9.45 p.m.) the CBC's Prairie Region Farm Broadcast Department is urging city men, students and others, to spend their holidays "Farming at Home."

The help is sorely needed in all the crops. Above, a young urban worker is gathering succulent vitamins in the hayfield, giving the farmer a welcome lunching hand and netting himself a total pocket money into the bargain.

F.O. Walter Sharman and Guy Armstrong spent Tuesday fishing at Alberta Beach. They report having caught 80 fish.

Mr. and Mrs. Harry Thorne are holidaying at the Coast.

Local News

Mrs. Harry Dunlop has returned home after visiting several weeks at the coast.

Arthur Rutherford, of Vancouver, a retired client of the Edson area, was visiting in Edmonton, spent Sunday in the Fort. Incidentally, Mr. Rutherford is employed in the Hastings Camp of Pete Gordon, a former Fort lumberjack turned boss.

Miss Pauline Gordon, B.N., has taken a position on the nursing staff of Oliver Institute.

Sgt. Alby Larson, R.C.A.F., has been transferred from Lethbridge to Greenwood, N.S., Mrs. Larson is visiting in the Fort at Present.

ACI Frances Ledoux, R.C.A.F., of Mercer Ave., Saskatchewan, has recently been transferred to Debert Current, is a letter home Frances mentioned crossing into Deep Wells.

Mr. and Mrs. Donald von Hillard, of Edmonton, announce the birth last week-end with their parents here.

Mrs. Leigh Hill returned home last week, after visiting relatives in Edmonton and Calgary.

Mrs. von Hillard left Monday for Smethmere, Alberta, to visit her daughter, Mrs. T.S.E. Pattison.

Mr. and Mrs. Henry Dennis left Monday morning for a motor trip to Edmonton.

Cpl. J. J. Mercer, stationed at Macdonald, Man., spent Friday at his home here.

Mrs. Ledoux and his wife are just fine and he asks me to say hello to all them there.

I am just fine myself and it's about time I thank all you ladies for the wonderful parcel and it surprised most heap you all busy to remember all us boys but its really wonderful work and appreciated.

I am receiving my sign and parcels all quite regularly. In fact I just had an air mail letter this morning from home and mother tells me of the big parcel you have sent. I should be getting it in a few days I expect then it will be a big help I am sure to my present job.

Well as there is not much more I can think of so again I thank you one and all for the lovely parcel.

I hope to be seeing you all so for now, cheer up and keep smiling.

Arthur Pinnell.

Victory Bond Drive campaigns. Everyone in any one fully-employed area of persons will supply their vegetables for the use of the Army. Farmers themselves in the British Isles have produced a minimum of 180,000 tons of potatoes. This is the amount of potatoes. This is the amount of potatoes. This is the amount

Salisbury Airman Marries Outremont Girl

Summer flowers in pastel shades against a background of palms formed the floral setting in the church of St Raphael the Archangel, Outremont, for the wedding of Rena Margaret, youngest daughter of Mr and Mrs John McFarlane, of Outremont, to Pilot Officer Richard James Hipkin, R.C.A.F., eldest son of Mr and Mrs Hipkin, of West Salisbury.

The wedding took place Saturday June 17th at 9 a.m. Rev. John L. O'Rourke officiated and Mr Gilbert was at the organ. Salus vows were exchanged by Miss Lorna McFarlane, sister of the bride.

Mrs. Hugh Caudell, aunt of the bride, of New York city, as matron of honor, and the Misses Mary and Lorna McFarlane, sisters of the bride, as bridesmaids, attended the bride.

Flying Officer Carl Dunlop Armstrong, favorite man best man. Ushers were F.O. Eugene Chipman, F.O. Raymond Jenkins and Anatoine Lemelin.

Mr. McFarlane gave his daughter in marriage. She wore a gown of Calla Lily, white brocho with long sleeves, a full skirt flowing into a train, beyond which extended the veil of illusion edged with French lace and falling from a headdress of tulle worn and French lace. She carried a prayer book, a family heirloom decorated with gardenias and floor length mass streamers and bouvardia.

The matron of honor was in a full length gown of chiffon over taffeta with black lace trimmed with shipper pink flowers. She wore long black gloves with matching slippers and carried an arm bouquet of pink delight roses and bouvardia.

The bridesmaids were dressed alike in mauve taffeta and pink sugar frosts respectively, with tonal headdresses trimmed with French flowers and shoulder length veils. They carried colonial bouquets of Multi-colored sweet peas.

Mrs McFarlane, the bride's mother, was in navy blue sandlapon print crepe suit, with which she wore a hat of Milan straw and matching accessories. Her corsage was of talisman roses. Mr and Mrs. Hipkin were unable to attend their son's wedding.

The reception took place in the Viceregal suite of the Ritz-Carlton hotel, where the bride's mother and sister were maid for decoration. For the wedding trip to Ottawa the bride wore a summer gabardine suit of mayoral with navy blue and white accessories.

Mr Hipkin and Warrant Sergeant have had a lead some of the "Ha Friends and neighbors wish you a

College-Kallis Wedding Fallsonvale Event

The wedding of Miss Martha Kallis, only daughter of Mr and Mrs. S. Kallis, and Edward Callinge, took place in the Strathcona Lutheran church, June 21st at 3 p.m.

Bridesmaid and best man were Ellen Callinge and Benny Kallis.

Due to road conditions the reception was held at the home of the groom. A large crowd was in attendance.

A public wedding dance was held at the Wye Hall. The affair was one of the largest dances known to be held there.

The couple are spending their honeymoon in Calgary and Banff.

THE QUESTION OF FREE TRADE

The importance of the freedom of international trade is genuinely dawning on our farmers, and on many other persons both in Canada and in the United States.

We are all beginning to realize that it is only proper and fair that the excess foodstuffs we produce, and which we cannot consume ourselves, should be available on reasonable terms to the people who have to live crowded cities in other countries, and who cannot grow their own food. We are beginning to realize, too, that these foodstuffs must be sold for money in part, because there are more or less than that amount of money in payment for the foodstuffs we produce, and which we badly need for many necessary purposes. We are beginning slowly to understand that the whole kind of money these hungry people have is the long run is the fruit of their own toil, the goods and commodities they themselves have produced.

This all means, in short, that if we are to sell our surplus foodstuffs to these millions of people in many other countries, then we must be willing to accept their goods and commodities in exchange. This can only be done by barring down these evil tariffs and quotas which today, and for seven twenty-five years past, have sheltered foreign goods and commodities from our crossing our frontiers.

Josephburg Merchant Installs Freezer

Albert Thomas, our local merchant is making further aborations in his newly erected store and Paul Reppel to include a refrigerating unit as which perishables can be stored We are very fortunate in having as progressive a storekeeper to handle our needs.

The directors of the Scotland Mutual Telephone Co. held their postponed regular meeting in the school house Judging by the lateness of the hour at which the meeting was adjourned, considerable business must have been transacted. The fact that the tally of subscribers shows a steady increase is a proof that the concern is well managed. Those public spirited men are laying up for themselves treasures honeyreadable.

Elizabeth Krueger took her Grade VI examination in piano forte. This talented young lady will one day adorn the home of Josephburg to shine forth in the world.

Speculation is rife as to the why and wherefore of portions of aeroplane found in two different localities around here. We do not expect to find an Amos Anderson on to come to some nearby clough but we do wonder what could have caused such pieces to become detached. There's a nigger in the woodpile somewhere.

The Beaver Hills Strawberry Social—as event eagerly awaited and well patronized by the community—suffered the fate of so many activities this year—cancellation. Heavy rains around Beaver Hills the previous night made it impossible for the crew to carry out their intentions. The day itself, after a very bad start, did clear up wonderfully about the time at least all the gasoline should have been assembled.

They say that most of Canada's Mary is drawn from our scarce boys, and if monetary conditions continue to prevail there need be no surprise if one and all of us become amphibians We are by this time accustomed to swim around in the pursuit of our daily chores. Postcards have been successfully applied to planes and we soon no reason why they should not be applied to tractors Trucks could be easily replaced by diesel engined boats and railroads could be converted into canals Two different times we ran forces are whether we should produce wheat-fed pork and cattle as piece of the eleven footed hog or the more horsehoovers, and whether we could convert Canadians to become run eaters in place of the usual consumers. It's very perplexing.

N.B Motorists were basking in the warmth of their sun-beams on Midsummer Day.

"Nature abhors a vacuum" muttered the Josephburg farmer in his tractor because untractable at noon hour while he was working that out of land must remove from the home front.

Some twenty-five members of the local Young People's Group gathered at the Rudolph Kloss home with Ellen Kroke playing the role of hostess. The devotional part of the evening was conducted by the Pastor; a business meeting followed, after which the young folks called home can to indulge in a round of games in the yard to do justice to the good fare provided by the chatelaine. Rumour has it that full justice was done to the repast.

We are trying to arrange a softball encounter between the Fort heroes and our local boys, but the going is difficult. We should like to see this event carried out, if possible before the ground freezes.

The regular monthly meeting of the Josephburg Ladies' Circle was held at the Albert Undersheults home. A good turn-out regulated in spite of threats of storm and impassable roads.

John's father was taking him to church. The father was thinking of something else and let the boy get a foot he was walking, until he heard a cry of pain. Looking down, he said to the boy: "Am I walking too fast, John?"

"No, you're not," replied John, but I can."

A WEEKLY EDITOR LOOKS at Ottawa

Editor weekly
for the weekly newspapers of Canada

The urgent plea has gone out for 10,000 extra workers in the expansion of Canada's ammunition production program. Do you know that this year the shell program will absorb 10% of our total steel supplies, or about twice as much as used for that purpose last year. The Allies have not running short of ammunition, but they're using it up fast as the tempo of the battle everywhere increases.

At Waterloo, in 1815, the British fired 27 tons of ammunition in one day. At Passchendaele in World War I, the Canadian Corps averaged 1,270 tons every 24 hours. But today a single 16-pounder gun can fire 1½ tons in half an hour. During the battle of the Nave River in the Italian campaign, our 25-pounder batteries pumped 200,000 rounds of ammunition, more than 1,000 tons of the stuff into German lines.

The fire power in Normandy these days may make that figure look like a country fair fireworks display.

Next-of-kin of soldiers overseas should send wanderlust changes of address to the Director of Records, Ottawa, or if they cannot be easily reached give the name and address of relative or friend to whom any monthly telegrams could be delivered. Dates of arrival and departure from away-addressed should be also given.

The Consumer Branch suggests in rural women that they ask the hired man for his reaction to their membership on arrival, pointing out that with it they can serve better meals. Quite a number have reported to Ottawa they have had to share their family's sugar, tea, coffee and butter, because the hired man forgot or lost his book. Incidentally, anyone found with getting meals for themselves or other temporary help, hired for less than four days, should apply to their local Ration Board for transient labor coupons.

Farmers will be interested in this answer to the courteous disappearance of feed grains in Canada during the past two years. Since 1941, total

"George Washington Slept Here" At Sharp's Shows

"George Washington Slept Here" a comedy drama starring Jack Benny, Ann Sheridan, Charles Coburn and a good supporting cast is this week's presentation at Sharp's Shows Thursday and Saturday nights. The story goes something like this: A lover of life in city apartments is married to a woman of extensive family connections and a devotion to things cloyed in historic lore. Their pet dog's unmistakable opposite for entering things about their evictions, so the wife, unknown to her husband, purchases a humble-down country relic of Colonial days which turns out to be sans roof, sans water, sans sanitary conveniences and sans all things dear to the heart of the city apartment. Instead of a legend that its bed-chamber had once been occupied by George Washington, Mosh than in humorous strength their ownership of the multi-timbers ad-mission but the plaint is finally made livable at a cost of present means and future prospective earnings. Then comes the rebuttal and, when an unexpected indebtedness, for which the property stands as security, is about to be foreclosed by an unfriendly neighbor and the rich uncle turns out to be pauperious things look dark indeed until the dog digs up an age-ravaged parchment signed by General Washington which brings offers from collectors that solve all financial problems.

Next Week: "Sweet Rosie O'Grady".

Sailor—Say, can I unwed? I just got a letter from a man telling me that he'd shoot me if I didn't stay away from his wife.

Shipmate—Well all you have to do is stay away from his wife.

Sailor—Yeah, but he didn't sign his name.

VOL. 25 — 34

FORT SASKATCHEWAN, ALBERTA, CANADA. WEDNESDAY JULY 3rd, 1946

Subscription $1.50 per year; U.S. $2.00

STRAIT IS THE GATE . .

Rev. Elliott B. Birdsall, M.A.

Ministers are here to stay. The only way to get rid of them would be to put the whole world under a single dictatorship. If it were powerful enough and lasted long enough it probably would be liquidated. That, of course is just another way of saying that as long as human beings are permitted to be human they will resist in various fundamental or vital ways any effort to destroy them.

For many centuries man has been fighting to get the powers to recognize the sovereign rights of minorities, and certain successes have been achieved. In every democratic country, and in some others too there are regulations prescribing the individual and the group who are fit to think and act in ways different from the popular pattern, and ever at the International Conventions there is an attempt to give at least a minimum of justice to minorities.

No sooner however have we achieved this small good than we discover to our horror and dismay that certain people and forces have set themselves to use the established rights of minorities as means to undermine and destroy the majorities that grant them existence They seek to destroy not only the majorities that have recognized them but also the very principles by which they (the minorities) exist.

It is easy to see this sinister force at work. There are two methods of blackmail and violence, of mob hysterics and stimulation of animal instincts, of exploiting and magnifying fears and hatreds and jealousies And all these methods have one aim to force decent people to give way rather than to oppose with effective methods, and finally to make power and dictation the besetting appearance.

There is no remedy of this abroad that we do not often think of looking for it at home. When we do look, and also believe, it is suggested that the same methods being used here in Canada. Certain political groups are doing it; certain economic groups are frantically but subtly at work at it; and even sometimes religious groups are shamelessly busy with the same tools.

This situation presents us with a difficult problem. We must do two things: we must condemn and encourage the rights of minorities for they are still very meager. We must also watch that the good we desire is not perverted into a tool for evil use. If we do the first alone we will suffer the fate of all blind progressives. If we do the latter alone we will ourselves become the instruments of evil intent. Somehow we must do both.

Sept. J. E. Carson in charge.
Everybody welcome.

Franklin School Enjoys Picture Show

The return of L. Dir. Clifford Norman to home and civil life is a happy event to his family and the community.

We are all thankful for the safety of Mrs. Herone Harding who is recovering from a critical operation for appendicitis.

This community extends to Mr. and Mrs. Ed. Collings congratulations on their marriage The happy event which took place on Hideaway day (and how appropriate and prophetic it was) is exceedingly popular, as shown by the capacity crowd which gathered at the Wye Hall to wish Ed. and he with every happiness

Only a few days later Ed was seen carefully cleaning his shoes on the doormat before entering the house.

Howard Carter was home on June 24th for a brief visit with his parents. Mr. and Mrs. John Carter. We are glad to see Howard looking so fit.

The boys and girls and teacher of Franklin School were favored on Friday, June 21st, with a free picture show, kindly brought to them by Messrs. Cook and Evey, of the Provincial Health Dept. There were three Health films: Posture, Dietetics, and Care of the teeth, and one film on Metro Study Grey Owl and his Friends. We enjoyed every one, and we shall not forget the promise the two gentlemen made no to return again next year

The teachers from Fultonvale, Franklin and Round Grove drove to Edmonton on Saturday, June 30th to enjoy the annual picnic of the Clover Bar Sub-Board of the Alberta Teachers' Association, but interested observers found the reluctant abandonment of this always happy gathering of the district teachers.

Mr. & Mrs. E. Paradis Celebrate 35th Anniversary

Among a large gathering of friends Mr. and Mrs. E. M. Paradis, of Lamoureux celebrated their 35th wedding anniversary on Wednesday evening, July 3rd, at Heron Hills Community Hall. Mrs. L. Laughlin, Mrs. J. Normandeau and Misses Eva and Lorraine Paradis were hostess for the occasion.

Juliet Langlois and Gertrude Normandeau, granddaughters of the honored couple made a presentation of flowers and a purse of silver, on behalf of their many friends.

Brief addresses were given by Lorraine Paradis (in English), and Mr. E. Normandeau (in French).

Congratulations and good wishes were extended to Mr. and Mrs. E. M. Paradis by the gathering during the evening.

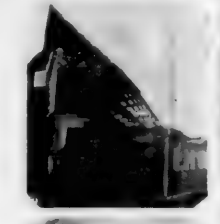
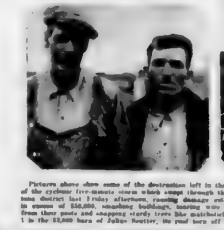
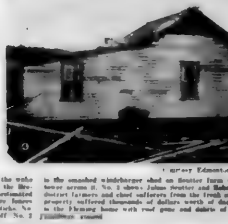
Freak Cyclone Friday Wreaks Havoc in Bretona District, Causes $50,000 Damage







Pictures above show some of the destruction left in the wake of the cyclone five minute storm which swept through the Bretona district last Friday afternoon, causing damage estimated in excess of $50,000, smashing buildings, tearing wire fences from their posts and snapping trees like matchsticks. No 1 is the $3,000 barn of Fulton Scutter, the roof torn off No. 2 is the smashed windbreaker shed on Scutter farm with broken sections at No. 3. No 4 shows Johnny Scutter and Robert Fleming, district farmers and chief sufferers from the freak storm, whose property suffered thousands of dollars worth of damage. No. 5 is the Fleming home with roof gone and debris of other farm buildings around.

Courtesy Edmonton Journal.

MUNICIPAL DISTRICT OF STRATHCONA No. 137

'Cyclone Damage' Makes Application For New Bridges

Arrangements were quickly made after the disastrous cyclone that crossed the Southern half of the Municipality on the 28th June to hold meetings in the affected areas to consider ways and means as to the most practical way of assisting those who suffered damage A meeting was held in the Colchester school on Monday evening and one in the Fultonvale Hall on Tuesday. Another meeting was held at Bretona on Wednesday evening in the Garden school. The Colchester and Fultonvale meetings each elected two members to act with two members from the Garden meeting, which number will be augmented by two representatives of the municipal council, as a finance committee The members selected to date are Bob Ritchie, August Neuman, John Lang and Sam Hallands. The committee was authorized to solicit and collect monies for a fund to be known as the "Fund" will be distributed throughout the total area damaged and that no donation will be one area more than another.

Anyone wishing to make a donation to the "Fund" may give same to any of the above named or leave it at the Municipal office.

Voluntary labor committees were appointed who will assist in organizing voluntary assistance in repairing the damage done. Those prepared to give a helping hand in this way will get in touch with the following: In the Colchester district, Geo. Weiss, Chris Scutter, Bob Hannington and Hazel Hall; in the Fultonvale district, L. Geary and Fred Williams.

The Council, sitting as a Court of Revision, to hear appeals against assessments dealt with nine appeals. Four appeals were allowed and the Assessor's valuation in the remaining five cases confirmed.

The tender of H. Bryer for picking up the garbage in King Edward Addition was accepted for $75.00 for this year was agreed to.

Application was made to the Government for a number of new bridges which are badly needed in the District.

Instructions were given the Secretary to proceed with the collection of arrears of taxes owing on a number of coal mines in the District.

Property to the value of $1113.00 is to be smashed up and sold at auction.

Church Congregation To Meet July 16

A meeting of the Fort Saskatchewan Congregation will be held in First United Church on Sunday, July 16th at 2 p.m. The main item to be considered is the building fund. As general plans and immediate action will both be arranged a full attendance is important.

By [illegible]

DEMONSTRATION PLOTS

At most of their elevators all the Companies supporting the "Crop Testing Plan", that is the Searle, Nissan and Midland & Pacific, will be found growing a Demonstration Plot set up especially for the use of farmers, each plot containing six or seven varieties of wheat, oats, barley and flax respectively. All the standard varieties are included, and in addition some new varieties or not yet commercial under special numbers.

Each farmer should attempt to see each one of these plots if he can do so, for he will be able to see with his own eyes how the different varieties behave in his own district, and under the general conditions of that district. There is no one variety of any kind of crop that is suitable everywhere in the West, because the soil and the climatic conditions there are very generally, but when one of them has shown all growing over to each other one can discern with the eye humanly how varieties that do well and those that do poorly in the particular district.

In addition to the Demonstration Plots seen by the Elevator Agents, many plots have been sown by country schools. Certainly every farmer, or any other person who takes an interest in these plots, would learn a good deal from them.

Dear Mrs. Black:

I received your wonderful birthday parcel today. It was a surprise alright and arrived in very good time. Of course everything was beautifully appreciated and all of it was very much fit at this time. I would very likely have received it for my birthday only we were busy hoping to catch up with the Germans.

I got back up to the Regiment the day after they broke the "Hitler line" and since then have walked, or I should say mounted almost all the way from Pont Pont Caen to within about 15 miles of Rouen. We met little resistance, just weak rear guard action but the hard part was the marching, trying to catch up to them. We were so fed and travelled so far in four days that the Division that came up relieve us took these days to enjoy.

There isn't much else to say right now except that we hope to meet again for the lovely parcel and wish you the best of luck in your coming birthday. We wonder our closest sympathy to her sons, her daughters, her grandchildren and her many neighbours. Our deed to all who have known close, intimate touch with this fine old lady.

Bruin Judge: "Boy, Brown, didn't I tell you the last time you were here that I distinctly didn't want to ever see you again?"

Cherie "You surely did, and I wish you'd tell these office ris that. They wouldn't believe me."

Fultonvale Friends Shower Mrs. E. Collings

One schools spent the 30th of June at Lakeview, the children had a grand day and greatly enjoyed the company of several other schools

Miss Geary, the junior room teacher, is laid up for a few days Speedy recovery Miss Geary

Mrs. Henry Summers has returned from a month's holidays, visiting relatives and friends in U.S.A. and Vancouver, looking very well and quite glad to be back to Sunny Alberta. As Mrs. Summers returned on the 29th we are blaming her for bringing up the tornado from the South.

Joy and Peggie went swimming in the city over Saturday, results—Mumps—speedy recovery girls.

The Ladies Goodwill Club will hold an afternoon tea at the home of Mrs. L. Hulland, Thursday afternoon, July 13th. All ladies of the district are invited. Please come and enjoy a happy time or tea with us.

Congratulations to our newly-weds, Mr. and Mrs. Herman Hahn.

Mrs. Caleb was hostess at the home of Mrs. Fred Williams, when a number of friends honored Mrs. E. Collings with a shower of useful gifts, a very pleasant afternoon was enjoyed by all, and if Martha Ives up to all the advice given her, she will be a super woman to her new life.

Josephburg Young People Shower Bride-to-Be

Miss Ethel Mohr

A shower in aid of that popular young bride-to-be, Ethel Mohr, was held at the home of Mrs. Albert Mohr. All the young people from miles around were present and gave Ethel the right send off.

Our Junior team journeyed to Mannfield school to show them young sprouts how it should be done, but returned sadder and wiser to the tune of 17-12. If the game was not played exactly according to Hoyle, it aroused deep emotion on either side.

Messrs. Ira and Bodgy Fisher have weekend to represent Beaver Hills at the coming organization meeting in connection with the Blood Donor Campaign to be held in the Fort. We trust that their territory will provide its quota of good red blood, for we know there is plenty of it around. Fortunately, none of us are blue, or blue-blood saturation, so we can all qualify.

"Every cloud has a silver lining', said the Josephburg Farmer's Wife, I thought that silver lining was due to hailstones, I'd slap some insurance on the old grey mare, even though she ain't what she used to be'.

Vernie Willis returns to his duties with the R.C.A.F. and will be stationed in Calgary.

The Senior Recon Club has just completed seven weeks work and prepare to boys who were taught in our school and are now serving with the Forces Overseas. The funds were provided by a dance held in this school at the conclusion of the Track Meet. All credit to the youngsters who planned all the arrangements!

School boy bowler from Josephburg, "Bud Jones" you dallies athletics'?

'A disease of adolescence!

Wilbert Frey, teacher in charge of Mannfield school is planning an ambitious venture in the shape of a week-end camping gathering at the home school. The main centre of attraction is the swimming pool which has been erected in the creek. He will have to contestants Miss Wilmer Weir, Miss Helene Wahl, the teacher in charge of Sutton school, and Mr. and Mrs. Rudolph Hippel. A team like this should make things men.

It is important that correspondents send in next week as much news as possible. See special notice.

About 45 young people attended the T.P.S. wind-up which marked the beginning of vacation time. This meeting was in the form of a bike and wiener roast which began at Bill Frey's with a treasure hunt, and it took them to the Willie Ashton farm where valley ball and games were made It a reality! It's up to the rank played until dark. After the wiener and bun

St. Mark's Church Cooking Lake

The re-opening of our Sunday School was hereand upon by the weather last Sunday, but the few who ignored the interfering showers enjoyed the hour spent in the shelter of St. Mark's beautiful little church. We were fortunate in having with us our student minister, Mr. Ernest Nix, B.A., who was unable to go to Hastings Lake by reason of the rains and roads, and we were doubly fortunate in having a visit from Miss Margaret Lattor, of Edmonton, who presided at the organ, thus contributing to the brightness of the singing. Before the small gathering dispersed, plans were made for the successful furtherance of this newly needed Sunday School, which will be held at 2 o'clock every Sunday during the Summer and Fall. Parents, with their boys and girls, are urged to take advantage of the inestimable privileges afforded—a Sunday School for the young, suitable for the aged; and a study group for adults.

A highly esteemed mother, grandmother and friend, Mrs. Martha Olive, has by her passing, left Elmsdale and district poorer. And not only Elmsdale, but neighboring communities, South Cooking Lake among them, are spokesmen of a great loss. We tender our sincere sympathy to her sons, her daughters, her grandchildren and her many neighbours. And to all who have known close, intimate touch with this fine old lady,

CLAIRE GAGNIER

Youthful coloratura soprano of Montreal, who won the scholarship award in the broadcast series "Singing Stars of Tomorrow", heard over CBC networks recently. Miss Gagnier is a niece of Capt. J. J. Gagnier, conductor of the Canadian Grenadier Guards Band, also frequent contributor to CBC programs.

DO YOU NEED CASH

TO FINANCE FARM OPERATIONS?

LOANS are readily available at The Royal Bank of Canada to any responsible farmer in need of ready cash to finance farm operations. Such loans are continually being made by this bank for the purchase of seed and fertilizer, livestock, farm equipment, breeder cattle, to meet seasonal labour costs and for other productive purposes.

When you need cash to finance your farm operations, make a practice of discussing your requirements with the local Manager of The Royal Bank of Canada. He will be glad to explain the simple conditions under which such loans are made and the convenient methods available to you for repayment.

SHUR-GAIN News OF THE WEEK

INCREASE EGG PRODUCTION

One of the surest methods of increasing egg production is to take every precaution with the health of each bird. One of these precautions is to be sure you have plenty of water for your flock at this time of year, and it will be helpful in stopping an 8dl production.

Water is cheap, and hens need plenty of it for vigorous health. Water softens the food in their crops, aids in carrying food through the digestive canal, and dilutes the various digestive juices. Failure to supply water to hens speeds up normal laying functions, which in turn throws off her produce-ion.

A hen producing from 60 to 150 eggs during a year needs nearly twice as much water as a hen that lays from 30 to 60 eggs. It is known that a hen drinks from a pint to a quart of water daily for every dozen eggs she produces. Hens will drink more water in hot weather, and when they are laying heavily. Water should be kept before them constantly, and should be changed frequently with fresh cool water.

Plenty News Wanted For Next Issue

The committee in charge of the Editor Weekly Newspaper Competition for the annual convention of the C.W.N.A. (Alberta Division) has chosen the week of July 18th for this year's entry. Newspapers are judged on improvement shown over the previous year.

The years now. The Record was the a question for papers below the "no circulation" line. The Record subscription list has jumped up to three-hundred. Tell just the local news—and every editor entering is against much larger weeklies.

How with the co-operation of our advertisers and correspondents we hope to put out a paper that will receive favorable comment.

This means plenty of news items from our district correspondents for next issue May we count on you?

Haying Time Now

Many farmers in Strathcona District a few years back embarked upon forage crop program. This year with a large amount of moisture at the right time has given maximum growth in all crops. With this in view we pass along the following suggestions to Record readers.

The first cutting of alfalfa should be done when the crop is one tenth to one half in bloom, or if blooms are scarce, when new shoots from the base are well started. Sweet Clover should be cut at the beginning of bloom, since this crop becomes very woody if allowed to become too mature. Alsike clover is usually best cut a soon as it reaches full bloom, and Timothy when fully headed but preferably not in bloom. The cutting of green feed is recommended when

Farm Water System Easily Installed

According to B. T. Stephanson, Agricultural Engineer, Alberta Department of Agriculture, a hot and cold running water system is not beyond the possibility of every farm home. With a general understanding of the operation a simple water system may be installed with very little expense.

Mr Stephanson has prepared for distribution, a leaflet outlining the construction of simple water and disposal systems. A request to the Extension Branch, Alberta Department of Agriculture or to the nearest District Agriculturist is all that is necessary to obtain a copy.

Weat Salisbury News

Cpl. Vern Gray is visiting her parents on a two week's leave.

Mr. George Ball is receiving good wishes and congratulations on the occasion of his 83rd birthday.

Mrs. W Ball of Edmonton, spent a week at the farm helping out.

Mrs. Dick Halbert is on the sick list this week.

Mr. and Mrs. Davis and Olive, Mr. and Mrs. Ken Duggan and children, and Miss Edna Gray, all of Edmonton, were visitors at the Gray farm, recently.

Mr. and Mrs. Ray Stannard and boys, were caught out in the recent hail storm.

Mr. McKeever is the guest of Mr. and Mrs. F. Haythorne.

Vern Page was home over the week-end.

Mrs. Symington is the guest of Mr. and Mrs. Pete Tehonsoe.

School Flashes

Due to the postponement of the British Columbia sports, the Fort High School team played a losing exhibition game with Beaver Creek on July 1st, at Bruderheim.

The war savings drive which ended on June 30th, was completed with a total of $272.49 which is 81.8% of the $300 objective. The totals for each grade are as follows;

Grade	No.	Total $	Objective
Grades 1 and 2	$30	$28.91	123 %
Grades 3 and 4	60	54.39	107.5%
Grades 5 and 6	35	32.37	92.5 %
Grades 7 and 8	40	28.82	72 %
Grade 9	25	21.29	72.5%
Grade 10	25	28.56	118.5%
Grade 11	25	20.56	82.5%
Grade 12	25	20.59	82.5%

Grade 10 and 11 exams will finish on July 5. The grade 9 and 12 exams begin on the 7th.

The school rings arrived this week.

[illegible] SCHOOL CLASSES

Mr. J. Ernest Nix, B.A. Student Minister.

June 11th, at 3 p.m. St. Mark's

District Schools Hold Sports Event

Lake View, South Cooking Lake, was a radiant scene on Friday, June 30th when the boys and girls, parents and teachers of six schools (Brooklea Franklin Fultonvale, Garden Valley Creek, and Uhrich) transformed that usually quiet, rural spot into a Blackpool or a Coney Island kaleidoscope, and accommodation provided by Mr and Mrs. McKenzie, proprietors of Lake View was swept and utilized in the fullest extent the clean, sandy beaching beaches, the two ball diamonds, the slides and teeters for the little people the purse grounds with their accommodations, and the cool, restful privacy and seclusion all there contributed greatly to a happy, happy day for children and adults alike. Even the dark, frowning menacing clouds which gathered about 6 o'clock as a last grim effort of Hades to steal an joy, withholding their attack so unlike the real Nature spirits of the total satisfied one old and young, were safely away and the cool beaches were empty and quiet again.

Both ball diamonds were enthusiastically used with real school rivalry but only one diamond has reported so far for the one there were three well contested games Fultonvale 22 Victor Creek 18, Stoney Creek 12 Franklin 18, Franklin Juniors 20 Fultonvale Juniors 11.

Former Fort Girl Marries at Namao

On Thursday, June 29, at Namao, Miss Norma Burden, daughter of Mrs. Vivian M'Ily, and the late Mr. Bagden, of Edmonton, Alberta, and Mr John Calvin Cromer, son of Mr. and Mrs. John Cromer, were quietly married

The Bugden family resided in Fort Saskatchewan for many years and are well known in the community

Officer: "What's the big idea? What are you men doing climbing trees and counting through the bushes?"

Private: "Well, Sir, we commenced the gun before lunch and now we can't find it."

THE PICK OF TOBACCO

It DOES taste good in a pipe

"I guess it's up to me!"

Now that I can go I'm not going to stick around and let the other fellows do it.

Bill and Jack went over last week, and Fred's been over there a year. Now it's my chance.

It's going to take months of training before I can get fighting-fit, so I'd better get moving today.

Yes sir! I'm going now, to tell Dad and Mom that I'm on my way to sign up.

IN MEMORIAM

In loving memory of our dear mother, Mrs. Ralph Smith, who passed away July 3rd, 1943.

"Gone from us, but leaving a memory
Death can never take away,
Memories that will always linger
While upon this earth we stay.
To-day we think of you, dear mother,
Where partings are no more,
And that the one we loved so well
Has only gone before."

—Ever remembered by the Family.

CARD OF THANKS

Mr. and Mrs. Hatoky wish to thank their friends for their expressions of sympathy during their recent bereavement. Especially Rev. E. Strelaeff and the Ukrainian Young People's Society, quishing their services. Also Mr. and Mrs. Olson and the Brookville community for the lovely flowers.

One of C/C/A's concert parties, the Lambdaer Party, at 11:00 a.m. on each Monday, Wednesday and Friday, when he presents "Last Night in the Re-ar Mess" is a very pronounced fondess in camera on the reactions of dancer to his meals in the Base Mess on the previous evening", and provides the radio listeners with the members that make "him" the night before. This unique bit of musical entertainment is presented by Kellogs of Toronto.

Wye Red Cross Meet Busers

Mrs. Gadd of Los Angeles, Calif. arrin. ton a week-end visitor at the home of Mr and Mrs. J Thomson.

Miss Priscilla Thomson spent a few days with Mr. and Mrs. Gordon Tremblays (nee Grace Stovold).

Members of the Wye Jr. Red Cross Girls made their second trip to the Blood Donors on Tuesday, last week. The donors were Misses Annie May and Priscilla Thomson, Mrs. Gordon Walker, Miss Gerda Meyer, Miss E. Webb, Miss Nora Sanford. A senior member of the Wye Ladies' Red Cross, Mrs. S. McFarlane, also gave a donation.

The regular meeting of the Wye Ladies' Red Cross was held at the home of Mrs. W. T. Meyer, on Thursday, June 29th. Ten members were present at the meeting. The Ladies made plans for an outing for their pleasure. A lovely lunch was served by the hostess, whereby a pleasant afternoon to a close.

Miss Nina Welsh is spending a few days in the city, with friends.

A cyclone passed through the Wye district on Friday, June 30th, leaving masses of destruction in its wake. Chief sufferers in this district were Mr. J. A. Sanford and Mr. Frank Ludwig. It partly destroyed Mr. Sanford's house and completely destroyed barns and garage. Trees were uprooted and heavy machinery moved from the fields. Friends and neighbors have rallied to help.

Mr. Ludwig lost a chicken house and also part of his house. No one was hurt which was certainly due to miracle.

District Schools Hold Picnic

The weather has been playing tricks again. Floods, yesterday, what next? The environment has changed considerably as a result of the havil- ly visit on Friday.

The school picnic was held Friday, June 30th at Lake View. Douglas, Union and Garden united for the day—softball game, races, tug-o-war, eating and other entertainment made up the day. A very enjoyable time we had by all.

Olive, Mrs. Mandell's daughter, has been home with her child, on a holiday. She has been visiting her mother for the past week.

It seems Miss Hillman has asked sked exams for most of the pupils during the last two weeks. Good luck Douglas pupils.

the past two weeks.

Mr. Basil Rook's name had the misfortune to be thrown from a horse while visiting the Rook home. As a result his shoulder was broken.

The Douglas ball team, it seems, would very much like to play the Union team again and show them that they can do better than they did at Lakeview. The line score was 18-3 for Union.

A very energetic Division 1 was seen in the school yard the other day. When asked what they were doing, they said, "Practising our Play". The school is putting on a program, to entertain themselves the last school afternoon.

Seven-thirty in the morning is breakfast time for a large number of people in Radway, Edmonton. It's also a popular time to pick up the highlights or news of a world at war. This news service comes from CFCA every morning except Sundays, with entertainment by members of the Radway Transport Association.

Local News

L/AC. Allan Dawson, R.C.A.F., Stirling, is visiting this week with his brother, J. A. Dawson and family.

Miss Dot. Howard, of Lethbridge, Alberta, is a guest this week at the home of Mr and Mrs. J. A. Dawson.

The following "Christine, George and Pamsky" were left out of the list of floral tributes for the late Mrs. Katherine Gadsbiger, which appeared in last week's issue.

Born to Rev. E. M. and Mrs. Bindall, of Fort Saskatchewan at the Royal Alexandra Hospital, on Sunday, July 2, a daughter, Miriam Elizabeth.

Born to Mr. and Mrs. J. Neal, of Fort Saskatchewan on June 27th, at the Misericordia Hospital, a son, Joseph Robert.

Our local druggist, J. A. Dawson, made with the top 10% in business increase during the past year among Canadian and Canadian druggists situated in towns of 1000 population or less.

Pte. Gavin Hillman, son of Hon. Alex McKinnon, of Westbourne, is reported wounded on active duty in Italy.

Mr. and Mrs. Roy Wilson spent the week-end in North Battleford, travelling by motor.

Wm. Irving, Provincial C.C.F. organizer for Alberta, spoke at a well attended meeting at Bruderheim Monday evening.

A. B. King, Secretary of the Local Royal Bank of Canada, left Wednesday on annual holiday. He expects to visit his brother and family at Regina.

Miss F. Goddard and Miss E. Sunley, of Edmonton, spent the holiday with Mrs. Fred H. Walker and children.

Two guests will visit the Port Saskatchewan Charge of United Church this summer. By decision of the Official Board there will be one service only, at 11 a.m. at Port Saskatchewan on July 16th and another for the whole field at Partridge Hill on July 30th, services will be held on 11 a.m. At the first Rev. R. M. Drysdale of Edmonton will be in the pulpit, and at the second Hollis V. Simmons, B.C., of Strathcona. There will be no service at Partridge Hill on the Charge on August 6th or August 13th.

Send in the news—regularly.

Rev. Elliott M. Birdsall, M.A

Experimental Station Visited By Josephburg Seniors

Pioneers Must Keep Broke Like Any Other Business

You, we admit 'we done it!' Played hookey—class and teacher both! Unanimously, we paraded the streets of Fort Saskatchewan in school hours, momentarily smashing the system of the town, at an hour when we should have been biting off the last chunks of education, dished up for us by 1943-44 school year.

With well-filled —lunches and pre-vender corn.—for have we not learned that an army marches on its stomach, the Senior Room, plus two pupils who have but recently left our ranks, but whom we consider still as 'our boys', invaded the Experimental Farm at Oliver. There we were met by the courteous manager, Mr. Shearer, in whose company we did the rapid- with great selfinterest. With infinite patience our nervous explosions and whys and the wherefores, and replied to a bombardment of questions. To some of us, the complexity of a farmer's problems came as a shock—to others it was a revelation. Ever reducing drudgery; while to still others came the conception that farm transactions—the second will entail book-keeping as thorough as any manufacturing venture.

The weather was not on its best behaviour, but as we all know "weather that's good for turnips is sure to be bad for bugs."

By 12.30 the inner man was clamoring for attention and we clustered a picnic lunch, class hatched in our ears. There was supplied an ice-cream portation were responsible for making those who did—division of labour.

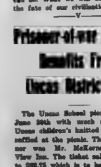
Lunch over, the party proceeded to inspect the Poultry Plant under the leadership of Mr. Hosley. Here again, efficiency of management and husbandry were brought an eye-opener. Pens of breeding stock, hatcheries and brooder houses, all healthy inspection of birds, were all demonstrated as also was the complicated system of entering chick-starters.

We were to have proceeded thence to the Dairy Barns, conducted by where Gardener-in-chief Mr. Paine had undertaken to be our guide, but by this time our enthusiasm began to wane and of our books or rather the lack of them, and we decided to call it a day.

To schools which have not explored the privilege, we strongly recommend a field day at Oliver. To those interested in Agriculture of any age, we make the same recommendation.

Donations of All Kinds Needed For Flood Victims Campaign Fund

R. N. MacCrimmon, chairman of the Flood Victims Campaign Fund, sponsored by the Alberta Consumers' Co-operative Limited, is in receipt of



donations listed in Edmonton.

Donations of money or anything suitable will be gratefully accepted by the committee. An auction sale will be held at some future date, at which articles and livestock donated will be sold.

Farmers! This is your opportunity to help those who have suffered more than yourselves!

Donations may be left with the Royal Bank of Canada, Fort Saskatchewan branch.

U.F.A. Locals of Bremner, Horse Hills, Namao, Josephburg and Fort Saskatchewan will hold a joint picnic on the Fort Community Grounds Tuesday, July 18th. A full program of sports, races, etc. and a dance in the evening at the Fort Community Hall will round out the day.

Prisoner-of-war Fund Benefits From Uncas District Picnic

The Uncas School picnic was held June 29th with much success. The Uncas children's knitted Afghan was raffled at the picnic. The lucky winner was Mr. McKernan of Lake View Inn. The ticket stub amounted to $28.75 which is to be sent to the Red Cross for Prisoner of War Parcels.

Mr. Walter Swinkinski will be visiting here in the near future, the guest of Mrs. C. Kasper.

Uncas school children played Douglas ballteam at the picnic with a score of 12-3 in favor of Uncas.

"There are many trees blown down in the district. Cecil Davies had the misfortune of losing his roof and other articles scattered all over the field.

Floyd M. Baker Plan District Meetings

Floyd M. Baker, Social Credit Candidate in Victoria for constituency will hold the following set of meetings. A motion picture in natural color "The Alaska Highway" will be shown at each meeting:

Josephburg School, Monday, July 17th; Mansfield School, July 18th; Yorkville School, July 19th; Maple Hill School, July 20th, all at 8 p.m. Basket picnic at West Lake Beach at Hastings Lake, Wednesday afternoon, July 19th.

Sand Hope Sewing Circle To Pack Overseas Parcels At Next Meeting

Mrs. A Becker was hostess to the Gandvill Sewing Circle at their last meeting. A dance and wiener roast was planned for and held last Saturday evening.

At the next meeting which will be held at Mrs. A. Burgesses, parcels will be wrapped for the boys in the mess.

At the close of the meeting the hostess served a very tasty lunch.

Miss Verna Hall, of Edmonton spent July 1 week-end at the home in Sand Hope.

Mrs. E. Meyer, Misses Velma and Hilda Meyer, of Milton Meyer, motored to Viking over the holiday week-end to visit with Mr. and Mrs. Fred Bennett.

Pte. Elmer Hagen who has been home on spring leave, returned to Camp Borden last week, where he will resume his training.

Good Hope school children raffled off a quilt for the Junior Red Cross, last Saturday night. The lucky ticket holder was Miss Joyce Barnett.

Action will be taken against speeding this year, it was pointed out by council members. Residents were among the worst offenders. Drastic action against speeders is contemplated by the council.

The former Gagnon homes and lots were sold to A. Weber for the sum of $900.00 each. The new owner intends to make the house habitable, which will eliminate another eyesore from the town.

Saturday, July 15th, is the last day in which ratepayers can save 10% on current and arrear taxes.

Blood Donors Clinic Here August 15-16

The dates for the Fort Saskatchewan Blood Donor Clinic are now set for August 15 and 16. Representatives of various districts are now making names of Donor's. A meeting to make plans for the Mobile Unit was held in the Fort Saskatchewan Municipal Office on Wednesday July 5th. Those present were: Mrs. C. F. Bradshaw, Mrs. Wm. Dixon, Mrs. Ford, Mrs. Sander, Mrs. Underwood, Mr. V. Lawrence, Mr. G. Cobaldo-ton, Mrs. Ira Fisher, Mr. F. Mowat and Rev. E. M Birdsall.

The Local Branch of the Canadian Red Cross Society will carry on its work throughout the summer months, meeting as usual, every 1st and 3rd Thursday of the month, in O'Brien and Watt's store.

The following donations are gratefully acknowledged:

G. Company Unit	$50.00
Proceeds from Fort Public School Concert	72.71
Princess Rebekah Lodge, for the Prisoner of War Fund	25.00
Sundry C.G.I.T.	10.00
Girls A.A.A.	10.00
Total	165.71

(Continued on page 4)

Town Council to Check Speeding Through Town

Minutes of a Town Council meeting held Wednesday evening, in the secretary's office. Present C. Glover, J. A. Dawson, Chas. Lowe, W. A. Johnstone, and G. Evans.

Notice was given by the secretary that three appeals will be heard by the Alberta Assessment Commission, against the 1944 assessment recently completed.

The former rectory (town property) will be offered for sale by tender. Prospect purchasers must agree to erect buildings to specifications laid down by the Council.

Action will be taken against speeding in town. It was pointed out by council that residents were among the worst offenders. Drastic action against speeders is contemplated by the council.

The former Gagnon homes and lots were sold to A. Weber for the sum of $900.00 each. The new owner intends to make the house habitable, which will eliminate another eyesore from the town.

Saturday, July 15th, is the last day in which ratepayers can save 10% on current and arrear taxes.

Young People's Camp Reported Success

A bugle rang out sharp and clear on Saturday morning at 7:30—Mattress Military Training Camp. The bugle was a trifle damp from the downpour, and the enthusiastic bugler left a few notes hanging in the air which he swatted mosquitoes; but the sleepy reckies didn't seem to mind, as they lined up for the Dayraising ceremony.

After Colonel R. Bryce's Supply Corps had bedded down with wood, Colonel D. Frey's Engineers set into action trying to saw the wood into a state of combustion. Colonel D. Rippel's smooth-running Cook Corps served a huge breakfast that disappeared very speedily. In the meantime Colonel Wahl's Sewing Corps were busy patching holes in one of the five tents. Granted that it was their own tent, but the feeling of self-

BRITAIN'S LATEST ANTI-AIRCRAFT WEAPON
THE ROCKET GUN

For some time past Britain's newest anti-aircraft devices, Rocket guns, have been in action against the Luftwaffe. These guns, revolutionary in design, are the result of years of experimenting by scientists in London. First tests were made secretly in Jamaica. Londoners are now familiar with the sound of their projectiles which rocket into the sky with a terrific rushing noise. Rocket shells, fired from mounted Rocket guns are unloaded from lorries and erected for firing.

Municipal District of Strathcona, 517 N.D. Establish Nuisance Ground

The Council of the Municipal of Strathcona held its July meeting on Monday last with all members in attendance. After the adoption of the minutes of the previous meeting and the financial statement for the month of June the Council turned its attention to routine business.

Messrs. Setterfield and Bentley, Sanitary Engineers for the Provincial Government and The Clover Bar Health Unit were in attendance in regard to the selection of a site for a nuisance ground in the sub-divided area East of the City. Opposition had been received against the location of the ground but both Engineers were quite emphatic in saying that it was so located that it would not be a menace to health. Instructions were issued to have a surveyor make a parcel plan of the two acres that were to be sold to that it could be properly recorded in the Land Titles office.

A petition was received requesting the Council to take steps to acquire land for a private road. As required by the Municipal District Act the petitioner was asked to deposit the sum of $400.00 to cover the payment of all costs in connection with the road.

Three parcels of land were sold ranging in price from $168.00 to $188.00 per acre.

The afternoon was taken up in receiving numerous delegations petitioning that something be done either to improve their roads or drain water off their land.

With the reading of correspondence and the passing of payments and accounts the meeting adjourned at

Partridge Hill Club Plan Sports Day

Mr. and Mrs. Earl Alton and small daughter Carol, left our district early to take up residence in Edmonton. Earl has just recently been township constable for the area. The district will feel the loss of these two popular young people, but we wish them happiness in their new location and hope to see them often.

On Monday, July 3rd, the Community Club held their monthly meeting which took the form of a picnic supper. At the meeting plans were made for the annual Partridge Hill picnic—which is on July 19th. This is an event looked forward to each year by sure—and you will not be disappointed this year; there will be ball games, races, etc. The ladies will serve supper, and a big dance in the evening will wind up proceedings. Refreshments. We'll be seeing you—if it doesn't rain!

Mrs. Violet Lawrence is a patient in an Edmonton hospital. We wish her a speedy recovery.

David Cobaldonton left this week for a holiday to the Pacific coast, where he will visit his brother Vernon, with the R.C.A.F. there.

The C.C.F. dance last Friday night evidently was quite a success judging by the size of the crowd. Everyone had a good time despite the rain—and reads.

M. J. Coldwell M.P., C.C.F. Leader To Speak at Fitzsie and Rally

M. J. Coldwell, M.P., national leader of the C.C.F. will speak at the C.C.F. picnic and rally at Lake Shore, Saturday, July 22nd, at 4 p.m. Sponsored by the Clover Bar Constituency Association, there will be sports on the beach and other interesting sports provided.

Mr. Coldwell is on a speaking tour of Alberta in support of provincial C.C.F. candidates.

Fultonvale Residents Appraise Storm Damage

A good turn-out and an interesting discussion took place at Fultonvale recently, when a committee was formed to appraise the damage done here by the tornado. Don't forget to be in your schoolhouse in Lamp or Mr. Holland. Remember, every little bit counts.

Miss Margaret Lynn is looking well and very happy to be back in camp after spending a holiday with her parents in B.C.

Mr. Bayne had a letter from overseas. Bert is well and spending some time getting acquainted with relatives over there.

Recently Mr. Dennis Beech celebrated his 21st birthday when a few friends gathered at the home of his aunt and uncle, Mr. and Mrs. John Williams and spent a jolly evening. Many happy returns Dennis from the community.

Mr. A. McFarlane, Retchie's truck driver has returned from a well-earned holiday and is back on the job giving service with a smile, as usual.

A dog's luck is worse than his bite, and when he's caught raiding a neighbor's chicken run, barks or bites, there will

No Strawberries! No Social!

Beaver Hills W. A. held its regular monthly meeting at the home of the president, Mrs. Ira Fisher, on Wednesday. The main topic for discussion was the sending of parcels to the boys who are overseas.

With regard to the Strawberry Social which had to be cancelled owing to weather conditions, it was decided that each member should contribute a cash donation to take its place. If one cannot be the pot boiling one way, one has to do it another.

St. Mark's Church in Beautiful Setting

Last Sunday afternoon, in spite of forbidding reads, there was a good-sized congregation at the both Sunday School and Church Service. We were fortunate in having our student minister, Mr. Hare, with us at both sessions. Not only did he preside at the organ, thus contributing largely to the rhythm and brightness of the children's singing, but he had an interesting story connected with calendar for the day.

The approaches to our little church were not difficult. We expected the walk from the highway to the church to be knee-deep in tall grass, but we found instead that a surprise had been at work there. It seems that Mr. Hir is proficient not only at the organ, but at the "scatter" of a reptile. A paint brush, too, seems to fit the hands of our resident minister, for he has created a very attractive environment here at St. Mark's. A suggestion to the effect that a lawn mower would not hesitate to shine for its

District Calf Club Shows Progress During First Year's Operation

The first year's project of the Clover Bar, Fort Saskatchewan Calf Club has been concluded in a most successful manner at a calf competition which was judged Wednesday morning, June 28th, by Mr. A. E. C. Colbert of the Dominion Government Livestock Production Service. The Calf Club of Fort Saskatchewan, test top honors with his white steer bred by J. L. Waters of Mundare. The steer, which Lloyd Gallinger bred bull Kilburn Rosa Bon, who in turn was Champion of the Edmonton Exhibition of the Calgary Bull Sale in 1942. This white steer with a dam sired by a bull would be showing a hard steer to beat in the strongest of competitions. He received honorable mention from Judge Wm. Head when he selected his champion of the entire show, and sold for the third highest price of the entire sale, fetching the remarkable price of 21 cents per pound. The Roy Galloway steer weighed approximately 700 lbs. and was sold to the Safeway Stores, Edmonton.

Vardon Lawrence stood second and Harvey Hawkins third. They showed two very choice Rose heifers that brought 22 and 19 cents per pound respectively, from Mr. Allen Mark, Brenner, who is putting them into his breeding herd.

Ripple Marler, club president, stood fourth with a white heifer, a half sister to the Calf Champ. Basil Marler was fifth and Gerald Andrews sixth.

In the showmanship contest three show halters were won by Vardon Lawrence, Harvey Hawkins and Gerald Andrews.

In the judging contest held June 23rd at Clover Bar, Harold Reynolds was first, with Harvey Hawkes second, and Ronald Galloway and Roy Galloway tied for third place.

All in all it was a very successful season, a good sale with an average of over 16 cents per pound, and wound up with a swell banquet in the MacDonald Hotel, Edmonton. Much credit is due Mr. Fred N. Miller, District Agriculturist, who is club supervisor.

Josephburg Friends Honor Bride-to-Be

A miscellaneous shower in honor of Miss Ethel Mohr, resident of this week was held at the home of Mrs. Stig Holst on Monday night, July 10th. Eleven guests were present and a misinterpretation of the invitations resulted in a number "hungry most" stories being told. Ethel would be showered with a hard steer to beat in the strongest of competitions. He received honorable mention from Judge Wm. Head when he selected his champion of the entire show, and sold for the third highest price of the entire sale, fetching the remarkable price of 21 cents per pound. The Roy Galloway steer weighed approximately 700 lbs. and was sold to the Safeway Stores, Edmonton.

Vardon Lawrence stood second and Harvey Hawkins third. They showed two very choice Rose heifers that brought 22 and 19 cents per pound respectively, from Mr. Allen Mark, Brenner, who is putting them into his breeding herd.

Ripple Marler, club president, stood fourth with a white heifer, a half sister to the Calf Champ. Basil Marler was fifth and Gerald Andrews sixth.

In the showmanship contest three show halters were won by Vardon Lawrence, Harvey Hawkins and Gerald Andrews.

In the judging contest held June 23rd at Clover Bar, Harold Reynolds was first, with Harvey Hawkes second, and Ronald Galloway and Roy Galloway tied for third place.

All in all it was a very successful season, a good sale with an average of over 16 cents per pound, and wound up with a swell banquet in the MacDonald Hotel, Edmonton. Much credit is due Mr. Fred N. Miller, District Agriculturist, who is club supervisor.

South Cooking Lake Entertains B.C. Visitors

Mrs. Howe and her children are happy in their reunion with three other members of the family: two daughters, Bessie Howe and Miss. E. D. Wilson; and a wee grandson, David Wilson. David and his mother are from Vancouver. We welcome them to South Cooking Lake.

The Uglows, also are enjoying visitors from B.C. Mrs. S. Dunn, whose husband is serving in Jamaica, is here for the summer with her two young children—Stanley and Vivian. Mrs. Dunn, who is a granddaughter of Mr. and Mrs. Uglow, is from Castlegar, B.C.

District Old-timers Pass Away

JACOB WIENER

On July 8, 1944, aged 68 years, Jacob Thomas of Josephburg, Alberta, passed away. He is survived by his loving wife, four sons, Daniel, Leopold, Albert and David, and two daughters, Mrs Gustav Weber and Mrs. Emanuel Mohr, all of Fort Saskatchewan; two brothers, Joseph Thomas and Jack Temple, both of Willmar of Lamoureux; two brothers Fort Saskatchewan, four sisters, and three sisters in Belgium, also 12 Mrs. F. R. Mohr, Mrs. Ed. Berg and grandchildren. Funeral services were Mrs. Ed. Perry, all of Fort Sask. held on Tuesday morning at 9.30 o'clock from the family residence at Lac-Ste. Anne, and at 10 o'clock from the Holy Trinity Church, Josephburg. Reformed Church where services were held at 2 o'clock at the 10 o'clock Rev. H. Gerster officiated. Interment took place in the Josephburg cemetery.

JOSEPH HENRYS

On July 9th, 1944, Joseph Henrys of Lamoureux, Alberta, passed away at the age of 71 years. He leaves to mourn his loss his loving wife, two daughters, two brothers, Joseph Henrys, Joseph of Gibbons, Alberta, and Jack Temple, both of Willmar of Lamoureux; two brothers Fort Saskatchewan, four sisters, and three sisters in Belgium, also 12 grandchildren. Funeral services were held on Tuesday morning at 9.30 o'clock from the family residence at Lac-Ste. Anne, and at 10 o'clock from the Holy Trinity Church, Josephburg. Reformed Church where services were held at 2 o'clock at the 10 o'clock Rev. H. Gerster officiated. Interment took place in the Josephburg cemetery.

MAY WE SUGGEST THAT—

YOU CHECK OVER YOUR . . .

Brakes, Tractor, Separator and other Machines

NOW, and have them put in first-class shape to handle the apparent heavy crop.

We are equipped to handle any work necessary to get your machines in good running order, thus avoiding delays during the busy harvest season.

IF YES . . .

Blacksmithing, Welding or Machining

we do the complete job on the premises. No need of delaying your work two or three phone to have the job finished.

East Edmonton School "Pygos" Show Delights Audience

At the East Edmonton School (south) a rather ambitious and delightful entertainment was presented by the pupils to their mothers and friends, on Wednesday afternoon, July 5th. This took the form of a marionette show, which has been in preparation for several months. The puppets themselves, under the capable direction of Mrs. Hood, designed and constructed the puppets, costumed them, built the stage and put on the show, as artists and amazing performances, showing pleasing results of their new enemy in dramatics.

The final lectures on the home nursing class is scheduled for the evening of July 20th, at 8.15, with the district nurse, Miss Beer, in attendance. The programme will take the form of a general review of previous lectures, a quiz competition, and the presentation of certificates. All members of the class are requested to make a special effort to attend the closing exercises at the Community hall.

Mrs. H. Pillman who for the past month has been the guest of her son-in-law and daughter, Mr. and Mrs. George Bolger, has returned to her home in Allison, Alberta.

Mrs. W. R. Henderson (nee Lillie Hickey) arrived from Toronto on Monday for a visit to her girlhood home, Mrs. Henderson will spend days in Calgary on her way west, the guest of her sister, Mrs. Gordon Watford.

Gunner Art Cole, after a happy furlough spent with his wife and daughter, has returned to his post at Prince Rupert.

Mr. and Mrs. Herbert Pelton are enjoying the company of the former's brother, Mr. Fred Pelton of Edmonton, who is making a stop-over on his return journey from Vancouver, B.C.

Considerable activity in the real estate line has been reported of late, indicating that a number of farms in the neighborhood will soon change over ownership when the crops, now so richly promising, are harvested this fall.

Are **YOU** Getting the **BEST POSSIBLE CREAM RETURNS ?**

We know that you wouldn't deliberately throw money out the window, but are you sure that you have carefully investigated the best possible cream market . . . before putting your cream where you are now?

But if you HAVE made a careful investigation, you can be sure that it will be to your interest to see how you have already realized the advantages that the EDMONTON CITY DAIRY offers.

When you deal with the EDMONTON CITY DAIRY . . . not only do you get the highest cream prices . . . but the highest cream prices are maintained.

As if this were not enough . . . the EDMONTON CITY DAIRY has always been noted for its fair grading, fast, safe quick and prompt returns . . . and that and a schedule to suit your convenience . . . all of which, up to the final disposing of your cream, has made it convenient, fast, safe . . . your cream arrives in the same cool condition as it left you . . . night!

And we will call at your farm for your cream . . . or send a truck . . . to deliver your cream to the EDMONTON CITY DAIRY LIMITED

Lamont Church 50th Anniversary Celebrated July 5

The United Church held its 50th anniversary service in the church on Sunday afternoon, July 9th. Mr. having conducted the service, and a picnic lunch was held on the grounds after. A good crowd attended.

Mrs. Alex Wilson of Ottawa, is visiting her parents, Mr. and Mrs. W. Hudson.

The local Cubmaster held a picnic at Elk Island Park, on Sunday, July 2nd. A good time was reported in spite of the hail storm and shower At least the mosquitos were absent.

Only a few more days until school is out. We hear there will be a room for the Junior built to the big school.

The farmers are trying, between showers to get their summerfallowing done. Most of the broadcasts are flooded and no puddle around on roads to get our groceries and coal.

West Salisbury Honors Departing Teacher

Best wishes are in store for the Salisbury school teacher, Miss Davis, who is leaving to spend her holidays at home. Friends and neighbors wish her the best of everything, Miss Davis.

Mrs. Frank Hamilton and Mrs. Jewell were hostesses at a delightful shower in honor of Miss Davis at the home of the former, on Wednesday. Many friends and neighbors of the bride-to-be were present. Lovely gifts in a small basket, decorated in pink and white were presented to the guest of honor by Joan Yelowoz and Oreen Macpherson. A delightful lunch concluded a most enjoyable evening.

Salisbury school held their picnic on Friday, June 30th. There was a ball game with the children—the grown-ups skating in the fun. The children presented Miss Davis with a table cloth, showing their appreciation for what she has done for them during school term. A lunch brought an enjoyable day to a close.

It is reported that Mr. Reg. Gray and Miss Olive Davis are to be married August 6th at Knox United church, Edmonton.

Lance Cpl. Vera Gray returned to Calgary after a two week's leave at her home here.

Miss Edna Gray is very ill and is expected home for two months. Her many friends wish her a speedy recovery.

Funeral service for Art Rose' father was held last Friday. The community extends sympathy to the family.

Mr. Kent of Two Hills, is helping his brother for a few weeks.

Mrs. Jewell's son and daughter-in-law, of Drumheller, were visitors at her home.

Salisbury girls played softball with Glen Garden, the score ending at 6-6.

Mr. and Mrs. Otto Jacobsen who were visiting their parents, Sunday, had the misfortune of having car trouble, and on sunday route.

Several of the local boys are attending the Calgary stampede this week.

Rain "Showers" Favor Josephburg District

Has anyone any bright ideas on the subject of waterproofing harvests? Don't bid us to steer it under cover—anyone can think of that. We want something original. We have little doubt but that Reach Robinson, with his bottle brain, would soon hatch up some handy device for producing the desired result but what we want is an honest-to-goodness, homemade waterproofing from native materials. Come on now, Josephburg!

"She need no position is paved with good resolutions" confessed the farmer from Josephburg, as his daughter's truck received all efforts at dislodging most from the mud-hole which the said farmer had been threshing in 'fix' for the last eight years.

Every detail which can ensure the success of the week-end camp at Mossdale school this week-end is worked out by the committee—that is, except detail among the number and she—fickle jade that she is—seems more than inclined to call. It's the old old story of the fairy godmother, who wasn't invited to the christening. Some folks are small . . . . Yes! then as I also says "You never can reckon on nothin. It's the ones with them grass in the mud

"If it isn't one thing, it's the other!"

(end of quote.)

And now the dreaded ordeal of examinations looms dreadfully ahead! "If you have been going to be glad them now" says the poet, but tears are what the pupil which needs to be at the peak of efficiency. Let us rather 'gird up our loins and quit us like men'. Incidentally it might be advisable to give the old family pencil one last tousling-up at the grindstone, not to mention our brains. If we had 1942-44 ever again, how differently we should act—I don't think.

This is our 'home-away' preparatory to bidding adieu for a while to the hospitable shores of Josephburg. Shores they will be if it rains much more, unless they become oceans.

Professor Fretwell and his wife were exploring the stratosphere, when unexpectedly went through their ballon and they were forced to bail out.

As they twirled dizzily beneath their parachutes, none fifty thousand feet above terra firma, the professor called to his wife, "Can you lend me a pencil, my dear?"

"Cool," replied Mrs. P, "how could you—at such a time as this?"

"Well, said the professor "I hate to trouble you, but I want to, reading directions in that Cross-Word Puzzle, which shaked on, has just unnerved to me!"

Rev. Jernglins, Field Secretary to the Reformed Church synod spent two or three days visiting the congregation here and accepted the pulpit in Josephburg Church on Sunday last.

As another successful year has come and gone and only harvesting remains to be done! All our fears as to the devastating effects of July heat on the jaded spirits of the pupils have proved groundless and now as we say our adieu' we have to wait to see whether we could keep the farmer supplied with fuel and the lines between man's bridges before seeding to them.

Androssen News

The sympathy of the community is extended to those who suffered personal loss in the recent cyclone. The cyclone hit the southern part of the district last Friday and was visible for a distance by many. Houses, barns, trees and other things were victims of the storm's ferocity. Many crops in and around the district were damaged by hail.

Renate Adams of Edmonton, is a guest of the Hanlons.

Mr. and Mrs. S. Kelly and Bonnie were recent visitors at the home of Mr. and Mrs. F. Reynolds.

Do you know that the total tonnage of Canadian coins struck by the Royal Mint in 1943 was 1,600 tons, four hundred more than the year before. Operating on a 24-hour a day schedule, seven days a week, they turned out 2,560,000 coins each week.

Speeding to be Stopped

Unless speeding through town stops at once, drastic action will be taken. This was the general opinion expressed at a recent Town Council meeting.

There has been no real serious accidents to date, but now is the time to check speeding before someone gets hurt—not after.

Among the worse offenders are several young fellows in town, who tear up and down the main streets in their jalopys, endangering the lives of any who might suddenly step off the sidewalk. At times, even the thrill of the old car is passed up for the opportunity to race the farm tractor around town.

Transient truckers, it seems, have gradually increased their speed to the danger point when going through town, due no doubt to the lack of proper police supervision.

It would only mean prosecuting one or two offenders, and the situation would again be brought under control. This is exactly what the Town Council contemplates doing. Be fore-warned is fore-armed! Don't say we didn't tell you!

Attitude Toward Work

Post war plans on a gigantic scale have been given considerable publicity of late, but to perfect any plan one must have skilled workers behind the project. The following editorial appeared recently in the American Pressman. Its contents will take the reader along another avenue of thought. Students leaving school this week, should reap a wealth of ideas from the article.

Most people realize that their plans or better advantages are willing to learn a skilled trade if they can do so while at work and are on the pay roll. Some never learn in any other way and never get beyond what they can pick up while getting paid. They put forth no effort beyond this and are not interested in anything about their trade other than getting by from day to day and saving their pay. Many with this attitude never master a skilled trade but may become good enough at a part of it to fall into the semi-skilled class. Some of them, however, can't discern the difference between themselves and those who win promotion. They are the ones who wonder at the success of others who get ahead by study through an interest in their trade and through self-improvement.

Our attitude toward our work is a very important thing in the scheme of success. It is frequently more so than aptitude. We may belong in the category of those who study, think, and work hard for advancement and success in mastering their trade, yet fail in further advancement because of our attitude toward our fellow workers and those for whom we work, towards mankind in general. We may realize our ability but fail miserably to recognize our shortcomings.

We all have our limitations and all of us fall far short of perfection, which we never expect to reach, but when something is holding us back while others go forward it is well to take an account of ourselves. If we judge fairly, we will find the cause. If we are then unwilling to remove the cause, we should not do anything to hold others back who meet the requirements of success. This is a difficult position to take but it is the only fair one.

Workers in skilled trades and those who, of necessity, must change from one job to another requiring slightly different knowledge and skill are in the main going to be better trained than ever before the post-war days. The facilities for such training will be provided. The need of this training will be more generally recognized and felt. Those who do not respond to the training will fall behind. All workers will be better educated and technically trained and, therefore, competition will be greater for those who make no attempt to gain more knowledge and skill.

FARM HOME WEAVING

The revival of hand loom weaving among farm women on these prairies has been sponsored by the Rural Gems Company. Over again for another year the work has gone well, and all the 800 farm women and girls who have learned to weave it some 60 different prairie classes tell us they are delighted with the satisfaction and pleasure they have derived from creating something that is useful and beautiful with their own hands.

Two hundred members of the weaving classes who had purchased looms recently submitted samples of their craft for a prize competition. This was all judged in Quebec, two put on display in that province, and is now on display in Winnipeg. The pieces are varied and beautiful beyond all imagination, and demonstrate what any farm woman or girl can easily and quickly do after learning to weave.

The woven materials have been made into every conceivable article: dress goods, bedspreads, curtains, towels, rugs, tablecloths, handbags, scarves and so forth.

I suspect that other farm women and girls who can possibly do so should endeavour to learn hand loom weaving. It is an art that is simple to learn, is inexpensive and will bring a lasting pleasure to a farm family for a whole lifetime.

An Alberta Election

(The Edmonton Bulletin)

In calling an Alberta general election on August 8, Premier Ernest Manning has shown good judgment. It is reasonable that he should wish for a public mandate in the office he took over from the late William Aberhart.

The election date, as announced, gives ample time for the voters to know what they will be voting for, what they will be voting against—and why. A long drawn out campaign does not necessarily favour public opinion; sometimes it hardens and aggravates it.

There is no serious element of surprise in Mr. Manning's announcement. For months the three political parties, Social Credit, Independent and the C.C.F., have been urging their supporters to select their candidates. However, the apathy shown by the independent party towards the election is readily understood, as is the hysterical efforts of the C.C.F. to capitalize on their success in Saskatchewan.

The Manning Government has a record unequalled by any provincial government in Canada for progressive health and social legislation. Its record in aid of coal in protection to the farmers, to the limit of provincial powers, should receive the unanimous support of farmers.

Industrial and commercial employees in the lower wage groups have received the protection of the Minimum Wage Act and through the rigid enforcement of that act have had restored to them tens of thousands of dollars in back pay which had been unfairly withheld.

Premier Manning has given Alberta able, honest and efficient administration.

Franklin School Suffers Damage

It seems that the blight rampant among the Gestapo overseas is not confined to them, for we have them on this side who also take pleasure in wantonly defiling or destroying or appropriating. Not long ago Franklin School was broken into and left in disorder; even the sound, defenseless residence was defaced. Now, the past week, a bicycle has been stolen and all the 800 farm women and girls Truly, the spirit of Hitler and his henchmen abroad in the earth!

South Cooking Lake and Fultonvale have vital claims to the happy arrival of a baby boy named Kenneth, in the home of Pte. and Mrs. Geo. Petrie (nee "Pat" Bell) George is stationed at Belfield, but of course these two rival communities claim the baby Kenneth as their citizens; Fultonvale, because George is one of their sons; South Cooking Lake, because "Pat" is one of their daughters. We hope the judgement of Solomon will not be sought in this matter.

Another rivalry for another happy event will exist, perhaps, between Rhodesia and South Cooking Lake. Elsie Curtis, daughter of Mr. and Mrs. Curtis, is to be married in a "few days", perhaps before this appears in the Record. At the time of writing, the time and place and the fortunate man's name are not known. Rhodesia may be able to claim this happy occasion by reason of more boundaries, but we at South Cooking Lake remember we have an strong claim, for is not Mrs. Curtis a regular visitor here, cycling along this highway as regularly as mail day comes along.

Border Privileges To Be Given Threshing Outfits

Reciprocal arrangements have been made between the United States and Canada, permitting grain threshing outfits of each country to cross the Border freely and to work in the other country, according to an announcement made by Hon. Humphrey Mitchell, Minister of Labour, today.

Under the special arrangements certain Border crossing formalities will be temporarily suspended from July 7th, to permit the exchange of threshing equipment and crews between Canada's Prairie Provinces and adjacent western States of the United States.

Canadian threshing outfits may remain in the United States until September 15th under this season's arrangements. United States machines and crews may enter Canada when their services are required, but may not remain longer than December 31st, in their unencumbered of the plan, the Governments of both countries point out that similar arrangements were in operation during the last two years, and will continue until the termination of the present emergency.

The agreement taken account of the fact that the grain harvesting in the United States is earlier, as a rule, than in Canada, and that not only will the Canadian crews be brought before the courts was 12,238 harvesting, but that American crews will also be entering Canada when that was still 30.1 greater than reported in 1939-41. The wartime juvenile problem is accentuated and needs more attention than ever.

HASTEN VICTORY
INVASION MAKES MORE URGENT THE SAVING OF CIVILIAN GAS!

A Message to Canadian Motorists

THE invasion of Europe has thrown a vast and critical burden upon the precarious resources of the United Nations.

In the first eight days of the campaign alone Allied aircraft flew 56,000 sorties. Many thousands of oil-burning warships and landing barges are shuttling constantly across the Channel. Tanks, trucks, jeeps, guns and artillery, ambulances, by the thousands, are in action.

The driving power behind all this activity is petroleum—gasoline and fuel oil drawn from a dwindling crude oil supply. But—there is only so much oil. If existing supplies are to prove adequate, the most stringent economy of gasoline and fuel oil must be practised here at home.

Canada is able to produce only 15% of her own gas and oil needs. The remainder must be imported from the convoyed pool of the United Nations and the bulk of this is shipped here by tankers. Critical manpower is needed to produce our gasoline and oil. Precious lives and precious ships must be risked to deliver it to our shores.

Invasion, and the difficulties of supply and transportation are not our only problems. Right here in Canada gas and oil are needed in enormous quantities for every purpose. The Commonwealth Air Training Plan has consumed as much as 540,000 gallons in a single day. Canada's factory—expanded since war began from 15 ships in 650—consumes over 2,150,000 gallons every week. Army training, war plant operation, food production, essential trucking—all are huge consumers of gasoline and petroleum products.

Gasoline is ammunition—ammunition of which we have all too little. To waste a gallon of it is a crime against our fighting men.

Answering Your Questions about the Gasoline Shortage

How much gas was consumed during the first 24 days of pre-invasion landings? . . . more than 250,000,000 gallons.

How much fuel oil does a battleship take to one refueling? . . . Enough to heat an average home for 200 years.

How much fuel does one motorized division consume in every five miles of advance? . . . 10,000 gallons.

How many gallons of gasoline would one gas-engined bomber require to supply the needs of 10,000 American families for a week? . . . Over 10,000,000 gallons.

Your co-operation is needed to help make the town's beautiful spot look better.

Sgt. F. J. Dandjenko, serving with the Royal Canadian Engineers in the Netherlands, received his brother, Mrs. Fred Dandjenko an "mother's day" when she received a parcel of flowers from Sgt. Dandjenko. The flowers arrived in perfect condition, Mrs. Dandjenko one brother, Pte. R. D. Dandjenko, stationed in Italy.

His parents, Mr. and Mrs. Fred Dandjenko reside in Fort Saskatchewan. Dandjenko is employed as engineer at Elk Island Park.

Messrs. J. J. Dunn, Chas. V. Lowe, W. A. Graham and J. B. Wells, interviewed Hon. Jas. A. Maharg, Minister of Municipal Commerce, in Edmonton, last Saturday morning. Details re: Dandjenko Housing Plan was sought by the delegation.

Weddings

BRACELEN-BUTLER

On Friday evening, July 5th, at 7 p.m., the wedding of Margaret Pearl, daughter of Mrs. and Mrs. Thos. H. E. Butler and L.A.C. William Ernest Bracelen, R.C.A.F., son of Mr. and Mrs. A. J. Bracelen of Calgary, was solemnized at the home of the bride's parents. Appleton parlor decorated of pink and white streamers and pink and white peonies, with the spotlight shed their rays.

Rev. E. H. Birdsall officiated and Mrs. Barchard Carstens played the wedding march.

The bride was lovely in a street length dress of turquoise crepe, fashioned with a gathered skirt and panelled at waistband noticing the wore a corsage of petal pink roses and forget-me-not in her hair and a matching corsage. Her accessories were white.

The bridesmaid, Miss Norberta McLeod, of Edmonton, wore a rose-pink crepe model with gloves and black accessories. Her corsage was of gardenias and cornflowers and she was a matching corsage.

Mr. Harold Kay, of Calgary, was best man.

After the ceremony a reception was held to about 30 guests. The bride's table was set in the sun room here with cloth and centered with a three-tiered wedding cake with a miniature bride and groom and decorated with pink and white tapers set in crystal holders. Pink and white streamers were hung the table.

Mrs. Bobby Thorne proposed the toast to the bride, to which the groom responded. Mrs. A. J. Bracelen, Mrs. Bracelen's mother, poured tea.

Mrs. Butler chose for her daughter's wedding a light printed crepe model with matching accessories. She wore a corsage of gardenias and sweet peas. The groom's mother wore a navy and white ensemble and corsage of red roses.

The bride and groom left Friday night for Banff where they will spend their honeymoon. They will be settled in a British blue suit with black accessories.

The groom is stationed in Seattle, Wash.

HOLLAND-TURNER

Marjorie Maude Turner, daughter of Mr and Mrs. Archibald Turner, became the bride of Lieut. Robert E. Holland at a wedding at the United Church Manse, on Saturday, June 29th, at 2 p.m. Rev. E. H. Birdsall officiated.

Anniversary Service Bremner Church Sunday, July 16

DANCE REVENUE BOOSTS WAR SERVICE GUILD TREASURY

Rev. A. P. Marsh, of Edmonton will preach the anniversary service at Bremner Church. Rev. Mr. Ashcroft will give up their services to attend the Bremner service.

Miss Janet Scott is expected home from Barrhead on Friday, where she has been attending school.

Mrs. S. Scott attends a meeting of the Executive of the Edmonton Presbyterial on Thursday.

Mr. and Mrs. Tim Banks and the former's mother and brother Harvey, left for a two week trip to the coast.

It is reported that Mr. A. Donald, after his hard summers work of sowing through mud and rain intends to take his holidays at the most too.

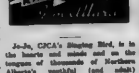
Mr. Herbert Reynolds had the tough luck of plowing his purse of money under. That's one way of saltning away your money.

The young lads of the district had an enjoyable day at Elk Island park. On the way home tire trouble wasn't quite so enjoyable.

—V—

The Ardrossan War Services Guild realized $50.20 on their Saturday evening dance. Summer refreshments was in attendance, and made a generous donation of $10.00 to the Guild treasury.

—V—



Jo-Jo, C.C.A.'s Singing Bird, is in the hearts and minds and on the tongues of thousands of Northern Alberta's youthful (and adult) listeners.

This week, the kiddies are really happy because Jo-Jo announced that his Red Cross Corner has passed the three thousand dollar mark.

You see, thousands of letters have been coming down to Jo-Jo in support of the Red Cross. These letters, together with contributions or cans, have now accumulated to more than three thousand dollars.

Jo-Jo's fan mail breaks all station records last March when he offered his listeners a big prize if they would get a dime to the Red Cross. The money is still coming in. Local fundraising activities, dances, and community balls are organized and net proceeds are sent to the Red Cross Corner. Jo-Jo School children hold debates on the subject, "Is Jo-Jo really a idol?" Dozens of others have their radio studies during the course of their annual tours to Edmonton. Proceeds in every case have been primarily concerned about meeting Jo-Jo.

Each afternoon 5:15 to 5:45 Jo-Jo sings, yodels, argues, jokes, laughs and cries. One day he displays an air of confidence. The next day he may be morose, or sarcastic or romantic. And so it goes.

Jo-Jo was conceived by Announcer-Librarian Al Bosch and developed by Rod Taylor, the "Uncle Rod" of the Spare Time Hill "Sunny Day" program which features Jo-Jo. It is copyright feature, and just what Jo-Jo may be, is source of curiosity to thousands.

In any event, Jo-Jo is a household word to thousands of Northern Alberta listeners.

Looma News

News was received Monday, June 30th, that Mrs. Art Kemp of Looma, is officially reported killed in action in France.

The Junior ross softball team of Looma met the Wimbledon school team last Monday and were defeated with a score 20-10.

The senior school team of Looma played the high school team of New Sarepta at the New Sarepta school grounds and were defeated 19-2. Better playing next time Looma.

THE FORT RECORD

WEDNESDAY, JULY 10th, 1946 — FORT SASKATCHEWAN, ALBERTA CANADA — WEDNESDAY, JULY 10th, 1946 — Subscription $2.50 year; U.S. $3.00

STRAIT IS THE GATE..
By Rev. Elliott H. Birdsall, M.A.

A tailor-made who shine! As I settled myself into the barber's chair I realized that that was what I wanted. In fact I suddenly became aware that I had wanted one for years. The suppressed desire had apparently built up a greater pressure than I realized for when I saw him point to my shoes I nodded before I knew what I was doing.

He was a skilful worker I was so engrossed in his actions I forgot to enjoy the haircut. Presently I noticed that his skill involved more than the art and craft of using his tools and the contents of those little boxes. While he was concentrating on his job he was also fully aware of the barber's actions and knew just the way or distracted in the slightest when the barber wanted the chair.

He was playing second fiddle, that's what he was doing! His job was a job in itself, but he had adjusted himself and his job to another tune and another job which, rightly or wrongly, took first place I wondered if he resented burbers. I wondered if he sometimes prayed that he might play first-fiddle for a change.

It occurred to me that in a true democracy everyone gets a full share of both first-fiddle and second-fiddle. The 'big-shot' on the golf course is the town's choice boy. The man who never gets a chance to speak at his work is the leader of the club. The 'Tenaky' in the department store is the leader of the brass band. The owner of the motel, is a private in the Reserve army, takes his orders from a roster who pays poll-tax. The farmers of the constituency group is to be a hero for his children when he gets home. A true democracy everybody 'takes it' and everybody 'gives it'.

The barber took off the apron, and host-block removed his hat. My haircut was over. Something I am going to get another tailor-made shoe-shine.

—V—

Mrs. Violet Lawrence Passes Away

Mrs. Violet Ilma Lawrence, of Partridge Hill district, widow of Fred Lawrence, passed away suddenly on May 16th, leaving to mourn one son, Ralph, of Fort Saskatchewan; one daughter, Mrs. E. D. Cook-burn, of Fort Saskatchewan; one brother, Ernest, of Fort Saskatchewan; three sisters, Mrs. W. Attewell, Fort Saskatchewan; Mrs. Cecil Elliott, of Edmonton, and Mrs. S. T. Howard, of Edmonton. Funeral services were held Wednesday afternoon, July 10th, at 2 p.m. at the Fort Saskatchewan United church. Rev. E. H. Birdsall officiated and interment took place in the Fort Saskatchewan cemetery.

West Salisbury News

Mr. Ryley, daughter of Mr T Rand, is sick in hospital.

Mr. Ball was one of many who took in the Calgary stampede.

All of the boys who attended the Calgary stampede arrived home safely Sunday morning

Congratulations are in store for Mr. Hosford who did well with his cattle at the stampede.

The Kati family had a happy reunion when Bill Kori, of Innisfree, came home to see his brother Rick and Mrs. Kori and daughter, of Prince George, B.C.

Mr. McKeown was a visitor at the home of Mr. and Mrs. F. Haythorne.

Mr. Pete Tchomas had the misfortune of breaking his toe when a horse fell on it. He is expected to be laid up for two weeks.

—V—

Eileen Diamond is visiting in the city with her grandfather, Mr. C Diamond.

David Beaumont is visiting his grandmother, Mrs. Dreaux, for a few days.

Vera Page and Hazel Manchester were visitors at the home of the former's parents, Mr. and Mrs. Page on Sunday.

Mr. and Mrs. Edward Bell held a party in honor of their nephew, Merle and singing, supplied by Hazel Tchomas and Rita Hunter, was enjoyed by all friends and relatives present. During the evening the guest of honor was presented with a lovely gift.

West Salisbury and Glen Gordon played host to a baseball meeting game of baseball. The score ended at 16-7 in favor of West Salisbury.

A. H. Gibson Appointed Magistrate

It was reported last Friday from Ottawa that former police magistrate A H Gibson K.C. of Edmonton, is being appointed supernumary magistrate for the Northwest Territories, with headquarters at Fort Smith.

Mr. Gibson, who is on his practice here, is expected to leave shortly for the north to assume his new post. He has been appointed to the vacancy created by the recent death of E. Clare Darling, of Edmonton.

A native of Lanark county, Ontario, Mr. Gibson graduated in 1907 from Queen's university, Kingston. After being a law student in Edmonton he was admitted to the bar in 1912 and became a member of Walbridge, Henwood and Gibson. In 1918 the partnership was dissolved and Mr Gibson moved to Fort Saskatchewan. He was made a King's Counsel in 1930

On August 1, 1935, Mr. Gibson was appointed police magistrate at Edmonton, succeeding Col P. C. H. Primrose.

In August, 1939, Mr. Gibson was dismissed from his post of magistrate by the provincial government and since then he engaged in law practice at Edmonton and later at Fort Saskatchewan.

In 1940 he entered the provincial election as an independent candidate but lost out to social credit.

Mr. Gibson's appointment meets with the approval of all that know him as a just man who will do a good job in the north. His many friends wish him the best of everything in his new post.

Josephburg Red Cross Plan Overseas Parcels

Thejoint branch of the Josephburg Red Cross held its final meeting for the summer at the home of Mrs. Ed. Mohr, Josephburg, on Tuesday, July 9th, at which time it was decided to take up a collection at the Picture Show which is to be presented by Mr. Floyd Mohr. Mrs. E. Lee, secretary, was also made for the collection of items for the first parcels to be sent overseas must be dispatched in October.

Once more the Municipal grader has smoothed out our road. A sure indication—though not quite as sure as robins—of fine affairs—that more rain is due. Why don't people who live in remote districts grow alfalfa even if it were only one plant in the house and rot it when maturity is reached? I'm not for the scientific methods of Rainmaker Hatfield into next week.

Mr. Floyd Bailey was a visitor in our neighborhood. He has a 'plan which cannot fail to interest all of us—a film dealing with the Alaska Highway. He has offered to show the film in our schoolhouse gratis and in the event of our deciding to make a charge at the door, he is desirous that all proceeds be devoted to any cause we may wish. How's that for a sporting offer?

—V—

A couple of dollars spent in advertising your picnic or sports day in the Record columns will pay dividends.

Horse Hills Wins A.I.C. Cup At U.F.A. Picnic

Favored with excellent weather, the combined U.F.A picnic here Tuesday was a huge success. Sports of all at which were occupied by a large crowd, the forget cares of farm work for one day to attend this annual affair.

In the baseball tournament, Horse Hills drove in an 8-run lead in the inning to defeat Rose Ridge 12-8 in the fast game for the A.I.C. cup. Over the game Ed MacCrimmon, the president of the Alberta Livestock Co-operative Association made the presentation to the winning team.

A dance held in the Fort Community Hall in the evening drew another large crowd

The Flood Victims' campaign and Tornado Victims fund will benefit from the day's operations

A full report of the day's activities will appear in the next issue of The Record.

—V—

Ardrossan Guild Plan Picnic

The Ardrossan United Workers spent a very lovely afternoon at Dr. and Mrs. Scott's, Bremner, when they entertained their new members, Salisbury, Clover Bar, Bremner and Ardrossan.

The Guild is hoping for a good day this time for their picnic and hope the rain clouds will stay away so they have a really pleasant day. Lines of races, ball games, etc., also a fish pond and a banner with a picture of Mercy of Mary Magdalene appeals and many other articles. Supper, hot dogs, etc., are some attractions as well. Watch the Record for the date.

One dozen sympathy cans sent to Mr. and Mrs. George Rose and family in the loss of their son-in-law, Donald, who lost his life in the accident. He was a member of the paratroopers.

Mr. and Mrs. Alexander and little daughter Jean are spending a holiday with their daughter and son-in-law, Mr. Robertson. Bob, Roy and Harvey are reported doing very well at their camp at Lac La Biche. We hope the folks won't be away too long.

Mr. and Mrs. Reynolds and Mr. and Mrs. Morris Andrews motored to the stampede on Tuesday.

Mr. and Mrs. Ray Warnock are holidaying in the South taking in the stampede.

Mr. Bert Bushdom of the Pacific coast arrive via T.C.A. to visit his brother, Mrs. Mackay and brother Hugh Bushdom.

Mrs. Blair also from the coast was a visitor at the home of Mr. and Mrs. Bushdom and Mrs. Mackay recently.

Mrs. Allen Walton and son Billy, are spending holidays in Calgary.

Mr. and Mrs. E. Jacques are spending a holiday at the coast.

Mrs. Fraser, of Edmonton spent the week-end with Mr. and Mrs. E. Bushdom.

Will the friends or relatives of the boys whom the Guild sends parcels to please send in their present addresses? If any have been changed recently Miss Jean Bushdom is looking after the necessary list. It is important that this list be completed soon, as more parcels are in the making.

Mr. Gordon Olsen, of Brookville, was a recent visitor at the home of Mr. and Mrs. E. Bushdom.

Send in the news—regularly!

Whitemud Picnic Huge Success

It seems that weather or roads never spoil anything for Whitemud. Despite the rain last Thursday night the roads and weather were O.K for the A.G.T picnic on Friday, July 14, at Whitemud school. Prizes were given for races and novelty races. A vote of thanks is tendered to Art Draper and Sheraton Bros. for their donation of prizes. A ball game was played between Whitemud and Pebble Hill, Whitemud taking first prize. The support for our A.G.T. was good one judging by the size of the crowd. Not a check saw everyone home safe. A dance in the evening with a dance in the evening, which was just as successful and enjoyable to all.

At last, after almost a house cashing season the holidays have arrived for our students. They can lean back now for a well earned rest. But Mrs. Wade, the teacher has six weeks of summer school to complete before she holidays are due. How isn't it better to be the pupils than the teacher.

Banff holds annual celebration for district residents this year. Banner accommodation to the resort reminds: Mr. and Mrs. M. Sarosski, Mr. and Mrs. S. Hamula, Mr. and Mrs. J. Krupa, Mr. and Mrs. Wm. Sarosky and Mr. and Mrs. C. Darcort

We happen to know that one of our young members of the district, who was out camping with his dad, had the misfortune of running over a black bottom with a white stripe down its back, with his bicycle. Poor skunk!

Flood Victim's Sale

The auction sale in aid of the Flood Victims campaign will be held in Edmonton Exhibition grounds on July 20th. Persons wishing to donate towards this sale, are asked to get in touch with Rev. MacCrimmon, Royal Bank, Fort Saskatchewan, or any of the officials of the Alberta Livestock Co-operative, sponsors of the campaign and auction sale.

Donations of all kinds are needed to make the sale a success. Do your part to help the Flood Victims. Who knows, you may be on the receiving end next time.

—V—

Camp News

When the Girls' and Boys' Camp in Lakeview of C.G.I.T. June 1-8 Trail Rangers Aug. 8-15

Last week's notice in The Record about the C.G.I.T. and Trail Rangers Camp has brought many registrations. Two outstanding girls' leaders have been secured from the city and the boys will be delighted to have the Boys' Work Secretary as well as Mr. Ernie Nix, an experienced camper and boys' worker

If convenient, bring about $5.00 worth of food as part of the camp fee. Take such items as potatoes, peas, beans, carrots, lettuce, canned goods, meat, bread, cookies.

Campers should provide themselves with bathing suit, towel, toothbrush, sheet, empty tick, blankets, rugs, towel, knife, fork, spoon, dishes, pencil, note book.

The first meal served at each camp is supper on the opening day. If you are earlier bring your own lunch.

For further information about either camp, get in touch with Miss L. O'Brien, Fort Saskatchewan; Rev. E. Scott, Bremner; Mr. E. Nix, South Cooking Lake.

Rosehill Residents Honor Newlyweds

A reception was held at the home of Mr and Mrs. Albert Dandel in honor of their son and daughter-in-law, Pte and Mrs. Bert Dandel, who were recently married in Calgary. Guests present to wish the young couple the best of luck in their new venture were Mr. and Mrs. Geo. Gabert, Mr. and Mrs. Carl Schneider, Mr. and Mrs. Reinhart Gabert and family, Mr. and Mrs. Ed. Gabert, Mr. and Mrs. Julius Janke, Mr. and Mrs. Emil Nannhardt, Mr. and Mrs. G Kennels, Mrs. Norman Gabert and Jean, Mr. Wilfred Gabert and Jean, Messrs. Ted and Harold Gabert, Sons and Valmore Fischer, Elmer and Alfred Nannhardt, Norman Janke, Gerhart Schultz, Misses Adina Kreutzer, Rena Janke, Harjorie and Phillis Fischer, Rose and Dorothy Schneider, Hertz Gabert, Pearl and Antonia Rampart of Cooper, U.S.A., and Mr. and Mrs. Clarence Schultz.

Pte. and Mrs Dandel thanked every one for the lovely gifts which they received.

The young couple will home for Pte. Dandel's furlough at Niagara Falls, Ontario, on Tuesday.

A miscellaneous shower was held on Sunday afternoon at the Rosehill school for Pte. and Mrs. Kurt Dandel. Samuel Fischer acted as Master of Ceremonies and extended the best wishes of the community. After a dainty lunch had been served a little program was given consisting of solos by Little Loraine and Irene Rosenau, were presented to the couple, for which they gratefully thanked everyone.

Mrs. Carl Gabert and Hazels left Saturday for Cremona, B.C., to visit Mr. and Mrs. Gabert, Mr. and Mrs. A. Minchen.

Mrs. Elsie Sabitzki and young son, of Bonnyville, are the guests of Mr. and Mrs. C. Beers.

Mrs. W Wetsbrook of Lavoy, was a week-end visitor of her sister, Mrs. John Fischer, enroute to Edmonton to visit her son-in-law, Wilfred Esper, recently returned from overseas with the "Military Wag" of University hospital.

Born to Mr and Mrs. Alfred Dugan (nee Hilda Crozzard) a son.

Miss Clara Fischer is visiting her brother-in-law and sister, Mr and Mrs. Henry Hoff of Rosehill.

"Camp Monkey" has been broken up, the soldiers returned to their respective homes. Sunday evening, after week-end leave passes, and despite the damp blankets after Friday evening's shower, they all enjoyed the outing.

—V—

Sunday school starts on Monday, June 10th, at the Bethany Lutheran Church. All children are welcome to attend these classes.

—V—

Local School Districts Convention July 25

Annual Convention of the Clover Bar Division Local School Trustees' Association will be held in the Masonic Temple, Edmonton, Wednesday, July 31, commencing at 10 o'clock a.m.

Delegates representing 70 school districts in the division are requested to attend the meeting. Visitors are cordially invited to attend. Members of the Clover Bar School Division Board, the Superintendent, Dr. M. C. Adamson, and other speakers will be present and will take part in the meeting.

Election of officers will take place at 2 p.m.

Mr. F. R. Haythorne, of South St. L. O'Brien, Fort Saskatchewan; Rev. E. Scott, Bremner; Mr. E. Nix, South Cooking Lake.

LET'S ALL PULL TOGETHER—AND

Keep ALBERTA in the Lead

VOTE SOCIAL CREDIT

It's time to win another Victory over the reactionary forces of financial orthodoxy and the champions of bureaucracy and state dictatorship.

YOU DID IT BEFORE! YOU CAN DO IT AGAIN!!

A RECORD OF ACHIEVEMENT

Representation—Provision is hereby made to enable Alberta men and women serving in His Majesty's Forces outside the Province to elect THREE ACTIVE SERVICE REPRESENTATIVES to the Legislative Assembly of Alberta. This assures our service men and women an effective voice in the PROVINCIAL LEGISLATURE.

Rehabilitation—Alberta's Social Credit Government LEADS all Canada in preparations for Post-War Reconstruction.

Old Age Pensions—Your Social Credit Government have increased the maximum pension from $20.00 to 1943, to $30.00 in 1943.

Education—All Canadians praise the Alberta Educational System, created by the Social Credit Government.

The foregoing are only a few of the many Social Credit achievements.

South Edmonton News

A very enjoyable evening was spent, July 8, at the home of Mr. and Mrs. Don Hemsdell, when about 65 people gathered to give Mrs. Don Hemsdell a birthday surprise. Many again, She was also accompanied by attractive and useful gifts were pre- her fiance, Mr. Harry Neaman, who acted to her. We were sorry to hear at the present time is in Edmonton.

Josephburg Children Donate to Flood Fund

The Junior Bees with its teacher Miss Muir spent one happy hour or more after the strain and stress of exams, baking a picnic on the front yard East of the school. The young ones seemed to prefer it to occupying school benches.

The Senior Bees Club met a week later to the same flood victims. West of here so no expression of sympathy with these sufferers.

The Maple (Mansfield-Josephburg) school belongs to history now. Those who participated in it have renounced ordinary life. Casualties numbered 0, but casualties of the undergirding were surprisingly light. We offer our sincerest congratulations to the prime mover of it, Wilbert Frey, who will evidently be good by stumble and thank to Fred a Hall for the use of Josephburg Reformed Church, on Tuesday afternoon, July 11th. Rev. J. Fehrmann officiated and interment took place in the Josephburg cemetery.

Pallbearers were P. H. Mohr, Otto Berg, Ed. Frey, Wm. Thomas and John Mohr Jr. Beautiful floral tributes were received from his loving wife and family; Minnie and Joe, Willie and Gus, Christina, Bessie and Annie, Theresa, Ed and boys and Barbara, Phillip and Leonard; Carl and Catherine; Rudolph and Elizabeth Beaber, Vera and Lawrence, Dorothy and Ralph, Hazel and Eddie, Bert

MASSEY-HARRIS
GREATEST VALUE

6 Massey-Harris leadership in the design and building range you high-wheel tractor, greatest of all combines, the 101 Junior, the 101 Senior, Pacemaker, Harris Sweeper and Hayer, pickers, clean threshing, speedy operation and long power.

Get MASSEY-HARRIS combines with Pick-Up Attachments and Bagging Units for best straight cut results in the shortest possible time with the least conversion.

Get MASSEY-HARRIS grain binders. The best threshing there for combines harvesting the grain, and the best for pulling the binder. It really is different.

MASSEY-HARRIS grain binders. Measured on long distance runs and runs, the Low Massey-Harris gear reduction drive, and Self the secret for grain separation.

Wye Red Cross Held Benefit Dance

Mr. and Mrs. Henry Kraemer are home at a few weeks furlough from [illegible].

A large number attended the dance which was held at the Wye Hall on Friday night, July 7th. Music was supplied by Mrs. Ed. Hall and Mrs. Lorne Graves. Excellent orchestra will supply the music for the dance. Lunch will be served, so come along folks and enjoy an evening of dancing.

A ballgame was played at the Wye grounds, Sunday afternoon, between Gordon and Brenner. Gordon girls beat with a score of 16-4. Come on Brenner we know you can do better than that.

Josephburg Mother Jacob Thomas Passes Away

Josephburg has sustained a very real loss in the person of the late Jacob Thomas. He had become an institution at his son's store and could be found in such around that place at his post. Until recently the business was housed in two separate buildings and he contrived to do the impossible— to be in two places at one and the same time.

He was one of the first Josephburg citizens with whom we came in contact. Quietly, unobtrusively, he gave one the impression that he was interested in one's personality, without in any way being inquisitive. He knew that he could do one very much good service. To young and old he was always the same. He was a kindly man, and a powerful man. He was never heard to speak an ill-word of anyone.

On one occasion we needed a favor on Xmas Day itself. What was our surprise to find Mr. Thomas at work. We could have wished—as he would have done—that he could have died in harness, but it was not to be. He took to his widow to carry on his splendid tradition. He is made of the real-estate fibre and has endeared herself to all of us. Our deepest sympathy with those left to mourn.

Jacob Thomas has gone but he will long remembered. "His life was goodly and the elements So mixed in him that Nature might stand up And say to all the world 'This was a man!'"

Funeral service for the late Jacob Thomas, of Josephburg, who passed away on Sunday, July 9th, at the age of 67, was held in the Josephburg Reformed Church, on Tuesday afternoon, July 11th. Rev. J. Fehrmann officiated and interment took place in the Josephburg cemetery.

Pallbearers were P. H. Mohr, Otto Berg, Ed. Frey, Wm. Thomas and John Mohr Jr. Beautiful floral tributes were received from his loving wife and family; Minnie and Joe, Willie and Gus, Christina, Bessie and Annie, Theresa, Ed and boys and Barbara, Phillip and Leonard; Carl and Catherine; Rudolph and Elizabeth Beaber, Vera and Lawrence, Dorothy and Ralph, Hazel and Eddie, Bert Mohr, Sherry Phebe, John Williams and family, Helen and Jack Beaber, Mr. and Mrs. Percy, Alfonso Hinds and Phyllis Augustine and Andrew Isabel and Vincent Lewis and Lorne and Flora and Alfred Verna and Wilbert, Sidney and Earl Hinds and Mrs. Walter, Mr. Mike Mohr and Hue, and Jack Beaber, Emma and George Hinds and Albert Up and Mr. and Mrs. Henry Mohr, Ed and Hilda, Reg and Mary Frey, Mr. and Mrs. Jim Hemming and family, Albert and Rose Frey and Lorne, Lily and Leith Isaac and Stella, Sid and Tim, Mathilda Mohr Alfred and Ruby Rudolph and Beaber, Mr. and Mrs. Rudolph Krebs, Mr. and Mrs. Adolph Beaber, Mr. and Mrs. Jim. F. Mohr, Mr. and Mrs. Theodore Mohr, Caroline and Rudolph Hemming and Fred, John Gordon and family, Mr. and Mrs. Jos Smith.

He known to mourn his loss are his loving wife; four sons, Daniel, Albert, Albert and David, two daughters, Mrs. Geo. Widner and Mrs. Emmanuel Mohr; four sisters; two brothers and sixteen grandchildren.

Howard & Halbrich were Funeral directors.

Look After the Weeds - NOW

Weeds are distributed and spread in the period from early August till the completion of threshing more than at any other time of the year. This is because their seeds are ripened at this time and carried by natural agencies (wind and water) and by man (on harvesting machinery and by live stock) from farm to farm.

A little attention at this time, will greatly reduce the spread of weeds. Such seeds as those of the thistles are frequently carried by the wind. Their distribution may be controlled by cutting along the edge of roads. In most cases little or no crop is destroyed by this action and the spread of noxious weeds is checked

Weed seeds are spread by machinery moved from field to field or farm to farm at harvest time. Care should be taken to clean all machinery before moving. Especially is this true of harvesting equipment. Where combines are used care should be taken to secure all weeds in tightly woven sacks in which they may be taken from the field and burned. Of course, all screenings accumulated at each setting of the threshing machine must also be burned or chopped up real fine to prevent being spread by live stock. . .

If live stock are turned into stubble before weed seeds are burned, the unnecessary spread of weeds will result. Even when this precaution is taken, considerable seeds of all kinds will be consumed and distributed by the stock. It is advisable, therefore, to limit the range of live stock on stubble in the fall as much as possible that weed seeds may not be carried to other fields than those on which they were produced.

"A stitch in time, saves nine"—therefore, that small patch of weeds on your quarter or along the outside of the fence, will only take a few minutes to kill this year—but, leave them go—and you will soon have a large patch that will take year's to kill. You also do your part in Canada's war effort by keeping your land in good condition, so as when the time comes again to start producing, you will be then in the front line.

—The Budget.

—V—

Farm Accidents

The ratio of preventable accidents in agriculture is higher than in any other industry in Canada. Machinery is the chief source of farm work accidents. Livestock comes a close second and falls are in third place. Last year 1,000 persons in rural districts were killed in accidents involving machinery.

—The Budget.

A WEEKLY EDITOR LOOKS AT . . .

Ottawa

Editor quietly
by the weekly newspapers of Canada

The only Army girls on Parliament Hill, nearly members of the Canadian Women's Army Corps have been assigned to work in Canada's stately Parliament Buildings at present. There a large staff engaged in the issuing of Victory Bonds. The more that will be necessarily and painstakingly handled, and must be accounted for personally during the day. Four girls from the U.S.A., who came to Canada to enlist in the C.W.A.C. as "Bond Detachment" as international . . .

When Canada celebrated Dominion Day, 1944, it marked also achievement on the war front—the production of its 650,000th war vehicle. This output, at a value of more than $2 billion, is a tribute to our money contributions, our industries and our workers. It includes 1,000 armoured carriers, now rolling off the assembly lines at more than 150 a month; 5,000 armoured vehicles; and 3,500 tanks and anti-propelled gun-monitor. In addition to the hoagy-ed, under Mutual Aid, to make 5,000 flat cars for Russia, and we've already rolled 40,000 tons of rails for the Soviet Republic. We've finished 146 locomotives for India, and other equipment in huge amounts. An astonishing productive capacity. . . .

Reversing the usual order, Hyam Hope Sandery, director of the Wartime Prices and Trade Board's Consumer Branch, is asking the Canadian housewife to help her with a problem. It has to do with fore-quarters of beef. For some time now more women have been buying sirloin roasts and tenderloin roasts, largely neglecting the cheap cuts in the fore-quarter, with a result there is real danger that fore-quarter cuts will become a glut on the market, spoiling a large proportion of good, edible beef. To prevent such waste, Mrs. Sandery urges women to balance their purchases alternating between the hind and fore-quarter cuts. It's well to remember, too, that it's not only palatable but thrifty, because there is a big saving in the purchase of front cuts.

The R.C.A.F. recently instituted a division of pharmacy, first service to put central pharmaceutical stores on a functional basis. Gone is the traditional No. 9 pill which used to be given for everything from sore corns to stomach aches. Consumption of drugs is less than in civilian life due to better diet and emphasis on prevention of disease. In parts of Labrador, in the Aleutians, Bahama Islands and other beacons of the air force policy of giving medical care to civilians is isolated areas. They get the new anti-vitamin capsules, and airmen also get them to supplement their diet. Drugs modern as today's calendar are standard, from the magic bullet "penicillin," and sulfa drugs in a dozen forms, to new antiseptics much stronger than carbolic acid but relatively harmless to human tissue. There are many other secret drugs

The Record Files
Out of the Past
Wednesday, July 22nd, 1931

At a recent meeting of the Town Council it was decided that necessary improvements be made on the elevator roads.

The United Church, Clyde, was the scene of a pretty wedding, Wednesday, July 15th, when James Lindsay and Fred J. Smith, local druggist, were united in marriage.

Fort Saskatchewan and Bruderheim met last Tuesday in the last game of the present schedule. The game ended with a score of 13-11 in favor of the local team.

Mr. Fred Berg has just erected a new filling station on the main highway, just opposite the United Church.

Gobert-Mohr Nuptials Held

GARRET—MOHR

Ballet on Alter bright with candlelight flowers, a wedding of much interest took place at 8 p.m. on Friday, July 13th, in the Josephburg United church, when Ethel Florence Marie, eldest daughter of Mr. and Mrs. John Mohr Jr. became the bride of Walter Emil Samuel, son of Mrs. William Gobert and the late Mr. Gobert.

Rev. J. Krieger officiated.

Given in marriage by her father, the bride wore a floor length gown of white tricky sheer with full gathered skirt, sheered fitted bodice enhanced neckline and long fitted sleeves her long flowing veil was held in place by a garland of orange blossoms. Her only jewelry was a gold pendant, a gift of the groom, and she carried a bouquet of red carnations.

She was attended by her sister, Miss Joan Mohr, who wore a tea-length gown of rose organza, and Miss Hertha Gobert, sister of the groom, in Queen's blue crepe, each fashioned with flowered hats of shaped voile and carrying pink and white carnations and gypsophila. Donnie Thomas, cousin of the bride, was flower girl, and was dressed in a tea-length gown of pink organza with matching hood and carried a silver basket of snapdragons and delphiniums.

Mr. Herbert Gobert, brother of the groom, and Norman Mohr, brother of the bride, attended the groom.

Mr. Herbert Mohr and Mr. Ted Gobert acted as ushers.

Mrs. Edward Mohr played the wedding music of Mrs. F. R. Bunker Jr. sang "Ah Joy To Thine". The Josephinum choir, of which Miss Mohr has been a member, rendered a song "Go In with You, All the Time".

The bride's table was laid with pale crepe. Her corsage was of pale ivy gardenias. The groom's mother wore a black crepe dress, with corsage was of yellow gardenias.

After the ceremony a reception was held at the bride's home to over 100 guests. The tables were laid in attractive fashion and the bride's table was centered with a beautiful three-tiered wedding cake, and the guests were also entertained with a buffet supper.

The happy couple were the recipients of many beautiful gifts.

The groom's gift to the bride was a honeymoon trip to Banff, Cranbrook, B.C. and other points. On their return they will make their home on the groom's farm at Mossfield.

PREDMORE—RABBIT

Posted shaded pink peonies and blue delphinium decorated St. Stephen's College chapel for the wedding at 4 p.m. for the double ring wedding ceremony of Miss Jean Isobel Rabbit, daughter of Mrs. Rabbit of the Dene, and Mr. D. C. Ramsay, and Lt. Wilson C. Predmore, R.C.A.F., eldest son of Mr. and Mrs. Charles Predmore, all of Edmonton. Mr. Ramsay, father of the bride, performed the ceremony.

The bridegroom, recently returned from overseas after more than two and a half years serving with the forestry corps, has just completed an officers' training course at Brockville.

Miss Jean Ramsay resided with her parents at Fort Saskatchewan for several years.

Letter To the V.I.

Women's Institute,
Fort Saskatchewan, Alberta.
Dear Friends:

Even though you can't be there to-day I thank you for the birthday parcel which I received yesterday which was a delightful surprise to me. Needless to say my roommates and fellow-Canada and host regards to the cook who baked that cake. Every-thing was in excellent condition and I must congratulate you on your appreciation of your Institution's activities.

There is something about a parcel from home here, that makes it special knowing that you are still being remembered by the folks at home enjoy the things you send me, such as cleaning your remaining one of Queens and girl friends, and cakes of Christmas.

I was never very gifted in expressing my thoughts on paper, but when the war is over, I hope to thank each Institute and each individual separately.

In closing may I again express my appreciation of your thoughtfulness and remembrance for me. Thank you for your work which you are doing.

Yours sincerely,
F. A. Theriault, P.O.

So that the Dairy Products Board can be assured of getting sufficient cheese for the British Ministry of Food, 125 million lbs. by March 31, 1945, an order requires that all cheddar cheese made in Ontario and Quebec must be sold to licensed exporters.

C. C. F. Home Building Plan

The C.C.F. proposes a socialized building industry. The object will be the social one of providing houses for Alberta people The profit motive, which in the past has failed to stimulate building, will be eliminated.

TAKE PRIVATE PROFITS OUT OF HOME BUILDING.

The people of Alberta will develop their own timber resources. We will give no more money to BIG Business so is now being done. We will see own sawmills. If necessary the government will own its own mill and mine necessary. THEY THEY WILL NOT make a mint of money for every dollar you spend.

Now your money is dissipated in profits to the owners of—

the timber limits
the sawmill investment
the building investment
the retail lumber companies.

When you spend $4,000 for a home you contribute $1,000 to the chain of exploiters.

TO THE C.C.F. it is more important that 10,000 people get homes than that 100 capitalists get profits.

A C.C.F. government will help you finance your home, whether you live in a city, a town, or the country.

A federal C.C.F. government will provide 30-year credit at cost (not more than 1½) through a publicly-owned banking system.

A provincial C.C.F. government will use the credit of Alberta to get money to re-issue to people to build at the lowest available interest rates.

A C.C.F. government will give assistance towards building better homes. It will provide a free architect's service to supply proven good plans and specifications. It will do research in constructions to determine the best types of building, better materials, etc.

The C.C.F. wants you to own your own home. However, for those who want to rent houses, a C.C.F. government will limit hold thousands of low-cost homes for low-cost rental.

We have THE MEN, THE TOOLS, THE MATERIALS

Only the profit system stands in the way

Former Students Visit Mr. W. E. Griffin South Cooking Lake

"Calling all Cats" would have been an apt sentence used on Saturday last Saturday as our after our, our after our, rushed by the growing highway to a picnic with Mr. Coldwell, leader of the C.C.F. party.

One happy event and one and one followed on the heels of the Picnic. The first was a gratifying reunion, when Earl and Mrs. Cranston, Wm and Carl Unterschultz, on their way home from the picnic, dropped in on the Griffin family It was a pleasant surprise and a reunion all the more gratifying since Earl and Carl were once upon the time—in the story book—amid my high school pupils on Mr. Griffin.

The first event occurred an hour or two later. A husband and wife, driving home to Edmonton, past the Cooking Lake corner, took the hill turning to the right instead of keeping to the left and went two bridge. Suddenly, realizing his mistake, the driver, intent on getting back to the highway, turned his car too abruptly, charged head on into a telephone pole beside it off and finished up in the ditch with the radiator driven up close to the engine. Happily, neither man nor lady was very seriously injured.

N S S

The service station has changed management. Mr. and Mrs. LeFlamme have taken over from Mr. Thompson. We wish them success and hope they may be happy with us. To Mrs. Flowers and Bixby we extend our best wishes as they leave us.

S S S

General satisfaction is felt at the recovery of Mr. Honeyman, and his return to us. May his recovery be complete and lasting.

S S S

We have many good news: Clara Bull is out of hospital, where she has been suffering from a nervous breakdown, following on her many years devotion to her duties at the many hospital to which she has been a nurse.

S S S

Howard Carter has been getting the best out of his leave of absence. Not only has he had the pleasure of being present at his daughter's wedding, but he has had the great satisfaction of helping his father-in-law get in a goodly number of loads of hay.

S S S

Our Hlmbeth Ladies were celebrating a wedding on Friday, July 21st, when a number of messages was sent to Elizabeth hall. The happy couple are Dan Miller and Muriel Barnes. South Cooking Lake wishes them every happiness.

S S S

We regret to finish this column with less happy note. Ralph Leach, son of Claude Leach of Elizabeth, has had the misfortune, while splitting firewood, to cut an artery between the thumb and forefinger of the left hand. The loss of blood was considerable before he reached a city hospital and received attention, but he was able to return home, we are glad to report.

"Heaven Can Wait" At Sharp's Shows

Gene Tierney, Don Ameche and Charles Coburn head this week's attraction at the Sharp's Shows, opening Thursday and Saturday nights.

The story goes something like this: Don Ameche, after suffering off this mortal coil, mistakenly nabs admission into Hades But His Satanic Majesty, for details of his life before admitting him to permanent residence, requires the telling the story of his affairs with women; his first "outing" with a French maid, his love-at-first-sight for Martha, who was to marry his guilty cousin but whom he persuaded to elope with him; of their 25 years of marriage and its many moments of quarrels and reconciliation; of his temporary "crushes" for other pretty women; how he talked Martha into divorcing him after she had driven him to go back home to her parents and perhaps become reconciled to the fortunes cousin; how he intervened to buy off a Pullen girl with whom his son was infatuated, and how in the end he was well able to take care of himself when himself in step of the old bloat. His Excellency is charmed, decides the newer should not be condemned to "Above".

Next Week: "The Desperados."

Ardrossen Picnic at Lake Shore Draws Large Gathering

On Saturday, July 22, C.C.F.ers from all parts of Clover Bar Constituency gathered at Lake Shore for their annual picnic and outing. Many were on early for a big noon lunch served at a long table under the trees

Before the recreation was called to order the board went into a brief session to make final plans for a successful election campaign. Miss Mary Crawford, candidate for West Edmonton was our first guest speaker. Mr David Roberts, C.C.F. candidate for Clover Bar constituency was our second guest speaker. Mr address where the leaders of the Dominion and Provincial C.C.F. movement drive at. Nothing would have pleased our associate audience more for in the war Mr J. Coldwell, M.P. and National Leader and Elmer E. Roper, M.L.A. and Alberta President

A few minutes were spent shaking hands and renewing old acquaintances while the lead speaker system was being set up. Mr Roper introduced Mr M. J. Coldwell, who then spoke briefly as he still had a long distance to go for an evening meeting

Mr. Coldwell was really pleased to be able to attend the picnic and picnic and intimated that this year would mark the first year in which he would be unable to attend a similar event at his home constituency.

After some entertaining, games and ball games the picnic broke up. A tired but satisfied group of people returned to their homes to the tune of

Sudden Storm Damages Williamson Block

The tempestuous rain Sunday to do a new high for the year. Heavy rain and wind caused much local storm damage in the district. Hail was reported in several localities, but not on a large scale.

The Williamson Block roof suffered heavy damage, when a section of the porch roof took over the main portion Rain entered the entire building, causing considerable damage to stock.

Chimneys along the west end of the building were blown down.

Calgary Power lines suffered damage, causing a short circuit and a without power until Monday at 11 a.m.

Many rural telephone subscribers were without phone service up until press time

The part of the province has experienced enough wind for one year at least.

—T—

Many people are as cautious and pessimistic about something new, they go into the matter behind at the start. They remind us very much of Little Mary who was asked what kind of ice cream she used here. After thinking a second she said, "I think vanilla will look best on my dress."

Bethany League Celebrates Fifteenth Anniversary

On July 20th, the Bethany Walther League society celebrated their fifteenth anniversary as members of the International Walther League, at the Mansfield hall A three-tiered birthday cake bearing decorations of the Walther League emblem and United Jack, centered a linen covered table, on separate table an institution cake with fifteen candles was cut, into this dominions were put, which will be one of our first contributions this year towards the Church building fund. Part of the evening was spent playing ball. Rev. C. Gauss gave a short address. Then a congratulatory and inspirational message was read by Rev. R. F. Behrends of Bantonger, Rev. Behrends Pastor of the congregation first president, gave a short address and read a few more addresses from former presidents the evening closed with a sing-song.

—T—

Twenty-two children from Chipman and Beaver Hills are attending Bremner school Bible classes. School will wind-up on Friday, July 28th with a picnic in the Mansfield school grounds. The ladies' aid are also having a chicken supper and banner during the afternoon.

—T—

Miss Irma Pennell has been visiting at the homes of Mr. and Mrs. J. I. Fischer, Anderssen, and Mr. and Mrs. Ed. Fischer, Josephburg.

Poultry Producers Asked to Ship Fowl at Once

Poultry producers in Alberta will be called upon to ship 250,000 pounds of fowl, these pounds of turkeys demanded in the United States Government for army use, Frank J Reffler, president of the Alberta Poultry Federation announced The order has been placed through the Special Products Board at Ottawa. Only fowl that will dress out to Grade A or B are acceptable to the order

In order to take advantage of this situation, farmers should call their fowl now immediately, Mr Heffernan declared All birds that are well finished and fattened and have a straight breast bone and weighing not less than four pounds live weight should be shipped at once. Local poultry receiving station without delay

This order is open only until August 5 and farmers wishing to take advantage of it must get their fowl into the receiving centres by that date. Future orders are indefinite and will depend on the success of filling the present order which has been shipped in time to make export on board connections on ship-ment dates.

"This is a golden opportunity to get out of the province 250,000 pounds of fowl which might not other-wise reach the export market it will reduce the possibility or congestion on the market in the future." Mr Heffernan declared. "It is no secret that Alberta will have a marketable surplus of 10,000,000 pounds of all kinds of poultry in 1945. In order to handle this tremendous volume of poultry, the producers will have to assume the responsibility of shipping in the early fall to alleviate and facilitate the handling of the heavy volume of poultry. The feeders have not sufficient facilities for finishing all their fowl. Therefore, they must be marketed for thin and un-finished poultry or be carried over. I call upon producers to co-operate in filling the immediate order and to make well preparations to finish their poultry on the farms this season." Mr. Heffernan concluded.

—T—

A. B. KING APPOINTED LEAGUE REPRESENTATIVE

A. B. King has been appointed local representative of the Poultry League of Canada. It is proposed to obtain 100,000 memberships in Northern Alberta in order to obtain representation for the seniors at the merchant marine. This is a most worthy cause and Fort Saskatchewan residents are going to be given a chance to help raise the funds now required. Special prizes are being given for the holder of lucky membership tickets. Full information to being given in radio broadcasts and newspaper announcements.

PUBLIC HOLIDAY
Monday, August 7th

TOWN OF FORT SASKATCHEWAN

Monday, August 7th, has been Proclaimed a Public Holiday in Fort Saskatchewan. All business houses will remain closed.

Citizens and businessmen are asked to co-operate.

By order
Town Council

Democracy In Business

The co-operative movement is democracy in business. As it depends on human agencies to conduct it, it can never be perfect, but it is a long way ahead of the capital stock company and the modern trust corporation.

Co-operation does not exist in law or in formula. It exists in the minds and hearts and purposes of the people. It is founded on mutual confidence and trust. With the development of these ideals people can make a success of co-operation.

The Alberta Wheat Pool is a creation of the farmers of this province. It has demonstrated its efficiency as a business organization and also its adherence to the co-operative principles. To make it a greater success than ever, it needs the interest and support of a greater number of farm people of this province.

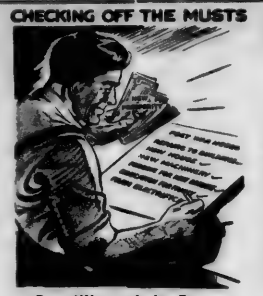
CHECKING OFF THE MUSTS



Post War and the Farmer

SAVING AND PLANNING ARE HERE NOW

By G. H. Hutchison

(Note—This is the first of a series of comments by well-known prairie authorities, written expressly for the Weekly Press of Western Canada.)

Farsighted farmers over the Dominion are trying to figure out whether their voluntary and involuntary savings in war years will serve them adequately through the period of readjustment in the initial post-war years.

A summary of the views of a fair sample of prairie farmers, given necessary protection, believe this to be the case. They also the retention of price ceilings on consumer goods and a cushion or shockabsorber through the maintenance of subsidies fixed farmers as necessary protection to enable them to secure a fair share of the national [illegible].

Farm income is at a higher level than ever before. This is confirmed by several facts. A very large number of farmers are now able to pay income tax; farm mortgages indebtedness is at its lowest level in decades and inflation has been bridled to a far greater degree than over the most optimistic ever anticipated.

Admittedly farmers' savings are largely due to the inability to obtain normal replacements, repairs, etc. No one can suggest that all surplus money held by farmers today is profit. A good share must be classed as replacement and depreciation reserves. Many of the farmers requirements will be urgent necessities as soon as the war ends and supplies are made available. However, this should not suggest a rush to purchase on an unprecedented scale. Those who plan to cover their replacements and other needs over a period of three to five years after the war ends, will undoubtedly benefit from more favorable cost prices through the increased production of the things they must buy.

Planned and systematic buying over a period of years after the war ends will alleviate any unexpected inconvenience and depression periods that may occur. The producer who enters into a buying spree as soon as the opportunity presents itself, partly through necessity and also to completely eliminate the enforced inconveniences of years will find himself in a very vulnerable position in the event of any adverse conditions arising in the post-war period.

Western agriculture is on a sounder financial basis today than for many years. The great income from farm products is at an all-time high, and is supplemented by other revenues, including payments on wheat participation certificates covering the past three crop years and totalling almost $60,000,000, wheat production reduction payments, etc.

There are indications that the price of farm lands in Western Canada are increasing. Yet, the farmer who has made definite plans for the future is making a cautious study of farm land prices. First, he is asking himself—do I need more land? Secondly, will this additional acreage, over a period of years, return sufficient income to support my family and meet payments on the present purchase price? Thirdly, will the post-war demand for farm products justify this expenditure?

The producer who is planning definitely for the future is listing his financial needs in the order that they can be most conveniently obtained. He is planning to guard against the various hazards encountered in farming and realizes that the Western farm economy in the past never permitted him to practice real conservation. He is looking to the security of his family and providing financial independence in his declining years.

Through saving now and by careful planning for the future he sees the possibility of brighter prospects of remaining on a sound financial basis than for many years. The possibility of securing some of the modern conveniences of life that in the past have been out of his reach, is seen in the offing.

Many men and women, well past middle age, who are carrying on a wartime job in agriculture today are anxious to retire when the war ends and will have to depend largely on their savings from income in war years. Others are approaching that stage, and thousands now in the armed forces and war industries will seek rehabilitation in the agricultural industry.

The larger the amount of surplus money that can be cleared by the individual farmer as savings in connection with a long range post-war financial program strengthens his own security, and, in addition, provides for a greater distribution of employment for the benefit of all every effort to hold as much of their requirements as possible now during these summer months.

WEDNESDAY, JULY 28th, 1944

Letter to the Editor

R.R. 2 Edmonton South, July 19th, 1944

Editor of The Fort Record,
Dear Sir:

As Chairman of the Committee for the Cyclone Fund I wish to report that so far we have had very generous support and the donations have come in fast. Donations to date amount to $723.00

I would like you to put a column in your paper thanking the people who have helped and also an appeal for still more funds. The office is open well accept them or any of the committee

While I am writing I would like to say that many of the readers of your paper have expressed the opinion that they would like to see more news each week of the work being done by the big outfit on district roads. After all that is the news we are most interested in.

Yours truly,
R. M. Ritchie.

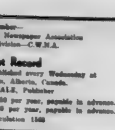
A Forced Shortage of Coal

All those who have to do with coal in Canada, including the Government Coal Controllers, have warned us that there will probably be a shortage of coal this coming winter.

If it is uncomfortable to live in a cold home in the city, it is still more uncomfortable to live in a cold home on those bleak prairies. We are told, however, that coal users themselves can help to alleviate the coal situation by taking delivery of a good deal of their winter supply of coal this summer, preferably now.

Elevator Companies maintain coal sheds at most country points. If farmers take delivery of their coal now, those coal sheds would soon be emptied and new supplies can be rushed in to fill them. This would empty the storage places of the mines, and the operators, therefore, could proceed with more coal digging this summer while labour is available, and when the railroads can make easier, quicker and more certain deliveries than they can during the cold freezing winter months. I venture to suggest, therefore, to all farmers, that those who will need coal this coming winter should strain



SPOTLIGHT

Singing of romance is one of the Latin American specialities of Alys Robi, French-Canadian radio star, who is currently featured in the variety program, "In the Spotlight" heard Sundays at 6.30 p.m. CDT over CBC's Trans-Canada Network.

KAY KIRBY

Youthful radio playwright of Winnipeg, whose works are heard with increasing frequency on CBC networks. In addition to the daily Farm Broadcast sketch "The Kirbys" (1.30 p.m. CDT Mondays through Fridays), Darby writes the fast-based scripts for the "Crossroads of Youth" series, (Tuesdays, 10.00 p.m. CDT) and is a prominent contributor to the Winnipeg Summer Theatre Series.

How can we talk about our "financial sacrifices" when our boys in the forces risk their lives and call it "DUTY"?

A WEEKLY EDITOR LOOKS AT
Ottawa

At the end of May Canadian prisoners of war numbering 8,276 were scattered through 47 camps in Germany, and 11 camps in the Far East. Of these prisoners, 8,431 are from the navy, 1,629 Army, 1,196 Air Force, 148 Merchant Navy Men and two commissioned officers work in stone quarries on river work brick laying bombering, agriculture, boot factories, anything that is not directly connected with the prosecution of the war They work usually some 10 hours a day, usual pay being 70 pfennings a day The first parcel a prisoner gets is a Red Cross "capture parcel" packed in Canada and stocked at London

* * *

With literally thousands of Canadian women making over their own clothes or cutting them down for their children, the Consumers Branch of Wartime Prices and Trade Board has found that many women are on the lookout for used sewing machines To protect buyers of such goods, the Board has set a ceiling for certain second hand articles. The price set for used sewing machines must not be more than 80% of the current price of a new machine of the same or similar type sold in that locality, or not more than a used machine cost during the basic period September 15 to October 11. To pay no more than ceiling prices and to conserve material there are major [illegible] women can make to the way effect

* * *

The horse of Canada are cackling mightily for Britain It is astonishing to learn that the Special Products Board of the Dominion Department of Agriculture bought for export to the British Ministry of food 2,700 carloads of eggs from January 1 to June 30 this year. That means about 2,400,000 cases of 72 million dozen. Last year for this period the purchases were 1,700 carloads. Number of cases purchased from various provinces were as follows: B.C., 150,000; Alberta 262,000; Saskatchewan 240,000; Manitoba 270,000; Ontario 700,000; Quebec 145,000; New Brunswic 2,500; P.E.I., 18,000.

* * *

Agricultural fairs throughout Canada have been a great factor in our social and economic progress and changes are that after the war they will be bigger and better than ever. Some of Canada's fairs are among our oldest institutions. The first organized agricultural fair in Canada was held at Windsor, Nova Scotia in 1765. The first fair at Pictou, N.S., was held 127 years ago. In Ontario the Niagara Agricultural Society held a fair in 1791. Centenary of the fairs are this year planned at Vankleek Hill, Ontario and Richmond, [illegible]

* * *

The Federal Labour Department is making a special effort to get thousands of high school boys and girls to register for summer employment on farms. It is hoped they will help ease the critical situation which threatens in every kind of farming from fruit picking to grain harvesting. Spending a vacation on a farm is not only profitable but health-building as well, and besides it is a contribution to the war effort. Placing officers are very careful in the selection of farms for these youngsters. The provinces have arranged for supervised camps for fruit pickers.

* * *

Ceiling prices for the 1944 Canadian pack of canned vegetables will be about the same as last year according to the Prices Board. To encourage canning of a high quality product, there is a slight change in the ceiling on tomatoe juice. Canners' maximum prices are the same level in Quebec as in Ontario this year.

* * *

So far the Labour Department, it is reported, has not had to order a prosecution against any employer for failure to reglace a returned member of the armed forces, in his former employment. All cases apparently have been adjusted with satisfaction to date. Under the Act a discharged member of the Forces may undertake on his own behalf this prosecution. The Act provides that employers must reinstate ex-servicemen in their original jobs, or reemploy them under conditions "not less favourable" to applies equally to men and women who were at least three months on the job in question before being accepted into the service. Where two or three left an identical job the first to leave is entitled to reinstatement If a returned person is physically unable to perform his former duties the employer is the employer to place him at any work he can do. If a member has three months if discharged or resumes to apply for reinstatement. The Act does not apply to Dominion or Provincial government employees as they have regulations of their own

Obituary

It was a sad and stunning blow to the relatives and friends of Mrs. Violet Lawrence when word came that she died in the Royal Alexandra hospital on Sunday, July 16th. The funeral was held in the Fort Saskatchewan United Church on Wednesday, July 19th, Rev. E. H. Birdsall officiated and interment took place in the Fort Saskatchewan cemetery. Pallbearers were Messrs. William Gillions, George Oshokosin, Cliff Allen, Samuel Mitlock, Frank Kulak and Raymond Wallo

She leaves to mourn her loss a son Ralph Lawrence and a daughter Mrs. R. D. Coulhoura, of Partridge Hill, a brother, Mr. Ernest Smith and Mrs. J. W Attersol of Partridge Hill, Mrs. C. G. Elliott and Mrs. H. Y. Howard of Edmonton, her sisters.

She who was so strong for so many of us has left us in the care of Him who was her strength.

There were beautiful floral tributes from the following:

Ralph and Helen, Hazel and Al; Mary and Wesley, Ernest and Mable, Susie, and Harold, Ellen and Cecil, George, Mary, Beatrice, Geraldine, Joyce, Bernice, Rhoda, Dorothy, Evelyn, Gilbert, Dad, Mary, Erma and family, Aunt Victoria and Uncle Joe, Wilmot and Lilah, Frank and Gloria, Aunt Kate, Uncle Willie and Bernice, Verd, Mary and family; Doreen, Harry and Ralph, Tom, Harvey and Bruce, Margaret, Harry and family, Arnold and Bessie and family, Elva, Fred, Lenna Scott and Aunt Martha, Mr L. W. Colbourn and family; Rev and Mrs. Hodgins, Verna and Gus Ardith and Leslie, Edith and Wilson, Blanche and Willie, Carvis, Bob and the girls; Mr. and Mrs. W Gillions, Ralph and Jean; Arthur, Lena and Garry, Hester, Lilly and boys; Muriel, Mable, Gladys and Earl, Charles and Rosie, Emma and Dave, Sid and Tillie, Gladys and Frank; Lucylle, Garnett and Lila Beaston, Joe and Dolly Tasch, John and Mary Fischer; Gertrude and Alex Hallan; Alfred, Margaret, Mr. and Mrs. Gus Fray, Mr and Mrs. Pin to Rippel, Raymond, Ellen, Margaret, Virgan, Reyes and Douglas; Anon, Roberts and family; Wilfred, Bob Ethel and family, Mr. and Mrs. Pete Gems and family; Carl and Elva; John, Beatrice and Colburn; John B Webb; Mr and Mrs. Dave Gems and family, Mr. and Mrs Bert Davis and family, Mrs. C. A. Hester, Keswick and Mollie; Mr. and Mrs. V. B Howard, Lawrence and Charlie; Elmer, Alma and Norman; Angus, Bertha and Arthur; Mr. and Mrs Tom Wall and family; Lucille Lynch; Mr. and Mrs. Colwell and Jeanne, Charlotte and Harry; Billy and Sadie Watson; Mr. and Mrs. Art Ryan; Mr. and Mrs. Roy Wilson; Mr and Mrs. W. H. Ball and Elizabeth; Mrs. Borstell and Mrs. Perkins; United Grain Growers Social Club.

Haven't you ever talked over the back fence?

MAYBE you have a neighbour who doesn't know what it's all about when it comes to raising cucumbers. Perhaps he hasn't a knack with roses. So you tell him what spray to get, or you give him a little lesson in pruning. And next thing you know he says: "I'm certainly sold on that advice you gave me."

And that's how progress comes about. A fellow comes along who knows more than you do about life insurance, for instance, and first thing you know you are a way to protect yourself and your wife and the kiddies, a plan you might never have thought of, yet it seems easy once you start.

If there were no salesmen, hundreds of thousands of people now insured would be without the security they enjoy. So many people put off till tomorrow what they should do today—so many neglect provision for the future. That is why the helpful neighbours who sell life insurance have become such great instruments in the promotion of thrift.

It is good citizenship to own

Local News

P.O. Walter Sherman arrived overseas safely, according to word received by his parents, Mr. and Mrs. F. Sherman. Walter visited Mr and Mrs. Earl Sherman at Winnipeg and his sister, Sgt. Edna Sherman of Halifax, enroute to the coast.

Mr and Mrs. Henry Lauber left Saturday morning for Sylvan Lake, where they will be the guests of Mr and Mrs. T. Price and family, of Calgary for the next three weeks. "Henry" contemplates launching the motor ball around Sylvan Lake's shore.

Clarence Andrew surprised a few friends by Wednesday while working on Dr Baxter's farm. He was operating the tractor at the time of the accident.

Pte. G. H. Wagner, son of Mrs. Martin, writes to thank the Ladies of the Women's Institute Home Comfort fund for the parcels sent him. In a letter to his mother, Pte. Wagner reported he was now busy keeping up with the enemy to write many letters. He is with the Canadians in the 8th Army, operating in Italy.

Mr. Fay Shubert is busily engaged sawing lumber this week.

Miss Dorothy Galloway of the Royal Alex. hospital staff spent a few days the guest of Mr. and Mrs. Sidney Galloway of Yorkville district.

Mr. George McClain sent a shipment of pulpwood to Bowron Creek last week.

Dick, Ronald and Clarence Adams have returned from the Calgary Stampede after spending a few days at Sheriff and Wally's.

Miss Audrey Gagon of Edmonton, spent the week end with her uncle Mr. and Mrs. Charlie Galloway.

J. H. Galloway returned last week from Edmonton where after visiting his sister Mrs. J. A. McCoy for the past few weeks, he was joined by Mrs. Galloway at Wembley and toured Lodge.

The Alberta Farmers' Union will hold a meeting on Thursday, August 5th, at 8 p.m. in the Garden School, at 8 p.m.

Helen and Vivian Simons of Smithfield, were visitors in the Fort last week.

The following pupils of Mrs. H. T. Howard, R.T.C.M., Edmonton, were successful in their recent Toronto Conservatory of Music examinations: Sheila Lawrence, grade 1 summer point, first-class honors; Evelyn Attwood, grade 5 piano, first class.

Mrs. Louis Jamieson, M.L.A., Vancouver, who will speak at several points in the Clover Bar Constituency in the interests of D. Roberts, C.C.F. Candidate, is known at the coast as a very able and forceful debater. In addition to being a member of the B.C. Legislature, she has been provincial judge for Burnaby for eleven years. She is also president of the Pan-Theodore' Association and the University of Women's Club.

Weeds Cost Money Eradicate Them Now

In the Province of Alberta there appeared in the statute books The Weed Control Act which designated what plants shall be deemed noxious weeds and requires occupants (owners or user) of land to destroy these or may be necessary in prevent the spreading of their seeds. That is the law; but in view of the fruitless of many seasons, the Act has become a vain possibilities as a last resort, and municipal inspectors are now empowered to enforce the law and to destroy noxious weeds at the expense of the owner. After first notifying delinquents, inspectors may prosecute or may go on the job themselves and charge the cost, plus a penalty, to the owner or occupant. Such landlord part of the crop as may be required.

In the course of his duties the councillor road inspector does much more than "spy" upon the farmer. He can be a councillor and friend to the rural ratepayer. He is the "eyes" of the Department and the farmer's friend and counsel at rare needs.

The difficulties in the way of the successful control of weeds do not vary appear unconscionable. Known methods are at hand and are the greatest weakness of all—the personal opposition—supine apathy or active hostility of the individual and national economy.

Farmers should take it upon themselves to weed inspectors of their own land and ratepayers. Then a great community benefit would result, and bring many dollars into the pockets of the producer.

The foster a chicken grown, the less food it requires. Feed the pound of gain in a few months after hatching, differences in body development, appearance, and a plump body is necessary for the production of prime broilers.

Letter To the W.I. From Men in the Forces

M-62267,
Spr. Kenneth Chambers,
No 10 Canadian Field Sqd.,
R.C.E., (Canadian Army),
Central Mod Forces.

The Women's Institute,
Fort Saskatchewan, Alberta.

Dear Ladies,

Just another line to let you know we received your parcels in the best of condition, moreover, they were really enjoyed to the fullest extent. We are grateful to have at this time the pleasure of thanking each and everyone. If you like the cheerful parcels received from time to time in the past years.

Lester and I are both together again now that I've got back the use of my arm once more. We are both driving and had quite an exciting time while on this last push through the Lori Valley, dodging shells, mortars, mounting mines and even bombs, while rushing like hops up about twenty miles before the bridges or by-passes for the attacking forces on the road to Rome and certain victory. On one of the occasions the right hand front tire was punctured by a piece of an 88 shell from which turned out to be a dud. Fortunately for us the old limey spat while my flapper took over to the nearby holes and dixies. However, we were not long in repairing and were dispatched in the area and soon were reunited with our unique friend sitting aboard for all of us to have one last feast at him before being dismembered. Such a time we were on our way again up to make possible a crossing of the river — That night after safely launching the bridge we got caught in an air raid on the road and spent the same down ditches, especially one which left us minus a number of hops. That was a memorable night but we are still intact and hope to see the old town in the near future.

Thanking you again for your interest in us, we remain,

Yrs Fort Saskatchewan hops,
L. L. Chambers, M-62267,
E. Chambers, M-61837.

U.F.A. Picnic Winners

RACES

Boys' 6 years and under—Dale Reynolds, Dick Sobersky, Gordon Hoolpa.

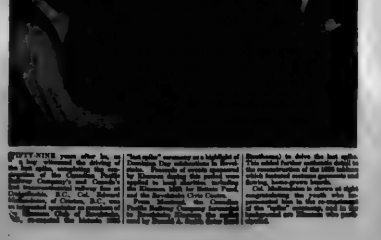
P.O. Hilton Baker and Mrs. Baker were Fort visitors recently. Joining the R.C.A.F. in 1941, Hilton, after graduating, has served as flying instructor at Three Rivers, Que., and Neepawa, Man., and only recently was given the opportunity of seeing service overseas. While on leave here, prior to leaving for the East, P.O. Baker, and Mrs. Baker (the former Eileen Clish) were receiving congratulations on the old home town. Many friends wish Hilton every success "over there."



FORTY-NINE years after he, as a boy, witnessed the driving of the last spike, symbolizing the completion of the Canadian Pacific Railway's transcontinental line, Donald Alexander Smith, Lord Strathcona, G.C.M.G., C.B., Federal Member of Parliament for Montreal, Director of the Hudson's Bay Company and Canada's High Commissioner to London, returned to the scene of his boyhood days to re-enact the historic ceremony at Craigellachie, B.C., on July 29, 1929. Above, Lord Strathcona is shown driving the last spike. Standing on the left is Lord Shaughnessy, president of the C.P.R. at the time of the driving of the last spike. Standing on the right is Sir Thomas Tait, vice-president of the C.P.R. at the time of the re-enactment of the historic event, which featured numerous guests and officials of the railway.

Col. Macdonald is shown at right of the picture, the youth who has been chosen to drive the last spike. This added further authentic detail to the reconstruction of the 1929 event, which featured numerous guests and officials of the railway.

"Last spike" ceremony as a highlight of Dominion Day celebrations is flavoured by the presence of several men, selected by their fellow citizens this year, who were present in 1929 at the driving of the last spike. Left to right are Mr. Robert Reid and Mr. Alexander Orde Cowan, both of Vancouver; Mr. Charles Cowley, Mr. Frank Swannell and Mr. Frank Ross, all of Victoria; Mr. Ernest Hall, Mr. Frank Hall and Mr. Frank Hall (Smithsonon) to drive the last spike. This added further authentic detail to the reconstruction of the 1929 event, which featured numerous guests and officials of the railway.

Col. Macdonald is shown at right of the picture, the youth who has been chosen to drive the last spike.

VOTE 1 FOR ROBERTS

C.C.F. QUIZ

Would life insurance policies be safe under a C.C.F. government?

YES.

Only the wealth of the nation behind them can make them safe. If in 1982 the Bennett government had not, by order-in-council, allowed certain powerful financial and life insurance corporations to reconstruct the results of their financial transactions, a panic would have ensued which would have wiped out thousands of life insurance policies and savings accounts.

Life insurance will cost much less and be very much safer under a national insurance plan because it will be backed by all the resources of the nation.

In the depression period 20% of all life insurance policies in Canada ended. Some by death, some by cash surrender and 35% lapsed.

Would there be complete religious and political freedom under a C.C.F. government?

YES.

The C.C.F. manifesto is very definite on this point. It reads: "Freedom of speech and assembly for all; equal treatment before the law of all residents of Canada irrespective of race, religious or political beliefs".

The very core of the C.C.F. program is full political, economic and religious freedom. It was to establish and maintain such freedom that the C.C.F. was formed.

Large Crowd Attends C.C.F. Meeting

"Vote for the party that is going places" suggested D. Roberts, C.C.F. candidate in Clover Bar Constituency in a large crowd in the Fort Community hall Wednesday evening. A. S. Mugo acted as chairman of the meeting and appealed for the support of the candidate, morally and financially.

Mrs. Laura Jamieson, of Vancouver and C.C.F. member of the B.C. Legislature spoke briefly on behalf of D. Roberts.

Mr. Roberts gave the gathering a picture of the C.C.F. and what it stands for. He told them that from the "cradle to the grave" was to be the party that was going places in the C.C.F.

"I am one of those invasion forces as Sworn Tro-pers —and Mrs. Jamieson, over here with the boys of the C.C.F. can do for Alberta and the West as a whole. Alberta with her abundance of natural resources, under a C.C.F. government would have little difficulty in providing health services as well as for every one", said Mrs. Jamieson.

"Socialized medicine have shown that they can only guarantee to plan to put care of the population in the post-war plans. When are the other 11 per cent going to do, said Mrs. Jamieson.

Mrs. Jamieson spoke at some length on the various projects a C.C.F. government in Alberta could be expected to undertake, if returned to power in the next election. Pointing out that the C.C.F. government got in, would no have to strike anything.

In the question period, only one question was asked. "If the C.C.F. government got in, would no have to strike anything.

In answering the question, Mr. Roberts said "We would nationalize the C.C.F. to spend more money on the rural roads and less on highways. After all, roads are to serve the people not get their pockets to market."

Other weekend visitors are "Billy" and Mrs. Millard and their two children, Billy and Jeanne, who arrived for a leave for 10 days. Bay members will welcome them.

We are glad to report that Mr. John Wemmel and Donna May Bartlett returned home again after a short stay in a city hospital.

Mr. and Mrs. Bell have received a letter from "Dempsey" telling of his safe arrival in France. Only one year ago he was playing ball at our ball grounds. Now he is playing a grosser game.

We are all glad to see the promising indications that the bridge at South Cooking Lake is to be repaired.

Many Visitors Enjoy South Cooking Lake

Among the many enjoying the "cream of light cheese" on the block of a new, Stanley Gravel.

Mr. W. V. Elliott is home from hospital after under-going an appendicitis operation. He doesn't look any the worse for his operation and we hope he feels a lot better.

Mr and Mrs. R. E. Andrews returned recently after visiting their daughter in the southern part of the province.

Farmers of this district are trying to get their hay in before we have any more rain.

With plumes and the mail not coming through, this district was partly isolated for a few days. It is hard to get mail back from Edmonton to bring the mail. Sometimes it doesn't come at all and other times it is nearly two hours late. We all hope for better service next week.

Mrs. A. C. Elliott is expecting a visit from her sister whose home is in Regina, next week.

Bremner Ladies Honor Mrs. J. Carr

Mrs. J. Carr, the former Violet Reynolds was guest of honor at a miscellaneous shower on Tuesday afternoon, July 20th, when Mrs. E. Kerr was hostess to about thirty Bremner ladies. Many beautiful and useful gifts were received. A dainty lunch was served by the hostess.

Among those present were: Mrs. F. Hine, Mrs. A. Criswell, Mrs. S. Scott, Mrs. W. Reynolds, Mrs. G. Ottenbrit, Mrs. R. Uren, Mrs. J. Reynolds, Mrs. J. Walsh, Mrs. M. Lutes, Mrs. A. Lutzen, Mrs. R. Warnock, Mrs. E. Dowling, Mrs. H. Hooton, Mrs. A. Hall, Mrs. T. Marler, Mrs. J. Thomlinson, Mrs. R. Reynolds, Mrs. Manning, Mrs. Martin Reynolds, Mrs. T. Williams, Misses Esther Wiley, Lorene Bedell, Gladys Kreuser, Beatrice Reynolds, Lillian Smith, Merna Marler, Shirley Uren and Kathleen Dowling.

Wye District Sports Well Attended

We are sorry to hear that Mrs. Whetton is confined to the hospital, undergoing an operation. The community wishes her a very speedy recovery.

Miss Ellen Webb is spending a few days in Fairview with friends.

A large crowd attended the picnic and dance at the Wye hall on Friday. Three ballgames were played; Wye and Salisbury school children played, with the latter winning 15-6, Glen Garden and Brunner girls played Brunner winning with a score of 15 to 10, Salisbury and Glen Gardon boys played after supper, with the latter winning 12-10. Prizes were donated by some of the men. Bert Whitham's horse came in first in the horse race. Other sports completed the afternoon. A large crowd attended the dance in the evening and enjoyed themselves. Music was supplied by Bert Pearce and his Merry Makers.

The community extends best wishes to Mr. and Mrs. Donald Hillier, who are newly-weds in our district.

Mr. and Mrs. Ed. Fisher, from Hay Lakes, are spending two weeks at the home of the latter's mother, Mrs. W. Kreuzer.

Word has been received by Mrs. G. Walker that her husband has arrived safely overseas.

Pte. Henry Kreuzer and his wife and son Wesley, have returned to Calgary after spending two weeks at home with their parents.

Galahad, Alberta, is spending part of the school holidays on the farm with Mr. A. C. Wilson.

Ardrossan News

Mr. and Mrs. E. Jacques are holidaying at the coast. They are expected home this week.

Mr. and Mrs. R. Brierley are visiting at the home of Mr. and Mrs. A. Duckmanton and are leaving for the coast in a few days.

Mr. and Mrs. A. D. Griffiths have been holidaying with their daughter and son-in-law, Mr. and Mrs. T. R. Wall, and their son and daughter-in-law, Mr. and Mrs. Ivor Griffiths, for two weeks, at Calgary and Waterton Lakes.

Mrs. Walker and her great-daughter, Miss M. Walker, of Silverton, Ontario, were visiting friends in the district, recently.

Wye Visitors

Mr. and Mrs. Watkins, of Edmonton were guests of Mr. and Mrs. Jack Hall and family.

Mrs. Steve Jones and children, of Edmonton, are visiting Mary and Sonny Hall. Later they are expected to visit with Mr. and Mrs. Jack Hall.

Mrs. Herlihy and daughter Gladys, old friends of Mr. and Mrs. Jim Stewart, paid them a recent visit.

Mr. and Mrs. Bernard Redmen, and Margaret, are holidaying with Mr. and Mrs. Otto Jacobsen, of St. Albert. Baby Redmen is the guest of Mr. and Mrs. Hunter.

Mrs. Herman Wilson of Los Angeles, California, was the guest of Mr and Mrs. F Haythorne.

Mrs. Mason, Shirley and Bobby, were visitors of Bob and Mrs. Hulbert for a week or two.

Mrs. Art Cotterall is suffering from a fractured heel sustained when leaving the smart for home, after attending the wedding of her brother.

A.S. Bennet Leslie Claydon was a visitor at the home of his sister, Mrs. Hammond and Mr. Reg Hammond last week. He is stationed at Prince Rupert.

A member of the R.C.A.F. Flying with the Madera Freedom,/ Sunshine, W.O. Bennie Chambers of 12115-76th Street, Edmonton, is a brother of Mrs. Reg Hammond. Bennie serves as a rear gunner.

Mr. and Mrs. Henry Soutter were the guests of the latter's mother at Camrose, over the week-end.

Emil Nesendorf Heads Mansfield Athletic Club

The picnic, chicken supper and bonsor, sponsored by the Bethany Walther League and Ladies Aid, on Friday, July 30th, at the Mansfield school grounds was very successful. The afternoon programs consisted of ball games and various types of races. Toward evening a few games of volley ball were played. The tea count in the booth seemed to hold the spotlight at all times.

Mrs. Baron and Willie, Saskatchewan, is visiting her son an daughter-in-law and family, the Rev. and Mrs. C. Baron.

The Mansfield Athletic Club met at the Mansfield hall to elect new executive members. They are as follows:

President, Emil Nesendorf,
Secretary, Arno Gerber,
Treasurer, Edwin Bett,
Directors, Otto Dugen, Fred Thomas, Ted Gobert, and Wilfred Nesendorf.

Plans are being made to have a new wall and repair the skating rink.

Rosemont Road Partly Gravelled

It looks as if at last our Rosemont highway is under way. Every day large trucks are going back and forth on the road. A stretch from Elkrida to the church has been completed. The gang is now working along F. Bowder's going north.

Mrs. Bee is a patient in an Edmonton hospital. Her many friends wish her a speedy recovery.

Mr. and Mrs. R. C. Elliott have settled in their new home in this district.

Congratulations are extended to Mr and Mrs. James Villeneuf on the birth of a son, Stanley Gerard.

Mr. W. V. Elliott is home from hospital after under-going an appendicitis operation. He doesn't look any the worse for his operation and we hope he feels a lot better.

Mr and Mrs. R. E. Andrews returned recently after visiting their daughter in the southern part of the province.

Farmers of this district are trying to get their hay in before we have any more rain.

With plumes and the mail not coming through, this district was partly isolated for a few days. It is hard to get mail back from Edmonton to bring the mail. Sometimes it doesn't come at all and other times it is nearly two hours late. We all hope for better service next week.

Mrs. A. C. Elliott is expecting a visit from her sister whose home is in Regina, next week.

Tyres Valley Hosts To Newlyweds

On Tuesday evening a shower was held for David Gunn and Miss Nellie Van Daalen. The wedding took place on Friday, at St. Stephen's church, Edmonton. After the ceremony a former member of Tyres Valley school. The evening was spent dancing, and afterwards lunch was served.

The bride and groom received a lot to be desired, after which Mr. Basil Davis asked the couple the usual questions. The groom answered that David's spoke a few well chosen words, followed by Miss Van Daalen, doing likewise.

Mr. and Mrs. David Gunn left on Sunday for Beaumaris Bay, there being David's holidays. All good wishes for the bridal pair.

A tea was held at the home of Mrs. Jim Stewart, Tyres Valley, in honor of Mrs. M. Hinch, who has been visiting for a few days in the district. There were some entertainment, after which lunch was served. Mrs. Hinch was presented with some pictures, which she accepted charmingly.

Mr. and Mrs. F. Davis and Ronnie left on Saturday for a trip to the city, where they met their son, L.A.C. Jim Davis, who was on leave from Trenton.

The Women's Institute and Minda Gas spent a few days with their sister, Mrs. E. Hinch.

Miss Jean Colland, of Tofield, is visiting with her aunt, Mrs. H. Steele.

Tuesday evening of this week, a shower was held in the school in honor Miss Olive Davis and Mr. Reg Gray, whose wedding takes place Wednesday, August 9th. The evening was enjoyed by all present, dancing being the main entertainment. Lunch was served after which Mr. H. Gray spoke a few brief words and asked Reg and Olive to accept the gifts from them. Each replied valiantly and all joined in singing "For They Are Jolly Good Fellows."

Mrs. [illegible] of Edmonton, is visiting in the district.

Miss Grace Gunn has returned to her duties in the General hospital after spending three weeks at home.

I Believe in Democracy

I believe that everyone should have the right to do his own thinking.

I believe that all our energy and material resources should be employed or conserved, to the best possible benefit of human welfare.

I believe that small groups should not be given the right to monopolize natural wealth and so deny the right of others to earn a living.

I have drawn up plans which will make possible a better Canada. I need life for all Canadians.

I believe that in the highest developed democracy the people join together to get things done; to produce what is necessary for human welfare and to render public service through elected representatives.

I AM THE COOPERATIVE COMMONWEALTH FEDERATION

You can help make this a better place to live in by voting for your C.C.F. candidate.

MAY WE SUGGEST THAT—

You Check Over Your . . .

Brakes, Tractors, Separators and other Machinery

NOW, and have them put in first-class shape to handle the approach heavy crop.

We are equipped to handle any work necessary to put your machines in good running order, thus avoiding delays during the busy harvest season.

If It's . . .

Blacksmithing, Welding or Machining

we do the complete job on the premises. No need of taking your work two or three places to have the job finished.

Two Sides of the Story

Alberta's Social Services

Edmonton Bulletin
(July 28, 1944)

The province of Alberta, under the Manning Social Credit Government, has achieved leadership in social services. No other province approaches the Social Credit record of Alberta in a practical and effective way.

In the field of workers' allowances, grants in 1935 amounted to $697,000, or $3.20 per cent; were paid in municipalities. Grants in 1943 have increased to $995,000 of which $5 per cent is charged to municipalities. Deserted mothers are now included in the grants.

Alberta leads all of Canada in old age pensions. This province is the only one in the province of economic security for those who have devoted their best years of their lives to the development of the country.

As of March, 1943, old age pensioners in Alberta were receiving $20 per month, 15 per cent of which was paid by the province, 35 per cent by the municipalities and 50 per cent federally.

In March 1943, the Alberta Government increased that pension of its own volition to $30 per month, paying the extra $5 out of its own funds.

In August, 1943, a pension of $20 per month was granted by the province solely by the provinces, the municipalities and the federal treasury. Again the Manning Government added $5 to the monthly pension, bringing it to $30 per month. Alberta is the largest per capita contributor to the old age pension fund in Canada. The largest contributor to the Dominion Government pension is Ontario. Ontario Government pension is far below that of Alberta. Ontario is only starting at an age of 65.

Alberta's policy is regarded in child welfare is equally progressive and enlightened. There are no reformed schools in Alberta. Delinquent children are placed in carefully selected foster homes. The results are most satisfactory, as their homes are not institutions.

The establishment this year of a department of public welfare to coordinate all public welfare services, including child welfare, old age pensions and so forth, indicates the scope of the social plans of the Manning Government.

All this is accomplished fact, not theory nor promises. It is working and operating both on a highly developed social and economic basis.

What need is there to call in a group of political experimenters who are already finding it impossible, in Saskatchewan, to meet the costs of their theories other only a few months in office?

Here is a set of solid established facts which the voters of Alberta will consider, calmly and carefully on August 8th.

Alberta Election Issue

Excerpts from "The Issues in the Alberta Election" by Elmer E. Roper, C.C.F. Provincial Leader.

The issue facing the people of Alberta on they cast their ballot in the coming provincial election is very clear cut. It is, "Will the people of Alberta be content with the progressive people of the other provinces, or will they continue to be an isolated backwash while the progressive voters of the rest of Canada go forward in efforts control over the affairs of their nation."

I do not want to even give the impression of attacking the Government just for the sake of attacking it. I'll merely say this: "The only claim this government can make to being a good government is that it has done some things which the people approve. But I want to ask this: Do you think for a minute the C.C.F. government could not do many of the worthwhile things the present government has done? There is very necessary in one case. While giving its support to some increased health services inaugurated by the present Government, a C.C.F. government would go much further in this respect than the present government has gone.

So, the issue does not hang on who will give the best social services. The people of Alberta know that the C.C.F. is in the vanguard of all other parties in advocating progressive social services, and especially free health services.

But that isn't all. The C.C.F. program can be carried out in the provincial field; and accomplished in the main fields together, but completely enough to change the whole economic position of the province. And with a C.C.F. government in Ottawa the whole C.C.F. program can be carried through in the province.

The C.C.F. means a complete change from the system we have had in the past. But the reply I have received is that we are now living in a changed world, and changed conditions.

The C.C.F. government can give the people of the province a complete health service. It can do away with the "pay as you go" system. In the year 1943 there were twenty municipalities in the province that defaulted and refused pay revenues of this province which were diverted to their stockholders in the profits and depreciation reserves the case of seven utilities defunct. The net saving to the province from the above all and gas reserves in the same year was $1,000,000 which would have increased deficit. A C.C.F. government will reverse this picture. The profits now made by the utilities companies which are exploiting our resources will come to the people, in the reduction of taxes and to provide better health and other social services.

Through your C.C.F. government you can give yourself free health service. You can do away with the pay as you go system.

You can give yourself free health service. You can do away with the pay as you go system.

Those who may be fortunate enough this year to harvest a crabbing money crop should plan to keep it in a safe place and not spend it. Many of the returned men are still farmers and on the farm.

Those who hope that the next crop will be better than the present one should make every effort to conserve the present crop. The prospects for the worst is usual promise to be the best. Conservation is the field to be most useful in the coming months. Every effort should be made to see that no seeds are made than being sold, in a profited by past experience to the good years, ample reserves of food against all happen.

Those who may be fortunate enough this year to harvest a crabbing money crop should plan to keep it in a safe place and not spend it. Many of the returned men are still farmers and on the farm.

Government Appeals For Harvest Help

Arthur MacNamara, Director of National Selective Service, has made an urgent appeal by letter to all employers in Ontario, Quebec, and the Maritimes to grant all employees temporary leave of absence for such as local farms whenever it is possible to spare them. Also, Ontario employers are urged to release men who can be spared from Aleo, Ontario employers are urged to release men who can be spared, to go to the Prairies for harvesting there later on under the Dominion to meet transfer plan.

It is felt that the luggage and pulpwood industries are those producers may be called best position because of the summer camp season so long giving opportunities to release a large number of workers for the vital job of harvesting farm crops so that a general appeal to entire summer wards rule has also been made. Fruit, vegetables, and other farm products must be saved by harvesting when they are ripened.

The appeal for emergency harvest help is of itself to be ended to employers in the Western provinces as the time comes harvest season approaches.

A couple of dollars spent in advertising your horse or sports for in the Record columns will pay dividends.

BLACK CROWN

"CKCA Radio Theatre Presents"

That simple token is heard every Sunday afternoon at 4.30 o'clock and is greeted in all kind and cordial a half-hour of fine dramatic entertainment. Each presentation is complete in itself; starts and ends and is written and produced locally. You've undoubtedly heard and acclaimed various works of the "CKCA Players"—one of which was the popular "Wyndham Goldsmith" production. Now under the title of CJCA Radio Theatre, the high ground of public service offers the same excellent entertainment in short half-hour broadcasts. Be sure to tune in and listen to the last bar. Listen next Sunday at 4 p.m. "CKCA Radio Theatre Presentation."

• • •

"Tempo Without Words" is the title of the new series of musical re-"Romance and Melody" in the 15.35 to 15.50 period Sunday evenings.

• • •

In case you've been wondering what's happened to "Capital Theatre Night"—originally heard at 20.15 Monday, Wednesday and Friday evenings—you'll now hear this to all.

Saturday little show two nights a week: Tuesday at 7.15 and Thursday at 8.45.

Clover Bar Friends Present Newlyweds With Beautiful Gifts

Congratulations were the order of the evening on July 28th when a large eighty district friends gathered to welcome the newly-weds, Mr. and Mrs. Ivan Lindsay, to their new home.

Mr. Fred Jackson, a friend and advisor of Mr. Lindsay's since schoolday days and the honor of being called upon to present beautiful gifts on either the same occasion entertainment in short half-hour broadcasts. Be sure to tune in and listen to the last bar. Listen next Sunday at 4 p.m. "CKCA Radio Theatre Presentation."

The Record Files

Out of the Past

Wednesday, August 5th, 1931

The Council of the Municipal District of Clover Bar held a regular meeting on Saturday last. An application was made to the Department of Public Works, by the council for seven new bridges in the district.

On Monday afternoon and evening, this district was the scene of a long and severe thunder and electrical storm, beginning with a high wind, and rain. Some heavy crops are flattened down in spots, otherwise very little damage was done.

At a meeting of the Fort Saskatchewan School Board, August 3rd, Mr. J. Cameron was given the job of Caretaking the school, and Mrs. F. Stanley received the contract for the carpenter work on the school.

R. Hilsdell ordered the first car of tubes in the Post.

C. Ashton takes over the duties of agent at the Post elevator.

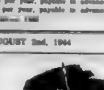
Do Not Fail to Vote



A WEEKLY EDITOR LOOKS AT
Ottawa
Written specially for the weekly newspapers of Canada

Voters in Clover Bar Constituency in the Provincial general election August 8th, will decide between "NEW" and "Social Credit" candidates to represent them in the next Alberta legislature Other political parties failing to field candidates, leave the field to a straight C.C.F.—Social Credit affair, as far as this constituency goes

During the past two weeks, voters have had ample time to decide who they are going to vote for Radio and press have given much time and space to the to the platforms of the two parties.

It has been said that a number of voters (possibly Independents, Conservatives, Liberals, etc.) who have no candidates in the field would not exercise their franchise and vote for either of the two candidates.

This is either ignorance or pure sportsmanship. In the platforms of the candidates running in this constituency there must be a sufficient number of good points to warrant a vote from practically every unelected portion.

Do not fail to cast your vote on August 8th.

Because of the existence of an adequate pool of trained pilots, surplus to the requirements of Canada's air forces until October 1, now announced recently by Air Minister Power It was pointed out that this will not affect the output of aircrews for approximately a year. Because of this reserve, pilot training courses at service flying training schools, will be lengthened by eight weeks, and only those best qualified will be allowed to continue training as pilots All categories of air crew will now have the same opportunity to earn commissions. It is likely that these regulations will result in the schools turning out the best training pilots in history.

• • •

To build or not to build, that is the question—which was discussed recently in the House of Commons by the parliamentarians assistant to the minister of munitions and supply. He gave several reasons for deferring construction of homes except where it is essential in order to meet housing requirements. The advantages of limited postponement of building will supply a backlog of construction materials for post-war employment, and the war. Another is that materials available at present may be used in many substitutions or alternative materials. The demand for lumber for war purposes has not shrunken. Canada's increased shell program calls for more steel, while production of brick, tile and concrete blocks is well below normal and supply of labor for construction will be far above the demand. In most cases, too, plumbing supplies are in short supply.

• • •

There seems to be much controversy in the minds of many concerning the growing marketing of cooperative milk. The policy employed by the Prince Board, it is explained, is to obtain it on "restricted areas where there are adequate supplies of fresh milk for do not require requests to buy evaporated milk if you live in the Maritime Provinces Gaspe Peninsula, Northern Quebec any area of the British and Alaska recorded and on the Manitoba, or in the rural areas in Manitoba, Saskatchewan, Alberta or B.C. The larger census data, was 306,000 and persons living within a radius of 15 miles of the cities come under the ration regulations. In the case of Winnipeg the "restricted area basis" in all territory within 25 miles. Ration coupons in the restricted areas are issued only to children under two years of age, to persons having a doctor's certificate saying it is necessary for their diet, and to a few others to whom the ration quality is absolutely essential.

• • •

A preliminary survey shows that Canadian tobacco growers have about 96,000 acres planted to all types of tobacco in 1944, an increase of 54.3 per cent over the previous year and just below the 97,300 acres planted in 1939, the year of peak production in Canada.

• • •

The Bureau of Statistics reports that Canada's population last year, including members of the armed forces, was 11,812,000 or an increase of 150,000 over the previous year. The estimate is based on a count of the births and deaths recorded and on counts of the first three ration books issued The increase since 1941, the census date, was 306,000

SHUR-GAIN News OF THE WEEK

CULL OUT POOR LAYERS NOW!

This is no time to keep boarders, cull your whole flock and get rid of the poor layers and boarders. Poor producers are a constant drain on the profits of every flock, to cull the boarders and layers is the best paid advice you'll get this year. If the flock's culled right, you'll have a better flock and a better chance of a source of big profits. There is a big demand for eggs and poultry meat and there's a big shortage of feed. Get rid of the boarders now for feed.

Culling is a simple matter. Just remember that poor layers are poor feeders, poor growers, poor producers. Poor layers are poor feeders, poor growers, poor producers. Poor layers are poor feeders, poor growers, poor producers. Poor layers are poor feeders, poor growers, poor producers.

Weddings

STAMBAUGH-UNDERSCHULTS

Pulpit and choir loft of Jasper-Place church were banked with summer flowers for the marriage, Saturday, of Miss Dorothy Underschultz, daughter of Mr. and Mrs. A. Underschultz, of Fort Saskatchewan, and Flying Officer Donald Charles Stambaugh, R.C.A.F., son of Mr. and Mrs. J. W. Stambaugh, of Bronx Bay. Mr. J. Krieger performed the ceremony.

Entering for the ceremony on her father's arm, the bride wore a lovegraph gown of net embroidered in gold and made with a fitted bosque basque. Her veil of embroidered tulle was worn with sweetheart headdress, and she wore long lace mitts and carried American beauty roses in a shower bouquet.

Miss Thelma Wagner, a cousin of the bride and her only attendant, wore a gown of lily-white silk jersey, fashioned in style with short-sleeved bolero mitts and small Dutch cap of white lace. She carried pink roses and sweet peas.

Cpl. Charles Nolan, R.C.A.F., a friend of the bride, was soloist. He was accompanied by Mrs. Edward Nolan, pianist. After the ceremony and the newlyweds left for Sydney, N.S., where the groom is stationed at present.

GUNN-VAN DEELEN

In the chapel of St. Stephen's college Saturday, Rev. D. C. Rooney solemnized the marriage of Nellie Adelaide, eldest daughter of Mrs. A. Van Deelen, and the late Mr. Van Deelen to Mr. David Gunn, son of Mr. and Mrs. D. Gunn, all of Edmonton. Baskets of multi-colored garden flowers were used for decoration in the church.

The bride was given in marriage by her brother, LAC. Albert Van Deelen, of Lethbridge. With a two-piece ensemble in navy blue and pale blue tulle she wore a pale blue straw hat trimmed with netting and corsage of red roses.

Attending her sister-in-law, Mrs. A. Van Deelen wore a summer frock in floral silk jersey, a shy hat trimmed in mauve flowers, and corsage of pink roses.

Best man was Mr. George Gunn, brother of the groom, and the ushers were Miss Kathleen and Miss Gwen Gunn, sister and cousin of the groom. Wedding march was played by Miss Wilma Van Deelen, the bride's sister.

For the reception to 60 guests at Ainslie Manuels hall Mrs. Van Deelen wore a two-piece beige tailored ensemble, brown accessories and corsage of sweetheart roses. Mrs. Gunn was in Queen's blue, with black hat and corsage of sweetheart roses. Mr. Rooney proposed the toast to the bride.

The reception table was decorated with pastel shades of garden flowers and centred with a three tiered wedding cake.

Leaving on a two weeks' trip to the Pacific coast, the bride wore a green figured frock with grey accessories and accessories.

On their return the newlyweds will make their home in Edmonton.

DAVID ROBERTS
Clover Bar Constituency

A BETTER BREAK FOR AGRICULTURE

The total revenue of the province in the year 1942-43 was $97,561,197.97.

The amount spent by the Department of Agriculture was $561,960, or less than 2 cents out of each dollar collected!

This is too small a proportion of the provincial income to be spent on the basic industry of the province. A C.C.F. government will extend farm services in keeping with the needs of agriculture, and in proportion to the provincial revenue.

Vote 1 for Roberts

Social Credit Wins Alberta Election

Social Credit candidates in nearly every riding in the province rode triumphantly over all other issues in Alberta's general election Tuesday. At 3.45 p.m. Wednesday 44 Social Credit candidates were elected and the returns began to trickle in from 9 Greater Edmonton ridings. Meaning will have at least 60 seats in the next legislature.

In Clover Bar riding Floyd M. Baker, M.L.A., Social Credit, was victorious over David Roberts, C.C.F. The unofficial standing shows: Baker, 2566; Roberts 1656.

In the "home town," Fort Saskatchewan, Floyd Baker rolled up 177 votes; while Dave Roberts got 126.

Mr. Baker will represent Clover Bar Constituency in the Alberta Legislature for the third time.

While Alberta citizens went to the polls Tuesday, Quebec people were also casting their votes, after one of the hottest campaigns in years.

Union Nationale Party headed by Maurice Duplessis needs one more candidate to give him a clear majority in the Quebec Legislature. Standing of the parties at press time are Union Nationale 46; Liberal 39; Bloc Populaire 4; C.C.F. 1; National 1;Two seats not decided.

Ukrainian Harvester Wye Girls Now Operated By Ivan Tinkess

Mr. Ivan Tinkess, of Colinton, Alberta, customer in the tower, that he has taken over the International Harvester at Fort Saskatchewan, formerly operated by J. B. Graf.

Coming to the Fort with many years experience in the farm machinery line, Mr. Tinkess will be in a position to advise district farmers on their machinery problems.

A complete line of McCormick Deering repairs will be on hand as available New machinery will also make an appearance from time to time, as International facilities allow us more work, return to peace production.

Mr and Mrs. Tinkess have taken up residence in the Williamson Block and Billie, Lyle Wingrove; Glen Stannard.

U.S. Weather Balloon Found By Mrs. L. Sandquist

Mrs. L. Sandquist, living South-West of the Fort, reported finding a U. S. Air Ballon in excellent condition on their farm Friday morning. Immediately Mrs. Sandquist asked the finder to return the apparatus to Edmonton Observatory.

This is the third months of its kind to be reported found in the district, the first and the fourth reported landed by U.S. officials, so anyone finding a strange looking box, with small parachute attached, are asked to co-operate by returning same to address on the container.
